

The First Heir Chapter 3161

Chapter 3161

At this point, anyone could tell that something was wrong, but the problem was that this person could take down two mechas single-handedly.

People like them were hardly a match for him.

Pointing a gun at Philip, Leopard asked, "Did you do this?"

Philip raised his eyebrows and said with a chuckle, "Of course, who else?"

However, although Leopard was holding a gun in his hand, he said with a smile on his face, "Buddy, since you're so strong, why don't we work together? We can organize a battle between man and mecha. It's guaranteed to make a profit!"

Everyone's expressions changed upon hearing Leopard's suggestion!

They also put away their guns.

Philip smiled lightly and said, "Sounds good!"

Hearing that, Leopard was full of smiles with a hint of smugness. However, Philip's next words made his face go dark.

"But why should I work with you? Are you worthy?"

Leopard sneered and said, "Fine, you have guts. But let's see if your guts are tougher than my gun!"

Before he finished speaking, however, Philip put his arm around Leopard's neck!

Philip's other hand promptly grabbed the gun in Leopard's hand, which he pressed against Leopard's head.

Playing with guns?

Philip was the master of guns!

“Who do you think is tougher now?” Philip said coldly.

Seeing Leopard in danger, all the guns that had been lowered were aimed at Philip again. Philip snorted coldly and fired at the underlings.

Bang, bang, bang!

After three gunshots, the guns in the punks’ hands were shot down.

“Buddy, cool down! Keep calm!” Leopard was in a panic now. When the gun in Philip’s hand fired just now, he was scared and trembled all over.

“Don’t call me buddy! You’re not worthy!”

Philip threw Leopard out violently and aimed the gun at him!

“I’m letting you go to tell you that the toys in your hands are useless in front of me!”

Philip threw the gun at Leopard’s face and was about to walk away when a punk fired at him!

However, this shot did not hit Philip. Everyone just saw a blur before their eyes before Philip appeared in front of the punk who fired at him. Philip grabbed the punk’s hair, pulled his head down, and jerked his knee up.

Thump!

After a muffled sound, the punk fell to the ground with blood all over his face.

Silence!

The whole arena was silent!

Too strong!

This was beyond their comprehension.

When did such a freak appear on the lower floors?

Where did he come from?

“Don’t mess with me again!”

With that said, Philip left the underground mecha arena. He did not know that Leopard was still shaking with fear after he left.

When Emily saw Philip, the anxious look on her face was immediately replaced by surprise.

“You returned just like this?” Emily looked at Philip all over.

Philip smiled lightly and said, “How else should I return?”

Emily circled Philip several times before she said, “Leopard is a five-star mecha master, and he’s notorious for his ruthlessness. How could he let you go so easily? It’s too weird!”
