#### Vol 1: Ch 10 - Vin, Xue, and Rei in the same place

After Xue left, Vin was left dumbfounded and very surprised by Xue's boldness. He still feels the body and lips of Xue's and still not recovered from it because he still feels it. He almost lost and blow his cover from pretending to be asleep. He still not believing what he witnesses because he taught Xue is the same personality as Rei but he was wrong. Vin still lying on his bed and dazed but then stops when his phone vibrates. He got it from his pocket and unlocks his phone. He notices the phone is not registered from his contact but still opens it then read because he knows who is it.

#### Content of Message

"Ah Vin, sorry for my late reply. This is Rei, my other phone can't send messages anymore so I use this number to reply to your message a while ago. Yes, I'm okay with 4 pm. C Snack-bar and Coffee Shop right, in front of C Azure Residences, right? Okay, I will look for it since I'm at the lobby of C Azure Residences when you send me your message. I left already since I forgot something because I still have two hours left and I'm going to eat my lunch before I forgot it again, ha, ha. See you and we will meet at exactly 4 pm, Vin."

"Rei" Called her name and then searching the message by Xue but already deleted it even in the sent message.

"Xue, is this really who you are?" then got up without changing and follow where Xue's going, he never realized that he still has plenty of time before 4 pm, if he left 1 hour before 4, there's a big chance that he will meet Rei in front of his unit since Rei was putting something to Xue's unit.

Xue arrives at C Snack-bar and Coffee Shop.

"Reservation for Mr. Vin"

"Yes Ma'am but for now we still accept the customer since Mr. Vin's booking starts at 4 pm."

"It's alright and I know" she knows since she's the one booking the entire shop as a function hall and reserve for Vin. Then instruct the staff "15 minutes before 4 pm, please let the customer leave, tell your Manager that I will pay the charges and their bills."

"Yes, Ma'am" the staff just agreed and failed to recognized her and failed to notice her smell.

After instructing the staff, Xue seated at the corner and wait for the time to meet whoever he or she is. Meanwhile, Vin arrived and ask the same staff.

"Is there a reservation for Ms. Meng?"

"No, Sir."

"How about Ms. Xue?"

"No, Sir"

"Ms. Din?"

"No, Sir."

"Ms. Rei?"

"No, Sir."

'What name she reserves that she can lure Rei?' then tried using his family name first.

"How about the reservation for Mr. Ro?"

"No, Sir"

"Mr. Vin?" asks it doubtfully.

"Yes, Sir we have a reservation for Mr. Vin at 4 pm. One of the lady guest already here."

After he knows that his name is the name used for the reservation, he feels slightly happy since Rei didn't decline after knowing the reservation name.

'It must be Xue' "Where is she?"

The staff pointing where the lady is and again the staff failed to recognize him, Vin followed where the staff pointing at but he didn't approach where Xue seated instead he seated near where she seats in order to observe and eavesdrop on what's their conversation would be. He observes the lady well.

Xue didn't notice Vin when she called one of the staff and ordered sweets and drinks. By doing that, Vin wonders what's the real identity of her and her background since she did it normally. They waited for almost two hours.

Thirty minutes before 4 pm, Rei already standing outside the premises and just waiting for 4 pm to come because she got informed through the message that she gets inside at exactly 4 pm, she just arrived from Xue's Unit hence she's putting something outside the door of her unit. Vin and Xue didn't notice that Rei already outside of the shop. 15 minutes after, all the customers get instructs by the management to leave except for a guest of Mr. Vin.

Vin got confused about why did the management's acting like that meanwhile Rei have an idea of what's the situation but then oppose herself.

'It must be Xue's doing since she's capable doing of this, but wait she doesn't know Vin personally, right? I mean she knows him but they're not close enough because Xue doesn't like him, right?'

At exactly 4 pm, all the customers already left, the management put a sign close, inside the shop are Xue and Vin. Rei confuses if she's going in or not but then tried since she got informed to get in at exactly 4 pm. She approached the entrance door, the male staff going to stop her but then Rei got him first.

"Uhm, is their reservation name for Mr. Vin at exactly 4 pm?"

The male staff that's planning to stop her got embarrassed but then replied to her.

"Yes, Ma'am. They already here and now they are waiting inside."

'They?' but didn't ask who are they.

"Where?"

"Follow me, Ma'am"

"Okay"
