

My First and Last Man

Vol 1: Ch 11 - Rei and Xue

Rei following the staff without noticing Vin in the hidden corner. The staff stopped then said to her "another guest for Mr. Vin is here".

Xue heard the staff, nodded as if she acknowledges that Rei is Vin's guest, and then facing them since she's looking in another location. Rei recognized her right away and excited to meet her again after graduation that very obvious from her greetings to her.

"Woah, Xue, it's been a long time since graduation day. By the way, you're Mom is really worried about..." She cut off herself and realized something "wait, why you are here? I'm going to meet up with Vin here. And I taught you hated Vin but the staff informs you that another guest of Vin is here. Don't tell me your that guest and the two of you become close to each other after graduation, am I right?"

Xue just listening to her and still can't believe that the one standing in front of her is Rei, the so-called best friend with her has now become an elegant lady and more beautiful than before because Rei is a chubby girl during High School even in her tertiary level she's still a chubby girl but now this refine beautiful lady is Rei, well she knows already that she's pretty but she still can't believe that this is the new Rei, then after listening to her voice she still the Rei she knows but on the other hand, she's only a fake friend in front of her but well she just did it because she was in love with Vin for many years compared to this lady in front of her since she only admired Vin and nothing else.

Vin on the other end must more surprise than Xue because it's his first time meeting Rei again. He even witnessed the staff and other male employees that are always stealing glances at her and it causes his heart to throb but he doesn't want other guys to look at her. If he's not hiding he will call her to confirm what he saw and glared at the male staff but he can't dare to do it because Rei is not his woman, so he doesn't any claims to her.

After her greetings to her, Xue praising her sarcastically without minding that Rei is her best friend or if she didn't treat her as her friend, then at least she shows manners to her as a person.

"Good, good, and I didn't utter a word but you get it right away." Then look at the staff "go now and don't let others come in especially a guy who will say his Vin."

"Vin, but is..."

He didn't finish because Xue interrupted him. "Yes, the booking is for Vin but I'm the one who books that one in order to lure this b.... here"

"Ma'am...." the staff going to retaliate at her but Rei stops him.

"It's alright now; you can go now and do what..." Rei was going to say my friend but she was not sure if Xue will be alright with it since she heard her calling her a b-i-t-c-h that she doesn't know of what she did since she called her that one, with that instead of a friend she just said to the staff "do what she instructs to you."

"Y... yes Ma'am" stuttered and was stoned by her beauty but then he left.

After the staff left, the surroundings became awkward but then Xue speaks first in order to get rid of her right away.

"I'm the one who gives you a message instead of Vin and I'm the one who changes the time"

Rei already guessed why but she didn't utter a word because she might guess it wrong but then Xue admitted it without even waiting for her to ask her.

"Why you didn't speak? Or are you disappointed to see me because it's me and not Vin? I think you were excited to meet Vin, am I right?"

Rei just questioning her back and not answering her query "what happened to you Xue and why are you behaving like that? You're not the Xue I know anymore."

"You? You're asking me what happened to me. To tell you the truth, it's because of you why I become like this. All these years since the 4th year of High School, I always love Vin and you're the one who's messing with me. I stop contacting you and even blocking you but what just happened, by mentioning you, I and Vin become closer to each other, I lied and lied by using your name but I never contacted you, do you know why? It's because I don't want you to have a happy ending and end up with Vin."

"Xue you got it wrong. Vin doesn't have any feelings for me like that, he only treats me as her friend."

"Naive, you're too smart but how come you didn't realize it? Well never mind since it's too late for you because we're expecting a baby now so don't ever dare to interfere with me and Vin or be a homewrecker to our family."

"Baby? So the reason you're hiding is that you're pregnant?"

"Go ahead tell my parents that I'm pregnant. This is you being a nice and kind person after all but in the other end you're just a b-i-t-c-h.... and s-l-u-t"

Rei suddenly realized something and said to her "honestly Xue, I know why you become like this, so I understand it and will never hate you for what you did. To begin with, I just realized it earlier, when the day when you said to me that you're hated a man like Vin and he is not for your love interest, I must realize that day, that it was the opposite but yet I just believe of what you said.

You left many clues, after all, the day you become my friend because I'm close with Vin; the day you become upset and angry when I share to you that I have a crush on Vin; the day when I and Vin were talking happily and suddenly you appeared; then during our graduation that time you didn't even ask me to take a picture with me but when Vin appeared, you also appeared and decide to take a picture with me. You also went to the same school as Vin in your tertiary even you can choose the school whatever you like since you can afford it without worrying about the cost. And when Vin in a relationship, an anonymous post and a message about Vin and his girlfriend appeared in my SNS account. Every time when there is Vin involved, you always appeared at the same time. I must realize it earlier, it's my fault and failure to be your friend Xue, and so I'm sorry for not realizing it earlier."

Vin and Xue both shocked and surprised because Rei notices it all but wondered why Rei didn't utter a single word but then know why because Rei explained it right away.

"I know all of it but I didn't utter a single word because I thought you will admit it someday but I'm wrong and it's my fault."

"Then why you didn't stop me?"

"I don't know Xue."

"See! You didn't stop me because you want me to become like this and maybe you're hoping that I will get busted by Vin so that he becomes yours."

"That's not it and I told you that Vin only sees me as a friend."

"If he sees you as a friend then what about you, do you see Vin as your friend only?"

Vin gulp because he doesn't know what Rei's answer going to be and that's the reason why he wants to talk to her personally.
