

## First Marriage, then love: wife, never divorce –

### Chapter 5: Chapter 5: What is your relationship with her

Dongfang Mo's gaze was like an ice blade that landed on her face. It was obvious that he did not intend to let her off.

"Now, tell me, what is your name? "

Dongfang Mo's voice was like the snow wind that blew across the Tianshan Mountains. It was cold and piercing to the bone. One would not be able to tell that he was in a room and would think that he was in a freezer.

"xi-mu-ru. "

Mu Ru spat out her name word by word. Although the corner of her mouth was broken, it still allowed these three words to fall into Dongfang Mo's ears clearly.

"Xi Muru? "

Dongfang Mo frowned instinctively, then he asked coldly,

"Then, what's your relationship with Xi Muxue? "

"Sisters, twin sisters. "

Mu Ru could not help but laugh bitterly when she said this, then she added,

"If it wasn't for the twin sisters, would you be able to deceive all the guests today? "

"MMM, this move is very clever. It's indeed a trick to deceive the heavens and the sea. "

Dongfang Mo mocked, then he scolded harshly,

"Then, who asked you to do this? And who asked you to replace the bride's position? "

Mu Ru was silent, and Dongfang Mo's patience was clearly not good. The dagger that was pressed against her neck could not help but be sent forward. Immediately, Mu Ru

felt a pain in her throat, and there was bright red blood flowing on the snow-white dagger.

Who asked her to replace the bride's position The pain made her return to that night a week ago.

A week ago, Xi Muru went straight home after school as usual. When she arrived at the door, she heard sounds from inside before she even entered, as if they were arguing about something.

She was slightly stunned. She immediately understood that her beautiful sister who was like a fairy was arguing with her parents again because of something. It was nothing out of the ordinary. Anyway, what did her sister want? If her father did not buy it for her.. She would definitely keep arguing until her parents bought it for her.

She paused for a moment before she walked in. As she bent down to change her shoes, she heard Xi Muxue's shrieking voice

"You can say whatever you want. I'm not going to marry that useless man anyway. "

Xi Muxue's roar almost deafened people's ears. Mu Ru instinctively covered her ears because the decibel was too high.

"What do you mean by useless man? He's the CEO of the Oriental Group. His net worth is over a hundred billion. In ancient times, he was as rich as a country. You and he have been engaged since you were young. Who else are you going to marry if not him? "

Xi Yuancheng glared at his daughter and could not help but berate her.

"Dad, can you be a little more humane? "

Xi Muxue's angry face quickly turned into a look of disdain, and then she said disdainfully,

"Who doesn't know that Dongfang Mo's life was destroyed by the fire last year If you want me to marry him, doesn't that mean that I have to live as a widow for the rest of my life Isn't it amazing how rich you are A person can't live with money for the rest of his life. Can Money Exchange for his life?"

"Shut up! "

Xi Yuancheng roared angrily and threw the half-smoked cigarette butt in his hand onto the ground. Then, when he realized that it was a carpet, he immediately stomped on it to extinguish it. Then, he looked at his youngest daughter and berated,

“How can a girl say such things without any sense of shame? It’s settled then. Dongfang Mo is your fiancé. This was settled six years ago. Now, Dongfang Mo wants our Xi family to fulfill the marriage contract and wants to marry you. We can’t break off the engagement or anything like that, so you have to marry him no matter what.”
