

## My First and Last Man

### Vol 1: Ch 2 - A very huge misunderstanding

Rei reread it again and again. So after reading it again and again she replied to him with her surprising feelings that it really shows from her chat with him.

"Eh...eh.....wait, wait! What do you mean by that Vin?"

"Rei, don't be so dumb now and act like dumb because you're not. You're a very smart woman and I know that you know and aware of what I mean that one and especially you know why you asked me that one."

"What I mean of that one? To be honest, I don't understand you, Vin."

Sighing before replying to her back even though she can't see that his sighing after reading her message.

"Okay, I know that you are really shy and pretending to be dumb but then I understand it since you must be embarrassed from what you ask from me but then since you're pretending now then I need to remind you that you're asking me a while ago that you wondered why we are only just a friend, so I'm telling you and replying to you that sorry because I only think of you as my friend and nothing else more than that. So do you understand now?"

She replied right away after reading it "Wait, wait, wait, I think you really misunderstood me Vin and you didn't notice my first sentence that it's not what you think but then you really misunderstood me Vin and that's not what I mean, really. I don't know if you believe me or not but that's not what I mean of what you think, really."

Reading that message from her, he reviewed the first message from her again and again then realized that he didn't notice it but due to the fact that his ego and pride got a touch, he didn't agree instead he insists on his opinion "yeah I know but asking that one and knowing you, you simply said it because you want us to become a couple so, in order to be noticed from me and to avoid hurt and pain, you asked that one from me. I'm only stating the fact that we were just a friend and only a friend, you got it?"

Again Rei got speechless because of him 'geez, how did it become like this? If I really can retract the time then I won't ask that one in order to prolong this conversation.' Then she suddenly realized after reminding herself 'ah, that's right. Geez, Rei you are really an idiot, a big idiot. Why did you ask that one? When I know that it will only lead to a big misunderstanding, idiot and a big idiot. Now, Vin really misunderstood you, so what are you going to do now?'

"Rei, are you still there? Are you okay? Sorry"

Ting.....a new message pop up and Rei stop from what she's doing (by thinking back on what she message to him and scolding herself)

"Ah, yes I'm still there. And I'm fine; don't be sorry it's my mistake. By the way, let me rephrase it of what I ask instead of that one, so what I really want to know and I wondered is this one, how did we become a friend?" Rei rephrases it again and without realizing that this one is more getting confusing and that led to a very huge misunderstanding between them.

"No need to correct it Rei, even you will rephrasing it, again and again, my answered is still a big NO and you're just a friend to me"

'What's wrong with him?' but instead of that, she replied to him and without knowing that she input another one due to being upset and mad. Rei is having a hot-tempered personality at all but it will only release if she got provoke first.

"Yeah, I admit it Vin, and yes I have a crush on you during our 2nd year of high school but only during that time, I mean we already both graduated in our tertiary and we already have a different job. It's been many years since then, don't you think I still lingered my crush on you until now? You must be dreaming if you keep thinking that one"
