

Love At First Night Chapter 276 – 285

Chapter 276

Judith ate for a while. Seeing that Frank did not eat, she looked up at him, pointed to the food, and said, "Hurry up and eat! It won't taste good when it gets cold." "Alright!" Frank smiled and nodded. "Judy! You, too!" Judith nodded. She was very hungry now. Judith went to pick up the ravioli, and Frank also went to pick up the ravioli. Coincidentally, both of them picked up the same ravioli. The two of them quickly looked at each other. Frank smiled and said, "Judy, you take it!" "What a coincidence! We pick up the same ravioli." Judith looked embarrassed. "Yeah!" Frank also smiled and looked at Judith. Judith looked at Frank at this time. He was not as cold as he was in the company. Since Judith knew that Frank had a woman he liked, she had no hostility towards Frank. She smiled and asked, "Frank, do I look like the woman you are waiting for?" Frank stopped eating. He smiled and thought, "Jodie, you are the woman I am waiting for!" Frank said with a smile, "Yes! You two look very similar!" Judith joked, "You often come to me because you want to see me relieve the pain of lovesickness?" Frank looked at her and his heart gave a lurch. Although they had been apart for more than ten years, Frank still remembered Jodie in his mind. And because of what happened seven years ago, he fell in love with her! It was love! When Frank knew that Judith was Jodie, he knew that he fell in love with her! He nodded. Judith narrowed her eyes slightly, a trace of cunning flashing through her eyes. She casually said, "Look, I've helped you relieve your lovesickness. Are you very grateful to me?" "Yes!" Frank still nodded. He wanted to know what conditions Judith would put forward.

Judith pursed her lips slightly and wondered if she could take the opportunity to make a condition. She smiled and said, "Mr. Taylor, courtesy requires a return of visits received, right?" "You are right!" Frank nodded and smiled. He wanted to know what Judith wanted. Seeing that Frank was so calm, Judith was somewhat nervous. She didn't know if Frank would agree to her request. Frank was eating and waiting for her to speak. When Judith saw Frank not ask, she could not help but curse Frank in her heart.

She said, "Mr. Taylor, there is an international fashion show in a few days. Only senior designers with tickets can go in. I know you have connections. Can you get me a ticket?" After Judith finished speaking, she looked at Frank with a face full of expectation. She could only develop better if she was more famous. "Is that all?" Frank looked at Judith with a little disappointment. "Yes. It is not a problem for you, right?" Judith looked at Frank, not knowing what he meant. Looking at Frank like this, Judith was nervous. She could ask Keven for help, but she did not want to owe this favor. It just so happened that Frank came here, so she decided to ask him for help. Frank used her to relieve his lovesickness, so she could also let him help her get the ticket.

Chapter 277

Frank cracked a smile. Seeing that Judith was a little anxious, he said unhurriedly, "Judy, don't worry. I'll help you get it." . At that time, Frank would go with her. However, Frank did not tell her. He planned to give her a surprise in the future! Judith was instantly overjoyed, and she said, "Thank you! You like to eat ravioli, then have a few more." Judith smiled and picked half of those ravioli into Frank's plate. The exhibition this time was a combination of the distinctive and forward-looking product concept of the enterprise and the fashion trend. She must go to the exhibition. There would not be more than 100 sets of clothing in the exhibition, but each set of clothing was unique. Frank looked at her bright smile and said, "Judy, there will be a lecture on the color of clothing fabrics in autumn and winter in this exhibition. Moreover, the clothing design industry will enter a new journey. "Technology, creativity, design, talent, and brand are all integrated into one. The Taylor Group will also be in the international fashion show. I am very satisfied with the autumn clothing. You prepare for the winter clothing as soon as possible!" Judith nodded excitedly and said, "Alright! Hurry up and eat!" As long as she appeared in the international fashion show, she would take a step toward success. Judith was filled with anticipation. Frank was happy to see her happy! Frank thought, "Jodie, you have liked fashion design since you were young. I will let the clothes you carefully design be popular all over the world. I will help you realize your dream." Below the apartment building, in the garden of the community, two identical boys were sitting on the bench. The two were Lucas and Eric. Eric looked at Lucas who was rapidly typing on the keyboard. His big eyes flashed with envy. He smiled and said, "Lucas, why do you need a computer in the middle of the night? To bring the computer back, I even had to lie to Alissa." Lucas looked up at Eric and then quickly stared at the computer screen. "Eric, I have my plan. It will be done soon!" Lucas was tracking the IP address sent to him by his master. He didn't allow his mother's work to be plagiarized. All of a sudden, he saw the name of the Gita Group. Lucas's eyes were full of anger. It turned out to be the Gita Group, which was run by Frank's father. Why was the plagiarist in the Gita Group? Lucas was suddenly confused. He knew everything about Frank. Lucas turned off the computer with a smack. When Eric saw this, he blinked, feeling distressed. This was a high-end computer that Alissa had newly configured. If it was accidentally broken by Lucas, Eric would feel distressed. Lucas stood up and glanced at Eric, saying, "Eric, let's go home." Lucas's tone was cold, and Eric could feel Lucas's anger. Eric stood up, nodded, and silently followed behind Lucas. Lucas suddenly asked, "How many days are you staying here this time?" This question came out of the blue. After thinking for a while, Eric said somewhat sullenly, "I will stay here about five days. I will film an advertisement for the Taylor Group first, then go back to film a movie." It was tiring to film a movie, and Eric wanted to refuse. However, after buying the house, his family had no money. Judith needed to bear the living expenses of the five of them, so they had to use money sparingly. Eric sighed. He had to work hard recently.

Chapter 278

Lucas smiled and said, "Eric, thank you for your hard work." Eric helped a lot this time. Otherwise, with their current condition, it would be really difficult to buy a house in Mayfield! "Lucas, it's nothing. Although I am very busy, I have learned a lot of things. If I stay home every day, I won't be able to get such an achievement. Alissa is a famous agent. No one dares to make things difficult for me." Eric wasn't exaggerating when he said this. Indeed, everything he did had gone smoothly for the past six months.

Lucas stopped and looked at Eric. He said with a smile, "Eric, as long as you like it, do it. In the future, I will support our home." He would not let Eric continue to work so hard like this. Eric smiled and said, "Lucas, I do like it. Otherwise, I wouldn't be busy like this every day. Mother is also trying to give us a good life. How can we not work hard?" Eric often thought that they were very lucky, especially after they met Alissa and Adam. Because of Alissa and Adam, Eric and his family all had a much easier time. Lucas and Eric returned to the fifth floor. Eric knocked on the door, thinking that he would see his mother soon. He smiled even more happily. Eric looked at the dishes in his hands. These were all his mother's favorite dishes. Adam drove the car very fast to send food to Judith. When Judith heard the knock on the door, she happily got up to open the door and said, "Lucas, Eric, you guys are back. Come in quickly." After Judith finished speaking, she looked around and found there was no one else. Eric smiled and said, "Mom, you don't have to look anymore. After Uncle Adam sent us downstairs, he left." "I see!" Judith smiled. "Hurry up and come in!" Judith moved aside and let her two sons in. As soon as the two boys came in, they saw Frank sitting on the sofa. They quickly glanced at each other. Eric smiled and asked, "Frank, why are you here?" Frank gracefully looked up at the two boys and said with a smile, "Eric, Lucas, you guys are back. Come and sit."

Seeing Eric and Lucas, Frank felt happy. The two boys walked over. Eric looked at the food on the table and smiled, saying, "Mom, it seems that you have to keep these for tomorrow." Eric pointed at the things he had packed. Judith smiled and took them, putting them in the refrigerator. "Let Lucas have them tomorrow morning! Mr. Taylor brought something over. Let's eat together." "Okay, mom. I don't have to cook tomorrow morning." As Lucas spoke, he glanced at Frank, who was beside him. Lucas was surprised that Frank actually brought food to his mother. Frank met his gaze and smiled gently. Eric smiled and said, "Thank you, Frank. Tomorrow morning, I will go and film the advertisement for your company. I can only stay here for five days this time." The endorsement fee the Taylor Group gave him was very high. After he received the endorsement fee, Eric could buy her mother the sewing machine she liked. At that time, it would be more convenient to make clothes at home.

Chapter 279

Judith liked to design clothes the most. The clothes she wore were all her favorite styles. When Judith wore these clothes, these clothes looked more beautiful. "Alright! Lucas, no problem." Frank smiled. Looking at his two sons, Frank was very pleased because they were his and Jodie's children. Judith sat at the side and asked, "Lucas, Eric, did you have fun tonight?" Eric smiled and said, "Only Alissa and Adam stayed with us. You didn't go. Uncle Adam was unhappy all night, so he sent us back after dinner." When Frank heard this, he frowned. Eric mentioned Adam with a bright smile, which made Frank jealous. However, he had been late for so many years, what should he do to compensate them? Frank felt that he had to move faster, otherwise, Adam would win Jodie's favor. After all, Eric and Lucas liked Adam very much. Adam did not hide his affection for Judith. Judith said with a smile, "Then I will invite them to have dinner. Eric, you will be staying for five days this time. I'm very happy." She was very ashamed in her heart. Eric had earned more money than her and was even busier than her. At such a young age, Eric had to bear all this. Sometimes, Judith felt that she was especially useless. "Mom, I'm also very happy,

but Emily hasn't been able to see you recently. She's going crazy." Eric smiled. Emily had slept with Judith, and now she was sleeping with her grandmother. Emily missed her mother very much. When Emily saw Eric, she would be upset and tell Eric that she missed their mother! "Is that so? I will call her later." As Judith was speaking, her phone suddenly rang. She looked and saw that it was her mother calling. Judith smiled and stood up to answer the phone, saying, "Hello! Mom!" "Hello! Judy, have you bought the house?" Judith said with a smile, "Yes! Mom, everything is done. I will find someone to decorate it in the next few days. You can come over after Emily's art exhibition." They would be able to reunite soon. "Good! Eric went to Mayfield. Does he go back now?" "Adam and Alissa took them to eat delicious food. Now that Eric and Lucas are back. They can go to the company with me tomorrow for filming the advertisement." "Okay, then I can rest assured!" Judith chatted with her mother as she walked toward the kitchen. Lucas quickly glanced at Frank and asked, "Mr. Taylor, you just had a meal with my mother. Nothing else happened?" Frank didn't know what to say. Lucas prevented Frank from approaching Judith. Frank was sad because Lucas didn't trust him. He forced a smile and said, "Lucas, look at how gentle I am. What would I do to your mother?" Frank wanted to sleep with Judith just like that night seven years ago, but it wasn't the time now. He just had dinner with Judith and did not dare to do anything else. Lucas slightly narrowed his eyes and said with a smile, "Frank, although you look gentle, you may be a bad man. After all, my mother is very beautiful. As long as a man sees her, he will want to get close to her. Therefore, it is normal that you want to be with her." Judith was charming that made people want to get close to her. Lucas decided to find out the reason why Frank was so interested in Judith.

Chapter 280

Lucas's master was already investigating and he would receive news in the next few days. Lucas was curious about the reason Frank investigated his mother. Frank looked at Lucas with a dumbfounded expression. A bad man? Frank asked, "Lucas, are you kidding?" Lucas smiled and said, "Mr. Taylor, of course, I'm not!" Frank felt a little frustrated. Frank felt that it was difficult for him to win his son's favor. Frank felt that he must definitely satisfy his son and wife. He wanted to be a good husband and a good father. Eric said with a smile, "Lucas, if Frank did something to Mom, would Mom still be fine? You are too protective of Mom. You are afraid that Mom will suffer. Don't worry, Frank is a good person." Lucas suddenly turned around and looked at Eric with a cold gaze. Eric calmly met Lucas's gaze. He was telling the truth and facing Lucas with no qualms. Frank looked at Eric gratefully and felt Eric was more considerate than Lucas. Frank retracted his gaze and looked at Lucas with a smile. Lucas sneered and said in a low voice, "Mr. Taylor, if you dare to hurt my mother, I won't let you go. "People who approach my mother usually only have two kinds of people. One is carrying a torch for my mother and the other is to plot against my mother. You'd better not be the second kind." Frank was still smiling. His son was threatening him. Frank had finally experienced it once. However, even if he was threatened, he was still very happy. Frank smiled confidently and said, "Lucas, I won't give you that kind of opportunity." Lucas was very similar to him in the past. Back then, he was also afraid that his mother would be injured and was full of hostility toward everyone. Frank said, "Lucas, you should remove your blinkers. I am definitely not the second kind of person." Lucas smiled and said, "Cut the crap. Stay away from my mother. "Although you are handsome, you can't hide your evil intentions." Frank was about to speak,

but he suddenly saw Judith walk back. Judith said, "Lucas, Eric, go take a shower. It's almost 10 o'clock. Go to bed after taking a shower." "Okay, mom!" Lucas stood up, looked at Frank, and whispered, "Mr. Taylor, you can leave now." Frank glared at Lucas. He thought, "Lucas, how dare you chase your father away! When I and your mother get married, I will teach you a lesson." Frank also knew that Judith was going to work tomorrow, and he was too embarrassed to stay. Looking at this small apartment, he felt it was really too small. Frank thought he should have arranged a bigger apartment for Judith, but it was too late now. Judith had bought a house and would move out soon. Frank smiled at Judith and said, "Judy, I'll be leaving first. I still have work tomorrow. See you at the company tomorrow." "Alright! Take care, Mr. Taylor!" Judith smiled. Thinking of the ticket, Judith was even more grateful. After Frank left, Judith and her sons prepared to take a shower and sleep. As for Frank, he was very happy all the way home. Even that night, he had a pleasant dream. In his dream, he lived with Judith.

Chapter 281

Early the next morning, Judith woke up early and took Eric to the company on foot. She asked Alissa to wait for them at the Taylor Group. All the offices of the Taylor Group were in this building. Lucas had gotten up early in the morning and was sitting in front of his computer. After his mother left, he felt a little uneasy.

Judith suffered a lot because her design was stolen in Kimshire. His mother stayed up late to design it, but it was stolen, which made Lucas angrier. Just as Judith and Eric arrived at the company building, they saw Alissa who was wearing a red tight dress. Her soft hair was dyed a beautiful brown-red color. Her long hair hung down her shoulders and was in the shape of a large wave. She looked very charming. Alissa stood there with her arms crossed over her chest. Her arrogant expression was not annoying. She had a good figure. Those people who entered and exited the company could not help but look at her. When Alissa saw Judith and Eric, she smiled happily. Eric called out softly, "Alissa!" "Hello, Eric." Alissa looked at Eric with a smile. Judith smiled and asked, "Alissa, have you been here for a long time?" Alissa complained as she looked at Judith, "You are so heartless! How dare you stand me up!" As a well-known agent, Alissa was so cute in front of Judith. Judith said, "I'm sorry. I was busy yesterday. You guys go to the eleventh floor to shoot first. I'll go to work first. Let's have lunch together." When Alissa heard this, she instantly smiled happily and said, "Got it. I'll take Eric to work first. You can't stand me up this time." "Alissa, it won't happen. Let's go!" Judith smiled and went forward to lead the way. She felt very guilty in her heart. Because of work, she indeed often stood Alissa up. Judith sent the two of them to the eleventh floor and took the elevator to the twenty-fifth floor. Eric, who had been in front of the computer, suddenly heard his phone ringing. He quickly picked up the phone. "Hey! Master!" "Lukel I found the IP address you gave me. It's in the Gita Group. The Gita Group will have a press conference today. The new product they are going to launch is the new product designed by your mother. I will help you inform the Taylor Group. "Before the product launch event of the Gita Group, your mother and the others should have received the news in advance and stopped everything in time. You don't have to worry." When Lucas heard this, he instantly let out a sigh of relief. He said with a smile, "Thank you, Master. When you are back, I will treat you to a meal." A happy laugh came from the other side of the

line. "Luke, you are the youngest of our seven hackers, and you are my disciple. There is no one more considerate than you." The happy and confident voice came from the other side. Lucas also smiled and said, "Master, I told you back then that you would definitely not suffer a loss if you accepted me as your disciple." "I have seen your ability. I will definitely come back to see you soon." "Okay! Master!" Lucas smiled and hung up the phone. He was much more at ease. Judith reached the twenty-fifth floor, but before she reached the office, she was stopped by Edwin. "Ms. White, come over here." Hearing this, Judith frowned and quickly walked over. "Edwin, what has happened?" Judith instantly felt uneasy. She was afraid that her guess would come true.

Chapter 282

Edwin frowned and said, "Ms. White, come and see this. The Gita Group has a press conference today. The new product they launch is exactly the same as ours." Edwin quickly browsed through the clothing design on the computer, confirming that he was not mistaken. When Judith heard this, she frowned. She thought, "It's fortunate that I had made preparations last night." "I have always kept the USB and design well. Someone used my computer and stole my design!" Judith's was calm, without any panic. "What has happened?" Frank and Gary walked over. Edwin said with a serious expression, "Frank, our new autumn product was stolen by the Gita Group. They will hold a press conference at 9:30 and launch the new autumn product." "How could this be?" Frank looked at Judith. Judith looked at Frank apologetically. It was all her fault! She was too careless. Judith bit her lips slightly and glanced at the office opposite. Why was the Gita Group? She thought it would be the Cooper family who did it. Under Frank's gaze, Judith said calmly, "Mr. Taylor, do you trust me?" Frank looked at her and smiled gently, saying, "Judy, of course, I trust you!" When Judith heard this, she was relieved. Frank's trust made her happy. "Thank you. I've taken good care of the USB and the design. It's impossible to be leaked, but..." Judith wanted to say something but hesitated. She thought for a moment and asked, "Is there a surveillance camera in my office?" "You mean..." Frank sneered, and his eyes burned darkly. Judy would not betray him. Although they had not seen each other for more than ten years, he still knew about her. She was still as kind as was when she was a child.

Judith said, "If there are surveillance cameras, we can immediately stop this press conference. I don't allow the clothes I painstakingly designed to be stolen like this. I don't want them to use my design to make money!" Gary also said gravely, "Ms. White, we also don't want others to use your design to make money, but there are no surveillance cameras! Hana is also a very vigilant designer. Usually, she won't bring her designs to the office." "No, I know where there are surveillance cameras." Frank smiled mysteriously. Gary looked at Frank with a frown. He thought, "Frank has been tortured to be mad by Gina. Why does he secretly install cameras everywhere?"

Judith asked excitedly, "Really?" Frank nodded with a charming smile. Judith was speechless. She curled her upper lip. Was he telling her that she, Judith, owed him another favor? Gary and Edwin shook their

heads when they saw this. Judith sighed. If it could be redeemed, she did not want to give away her design, although she was prepared.

Chapter 283

Edwin suddenly said with a frown, "However, this message was sent to my computer through a special method. In other words, someone knew about this and told us in advance." A hacker helped them, and that person was a computer expert. Gary said, "No matter who it is, we're very grateful to that person for informing us." After all, there were very few people who could pass through the design drawings review in the first round! Judith was talented, which didn't surprise Frank at all. "Edwin, follow me to get the surveillance video." Frank was about to leave. When Judith heard this, she quickly stopped Frank and said, "Mr. Taylor, wait a moment. Let Myla come out first."

The only people in the office yesterday were Judith and Myla. Other than Myla, no one else would do this. Frank nodded and said, "Alright!" Judith quickly turned around and walked to the office. Myla, who was in the office, was cleaning, but she strained her ears to catch what they were saying. Their voices were too

low so that she did not hear a word. Gary frowned and thought, "Damn it! Is it Myla who did it?" "Good morning, Ms. White!" When Myla saw Judith, she took the initiative to greet Judith. She came earlier than usual. Judith nodded. She looked at Myla coldly and said, "Follow me out. Mr. Taylor has something to do in the office." When Myla heard this, she was very nervous, but on the surface, she asked as if nothing had happened, "Why does Mr.

Taylor want to use this office?" Judith replied indifferently, "You can ask Mr. Taylor about this. I don't know either. Let's go!" Judith turned around, and Myla followed her uneasily. After Judith came out, she gave a hint with her eyes. Frank knew that she meant there was no time. Frank glanced at Edwin and said, "Edwin, let's go. Gary, you start out immediately. I'll call you later." Gary nodded, glanced at Myla, and quickly left. Edwin picked up the car keys and laptop on the table and followed Frank to the office opposite. Judith and Myla waited outside. Myla looked at the calm Judith, and she was uneasy. Myla asked, "Ms. White, what has happened? Mr. Taylor seems to be very angry." Could it be that what she did yesterday was discovered? No! Impossible! She confirmed again and again that there was no surveillance in the office. Hana did not like to be monitored, and Frank would not let her be unhappy. Time slowly passed. Suddenly, Edwin stood at the door of the office and called Judith, "Ms. White, Myla, come in!" Judith glanced at Myla and said, "Let's go in!" Myla nodded and clasped her hands together, which obviously showed her uneasiness. When Frank saw Myla come in, he gave a sneer. "Myla, come over and explain what you did with Ms. White's computer." His tone was indifferent, but it caused Myla to be nervous. A wave of overwhelming fear engulfed her entire body. "I didn't!" Myla didn't expect that there would be a surveillance camera here. Edwin turned the laptop to her and said coldly, "Take a good

look and see if the person inside is you.” Myla looked at the surveillance video. In the surveillance video, after Judith went out, Myla took the USB and inserted it into Judith’s computer. Seeing this scene, Myla was scared. Her forehead was drenched in sweat. Her face was pale, and even her lips were trembling slightly. “Mr. Taylor, I...” “You sold the design drawing of the new autumn products to the Gita Group?” Frank asked word by word, his tone

Chapter 284

“I didn’t do it!” Myla could not figure out why Frank knew about this matter so early. She was very scared now. “If you don’t admit it, I will send you to prison immediately.” Frank’s face darkened, and he glared at Myla. Myla was so scared that she was trembling slightly.

Judith stood to the side and said nothing. With this video, it could only prove that Myla had stolen her design. If she wanted to stop the Gita Group from launching new products, she needed other evidence. Judith looked at the time and looked at Frank, saying, “Before we find any other evidence, let’s stop the Gita Group from launching new products first!” Frank nodded and comforted her, “Don’t worry. Gary has been there.” “Alright!” Judith nodded, still standing on the spot with a calm expression. Edwin said unhurriedly, “Frank, call the police!” Edwin narrowed his eyes and looked at Myla. Myla was shocked. She clenched her fists tightly, and her nails sank into her palms. Although she was bleeding, she did not feel any pain. Myla shook her head at Edwin and pleaded, “No, Edwin! Please don’t call the police! I beg you...” Frank glanced at her with a long face and said, “As long as you tell us the truth, we won’t send you to prison. If you don’t tell us, you will be in jail ten minutes later.” Myla covered her face and cried. She hated Judith. Gina found her and gave her a large sum of money, asking her to steal the new autumn products of the Taylor Group. Seeing 150,000 dollars, she was instantly tempted. Myla had thought that since Judith had just entered the company, Mr. Taylor would not believe Judith. However, she was wrong. Frank trusted Judith very much. It was so strange. Edwin said, “There’s almost no time left.” Judith said coldly, “Myla, go to prison or lose your job, you can weigh it and make a decision.” Myla didn’t expect to be discovered by them. She didn’t think about what to do after being discovered. Myla immediately grabbed Judith’s hand, crying as she pleaded, “Ms. White, I was wrong. Please forgive me! I really did this on a whim...” Judith sneered and interrupted Myla. She looked at Myla and scoffed, “Did this on a whim? Myla, now it is not the problem of whether I forgive you. Those designs were drawn by me at night. I have children to support. Every night, I didn’t have time to work until my children fell asleep. To design them, I stayed up late every night. “Now that you’ve given them to the Gita Group, what about the Taylor Group? What should we do?”

Chapter 285

Frank felt distressed as he listened. Edwin frowned! He didn’t expect that Judith actually would work so hard. He instantly felt... “You’re married and have children?” Myla looked at Judith with a little disbelief.

“What do you mean?” Judith narrowed her eyes. When she heard this, she felt that there was something wrong. Myla instantly regretted what she said. Seeing that Frank was nice to Judith, Myla thought that Frank was interested in

Judith. Because of jealousy, Myla had agreed to Gina’s request. Moreover, Judith was new here, and only Judith would have the design drafts. Frank would definitely not forgive Judith, but the current situation was really beyond Myla’s expectations. “Ms. White, I really did not do it on purpose.” “Really? Without the ability to pick up the pieces afterward, don’t indulge your emotions and do bad things. Life is full of hardships. There are so many people who make things difficult for me. Who do you think you are? Why should I forgive you? “Tell me about the deal between you and the Gita Group. Otherwise, I will put you in jail.”

Judith’s attitude was tough, and she could tell that Myla wanted to frame her for betraying the Taylor Group. Myla had vanity. If Myla didn’t have the ability to pick up the pieces afterward, then she should be more nice than wise! Otherwise, she would ask for trouble. Myla was so evil-minded. Judith liked fashion design very much. But Myla wanted to ruin Judith’s reputation. Frank had never seen such a Judith before. She was kind-hearted. Jodie had suffered a lot over the years! Frank said coldly, “Edwin, call the police. Ms. White and I will go to the Gita Group now.” When Myla heard this, she quickly cried and said, “Mr. Taylor, no, please spare me! I beg you! I will tell you everything.” Frank gave Edwin a look and asked him to record the recording. Edwin took out the recording pen and looked at Myla with a cold gaze, saying, “You can go ahead now.” Myla bit her lip hard and slowly said, “Gina gave me 150,000 dollars and asked me to steal our company’s autumn design drawings. I took advantage of the time when Ms. White went to the bathroom and copied her design drawings with a USB drive.”

She continued, “After handing it over to Mrs. Taylor last night, she was very satisfied with Ms. White’s designs. She decided to launch new products this morning. That’s all.” After Myla finished speaking, she looked at Judith and pleaded, “Ms. White, please forgive me. Please spare me. “I still have a sick mother to take care of. I was tempted by 150,000 dollars...” Judith quickly interrupted Myla and coldly said, “You are also an adult. No matter what you do, you have to be responsible for your actions. “It doesn’t matter if I’m magnanimous. Everyone has their own bottom line. If you do something wrong, you should pay for your actions.” Judith was angry. Judith looked at Frank and Edwin, saying, “Mr. Taylor, Edwin, let’s go to the Gita Group now. No matter what, we have to stop them.” “Alright!” Frank nodded. Then, Frank looked at Myla and said with a long face, “Go with us and confront them. After the matter is over, you leave the company. Then, we won’t pursue this matter. If you dare to play any tricks, I won’t let you go. Think about your sick mother!”

Hearing this, Myla kept nodding. She would rather offend Gina than Frank. The Kent family went bankrupt overnight, and only Frank could do it in Mayfield.
