

Foolish Son 281-282

Chapter 281

“Boss Du, when did I make a request with you, don’t talk nonsense.” Ye Xing collapsed his face.

This woman actually made herself lose face in front of so many people, wasn’t she afraid that she wouldn’t give her the antidote to the poison?

“Good brother, you forgot so quickly, didn’t you say you were going out for a drink tonight and asked me to book a room for you, so soon you forgot?” Du Jiuniang laughed.

“O, I remember.”

Ye Xing tapped his head. Acting as if he had suddenly realized, he then explained to the surrounding crowd, “I went to help Xiao Yun catch medicine this morning and happened to meet Boss Du. She said that his Kyushu Hotel is the most luxurious hotel now, and the bar over there is particularly beautiful, so I let her reserve two rooms, so I can just go up there to rest after drinking tonight.”

“Then why did she say, ‘Let’s go there together?’” Luo Xiaoyun asked skeptically.

“She’s not old at heart, and when she heard we were going out, she wanted to go along too.” Ye Xing continued to explain.

“I’ve already booked the bar. I’ve got the room too, do I need her to book it?” Rose swept her gaze around the two of them and snorted coldly, “You two, there must be something wrong with you.”

“Come on, look at her, she’s a thirty or forty year old woman, is it possible for me to have thoughts about her?” Ye Xing exclaimed.

“You men, don’t you all like mature women?” Luo Xiaoyun sneered.

“Thirty or forty years old? Why does she look like she’s only twenty-seven or twenty-eight.” Hong Tian looked at Du Jiuniang and said.

“You guys really misunderstand, Ye Xing is a good person, when he heard that I took the poison pill, he immediately agreed to help me with the poison. I am already a thirty-three year old woman, we are seven or eight years apart, how is that possible. You guys are really thinking too much.” Du Jiuniang laughed.

“Then how do you know we went singing and drinking tonight, he wouldn’t tell this to you, a one-sided friend, would he!” Rose was still suspicious.

“He asked if my pharmacy had a better antidote to alcohol and said he wanted to give it to you.”

Du Jiuniang finished and pulled out a box of small pills from inside her backpack and handed it to Qiang Wei.

“He knows that you drink a lot and have an upset stomach. He asked me to find the best antidote to alcohol. The shop didn’t have any, so I happened to collect a few boxes of imported ones.”

Qiang Wei glanced at Ye Xing, her previous suspicion instantly gone and her attitude took a hundred and eighty degree turn.

She took the medicine and gave Ye Xing a white look, "Count on you to have some conscience."

Ye Xing sighed with relief, he really felt like a roller coaster just now.

Although he didn't care much about other people's opinions, but to a woman he met on one side, seeing that someone else was pretty, he used the cure to coerce her into sleeping with him. This was really not what a man would do.

Although he was joking and deliberately teasing Du Jiuniang, others would not think so.

Ye Xing glanced at Du Jiuniang and secretly admired this woman.

What a person!

"I won't bother you guys for dinner, have fun tonight, I've already instructed that side, I'll pay for all the spending today."

Du Jiuniang finished her sentence and left with the pace of a socialite in the old Shanghai era.

"This old woman, what a flirt!" Hong Tian couldn't help but say.

"Like to be flirtatious. You go after it!" Rose drank.

"I don't like this type of old woman, I like your type." Hong Tian spat out his tongue.

"When Du Jiuniang was young, she was one of the greatest beauties in the provincial city, and I don't know how many people chased her at that time. Even the current Cao family head, Cao Yu, had chased her fiercely, but she chose Wang Yang in the end." Haitang said.

"Where did her husband go?" Ye Xing asked curiously.

"He's been missing for a long time, some say he was killed, some say he went to a faraway place. Others said that he was in jail, and no one knows his whereabouts. Later, Du Jiuniang inherited her father's property and became the only female family head among the four great families." Rose said.

"The most rumoured thing is that Wang Yang was killed by Du Jiuniang's father. When Du Jiuniang and Wang Yang were together, Du Jiuniang's father did not agree, and in her anger, she stole the account book to register her marriage with Wang Ze, but it turned out that not long after the registration, Wang Ze died. Later, Du Jiuniang's father was killed in a car accident, and even Du Jiuniang's mother and brother died together. All of the Du family's assets fell to Du Jiuniang. Some people said that the car accident was arranged by Du Jiuniang." Haitang said.

When this was said, the people around them all took a breath backwards.

To help her boyfriend take revenge. Killing the whole family, this woman was too ruthless!

"These are all rumours from outside, no one knows the truth. One thing for sure is that Du Jiuniang is not a simple person, her city is very deep, Dad told us sisters to hang out with her as little as possible." Haitang added.

Ruthless or not Ye Xing didn't know, but this intelligence was really high.

He had been played with just now.

"Since your father said so, you guys should still hang out with her less in the future." Ye Xing said.

"Ye Xing, did you really promise to help her with the poison?" Luo Xiaoyun asked.

"Ye Jiannan is also poisoned, helping her is incidental." Ye Xing said back.

The people around them all understood.

Although on the surface, Ye Xing was very indifferent to the Ye family and had almost no affection. But when it came to matters of life and death, he would still not just stand by, after all, that was his father who was related to him by blood.

"Let's not talk about that woman, let's grab dinner, let's go over early tonight and not get drunk."

As soon as we talked about drinking. Qiang Wei got a little excited again.

Ye Xing really doubted that this girl was an alcoholic worm cast in her previous life.

After eating, Ye Xing went back to his room to cultivate for a few moments and recited the "Three Worlds of Karma Sutra" a few times.

Only when it was about time did he take a shower and change into a handsome outfit.

When going out to get high, it was natural to dress up properly.

9pm, Kyushu Bar!

A group of five people entered the bar, and there were already some people inside, these were all Qiang Wei's drinking friends.

"Sister Qiangwei, Boss Ye, sit over here."

In the middle seat, a sexy and plump woman wearing a small short skirt waved at them.

This woman was someone Ye Xing had met before when he was racing with Lu Yuan, she was the one who drafted the betting contract at that time, what was her name, Ye Xing couldn't recall it for a while.

"Lily, why are you here alone, where is your boyfriend?" Rose asked.

Only then did Ye Xing think of her name, it seemed that she was also a famous lawyer.

A lawyer who often went to bars, hell with society.

"Sister Qiangwei, where is my boyfriend, I've always been single!" Lily laughed cheekily and gave Ye Xing a look.

"Fancy him?"

Qiang Wei patted Ye Xing's shoulder, "If you have the ability to get him drunk, feel free to do whatever you want today."

“Sister Qiangwei, he’s your type, I wouldn’t dare to take him.” Lily waved her hand repeatedly.

“I don’t like men, it’s not like you guys don’t know that.”

Just after sitting down, Lily immediately poured two glasses of wine and walked over to Ye Xing: “Boss Ye, I’ll have a drink with you.”

“Lily, it’s a long night, there’s plenty of time to drink, there’s no rush.”

Ye Xing took the wine, drank a glass and put it down.

From the impression, there were quite a few people here who had drunk with him, one cup each, how could he cope with that.

Chapter 282

“Boss Ye, good things come in pairs, have another drink.” Lily poured another glass.

“Lily, you’re not trying to get me drunk, are you?” Ye Xing laughed.

“Yes, after getting you drunk, Sister Rose can do whatever she wants to you.” Lily grinned cheekily.

“Lily, if you want to find a man by your own hair cunningly, just say so, don’t drag me into it.” Rose scolded.

“Sister Rose, how can you say that about me, I’m very innocent.” Lily put on an aggrieved look.

Simple?

Ye Xing couldn’t help but give Lily a look.

This woman was well versed in the drinking scene, the word simple didn’t even come between her and her.

“If you want to drink this second cup with me, it’s not impossible. Let me see your palm.” Ye Xing laughed.

“Why do you need to read palms?”

“Because I only drink with people I’m compatible with, not those who aren’t.”

“Then take a look for me.”

Lily put her hand out.

It was white, long and thin. The nails were longer and had been manicured.

Not bad for a lawyer in an office, quite a classy one.

“Lily, your middle finger nail is too long and inconvenient to use, we suggest cutting it off.” Ye Xing smiled badly.

“Boss Ye, you are so bad!”

Lily twisted her body and withdrew her pettiness, a woman who often mixed with drinking places. How could she not hear these subliminal words of men.

The men in the drinking place, ten men, nine like to say dirty jokes.

Ye Xing put his hands on her pulse, and infused his own Yuan Qi into it to check her body condition.

The dampness in her body was relatively heavy and her Yin Qi was weak, so she was no longer a virgin long ago.

“Boss Ye, how about it, there is a destiny between us, right?” Lily asked with a wink.

“Not bad, you don’t have a good stomach, drink less.”

“How do you know I have a bad stomach?” Lily asked curiously.

“Didn’t I just read to you that apart from your stomach, you have a heavy dampness in your body, so it’s best to do some dampness removal treatment. Also, you have some enlargement in your right lumbar disc, don’t sit for too long, and correct your sitting posture when you work.”

“Oh my God, how did you know that?” Lily exclaimed.

If it was the stomach, he could still guess, after all, seven out of ten people in society nowadays had stomach problems, and those who drank a lot had even more stomach problems.

But this right lumbar disc enlargement, he hadn’t touched it, how did he know?

“Didn’t I just help you look at it?” Ye Xing smiled and retracted his hand.

“Boss Ye, help me take a look.”

Immediately. A woman came over and stretched out her hand without saying a word.

Ye Xing put his hand on it and checked it with luck.

There was yin energy in the body, but that specific yin energy of the representative’s son was completely gone, and there was even some yang residue.

“Girl, you did something bad before coming to drink, right?” Ye Xing asked with a smile.

The woman’s face changed, but immediately said, “Boss Ye, I’m a small woman, what bad things can I do?”

What kind of bad things? She had had sex with a man before she came here.

Of course, Ye Xing wouldn’t say anything, but in his heart, he had already classified this woman as a broken woman.

“What kind of bad things. Don’t you know best?” Ye Xing laughed loudly and moved his hand away.

Next, some more women came over and gave their hands to Ye Xing to take his pulse.

From the process of taking his pulse, Ye Xing gradually discovered the horror of the Chaos True Essence in his body.

As long as he inputted his Chaos True Essence into the other woman's body, he could probably understand the other woman's physical problems, and detecting virginity and whether she had a long-term life were only the most common functions of Chaos True Essence, the rest of which he had yet to develop.

Next, he took the pulses of four or five women in a row and found that none of them were virgins, and most of them had very weak Yin energy, indicating a long sexual history.

Of course. In order to hide his purpose, he also helped these women to look at their illnesses and tell them what was wrong with them, and all of them were a hundred percent right.

The eyes of the surrounding looked at Ye Xing all changed, they simply did not expect that Ye Xing was not only a rich big boss, but also a miracle doctor.

After looking at these women, Ye Xing couldn't help but look at Qiang Wei. This woman was truly terrifying, hanging out every day, hanging out in bars for twenty days a month, but she was still able to keep her body like a charm, it was a bit unbelievable.

If he hadn't touched her and almost snapped between the two of them, Ye Xing would have thought she was bent.

"Blatant mooching, scum, scum, bitch." In the distance, Luo Xiaoyun cursed in a low voice.

"Xiaoyun, did he take your pulse?" Haitang asked curiously.

She remembered going out today. Ye Xing had also helped himself to take his pulse like this.

"Took it, said something about helping me to see a doctor, just wanted to mooch off." Luo Xiaoyun snorted coldly.

"I don't feel like it, look at those women. Each of them looked at him like they were in heat, as long as Ye Xing nodded, they took the initiative to throw their arms around him. How could they use such a lowly method of mooching? Besides, he's quite accurate in reading illnesses." Haitang said.

A man like Ye Xing who was rich, good looking, and also super capable of fighting, what kind of women did he want that he didn't have?

"Then why does he only see women and not men? He's not a good thing anyway, a big stud."

A male had just asked Ye Xing to look at the palm, and he had refused.

Luo Xiaoyun looked at Haitang, "He has mooched off you?"

Haitang nodded, "He checked my body, but I think he should be checking something else, as for what, I don't know."

Hearing her say this, Luo Xiaoyun couldn't help but have some good curiosity, but was too embarrassed to ask.

It was just as well that Ye Xing had finished helping the women who wanted to have their pulses taken at this time.

“Ye Xing, come here for a moment.” Haitang shouted.

Ye Xing walked over and sat down beside them.

“What were you looking at when you helped those women take their pulses just now?” Haitang asked.

“Look at the sickness. Didn’t you see that?” Ye Xing laughed.

“Then why did you only help the women and not the men?”

Because there were so many women here, one more beautiful than the other, Ye Xing didn’t want to check until all those men had their hormones raging and a column pouring out, how embarrassing it would be, so he refused to help the men see.

“I’m not a doctor, I don’t like to touch men’s hands.” Ye Xing laughed.

“Scum man.” Luo Xiaoyun scolded.

“Yeah. I am the scum, what do you care?”

“Xue’er is really blind to look at you, her whereabouts are unknown now, and you’re still only focused on picking up girls, have you ever thought that she’s been waiting for you to help her?” Luo Xiaoyun brought up this matter again.

Every time, Ye Xing did something out of the ordinary, she always brought this up.

At first, Ye Xing was still quite uncomfortable, but gradually, he became numb to it.

“She’s Shangguan Lan’s daughter, she’s doing well in the Immortal Sect, you’d better worry about yourself!”

Ye Xing didn’t want to stay around Luo Xiaoyun anymore, she was like a housekeeper who was constantly in charge of herself.

It was fine if she was his girlfriend, but she was not, and she always spoiled his fun when he was having a good time, could he not be angry?

After saying that, he went back to Qiang Wei’s side.

It felt more fun to be around Chance.

Chapter 283

Next, the group began a common pattern in southern drinking establishments, shaking the dice.

Just after shaking the box twice, Ye Xing immediately noticed that those who were playing, both men and women, were targeting themselves.

Every time he called out for dice, someone opened himself, except Hong Tian.

Hong Tian opened Rose every time, as if he wanted to get her drunk.

“There are too many people, it’s no fun playing too slowly, split up.” Rose pointed at Hong Tian and ordered, “You. Go play with the two of them at the next table.”

“Sister Qiangwei, I just like playing with you.” Hong Tian was reluctant.

“Either go play over there or get lost.” Rose said angrily.

Hong Tian had no choice but to walk to the side. Who told him he didn’t want to offend Qiangwei and wanted to leave a good impression in her mind!

With Hong Tian gone, it was even better, the whole table of seven people, the remaining six were all targeting themselves.

“Qiang Wei, it’s no fun to play when you guys target me like this.” Ye Xing laughed bitterly.

He had already drunk seven or eight glasses in a row, although this amount of wine was not enough for him. It wasn’t enough to stuff his teeth.

“Who targeted you, that was your own bad luck.” Qiang Wei rolled her eyes.

“Why don’t the two of us just pk!” Ye Xing laughed.

“Pull it down, just your drinking capacity, isn’t it looking for death to pk with you old lady?”

Since the last time in Huai Jiang, was Ye Xing dry over, Qiang Wei heart already has a shadow, know this goods alcoholic capacity against the sky, one to one is unable to do, that is why she in WeChat group early greeted with friends, one to six, she really do not believe that can not drink.

“How about this, one to two, I lose and drink two cups, you lose and drink one cup?”

“No way.”

“One to three.”

“No way.” Rose still shook her head.

“One to four, Zhao Qiangwei, aren’t you a female general in the drinking arena, you don’t even dare to drink one to four, aren’t you afraid of people laughing when it gets out?” Ye Xing stirred.

“Sister Qiangwei, f*ck him.”

“One to four, he’s looking for death, you can definitely win.”

“Don’t be a wimp, one word, just do it.”

Those friends around. They were all up in arms.

“Do you know how good he is at drinking? If you have the guts, go shake it!” Qiang Wei rolled her eyes before looking at Ye Xing and said, “One to five, I’ll pk you, and you can’t use martial arts to get rid of the alcoholic energy, I know you have the means.”

“Okay, I promise you, one to five, no forced alcohol!” Ye Xing laughed.

“Hong Tian, come here.”

Hong Tian ran over with a fart and smiled, “Sister Qiangwei, what are your orders?”

“Keep an eye on him for me, don’t let him force the wine out.”

“Okay.”

Ye Xing gave Hong Tian a blank look. With contempt in her eyes, she scolded, “Hong Tian, you’re an ancient martial arts expert anyway, aren’t you ashamed to be such a licking dog?”

“What do you know, this is love.” Hong Tian was not impressed.

Ye Xing almost threw up, licking a dog to this extent, there was no one else.

However, it could also show that this guy Hong Tian did like Rosebud.

“One to five, let’s start!”

The two men started to shake, and the two dice cups landed on the table at the same time.

“Two ones.” Qiang Wei shouted.

Ye Xing glanced at his own dice cup and there was one in it. He was a bit confused.

The next moment, he had a thought.

Since his Chaos True Elements were so useful, could these True Elements cheat?

If he thought about it, he would do it.

At that moment, Ye Xing ran the true elements in his body and through his fingers, they fell onto the glass tabletop.

It was quite difficult at first, but gradually. These true elements were able to converge into a thread of nothingness and enter within Rosy’s dice cup.

Then, under the wandering of the true essence, he knew exactly what was going on inside Rose’s cup.

This woman was actually withdrawing her lies, she didn’t have a single one.

“What are you still standing there for, hurry up!” Rose said impatiently.

“I bet your dice cup doesn’t have a one inside, open it.”

Ye Xing opened his own dice cup and there was a one on it.

Qiang Wei gave him a look, the corners of her mouth kept twitching, and drained it in one go.

For the next five consecutive games, Qiang Wei lost. Not a single game had been won, five drinks in a row.

“Hell, you must be cheating, put your hand up.”

Put shouted the points out. It’s evil, how can people be so lucky?

“Raise your hand, right, okay!”

Ye Xing put his hand up while saying to Lily next to him, “Lily. You can help me shake the dice, so that people don’t say I’m cheating.”

You can't use your hands, but you can use your feet!

Ye Xing touched his toes under the table, and the line turned into true essence peered through the bottom of the table and into Qiang Wei's dice cup.

Qiang Wei thought that if Ye Xing's hand didn't touch the table, there was no way to cheat, but she didn't know that she would go on to lose another five games.

The cup was not small, a can of beer was three cups, losing ten games in a row was the same as she had already drunk three cans in a row.

"Wicked, really wicked."

"If this goes to Omen, how much money must be won."

"Boss Ye this is really a stroke of luck."

People around exclaimed, this was too unthinkable for fair gambling.

In the distance, some people were attracted by the situation over here, even Luo Xiaoyun and Haitang couldn't help but gather around to watch the show.

"Good luck? I believe the hell out of you." Qiang Wei gave Ye Xing a look. She said, "Stay away, don't touch anything on the table, expose all parts of your body, and I'll see how you cheat."

Ye Xing couldn't help but smile, his interest intensified.

He shifted his chair a metre away from the glass table and placed his legs flat on the floor.

"Don't have anything around, everyone stay away. Don't say I'm cheating when the time comes."

The people around him left, creating a vacuum around Ye Xing.

"Hold your hands on your head." Rose was still uneasy.

Ye Xing put his hands on the back of his neck, "Is this alright?"

"Let's begin!"

Qiang Wei shook the dice and was about to look, when she found that there were people behind her, afraid that they would gesture with Ye Xing to pass water, so she said, "Don't all of you stand behind me, stay away, I really don't believe in evil."

The people behind them, have left.

Only then did Qiang Wei reveal a crack in the dice cup and gently looked at it.

The next moment, her eyes lit up.

Five ones, a rare dice in a thousand years.

"You shout." Qiang Wei commanded.

Ye Xing ran his Chaos True Essence to his right foot, through the floor and then past the glass table and into Qiang Wei's dice cup.

As he was still not too familiar with Chaos True Essence, and being more than a metre away, and passing through the floor, and the table, it was a lot more difficult than just now.

But in the end, he was informed of his opponent's number of points.

"What are you thinking about, scream!" Rose urged when she saw his eyes roll over nonstop.

"You lose, you shout."

"You cheated earlier, it doesn't count, now start again, you shout."

"I'm afraid that if you shout, you won't even have the chance to shout." Ye Xing laughed.

"Cut the crap, shout, I still lose this game, I'll do a strip dance on the spot." Rose laughed coldly.

A once-in-a-lifetime leopard, it would be hell if this still lost.

"Seven one." Ye Xing blurted out.

Qiang Wei five ones, he two ones, called all.

"Ye Xing you're crazy, right?" Haitang couldn't help but say.

Two ones??, seven ones how hard it was, one could imagine.

Qiang Wei's smile froze at once.

She immediately reached out to open Ye Xing's dice cup, and there were clearly two people one inside.

"How did you cheat, say, the hell you don't cheat."

Qiang Wei opened her own dice cup to five ones.

At once, the whole room was in an uproar.

Chapter 284

"Big sister, how can I cheat when I'm like this?"

Ye Xing held his head in his hands and crossed his legs, sitting a meter or so away from the table.

There was no one around, and no one behind Rose.

This was simply unthinkable.

"Hong Tian, how did he cheat?" In her anxiety, Rose thought of Hong Tian again.

Hong Tian shook his head and said, "Sister Qiangwei, I can't tell either, it's too evil."

He had been observing Ye Xing earlier, and knew that he had used a means. But with what means, he couldn't tell.

"Aren't you a martial arts practitioner, why don't you know?"

"I can only shake or even shatter the points inside the cup. But what dice are inside, I can't really guess."
Hong Tian shook his head.

How could he know that Ye Xing's true essence was a hundred times more delicate than his true qi?

"All of you are studying martial arts, why are you so wasted." Qiang Wei couldn't help but say.

"I know." Lily suddenly exclaimed.

The eyes of the people around her all fell on her at once.

"See-through eyes, it must be see-through eyes." Lily said excitedly.

"You've read too many novels, right?" Ye Xing gave her a blank look and scolded, "If I had a see-through eye, all of you in front of me would be the same as having no clothes on. I can see everything clearly."

"You turn around." Qiang Wei ordered.

Ye Xing cried and laughed, but still obediently turned around, after all, this kind of pretence had never been seen before, it was so cool!

"Again."

Qiang Wei began to shake the dice cup, she took a look and shouted, "Three twos."

"Six twos." Ye Xing shouted directly.

"Open."

Rose had two of her own, he didn't believe the other side had four.

Lily opened Ye Xing's dice cup and there were clearly four twos inside.

The whole room was once again dumbfounded.

"I've said there's no penetrating eyes, why don't you guys believe it!"

Ye Xing sighed and turned over.

If he had translucent eyes, he would have already turned his back to the dice cup just now and would not have been able to see the points at all.

"How on earth did you manage to do that?" Rose couldn't help but ask.

"All said it was luck." Ye Xiong grinned and pointed at her clothes, "Just now, I think you said that if you lost and did a dress retreat dance, you wouldn't say your words wouldn't count!"

"Old Mother's words never don't count."

Rose crossed her arms and pulled at the corners of her dress as her body lifted.

"Sister, don't be impulsive." It was too late for Haitang to stop.

At once, Qiang Wei, who was only wearing her lingerie, was exposed beyond the gaze of the crowd.

Ye Xing was a bit baffled, he was only joking, but he didn't expect Qiang Wei to really come.

"Sister Qiangwei, domineering."

"Overbearing."

"Overbearing."

Those piggy-back friends around them all yelled, especially the men, who were going crazy like crazy.

"Stop it, I was just kidding. You still take it seriously."

Ye Xing pushed her into the bathroom, he was afraid that she would take off all her clothes if she went crazy.

"Ye Xing, don't stimulate Sister anymore, she's really going to go crazy." Haitang walked to Ye Xing's side and said.

"Okay, I won't stimulate her anymore." Ye Xing smiled bitterly.

Next, the people around them continued to start playing, only no one dared to play with Ye Xing anymore.

Playing with him was not looking for death.

Half a day later, Qiang Wei came out of the washroom, and her wine seemed to have sobered up a bit, and her face was flushed. She was so beautiful.

It seemed that she also felt that she had gone a little too far just now, and when she came out, she was slightly embarrassed, and walked over to Ye Xing in a disguised and calm manner.

"How did you cheat just now?" She asked reluctantly as she just sat down.

"I even said I didn't cheat, it was luck, why don't you believe me?"

Ye Xing would rather die than say anything, after all, this was the biggest secret in his body.

Even if he said it, I guess many people wouldn't believe it.

"If you don't say it, then don't say it, who cares." Qiang Wei hummed and said to Xiao Yun, "Xiao Yun, let's play. Ignore him."

Luo Xiaoyun hadn't drunk all night and hadn't talked to anyone, just Haitang talking to herself, and felt a bit bored.

The bottom line was that Ye Xing's eyes never fell on her, as if she was transparent.

The mood was quite lost.

"Good." She nodded her head.

The two women joined the fray at once and shook the dice together.

Next to them, only Haitang and Ye Xing were left.

“Sister Xiao Yun likes you. You know that, right?” Haitang suddenly asked.

“We are just enemies, we are either fighting or on the way to fight every day, how can we be.” Ye Xing laughed.

“Just now she never took her eyes off you, I’m a woman, I can feel it.” Haitang said seriously.

“She was just trying to help Xue’er watch me and keep me from messing around.”

“In my opinion, that’s just her excuse.”

Begonia was indeed quite wise, a very intelligent person, and she could tell a lot about every place and circle she was in. But she usually doesn’t say anything, she just feels it in silence.

“Ah Haitang, people sometimes know too much not to be happy.” Ye Xing laughed.

Every woman is a different flower, a different kind of life. A different kind of fragrance.

Every man, too, likes a different type.

Many felt that Rose was crazy, but, with her Ye Xing would be much happier. Joy and sorrow, a hundred flavours of life, can make his mood much younger, and his daily life is quite interesting.

On the contrary, although Haitang is wise, intelligent and cultured, she still feels much less happy with her.

After all, she was too stable and no fun to tease.

“You men, do you all like silly women?” Haitang spat out her tongue.

“A silly woman in a silly way makes life quite easy.”

Ye Xing poured two glasses of wine and handed one to Haitang: “Here, cheers.”

“I like red wine, I don’t like to drink beer.”

“It’s not that simple, call someone over.”

There was Du Jiuniang, the ingrate. Naturally, Ye Xing would not be polite, and immediately asked the waiter for a few bottles of the most expensive red wine.

A few minutes later, the door opened and a waiter walked in.

“Mr. Ye, Boss Du asked you to personally select the red wine, please move.” The waiter said politely.

“It seems that Boss Du still has quite a collection of good red wines, then we are not polite.” Ye Xing stood up and said to Haitang, “Miss Haitang. Let’s go, let’s pick out some red wine.”

“Mr. Ye, Old Lady Du has asked you to go over alone.” The waiter said.

“Why should I go alone?” Ye Xing was puzzled.

“This is what Boss Du ordered.”

“Begonia, you wait here, I will go and return.”

Ye Xing followed the attendant and entered the lift, the attendant pressed the eighteenth floor.

After going up, the attendant took him to the door of a room.

“Mr. Ye, Boss Du is inside, please knock on the door.”

The waiter gave a salute, before turning around and leaving.

Taking a bottle of red wine to run to the room to get it, what did Du Jiuniang want?

This woman, she didn't really want to have something with herself, did she?

As a big man, Ye Xing was naturally not afraid of any tricks played by a woman, so he knocked on the door.

Chapter 285

Soon, the door to the room opened.

As soon as the door opened, a fragrance hit him and Du Jiuniang appeared in front of Ye Xing wearing a silk nightgown.

The silk was very soft, and with the fact that she didn't seem to be wearing anything inside her clothes, the curves of her body were easily revealed.

With just one glance, Ye Xing felt the her hormone inside his body storming out.

This woman, was she really trying to tempt herself from death?

“Boss Du, I am a hot-blooded young man. Aren't you afraid that I won't be able to control it if you dress like this?” Ye Xing laughed.

There was no one around, so Ye Xing did not need to be polite with her. This woman must have something on her mind anyway, otherwise she couldn't have dressed like this.

“I believe that brother is not that kind of person.” Du Jiuniang giggled, her flowery branches trembling.

“She's an old woman, she's an old woman.”

Ye Xing kept saying in his heart, suppressing the thoughts in his mind.

What kind of woman Du Jiuniang was was still unclear to him, and her purpose for dressing like this was still unclear. Naturally, Ye Xing would not jump into this pit.

There was no telling how many men had fallen under the woman's skirt.

“Where is the wine?” Ye Xing asked.

“Come with me.”

Led by Du Jiuniang, Ye Xing entered a room in which a very beautiful wine rack was placed by the wall, filled with red wine, in rows, which was absolutely fatal temptation for a man who loved red wine.

“Here is a collection of almost all the famous wines from all over the world, except for those three on top, feel free to choose anything else.” Du Jiuniang said.

Ye Xing looked at the top three red wines and could tell what they were at a glance.

Two of the wines were not big brands, many people had never even heard of them, they were all out of print red wines, one bottle was around a million.

As for the remaining bottle, Ye Xing was surprised, because it was just a very ordinary red wine, big on the market, which was just a few hundred dollars or so.

“Boss Du, is there any story about that red wine?” Ye Xing asked curiously.

“That was the red wine I ordered the night my husband and I got married. My husband was poor and couldn’t afford an expensive one, which I didn’t know was interrupted by my father who came before I could drink it, that was the last time I saw my husband”

Du Jiuniang sighed, with a superior sadness in her voice, her thoughts seemed to go back in time.

“So, you just got married and your husband disappeared?” Ye Xing asked.

“Yes.”

“No wonder this red wine was so discreetly given to you, so it has such a commemorative meaning.” Ye Xing nodded.

“I happen to have opened a bottle of red wine. How about having a drink with me?” Du Jiuniang asked.

There was an exquisite wine table with a fine wine set next to it, and a bottle of red wine was already awake at the moment.

There was no empty bottle next to it, so I didn’t know what kind of wine it was.

“It’s so good, then I’ll have a good taste of it.”

Du Jiuniang poured him a little and handed it over.

Ye Xing took it, shook it gently, smelled it and tasted it again.

Then, he tasted another larger bite. Only then did he nod his head.

“How is it?” Du Jiuniang asked.

“If I’m not wrong, this should be a Romanee, 23 years old, this kind of wine is rare now, drinking one bottle is one less bottle, Boss Du is really generous! Pity. It will be good to open it in another two years.” Ye Xing sighed.

The price of this kind of wine on the market was nearly two hundred thousand a piece, of course, this was just the price, more often than not you could not buy it if you wanted to.

For an antique red wine like this, in another two years, the price could still go up by thirty percent.

“Why do you need another two years?” Du Jiuniang asked curiously.

“This kind of wine, in another two years it will be its best drinking period.” Ye Xing said.

“How do you know that?” Du Jiuniang looked at him with a smile.

This guy, not only could he successfully taste this kind of wine. He also knew the drinking period of this wine, which was really not simple.

There were so many types of red wine in the world, a layman might not even be able to taste a million versus a few hundred dollars of red wine. He can taste it. This means that he has drunk this kind of red wine before, and has also studied it specifically.

This man's taste was instantly elevated.

"I've studied red wine. I know a little." Ye Xing laughed.

Re more than a thousand times, in any capacity, and two thousand years ago, he had also been to a foreign winery for a lifetime, familiar with the production dates of red wine there, and this bottle happened to be from that country, right nearby.

Next, the two of them drank a few more glasses until they had finished the bottle of red wine.

Du Jiuniang's cheeks were scarlet and she ruffled her hair from time to time, not to mention her delicacy.

Ye Xing sucked in a few cool breaths backwards, this woman. Every move was inadvertently tugging at his heartstrings, he was really afraid that if he stayed any longer, he would not be able to resist pouncing on her.

"The wine has also been tasted, now it's my turn to pick a few bottles."

Ye Xing swept his eyes over the shelves for a round and finally chose two out.

"Just these two." Ye Xing smiled.

"Brother, are you feeling sorry for sister?" Du Jiuniang giggled.

These two red wines were the cheapest among Du Jiuniang's red wine collection. It was only about twenty to thirty thousand, and could be bought casually in the market.

"Wine goes well with a beautiful woman, the real red wine should be saved for those who know it to taste it, to entertain ordinary friends, these two bottles are enough."

Ye Xing lifted the two bottles of red wine and turned to leave.

Looking at his back as he left, Du Jiuniang looked down at her proud figure again and couldn't help but be a little surprised.

She was dressed like this, this guy actually did not make a move, beyond her surprise.

This guy, didn't he say he was going to have a room with her earlier?

He wasn't just teasing himself, was he?

She couldn't help but be more curious about this man.

She took the red wine and returned to the private room, it had been almost half an hour.

"Haitang, the red wine is here." Ye Xing said.

Next to Haitang, Luo Xiaoyun was sitting and resting, looking at him strangely.

“Back so soon, not so good in that department either?” Luo Xiaoyun sneered.

“Where are you thinking of, I’m going to get the wine.” Ye Xing gave her a blank look.

“Get a bottle of red wine, does it take half an hour, lie to the devil!” Luo Xiaoyun didn’t look convinced at all.

“Boss Du collects a lot of red wine, and we exchanged a bit of wine culture.” Ye Xing continued to explain.

“It was an exchange of body structure, right!” Luo Xiaoyun continued to sneer.

Ye Xing originally did not want to pay attention to her, but he could not help but be angry when she did not believe him time and again.

“Luo Xiaoyun, did you think that the last time you got into bed was that simple?”

“You always have to undress, right? You have to flirt when you undress, right?”

“After flirting comes the main event, and after the main event you have to get dressed, right?”

“It takes ten minutes to get here and there, leaving twenty minutes to get dressed and undressed is not enough, do you really think that men and women are all single-minded?” Ye Xing said angrily.

“Alright, all of you stop arguing.”

Seeing Ye Xing speak so loudly, Haitang was a little scared.

“Aren’t you men all studs, what’s the point of taking off your clothes, just pull the chain of your trousers.” Luo Xiaoyun continued to taunt.

Ye Xing was really pissed off.

If he really had something with Du Jiuniang, he would admit it, the point was that he had done everything.

He glared fiercely at Luo Xiaoyun.

Luo Xiaoyun looked unconcerned, as if she was happy to make Ye Xing angry.

“Ye Xing, I believe you, can you guys stop arguing.”

Haitang continued to be the peacemaker, really afraid that they would have a big fight.

Chapter 286

Ye Xing was only emotional for a moment, and then he calmed down.

He figured out that the reason why Luo Xiaoyun kept hurting him non-stop was because she was jealous and cared.

If she only considered herself as an ordinary friend, why did she have to make the relationship so borderline.

Didn't she like hurting herself, fine, then let's hurt each other.

"To tell you the truth, we really did it just now." Ye Xing suddenly said.

At these words, the two women's faces changed slightly.

"Even if I fuck Du Jiu Niang, I won't fuck a goods like you." Ye Xing continued.

Luo Xiaoyun's face was unspeakably ugly, and her fists clenched tightly.

"Do you know why I stopped midway last time. Because I really have no sexual interest in you at all."

Last time, Ye Xing almost nailed her, only for him to stop in the middle.

Now when he said that, it was clear that he was saying: she was not worthy.

"Ye Xing. I curse you to die a good death."

Luo Xiaoyun was furious, stood up and left the box without looking back.

"Xiao Yun, Xiao Yun."

Haitang was afraid that something would happen to her and was about to chase her out.

"Don't mind her, she's so big, will something happen to her?" Ye Xing called out to Haitang and then shouted to the waiter, "Waiter, help me wake up two bottles of red wine."

The waiter came over. The two bottles of wine were taken away.

"Ye Xing, you really shouldn't say things like that, it's quite hurtful." Haitang couldn't help but say.

Those words of Ye Xing just now were equivalent to putting Luo Xiaoyun down as worthless.

"She doesn't even mind talking hurtful, how am I hurtful." Ye Xing coldly snorted.

She wasn't anyone's own, so why put up with her temper.

"You two ugh, I don't know what to say about you guys, you obviously both care about each other quite a lot in your hearts, why do you like to do this kind of things that hurt each other, isn't it good to live in peace?" Haitang was speechless.

"Alright, let's not talk about unhappy things, let's talk about something happy." Ye Xing pretended to look unconcerned and suddenly said mysteriously, "Do you want to know why I have helped several women to take their pulse?"

"I'd rather know how you cheat in shaking the dice."

"That cannot be told."

"Well, why you took the pulses of those women, I would like to know that too."

For these two questions, Haitang had always been curious!

Ye Xing moved his mouth over and whispered a flip in Begonia's ear.

Haitang's face instantly reddened and she said awkwardly, "It's not that exaggerated, right, taking a pulse to know if it's unlikely, right?"

"That you don't know, when the membrane is still there, separating something, can make certain Yin Qi within a woman's body particularly heavy, if it is no longer there. The Yin energy is much weaker."

Speaking of this, it suddenly occurred to Ye Xing that the reason why the Nine Yin Sect captured some virgins for cultivation was also for this Yin Qi, I'm afraid.

"Let's not talk about this, it's weirdly embarrassing."

Talking about such topics between men and women, and the two of them were not a couple, Haitang felt that it was still quite embarrassing.

Looking at the rational Haitang with that squirming attitude on her face, Ye Xing couldn't help but be secretly amused.

Sure enough, every woman had her own personality.

If he said this to Haitang, she would usually reply back: I believe the hell out of you, don't tease this lady.

If it was Luo Xiaoyun, she would probably scold: Scum. Shameless, don't talk about unclean topics.

Only Haitang would show such an embarrassed expression.

"I'd better go see Sister Xiao Yun!"

Haitang spat out her tongue, stood up and ran away with a red face, probably still feeling too embarrassed.

Just in time, a waiter walked over, holding a woken red wine in his hand.

"Mr. Ye, your red wine."

"Where is the waiter from earlier?"

Seeing that the person who came was a new waiter, Ye Xing's brow furrowed.

"He had some temporary matters and asked me to bring the wine over." The new waiter said.

These were 20,000 to 30,000 bottles of wine, and the two bottles added up to 50,000 to 60,000.

Such a big deal. Handing it over casually to someone else?

In case something went wrong with the wine, could he afford to take charge of it?

Ye Xing glanced at the server in front of him and saw his eyes flickering a little, staring at the wine on the table from time to time.

"Put it down and go out!" Ye Xing commanded.

"Yes, Mr. Ye." The waiter went out.

Ye Xing picked up the wine, walked into the washroom and poured it on the washroom water tray.

Then. He took out his mobile phone and took a picture of it.

On the white water tray, he could clearly see that there was an extremely tiny white larva swimming in the red wine, thinner than a hair.

“Compulsion worms.”

Ye Xing’s face changed slightly.

It seemed that the Nine Yin Sect was unable to confront him head on and had started using underhanded tactics on himself.

There were thousands and thousands of compulsions in the mortal world, and every place and under every environment, the compulsions raised were different.

Although Ye Xing, as a doctor, had studied compulsions, for a moment, he couldn’t tell what this compulsion was. After all, the compulsion was too small.

He poured out all the red wine, flushed it into the toilet, and then threw the bottle inside the bin, before Ye Xing walked out.

He wanted to see. Who exactly is trying to poison himself.

.....

The waiter walked to out of the box and took the lift down to the road outside.

He came to a man in his forties, dressed in floral green clothes. The woman with a round of flower garlands on her head said respectfully, “I’ve sent the wine, can you give me the antidote now?”

“Has he drunk it?” The cross-dressed woman asked.

“I put the wine down and he let me leave, I don’t know if he drank it or not.” The waiter said.

“Didn’t I tell you to keep an eye on him and watch him drink it?” The cross-dressed woman said angrily.

“I didn’t stop for fear that he would get suspicious.”

The waiter ripped open her own shirt and found a lump bulging above the skin of her chest, swimming in a horrible-looking way.

“Don’t worry tall man, he must have drunk it, just give me the antidote!” The waiter yelled.

“Want the antidote do you, here you go.”

The woman smiled wryly and suddenly whistled.

The lump that was swimming in the waiter’s chest suddenly stopped at the heart of his chest and then didn’t go in.

“No.”

The waiter screamed miserably as his body continued to convulse. A bulge of black blood spurted out of his mouth and he fell straight to the floor.

The cross-dressing woman whistled again and a small thumb-sized black worm burrowed out from the waiter's chest position, flapping its wings and flying towards the woman.

The hetero-clad woman held out her palm and the black bug was about to fall into her hand.

Suddenly, a white light flashed.

The black bug fell straight to the ground, its body pierced by a finger-long silver needle. It tried to fly, but it could not fly at all.

The cross-dressed woman's face changed drastically and she turned to look, behind her Ye Xing walked with a cold smile.

"Flesh-eating insect, it seems you are from Miaojiang. I don't know you at all, why are you trying to harm me with your parasites?"

Ye Xing stared at the other party with a gleaming gaze, the fingers of his right hand holding a few silver needles, not daring to be careless.

The people who had cast compulsions were the most terrifying, they had compulsions all over their bodies, and sometimes you didn't even know when you were hit.

Among the people who keep parasites, the ones from Miaojiang are the most malicious, and this person's costume resembles the dress of the western part of Hunan.

"If you want to know, go and ask King Yan Luo!"

With a wave of her sleeve, a black whirring thing came towards Ye Xing.

Chapter 287

Ye Xing did not dare to be careless and quickly retreated to avoid it.

Those things landed on the ground in front of him, but they were some centipedes, scorpions, black ants and other poisonous insects of various colours, which were fed with poison at first glance.

After a failed move, the woman in foreign clothes quickly retreated and ran away.

"If you want to leave, it's not that easy."

Ye Xing shot out a silver needle in his hand, hitting her squarely in the calf, and the woman in foreign clothes fell to the ground as her feet went weak.

"Who sent you to kill me, if you don't tell me. Don't blame me for not being polite."

Striding up to her, Ye Xing asked icily.

Although it was only a short time to strike, he already had a slight idea of the other party's strength.

There were many compulsion breeders in Miaojiang. These people were very powerful in raising parasites and poisoning, but most of them had average martial arts skills, because after all, their energy

was spent on raising parasites and studying poison, and they did not have the energy to practice martial arts.

This woman in front of me is an example.

If it was an ordinary person, they would still be very afraid of companions, but unfortunately, Ye Xing knew quite a lot about companions. Although he had never personally raised a compulsion, but because he had been a doctor for several lifetimes, he still knew a lot about the means of placing a compulsion and the methods of solving it.

The cross-dressed woman pulled out a few silver needles from her leg and stared at Ye Xing, her eyes constantly turning.

"I know very well the means of placing a compulsion, you are far inferior to me in strength, and with this place being so empty, it would be more difficult for you to place a compulsion on me than to ascend to heaven. Even if you succeed in putting the compulsion on me, before it takes effect, it would be as easy for me to kill you, so I advise you not to waste your efforts," Ye Xing said coldly.

"You should know very well who sent me here, I don't need to tell you!" The alien woman coldly snorted.

"It's the Nine Yin Sect, right?"

"That's right, you won't have a good end if you offend the Nine Yin Heaven's people."

"I'm afraid you won't be able to see whether I have a good end or not."

Ye Xing drew out his dagger and his killing aura was huge.

The cross-dressed woman's face changed greatly and said urgently, "Ye Xing, you can't kill me, you should know that Miaojiang women hold the most grudges, if I die, when the time comes, my daughter, husband, and friends will all seek revenge on you."

"Just these tactics of yours, do you think I am afraid?" Ye Xing snorted coldly.

"You're not afraid, what about those women? And the Zhao family, the Ye family, when the time comes, my husband will bury all of them with him. If you kill me, you must pay a very heavy price." The cross-dressed woman threatened.

Ye Xing hesitated at once!

The Miao tribe originated from the Western Region, and these women were most vindictive, offending them and killing their whole family was something they could do.

Ye Xing was not afraid, but what about the Zhao family's people?

If they made a move against the Rose and Begonia women. They couldn't defend themselves at all.

"Let me let you go, yes, there are two conditions."

"You say."

“First, immediately leave the provincial city, from now on shall not set foot in the provincial city again; second, give me the antidote for the compulsion poison given to the three great family heads over here under the Nine Yin Sect, agree to these two conditions, I can let you off a hair, if not”

Ye Xing’s right leg lifted up and then stomped down fiercely.

Chaos true essence was carried in his right foot, like a pile driver crashing down.

Boom!

With a muffled sound, the cement under his foot cracked like a spider web. It spread out.

The cross-dressed woman sucked in a breath of cold air and hurriedly said, “I can promise you that, but I don’t have the antidote on me right now.”

Whoosh!

Ye Xing’s body scurried out, and the next moment his right hand was already stuck around her neck.

“Do you really think I’m afraid of you?”

“I can find out who you are after you die and then kill you all over, so that they won’t have any chance to give you revenge at all.”

The cross-dressed woman was so stuck that she couldn’t breathe and her face turned red. In a hurry, she took a handful of medicine bottles out of her arms.

Ye Xing let go of the hand, and the cross-dressed woman kept coughing, looking at Ye Xing with a gaze full of fear.

“These two vials are antidotes, they can only be effective if taken at midnight, one each for white and cyan.”

The cross-dressed woman tossed over two small bottles, each containing five pills, five white and five cyan.

“So it’s the Night Cicada Compulsion, count on your good sense.”

There was a time for the compulsions to be active, and the Night Cicada compulsions used to be active in the person at midnight, when they were most active, and that was the best time to kill them.

Seeing that the other party had named the parasites at once, the woman in foreign clothing dared not linger any longer. She turned around and left without looking back.

Back at the bar, Rose was still sparring with Lily and her group of people to the point of darkness, day and night, and everyone was seven or eight percent drunk.

“Ye Xing. Come here and help my sister have a couple of drinks.” Rose shouted.

Ye Xing walked over and was about to help her a little when the people next to her didn’t comply.

In the end, Qiang Wei swallowed it down herself.

Next to her. Hong Tian kept staring at Qiang Wei, licking his tongue every now and then.

“Sister Qiangwei, don’t drink any more, you’ll get drunk and be picked up later, and you won’t even know who you’ll lose your body to tomorrow.” Ye Xing said.

After drinking, many people would go crazy when they drank.

Just like just now, if Luo Xiaoyun hadn’t drunk so much wine, she probably wouldn’t have quarreled with him.

“Who dares to pick up my corpse, you?”

Rose stared at him with bewildered eyes.

“Come on, stop drinking, if you keep drinking, you won’t even recognise who your father is.”

Seeing that everyone was getting drunk, Ye Xing started to stop, clearing out the human part whether they wanted to or not.

Qiang Wei couldn’t even stand up anymore, and Lily was also sixty to seventy percent drunk. Naturally, she couldn’t take care of her.

“Brother Xing, just let me take Sister Qiangwei back.” Hong Tian ran over with a faint heart.

“Come on, I’m afraid you’ll send her to bed if you do.”

When a woman is so drunk, it’s not safe to leave her with any man, especially a woman as beautiful as Qiang Wei.

“Brother Xing, look what you said, am I that kind of person?” Hong Tian patted his chest. He promised, “I will definitely not move a single hair on her head and deliver her to the room safely, if I misbehave with her, I will be struck by thunder and lightning and will be punished by death.”

“Not to mention heavenly thunder and lightning, even a lifetime vow of bachelorhood would be useless.”

Ye Xing took out his mobile phone and called Haitang.

Just in time, the sound of the phone rang outside the door and Haitang walked in.

“Where is she?” Ye Xing asked.

“I can’t find her, and she hasn’t gone back to her room, I don’t know where she went, it’s really worrying.” Haitang sighed.

Luo Xiaoyun had also drunk a lot of wine, although not as much as Haitang, but it still had an effect on the state of mind.

Women who drank wine were most sentimental.

“Haitang, you go ahead and send them back to their rooms with Hong Tian. Remember to sleep in the same room with your sister so that no one takes advantage of the situation. I’ll go and look for that crazy woman.” Ye Xing instructed.

With Haitang around, it was still safe to let Hong Tian send them.

“From now on, it’s better to ask them not to drink, one is crazier than the other, it’s really impossible to serve.”

Haitang finished speaking, and only then, together with Hong Tian, brought the group of Qiangwei and Lili back to the room upstairs.

Ye Xing went downstairs and walked out of the hotel door.

It was already one o’clock in the morning, and cars were still coming and going outside.

Some people were struggling to make ends meet, while others were drunk and dreaming.

For a moment, Ye Xing did not know where to go to find Luo Xiaoyun, so he had to dial her phone number.

The phone rang for a long time but was not answered.

He had no choice but to run along the riverside in front of him, looking up.

Chapter 288

The river is enclosed by a long footpath that spreads over ten kilometres.

This is one of the most famous rivers in the province and the night view is very beautiful.

From time to time some boats passed on the river and people were swimming at night.

The night breeze blew on his body and calmed Ye Xing down a lot, thinking to himself that he really shouldn’t have bothered with Luo Xiaoyun just now.

In the world of relationships, men are always the weaker party, and if they are strong and want to be strong, none of them will end well.

From a distance, he finally saw a figure sitting on the railing, shaking his legs. Who was it if not Luo Xiaoyun?

He was about to go over when he spotted a man of the night walking up to her and advised, “Girl, you’re not thinking about it, are you?”

Luo Xiaoyun glanced at the man. The afterglow fell on Ye Xing.

“I want to die.” She returned.

“Girl, you’re still so young and pretty, don’t die! There are no hurdles in life that you can’t overcome.” The man rushed to persuade.

“I’m so sad that my boyfriend betrayed me, I must make him regret it.” Luo Xiaoyun spoke as if she really meant it.

“Girl, you’re only losing yourself by jumping, what if he’s happier, this is simply the way to not get back at him.”

The man said as he did so. As he moved closer to her, trying to pull her.

“Yeah, wouldn’t it be cheaper to get back at him like that.” Luo Xiaoyun nodded and pondered for a moment before suddenly saying, “Let’s go to a room, then I’ll take pictures of him and let him know what happens when he offends me.”

The man’s entire body was dumbfounded.

“This is not very good!”

“What, you don’t want to, can’t you see me?” Luo Xiaoyun ruffled her hair.

“No, you’re beautiful, very beautiful, it’s just that

The man looked at her and kept gulping, after all, Luo Xiaoyun was too pretty, and it wasn’t like she was in the airfield category.

But, the world will be so good to fall on their own, don’t be a fairy jump!

“I only ask you, do you dare to go?” Luo Xiaoyun asked.

“Just go, I’m still afraid of you?”

With the belief that if you die under a peony flower, you will be a ghost, the man decided to pick up this corpse, because he smelled a heavy smell of alcohol on this woman. A woman who had drunk spilt wine and was wounded was most irrational. Opportunities this good don’t come along all the time.

Luo Xiaoyun jumped down from the railing, without even looking at Ye Xing, and shouted, “Follow.”

The man followed in a frenzy, and the two were about to leave. The two men were about to leave.

Ye Xing trotted over and stopped them.

“Xiao Yun, stop it, let’s go back!”

“Who are you, I don’t know you.” Luo Xiaoyun snorted coldly.

Ye Xing’s gaze fell on the man and said, “There’s nothing more for you here, let’s go!”

“She said she doesn’t know you.” The man said reluctantly.

“Take a piss and look at your own bear, can she look at you? Can’t you hear she’s mad at me?”

Looking at this guy who was less than one meter six tall and had a beer belly. Ye Xing resisted the urge to slap him across the face.

It’s not your fault that you’re ugly, can you have some self-awareness?

“Kid, how do you talk, I

Before I could finish the word, Ye Xing kicked him in the stomach.

The man was like riding a train, and was kicked seven or eight points out, which stopped.

The weirdest thing was that he was actually fine after falling down.

“Ghost!”

The man wailed and fell away.

“I’m sorry, my words earlier were a bit impulsive, I’m here to apologize to you.” Ye Xing said sincerely.

“You’re not wrong at all, that ripe woman is much better than me. It’s normal that you can’t look at me.” Luo Xiaoyun snorted coldly.

“Nothing has happened between us, I shall not die for lying to you.” Ye Xing raised his hand and swore.

“I don’t need to swear to me, someone like me, didn’t you say you weren’t interested at all?”

Luo Xiaoyun had obviously been haunted by this statement and had not let go of it so far.

Seeing this attitude of hers, for a moment, Ye Xing did not know how to comfort her.

At this kind of time, words were no longer useful. One could only use actions to show it.

He suddenly embraced Luo Xiaoyun from behind.

Luo Xiaoyun jumped in shock and turned around in a hurry, ready to open her mouth.

The next moment, Ye Xing’s mouth was already sealed up, making it impossible for her to curse.

Luo Xiaoyun was stunned, her whole body was like an electric current passing through it, standing in a daze like a fool, her mind was blank.

Ye Xing enjoyed it for a moment, blood rushing to his head, whispering in her ear: “Do you know how long it took me to stop midway last time and go back to take a cold shower to calm down my inner desire? There is no woman that has as strong an attraction to me as you do. My sexual interest in you almost made me explode.”

Luo Xiaoyun only felt the hot blood rise up, as if all the wine he had drunk had turned into blood to fill his entire brain.

“Come with me.”

Ye Xing pulled her by the hand and ran towards the nearest hotel.

Once inside, Ye Xing opened a room as fast as he could, then pulled Luo Xiaoyun and ran towards the lift.

Luo Xiaoyun was pulled by him and followed dumbly.

Go upstairs, open the door. Go in.

Lights on, open the door, and Ye Xing instantly wallops her against the wall.

A drunk woman’s sanity is particularly weak, especially in front of the man she likes.

Luo Xiaoyun quickly fell, and even responded, even more eagerly than Ye Xing.

I don’t know how long it took, but Ye Xing’s phone suddenly rang.

Ye Xing ignored it and carried on, which knew that Luo Xiaoyun seemed to have regained her senses and pushed him away.

“Quickly answer the phone.”

“Don’t mind her.”

The phone call must be from Haitang.

“Answer it, go out and answer it.”

Luo Xiaoyun opened the door of the room without saying anything and pushed him out, closing the door with a bang.

Ye Xing took out the phone, and it was indeed Haitang, reporting that he was safe. Saying that he had found Luo Xiaoyun, he hung up the phone.

“Xiao Yun, open the door.” He rapped on the door.

“Don’t open, suffocate you.”

Inside the door of the room, Luo Xiaoyun laughed out loud in triumph.

It was as if all the fire he had received today had been released with unparalleled pleasure.

“Xiao Yun, open the door and let me in. Do me a favour and open the door.”

The bow had been drawn, the arrow was on the string, and now she was making such a move that it was simply fatal.

“I won’t open the door, you go back, I’ll sleep here tonight.”

Luo Xiaoyun’s tone became resolute and seemed to have come to her senses.

“If you don’t open the door, I’m going to kick it in.”

After Ye Xing said that, he opened the door and kicked it with a bang, which knew that no matter how he kicked, Luo Xiaoyun just wouldn’t open the door.

He couldn’t really kick the door down, and the two of them would fight inside without closing the door!

“Ye Xing, I can’t do anything wrong to Xue’er, if something happens between us, how will you let me face Xue’er in the future.”

Inside, came Luo Xiaoyun’s sultry voice.

Alas!

Ye Xing sighed.

A lot of the time women were impulsive for a split second, their brains feverish, which was why so many women lost their virginity on Valentine’s Day.

When they recovered, it would be hard to continue.

Luo Xiaoyun, now, is an example.

“If you let me in, I promise not to violate you, okay?” Ye Xing said in a soft voice.

“Man’s mouth, lying ghost, get lost.”

Next, no matter what Ye Xing said, there was no response from inside, most likely Luo Xiaoyun had already slept.

Women were not the same as men, especially unexplored women, they had no desire to speak of.

When they had a burden in their hearts, there was even less progress to be made.

F*ck the phone.

Chapter 289

When I returned to the Kyushu Hotel, I had just opened my room when the door to the room opposite opened.

Haitang came out from inside and asked curiously, “Why did you come back alone, where is Xiao Yun?”

Ye Xing glanced at Haitang, and the heer hormone in his body stormed out again.

Although he had no warm feelings with Haitang, Haitang was also a big beauty!

After being made to look all hot by Luo Xiaoyun, the sow looked like she had taste, not to mention a beauty like Haitang.

“She’s at the hotel next door and doesn’t want to walk back.” Ye Xing made an excuse, then asked, “By the way, have they been arranged yet?”

“All arranged. But I’m exhausted.” Haitang shook off her hands.

“Indeed, these women are as mad as hell when they drink.”

Ye Xing wanted to see how Rose was doing, but unfortunately the bed in the room was not facing the door and could not be seen.

“If you’re not sure. Go in and have a look!” Haitang said.

“No, drinking is a common thing for her, it will be fine.”

Ye Xing really didn’t dare to go in, in case he saw Qiang Wei’s provocative figure, the desire that had been aroused by Luo Xiaoyun would have to torment himself hard again then.

Grandma, my self-control was not this weak before, why was my desire so strong tonight?

Could it be because of the red wine that Du Jiuniang had drunk?

Ye Xing’s eyes lit up, this was really a possibility.

The red wine had a small amount of aphrodisiac in it. You can’t even notice it.

When you really have the desire, then the effect of the medicine will be manifested.

“Haitang, it’s after two o’clock, it’s late, you should also go to bed early!” Ye Xing said.

“Oh, okay.”

Haitang gave him a look before turning around and going back to her room.

When he returned to his room, Ye Xing recited the Three Worlds of Karma Sutra for a while, and managed to suppress his desire with great difficulty.

If only Xiao Qiao were here.

In a daze, Ye Xing finally fell asleep.

.....

The next morning, Ye Xing woke up and felt a little hungry.

When he looked at the time, it was only a little after seven o’clock.

After practicing a little, he went downstairs to have breakfast.

Downstairs, he met Haitang again.

“Why are you so early, don’t you sleep more?” Ye Xing asked.

“I’m used to getting up early, I couldn’t sleep.” Haitang laughed.

This woman, what a terrible self-discipline.

“Where’s your sister?”

“Still sleeping, don’t mind her, she can’t get up until twelve o’clock.”

The two of them hit the buffet and sat down together.

“Haitang, this state of your sister’s life is no good, it has to be corrected.”

Drinking alcohol for years will hurt her body sooner or later. When the time comes to fall ill, it will be a big problem.

“I’ve tried to persuade her, and so has Dad, but she just can’t change, what can I do.” Haitang looked as if there was nothing she could do.

After thinking for a while, she suddenly said, “But there is a way to help her quit drinking for sure.”

“What solution?”

“You marry her.”

Ye Xing laughed bitterly, “Don’t joke about it.”

“I’m not joking, not many men can conquer my sister, you are one, if you give the word, she will definitely listen.” Haitang said seriously.

“I’m married.”

Haitang was a bit helpless. Suddenly she asked, "Where is Murong Xue now?"

"Taken away by her mother and brought to a very mysterious sect, I don't know where this sect is now. But I believe that one day I will be able to find this sect." Ye Xing said firmly.

"It doesn't matter if we get married I feel, my sister's person shouldn't care." Haitang suddenly said.

Ye Xing stared at her with wide eyes.

Did this come out of Haitang's mouth, it was unscientific!

She was encouraging herself to have a second wife.

Being looked at by Ye Xing like this, Haitang's face suddenly turned a little red and she hurriedly said, "Dad has given her so many blind dates, but she has not had a single man to look at, so she has feelings for you, what else can she do, we can't let her be single for the rest of her life!"

"Your sister is such a high-spirited person. It's impossible."

Which man didn't want to embrace the right and the left, although Ye Xing also wished for such a day, but with Qiang Wei's character, it was almost impossible.

After breakfast, Haitang went back upstairs.

Ye Xing sat for a moment before he walked towards where Luo Xiaoyun lived, called for a breakfast downstairs and went upstairs to knock on the door of the room.

It took a long time. Only then did the room open, and Luo Xiaoyun opened the door with a tired face.

She lowered her head, somewhat afraid to look at Ye Xing, probably because she remembered what happened last night.

"Have some breakfast before you go to sleep, don't be hungry." Ye Xing said.

Luo Xiaoyun went into the bathroom and brushed her teeth before coming to the table to eat breakfast.

"When are we leaving?" She asked.

"To where?"

"Naturally, we're going to look for Xue'er."

"How can we find the Immortal Gate when the sky is so big and we don't have a clue where it is." Ye Xing sighed.

"Then let's go back to Huaijiang first, don't stay in the provincial city, it's not like this is our territory."

"Good. We will go back once we have helped the three family masters with the poison." Ye Xing nodded his head in agreement.

Luo Xiaoyun buried her head and stopped talking, with an appearance of wanting to say something but not saying anything.

"Ye Xing. We can't do what we did last night in the future."

Finally, she still mustered up the courage to say these words.

She had already, for the second time, had a super-friendship relationship with Ye Xing. She even almost lost her virginity to him last night, so how could she tell Xue'er when she saw her later?

"Do you like me?" Ye Xing suddenly asked.

"So what if I like it, so what if I don't, you're married, besides, you're still Xue'er's husband."

Stealing your best friend's man would be a godsend and would not be allowed to die.

"There are many countries where polygamy is possible, and when the time comes, we can leave China and settle abroad. We can even buy an island, and we can live in it and be free from the world." Ye Xing said.

"You're thinking beautiful, I don't agree." Luo Xiaoyun hummed.

"I'll just talk about it casually, you can rest for a while after you've eaten. I still have things to do."

After leaving Luo Xiaoyun, Ye Xing returned to the Kyushu Hotel and called Du Jiuniang.

Last night, after getting the antidote for the compulsion poison from the woman in foreign clothing from Miaojiang, Ye Xing had to give her the antidote.

At noon, he entered that luxurious room of Du Jiuniang again.

"Did you really get the antidote?" Du Jiuniang was very excited.

"Yes, but I have to verify if the one in your body is the Night Cicada Compulsion."

"How do you want to verify?"

"The Night Cicada Compulsion is fused in the body and is extremely small. It likes to appear at night time and cannot be subjected to light."

Ye Xing walked over and pulled down all the curtains, sealing all the places that let in light to death.

The inside of the room suddenly became very dark, with no fingers visible.

"You lie on the bed, never move, just meditate for half an hour." Ye Xing instructed.

"Can I talk?"

"Words can be spoken, the Night Cicada compulsion has no hearing."

"Half an hour is too long, why don't we chat?" Du Jiuniang smiled.

"Talk about what?"

"Talk about you spending the night inside that woman's room last night." Du Jiuniang giggled.

"How can you be so sure that I will spend the night with a woman?"

"Intuition."

“You spiked the wine, didn’t you?” Ye Xing opened the door.

Giggle.

Du Jiuniang laughed wanly, not admitting or denying.

“Let’s talk about your husband, how did he disappear?”

Ye Xing changed the topic, not daring to talk to her again about anything too warm and fuzzy.

A lone man and a woman staying in the same room, talking about too hot content, it was easy to rub it in.

Besides, he had already been teased to the point of exploding by Luo Xiaoyun last night, and it was hard to calm down.

Chapter 290

Hearing her husband’s name, Du Jiuniang’s complexion instantly dimmed.

“I don’t know how he disappeared. That night, after we registered, we were celebrating in the Western restaurant when my father suddenly barged in and took me away by force, and I haven’t seen him since then.” Du Jiuniang said.

To have just gotten married and have her husband disappear, what a blow for a woman!

“Boss Du, there are many rumours out there. It says that your husband was killed by your father, and that you took revenge for him”

“And then murdered all three members of my family, right?” Du Jiuniang’s voice was tinged with cold sarcasm.

“These are all rumors from the outside world, I was just asking casually.” Ye Xing said.

“What is rumoured outside is all false. My father is not capable of killing my husband at all.”

“Your father is the head of one of the Four Great Families, so it’s not easy to kill an ordinary person?”

“The Four Great Families now, can they kill you?”

Ye Xing looked at her with a shocked gaze.

Du Jiuniang nodded, “That’s right, my husband is an ancient martial artist like you, and I have seen him fly over the walls with my own eyes. One night he went out through the window, thinking I didn’t know, but I didn’t think I had watched the whole thing for a while.”

“Did he say what discipline or school he was from?” Ye Sing continued to ask.

“No, he did not show his martial arts skills in front of me. Since he didn’t say, I assumed I didn’t know, I just didn’t expect that he would disappear before we got to the day of frank confession.”

Ancient martial artists and mortals were almost two worlds apart, and if not for the rumoured resurgence of poor aura this time, ancient martial artists could hardly be seen in the mortal world.

Du Jiuniang's husband was different from herself, she had unintentionally stepped into the ranks of ancient martial arts, while her husband must have had a mastery and worshipped under some sect, these sects were very strict and generally did not allow ancient martial artists to do wrong in the mortal world.

"Boss Du, ancient martial arts sects are very strict with each other about their disciples, I guess your husband was just summoned back by the sect, so don't worry about it."

"I hope so, so I ask you one thing, help me find my husband back, as long as I can find him, I will definitely repay you."

Du Jiuniang said as she took out her mobile phone and operated it.

Immediately, Ye Xing's phone rang, and he received a picture.

"This is a picture of my husband. If you see him one day, I hope you can tell him that I have been waiting for him." Du Jiuniang said quietly.

"How long has your husband been missing?"

"Almost ten years."

Ten years, waiting for a man whose life or death was not yet known, what perseverance that must be for a woman!

That alone was admirable enough.

Of course, these were all her words, and Ye Xing would not believe them all.

"Old Mother Du, won't you consider changing a man, after all, it's quite lonely for a woman when the night is long."

Ye Xing said as he did so. While slowly walking over and sitting down next to her.

The room was dark inside and only the outlines of each could be seen.

"Good brother, you still don't trust sister and want to test whether sister is really loyal, right?" Du Jiuniang giggled.

"I don't mean that, I'm just being honest. Think about it, this is your most beautiful year, keeping a man whose life and death are unknown, don't you think it's too aggravating for you?" Ye Xing said seriously.

By now, his face had leaned over, and the two of them were close to each other.

The sound of each other's breath could be felt, and warm emotions filled the air.

Ye Xing did not continue. Du Jiuniang did not speak either, and the two kept their current movements.

Suddenly, Ye Xing held Du Jiuniang's hand and checked her pulse.

Her pulse was much faster than usual, and it was obvious that she was now in a very excited mood.

“Don’t be nervous, relax, otherwise the Night Cicada Compulsion won’t come out.”

Ye Xing smiled and left her. He sat down in the chair next to her.

The human heart would not withdraw lies, Du Jiuniang’s heart was beating so fast and she did not reject herself midway, so her loyalty to her husband might not be true. It was still even questionable whether her so-called husband existed or not.

“Good brother, you still don’t believe sister.”

Du Jiuniang sighed, her voice filled with disappointment.

“We’ve only known each other for a short time, we haven’t gotten to know each other in depth yet, so of course we won’t believe all of it.”

When he said the word in-depth, Ye Xing’s voice was deliberately aggravated.

Du Jiuniang was a woman in her thirties, how could she not hear it. Giggling, she said, “This habit of yours of leaving after teasing a woman will make many women sad.”

“It’s better to be sad than to hurt your body, and hurting your body is something you can be responsible for.”

After the two of them chatted a bit about adult conversation, they turned their eyes. Half an hour had passed.

Ye Xing walked over to the window and instantly pulled the curtains up, the blinding light coming in.

He quickly walked to the bedside and grabbed Du Jiuniang’s hand. Looking closely, he only saw that inside the pores of her arm, extremely tiny, white powder-like things smaller than fine hairs appeared, and when he fixed his eyes on them, they were still slowly wriggling.

“How is it?” Du Jiuniang asked worriedly.

The weak worm was too small to be seen by the ordinary naked eye.

“It should be the Night Cicada Compulsion right.”

Ye Xing took out two small bottles from his body and poured out two antidotes, one green and one white, and said, “These two antidotes, you should take them at midnight that is, from eleven o’clock at midnight to one o’clock in the morning, and the compulsion will be lifted after you have taken them. Don’t lose them, this is the only one.”

Du Jiuniang hurriedly took the explanation and took out a jewellery box from the bed to fill it up.

“How do I know that the poisonous compulsion has been lifted?” Du Jiuniang was still a bit uneasy.

“After you take the medicine, I will come back tomorrow and help you test it again.”

These medicines were not developed by himself, and Ye Xing was not 100% sure that they were the antidote.

“Okay. I’ll wait for you tomorrow then.”

Ye Xing saw a pen on the table, so he immediately took it over and wrote down a line with a brush.

“I’ll save your life, you give me 700 million, don’t forget it.”

Although he wasn’t short of money now, but who minded too much money!

“Good brother, you have so much money, and you want this small amount from sister. It’s too cruel, isn’t it?” Du Jiuniang bristled.

“It’s fine if you don’t pay, sleep with me once, two conditions, choose one.” Ye Xing looked at her with a smile.

“Sister knows you are testing me, if I really choose the second condition, in your heart you specify that you think I am a watery woman.”

Du Jiu Niang took her mobile phone, operated it and said a moment later, “Alright, the money has already been transferred.”

“See you tomorrow.”

Leaving the room, Ye Xing’s phone suddenly rang, it was Su Xiao Qiao calling.

“Ye Xing, my bank card suddenly has seven hundred million more inside, is that you calling?” Su Xiao Qiao said excitedly.

“Just now, I did a duck and received a rich woman, the rich woman called.” Ye Xing laughed.

“Nonsense again, tell the truth.” Su Xiaoqiao grunted.

“Then I’ll tell the truth.”

Ye Xing’s voice got serious and said seriously, “I’ll go to Tianhai in a few days to look for you, if I don’t find you again, I’ll have to come out of the closet.”

“You’re so bad.”

On the other side of the phone, Su Xiaoqiao got shy.
