The lady helps and assists him by putting his arm to her shoulder then both of them already outside of the bar. Vin still conscious but failed to recognize her because he was too drunk to tell who is it.

"Let's go to my home Rei, this is my car key."

"Okay" simply agreed and accept the key but her lips moved slowly then smirk like an idiot.

'Ha, ha, ha Rei, this man will be mine and only mine. Don't interrupt us anymore and I will make sure that he will be tied by me, so you don't have a chance anymore. It's your fault for not meeting him, so don't blame me for what I did because you're the one who abandoned him first and not me.'

The lady presses the button of the key and looking around at the parking area then notices the headlight of the car blinking. She instructs the valet to drive the car at the entrance and help him carry the drunken man. She drives right away but instead of going to his home, she stops when she notices a nearby hotel. She gets out first, enters the hotel, and book a room for a night. After booking, she asks an assistant from the Hotel Staff.

"Excuse me, Sir!"

"Yes, what is it Madam and how can I help you?"

"My husband is really drunk and I can't carry him, so can you assist me by carrying him to our room?"

"Yes Madam, and no problem"

"Thanks"

The Hotel Staff assist her without hesitating and guiding them to their room. They put the drunken man first on the bed and then the lady says thanks to him again. After making sure the staff is already gone, she locked the door right away and looking the room around.

"Not bad"

She gets something from her bag then called the receptionist and asks for service water. A moment then, a glass of water arrived.

"This is it and no back out Xue. You can do it and claim Vin right away so that Rei will never and won't interfering with you again." She put the drugs right away into the glass and then said to Vin.

"Vin, drink the water first. This time, you really drunk and you exceed your alcohol tolerance."

Got up while groaning "Mmmm" then drink the water that given by her and Xue smirking right away when Vin already drink all of it. After a couple of minutes, Vin suddenly gets aroused, feeling hot all of sudden, and said to her.

"You know what I mean Rei"

"B----but" got cut off because Vin becomes a wild beast right away and attack her.

Back to Rei

After signing out, Rei suddenly realized. 'Wait; by this action of mine is it Heartbreak? Ha, ha, ha, Heartbreak without even dating? Nah, no need to concern Vin but then Vin is my friend. Am I a heartless one?' Rei looking at the wall clock again and again then realized. 'Oh My Gosh, got to take a bath now or else I will be late again. And I will be signing again if I have time.'

Rei takes a bath right away, eats her breakfast, brushing her teeth, and says goodbye to her mother for off to work.

"Ma, I'm going now"

"Go ahead Rei and be careful"

"I know" then kiss her mother's cheek. "You too, Ma, be careful." then left.

"You've become a refined lady now Rei and prettier than before. I'm sure both El and Mei will surprise after seeing the new you when they come back"

She had worked before with her mother but just to assist her mother and in order to protect her Mother and witness that her mother is safe and not in danger. The moment her mother retired from work, Rei automatically resigned from her work and applied to another company and that company is the new working place of her. Her previous work pay is very low but it doesn't matter to her since her purpose is to support and assist her mother after all. What matters to Rei the most is the safety of her mother rather than the money.

Rei works from 8 am to 5 pm on weekdays and Saturday is from 8 am to 12 pm. Since the day she ends the chat between her and Vin, Rei becomes more very busy and that's the reason why she didn't sign in since that day and not to avoid him but rather because she doesn't have free time to open and signing in because she's too busy.

Back to Xue and Vin

Early morning, Vin wakes up from a headache and massages his head by using his right hand.

"I'm really drinking at my limit. Last night what did I do?" Then notice someone beside him and hugging him.

"R----Rei?" Asked surprise while grabbing the blanket.

Slowly waking up and notice Vin. "Ah, you're awake now Vin."

Nodded then realized that both of them are full of bite marks.

"D----did we do it?"

"Uh-uh, I tried to stop you Vin but you didn't listen to me and you even called Rei name many times while doing it to me"

"Speaking of Rei, is she here last night I mean in the bar?"

Shaking her head "No, Rei didn't come last night and you even kiss me in the bar thinking that it's Rei."

"You're Rei's best friend, so did you try to call her?"

"Uh-uh, we still in contact but after I mention your name she suddenly hung up. Did something bad happen between you and Rei?"

"Nothing happened. By the way, since when did you last meet with Rei?"

"The last time we meet was during our High School Graduation and our contact is very seldom"

"So how did you contact her last night?"

Changing the topic "by the way, how about us, I mean what if I got pregnant?"

"T----- that I don't know but today just stay at my house and after a month let see a doctor then we will decide after knowing the result, okay?"

"O----okay"

"Let's get out of here now"

The two of them wear their clothes right away and Vin notices the body of her that full of marks and loves bites from him before realizing that the bed has blood on it.

"T----- That" pointing the blood on the bed

"Y-----yeah that's my first time doing it." 'Of course, I reserved it for you Vin'

"W----- when we did it? Did we use any protection?"

"We didn't because you're attacking me just like a wild beast and a monster Vin"

"That... I'm sorry Xue."

"It's alright Vin, it already happened so we can't get it back again"

"I just hope Rei will understand it and can forgive us since both of us are friends of her especially you Xue because you're her best friend after all."

"Y-----yeah" then suddenly smirking 'I don't care about Rei, as long as I have you, Vin, I'm willing to sacrifice my friendship to her than to lose you. Well, I befriend her because of you Vin because I know that Rei is very special to you.'
