

Foolish Son 61-70

Chapter 61

On the field, Ye Xing turned his head to Su Xiao Qiao and said, "Xiao Qiao, you wait on the side."

"They're still students, don't hit them hard!" Su Xiaoqiao reminded.

She wasn't worried at all, what kind of strength Ye Xing's was, she had seen it long ago.

"I have my measure, I won't hit hard, it's the right time to teach them to behave."

There was another reason why Ye Xing had struck. It was that he did not want Shen Ruobing to be bullied at school in the future.

What is a relative?

A relative was the kind of person who fought to the death at home, and when things came up, they had to be united.

Although Shen Ruobing made him very unhappy. But it was not something that a third or fourth, a cat or a dog outside could bully, otherwise how could he mix in Huaijiang in the future.

"Give me a fight, it's on me if something happens." Luo Ting bellowed.

A dozen of students with tall bodies rushed over.

Bang, bang, bang, bang!

Hands up and feet down.

In less than five minutes, a dozen students were all beaten to the ground. Spitting bile in their mouths.

The two women were stunned!

The students around them were all stunned too.

One person beat a dozen of them, this was too fierce!

"Holy shit, Ruo Bing, so your cousin's husband is so capable of fighting." Feng Xiao pushed his glasses and exclaimed.

"I didn't know he was so ..... able to put up a fight either!" Jiang Ruobing's eyes dropped.

Now she finally understood that back in the mountain forest, he had been pretending.

With this kind of strength, there was still a need to run away at that time.

After lecturing these students, Ye Xing then walked over to Luo Ting and raised his palm.

Slap slap slap!

A few consecutive slaps went down and Luo Ting's face was instantly swollen like a pig's head.

"I don't want to hit anyone, but you can't even be considered a human being, a beast is worse than that."

Ye Xing let go of his hand and Luo Ting withdrew a dozen steps away in a row.

The rest of those students also all climbed up and looked at Ye Xing from afar, as if they had seen a ghost for a moment.

"What other tricks do you have, just use them. I am waiting here." Ye Xing laughed.

The surrounding students who were watching all talked about it.

"No wonder Jiang Ruobing is so bold, so she has such a bullying brother-in-law!"

"If I had such an awesome brother-in-law, I would dare to walk around the school too."

"Luo Ting has now hit the iron plate."

Luo Ting covered his face, which was swollen to a pig's head, and took out the phone, dialing as he bellowed, "Kid, wait, this is not over."

Soon, the call came through.

"Brother Kei. It's me Xiao Ting, I got beaten up at school ..... who, a nobody, that woman's cousin's husband at the bar last time ....."

"I fuck you, Luo Ting, mention the last time again, I get killed. Also, in the future, don't you hit on that woman or you won't even know how to die. Fuck you ....."

Ki's voice was so loud that even from a distance, he could hear it.

"Is that the Keith you're calling?" Ye Xing grinned and said, "Didn't he tell you that he almost got the shit beat out of him by me last time?"

Pfft!

The people around, all burst into laughter.

Luo Ting: "....."

It was at this time. A group of security guards walked over in the distance, led by none other than the school's dean, Chen Qiang.

"Dean Chen, Shen Ruobing brought social youths to the school to beat people up, look, he beat us all up like this." Luo Ting hurriedly ran up to ask for help.

He did not expect that he would one day be reduced to the point of asking for help from the dean.

"Luo Ting, you've been expelled from school." Chen Qiang said.

"What, expelled?" Luo Ting was so shocked that he almost didn't want to believe his eyes.

“A student like you who corrupts the school spirit is a disgrace to the academy. Now, immediately, pack up the catch cover and get lost.” Chen Qiang said as he did so. While speaking to the two guards around him, he said, “Follow him, he must leave the school by half an hour, if not. Throw him out.”

“Dean, he is the one who beat people up, who are you to expel me?”

“On what grounds? On the grounds that you’ve caused trouble to countless girls, on the grounds that you’ve gathered such a group of students to find someone to fight. A dozen of them can’t even beat one of the others, and you still have the nerve to talk about people beating people up.” The dean’s gaze fell on those students next to him and said angrily, “What are you still standing there for, don’t go back yet.”

The group of students then knew that Luo Ting’s momentum had gone and left.

“Dean, you’ve done a really good job.”

Ye Xing took two steps forward and shook his hand tightly.

“Students, do you think Dean did a good job?”

“Yes!” A unanimous voice.

“And thanks to you. If it wasn’t for you, I wouldn’t have known that the college had students who behaved so badly.” The dean finished and shouted towards Jiang Ruobing, “And student Ruobing, for daring to expose the evil behaviour of your classmates, your courage is commendable and deserves encouragement.”

“Ruo Bing. The dean is praising you, yeah.” Feng Xiao said.

“Compliment my ass, he’s complimenting money.” Jiang Ruobing rolled her eyes.

“It’s late, Dean, so we’ll go back first.” Ye Xing laughed.

“Bye Dean.” Su Xiaoqiao greeted.

“Xiao Qiao, come back to the academy more often in the future and don’t forget your alma mater!” The dean said with a leathery smile.

“I will come back to visit often when I have time.”

After a bit of courtesy, Ye Xing then followed Su Xiao Qiao to leave.

“Jiang Ruobing, what are you still standing there?” Ye Xing shouted from afar.

Jiang Ruobing glanced at her mouth, before she stood up and followed him.

After walking out of the school and just getting into the car, Ye Xing took out his phone, opened the WeChat collection code and reached out to Jiang Ruobing.

“What for?” Jiang Ruobing asked.

“I just helped you solve so much trouble, no credit but also hard work, 110,000 transfer over.”

“I didn’t ask you to solve it, I can do it myself just as well.” Jiang Ruobing grunted.

There was no way she could spit out the money she'd gotten her hands on.

"Don't give it is it, fine, don't look for me when you encounter trouble in the future." Ye Xing put the phone away and continued, "Tomorrow I'll put the wind out to the school and say that I'm divorced from your cousin and that your affairs have nothing to do with me in the future."

Without herself sitting in the middle, let's see how Luo Ting can get her killed.

Jiang Ruobing was startled and immediately changed her expression to a pitiful one, whining, "Cousin-husband, you spent so much money to bribe Pig-headed Chen, this small amount of money should be given to me as pocket money."

"How do you know I spent the money?" Ye Xing asked curiously.

"Pig-headed Chen is a typical iron cock, not a single dime, he treats you so well, it's a wonder you didn't spend money." Jiang Ruobing rolled her eyes.

"Who's Pig-headed Chen?" Su Xiaoqiao asked curiously.

"The dean!"

Pfft! Su Xiaoqiao couldn't help but laugh.

"I didn't spend the money for you, give the money back." Ye Xing's tone hardened.

"Cousin husband, can you not be so stingy." Jiang Ruobing saw that persuasion was fruitless, and then turned her gaze mark to Su Xiaoqiao and said, "Sister Xiaoqiao, I like you the most, and I also follow you, so just help me out and I will support you to compete fairly with my cousin in the future."

Ye Xing: ".....".

Su Xiaoqiao: ".....".

This nee-san really shattered her modesty for the sake of money!

## Chapter 62

"Are you guys going to get a room?"

Ye Xing was driving the car when Jiang Ruobing suddenly came up with this sentence.

The atmosphere inside the car instantly became awkward beyond belief.

Su Xiaoqiao's face instantly turned red, not knowing what to do, and could only pretend as if she hadn't heard.

It didn't take long for Ye Xing to drop Su Xiao Qiao off at home.

The place Su Xiao Qiao lived in was not really a home, renting a place to live.

"Ye Xing, you guys go back, drive carefully." After getting out of the car, Su Xiao Qiao admonished.

"Bye."

Ye Xing waved. It was only until she went upstairs that she started the car.

"This place is a rental, right?" Jiang Ruobing asked as she looked at the house.

"It's rented, Xiao Qiao's family is not in a good condition." Ye Xing nodded.

"She lives alone, right?" Jiang Ruobing continued to ask.

"Yes."

"Why don't you go up. I'll wait in the car, is half an hour enough?"

Ye Xing: "....."

"Don't worry, I won't tell my cousin, it doesn't mean anything, I believe you will still choose your cousin in the end." Jiang Ruobing said.

Slap!

A slap slapped her on the head.

"What are you hitting me for?"

Jiang Ruobing's entire body jumped up and only then did she realise she was sitting in the car. Her head hit hard on the top of her head.

"Can you have some positive energy, your mind is all evil!" Ye Xing couldn't help but curse.

"Don't pretend, I just can't believe you're helping Su Xiaoqiao that much, just a friend." Jiang Ruobing grunted and rubbed her head.

"You really guessed right, we're just friends."

"You're lying to the devil, there's no cat in this world that doesn't eat fishy things." Jiang Ruobing didn't believe it at all.

"Just because you haven't seen one, doesn't mean there isn't one."

"Then you were at school just now, and you kissed her so hard."

"How dare you say that, if you hadn't leaned over, I would have found something like that to avoid you."

"You guys were hugging each other when I didn't go over." Jiang Ruobing gave him a blank look and scolded, "Daring to do something, are you still a man?"

Ye Xing was instantly furious, from this to the end he was all about pretending.

Jiang Ruobing misunderstood him like this, which made him very unhappy.

"I haven't even touched your cousin yet, what would I have to do with Su Xiaoqiao, which point do you think your cousin is inferior to Su Xiaoqiao?" Ye Xing said angrily.

"Cousin's husband. No way, you've been married for three years and still haven't ....." Jiang Ruobing covered her mouth, half revealing a dazed expression of realization and patted his shoulder, "Don't be sad, nowadays medicine is so advanced, there's nothing that can't be cured."

Ye Xing: “.....”

This aunt dared to think that she couldn't.

This simply made him feel even worse than misunderstanding him just now.

“Jiang Ruobing, I'm in good health, not every man is like those scum you know who think of sleeping with beautiful women when they see them. There's no positive energy at all.” Ye Xing stopped paying attention to her and started the car.

Halfway through the car, Jiang Ruobing had a rare moment of peace and quiet and did not speak.

But Ye Xing knew that she must be thinking about something messy inside her head.

When they finally arrived home, it was already eleven o'clock at night.

When the two of them got down from the car, Jiang Ruobing smiled cheekily and said, “Cousin-husband, think about what to tell your cousin!”

Ye Xing began to have a headache, how could he explain it later?

“According to not admit. Rather die than admit it.”

With this determination, he took a big step upstairs.

Anyway, that photo only took a back view, and Su Xiaoqiao's body was blocked and in a shadowy light, it couldn't be considered evidence at all

“Cousin, I sent that message to you just now. Does it look like cousin's husband?”

Just as he went upstairs, Ye Xing heard Jiang Ruobing's voice.

His sister-in-law was actually helping him.

Murong Xue froze when she heard this from her and asked, “Isn't he your cousin's husband?”

“No, it's a couple from our college.” Jiang Ruobing walked to the sofa and sat down, saying, “You say what's wrong with all the students nowadays, their families spend so much money to pay for them to go to university, and instead of studying properly, they only care about falling in love. So what if they fall in love? They even make out in public, so shameless.”

Ye Xing had just come upstairs and almost choked to death on her accusing words.

“Wife. I'm back.”

Ye Xing went upstairs, walked beside her and sat down, saying, “What did you just send that photo to me for?”

“What's this nonsense?” Murong Xue gave him a blank look. Scolded, “Go and take a shower.”

“I'm going to take a shower first.” Ye Xing sighed in relief and went back to his room to take a shower.

After taking a shower, Ye Xing walked out of the living room in his pajamas, and the two women were exchanging words, not knowing what they were saying.

Seeing him come out, Murong Xue's face instantly turned red and gave him a white look.

"Cousin, I'm going back to my room." Jiang Ruobing stood up.

"What did you say to Ruo Bing just now?" Murong Xue asked without good humour.

"Didn't say anything!"

"Then how does she know that we sleep in separate beds and never ..... that."

So they were talking about this just now, no wonder Murong Xue looked very embarrassed and blushed so shyly.

"I didn't mean to slip my tongue just now." Ye Xing walked to her side and sat down, explaining, "Just now I went to Huaijiang University with Su Xiaoqiao. She saw me and she actually suspected that I had a relationship with Su Xiaoqiao, and I said that you hadn't even slept with her, so how could you have a super friendship with Su Xiaoqiao."

"She's still a freshman girl, so innocent, you're a big man talking to her about this. Aren't you ashamed of yourself?" Murong Xue gave him a blank look.

She, simple?

Ye Xing was speechless, this money-losing girl was several times more open-minded than you.

Of course, Ye Xing didn't dare to say this to her, to save himself from leaking out again.

"Wife, Su Xiaoqiao probably won't take long to catch fire, you can wait to count your money later!" Ye Xing laughed.

"It's her business if she's on fire, why are you so excited?"

"I'm warning you, don't get that close to Su Xiao Qiao in the future."

"I don't always feel safe with you two."

Murong Xue was still worried, although Jiang Ruobing had explained that the person in that photo was not him, she still didn't feel much security.

"I'll find someone else to play with in the future, not her." Ye Xing laughed.

"Go back to your room and sleep!" Murong Xue stood up.

Ye Xing's eyes lit up, then immediately shook his head, "No, I'm afraid I can't help but break my fast."

"Just now Ruo Bing asked if we were sleeping in separate beds, and I said no. She asked me again if we were ..... I said that you have a dark illness in your body, and if you go to sleep in the guest room now, won't that slap me in the face and make her think that there is no affection between us." Murong Xue said.

"I'm afraid I can't help it." Ye Xing took a look at her shapely figure.

Guarding such a big beauty, in the same room, alone with a man and a woman, what man can't hold back!

“It doesn’t matter if you can’t hold back, I can just hold back.”

Murong Xue took out a pair of scissors from inside the drawer next to her.

“You sleep on the floor, if you dare to climb into bed, I’ll cut you.”

“Wife, you are too cruel!” Ye Xing was speechless.

## Chapter 63

This night, Ye Xing slept on the floor.

Halfway through his sleep, he couldn’t take it anymore and climbed into bed to sleep.

Murong Xue used him like a pillow and his whole body stuck up and hugged him as he slept.

Ye Xing spent the night in agony and torment.

Early the next morning.

Murong Xue just woke up and a scream came out of her mouth.

“Didn’t I tell you to sleep on the floor, why did you run up here.”

She thought about the fact that she had slept with him in her arms all night. It was very humiliating at heart.

“The floor is uncomfortable to sleep on, the bend is hurting.”

Ye Xing stretched and before her fire could bubble up. Walked into the shower.

“Go and recite the sutra.” Murong Xue commanded.

Ye Xing walked out of the room with confused eyes, and just after he walked out of the room, he was relieved.

“Good morning, cousin husband!”

Just after he went downstairs, he found Jiang Ruobing had woken up long ago and was sitting on the sofa playing with her mobile phone.

Seeing Ye Xing. She walked over and handed over a slip of paper.

“What for?” Ye Xing asked strangely.

“This is some specialist hospitals that I searched on the internet for treating your condition, and some specialists.” Jiang Ruobing put the note in front of him and continued, “Men, you can’t avoid treating diseases, if you have a disease, you have to treat it.”

Ye Xing looked at the note in his hand, and at the very top was written a line: male dysfunction treatment hospital.

“No thanks, you helped me, I always have to do something don’t I?” Jiang Ruobing waved her hand with a no-thanks expression.

Since Ye Xing wasn't stupid, she didn't know how many times she had suffered a loss under him, and now she could finally get one back.

Comfortable!

As a man, he couldn't even do the most important and basic thing a man could do.

What qualifications did such a man have to be his own opponent?

Jiang Ruobing smiled like a flower and was smug.

"How many times have I told you, I'm not sick." Ye Xing said angrily.

"Cousin has admitted it, I looked it up on the internet last night, there are quite a lot of men who have this disease. You are not the only one. So, you don't need to feel ashamed."

Jiang Ruobing soothed in a gloating tone.

If she wasn't Murong Xue's cousin, Ye Xing really wanted to walk over and press her down on the sofa, so that she could experience for herself whether she was sick or not.

But such thoughts, he just passed away with a thought.

This kind of flying field was not his cup of tea.

Back in his room, Ye Xing began to recite the scriptures.

Ever since he had asked for a Daoist talisman from Master Pudu, he had been chanting the Sutra of the Three Worlds of Cause and Effect for half an hour every day.

Although he felt that reciting this sutra was of no use at all. But there was no way Murong Xue believed in it!

Just as he reached halfway through the recitation, the door to the guest room was pushed open and a little head poked in.

"Ugh, how sad."

"Can't be a real man and have to use the chanting to anesthetize myself."

"But that's good, it's better than those dead eunuchs on TV who get themselves killed."

Throwing down these words, Jiang Ruobing closed the door and left with a pitiful look in her eyes.

Ye Xing really wanted to rush over and put her on the spot. Let her understand whether she was sick or not.

After reciting the sutra for half an hour, Ye Xing left the room and went down to the kitchen to cook breakfast.

When everything was done, Murong Xue then dressed and went downstairs.

"Wow, what a sumptuous breakfast."

Jiang Ruobing walked over to the dining table and sat down, rubbing her hands together non-stop.

“Ye Xing. After breakfast, let’s go to the mall and buy some things and come back, we’re almost out of tissues.” Murong Xue said.

“Okay.” Ye Xing nodded his head.

“Ruo Bing, are you going?” Murong Xue asked.

“I’m not going, there’s a drama to catch up with.”

“Every time you come back on the weekend, you either watch TV or go out shopping, spend more time studying, be careful you won’t graduate.” Murong Xue scolded.

“Cousin, don’t worry. I have a high IQ, exams are child’s play for me.” Jiang Ruobing laughed.

“If you have a high IQ, you must also have a high emotional quotient. Emotional quotient is important when you go out in society in the future.” Ye Xing couldn’t help but remind.

With this personality, it would be strange if she didn’t suffer in society later.

Just like last night, this little ninny actually made Luo Ting lose her reputation. If she hadn’t been present, she wouldn’t have known how to end it.

“Cousin husband, are you saying that I have a low emotional quotient?” Jiang Ruobing was instantly unhappy.

“Then how high do you think your emotional quotient can be?” Ye Xing asked rhetorically.

“Even if I have a low emotional quotient, but no one is perfect! Like cousin-husband you are so powerful, handsome, capable of fighting, and rich, but it still turns out that you are not ……”

Jiang Ruobing didn’t continue with her last words, gazing at him smugly.

The rest of the unspoken words couldn’t be more obvious, that he couldn’t.

Ye Xing’s face instantly darkened.

It’s a good thing that he doesn’t have a physical problem, if he did have a problem, he would be ridiculed by her every day. It would be strange if he didn’t go crazy.

“Ruo Bing, no more nonsense in the future.” Murong Xue interrupted her.

“Sorry, I promise, I won’t mention cousin’s husband’s dark illness in the future.” Jiang Ruobing raised her hand.

Ye Xing didn’t bother to pay attention to her, it wasn’t like her body was sick anyway, she wouldn’t feel any pain even if she scolded her more.

After finishing the meal. Ye Xing was ready to drive to the mall with Murong Xue to go shopping.

Just as they went up, suddenly Jiang Ruobing hurriedly came out from inside with a very anxious look.

“Cousin husband, it’s not good, something has happened to Feng Xiao.”

Inside Ye Xing’s mind, the girl with the big glasses immediately appeared.

“What’s wrong?” Ye Xing asked.

“Feng Xiao went home last night, but Feng Xiao’s mother called me just now and said that she didn’t come home. I called my classmates at school and said I saw her leave school last night with my own eyes, and when I called her number just now, I couldn’t get through.” Jiang Ruobing was in a hurry and muttered, “It’s Luo Ting, it must be him, he doesn’t dare to seek revenge on me, so he took it out on my best classmate.”

“Could she have gone somewhere else and her phone happened to run out of battery?” Ye Xing continued to ask.

“No, Feng Xiao is very well behaved and would never go somewhere else without permission. Cousin brother-in-law, Feng Xiao’s mother just called the police, the police officer said it would take forty-eight hours to file a case, do something!” Jiang Ruobing was so anxious that her voice changed.

“Wife .....

“You go, make sure you find her, Feng Xiao that girl is quite kind.” Murong Xue said.

“Ruo Bing, do you know where Jia Luo Ting lives?” Ye Xing asked.

“Yes, but he is not necessarily at home, if Luo Ting catches her, he will definitely not keep her at home.”

“Get in the car first.”

The two of them got into the car and it roared away.

“Cousin-husband, where are we going now?” Jiang Ruobing asked urgently.

“To the police station to transfer the video and see where Feng Xiao disappeared.”

“But the police say that in less than forty-eight hours, there’s no case at all.”

“I know people.”

Twenty minutes later, the car arrived at the police station.

At the door, Ye Xing called Luo Xiaoyun, who immediately walked out when she heard that a student was missing.

“What’s the situation?” She asked just as she came out.

Ye Xing briefly told her what happened and then said, “There is surveillance in front of the school, I need to go and transfer the surveillance to see.”

“Let’s go, let’s go to the traffic bureau.” Luo Xiaoyun said immediately.

## Chapter 64

Twenty minutes later, the three arrived at the traffic police brigade.

All the videos on the highway are available here.

“Not just anyone can go in there, you wait here for us.” Luo Xiaoyun said to Jiang Ruobing.

“I’ll trouble you, Officer Luo.” Jiang Ruobing nodded.

The two walked in, and after Luo Xiaoyun flashed her police officer’s card, the two went straight to the surveillance centre.

Just as they walked into the surveillance centre, an icy voice suddenly came from inside: “Who let you in, get out.”

There were four people standing inside.

Ye Xing knew one of them. It was Ren Fei, the police captain.

The other two, a man and a woman, were both very tall in stature. Their bodies exuded the aura of strong men.

The one who spoke was the man who was around thirty years old, nearly one meter eight tall, with a dark and sullen face, his body standing straight, and a very arrogant attitude.

The last one, was the police officer who managed the surveillance.

“Captain. We have an urgent matter to transfer the surveillance to see.” Luo Xiaoyun said in a small voice.

“Are you deaf? Didn’t you hear the words? Get out.” The other woman, who was around one seven metres, drank.

“Excuse me, you guys take a look first, I’ll go out for a while.”

Ren Fei walked over and pushed the two men straight out, closing the door behind them.

“Captain, who are these two people, so tugging?” Luo Xiaoyun asked unconvinced.

“Special agents from above, from the Dragon Group, do you think they can’t be tugged?” Ren Fei glanced at Ye Xing and asked, “What are you doing here?”

“A famous female university student from Huaijiang University has gone missing, Ye Xing knows her, so I brought him to see the surveillance.” Luo Xiaoyun told the story briefly.

“You guys wait here, when they’re done watching, you can go in.” Ren Fei said.

“Why should we wait for them to finish watching? They’re watching theirs, we’re checking ours. There’s no conflict!” Ye Xing said angrily.

“They said that they are dignified and mysterious, they can’t be known, the whole control and control room was all kicked out, now there are only two of them left with Xiao Chen, see.” Ren Fei said this with exasperation as well.

“This morning in the police conference room, there was a lot of cursing, was it these two goods?” Luo Xiaoyun asked.

“What can be done about it. Who made us unable to solve this case.” Ren Fei shook his head helplessly.

At this moment, Ye Xing suddenly pushed open the door and walked in.

“Ye Xing, don’t be impulsive.” Luo Xiaoyun wanted to pull him out.

Ren Fei reached out to stop her and shook his head at her.

Luo Xiaoyun understood that the captain wanted Ye Xing to kill the two men, otherwise they would really think that Huaijiang had no capable people.

“What for, didn’t I tell you to get out?” The female from the Dragon Group shouted angrily again.

Her gaze fell on Ye Xing, very cold.

“Who is your boss?” Ye Xing asked indifferently.

“None of your business, get lost.” The woman bellowed towards the outside, “Ren Fei. Who is this, not even wearing a police uniform, blow him out.”

Only then did Ren Fei walk in and said, “His name is Ye Xing, he’s a consultant of our police station, he was the one who caught those kidnappers last time.”

The woman gave Ye Xing a look. Seeing his delicate skin, she coldly snorted, “What kind of crappy advisor, paper advisor or relationship advisor, if you’re here for gold plating, get the hell out of my way and don’t disturb us from doing our business.”

Specialists value strength above all else, strength is king.

Only on top of strength was wisdom, Ye Xing could not pass her first hurdle already, and was naturally looked down upon.

In her opinion. Ye Xing was just the kind of person who came over to gild the lily and get some qualifications, so that he could tamper with his file a little later.

“Who is your boss?” Ye Xing asked again, “Long Sihai or Xu Tengfei?”

After hearing these two names. Only then did the two eyes look at him in shock, obviously not expecting him to know the two leaders of the Dragon Group.

The South and North groups of the Dragon Group were headed by Long Sihai and Xu Tengfei respectively; above the Dragon Group was the Dragon Soul.

The Dragon Soul is the most elite special forces in China. They are selected from the Dragon Group and are the elite of the elite.

In his previous life, Ye Xing’s name was Red Dragon and he was the leader of the Dragon Soul squad, and Luo Wei was his subordinate.

In terms of strength and qualifications, these two were not even worthy of his shoes, and now they were actually yelling in front of themselves.

“Who are you and how do you know their names?” The man stared sharply at Ye Xing and said to Ren Fei, “Arrest him immediately, find out his identity clearly and wait to be sentenced.”

The identity of the Dragon Group was very secret, and many of them were code names.

Just like Long Si Shao Hai and Xu Teng Fei were also code names. Very few people knew about it.

The young man in front of him, who actually knew the identity of the leader of the group, was definitely not a simple person.

It had to be investigated thoroughly.

“Who am I? Not to mention you guys, even Long Sihai and Xu Tengfei are not qualified to know.” Ye Xing snorted coldly and said to Ren Fei, “Captain Ren, please call someone in. I want to investigate the video replay.”

“This .....” Ren Fei was a little hesitant.

After all, what Ye Xing just said sounded like a lot of bull, but he didn't have a clue in his mind.

“Ren Fei, I told you to arrest him, didn't you hear me?” The man suddenly shouted.

“Don't think that just because you're in the Dragon Group you're great and will mouth orders, come and arrest me yourself if you have the guts.” Ye Xing's voice was louder than his.

Luo Xiaoyun stood in the doorway, listening to the two men arguing, shivering in fear.

She had never seen such a scene before.

Even the captain, in front of these two members of the Dragon Group, had lowered his voice, she really didn't know where Ye Xing got the guts.

Could it be that this guy, really had an extraordinary background?

Xu Yihang's eyes mimicked up, and there was a murderous aura in his gaze.

As members of the Dragon Group, the strongest of the Special Forces, apart from the Dragon Soul, no one dared to underestimate them in such a way.

Wherever they went on missions, the people over there were always respectful, it was the first time he had seen a guy who ignored them like this.

“Captain, I'll go teach him a lesson.” Zhao Ya said.

“Teach him a lesson, just don't kill him.” Xu Yihang said coldly.

Killing a chicken to make an example of a monkey, if he didn't show him some colour, he still didn't know how powerful the Dragon Group was.

Zhao Ya took two steps forward and arrogantly said, “A hand is enough for a man like you who is so fine and worn out and tender.”

“I don't hit women, so get out of the way.” Ye Xing said.

“You can not treat me as a woman.” Zhao Ya put her left behind her back and hooked her right hand towards Ye Xing: “Feel free to strike, it's your ability to touch me, go ahead, hit me!”

The words just fell!

Whoosh!

Ye Xing kicked out directly.

How can one say the word “fast”?

Zhao Ya was already too late to react.

If she had two hands, she might have been able to block it, but she only had one hand.

Bang!

Her body was kicked out, knocking over a table, and she tumbled to the ground with the table, unable to get up for a long time.

“You all heard that, didn’t you? She was the one who told me to fight.” Ye Xing patted her shoes and muttered, “Growing up, I’ve never seen anyone who likes to be beaten up, she has such a fetish, I always have to satisfy it.”

The whole room was dumbfounded.

Chapter 65

“Bastard, dare to act like a fork in front of me, I’ll get you killed.”

Zhao Ya jumped up and rushed towards Ye Xing, her right fist blasting out with a punch.

Don’t look at her, she was not tall and her arms were thin, but this punch carried a whistling wind sound.

She looked like a battle-hardened expert!

Ye Xing did not dare to be careless, after all, this was a member of the Dragon Group, and those who could enter the Dragon Group were not simple.

After a few consecutive sliding steps to dodge the punch, Ye Xing finally found an opportunity to punch her in the chest.

One move won. Ye Xing gained momentum but did not acknowledge it, his body instantly lunged upwards and collided with his shoulder.

This time, it rammed hard into Zhao Ya’s chest. Once again, it knocked her off her feet.

Due to being a reborn body, Ye Xing’s fist strength was not as strong as Zhao Ya’s, and he could not use a dagger, so he used a strength-saving technique like a shoulder slam.

“The body is quite hard practiced, but it’s a pity that it didn’t reach the chest.” Ye Xing patted his shoulder and laughed.

Having been knocked away twice and being teased out, Zhao Ya was instantly furious. Quickly, she drew her gun from her waist and pointed it at Ye Xing.

“Can you fight, can’t you? I think it’s you who is quick to return my gun.” Zhao Ya roared.

“Zhao Ya, put down the gun.” Xu Yihang said sharply.

“Zhao Specialists, don’t be impulsive.” Ren Fei also said urgently.

Both of them did not expect that Zhao Ya would pull out a gun when she was outgunned.

Being pointed at with a black hole, Ye Xing’s face did not change at all, not only did he not get scared, but instead he took two steps forward and put his head on the muzzle of the gun.

“Shoot!”

“If you don’t shoot, you’re born of a turtle.”

“I’d like to see what kind of rubbish the Dragon Group has taught us now.”

“How dare you pull out a gun when you can’t win a fight? Didn’t the instructors tell you before you joined the Dragon Group that you should never point your guns at your own people?”

These words were spoken in a powerful and hugely righteous manner.

At this moment, if anyone still thought that Ye Xing was an ordinary person, then they were fools.

Anyone without special training would have been scared out of their wits when a gun was pointed at them, much less be able to say such clanging and powerful words to a gun.

Xu Yihang stepped forward and grabbed the gun in Zhao Ya’s hand and snatched it away.

“Who the hell are you?” Xu Yihang asked coldly as his gaze then fell on Ye Xing.

The day they first entered the Dragon Group, the instructor had given them this advice: never point a gun at your own brother.

People who were not from the Dragon Group. It was impossible for someone who was not very familiar with the Dragon Group to know about this matter.

Coupled with the fact that the code names of the two leaders of the Dragon Group had just come out of his mouth, they were almost certain that the weak-looking young man in front of them must have an unusual relationship with the Dragon Group.

“Still, you guys are not qualified to know.” Ye Xing’s gaze fell on Ren Fei and said, “Captain Ren, tell them to go back, I’ll help you solve this case, Huai Jiang doesn’t need special agents.”

Seeing Zhao Ya eating craps in front of Ye Xing, Ren Fei couldn’t say how happy he was.

These two so-called special agents had just arrived and acted as if they were the best in the world. He had long been displeased with them.

But to let the two go back, he was not qualified to do so.

“Ye Xing, they were sent down from above, I am not qualified .....

“Then I will find someone who is qualified to tell them to get lost.”

Ye Xing took out his mobile phone and dialed Lin Wei's number.

Lin Wei was the team leader of Dragon Soul, and after Red Dragon's death, she had a higher status.

Although she didn't know if she was the chief commander of this operation, it was more than enough to tell these two so-called special agents to get lost.

Soon, the call came through.

"What's the matter with me?" Lin Wei asked.

"Did Huai Jiang send two members of the Dragon Group down to be some bullshit special agents?" Ye Xing asked straight away.

"Yes, Xu Yihang and Lin Ya. Given Huaijiang's very slow breakthroughs lately, there's not much progress ....."

"Tell them to fuck off, I'll take the case poorly."

"Good."

Lin Wei returned a word very dryly.

The most important reason why Red Dragon could become the strongest special forces soldier in China, apart from his super strength, was another most important reason.

It was that he had a brain that was comparable to a computer.

Simply put, he was still a very powerful character even without his force value.

"Immediately, right away."

Ye Xing finished speaking. He directly hung up the phone.

Ten seconds later, Xu General's phone rang.

"Chief Commander, yes, I know, understand."

Xu Yihang hung up the phone and looked at Ye Xing with a complex gaze in all his eyes.

"Zhao Ya, the instructions from above, let's go back to the province immediately." Xu Yihang said.

"Teammate, I'm not convinced." Zhao Ya gritted her teeth and said.

"This is an order." Xu Yihang drank.

At this moment, they finally understood how much Ye Xing was capable of.

Zhao Ya walked up to Ye Xing. In a loud voice, she said, "Surnamed Ye, I don't know what you are capable of to transfer us away, but I am not convinced, you have the guts to let us stay. Let's compete together and see who solves this case first. If you can do it faster than us, I'll obey you."

"Very wild, let's have a bet then."

Ye Xing's interest also came up. Since she was not convinced, let her admire her to the core.

“I’ll let you guys stay, from now on, let’s each investigate and see who solves this case last. The one who loses, must be punished.” Ye Xing stretched his chin and thought for a moment, grinning, “How about the loser running naked for ten minutes at Tianrun Square at twelve noon?”

At these words, Luo Xiaoyun couldn’t help but puff out a laugh.

“It’s a deal.” Zhao Ya immediately agreed.

She couldn’t swallow this grievance.

She couldn’t beat him with her martial strength, she didn’t believe that with her intelligence, she wouldn’t be able to match him.

“Having guts, you’ve impressed me.”

Ye Xing dialed out his mobile phone and dialed Lin Wei again, so that he would let the two stay.

He couldn’t wait to see Zhao Ya running naked in the square.

“Captain Ren has been following us for half a day. It’s already starting to cooperate, we need him.” Xu Yihang said immediately.

As the police captain and the person most familiar with the case, the chances would obviously be much better with his help.

“For the police station, I just need Luo Xiaoyun.”

“Another point is that all relevant departments must cooperate during my investigation of the case.”

Ye Xing stated his two requirements.

“No problem.” Ren Fei said immediately.

“I’ve finished reading it. You guys take your time and watch it, Zhao Ya, let’s go.”

With a big wave of his hand, Xu Yihang walked towards the door.

“Surnamed Ye, I’m waiting for the day when you run naked in the central square.” Zhao Ya left these words behind before she left.

“I’ll be waiting too.” Ye Xing shouted.

Only after they left did Luo Xiaoyun breathe a sigh of relief.

Under that atmosphere just now, she simply didn’t even dare to breathe.

“How can we check with just the two of us, why don’t you ask Team Ren for a few more people.” Luo Xiaoyun said.

“It’s because there are more people that something is wrong, I don’t trust anyone except you.” Ye Xing said indifferently.

Luo Xiaoyun’s eyes lit up with shock, “You mean, there is a traitor inside our team?”

“The case of the missing young girl has affected the entire Guangnan Province and has not been solved for a long time, so it is clear that the mastermind behind it is capable of greatness. Inside the team, it would be easy to turn someone.” Ye Xing thought for a moment and said, “Luo Xiaoyun, go to the police station immediately and find your father, pull out all the information on the list of police officers and give it to me.”

“Why don’t you go to Team Ren, can’t you even trust Team Ren?”

“It’s not that I can’t trust him, I just want to minimise the chances of being involved.”

“And how can you trust my father?”

“A dragon gives birth to a dragon, a phoenix gives birth to a phoenix, a rat’s son makes a hole in the ground, you don’t have much of a brain, but you should be fine in terms of character.”

“Are you complimenting me or belittling me.” Luo Xiaoyun gave him a blank look before walking out of the monitoring room.

She now finally understood how remarkable Ye Xing was.

She was getting more and more curious about his identity.

## Chapter 66

After waiting for Luo Xiaoyun to leave, Ye Xing this walked up to the surveillance.

“This big brother, which part of the surveillance do you want to see?”

The police officer who was watching the surveillance then came forward and smiled.

Just now, Ye Xing’s tactics had shocked him beyond measure, he had never seen such an awesome character before.

The two members of the Dragon Group didn’t even dare to say a fart in front of him.

“What’s your name?”

“My name is Chen Ping, you can just call me Xiao Chen.”

“Xiao Chen, how many people are there in this surveillance room of yours?” Ye Xing asked casually.

“There are three shifts, there are only two people on the first shift, if there is an emergency, more people will be sent over.”

“Who’s on the evening shift now?” Ye Xing continued to ask.

“Hong Qiang and Ma Weimin.” Speaking of this, Chen Ping asked curiously, “Big brother, why are you asking this?”

“Nothing. Just asking casually.”

Ye Xing took a pen from the side and, on a piece of white paper, wrote down a series of numbers.

“Keep an eye on the people watching the surveillance for me, and if you think something is wrong. Call me, I won’t treat you badly.”

Ye Xing said as he handed the note over.

“Big brother, you are suspecting that we are here .....

“Don’t talk nonsense, the police investigate cases, they need evidence, and nothing can be said until there is evidence. This is an investigation.”

“Okay.”

Chen Ping hurriedly put the note away.

After Ye Xing’s instruction, Chen Ping immediately checked.

“Four times the speed.”

“Not enough, eight times.”

“Not enough, sixteen times.”

Chen Ping put the speed to sixteen times.

At this moment, his admiration was as continuous as a torrent of water.

At such a fast speed, not to mention seeing, one could not even see a shadow.

“Stop, this is the place.” Ye Xing shouted in a hurry.

Chen Ping paused the surveillance to zoom in.

“The girl in jeans and a white — shirt.”

“She got into a red taxi with the license plate ??????” Speaking of which, Chen Ping couldn’t help but be curious and asked, “Brother, how did you see it at sixteen times the speed just now, I couldn’t see anything clearly.”

“If you could see clearly, you wouldn’t be sitting here watching the surveillance.” Ye Xing said arrogantly.

He had long known that Feng Xiao left the school at half past eleven, so he didn’t need to watch at all and jumped straight to this time period.

As for the sixteen times speed, not to mention ordinary people, even God could see clearly.

“Follow this car.” Ye Xing commanded.

Xiao Chen operated it and tracked it from various surveillance, but after tracking it for half an hour continuously, he lost the trace of the car.

He operated it quickly, and after a few moments said, “Checked it. It’s a set of cars.”

“I see.”

Ye Xing left the monitoring centre, since the other party was using a set of cars, they must have known that they would be tracked, and any further tracking would only waste time.

“Cousin husband, how is it going?”

As soon as he came out, Shen Ruobing came forward and asked urgently.

“There are no clues for now, but don’t worry, I will be able to find her.”

Looking was something he could find, but what would become of her after he found her, he didn’t dare to guarantee.

The thought of Feng Xiao’s big eyes made him feel a pang in his heart.

“Cousin’s husband. You must find her, she’s my best friend, you mustn’t let anything happen to her.” Jiang Ruobing said urgently.

“Don’t worry, she will be fine.” Ye Xing patted her shoulder, “You take a car back first, I need to use the car, go back and talk to Xue’er about it.”

Jiang Ruobing nodded, before turning around and leaving.

Ye Xing returned to the car, put the car seat down and lay down to think quietly.

The case of the missing teenage girl, he had heard about it a long time ago.

Whether it was from Luo Xiaoyun, or from Lin Wei, he had heard it quite a few times.

After thinking about it for a few moments. He still didn’t have any clue, after all, he had too little exposure to it.

“Lin Wei, send me all the information on the missing girl case, all of it.”

A few moments later, Ye Xing called Lin Wei’s phone number.

“The information was sent to you a long time ago, but there have been new developments in the past few days, so wait a moment. I’ll sort it out and send it to you.”

A few moments later, the phone rang.

He opened it up and looked at all the information, summarising it in two points.

First: the mastermind was a man called the Priest, wearing a mask.

Second: the missing girls ranged in age from fifteen to twenty-five and had one thing in common, they were virgins.

It was at this point that the phone rang, and it was Luo Xiaoyun’s.

“Where are you?”

“Still at the traffic bureau, did you get the stuff?”

“Yes, should I go over or should you come and get it?”

“I’ll go over.”

Ye Xing started the car. He headed towards the police station.

Twenty minutes later, he saw Luo Xiaoyun standing by the road, carrying a file bag in her hand.

“The information you want is all in here.” After getting into the car, Luo Xiaoyun handed the file bag over.

Ye Xing took it. As he opened it, he asked, “Luo Xiaoyun, are you a virgin?”

Luo Xiaoyun did not expect him to ask this, so her face immediately turned red and she cursed, “Surname Ye. Are you too shameless.”

“If it’s a virgin, you have to be more careful, these people specialize in finding virgins.” Ye Xing gave her a look and suddenly laughed, “But what I asked was superfluous, how could a woman like you .....

“Who says I’m not, the old lady is, like a fake.” Luo Xiaoyun’s face turned red.

“I’m just asking casually, why so excited, besides, it’s none of my business if you are or not.” Ye Xing couldn’t help but laugh.

Luo Xiaoyun was about to get angry, which knew that this guy had already started to read the document with a serious look.

That look even made her embarrassed to interrupt.

Was this guy a chameleon?

“You just said that these missing women were all virgins. How did you know that?” She asked so strangely.

“It just came out from up there.”

“Up there?”

Luo Xiaoyun froze for a moment, finally understanding, and said, “No wonder you don’t want anyone of anything, so, you came prepared.”

“Relying on your information, I would have gone to Tianrun Square to run naked long ago.” Ye Xing said as he started the car.

“Where to now?” She asked.

“Think about it, a woman is a virgin or not. What kind of person can tell?”

“The people closest to her, of course.”

“There are only a handful of people who know if Feng Xiao is a virgin, and the people in their dorm room are the most suspicious. The perpetrator is unlikely to take the initiative to contact the people in their dormitory, so they must use a middleman to find out, and this person should preferably be among the school, a handsome and wealthy guy, many girls like .....

Ye Xing thought for a moment and immediately dialed Jiang Ruobing’s phone number.

“Ruo Bing, tell me Luo Ting’s home address right away.”

Soon, the phone rang, Ye Xing started the navigation and the car whizzed away.

“You slow down, don’t go so fast.”

Seeing him racing the car to over a hundred kilometres in the city, Luo Xiaoyun’s face changed in fear.

## Chapter 67

“The news that the captured girls are all virgins has just been discovered, do you know what that means?”

“I just know that if we crash, there’s no chance at all of surviving.” Luo Xiaoyun’s face turned blue.

“This message is a great breakthrough, there are too many directions to check. Think about it, to check if so many women are virgins, how much manpower and resources would it take, just find a breakthrough and it’s easy to find out.”

“Are you afraid of losing to those two men from Sister Long?”

“I’m more worried about silencing them.”

On the navigation, it took twenty minutes to drive and ten minutes to arrive.

A villa appeared in front of them.

Judging from the picture Jiang Ruobing had sent over. This was the place.

At first, Luo Ting had attended a party here and Jiang Ruobing had taken pictures.

The two of them got out of the car and walked towards the villa.

The villa gate was broken open. At this moment, there was a short-haired man walking out from inside.

Ye Xing glanced at the man, and it so happened that the man was also looking at him.

The two men looked at each other.

The three of them walked head-on.

The moment they turned around, the short-haired man suddenly drew his gun and shot.

He was fast, but Ye Xing was even faster, turning around and punching the man in the arm.

Bang!

The bullet shot out against the two men’s bodies.

Ye Xing’s punch was like hitting an iron plate, the other man’s flesh was very strong. This punch actually did not send the gun in the other man’s hand flying.

When the man was about to continue shooting, Ye Xing leapt in one go, pounced the flat-headed man to the ground, locked the other man’s wrist and gave a hard bend.

Army grappling hand.

The flat-headed man grunted and kicked on Ye Xing, sending him flying out and rolling a few times on the ground.

The whole process took less than three seconds, Luo Xiaoyun was still dazed, and the two had already gone through a few life-or-death moves.

“Don’t move.” Luo Xiaoyun drew his gun and pointed it at the man.

The man’s gun was knocked down, obviously not expecting Luo Xiaoyun to be carrying a gun, and instinctively raised his hand.

Ye Xing walked over and picked up the gun on the ground and barked, “Put your hands behind your back and lie on the ground.”

The flat-headed man didn’t move.

Bang!

Ye Xing shot him at the foot, breaking a hole in the sole of his shoe.

“Say it again, put your hands behind your back and lie on the ground.”

The flat-headed man had a fierce glint in his eyes, the kind of look that Ye Xing was all too familiar with.

It was the kind of look that only a man who killed like a man would possess.

In their gaze, there was no pity, not even terror, only the task.

Ye Xing walked over, put the gun to his ear and fired a bang.

The loud sound of the gunshot. It made the flat-headed man’s eardrums break and his consciousness wavered.

Instinctively, he put his hands behind his back.

As once the most powerful special forces soldier in China, Ye Xing knew very well how to destroy a person’s will.

The shot to the ear would be easier to disintegrate the other man than to his leg.

Ye Xing drew out his belt and walked over, tied the flat-headed man up and pushed him into the villa.

Upon entering the villa, Luo Xiaoyun was stunned.

Only to see the four members of the Luo family, all falling in a pool of blood, all with their throats slit, killed in one move.

Seeing this tragic situation, even Luo Xiaoyun. She also became furious.

She lifted her long legs and viciously kicked at the assassin’s body.

“Who sent you here, say.”

After kicking for a long time in a row, the flat-headed man froze without saying a word, but instead had a smile on the corner of his mouth.

The smile was eerie and frightening, as if it had no emotion whatsoever.

“There’s no need to interrogate, he’s a professional killer.”

Ye Xing walked over and used his knife to cut the clothes on the other man’s back, making several cuts in a row before looking at a mark on his back that had been branded by the coals of fire.

“What’s this?” Luo Xiaoyun asked in shock.

“The Bronze Killer Mark.” Ye Xing pointed at the door and said, “Go out for a while, I’ll interrogate him.”

“Don’t get him killed. He’s a very important person.”

Only then did Luo Xiaoyun turn around and leave, walking out of the villa.

Only after she left did Ye Xing then crouch down, approach the flat-headed man and laugh, “Are you very unconvinced?”

“If Laozi wasn’t careless today, I wouldn’t have fallen into your hands.” The flat-headed man snorted coldly.

“You think I got you because my friend had a gun, don’t you?”

“Or what?”

“Let’s make a bet that I let you go. We’ll have a fair fight, and if I lose, it’s my bad luck and I’ll die without a word. But if you lose, you will obediently give up who the mastermind behind the curtain is, how about that?” Ye Xing asked.

“Good.”

“I want you to swear on Aragami.”

“How do you know about Allah God?” The platform man’s face changed slightly.

“The reason why killers are fearless of everything and ruthless is because they are brainwashed.”

The flat-headed man hesitated for a moment, then suddenly raised his hands to the sky and muttered something under his breath.

When he finished, Ye Xing then pulled out his dagger from his body. He cut the belt that was tying him up.

After untying it, the flat-headed man jumped up from the ground like a frog and drew a dagger from his waist. The two men confronted each other.

“I admire your courage, but the bolder the man, the worse the death.”

The man held his dagger upside down. Stabbing over viciously, the strokes were all killer moves.

The dagger brought up such a cold aura that even Ye Xing did not dare to be careless.

After dodging seven or eight strokes in a row, Ye Xing finally found an opportunity and slashed his dagger out.

The man shouted miserably and dropped the dagger in his hand to the ground, his wrist was cut and blood gushed out.

Ye Xing's dagger, was already on his neck.

"You have lost." Ye Xing said coldly.

"Who the hell are you?" The man's gaze was shocked as he looked at him now and said in a trembling voice, "Even the Dragon Group doesn't have an expert like you."

"Don't care who I am, remember your promise." Ye Xing said coldly.

"I don't know who he is either, he wears a mask and everyone calls him Priest."

"Where is he now?"

"We're assembled in an underground stopping place, with a special driver to take us out and bring us back. Beyond that, I don't know anything."

"You can go now."

"You're not going to kill me?" The man was a little surprised.

"When you get out, leave as you would after a normal mission and pretend I don't exist. That way, you might have a chance of survival. You know very well what will happen if you tell the priest that you failed the mission, and I guess you won't even reach him. Already dead."

Ye Xing was very clear about the killer's process.

Although he was gambling, he had no choice.

Because, even if he captured this killer and brought him back to the police station, it would be impossible to ask anything useful out of him.

"Aren't you afraid that I'll sell you?" The flat-headed man said coldly.

"If you sell me, you won't end up well either."

The flat-headed man climbed to his feet, tore off his clothes and bound the wound on his wrist, before moving from ready to leave.

"Looking for death, go behind." Ye Xing drank.

He just waltzed out like that, if Luo Xiaoyun saw him, he would have to bang him with one shot.

After the flat-headed man left, Ye Xing then walked to the villa.

"Where is everyone?" Luo Xiaoyun asked as she stepped forward.

"You wait here, and after thirty minutes, call the police."

"I'm asking you, where is the killer?" Luo Xiaoyun asked sharply again.

“Don’t ask what you shouldn’t ask.”

Ye Xing went back inside the car, started it and whizzed away.

## Chapter 68

The car turned a corner and Ye Xing immediately saw the flat-headed man get into a black minivan.

“Xiao Chen, help me track a car with the license plate number ?????? , the location is at the first traffic light on the fourth ring road.”

Ye Xing immediately called Chen Ping of the Traffic Bureau and asked him to help him track it down.

Such a driver had a strong anti-tracking ability, following all the time would definitely not work, he had to be tracked using surveillance.

“No problem, he can’t escape.” Chen Ping said.

Ye Xing turned the car right, leaving the tracking range and strolling around. Waiting for Chen Ping’s tracking.

The phone was left on and Chen Ping kept reporting the tracking situation.

Ye Xing always kept about half a minute’s drive from the other side, and the car did not appear in the other side’s line of sight.

“Big brother, they went into the town north of the city. There’s very little surveillance there, I reckon we’re going to lose the trail.” Xiao Chen said.

“Okay, I got it.”

Ye Xing increased his speed and caught up in a few moments.

From afar, he saw that the car had entered an underground attempted road.

Changing cars?

These two words instinctively jumped out of Ye Xing’s mind.

He did not enter the tunnel, but turned around in the same place to check the cars coming towards him.

He estimated the time, there were three cars coming out.

But the windows of each of them were blocked from the inside, so the real appearance could not be seen.

“Chen Ping. Check these three cars for me immediately.”

Ye Xing reported the three license plate numbers and then followed them.

A few moments later, Chen Ping had checked out the information of the three cars.

Two were private cars and one was a business car.

Ye Xing immediately locked onto the business car and followed it.

Throughout the whole process, he was not completely sure, relying only on his intuition as one of the strongest special forces soldiers.

After the business car had turned around for ten minutes, it finally entered an upscale district, which required an access permit to enter.

Ye Xing parked the car by the road, flipped over the wall and entered, turning inside for a few minutes before finding the commercial vehicle, parked in front of a villa.

The flat-headed man happened to get out of the car, and he was right.

He got out and immediately entered the villa, and then the commercial vehicle immediately left.

.....

Geng Hu walked into the villa, and at that moment, above the hall, there was a man standing long ago, who seemed to have been waiting for a long time.

The man had a mask on his face, and his real face could not be seen.

Unlike normal people dressing up, the man was actually dressed in an ancient bag of robes, dressed like a famous Taoist.

“Greetings, Lord Priest.” Geng Hu stepped forward and said respectfully, “My subordinate’s mission has been completed, and I have successfully killed the target family of four.”

“Very well.”

A thin, sharp voice came out of the priest’s mouth. It was very satisfied.

The next moment, his eyes fell on Geng Hu’s men and his eyes instantly mimicked.

“What happened to the wrists?” He asked drily.

“It was accidentally hurt.” Geng Hu returned.

The priest looked at his face and saw a few bruises on it, and instantly his face changed slightly.

“How dare you betray me, looking for death.”

He reached out with his right hand and a ball of flame appeared out of thin air in his palm and sprayed on Geng Hu’s body.

Before Geng Hu could react, his eyes were burned.

With his right hand, the priest drew a dagger from his waist, took a few steps forward and stabbed Geng Hu directly in the chest.

Geng Hu’s body jerked and he was unable to move after a few moments.

“Those who betray this priest. There is only one outcome, death.”

The eunuch’s generally shrill voice rang out and laughed eerily.

The next moment, he bellowed, "Who."

Ye Xing walked in through the door, dagger held upside down in his hand, and said coldly, "Finally, I've found you, Priest."

Priest, a ghostly figure in Guangnan Province recently.

The highest-ranking and most mysterious figure known in the case of the missing young girl.

Countless police officers could not find him, even Lin Wei could not find his whereabouts.

Unexpectedly, he was finally found by himself.

"Kid. To be able to find this place, you really do have energy!"

The priest was surprised, but was not half afraid, instead he looked at Ye Xing with the same gaze of a dead man.

"The net of heaven is wide open, you didn't expect me to find this place!" Ye Xing coldly snorted.

"Indeed, I didn't expect it, but you would be sending death even if you could find this place."

The priest suddenly slapped out with a palm. It slapped out Ye Xing from two metres away.

Whew!

In the heart of the palm, a flame suddenly spurted out and shot straight at him.

Before coming in, Ye Xing was already looking around and noticed that the faces of the corpses on the ground were burnt and was already on guard.

He leapt in a flash and dodged the flames.

The priest missed with one move and slapped out another palm, again with a ball of flame in his palm.

This time, Ye Xing could see how he struck.

Originally, he thought he was pretending to be a god, hiding some kind of weapon that could breathe fire in the middle of his sleeve. But this time he realised that the flames were actually spewing out from the middle of his palm in a raw way.

"No matter how you pretend to be a god, you will surely die."

Ye Xing dodged the hot flames and in a flash, a fierce tiger descended from the mountain. He directly pounced over, and with the dagger in his hand, he viciously stabbed towards the priest's body.

Teng!

A huge flame suddenly emerged from the priest's body, turning him into a man of fire.

Ye Xing made this lunge. It was tantamount to automatically sending him to his doom to be burned.

"I don't believe that if you can't burn you with this flame, you can still burn me."

Not believing in evil, he didn't even dodge, pouncing on the priest and stabbing his dagger in viciously.

He was about to stab his opponent in the chest, when suddenly the priest was as fast as lightning and grabbed his hand with one hand, and the dagger could not penetrate.

“Try being burned by flames!”

The priest laughed loudly and his body suddenly burst into a blazing fire, surrounding both of their bodies.

Ye Xing’s hair, his clothes, were instantly burnt up, and the blazing heat made him feel that he was being tortured by fire.

“Demon magic, definitely demon magic.” Ye Xing gritted his teeth in pain.

“Don’t believe it and don’t understand it, right. Then I will tell you properly, this is an immortal art, an immortal art that you mortals will never be able to understand and can only hope for from afar.” The priest laughed out loud, triumphant.

Is this how one dies?

Ye Xing was reluctant and wanted to break free in vain, but the priest wrapped his arms around him in a deadly manner. Not letting him leave one step.

“To hell with you.” He let out a yell.

Every lifetime, when one had just felt the joy of life, death came.

As if sensing his anger and will, the talisman on his chest, outside over the plastic layer was burned away.

Suddenly, with a buzzing sound, the golden light shone so brightly that all the flames were all bounced out.

“The Vajra talisman, how is that possible.” The priest’s face changed greatly and his hand was shaken loose.

The dagger in Ye Xing’s hand stabbed straight down and through the heart.

The priest’s gaze was filled with disbelief.

The body fell limply to the ground.

“Aren’t you an immortal? You have the guts to be invulnerable to swords and spears, fuck you.”

Ye Xing kicked hard a few times, then took off his mask, revealing a pale, bloodless, unfamiliar face.

At this moment, on this face, the eyes were still open and dead.

After a long time, Ye Xing then struggled to get up and turned around the villa.

Soon, he found a secret door inside a very dark room on the ground floor.

The concealed door was locked and covered with seamless tiles, so if one did not look closely, one could not see it at all.

## Chapter 69

Turning over the tiles, Ye Sing turned back to retrieve the key from the priest and unlocked it.

Inside was a damp, dark passage, and when it went down, there were several dark chambers with gloomy lights coming from them.

Inside each dark room, there were several girls locked up, with chains around their feet.

When they saw someone coming in, the girls all screamed in fear and cowered in the corners, not daring to move.

“Don’t worry, I’m here to save you.” Ye Xing comforted.

The whole basement. It was as if it was a chicken farm, all screaming.

Fear, joy, life after the robbery. It made all these young girls cry out.

“Whoever cries again, leave her here and don’t save her out.” Ye Xing was annoyed by the noise and let out a shout.

The crying came to an abrupt halt.

As expected, the women were all masters at acting out their cries.

“Is Feng Xiao here?” Ye Xing asked.

“Yes, I am.”

In the third dark room, a figure lunged out, just two steps out. It was stuck in chains, making it difficult to take another step.

“Ye Xing, is that you?” Feng Xiao asked with a sobbing voice.

“It’s me, I’ve come to save you.”

Ye Xing walked over and opened the iron door of the dark room.

The door to the dark room was unlocked as each girl was chained up.

Just as he walked in, a soft body flung itself over and hugged him tightly.

Feng Xiao whimpered and cried out.

“I thought I was done for, I thought I was going to be done for.”

“There, it’s all right.”

Holding such a young body, Ye Xing was embarrassed.

It was comfortable, but oddly embarrassing.

I don’t know if the shock was too much, Feng Xiao hugged him tightly and wouldn’t let go for all of five minutes.

“Stop hugging, if you keep hugging, I’m going to react.” Ye Xing said quietly.

Only then did Feng Xiao realise that there seemed to be something pushing between her legs, and his waist was backing up.

Her face instantly burned and she hurriedly let go of him.

“Are they all alright?” Ye Xing asked.

“All fine, that monster just catches them practicing every day, saying that he uses something to harvest yin to supplement yuan and cultivate immortal arts.” Feng Xiao said.

“They weren’t violated, were they?”

“No.”

Ye Xing was relieved at this, which was a great fortune among misfortunes.

“Why do you smell so burnt on you, and. Why do you have a bald haircut?” Feng Xiao asked.

“It was burnt by that monster, you guys wait here while I go out and look for the key.”

Ye Xing went out to rummage for the keys, but after rummaging for a long time, the villa was all over the place, but he couldn’t find any.

In desperation, he had to call Luo Xiaoyun.

“Bastard, where have you been? The Luo family has been killed and the captain wants me to give an account!”

Just after picking up the phone, Luo Xiaoyun said angrily.

“The missing young girl has been found, send someone over!”

“What?”

Luo Xiaoluo could hardly believe her ears.

It had only been so long. The person had been found?

“Are you deaf or dumb, the missing maiden has been found, send someone over, yes, call a few more cars over, there are more people.”

After Ye Xing finished speaking, he hung up the phone and then sent the address over.

Although the case was solved, he was not happy at all at this moment.

Looking at the black head and face in the mirror, with his hair burnt cleanly bald, he wanted to cry without tears.

He was a handsome man, but now he was fine. He’s become a monk, and he doesn’t need a haircut to become a monk.

.....

Luo Xiaoyun suppressed his inner excitement and walked into the Luo family villa.

At this moment, teammate Ren Fei, and two members of the Dragon Group, were all present.

After getting instructions from Ye Xing, Luo Xiaoyun called the police half an hour apart, after getting the situation. All three of them came.

“Is this Ye Xing’s call, where is he?” Ren Fei said urgently.

“Captain, Ye Xing said that the missing young girl was found.” Luo Xiaoyun said.

“What?”

Ren Fei’s reaction was the same as Luo Xiaoyun’s just now.

The bet had started and it was less than half a day before the person was found and the case was solved.

Xu Yihang and Zhao Ya also gathered around, equally unable to believe their ears.

This nonsense, if it was true, where would they put their faces?

“That’s what he said.”

“How many people were found?”

“He didn’t say, but he told us to send a few more cars. Said there were a bit too many people.”

Luo Xiaoyun had just finished speaking when her phone rang again, WeChat voice.

“The girls are all chained up, have someone bring an unlocking expert over.”

“Go. Let’s go over.” Ren Fei waved a big hand.

Half a little later, the four arrived at the villa, and just after entering, a glance showed Ye Xing sitting on the ground.

His clothes were burnt. A black cloth was wrapped around his head.

There were two dead people lying on the ground, one of them, being the killer from earlier.

“Where is the man?” Ren Fei asked as he stepped forward.

Ye Xing didn’t say anything and pointed to the dark room.

Ren Fei walked in and came out a few minutes later.

“The number of people is one and the same.” He finished and looked at Ye Xing with complicated eyes,

“How did you find them?”

“Go back and talk slowly, I’m not in the mood now.” Ye Xing said without a good mood.

“Why aren’t you in the mood, shouldn’t you be happy that people have been rescued, Feng Xiao is also there.” Luo Xiaoyun laughed.

Ye Xing pulled the cloth on his head and pointed at his bald head, "Look at me like this, can I be happy?"

Pfft!

Luo Xiaoyun couldn't help but laugh.

"I feel quite handsome, Team Ren, don't you think so?" She laughed.

"I feel quite handsome too." Ren Fei also laughed.

With the case solved, his stress was greatly reduced, and he couldn't help but joke about it.

Xu Yihang walked over to the priest. He took a look at him and examined his body.

"Is it the priest?" Zhao Ya asked.

"It should be him right."

Both Dragon Group members' gazes fell on Ye Xing, looking at him as if he was a monster.

"Two people from the Dragon Group fought with the Priest and were seriously injured by the burns, you were only burned with your clothes and hair, how did you do that?" Zhao Ya couldn't help but ask.

"I know immortal magic, and the means happen to be that much higher than him." Ye Xing looked at Zhao Ya. He laughed heatedly, "Willing to bet, what I care about now is, when are you going to run around naked at Tianrun Square!"

Zhao Ya's face instantly turned ugly, and only then did she remember the bet between the two of them.

In a fit of anger earlier, she had agreed to his bet, not expecting to lose so quickly and so badly.

Asking her to run naked in the square was like asking for her life.

"It looks like you are unwilling to do so." Ye Xing thought for a moment before continuing, "I'm not an unreasonable person either, how about this, it's fine if you don't run naked, I'll give you another punishment."

"What punishment."

"Cut off all your hair and become bald like me." Ye Xing laughed heatedly.

One person being bald would find it hard, one more person becoming bald would not be so hard.

It was called pain transfer!

Zhao Ya stood still and didn't make a sound.

"What, the people from the group Dragon are all becoming rogue dogs now?" Ye Xing was starting to get upset.

## Chapter 70

"I'll make sure I cut a bald head to show you, now that's satisfactory!" Joa finally said.

“That’s more like it, so that I can still look up to you guys.”

Ye Xing stood up and stretched his back, “You guys deal with this place first, I’ll go back and rest for a while, I’m tired enough today.”

The battle with the priest was really extraordinarily tiring, and there were some things that needed to be digested.

“I’ll walk you back.” Luo Xiaoyun took the initiative to say.

“No need.”

“You look very tired, let me take you back!”

In Luo Xiaoyun’s gaze. It carried a hint of a request.

“Since you’re so proactive and enthusiastic, I’ll give you a chance.”

Luo Xiaoyun’s face darkened, to be so submissive to the straw?

Even if she took the initiative and was enthusiastic. Just keep it in your heart, why say it in front of so many people?

The two of them walked out of the neighborhood and headed towards the BMW parked on the street.

Just after getting into the car, Luo Xiaoyun couldn’t help but say, “Next time, give me some face in front of people, I’m a girl.”

It’s not easy for a girl to give a man a lift of her own accord. He was good, he even folded the table.

Ye Xing glanced at her and said indifferently, “I don’t see it.”

Luo Xiaoyun didn’t know why, but a nameless fire welled up in her heart and held her head high.

“Where can’t you tell, are you blind?”

Ye Xing took a look at her chest and realized that this girl was quite material.

Usually when she wore her uniform, she didn’t show it, but she didn’t expect it to be hidden!

“Hiding deep enough!” He couldn’t help but laugh.

Luo Xiaoyun’s face instantly flushed, and she hurriedly tucked her belly away and sat down.

“Can’t you be more decent, you don’t have the demeanour of an expert at all.” She couldn’t help but say.

After one incident at a time, she already knew how powerful a figure was in front of her.

The Murong family’s door-to-door son-in-law hat had long been removed from her.

“I don’t want to be an expert, I just want to be an ordinary person and live well.”

Ye Xing finished speaking and began to close her eyes, sleeping.

Luo Xiaoyun was about to say something else, but seeing that he fell asleep in an instant, she stopped talking at that moment.

The Great Battle of the Killers. Driving and tracking, dueling the fierce and famous priest, although in his mouth these seemed to be very light things, she knew very well in her heart that none of these things were something she could do.

If it were her, she wouldn't know how many times she would have died.

While driving, Luo Xiaoyun looked at the sleeping man and suddenly felt that Murong Xue was so lucky. It was only when she met such a man.

.....

Heaven and earth have spiritual energy.

Hidden in all things.

.....

Ye Xing's entire body woke up in shock, his mind filled with these two poems.

"There are spiritual things in heaven and earth, hidden in all things."

What exactly did these two lines mean, and why did they suddenly appear inside his head?

Ever since the battle with the priest, Ye Xing felt that his worldview had been turned upside down.

Mysterious flames, mysterious powers, these were like an unknown realm that kept attracting him.

Today, if it wasn't for the talisman sent by Master Pudu. He would have died and begun his 135th rebirth.

Previously, he had always felt that wearing that talisman was a comfort to his soul, but now he realised that it was more than just spiritual power.

It possessed other mysterious powers as well.

"Get some more sleep, we haven't reached the police station yet!" Luo Xiaoyun said.

"Xiaoyun. You get off, I'm going somewhere." Ye Xing suddenly said.

"What place are you going to, I'll go with you."

"Big health care, going or not?"

"Get lost, put away your game on earth attitude, I don't like it." Luo Xiaoyun said angrily.

Ye Xing didn't care if she agreed or not, he pulled her off the car in three or two tries and the car roared away.

Priests, immortals. Unknown power.

The talisman, the Three Worlds of Karma Sutra.

And the curse on herself, death in two years. Infinite rebirth.

He had a vague feeling that these were all connected.

He recalled the day when he found Master Pudu and his disciple showed himself that one water jar. Then the water bowl blew up.

It definitely wasn't because the water basin was old, or why else would it have blown up not earlier but later, just as he was looking at it!

All things considered, it was highly likely that Master Pudu would know the truth.

After driving the car for over eighteen hundred kilometres, Ye Xing headed directly towards Wangtian Peak.

By the time he went to the foot of the mountain, it was almost evening.

He took out a torch from inside the trunk and ran towards the mountain, unaware of his fatigue.

It was two hours later that he found the temple, panting for breath.

"Master Pudu, I, Ye Xing, have an urgent request to see you."

Ye Xing stepped forward and rapped heavily on the door.

"Master Pudu."

"Master Pudu, I have an urgent request to see you."

The door was tapped for a long time continuously. There was no one to respond.

It was at this moment that the phone rang.

It was Murong Xue's.

"Ye Xing, where are you now?"

"I'm at Pudu Temple."

"What are you doing running there in the middle of the night?" Murong Xue asked in shock.

"I have some unanswered questions and I need to seek clarification from Master Pudu, don't worry, I will be fine."

Hanging up the phone. He continued to knock up, and the temple door still did not open.

He had no choice but to sit at the door and wait for the dawn.

After dawn, looking around, he froze in his tracks.

All he could see around him was that the ground was covered with fallen leaves and he didn't know how long it had been since they had been swept.

It was completely different from the last time he had been here.

He pushed the door open with force and stepped inside.

Inside was a courtyard, the inside of which had also not been swept for a long time, and the same amount of fallen leaves had accumulated.

In this condition, ninety percent of Master Pudu had left.

Entering the main hall, a four-sided Buddha statue was enshrined inside.

The statue had a divine table in front of it, and a yellow piece of paper was pressed on top of it with a stone.

Ye Xing walked over and took a look, only to see four small lines written on it.

All laws are natural, all things follow fate.

Return to the basics, all beings are said to be good.

“Master Pudu seems to know that I will come back to him, are these sixteen words left for me?”

Ye Xing looked at these sixteen words and suddenly seemed to have a kind of enlightening insight.

All laws are natural, everything follows fate.

I have experienced more than a thousand rebirths, so why am I still so unable to see it, running here in the middle of the night.

If I am truly cursed, there will come a day when I will be unsealed.

Sooner or later, the day will come when it will be unsealed.

He was instantly relieved, and at that moment put the yellow paper away and folded it up, placing it in his arms.

After thinking about it, he immediately relaxed his mood very quickly and quickly walked down the mountain.

After descending the mountain, Ye Xing drove straight home, and it was already noon when he returned home.

“You’re back.”

Murong Xue and Jiang Ruobing hurriedly greeted him.

They all knew the situation from Luo Xiaoyun’s mouth about what happened yesterday.

“I’m starving to death, is there any food?” Ye Xing asked.

After the battle yesterday, he hadn’t eaten anything until now, and his stomach was starving.

“There is, go and eat!”
