

Foolish Son 231-232

Chapter 231

Ye Xing followed behind Shangguan Qiushan and flew after him.

Like a bird with a frightened bow, Shangguan Qianqiu fled, completely disoriented.

Ahead of her was the pass, and someone was blocking it, so she flew through it regardless.

Ye Xing still wanted to continue the chase. The phone rang, it was Luo Xiaoyun calling her.

“Ye Xing. Stop chasing, it’s too late to board the plane.”

Ye Xing stopped and looked at Shangguan Qianqiu from a distance.

Shangguan Qianqiu also stopped and saw that he was not chasing. Now she slowed down and took a big breath.

Ye Xing pointed his right hand at her from afar, and dropped his palm to his own neck, making a throat-slitting motion.

The meaning could not be clearer, next time if he met her, he would definitely kill her.

Shangguan Qianqiu’s soul flew away, so she turned back and continued to run.

After running for a kilometre and seeing no one behind her, Shangguan Qianqiu stopped and crouched on the street corner, whimpering and crying.

Her father was dead, and so was her brother. Her mother had died when she was just born, and she was the only one left in the entire Shangguan family.

With the fear she had just experienced from the dead, she could no longer hold back her breakdown.

Suddenly, footsteps came from behind her and she was startled and stood up in a hurry.

In front of her was a man of about twenty-five or twenty-six. Dressed in a tight black shirt, he looked very cold looking.

There was a drum of icy coldness emanating from his entire body that sent chills down one’s spine.

What frightened her the most was that the man had a long knife scar on his face that ran from his forehead to his chin and looked alarming.

“Who are you?” Shangguan Qiushan backed up repeatedly.

“Are you eager to take revenge?” The man in black asked indifferently.

Shangguan Qiu-shan looked at the man. Nodded heavily.

“Would you give everything to take revenge?” The man continued to ask.

Shangguan Qiu-shan looked at him and did not say anything, as she had no idea what this man’s identity was.

The man in black's mouth gave a slight smile. The face looked even more terrifying.

His right palm suddenly turned crimson, like a piece of burning red iron.

The next moment, he suddenly struck out, his crimson palm thrusting into the wall next to her.

Instantly, a large burnt hole was left in the wall, and the hard wall was as soft as tofu under his hand.

If this palm had landed on a human body. Who could defend against it?

Shangguan Qiushan was still in shock. The man in black suddenly burst into a blazing fire, and in an instant he was like a man of fire.

The blazing flames. It made her unable to withstand the intimidating pressure and backed away repeatedly.

Flutter!

Shangguan Qiushan knelt on the ground, kowtowed and said urgently, "Senior, please take me as your disciple and teach me my skills, I beg you."

"Would you give everything to take revenge?" The man in black continued to ask.

Shangguan Qiushan gritted her teeth. Said, "I can."

"Follow."

With the help of the man in black, Shangguan Qiushan arrived at a hotel and entered a certain room.

"Take off."

The man in black sat down on the sofa and said indifferently.

Shangguan's eyes contained tears of humiliation inside. Standing without moving.

Offering her youthful and beautiful body to such an ugly man, she was very unwilling in her heart.

"I won't force anyone, go away!"

The man in black saw her hesitation and said indifferently.

"If I follow you, do you guarantee that you will definitely help me kill Ye Xing?" Shangguan Qiushan asked.

"I won't help you kill, but I can teach you the skill of killing."

"Can you guarantee that I can kill Ye Xing?"

"A mid-stage Inner Strength Grandmaster, killing him is as easy as a hand."

Shangguan Qiushan stood frozen for a long time, and finally, pulled the belt around her waist and her skirt slowly slid down.

A perfect body, presented itself.

Her eyes were flooded with tears of hatred, humiliation, and an unrelenting belief inside.

.....

The plane landed at Dingxia International Airport.

Ye Xing and Luo Xiaoyun walked out of the airport, and the two of them were ready to find a place to eat.

“Why did you have to kill Shangguan Qianqiu and chase her even before the plane took off.” Luo Xiaoyun asked.

“Originally I didn’t see her in my eyes, but the death of Shangguan Jinyun and Shangguan Qianqiu made me see through that this woman is very vicious and possesses a snake and scorpion heart, she is the kind of person who will do anything to get revenge, this kind of woman is the most terrifying, keeping it for the future is endless.”

Originally, Ye Xing thought she was a person who valued feelings, but leaving Shangguan Qianqiu to flee for her life alone, abandoning her part revealed her true nature.

This kind of person would not love others, only herself.

“Women are very scary when they go crazy, you must be careful when you meet her in the future.” Luo Xiaoyun nodded.

After they finished eating, it was already late, and the two of them found a hotel to stay in.

“Hello, please give me a double room.” Ye Xing said as he walked to the front desk of the hotel.

“Ask for two rooms.” Luo Xiaoyun said in a hurry.

“One room or two rooms?” The receptionist looked at them and asked strangely.

“I booked two rooms online.” Ye Xing smiled and handed over the two people’s ID cards.

Luo Xiaoyun then realised that this guy was deliberately molesting her, and instantly gave him a blank look.

After registering, the two entered the lift and Luo Xiaoyun couldn’t help but curse, “It’s fun to molest me, isn’t it?”

“I didn’t molest you, if you had promised just now, I wouldn’t have wanted the room I booked online.” Ye Xing laughed.

“Shameless.” Luo Xiaoyun scolded.

“To travel with a beautiful woman like you, you wouldn’t be a man if you didn’t have some ideas.”

Chapter 232

Ye Xing looked at her with a fiery gaze, sweeping her from head to tail.

It had to be said that Luo Xiaoyun's figure was really first class, straight where it should be, curvy where it should be, and not a single flab on her whole body.

Due to regular exercise. The skin on her body was very lustrous and elastic.

"Don't think I don't know what you're thinking." Luo Xiaoyun snorted coldly and continued, "You're deliberately like this. It's not just to drive me away, not wanting me to go exploring with you, you don't want to leave me behind, in order to save Xue'er. I won't back down."

I didn't expect it, but she still saw it!

This woman really wasn't a big-breasted woman.

Although, he was thinking about Luo Xiaoyun, he definitely didn't dare to have any half-occupied intention of dyeing her. The matter of Su Xiaoqiao had already made Murong Xue very sad, if something else happened between him and Luo Xiaoyun, how would he be able to deal with Murong Xue in the future.

The reason why he molested Luo Xiaoyun was that Ye Xing just wanted to make her know what to do.

"I've already warned you, don't blame me if anything super friendly happens between us in the future." Ye Xing laughed.

"Absolutely not, Xu Fei I'm dead." Luo Xiaoyun said very firmly.

"When love comes to the fore, it will be out of your hands when the time comes." Ye Xing laughed loudly.

Soon, it was time to go to the guest room. Both of them entered their rooms separately.

After entering the room, Ye Xing's smile immediately disappeared and he walked to the bed and laid down.

He first entered that chaotic space to see if the third memory fragment had opened.

It was still as grey as before.

Taking out his phone, he dialed Murong Xue's number, which was in the middle of being switched off.

"Xue'er. Where the hell have you been, the phone hasn't been turned on for a few days."

After lying down for a few moments, Ye Xing went into the bathroom to take a shower, and just now, halfway through the shower, a knock sounded on the door.

He ignored it and knocked outside for a moment. Then it stopped.

After finishing his shower, Ye Xing walked to the bed and picked up his mobile phone.

"No answer to the knock on your door just now, it's still early. Do you want to go out for a stroll?" Luo Xiaoyun's voice message.

"No, I'm not in the mood, go to bed early." Ye Xing said back.

Luo Xiaoyun returned a ? expression.

Then, Ye Xing called Su Xiaoqiao.

“Why are you calling me at this time of the day, not at home?”

Su Xiao Qiao asked strangely just as the call went through.

“I’m in Dingxia.”

“What are you doing running that far away?”

At that moment, Ye Xing told her about Murong Xue being taken away by Shangguan Lan. And said that he had come over here to look for high vintage Chinese medicine.

“I didn’t expect Murong Xue to have such a powerful mother. Even you are no match.” Su Xiaoqiao sighed.

“I can defeat her even if she’s stronger, sooner or later.” Ye Xing coldly snorted.

“I believe you have the ability, but be careful in all things.”

“Don’t worry, I will.”

The two chatted idly for a long time before hanging up the phone.

The next morning, not long after Ye Xing woke up, there was a knock on the door.

He walked over and opened the door, and Luo Xiaoyun walked in with his travels.

“Up so early?”

“I’m used to getting up early.”

Luo Xiaoyun said as he did so. While looking around inside the room, looking here and there, not even sparing the bin.

Ye Xing’s face darkened, he knew her reaction perfectly well. Dare to think that she thought that she had found a woman last night.

“Can you have some respect for me, what do you take me for?” Ye Xing said angrily.

“Men are no good, I have to watch you for Xue’er.” Luo Xiaoyun looked like she was justified.

After checking for a moment and finding nothing, she then sat down on the sofa.

“We’re all here, so you should tell me where the three hundred year old Lingzhi is, right?” Ye Xing asked.

“The Gu Family, have you heard of it?”

“Which Gu family?”

“The richest man in Hui City, Gu Nanfeng, he is a real estate tycoon with tens of billions of dollars, of course, it’s still a bit inferior to you.” Speaking of this, Luo Xiaoyun couldn’t help but ask curiously, “By the way, how much money do you actually have?”

“Haven’t counted it, I don’t have much of a concept of money as a person.” Ye Xing replied back.

“Will you die if you don’t pretend to be a fool?” Luo Xiaoyun couldn’t help but curse.

The two hailed a taxi on the street and headed towards the middle of the city.

It didn’t take long for the two of them to reach the edge of the mountain and see a single villa on the edge of the mountain, looming between the trees.

“What was the business you came on last time?” Ye Xing asked.

“Investigating a case, Gu Nanfeng was a witness and came over to find out what happened.”

“How long has it been?”

“About three years ago!”

“It’s been so long, the Lingzhi must have been bought long ago.”

“No, Gu Nanfeng treats the Lingzhi as his treasure, he wouldn’t have sold it, it’s not like he’s short of money.”

During the chat, the two had already walked to the entrance of the villa.

Only when they got closer did they realise that the villa was even more luxurious than they had imagined.

There was not just one villa, but five in total, four small and one large, surrounding the middle villa, which looked very atmospheric.

“Gu Nanfeng is not an ordinary person, how do we get in?” Luo Xiaoyun asked.

“He’s not an ordinary person, so I’m an ordinary person?”

Ye Xing did not hesitate in the slightest and walked straight to the entrance of the villa.

“Stand still, who is it?”

At the entrance of the villa, two security guards stopped him.

Chapter 233

“Stop, who are you people and what is your business here at the ancient mansion?” A security guard stopped the two men in their tracks.

“I’m here to find Gu Nanfeng, tell him to come out and meet me.”

Ye Xing stood with his head held high and his hands behind his back, saying indifferently.

Luo Xiaoyun beside him cursed in his heart for pretending to be a fool. But honestly, he looked like this. The aura was like a rainbow, making people feel that he was not an ordinary person at first glance.

“What’s your name and have you made an appointment?” Sure enough, the security guard rose up respectfully.

“No appointment. You go and inform now and tell Gu Nanfeng that the Dragon King of the Dragon Palace has come to see you on business.”

The Dragon Palace was famous in the south, especially after a few big battles, and was considered to be famous, and some of the underground dark forces, were familiar with him.

Killing Shangguan Jinyun had also given him some notoriety in the martial arts sects.

Of course, this was only known to those within the circle, if it was just ordinary businessmen, they should not know him.

However, Ye Xing felt that Gu Nanfeng should be more than just a businessman. Without some background, he dared to let people know about the collection of three hundred years old Lingzhi casually, knowing that high vintage Chinese medicine, many cultivation people would want to grab it.

The security guard gave him a suspicious look. He took out his mobile phone and dialed it, walking away to make a call.

A moment later, he came over and said, "Follow me."

The two men followed behind them and walked towards the villa in the middle.

"So you're so famous!" Luo Xiaoyun was a little surprised and whispered.

"This shows that this Gu Nanfeng is definitely not just a businessman. In a while, you should talk less and just be my secretary." Ye Xing admonished.

"Who is your secretary now?" Luo Xiaoyun muttered in a small voice.

"How about I be your bodyguard and let you do the talking?"

Luo Xiaoyun rolled her eyes and didn't say anything more. She knew she wasn't capable of negotiating at all.

Led by the security guard, the two walked into the villa.

At the entrance of the villa, there stood a butler and the security guard stopped in his tracks.

"Both of you, upstairs please."

The butler, who was around fifty years old and dressed in a Tang suit, said.

Followed by the butler. The two went upstairs and arrived at the lobby on the first floor.

The hall was decorated in a Chinese style. It was very luxurious and large, and the wood used was all high-grade wood.

In the middle, next to the solid wood sofa. There sat an old man in his fifties with presbyopic glasses and a long, thin face.

"That's him." Luo Xiaoyun whispered.

"The two of you please take a seat, Ah Fu, bring me the finest tea." Gu Fengnan commanded.

"Yes, Master." The butler went down.

"Boss Gu, please forgive me for coming here uninvited." Ye Xing said politely.

“Lord Dragon King has come. What a splendid addition to the House!” Gu Nanfeng laughed.

“It’s just a name selling, Boss Gu has lifted you up.”

Ye Xing glanced at Luo Xiaoyun, his gaze somewhat reproachful.

This little ninny, why didn’t she tell herself about this old man’s character before she came.

From the first contact. This was definitely an old greaser, and an extra oily kind, this kind of person was especially bad at fighting communication.

Because, you never know what’s in his mind and don’t know which of his words are true and which are not.

“Lord Dragon King is famous in the south, even Shangguan Jingyun was easily killed, little old man has long heard of him and wanted to get to know him, I didn’t expect that the Dragon King would come to my door today automatically, little old man is really flattered!” Gu Nanfeng laughed, his eyes were mimicked into slits, he was a smiling Buddha.

“Boss Gu, I’m a martial arts practitioner, I like to be straightforward and don’t like to beat around the bush. I’m here today because of the three hundred year old Lingzhi that you have in your collection, whatever price you want to pay.”

After stating his intention clearly, Ye Xing stared at him with a gleaming gaze, waiting for him to reply.

Chapter 234

“When did you learn of this news?” Gu Nanfeng asked.

“Two years ago, I think!” Luo Xiaoyun jacked in.

“To be honest, you’ve really hit a sore spot with me.” A sad look appeared on Gu Nanfeng’s face as he continued, “Three days ago, a thief entered my home and my collection of Lingzhi was stolen. Strangely enough, this thief did not steal gold or antiques, but only Chinese herbs, and apart from that Lingzhi, there was also a two hundred year old ginseng. It was also stolen.”

“Three days ago?”

Ye Xing froze for a moment, could it be such a coincidence?

“That’s right, it was three days ago. I’ve reported it to the police, but the police came and just went through the motions, it didn’t do anything at all.”

“Boss Gu, this friend beside me is a senior captain of the Huaijiang City Police Force, and has solved dozens of big cases at a young age.” Ye Xing pointed at Luo Xiaoyun and solemnly introduced her, “Luo Xiaoyun. The number one police flower in Huaijiang, the missing girl case was solved by her.”

Luo Xiaoyun gave Ye Xing a blank look and smiled awkwardly.

This guy really didn’t need to brag, what a big captain, what solved dozens of big cases, she was just a mop-up in the police station.

“So it’s Officer Luo, my respects.” Gu Nanfeng arched his hand.

“You’re welcome, Boss Gu.” Luo Xiaoyun returned awkwardly.

“Boss Gu, if you don’t mind, how about we get the Lingzhi back for you?”

“That’s very good, let’s go to the crime scene and take a look.” Gu Nanfeng immediately agreed.

Next, Gu Nanfeng led the two to the third floor and entered a room.

The room was very large, 50 to 60 square metres in size, and there was a row of huge lockers inside.

Underneath the lockers, there was a row of safes, ten in total.

At this moment, three of the ten safes were open.

“Dragon King, the ganoderma and ginseng are in the third safe. That thief clearly came for the Lingzhi and left after getting it, not bothering about the other safes anymore.” Gu Nanfeng said.

Ye Xing and Luo Xiaoyun walked over and squatted down to look.

“The safe was cut open by a laser, the man had a laser cutter in his hand.” Luo Xiaoyun said.

Ye Xing looked at it and asked, “Boss Gu, how many people are at home in your house, and can’t the burglars detect it at all when they enter the house?”

“This laser cutting sound is still rather loud, you guys are sleeping too deeply!”

“Outside the villa. I hired five or six security guards to keep watch, and they were all put down. As for our family, when we were having a snack, we were drugged inside someone’s snack, and the family slept through the whole night, not to mention the cutting sound, the earthquake may not even be known.” Gu Nanfeng said.

“It seems that those who came had a plan long ago, and their strength is not weak.” Luo Xiaoyun stubbed her chin and said.

“Apart from the Lingzhi and ginseng, does Boss Gu have anything else missing?” Ye Xing asked.

“There’s also an ancient book. It wasn’t anything of value, so I guess I took it away in passing.” Gu Nanfeng said back.

Ye Xing crouched down in front of the three safes, his eyes looking around and finally landed on top of the security grille, where there was a gaping hole.

That gap had likewise been cut off by a laser cutter cutting off two pieces of stainless steel, revealing an opening that could be climbed into.

Walk over to the window. Looking downwards, it was slippery and difficult to get up unless one was an expert or used something to climb up.

Ye Xing stretched out his head, looked outside and said, “Let’s go downstairs and take a look.”

Coming down to the grass below, Ye Xing looked around and finally saw sunken footprints in one of the places.

“You don’t think. This person didn’t have any tools and just stomped up there like that, right?” Luo Xiaoyun said in shock.

“For an Inner Strength cultivator, it couldn’t be easier.”

Ye Xing finished. With luck on his feet, he stomped his feet on the ground and his whole body shot up into the sky. The next moment, he grabbed somewhere on the outer wall where he could lend a hand, and the person had landed at the cut window on the third floor.

Luo Xiaoyun opened his mouth wide and looked at him like a monster.

After a moment of inspection from above, Ye Xing gently leapt down.

“Well, what have you found?” Gu Nanfeng asked.

“Nothing found for now, have to keep checking.” Ye Xing looked at Gu Nanfeng and continued, “Boss Gu, the one who stole this Lingzhi from you is an expert, at least at the Zong Shi realm, this case is not easy to investigate. If I find out, how about you have to give me your Lingzhi after I find out?”

“No problem. As long as you can retrieve the ginseng, and the ancient book for me, I can give me the Lingzhi.” Gu Nanfeng nodded his head.

“Boss Gu, is there anything else you want to deliver?” Ye Xing continued to ask.

“No, I’ll trouble you.”

Next, Ye Xing checked in all directions once more. Only then did he take Luo Xiaoyun and leave the Gu family villa.

“I’m afraid that the burglars have long fled without a trace after what happened three days ago, how can we check?” Luo Xiaoyun asked.

“The Lingzhi wasn’t stolen at all, it’s inside the fifth safe.” Ye Xing suddenly said.

“How do you know?” Luo Xiaoyun looked at him with wide eyes.

“Inside the third safe, there was no medicinal smell left behind by the Lingzhi at all. Inside the fifth safe, I faintly smelled the smell of Lingzhi, and I am 90% sure that Lingzhi is inside.” Ye Xing explained.

Due to taking the spirit medicine for a long time and studying medicine, he was very sensitive to the smell of Chinese medicine.

Gu Nanfeng would never have dreamed that his nose was so nimble.

“This old man, the Lingzhi wasn’t stolen and he still asked us to check it out, what the hell does he have in mind?” Luo Xiaoyun said angrily.

Chapter 235

“Just use us as a gun.” Ye Xing snorted coldly.

“What do you mean?”

“Something very important must have been lost inside Gu Nanfeng’s safe, and the other party’s target is not the Lingzhi at all. The reason why he told us that the Lingzhi was lost was to use our hands to catch the thief.” Ye Xing continued.

“This old guy is really an old fox, to lie to us like this?” Luo Xiaoyun was upset and asked again, “What are your plans now?”

“I came here to target the Lingzhi, as for other things, I’m not in the mood nor do I have the time to care.”

The immediate priority was to strengthen himself and defeat Shangguan Lan, everything else he could ignore.

“The problem is that Gu Nanfeng will definitely not give you the Lingzhi easily.”

“He won’t give it. I’ll steal it, a mere Gu family can’t stop me.” Ye Xing coldly snorted.

On the way back, he bought a new set of clothes, and also bought black cloth. He made a hood and prepared to break into the Gu family at night tonight.

He had already confirmed that the Lingzhi was in the fifth safe, so he just needed to get his hands on it, he couldn’t care less about anything else.

As for investigating the case, it was none of his business.

In the blink of an eye, it was evening.

“You stay inside the hotel, don’t go anywhere.” After Ye Xing put on his new clothes. Said.

“So anxious to go? I always feel a little uneasy feeling, as if there is some kind of trap ahead.” Luo Xiaoyun said.

“No way, this is the only way.” Ye Xing said.

“Don’t you plan properly, I looked today, that safe is not removable, it’s fixed to the ground.”

“I’m not necessarily going to strike tonight, this time I’ll go ahead and mainly step on the spot.”

“Why don’t I go with you, one more person to look out for.” Luo Xiaoyun suggested.

“Just your triangular cat kung fu, come on!”

Ye Xing said and left the room with big steps.

After hearing his words, Luo Xiaoyun was hurt, who made himself weak!

Leaving the hotel, Ye Xing stopped a taxi on the road and came to a place one kilometre away from the villa of the Gu family, then proceeded on foot, and in no time, he arrived outside the villa and stealthily behind a tree.

The villa of the Gu family was built on the side of a mountain and was surrounded by a band of trees, which was very convenient for concealment.

With a gentle leap, Ye Xing jumped on top of a tree and spaced out thirty metres away. He watched the movement around the villa.

There were quite a few lights on around the villa, and some bodyguards could be seen patrolling.

The third floor room was still lit and through the window, Gu Nanfeng's figure could be seen from afar.

Suddenly, Gu Nanfeng pulled down the curtains, and the inside could not be seen.

Ye Xing found a tree fork and fell backwards, mocking up his eyes, ready to wait for the second half of the night to see what was going on.

At 2am, all the lights in the rooms inside the villa were switched off, and the security guards patrolling outside also looked a bit drowsy.

Ye Xing was about to jump down from the tree when he suddenly noticed that in the darkness of the woods. A dark figure was slowly approaching the villa.

It was hard to believe that this person was the burglar?

With a slight leap of his body, Ye Xing jumped down from the tree and followed behind the black shadow.

Judging from the appearance, the black shadow was rather petite, and was 80% a woman.

Her speed was very fast and her feet did not make much noise when she stepped on the woods, so it was clear that the other party was most likely an Inner Realm powerhouse.

Arriving behind a tree closest to the villa, the black shadow stopped and stared intently at the situation inside the villa.

At the moment. Her entire mind was inside the villa, and she didn't even notice that Ye Xing was quietly following behind her.

"Who the hell is this woman, and what exactly is her purpose in breaking into the Gu family at night?"

Ye Xing frowned and hid in the darkness, waiting to see what would happen.

About five minutes after the mould, suddenly deep in the woods. Another figure appeared, also dressed in black, and the two stood side by side.

Judging from his height, the later figure in black was clearly a man.

"Senior sister, are you sure you want to do this?" The man asked.

"Gu Nanfeng is too cunning, there is no way to do otherwise, we can only lure him out to have a chance of getting the Lingzhi." The woman said.

"Gu Nanfeng is extremely strong and has reached the Grand Master realm, I'm afraid something will happen to you." The man paused for a moment and said, "How about this. I'll distract him, you go find the Lingzhi, and the Excitement Cutter is for you."

The man finished and handed her a strange instrument from his body.

“I have better lightning skills than you. It has a better chance of escape.”

“Senior sister

“Stop it, it’s decided.”

The woman finished speaking and her figure swished out, arriving inside the villa in the blink of an eye.

Her figure stomped on the grass. With her hand gently lending strength to the wall, she landed on top of the third floor window.

The window was blocked by curtains, so it was impossible to see inside.

The woman was about to go inside when a sudden sense of crisis hit her and she suddenly paled and withdrew her entire body.

Hiss!

An icy wind hit her and the curtain was directly cut in half under, if she hadn’t dodged quickly, she would have been injured.

Gu Nanfeng jumped out of the window, holding a short knife in his hand with a murderous aura.

“Hand over the roster, or else I will take your life.” Gu Nanfeng bellowed.

The woman landed on the ground and said coldly, “If you want the little book, you can, use the Lingzhi to exchange it.”

“What if I don’t?”

“Inside the small booklet is a list of the Yuan Yin women you caught for the Nine Yin Sect. What kind of repercussions do you think there will be if this list gets out?” The woman coldly threatened.

Gu Nanfeng’s eyes kept rolling, his gaze fixed deadly on the woman as a burst of astral energy surged up from his body.

The grass clippings and leaves around them automatically floated up, as if they had been blown by the wind.

“Hand over the roster with one hand and the lingzhi with the other. But I have to find out if the roster is on you?” Gu Nanfeng said.

The woman reached into her pocket and took out a small booklet from it, waving it in front of him.

“Open it and read it.” Gu Nanfeng commanded.

The woman did not open it, instead she stuffed the small booklet into her bosom again.

“If it is true or not, you must know very well in your heart, where is the Lingzhi?”

“The Lingzhi is in hell, you go and fetch it!”

Gu Nanfeng suddenly struck out, his short sword in his hand brought out a cold aura and killed towards the woman.

“Gu Nanfeng, I knew you were such a person, wait for your reputation to fall apart!”

The woman turned and flew away, fleeing towards the depths of the woods.

Gu Nanfeng would not let her get away and chased after her, the two of them going one after the other, disappearing in the blink of an eye.

The remaining man in black came out from behind the trees, and with a few leaps, he was next to the villa in an instant.

Some security guards rushed over, but before they could get close, they were knocked to the ground in three or two blows, without the ability to resist at all.

These security guards were fine to deal with ordinary cultivators, but when they encountered these experts of ancient martial arts, they were simply not enough.

Soon, the man in black entered inside the room.

Throughout the whole process, Ye Xing was watching, he was ready to make a fisherman's gain.

Soon, the room was the same, and the sound of laser cutting was heard.

Chapter 236

Ye Xing waited outside and waited for the other side to come out.

There were ten safes inside, three of them had been cut open, and there were seven left.

Inside the fifth safe during the day, Ye Xing smelled the smell of Lingzhi emanating from inside, and if he guessed correctly, he would be able to find the Lingzhi when he cut into the second safe.

However, after the second safe was cut, the man in black still did not come out from inside and continued to cut the third one.

“This guy is too greedy, isn't he satisfied when the Lingzhi is in his hand. He still wants to keep cutting, isn't he afraid that Gu Nanfeng will come back?”

This thought had just been born, the next moment, Ye Xing suddenly felt that something was wrong.

These two men in black were only aiming for the Lingzhi. From their conversation just now, it could be heard that they were very scornful of Gu Nanfeng, in this case, they should have fled the first time they got the Lingzhi, how could they continue to cut open another safe, wouldn't that put themselves in a dangerous situation?

The biggest possibility is that there is no Lingzhi inside the third safe at all, and the smell inside is left over.

This fellow Gu Nanfeng. It was really too cunning.

Ye Xiong thought for a moment and his body flew backwards, chasing towards the depths of the woods, in the exact direction where Gu Nanfeng and the woman in black had disappeared.

There was no Lingzhi inside the room, so there was no need for him to stay.

Ten minutes later, the sound of a fight came from the foot of the mountain, two figures were flying and tangling, the wind shooting out in all directions.

The two men were none other than Gu Nanfeng and the woman in black.

The woman in black was wounded and her clothes were red with blood, and she was in danger.

“Be a good boy and hand over the manual, otherwise, don’t blame me for being ungracious.” Gu Nanfeng bellowed as he waved the short sword in his hand.

“Gu Nanfeng, I have copied the small booklet, if you dare to kill me, the list will definitely be spread out then.” The woman in black said.

“Don’t hand it over do you, I have a hundred ways to torture you.”

When Gu Nanfeng finished speaking, his attack became more violent.

Seeing that the young girl in black was about to be captured, Ye Xing put his hood on and his figure was like a roc, he quickly killed the two people and threw a punch out.

Bang!

This punch directly hit Gu Nanfeng’s sword and shook him out of the way.

“Who are you?”

Gu Nanfeng was slightly startled. It was completely unexpected that the other party would have helpers.

Ye Xing did not say anything as his figure charged out like a fierce tiger.

He wanted to see how much of a gap there was between himself and an ancient martial arts expert.

The two of them fought in place, and judging from their auras, there was no difference between them.

Like him, Gu Nanfeng was a strong person in the middle stage of internal energy, and his internal energy was similarly thick, but in terms of fighting experience, Ye Xing, who had more than a thousand reborn experiences, was much stronger than him.

Seeing that the two of them were fighting, the woman in black suddenly turned around and fled towards the depths of the woods.

Ye Xing fought for a long time. Following after her, he tracked closely.

Gu Nanfeng was about to track, but considering that he was no match for his opponent, he turned around and headed back in the direction of the villa.

The woman in black fled for a few minutes when a figure descended from the sky and landed in front of her, blocking her path.

“I saved you and you just fled like that, not very generous!” Ye Xing said with some displeasure.

“What do you want?” The woman in black asked.

Ye Xing put his hand out, "Hand over the little book."

He wanted to see what was inside the pamphlet, so that he could coerce Gu Nanfeng into trading with him.

"What booklet. I don't know what you're talking about." The woman in black stared at him with a glaring gaze.

"Are you trying to force my hand?"

"I don't even know what you're talking about."

Ye Xing pulled out a dagger from his body and held it in his hand as he took a step forward.

The next moment, he took a step forward, and the dagger in his hand viciously chipped out.

The woman in black fought back, but unfortunately, she was not even a match for Gu Nanfeng, and she was even wounded. How could she be Ye Xing's opponent.

Soon, she was in danger one after another.

Hiss!

Ye Xing's dagger cut through the clothes on her chest, revealing a piece of white and tender skin.

"All this is a warning, the next slash will be more than just a warning." Ye Xing said coldly.

The woman in black looked at her chest and hastily blocked it with her hand, her eyes staring deadly up at Ye Xing.

"Here."

The woman in black pulled out a small booklet from her body and threw it towards the woods on the right, at the same time, fleeing quickly.

Ye Xing took a few leaps, caught the booklet and opened it, only to see that it was empty inside. Except for the outer skin, the inside was all white paper.

"Little bitch, how dare you trick me, let's see how I will clean you up."

Ye Xing flew after the woman in black in the direction of her escape. From afar, he saw the woman running into the middle of the street and fleeing towards a residential house.

She probably thought that it was better to escape in a residential house.

Ye Xing chased after her with the last of his speed, ten minutes later. His body leapt up in the air and blocked in front of her.

"If I let you escape today, my name will be written backwards."

The woman in black's body fled towards the side, and had just escaped a few steps when a white light suddenly shot up, forcing her back raw.

Ye Xing flung out silver needles, blocking her escape route.

His figure scurried out, his dagger bringing up a cold ray of light.

A moment later, his dagger was at his opponent's neck.

"You go ahead and run away instead!"

Ye Xing said as he ripped off her hood, revealing a petite and delicate face.

Around twenty years old, with very tender skin, she was considered a rather colourful beauty.

"Huh, pretty good looking, it's been a while since I've had a meat." Ye Xing laughed heatedly.

"If you dare to do anything to me, I guarantee you will think hard." The woman in black said fearfully.

"I am a person who is most unafraid of threats."

Ye Xing said as he did so. While feeling towards the inside of her clothes, he had to erect a villainous look so that it would be convenient for interrogation later.

"What do you want, stop it." The woman in black's face changed greatly.

"Search something, if you don't hand it over obediently, I'll have to search it myself."

Ye Xing said as he reached his hand inside his clothes.

"Don't mess around, the stuff isn't even on me. How can I possibly bring the stuff out." The woman in black said sharply.

"Where's the little booklet?"

"Who the hell are you?"

The woman in black was curious about who the man in front of her really was. Hearing his voice, he sounded like he was very young, just not much older than herself, such a young expert, how come she had never heard of him before.

He had saved himself from Gu Nanfeng, so that meant he must not be one of Gu Nanfeng's people.

"Never mind who I am, I'll ask you once more, where is Little Book?" Ye Xing continued to ask.

"I don't know, the stuff was put away by my senior brother." The woman in black was determined not to say.

"Don't say it is, see how I will soak you."

Ye Xing struck his hand on the back of the woman in black's head, knocking her out.

He had to find a place and interrogate her slowly.

Chapter 237

Just then, Ye Xing remembered the last time he had interrogated that disciple of the Nine Yin Sect, when he had used the Soul Refining Needles, and he had never seen anyone who could withstand the pain under such a needle technique.

Ye Xing took out a row of silver needles from his body and stabbed them down onto the woman's body. When the tenth silver needle was inserted, the young girl in black began to scream.

Ye Xing ignored her and cut a strip of cloth from her clothes and stuffed it in her mouth so that she could only let out a whimper.

"Shake your head later if you can't bear it."

Ye Xing continued to apply, and when he reached fifteen stitches, the girl in black shook her head desperately. Finally, she couldn't hold on anymore.

Pulling out the silver needles inserted in her body and then removing the cloth from her mouth, Ye Xing then asked, "There is only one chance, if you are still not honest. Don't blame me for not being polite. Where is the small book?"

After being tortured just now, the woman in black was much more honest and returned, "The stuff is not on me, it's with my senior brother."

"What is your senior brother's phone number?"

The woman gave a number, Ye Xing took out his mobile phone and dialed it, and it was soon answered.

"Senior sister, where are you now?"

The phone had just been connected. A voice there asked urgently, it was the voice of the man who had broken into the Gu family at night with the woman in black earlier.

"Speak." Ye Xing ordered.

"Senior Brother, save me, I've been arrested." The woman said urgently.

"Who have you been captured by and where are you now?" On the other side of the phone, came the man's anxious voice.

Ye Xing put the phone to his ear and said indifferently, "Your senior sister's clothes have been stripped down to only two pieces by me, you are limited to bring the little book near the Gu family villa within half an hour, otherwise you know very well what the consequences are."

Without waiting for him to reply, Ye Xing hung up the phone.

Then, he sat down on the ground and slowly waited.

"Who the hell are you?" The woman in black couldn't help but ask.

"Nonsense, how could I possibly tell you." Ye Xing said.

"Then do you know what kind of person I am?" The woman in black continued to ask.

"A woman."

Puff!

She couldn't help but laugh, and just as she finished laughing, she felt that she had reacted too much, it was indeed a bit inappropriate for her to have the heart to crack a smile when she was now in danger. Seriously though, she found herself not seeing very cruel tactics in this guy.

When he said he would strip himself, it was all just lip service, he didn't even do anything, he didn't seem to be like other bad guys.

"Do you have a grudge against Gu Nanfeng?" She continued to ask.

"Can you cut the crap, I'm a kidnapper. It's useless for you to get any closer, talk again and I'll really pick you off." Ye Xing warned.

"I don't think you're very bad." She continued.

Ye Xing stood up, the dagger in his hand reaching for her collar, making as if to slice it open.

"No, no, I'm wrong, I won't talk alright!" The woman in black jumped in fright.

Only then did Ye Xing retract her hand and sat down on the ground again, waiting quietly.

Suddenly, the woman in black shouted woefully and said urgently, "Mosquito, it's itchy, it's so itchy. Help me."

Here is the woods, mosquitoes are particularly large, Ye Xing sitting is fine, can casually move hands and feet, mosquitoes can not bite, but the woman in black is tied, can not move, then it is bitter, born into a mosquito feast.

"Feed the mosquitoes what's wrong, these mosquitoes how poor, here how long has not eaten, except for animal carcasses and feces. They haven't eaten anything else, can't you take pity on them and let them have a full meal?" Ye Xing said in a serious manner.

Animal carcasses, feces?

It was fine if he didn't say it, once he said it the girl in black was even more disgusted, her whole body was uncomfortable from head to toe!

"Please, let go of me, I promise I will definitely not run away. Sit still."

"No."

"Please brother, I beg you."

"There's no negotiation."

"Can't you bear to let a girl as beautiful as me, feed the mosquitoes here, can't you have any mercy?" Seeing that he was still unmoved, the woman in black continued, "How about this, let's change places and wait for my senior brother inside the city."

"Wait for me." Ye Xing said and left.

"Hey, where are you going, come back soon, I don't want to feed the mosquitoes!"

Ye Xing ignored her and took his phone and searched inside the woods, a few moments later. Then he found a few small plants and came back.

“What’s this?” She asked curiously.

Ye Xing didn’t reply, plucked the leaves of the small grass, rubbed them with his hands, and then smeared them on the exposed skin of the young girl’s body.

Soon. The young girl in black felt a cool sensation coming from her skin, the mosquito bites did not itch anymore, and the mosquitoes did not dare to come over.

“So it’s mosquito repellent herb, thank you.” She finally understood.

Ye Xing put it on his own hands and feet. Rubbed some on as well, before standing to the side and waiting.

“My name is Yan Ruyu, I’m a disciple of the ancient martial arts sect Hidden Sect, what’s your name?” The woman in black asked.

Ye Xing didn’t reply, he already didn’t look like a kidnapper, if he spoke down again, his kidnapper’s majesty would be gone.

“Don’t worry, we’ve copied the booklet, it’s nothing to give you a copy. Brother cares for me, he will definitely not let anything happen to me, and he will definitely bring the booklet over.” Yan Ruoyu continued.

“I don’t think you’re like a bad person, how about we be friends?”

Ye Xing rolled his eyes, women are like that, the more you respond, the more questions they have.

After asking a few questions, Ye Xing didn’t even respond. Yan Ruyu was also bored with it.

Half an hour later, the phone rang and Ye Xing picked up.

“I’m near the Gu family villa, where are you?” On the other side of the phone, Yan Ruyu’s senior brother asked urgently.

“Facing the main entrance of the villa, go about a kilometre or so to the left.” Ye Xing finished speaking and hung up the phone.

A few moments later, a human figure appeared in sight. It was none other than Yan Ruyu’s senior brother.

“Dare to arrest my senior sister, accept your life.”

The man finished speaking and rushed over with a steaming killing aura on his body.

Ye Xing was too lazy to make a move with him and put the dagger on Yan Ruyu’s neck and said, “If you make another move, I will kill her.”

Sure enough, the man didn’t dare to move.

“Where is the pamphlet?”

The man pulled out the small booklet from his body and threw it out, landing in Ye Xing's hand.

Ye Xing opened it and looked at it. The cover of the booklet was relatively new, but the contents inside were very old, and on it were some lists of names.

It looked like it should be the real copy.

From the conversation between Yan Ruyu and Gu Nanfeng earlier, Ye Xing learnt that this booklet was a list of the names of the Yuan Yin women that Gu Nanfeng had captured for the Nine Yin Sect, and judging from the birthdays on the list, they were all of a Yin year, a Yin month and a Yin day, so it should not be false.

Putting the pamphlet into his arms, Ye Xing then turned his eyes and left, disappearing in an instant.

The man hurriedly went forward and untied the rope tying Yan Ruyu before asking urgently, "Senior sister, are you all right?"

"I'm fine." Yan Ruyu shook her head.

"He didn't do anything to you, did he?"

The man asked, looking at the two buttons that had been picked off her chest.

Chapter 238

"He didn't do anything to me." Yan Ruyu straightened her collar to keep the spring light out of her eyes.

"That's good that it didn't." The man breathed a sigh of relief.

Yan Ruyu knew very well what was on his mind about this senior brother of his, he had always had a soft spot for himself, and if he had been humiliated, he would have been very upset.

The senior brother's name was Fang Bai, both of them were disciples of the Hidden Sect now, and this time they had come down from the mountain to practice and look for valuable Chinese herbs on the way.

For ancient martial arts practitioners. Precious herbs were too important, one of the most important ways to make a martial artist stronger.

"Senior Brother Fang Bai, what do we do now?" Yan Ruoyu continued to ask.

"That fellow arrived at the small book just now. He will definitely make a move and might have a deal with Gu Nanfeng, so we'll just wait and see what he wants, and then we'll make a profit." Fang Bai said.

"Senior brother, that guy is very strong. Even Gu Nanfeng is no match for him, how can we win against him?" Yan Ruoyu said.

"If we can't win the fight, we'll lay down the means, the most important thing now is to find out his identity, once we know his identity, we'll have a way to deal with him." Fang Bai said.

"That makes sense, I also want to see this guy, what kind of divinity he is." Yan Ruyu nodded her head.

.....

On the other side.

Ye Xing returned to the hotel and entered his room.

Just as he entered his room, there was a knock on the door, and when he walked over to open the door, Luo Xiaoyun was standing outside the door.

“Why are you still awake, it’s already time.” Ye Xing was speechless.

It was already after four in the morning.

“How can I sleep when you’re out on an adventure.”

“What, afraid that I’m in danger?” Ye Xing looked at her with a smile.

“I’m in the position of a friend who cares about you, don’t look at me with the eyes of a lover.” Luo Xiaoyun gave him a blank look before continuing, “How’s the investigation going?”

“A little bit of harvest.”

Ye Xing took the small booklet out from his body and flipped through it.

“What is this and where did it come from?”

“It’s a list of the Yuan Yin women that Gu Nanfeng captured for the Nine Yin Sect.”

“What is a Yuan Yin woman?”

“Simply put. It is a woman born in a Yin year, a Yin month, a Yin day, and if you can add a Yin time, that would be even better. Such a woman carries a very strong Yin energy in her body, so she is called a Yuan Yin woman. Unlike ordinary virgins, these women can still emit a very dense Yin Qi even if they are not virgins, so they are a very popular cultivation target for the Nine Yin Sect.” Ye Xing explained.

“What’s the use of this list?”

“If this list were to spread out, Gu Nanfeng would be in big trouble. There are quite a few ancient martial artists out there who are defending the devil. If they knew that Gu Nanfeng did such a thing, they would definitely not let him off and go after him to settle scores. Even if no one looks for him to settle scores, Gu Nanfeng will still be in disrepute, which is not a good thing for him.” Ye Xing explained.

“You want to use this list to negotiate with Gu Nanfeng?” Luo Xiaoyun guessed.

“That’s right.”

Ye Xing put the small booklet away and said, “I’m a bit sleepy after a busy night, I’m going to bed!”

“You have a good rest. I’ll go back to my room first.” Luo Xiaoyun turned to leave.

“Do you want to sleep together?”

“F*ck off.”

There was no talk all night.

The next day, Ye Xing slept until noon before getting up.

After simply finding a place to have lunch, Ye Xing then took Luo Xiaoyun with him and went straight to the Luo family.

“You just brought the small book to the door like this, aren’t you afraid that Gu Nanfeng will rob it hard?” Luo Xiaoyun asked worriedly.

“We fought last night, he is no match for me.”

Soon. The two of them arrived outside the villa.

“You wait for me here, lest we don’t get to talk later and I can’t take care of you in a fight.” Ye Xing said.

Luo Xiaoyun was hurt in her heart, but what could be done, who made herself weak!

“You be careful.” Luo Xiaoyun admonished.

“Don’t worry, when the Lingzhi arrives, when the time comes, I’ll refine a pill and send you a few to bring you into the Dao.”

With the remembered fragments. Ye Quan felt to himself that it would not be difficult to make Luo Xiaoyun stronger.

After comforting her a few times, Ye Xing then walked towards the villa.

“Brother Ye. You’re here, where’s your partner?”

Just as he entered the villa, Gu Nanfeng greeted him. Resuming an old and cunning look.

If Ye Xing had not seen it with his own eyes last night, he would never have thought that this oily old fellow would be a strong person with no weakness.

“She’s busy with other things and hasn’t come over!” Ye Xing said back.

The two talked and chatted, and soon reached the first floor guest staircase.

“Did Brother Ye come today to get some clues?” Gu Nanfeng asked.

“Boss Gu, do you want to speak openly or do you want to play official?” Ye Xing asked.

“Look at you, I am not an official, of course we are straightforward.”

Ye Xing immediately took out the small booklet from his body and put it on the table, spreading out the first page.

Gu Nanfeng’s face immediately changed. Looking at Ye Xing, he reached his hand over.

Ye Xing pressed his hand and held the small booklet down.

“Brother Ye, speak plainly!”

Gu Nanfeng knew that it was no longer useful to pretend at this point, so he immediately turned serious.

“I want the Lingzhi.”

“I have already taken the Lingzhi. Since you know that I am a martial arts practitioner, you naturally know that too. Lingzhi is useful to martial cultivators, how can I not use such an advanced Chinese medicine?” Gu Nanfeng said.

“When did you take it?”

“A month ago.”

“Then there is no need for us to trade, I’d better make a deal with the people from the Hidden Sect.”

Ye Xing picked up the small booklet, put it in his arms and made a move to go.

“Brother Ye, wait a moment.” Gu Nanfeng hurriedly stopped him and said, “I don’t have any more Lingzhi, but I still have a two hundred year old Snow Lotus here, which is not much weaker than that Lingzhi, so I can exchange it with you.”

“Take it out and have a look.”

“Wait a moment.”

Gu Nanfeng went upstairs and came down a few moments later, holding a brocade box in his hand and handed it to Ye Xing.

Ye Xing opened it and saw that inside was an air-dried dead flower, which smelled extremely good.

He took the snow lotus, looked, smelled and tasted it, and only after a long time did he put it inside the box and said coldly, “A hundred and fifty years old snow lotus, and you dare to say it is two hundred years old, do you really think I am blind here?”

Gu Nanfeng’s face changed slightly, but he quickly recovered and hurriedly said, “Brother Ye, this has been tasted by a master, it is indeed two hundred years old, and it is of the highest quality, and has been treasured for a long time

“Don’t pretend for me, this thing doesn’t deserve it.”

Ye Xing pushed the box to him and continued, “If you want to exchange it for the small booklet, you have to take out the price corresponding to the booklet. You know very well what kind of consequences you will have after this pamphlet gets out.”

“Brother Ye, what I have here is the most valuable herbal medicine, which is this snow lotus.”

“What about the lingzhi?”

“Didn’t I just tell you, I’ve already taken the Lingzhi.”

“Yesterday, I was on the third floor and smelled the Lingzhi inside the third safe. If you had really taken the Lingzhi a month ago, there is no way that the Lingzhi smell that I could smell would still remain inside the safe. Gu Nanfeng, do you still want to talk properly?” Ye Xing’s face began to chill.

Chapter 239

Gu Nanfeng obviously did not expect Ye Xing to have such a good nose, the Lingzhi had been sealed inside the safe and still be able to smell it out, and even know how long ago it had been moved, this was definitely not something an ordinary person could do.

“Dragon King, you misunderstood. The medicinal smell has just lingered for a longer time, I really took the Lingzhi.” Gu Nanfeng explained.

“Since that’s the case. Then there is nothing to say.”

Ye Xing said as he stood up and prepared to leave.

Behind him, Gu Nanfeng’s gaze was deadly fixed on his back. His hand quietly fished out a dagger from his pocket.

“If you think you can take a shot at me, by all means try.”

Ye Xing stood still, as if eyes had grown behind his back.

Gu Nanfeng’s dagger was hastily put away and he went up and said with a smile, “Why did you say that, Brother Ye? We both fought last night, I am no match for you.”

“When did we fight last night?” Ye Xing pretended to be confused.

“Don’t hide it, I know that it was you who saved that woman last night.” Gu Nanfeng continued.

“If you think it was me, then it was me... I ask you once more, to change or not to change?” Ye Xing turned to look at him.

Gu Nanfeng pondered for a moment and gritted his teeth, “Okay, I’ll switch with you. But I have one more request.”

“Go ahead.”

“I want you to snatch the duplicate pamphlet from those two disciples of the Hidden Sect.”

“If you want to snatch it, you can do it yourself, I can’t do it.”

Ye Xing was not in the habit of being used as a gun, he aspired for the Lingzhi, but it was not a must.

“Fine, I will exchange with you.” Gu Nanfeng finally agreed.

Then, he went upstairs. Soon after, he brought a box down.

The box was opened and inside was none other than a Lingzhi plant, emitting a strong medicinal smell.

“Brother Ye, the Lingzhi is for you, let’s consider it a friend between us!”

Without the ability to resist, Gu Nanfeng would prefer to be friends with the young man in front of him. It was better to have one more enemy than one more friend.

“Fine, from today onwards, you are my Ye Xing’s friend, as long as it’s not a matter of killing or setting fire. I’ll help if I can.”

Since the other party had already handed over the Lingzhi, it was natural to say polite words on his lips.

Handing over the small name list with one hand and the Lingzhi with the other.

“Boss Gu, thanks, I have something to do first.”

Ye Xing arched his hand, before turning around and striding away.

Looking at his back. Gu Nanfeng’s expression became more and more gloomy.

After going out, Ye Xing arrived in the middle of the woods. He found that Luo Xiaoyun was not there at all.

He threw out his mobile phone and dialed. It soon got through, and a voice came from the other side of the phone.

“Didn’t expect that it would be me answering the phone, did you?”

Yan Ruyu’s voice rang out over there, with some smugness in it.

“What do you want?” Ye Xing asked coldly.

“Last night, the place where you tied me up.” Yan Ruyu finished speaking and hung up the phone.

Soon, Ye Xing arrived at the place where Yan Ruyu was tied up last night and found Luo Xiaoyun tied up in a tree.

Next to her. There was a man and a woman standing, none other than Yan Ruyu and Fang Bai, disciples of the Ancient Sect.

“Ye Xing, sorry for causing you trouble.”

Seeing Ye Xing. Luo Xiaoyun was a little ashamed, not expecting that she had taken it as a drag.

“What you’re holding is the Lingzhi, right?” Yan Ruyu stared at the top of the brocade box in his hand and commanded, “Throw the box over, or else don’t blame No for laying hands on your little girlfriend.”

Fang Bai held a dagger in his hand and held it at Luo Xiaoyun’s neck.

“I’m not his girlfriend.” Luo Xiaoyun explained.

“You don’t care what your relationship is, throw the box over or don’t blame me for not being polite.” Yan Ruoyu ordered.

Chapter 240

Without the slightest hesitation, Ye Xing threw the box over and it landed in Yan Ruyu’s hand.

Yan Ruyu did not expect the other party to be so quick to catch the box and opened it, and inside was indeed the Lingzhi she had dreamed of.

“Senior brother, it’s real.” Yan Ruyu said excitedly.

Fang Bai took a look at it and saw at a glance that it was real and was also very happy.

“Something that was so hard to get. Just give it to them like that, don’t you struggle a bit?” Luo Xiaoyun looked a little heartbroken.

“We can find the medicine slowly, there is only one life.”

After saying that, Ye Xing’s gaze fell on Yan Ruyu and said, “You have the stuff, you can go now.”

Yan Ruyu glanced at Ye Xing, she did not expect this guy who kidnapped her and robbed her booklet last night to look this handsome and with love and intention.

She couldn’t help but give him an extra look.

“Senior brother, let’s go.” Yan Ruyu said.

“Senior sister. Let’s figure out a retreat route first, we can’t let people go now.”

Fang Bai did not take the dagger in his hand away from Luo Xiaoyun’s neck, his gaze never leaving Ye Xing for a moment, saying, “This guy is still stronger than Gu Nanfeng, what if he backtracks on us?”

Yan Ruyu thought about it and felt that it made sense, with the strength of the two of them, they might not be able to beat him.

“I promise that within today, I won’t pursue it.” Ye Xing said.

“Bullshit, I don’t believe in promises.”

Fang Bai cut the rope tying Luo Xiaoyun and escorted her towards the road.

“Senior sister, go and drive a car to the road, we’ll release her after we get in.”

“It’s better for senior brother to think of it, I’ll go get the car first.”

Yan Ruyu went to fetch a car and a moment later drove a car to the side of the road.

“Stand a little further away.”

Fang Bai ordered Ye Xing to stay away before he got into the car, pushed Luo Xiaoyun out of the way and the car roared away.

Luo Xiaoyun was in shock. He breathed a sigh of relief.

“Are you alright?” Ye Xing asked as he walked over.

“Yes.”

“That’s good, let’s go back to the hotel!”

“Back to the hotel for what?”

“I wasted a Lingzhi, that’s worth tens of millions of dollars, or there’s no market for it, aren’t you going to give it to me in return?” Ye Xing laughed.

Luo Xiaoyun was about to curse and say fuck off, but with a twinkle in her eye, she said, “Fine, I don’t have anything of value on me either, so I’ll have to give my body in return.”

“Really?”

“If you think it’s true, it’s true.”

The two of them went back to the hotel room. After entering the room, Luo Xiaoyun laid down directly onto the bed and said, “Come on!”

Looking at her still proud figure as she lay down, Ye Xing could not help but swallow his saliva.

He knew very well that Luo Xiaoyun was testing him, if he really pounced on her, what would greet him was not tenderness, but a knife.

“Luo Xiaoyun, I didn’t expect you to be such a woman, I’m your wife’s husband. Unwomanly and lowly.”

Ye Xing scolded in righteous indignation, before leaving in a huff.

Luo Xiaoyun was baffled, before she could react, Ye Xing left to go back to her room.

Shouldn’t he be the one scolding him?

How did it turn around?

Her whole body jumped up and rushed out of the room. Walking to the next room and knocking on the door, she said angrily, “Ye Xing, open the door.”

“I won’t open it, what if you force me on you?”

“Tell me clearly, who is not a woman and who is a slut now?” Luo Xiaoyun was so anxious that she was about to vomit blood.

No matter how much she knocked on the door, Ye Xing didn’t open it.

She was now in a fit of anger, opening the door would be looking for abuse, Ye Xing was not that stupid.

Luo Xiaoyun cursed through the door for a moment. When she saw that he did not respond, she left in anger.

Ye Xing lay on the bed in his room and began to think about what he should do next.

He had come this time. It was to come for the lingzhi, and it was so hard to get it, but it was robbed.

Nowadays, there were too few high vintage Chinese medicines. It was hard to get one, who knew it was robbed, it was strange to feel comfortable.

Now there were two ways to go, the first was to find another Chinese medicine of higher vintage, the other was to track down Yan Ruyu and Fang Bai and snatch the spirit medicine back.

This kind of valuable Chinese medicine, Lingzhi, was usually used to make pills and medicines, and it was impossible for them to take it within a short period of time.

An hour later, the phone rang, Luo Xiaoyun was calling.

“It’s noon, going to eat?” She asked.

Ye Xing opened the door to his room and saw her standing in the doorway. A pair of eyes looked at him resentfully, and it looked like the anger had subsided quite a lot.

Sure enough, a woman's anger would slowly fade away.

The two of them went down to eat, and in the middle of the meal, Luo Xiaoyun asked, "What are your plans?"

"Thinking of ways to see if I can track down those two guys." Ye Xing said.

"The two of them are on their way to Ming Yang Ancient Town. Chase them?" Luo Xiaoyun asked.

"How do you know?" Ye Xing asked.

"I know someone from the police station over here, and I just had someone track the license plate of that car." Luo Xiaoyun said.

"It's not that easy, they're not changing cars, are they stupid?" Ye Xiong immediately vetoed her opinion.

Ye Xing thought for a moment, took out his mobile phone and dialed Gu Nanfeng's number.

Gu Nanfeng was a celebrity over here, it was not difficult to find his number.

After a few tumbles, he finally got through to Gu Nanfeng's number.

"Brother Ye, so anxious to find me, what's the matter?" Gu Nanfeng asked.

"Do you know where the Hidden Sect is?"

"What is the matter that Brother Ye is looking for the Hidden Sect?"

"I have an important matter and I need to go to the Hidden Sect."

Ye Xing did not say the reason why he was looking for the Hidden Sect, if Gu Nanfeng knew that he did not have the Lingzhi, he was afraid that he would personally go out to track it down.

At that time, the Lingzhi would be robbed by one more person, it was not cost-effective.

"The address of the Hidden Sect is not known to anyone but their inner disciples, sorry." Gu Nanfeng said.

"In that case, then I'll trouble you."

After hanging up the phone, Ye Xing stood up and said, "Let's go!"

"Where to?"

"The car has gone north, so let's go south to chase it. I'm wrongly guessing that they're laying a cloud of suspicion, so it's up to God if we can catch up."

Ye Xing bought a second-hand car locally and took Luo Xiaoyun with him, heading south in pursuit.

There was only one national road to the south, and if Yan Ruyu and Fang Bai were heading this way, they would definitely take this road.

Every time they passed through a county, Luo Xiaoyun went to the local traffic bureau to check the surveillance to see if they could find the two.

The two kept chasing them for more than 300 kilometres, without tracking them down.

There happened to be a gas station in front of them, and the two men went up to ask again.

Ye Xing took out a pattern that Luo Xiaoyun had spelled out at the police station and handed it to the gas attendant, "Sister, we are the police, have you seen this woman?"

"No." The petrol attendant looked at it and said.

"What about this one?"

Ye Xing took out Fang Bai's puzzle and showed it in front of her.

"This one has been seen, she filled up here two hours ago, driving an SUV." The woman filling up said.

"Really, you're not wrong?" Ye Xing asked excitedly.

"I'm not too sure."

Ye Xing looked and saw at a glance that there were cameras inside the gas station, and immediately pulled Luo Xiao to get out of the car and go inside to check the monitoring.
