

First Marriage, then love: wife, never divorce –

Chapter 20: Chapter 20 turned out to be the third brother

“Mom, hurry up and pass me my breakfast. I’m going to be late. ”

A young man ran in from outside the door and rushed to the dining table in a hurry. He stretched out his hand to take two egg rolls and two steamed buns and was about to leave.

“Ah Jun, look at you. You don’t have any rules at all. ”

Dongfang Mei glared at her son and then passed him a cup of fresh milk lovingly

“You only leave after drinking a cup of milk. How can eating only egg rolls and steamed buns be nutritious enough? ”

“Oh. ”

The young man called Ah Jun hurriedly put down the steamed bun in his hand and took the glass of milk. Just as he was about to drink it, he saw mu Ru. He was slightly stunned and immediately asked with a smile,

“You’re sister-in-law, right? What’s wrong with your face? ”

Mu Ru was still holding the porridge spoon in her hand. She lowered her head and did not make a sound. Dongfang Mei, on the other hand, took over the conversation and said to Mu Ru intimately,

“Mu Ru, this is ah Jun, my child. His full name is Dongfang Jun. he is the youngest among us. You can call him third brother. ”

Mu Ru did not understand why Dongfang Mei’s child had the surname Dongfang, nor did she understand why she had a child. Didn’t she say that she had never been married?

Although she was very confused, she still remembered Dongfang Mo’s words. She should not be curious about things that she should not know, so she immediately suppressed her curiosity.

Mu Ru looked up with a smile and looked at the handsome, Sunny Dongfang Jun. she nodded naturally

“So it’s third brother. I’m also in Binda. I’m a freshman. My name is Xi Muru. ”

“Wow, you’re Xi Muru? The city scholar? ”

Dongfang Jun shouted at once, then looked at her in confusion

“Are you really Xi Muru? Isn’t my sister-in-law Xi Muxue? ”

Mu Ru bit the corner of her lips lightly. Before she could say anything, Dongfang Mei, who was beside her, pulled Dongfang Jun’s hand and reprimanded him softly

“Ah Jun, you’re talking to your sister-in-law. Don’t be rude. If Mu ru is your sister-in-law, remember to call her sister-in-law in the future. ”

“But... ”

Dongfang Jun looked at Dongfang Mei and frowned. Then, he continued to ask,

“Mom, didn’t you say yesterday that brother Married Xi Muxue? ”

“Xi Muxue and I are twin sisters. ”

Mu Ru stood up to explain. Then, seeing that he was still standing there, she quickly asked again,

“Are you going to school now? ”

“Yes, I have to hurry. Otherwise, I’m afraid I’ll be late. ”

Dongfang Jun nodded. Then, he thought of something and asked,

“sister-in-law, you mean... ”

“Wait for me, I’ll go with you. ”

Mu Ru nodded and was about to go upstairs.

“sister-in-law, where are you going? ”

Dongfang Yu just happened to come down from upstairs. He had an elegant smile on his face and was wearing a white casual suit. He looked handsome and elegant, like a prince.

“To school. ”

Mu Ru answered in a bad mood. She thought of the illusion he gave her at the wedding yesterday and the rough and deceitful way he treated her last night. She still felt very uncomfortable.

“GOING TO SCHOOL? ”

Dongfang Yu could not help but laugh out loud. He came to Mu Ru’s side and warned her in a low voice,

“sister-in-law, don’t blame me for not reminding you. Big Brother’s temper is not as good as mine. You married him yesterday and are going to school today. Did you apply to him? Did he agree to it? ”

Chapter 21: Chapter 21: Don’t make me repeat myself for the third time

Mu Ru was slightly taken aback. Of course, she had not applied to Dongfang Mo. Moreover, Dongfang Mo was like a ghost. She did not even dare to breathe loudly when she saw him, so how would she dare to apply to him for school.

“second brother, Mu Ru is a student herself. It’s only right and proper for her to go to school. ”

Dongfang Jun, who was standing by the side, spoke up for the injustice

“What’s there to apply for? Mu Ru, ignore second brother. Come with me. ”

“Ah Jun, don’t blame me for not reminding you. She’s the eldest sister-in-law. Don’t call her mu ru every time. ”

Dongfang Yu’s voice had obviously turned cold. His face, which was originally wearing an elegant smile, had also turned gloomy. He was obviously displeased with Dongfang Jun calling mu ru by her name.

“Ah Jun, hurry up and go to school. Didn’t you say you were going to be late? ”

Dongfang Mei immediately called out to her son. At the same time, she also chided him

“Our Dongfang family is a big family. There are rules regarding the order. The eldest sister-in-law’s name is not called by you. Only your brother and I can call her that. You and Ah Yu have to call each other sister-in-law. ”

“got it. ”

Dongfang Jun replied unhappily. He put down the glass of milk he had finished and looked at mu ru sympathetically before he turned around and walked out of the door.

Mu Ru looked at Dongfang Yu who was staring at her from the stairs and glared at him. Then, she walked past him and quickly went upstairs.

Dongfang Yu shrugged and shook his head. He ignored her and went downstairs straight to the door. Dongfang Mei called out to him unhappily, "AH YU! "

"Ah Yu, aren't you going to eat breakfast? "

"No, I'm not. "

Dongfang Yu did not even turn his head. He walked straight out of the door and threw a sentence from afar

"I'm meeting Tang Lili for breakfast. "

Dongfang Mei let out a low, cold snort from behind him. This Dongfang Yu, a carefree young master who spent his days eating, drinking, gambling, and playing with women, what could he become If the Dongfang Corporation fell into his hands, it would be ruined sooner or later!

Mu Ru could not go to school and was not familiar with the Dongfang family. She returned to her room and took all the bedding that the devil had ruined last night to the bathroom to wash it clean. She dried it with a dryer and spread it on the bed again. This way, the brand new bedding would be restored.

By the time she was done with all this, it was already past three in the afternoon. She was tired and tired. She had not eaten lunch at noon and was exhausted. She did not even have the strength to go downstairs, so she fell into bed and quickly fell asleep again.

She slept so deeply that people would know when the door was pushed open and someone came in. It was not until her nose was pinched by someone and she opened her eyes when she could not breathe properly that Dongfang Mo's ghastly face appeared in her sight.

Mu Ru gritted her teeth tightly and did not let herself scream out in fear. However, it was precisely because of this that her expression was too nervous, which made Dongfang Mo very dissatisfied.

"Xi Muru, your father said that you're still a good girl. "

Dongfang Mo increased the volume of his voice and then snorted coldly

“Take off your clothes and let me check. ”

“What? ”

When Mu ru heard his words, she could not help but step back. However, she was still on the bed. Even if she stepped back, she still could not leave the bed.

“take off your clothes. I want to check if you’re an original! ”

Dongfang Mo’s voice rose a few decibels and then snorted coldly

“Don’t make me say it a third time! ”

Chapter 22: Chapter 22: Why shouldn’t she be a good girl

Mu Ru heard everything clearly. She looked at Dongfang Mo pitifully, then looked at the bright lights. Finally, she asked in a trembling voice, “can you... turn off the lights? ”

“Can... turn off the lights? ”

“xi-mu-ru! ”

Dongfang Mo finally couldn’t take it anymore and roared in a low voice. His wheelchair quickly turned to the side of the bed. He grabbed her arm and pulled her directly into his arms.

“I’ll take off... I’ll take off... ”

Mu Ru saw that he was opening his mouth again and was so scared that she immediately broke free from his arms. She rolled two times before rolling to the middle of the bed.

Looking at Dongfang Mo’s devil-like face and his ice-cold Gaze, she knew that she had no way out. In front of this devil, other than obeying him, she couldn’t resist him.

Finally, she gritted her teeth and used her trembling hands to undo her buttons. One by one, tears rolled down like broken beads. As she cried, she took off her pajamas.

“Don’t cry! ”

Dongfang Mo’s cold and harsh voice rang out

“If you don’t want to take it off, then forget it. Don’t make it seem like I’m forcing you. This kind of thing between husband and wife has always been consensual. If you don’t want to, then go back to the Xi family and get Xi Muxue to come and wait on me. ”

Xi Muru, who was originally covered in tears, gritted her teeth and forcefully stopped her tears. However, her hands still trembled uncontrollably. Fortunately, Dongfang Mo did not urge her to take it off faster.

Finally, five minutes later, she took off her coat and knelt on the bed timidly. She looked at Dongfang Mo but did not take any further action.

“Xi Muru, don’t tell me you think that your husband’s hands are as sharp as ice blades and have the ability to pierce through the fabric on your body? ”

Dongfang Mo’s cold voice was like the snow wind blowing on Tianshan, cold and piercing to the bone.

Dongfang Mo was very dissatisfied with her retreating. His ghost-like face was gloomy as he continued to tease her

“looking at you, could it be that you really are a good girl? ”

Of course she wasn’t a good girl, because she had been attacked by a stranger last night. Last night, she had been broken by that unknown demon, and that blood had also been shed last night.

However, she definitely couldn’t tell Dongfang mo about this, and she also couldn’t bring out any evidence to prove that she had been raped by the demon last night. Once this kind of thing was said, Dongfang Mo wouldn’t believe it. He would definitely think that she was making up a lie to deceive him.

Moreover, what right did Dongfang Mo have to say that she was not a good girl?

He did not catch her with another man Just based on the fact that there was no blood stain This was really nonsense!

Hence, she gritted her silver teeth and said coldly,

“Dongfang Mo, what right do you have to say that I’m not a good girl? ”

“Xi Muru, even a fool knows that there’s blood the first time, but you don’t. This is evidence. ”

Dongfang Mo’s voice was cold and cruel, not leaving her any face at all.

“Yes, it’s true that most women have blood the first time. ”

Mu Ru had already completely calmed down. She then looked at Dongfang Mo with a mocking gaze and said,

“However, I believe that Mr. Dongfang is also a scholar. He must have learned some physiological knowledge in the past. He should know that if there is an intense exercise, it might break, such as playing basketball or riding a bicycle. Could it be that because there is no blood, you are saying that she is not an original? ”

Dongfang Mo was slightly stunned. His deep gaze looked at the woman who had long forgotten to cover her body in order to deal with him. His expression sank. It seemed that he had indeed underestimated this woman.

“Then, you mean... ”

Dongfang Mo’s Gaze was obviously filled with mockery as he looked at the woman who was still curled up on the bed and staring at him vigilantly. He said mockingly,

“You didn’t have any blood because of these special reasons? ”

“Yes! ”

Mu Ru had already completely calmed down.

She would rather die than say that her blood was broken because if that happened, she would be sent back to the Xi family.

If she went back to the Xi family and asked Xi Muxue to come over, then her days would definitely be many times worse than her days at the Dongfang family.

This was because Xi Yuancheng would not let her off, and Xi muxue would not let her off either. Who knew what she would do to her.

“Alright, since you say you’re a good girl, then... ”

Dongfang Mo stopped here and looked at her meaningfully. Then, he turned his wheelchair and walked towards the door as he said coldly, “I’ll be your wife from now on. ”

“from now on, you can be my wife here. However, this is the path you chose. From now on, you can’t blame anyone else! ”

Mu Ru closed her eyes for a moment. She only opened them when she heard the sound of the door closing. Her heart was still pounding. That damned Dongfang Mo, that Disgusting Dongfang Mo. she had finally managed to muddle through this.

Chapter 23: Chapter 23: How is she beautiful

From now on, she would be Dongfang Mo's wife. Even though Dongfang Mo looked like a ghost, and even though he could only use his hands when he didn't have a man, but..

In the end, he was her husband, a man who would spend the rest of his life with her. She would never allow that kind of thing to happen in the future. From now on, she had to lock the doors and windows, and be a woman who followed the rules of womanhood.

With this thought in mind, mu ru quickly picked up her clothes and put them on. Then, she jumped out of bed and quickly ran to check the windows. After all the windows were locked, she ran to the door and locked it. When she felt that she was safe.. Only then did she feel at ease and climbed into bed to sleep.

It was indeed safe. She had a good night's sleep and did not have any interruptions. When she woke up in the morning, she was full of energy. Finally, she let out a long sigh of relief She thought that the first night must have been because she had been careless and did not close the doors and windows properly, allowing the people with ill intentions to take advantage of her.

She still ate breakfast with Dongfang Mo. perhaps after being tortured by Dongfang Mo last night, Mu Ru looked at Dongfang mo again and was no longer so afraid. However, she still felt a little afraid in her heart.

"today is returning to Ning. Bring 10 million back to report to the police. Tell them that I won't personally visit father-in-law. "

Dongfang Mo coldly handed a check to Xi Muru

"remember to come back early. "

"Big Brother, I'll help you send sister-in-law back. "

Dongfang Jun walked in from outside the door and happened to hear Dongfang Mo's words, so he volunteered.

"Don't you have to go to school? "

Dongfang Mo's voice was extremely cold.

"It's Saturday today, big brother. "

Dongfang Jun glanced at Dongfang Mo and then said,

“Big Brother, sister-in-law is so young and beautiful. If you let her take ten million to take a taxi to return to Ning by herself, it doesn't matter if she's robbed. You're just afraid that she'll be robbed, aren't you? ”

“HMPH, robbed? ”

Dongfang Mo snorted coldly. At the same time, he lifted the bangs on mu ru's forehead and said mockingly,

“She's such an ugly freak. Who else would want her other than me? ”

“Big Brother, you can't say that. ”

Dongfang Jun was very dissatisfied with his big brother's action, so he quickly explained,

“Mu ru only has a birthmark on her forehead, and she can't see it with her bangs. I think she's very beautiful. Besides... ”

“Okay, don't say anymore. ”

Dongfang Mo was obviously very unhappy with his brother's praise of Mu Ru, so he coldly said,

“I'll call ah Yu later and ask him to send Mu Ru home on my behalf. ”

“You mean second brother? ”

Dongfang Jun shook his head and sighed

“He was fooling around with Tang Lili yesterday, and now I don't know if he crawled out of Tang Lili's bed. You still want him to send sister-in-law? ”

“Ah Jun, what nonsense are you talking about? ”

Dongfang Mei immediately stopped her son and secretly gave him a look

“Don't talk nonsense in the future. It's normal that ah Yu didn't come back last night. After all, he's already so old... ”

“If he has something to do, what could he have to do? ”

Dongfang Jun was obviously very disdainful of his second brother. He snorted coldly and said,

“other than eating, drinking, and having fun, what else can he do? ”

Chapter 24: Chapter 24 meeting the Poor sister-in-law

“I’ll call him right now. ”

Dongfang Mo took out his phone and turned his wheelchair as he dialed the number. It was obvious that he would not agree to Dongfang Jun sending Xi Muru back to the XI family.

Mu Ru finished her meal and nodded to Dongfang Mei and Dongfang Jun before heading upstairs. She was returning home today. The person from the North was called Gui Ning, so she should have made some preparations.

However, she really did not have much to do because she had been single since she married into the XI family. Now, all the clothes were prepared by the XI family. However, they were originally prepared for Xi Muxue, but now they were hers.

She sat in her room for more than an hour when there was a knock on the door.

She immediately went to open the door. Nanny Liu was already standing outside the door. When she saw her, she said gently,

“Second Young Master has returned. He’s waiting for you downstairs. Hurry up and go downstairs. ”

“Oh, okay. ”

Mu Ru answered and picked up a small bag that she had bought at the market for twenty yuan during the summer vacation. Then, she quickly went downstairs.

When she walked out of the door, Dongfang Yu was indeed waiting for her in the car. When he saw the bag in her hand, he frowned

“sister-in-law, you’re wearing a brand name tag. Don’t you think it’s inappropriate to carry such a bag? ”

Mu Ru glared at him fiercely. She couldn’t be bothered with him. She pulled open the passenger door and got into the car. She said coldly,

“drive. What does my inappropriateness have to do with you? ”

“What? Of course it has to do with me. ”

Dongfang Yu started the car as he smacked his lips and said,

“You’re the first lady of the Dongfang family and my sister-in-law. You’re bringing shame to the Dongfang family by carrying such a bag, do you know that? ”

“I don’t have any other bags. ”

Mu Ru retorted rudely and then said sarcastically,

“It’s the Dongfang family’s shame, not the XI family’s. What am I afraid of? ”

Dongfang Yu was rendered speechless by her words. Then, he quickly stepped on the gas pedal and the car flew into the air. Mu Ru was so scared that she quickly used her hand to pull on the seatbelt. Her face instantly turned as white as a sheet. This Damn Dongfang Yu, does he want to die?

Even though Mu Ru was the XI family’s eldest daughter, she had grown up with the servants and had no chance to take a car. She had taken two cars before this.

One was when she got the top scorer in the college entrance exam, and Xi Yuancheng drove her to receive the award. The other was when she and Dongfang Mo got married the day before yesterday. The Dongfang family married her in a luxurious car, but she didn’t know what brand the car was.

Dongfang Yu’s car drove very fast. Because the Dongfang family’s one inch Mo city was in the eastern suburbs, and the Xi family was in the western suburbs, they had to go through Binhai City to get to the XI family. Dongfang Yu parked the car at the international mall in the city.

“Get out of the car and buy a bag. ”

Dongfang Yu turned to look at Xi Muru, who was sitting in the passenger seat, and said in a very unpleasant tone,

“I don’t want you to embarrass the Dongfang family. ”

“I don’t have money. ”

Xi Muru told the truth. Seeing that Dongfang Mo was stunned, she immediately added,

“The ten million that your brother gave me was for me to give to my father. I can’t misappropriate it. ”

“I’ll give you a bag. ”

Dongfang Yu shrugged and said as he got out of the car,

“By right, sister-in-law should give a red packet to brother-in-law when she enters the house. I met a poor sister-in-law, so I had no choice but to give her a gift instead. ”

“You don’t have to give her a gift, actually... ”

Chapter 25: Chapter 25: If I don’t feel sorry for him, who will

“GET OUT OF THE CAR! ”

Dongfang Yu obviously didn’t want to hear Mu Ru’s long-winded words. He walked around the front of the car, opened her car door, and called out unhappily,

“sister-in-law, can you please hurry up? ”

Mu Ru could only obediently get out of the car. It was an international shopping mall. She had never been to such a high-end place before, so when she saw these international brand stores, she was so scared that she didn’t even dare to walk in.

“Hurry up and go in and choose. I’ll pay for it. Why do you feel sorry for me? ”

Dongfang Yu was very unhappy with her dilly-dallying. He reached out and pulled her wrist towards a brand shop.

Mu Ru was dragged into this international brand shop by Dongfang Yu. The shop assistant had a fawning smile on her face. She nodded and bowed as she asked what style she liked. She strongly recommended the new model that had just been released this year.

Mu Ru was actually dazzled by the sight. The idea was that the price was not within her ability to accept it, so she was just at a loss. Dongfang Yu couldn’t do anything to her, so he could only make the decision himself and bought her a new model that had just been released this year. It was actually more than 30,000 yuan.

Mu Ru fell in love with Dongfang Yu. When she saw him take out his card to transfer the money, she could not help but feel her heart ache. When she thought of Dongfang Jun saying that Dongfang Yu was a person who liked to eat, drink, and have fun, her heart hurt even more.

The Dongfang family relied on Dongfang Mo to support them, and this Dongfang Yu was always idling around and doing nothing, spending money so extravagantly. Wasn’t it hard for Dongfang Mo to earn money?

Thus, when she got into the car, she could not help but say,

“Don’t buy such expensive things in the future. It’s not easy for your brother to earn money. You spend a lot of money to eat, drink, and have fun all day, and now you’re buying me a bag and spending so much money. In the long run, no matter how big the family fortune is, it won’t be able to withstand you squandering like this, right? ”

Dongfang Yu was slightly stunned when he heard her words. Then, a meaningful smile appeared on his face. He could not help but tease her

“Hehe, I can’t tell. sis-in-law really knows how to feel sorry for my brother, Huh? ”

“He’s my husband. I want to live with him for the rest of my life. If I don’t feel sorry for him, then who will? ”

Mu Ru’s expression was very calm when she said this, and there was not a hint of dissatisfaction in her voice.

This was because she had already accepted her fate. Since the heavens had married her to Dongfang Mo, then she was Dongfang Mo’s wife, and it was every wife’s duty to feel sorry for her husband.

Dongfang Yu looked at her meaningfully when he heard this. He did not say another word and just focused on driving. Fortunately, his driving skills were good and there were no traffic jams on the road, so it was noon when they arrived at the Xi family home.

It was Saturday, so Xi Muxue did not have to go to school. She was dressed beautifully and was about to go out when she saw Dongfang Yu drive in. She was stunned for a moment, but she still welcomed him happily.

“Aiya, sister is back. ”

Xi Muxue saw that Mu ru was wearing designer clothes and holding a designer bag in her hand. She immediately knew that she must have passed the test last night, so she secretly sighed in relief. She held mu Ru’s hand affectionately and called out as they walked through the door, “father, mother, sister is back. ”

“Dad, mom, sister is back. ”

“Mu Ru, you’re back? ”

Du Xinyue came out to welcome her. When she saw her eldest daughter, her heart ached as she pulled her hand and said softly,

“Mu Ru, it’s been hard on you. ”

Mu Ru stood there. Although she knew that her mother's words were most likely said out of guilt, in the end, she rarely heard her mother speak to her like that. Her heart was still slightly touched.
