

Foolish Son 71-72

Chapter 71

After eating, Murong Xue then asked him about what happened last night.

Ye Xing told her that the reason why he had won yesterday was because that talisman of Master Pudu had worked.

When the two women heard this, they were all secretly amazed, amazed that there was nothing strange in heaven and earth.

As for some extra strange things coming out in his mind, Ye Xing did not say anything, to save her from worrying.

“Wife, I will recite the scriptures first and then take a nap, I am exhausted.”

Ye Xing finished. He went back to his room and recited the scriptures for half an hour, then collapsed on the bed and whooped and hollered as he fell asleep.

.....

6pm, Hyland Cafe.

Jiang Ruobing had just entered. She saw Feng Xiao sitting in the corner, with those big eyes that were particularly radiant.

“Ruo Bing, this way.” Feng Xiao stood up and shouted.

Jiang Ruobing walked over and sat down opposite her.

“What kind of wind is blowing today that you, an iron cock, would invite me to dinner too?” Jiang Ruobing asked unexpectedly.

“It’s not because I want to thank your cousin’s husband for saving my life, but he’s not available, so I’m inviting you.”

“I dare say I’m still the spare tire. A big fan of sex over friends.” Jiang Ruobing gave her a white look and warned, “Little ninny, I’m warning you, that’s my cousin’s husband, don’t get any ideas, he’s a married man, an uncle.”

“Isn’t he only twenty-three or twenty-four years old? Not a few years older than us.”

“So what, in our eyes, all married men are older uncles.”

Jiang Ruobing picked up the menu and started to order.

“Is Ye Xing alright?”

“Yes, just a bit tired, think about it, a case that thousands of police officers couldn’t solve for months, let him solve it in half a day, and also fight several battles, can’t he be tired?” Jiang Ruobing said casually.

“That’s true.”

Feng Xiao put her hands on her cheeks and suddenly smiled, "Ruo Bing, I find that your attitude towards your cousin's husband, is much better."

"Why don't I feel that?"

"You used to mention your cousin's husband as a waste of space, not bothering to say anything; even if he wasn't stupid anymore, you still looked very disgusted, and every time we were together, it was always Mars on Earth; but now you mention him with pride in your eyes." Feng Xiao laughed.

"Have you reckoned that it's just that much better."

"Waiter. Order this for me."

Jiang Ruobing knew that Feng Xiao's family was poor and this meal was something she must treat, so she didn't order anything very expensive.

"Ruo Bing, I actually have one more thing to ask you, I want you to help me pay back one million to Ye Xing."

"One million?"

Jiang Ruobing's whole body jumped up, excited beyond belief.

"Feng Xiao, you're not being adopted by my cousin's husband, are you?"

"What are you talking about, am I that kind of person?" Feng Xiao hastily denied it and said sharply, "That's the money he gave for eating noodles."

"Eating noodles can eat a million, are you stupid or do you think I'm stupid!"

"Ruo Bing you take it easy, don't get excited."

Feng Xiao hurriedly walked over and pressed her into her seat. She was afraid that if she continued to scream, the whole cafe would hear her.

This guy, whenever she got excited, she never considered her surroundings.

Next, she had a hard time explaining things clearly.

"A bowl of noodles for a million, this kind of thing, under the heavens, only a brainiac like my cousin's husband could do it."

He was willing to spend millions to promote Su Xiaoqiao without asking for anything in return, so this one million was nothing.

After knowing the situation, Jiang Ruobing was extremely depressed.

He was so willing to spend money on outsiders, so why didn't he give himself a few thousand million to spend?

I can't. We must squeeze some out.

"My mum said I can't take his money for free and asked me to return it to him. I don't have his WeChat, and the few times I met him I was in a hurry and didn't have a chance to return it. This time I found you,

I want to return it to him through you, and I don't want you to misunderstand." Feng Xiao pushed her glasses and said.

"Don't worry, there can't be any misunderstanding. There's no way he'll take care of you." Jiang Ruobing said with a cheeky smile.

"Why, doesn't he like my type?" Feng Xiao asked curiously.

"I'll tell you a little secret."

Jiang Ruobing moved her mouth over and muttered in a small voice, smugly, "Now you understand why I don't believe it, because he simply can't."

"Bingbing, we're all good friends, you can't trust me that much to make up excuses like that." Feng Xiao was a little upset.

"Didn't make it up, I verified it myself bah bah bah, no, my cousin told me herself."

"You still make it up."

Feng Xiao stood up haughtily and said angrily, "I've never eaten pork. I've also seen a pig run, right, when I hugged him yesterday, he was clearly a normal man."

"You hugged him."

Jiang Ruobing's mouth grew into a t shape, and the knife in her hand for cutting the steak pointed at her.

"Bingbing. Don't be impulsive, don't ever be impulsive, quickly put down the knife."

Feng Xiao hurriedly stood up, and with great difficulty this was explained clearly.

"It was not on purpose. I thought I was going to die, that feeling of coming back from the dead you understand, right, that's why I hugged him."

"Let me ask you, if it was a middle-aged uncle in front of you who was in his forties, six-feet tall and weighed a hundred and eighty, would you still hand hug him?"

"Of course not." Feng Xiao answered back without thinking.

"Then you still say you didn't mean it." Jiang Ruobing pointed up with the fork in her left hand.

"I'm wrong alright!" Feng Xiao was about to cry and said, "It's just a hug to your cousin's husband, it's not like hugging your man, why be so jealous?"

"To punish you, I've decided to ask for another beef steak."

"Also, transfer one million dollars to me immediately."

Feng Xiao thought she was being very dignified, and froze as she uttered the feeling of being a second wife.

In desperation, she had no choice but to transfer the one million dollars over.

Hahahaha!

Seeing the one million dollars arrive, Jiang Ruobing couldn't help but laugh.

With this money, there was no need to pretend to be a grandson in front of her family in the future.

"Ruo Bing. This money is Ye Xing's, you must return it to him."

Looking at her with that look, Feng Xiao had the feeling of sending a sheep into a tiger's mouth.

"Don't worry, I'll return it to him." Jiang Ruobing laughed heatedly.

.....

After eating, Jiang Ruobing returned home and it was already nine o'clock at night.

Ye Xing was looking at the phone on the sofa.

She glanced at it and was speechless when she found that it was a motion picture.

"Where's cousin?" She asked.

"Working in her room." Ye Xing blurted back.

Inside Jiang Ruobing's mind, she remembered Feng Xiao's words. Her eyes couldn't help but fall between his legs.

This guy couldn't really be faking it, could he!

No, we must find out, we definitely can't let him cheat his cousin.

Thinking of this, Jiang Ruobing walked to the sofa and sat down against Ye Xing.

"Cousin brother-in-law, after shopping all night, my feet hurt, help me press them a little."

As she said that, she put her super perfect and slender long legs on Ye Xing's legs.

Boobs are not enough, legs are!

She wanted to see if he could continue to pretend, and if he would react like Feng Xiao said.

"What are you doing, am I such a casual person?"

Ye Xing pushed her right hand on her feet, pushing her straight off the sofa.

"Shame on you."

He returned to his room with big steps and a righteous air.

Jiang Ruobing was petrified.

"This lady doesn't believe she can't uncover your fake mask."

She broke into a cursing fit of shame and anger.

Chapter 72

Early the next morning, after reciting the scriptures, Ye Xing drove his car to the police station.

Luo Xiaoyun called him and asked to go and take a statement, a routine matter.

After taking the statement, Ye Xing came out of the police station and Luo Xiaoyun was waiting at the door.

“Although the priest is dead, but from all indications, there are still a lot of leaks in Jiangnan, the case is not considered closed.” Luo Xiaoyun said.

“The tree has fallen and the rats have scattered, so take your time to investigate.” Ye Xing said.

“That’s true, when we investigated cases in the past. We used to follow the vine and slowly catch the big fish. But in your hands, you just picked off the big melon.” Luo Xiaoyun had never encountered such a thing before.

Was the priest too weak, or was he too strong.

“I don’t like to follow the vine and feel the melon. I like to follow the water and catch the fish.” Ye Xing glanced at her upper body, and then took a look at her bottom.

“Where are your eyes looking?” Luo Xiaoyun got angry again, “How come I didn’t notice before that you were so nasty.”

“Men aren’t nasty, women are.”

“You’re not educated, nasty is a word for men, okay?” Luo Xiaoyun scolded.

“Aren’t you women all nasty for a few days every month?” Ye Xing said and left.

Luo Xiaoyun’s face instantly darkened.

This guy, she had changed her opinion of him quite a bit, but now her impression was bad again.

Just like yesterday, originally felt for him. As a result, she threw herself down halfway and left.

What an impression that doesn’t last more than three minutes!

“You left before I was finished, have you any manners?”

“Is there anything else?”

“Are you free this afternoon?”

“What’s up?”

“Go somewhere with me and come back soon.”

“What kind of place?”

“This

Seeing her squirm in her speech, Ye Xing became impatient: "When did you become such a sissy, can you have a real man's look."

Luo Xiaoyun nodded and was about to say something when she suddenly felt something was wrong.

A real man's face?

This guy was insinuating that he was a manly woman again.

She instantly got angry again.

"I have a reunion this afternoon and my teacher ordered me to go, I can't push it and I don't want to be pestered by other men, I want you to pretend to be my boyfriend."

"No problem."

"A thousand per hour. Holding hands once for fifty, each time not more than one minute, one thousand all inclusive; kissing once for five hundred, each time not more than ten seconds; sleeping with you is free." Ye Xing immediately prescribed a price list.

"You give me that."

"You're the one who's renting me and wants me to pay you back, how is that possible"

Ye Xing stared at her with wide eyes, just like looking at a fool.

Endure, I must endure, I must endure.

Because, I can't beat him at all.

Due to this last reason, Luo Xiaoyun suppressed her temper.

She quickly took out her wallet from her body, took out a thousand oceans, and shoved it into his hand.

"2pm to 3pm. One hour." She suppressed her anger and said.

"Hand-holding, kissing, sleeping with you don't need?" Ye Xing asked.

"No."

"???? , package to your satisfaction."

Ye Xing justified the money up and laughed, "A man like me makes millions in minutes, giving you this price is already a friendly price."

"Come on time."

Throwing down these three words, Luo Xiaoyun walked away without looking back.

If the police weren't all crooked and unappealing, she wouldn't be looking for him!

There was nothing you could do about being handsome, you could just make money at will.

He was about to go out for a stroll. Suddenly the phone rang.

A familiar number, it was Xu Guanglong's phone.

"Old Xu, the car is done, right?" Just after answering the phone, Ye Xing asked urgently.

"It's done, where are you, I'll send it over to you." Xu Guanglong asked.

Ye Xing gave an address, and twenty minutes later, Xu Guanglong drove his \$50,000 to \$60,000 BYD to him.

From the looks of it, there was no change at all.

Wow wow wow, here comes the pretentious god.

Xu Guanglong had just parked the car, Ye Xing immediately pulled open the back door, and when he saw to the scene inside. He was instantly stunned.

Real leather, alloy, plastic comparable to an aeroplane.

He sat up and laid down, the feeling, just lying on the beach, was indescribably comfortable.

The interior roof was designed in a star shape, very high class.

"You're in luck. I have a friend who is a modification freak and especially likes to modify the interior. The interior here is all designed by him according to Rolls-Royce's taste, especially this star-shaped, which doesn't look good during the day, but at night, when you turn the lights up, it's like sitting in space."

"The wheels, the chassis, the circuitry, all changed, keeping the original running system, it's normally a vintage car. But. Once you press this button, it will change from a sick cat to a roaring horned angry tiger, we call it storm mode, get in and try it out."

Ye Xing got into the car. Drove the car out.

He didn't activate the storm mode right away, but continued to use the original system.

Due to the chassis modification and the addition of twelve cylinders, the body became hundred very heavy. With 1.2 horsepower, it drove even slower, and it was praise to say that it was a sick cat.

"The body is heavier and you want to keep the original system, there is no choice but to do so." Xu Guanglong waved his hand, unable to do anything about it.

"It's fine, it's better this way."

Now that's a real pretence of pretending to be a pig and eating a tiger!

Finally, when they reached the national road.

Ye Xing immediately pressed the storm mode system!

At once, the sound of the roaring horn of a multi-million sports car price rang out.

That sound, as long as one was a driver, would go berserk.

Within three seconds, Ye Xing sped the car to over a hundred kilometres and was very composed.

The surrounding cars that were overtaken were all dumbfounded as they watched the BYD in front of them soar past like a hurricane. They watched as the monster disappeared from sight.

After a spin, Ye Xing was very satisfied and laughed loudly.

“How about it, satisfied?” Xu Guanglong asked.

“Very satisfied.” Ye Xing nodded repeatedly, then asked curiously, “How did you get it done so quickly?”

“There happens to be a friend’s spot nearby, and he got in a new imported car with everything.” Xu Guanglong said.

“Thanks a lot.” Ye Xing was very satisfied.

“This car has a big drawback that you need to understand.”

“What is the drawback?”

“Because the appearance is preserved. So, it’s not crash resistant.”

“Don’t worry, I’m a steady driver!”

Ye Xing looked around the car and the more he looked at it, the more he liked it.

“By the way, is there enough money, if not I’ll order another transfer to you.”

“Enough, there’s more, I was just about to return it to you!” Xu Guanglong said.

10 million could already buy the world’s top sports car, let alone just a modification.

“You can have the rest, give my regards to my sister-in-law.”

“Many thanks.”

After leaving Xu Guanglong, at two o’clock in the afternoon, Ye Xing quasi-li appeared at the entrance of the police station.

Luo Xiaoyun had already changed her clothes and was waiting.

She was wearing a pair of whitish yellow jeans underneath and a long beige shirt on top, a very simple and casual match.

Due to her height and temperament there, even if her clothes were simple, she still wore the feeling of a high-class designer.

Today, she is less thunderous and more of a small woman, no wonder she is afraid of being pestered by men.

With this figure and looks, any man would want to get close.

Chapter 73

“What kind of car to drive?” Ye Xing asked.

“Take mine, your car is too pretty to look at.” She said.

“No, my car is very low-key, look.”

Ye Xing pointed to the \$50,000 to \$60,000 BYD on the street and laughed.

“This is your car?”

Luo Xiaoyun looked at the broken car, not daring to believe it.

Although she didn't know how much money Ye Xing had, Luo Xiaoyun knew that he must have a lot of money.

The twofold status of being the son-in-law of the Murong family and the son of the provincial Ye family alone made it okay for him to casually drive a car of several million.

This broken car in front of him, was it really his?

Beep!

Ye Xing pressed the remote control, and the car immediately rang.

“It's really your car, you have such a strange fetish.” Luo Xiaoyun was also speechless. Shaking her head, she said, “Forget it, I can't afford to be ashamed of this.”

“How can you say it's a disgrace?” Ye Xing got serious and said in a serious manner, “When you've sat in a BMW, a Mercedes. Porsche and then ride in this private car of mine, you will understand that they are nothing compared to my private car.”

“Fine!”

Luo Xiaoyun was also not someone who sought for quality of life, and walked towards the car at that moment.

When she got into the car, she was instantly stunned.

The luxurious interior inside instantly attracted good, the moment she sat down on the leather sofa. It was as if sitting on top of a water bed, indescribably comfortable.

It turned out that this guy didn't lie, it was really more comfortable than a BMW Mercedes.

“How about it, I didn't lie to you, right?”

After getting into the car, Ye Xing was smug: “You should feel honoured, I'm a new car, I've never f*cked a woman before, you're the first.”

“So, it's my honour.”

Luo Xiaoyun always felt that the other party's words were strange, but what was wrong, she couldn't hear.

However, she didn't think about it that much at the moment, but laid down and enjoyed it.

The level of comfort that even a Rolls-Royce business car like this one might not have, made her ignore Ye Xing's words.

“This car of yours, it must have cost a lot of money to modify, right?” She asked.

“Secret.” Ye Xing laughed, then asked, “Where to?”

“Qi Le Leisure Park, do you know it?”

“Don’t know it, navigate it.”

Ye Xing opened the navigation and searched for it, and soon found it.

“Little Bamboo Village in the south of the city?” He asked.

“Right.” Luo Xiaoyun nodded and said, “Classmate reunions have changed a lot in the past few years, they no longer go to bars and nightclubs, but to leisure parks, which is good. It’s nourishing, not so spread out and expensive, and you don’t drink and go crazy.”

The car started and headed towards the south of the city.

The car was going rather slowly, just over forty kilometres, less than fifty.

“Can you only go so fast in this car?” Luo Xiaoyun felt it was very slow.

“About right!”

“It’s too slow, it’s not a pleasant ride.”

“You are still young, when you are more mature you will understand that a car is not as fast as you can drive, the most important thing is to drive steadily and for a long time.”

“What does this have to do with being young or not?” Luo Xiaoyun looked at the back of his head and suddenly her face fell apart, “Are you driving again?”

“Yes, I’m driving. What else am I doing?”

Ye Xing looked back at her like she was looking at a monster.

“I’m not talking about this kind of driving, but the kind you men, most of all, love to joke about.”

“Which kind of joking driving?” Ye Xing laughed.

Luo Xiaoyun’s face darkened and he didn’t bother to explain, the more he explained, the more he got carried away.

Half an hour later, the car drove into a small village on the edge of town.

At the entrance of the village stood a large sign with the name of the leisure park on it.

Following the sign, the car soon drove to the foot of a small hill and saw a man-made forest with a few small ponds from afar.

“If anyone asks you later, tell them you are an executive of a small company. The company is in the hardware business. Don’t say anything if you’re not sure, try to go to a place where no one is around, and if you can, it’s best to keep playing on your phone and not talk to anyone.” Luo Xiaoyun admonished.

Not afraid that he would lose face, but afraid that he couldn't spit ivory out of his dog's mouth and drive without moving.

"You are the boss, you call the shots." Ye Xing laughed.

There was someone at the entrance of the leisure park to guide him. It pointed straight to the car park.

When he arrived at the open car park, Ye Xing then found that there were quite a lot of cars, many luxury cars, BMW seven series, Mercedes? Class, a glance saw several cars.

Ye Xing's broken car looked particularly stark, more so than those luxury cars.

"Huh, isn't this Luo Xiaoyun?"

The two had just gotten out of the car when a female voice came from behind them.

Looking up, only a woman in heavy make-up walked over. She was about the same age as Luo Xiaoyun.

Her features were quite pretty, but her face was rather weathered and she had to use a thick foundation to cover it up.

"Ignore her."

Luo Xiaoyun acted as if she hadn't seen it and said to Ye Xing.

"The former class flower. To ride in a car like this, while it's not good for you!" The woman walked to the side of Ye Xing's car, deliberately bent down to look at the car label and exclaimed, "Bentley Oh. Sorry, misread it, it's a BYD."

Luo Xiaoyun still ignored her and continued walking towards the front.

"Luo Xiaoyun, a guy in a BYD can catch you up, are you dropping the ball so much now?"

The woman didn't comply, as if she wouldn't stop until she was taunted to death.

Luo Xiaoyun could endure it, but Ye Xing couldn't.

In this life, only he rode on a woman's head, when had he ever been rode on a woman's head.

He turned around and said, "Miss, my car is a bit broken, but it's new. The key thing is that only Luo Xiaoyun is the only woman who has ever sat in this car. Your BMW is a bit more expensive, but it's in such a state of disrepair that the men who have ridden in it must be in the hundreds if not a thousand, right?"

Pfft!

Luo Xiaoyun couldn't help but laugh out loud.

Before. He found Ye Xing's driving repulsive, but now he realized that it was really sour for him to drive his car on another woman.

"Kid, keep your mouth clean, don't be unaware of death."

This woman was an old driver at first glance, unlike Luo Xiaoyun who was so innocent, and understood Ye Xing's words as soon as he heard them.

"Scaring me?" Ye Xing crossed his arms. Coldly smiled, "Laozi was scared all his life."

"Mimi, what's wrong?"

The BMW stepped down a man dressed in a new fashion, his hair stood up at the roots, with a Rolex watch on his hand, and had been playing with his mobile phone as if he had just now discovered the situation over here.

"All you do is play with your phone all day, I'm being bullied and you still don't care?" The woman stomped her foot fiercely.

"Who's bullying you?"

The man put his phone into his trouser pocket and his attitude started to get arrogant, his eyes fiercely glaring at Ye Xing and Luo Xiaoyun.

"That's him." Li Mimi pointed her finger at Ye Xing and said loudly, "He just humiliated me."

The newly dressed man walked up to Ye Xing, looked up at him and barked, "Apologise to my girlfriend, immediately, right now."

Ye Xing looked at Luo Xiaoyun and was in a bit of a quandary!

It was certainly excellent to have someone sent to his door to be punched in the face.

The question was in what way to hit his face?

This was a big question.

Chapter 74

"Brother, come here and talk."

Ye Xing beckoned towards the new wave man.

"What for, say something here." The New Wave man drank.

After all, Ye Xing was taller than him, he was not sure he could beat him, so he did not dare to go.

"I'm a civilized man, I won't hit you with my hands, come here."

Ye Xing said while walking towards the middle of the far corner.

The new trendy man was a bit afraid to go over, but seeing that his girlfriend was watching, in case he wipped out, how could he hold up his head in front of her in the future.

He held his head high at that moment. He walked over to Ye Xing.

"Just now I scolded your girl for being a bus, I don't know how many men have gone up there to ride it, how do you want to settle the score with me?" Ye Xing asked indifferently.

“I’ll get you killed.”

The new trendy man punched over.

The fist was still in mid-air when it was grabbed by Ye Xing. Then with a hard twist.

It was like a small grappling move and pinned him to a nearby car.

“Let go of me.”

The new wave man wailed in pain.

Suddenly, he felt a chill on his neck and something cold against it.

Looking down, he found it was a dagger, emitting a cold light.

“Big brother, spare my life.”

“Big brother, I was wrong.”

The new wave man was just an ordinary man. Fighting was okay, how had he ever seen such a scene with a knife.

“You’ve seen my skills, I’ll tell you the truth, I’m a gangster, Brother Kei is my boss, Brother Kei knows you, right?”

“Yeah, I know him, a lot of bar venues around midtown, his brothers are watching, we’ve even had drinks.”

The new wave man nodded his head repeatedly, his face turning blue and his voice changing.

What bad luck he had had today, meeting such a punk.

“So we know each other, so we’re all friends.”

Ye Xing put the dagger away.

“Yes, friend.”

The new trendy man smiled with him, but unfortunately the smile was worse than crying.

“Got a cigarette?”

“Yes.”

The New Wave man hastily pulled out a pack of China from his body and pulled one out.

“Brother, I’ll light it for you.” He hastily took out his lighter.

“I don’t smoke, I like to hold it in my mouth.”

Ye Xing held the cigarette in his mouth and pointed at Li Mimi in the distance and asked, “Your girlfriend?”

“For now, not necessarily in a few days.” The new wave man smiled with him.

“Been on it yet?”

“Not yet, if I had, I wouldn’t be wasting my time coming here with her!”

“Go over there and slap her in the mouth, ten thousand dollars a slap, as many slaps as you want. Come back to me to settle the bill, with money you’re still afraid of not being able to pick up women.”

“Don’t try to escape, or I’ll find you and kill you.”

Ye Xing poked him in the head, and only then did he go away.

Soon, Ye Xing walked over to Luo Xiaoyun with a smile on his face.

“You smoke?”

“No smoking, for pretending.”

Ye Xing threw the cigarette to the ground.

“Solved?”

“You’ll know if you take a look.”

Luo Xiaoyun turned around as soon as the nouveau riche man walked towards Li Mimi.

“Wu Qiang, I asked you to help me out, what have you done?”

Li Mimi was very upset to see Ye Xing leaving all right.

The words were just finished. Suddenly the other man slapped her across the face.

Slap!

“You hit me?”

Li Mimi couldn’t believe her eyes.

This man who was chasing after her like a licking dog actually dared to hit her.

Slap!

Another slap, slapping the right side of her face, swelling the other side as well.

“Li Mimi, don’t think I don’t know what kind of person you are, you manly slut, I’m blind to see you.”

You have to find an excuse to hit someone!

After slapping him twice in a row, the new trendy man then pretended to be angry and walked away.

Leaving Li Mimi standing in place, dazed.

As for the money, he did not dare to take it from Ye Xing.

Asking for money from a punk who was in the Dao and didn’t want his life?

“How did you do that?”

Luo Xiaoyun looked at Ye Xing in shock.

She originally thought that Ye Xing would do it himself, but she did not expect him to let the man do it himself.

Being beaten by his own boyfriend. and beaten than Ye Xing, Li Mimi was even more humiliated.

“I just fabricated an identity, and then he got scared like this.”

“What identity?”

“You guess.”

“A cop?”

“Wrong, a punk.”

Ye Xing smiled triumphantly and said, “Punks are mostly more intimidating than you police in the minds of ordinary people because you do things fairly and justly with a bottom line, while a lot of punks have no bottom line.”

“You’re the smart one. Let’s go!” Luo Xiaoyun gave him a blank look.

The two of them had just walked out a few steps when Li Mimi ran up angrily and roared, “Luo Xiaoyun, what exactly did your poor boyfriend say to my boyfriend, say, or don’t guest me unkindly.”

Ye Xing suddenly turned around and slapped her across the face, knocking her to the ground.

“I didn’t want to do it myself, but I had to be forced to do it, your sister.” Ye Xing cursed.

Li Mimi’s right ear buzzed, and her whole body was blinded, unable to react for a long time.

A few moments later. She jumped up as if she was crazy, ready to lunge at Ye Xing.

Suddenly, a brightly shining dagger pointed at her neck.

“You try spilling spice.”

“Do you know what I am, I am the number one fierce general under Ki?”

“Believe it or not, I’ll call dozens of brothers over. Do you believe I’ll call dozens of brothers to come over... and turn you over?”

As a former movie star, his acting skills were not a cover.

At this moment, Ye Xing’s body had no trace of righteousness, he was just a small-time gangster.

This kind of punk. This was what women like Li Mimi feared the most!

“Brother, I’m wrong.”

Thud!

Li Mimi knelt down directly on the ground, so scared that her face turned blue.

“Behave in a low profile from now on, or you won’t even know how to die.”

Ye Xing slapped her face with his dagger, before he led Luo Xiaoyun away.

“OK, good acting, if I didn’t know you, I would really think you were a punk.” Luo Xiaoyun couldn’t help but laugh.

Looking at Li Mimi’s arrogant look just now, crumbling with fear, she couldn’t tell how happy she was.

A woman like her, only a punk could shock.

“How can you live by your face and not be able to act.”

“You sound a bit like a duck when you say that.” Luo Xiaoyun rolled her eyes.

“If I’m a duck, then you’re looking for me as a duck, aren’t you”

“Disgusting, shut up.”

Luo Xiaoyun was afraid that he couldn’t spit out ivory teeth from his dog’s mouth. Quickly interrupt him.

The two walked and talked, and soon reached a river in front of them.

There was a barbecue site there, and many people were barbecuing, and when they saw Luo Xiaoyun coming, their eyes looked over.

Especially the male students, all of them showed a shining light like animals.

“I now finally understand why you brought me here.”

Feeling these gazes, Ye Xing muttered.

“Luo Xiaoyun. I’ve been hoping for the stars, hoping for the moon, but finally I’ve brought you here.”

At this time, a tall and handsome looking boy walked over and greeted with a smile.

“Introduce, this is our class president Luo Ting, Luo Ting, and this is my friend Ye Xing.” Luo Xiaoyun took the initiative to introduce.

From the tone of her voice, she had a pretty good impression of this class leader.

“Hello, my name is Luo Ting.” Luo Ting extended his hand.

“Hello, Ye Xing.”

Luo Ting’s gaze was clear, unlike other boys who looked at Luo Xiaoyun with such a fiery gaze, he should be a man of decent character.

“Luo Xiaoyun, have you seen Lu Yuan?” Luo Ting suddenly asked.

“No, we haven’t talked about the department for a long time.” Luo Xiaoyun said back.

“Which Lu Yuan?” Ye Xing’s brow furrowed.

Chapter 75

“I’ve heard of Su’s group, he’s the president of Su’s group.” Luo Ting said.

Sure enough, it was him.

Ye Xing did not expect to meet Lu Yuan here once again.

Lu Yuan, a man who was extremely deep in the city.

He had once chased Murong Xue, and then because Murong Xue married Ye Xing, he became the Su family’s son-in-law.

With the successive deaths of the Su family, he, the son-in-law at the door, swung into the helm of the Su family.

Ye Xing had been assassinated, and it was likely that Lu Yuan had sent someone to do it, but he had never had any proof.

Even Lin Wei couldn’t find out.

Since his rebirth. Ye Xing had never had an opponent, and the only one who could be called an opponent was this Lu Yuan.

“Heard of it. Have even seen it.” Ye Xing said indifferently.

Luo Xiaoyun looked at him strangely, detecting a hint of something wrong from his tone of voice.

“Luo Ting, you go ahead and get busy, I’ll go and say hello to Teacher Liu.”

“Make yourselves comfortable then, there’s a barbecue over there, help yourselves if you need to.”

After Luo Ting left. Only then did Luo Xiaoyun ask, “Ye Xing, how do you know Lu Yuan?”

“He sent someone to assassinate me.”

“Are you sure?”

A look of shock appeared in Luo Xiaoyun’s gaze.

“Remember the assassin who knocked you out at the villa last time, he was the one who sent it.”

“How come I didn’t hear you say that at that time.”

“Lu Yuan does things in an opaque manner, I haven’t found any evidence yet.”

“Lu Yuan’s position is not simple, not only is he now at the helm of the Su Group, he also has a lot of connections with the government power. He is not an ordinary person, definitely not a simple small fish and shrimp, don’t do anything rash before you have evidence.” Luo Xiaoyun said seriously.

A cold smile appeared at the corner of Ye Xing’s mouth, “There’s no point in fighting a lot of small fish and shrimps, a tiger would be good.”

Of course the more advanced you hit your face, the better, like Chen Mimi, this kind of extremely different, it’s no fun to fight.

“Anyway, be careful, this man can endure the humiliation of becoming the son-in-law of the Su family and still hold the power of the Su family in his own hands without showing the slightest trace, he is definitely not a simple character.” Luo Xiaoyun reminded seriously.

As the two were talking, suddenly a luxurious Bentley business car drove in from the distant car park. It attracted everyone’s attention.

“This car is so grand, I guess it must be several millions!”

“Googling, wow, over seven million.”

“It’s Lu Yuan.”

There was a burst of envious and jealous voices from all around, each casting adoring glances.

Lu Yuan, who was dressed in a suit of trousers and a shirt, with an imposing manner, got down from the car.

“Do you know that Lu Yuan has chased after Xue’er?” Luo Xiaoyun asked.

“I know.”

“Lu Yuan knows you, don’t let him see you later, or we’ll be in trouble.” Luo Xiaoyun said.

“So what if we’re not. I’m divorced, who says you can’t like second-hand goods?”

Hearing him say that, Luo Xiaoyun couldn’t help but laugh.

That was a reasonable thing to say.

“You go say hello to the teacher, I’ll go burn a chicken wing for dinner.”

Ye Xing walked to the side of the roasting ground, found a corner, pierced a chicken wing and roasted it.

Lu Yuan was very condescending and was surrounded by the crowd nestled over, not looking at him. He didn’t even notice him.

“What’s your name, friend?”

A man in the same grill asked.

“Ye Xing, Luo Xiaoyun’s boyfriend, came over to dine.”

“Master!”

The man immediately gave him a thumbs up.

“In our sector, the prettiest in school is Murong Xue, and Luo Xiaoyun comes second. It’s awesome that you can catch up with her.”

Ye Xing wanted to tell him that Murong Xue was his wife and wondered what his expression would be after hearing that.

“Overrated, it wasn’t me who chased her, it was her who chased me.” Ye Xing said.

“Chasing backwards?”

The man’s eyes immediately lit up.

“Well, I’m just looking everywhere, I haven’t fallen for her yet.”

Luckily Luo Xiaoyun wasn’t here, otherwise he would have to spit blood.

The man’s admiration for him was like a torrent of water.

“What does the brother do?” He continued to ask.

“A manager at a hardware factory.”

Luo Xiaoyun had reminded him. Ye Xing said as such.

“You are a real cow, back then even Lu Yuan Luo Xiaoyun couldn’t see, I didn’t expect to be caught up by you

“Chasing backwards.” Ye Xing reiterated.

“I didn’t expect her to chase you backwards. It’s really admirable.” The man arched his hand, before saying, “My surname is Lu, and my single name is the word Xing.”

The two were chatting. Lu Yuan had already been swarmed by a group of people and walked into the barbecue.

“The best mixed up of your classmates is here, aren’t you going up to polish your shoes?” Ye Xing asked.

“No, I’m so poor that all I have left is my backbone.” Lu Feng shook his head.

Based on this statement alone, Ye Xing could not help but be impressed with this kid.

In this world, the rich were a minority after all, most of them were poor.

There were many poor people, but those who were so poor that they still had a backbone were very few.

“Don’t look at him now, surrounded by people and high above the world, maybe one day he will fall from heaven to hell and live worse than a dog.” Ye Xing said.

This kind of experience, he couldn’t be more profound.

Every lifetime. He had lived as a superior, becoming the top of that one industry.

As a result, in the end, he still couldn’t escape his fate.

“The higher up people are, the more people they stare at, it’s still better for us common people!”

The two were chatting when they suddenly heard Lu Yuan shouting brightly, “Luo Xiaoyun. It’s been a long time.”

“Long time no see.”

Out of politeness, Luo Xiaoyun returned indifferently.

After learning that he had sent someone to assassinate Ye Xing, Luo Xiaoyun's impression of him had dropped to the bottom.

"Old classmate still has the same elegance, worthy of being the school beauty of that realm of ours." Lu Yuan continued to laugh.

"Lu Yuan, you're not still nostalgic about Luo Xiaoyun now, are you?"

"Who let you only have eyes for Murong Xue of Class 1 at first, if you had chased Luo Xiaoyun at first, she would probably be Mrs. Lu now."

"It's not too late now, Luo Xiaoyun is still unmarried, and you have become a diamond king, a man unmarried and a woman unmarried."

Some of the people around who were trying to flatter Lu Yuan echoed the sentiment, all patting on the back.

Lu Yuan was the heir of the famous Su family in Huaijiang, worth billions, such a classmate, even a little help could make any of the students present take off as a human being, such an opportunity everyone didn't want to let go.

"Other people Luo Xiaoyun already has a boyfriend."

Just at this time, a shady voice came out.

The one who spoke was none other than Li Mimi who had just been lectured by Ye Xing.

After being lectured closely by Ye Xing, Li Mimi had been very upset in her heart and was all thinking of taking revenge for this.

Now that Lu Yuan had come, she immediately thought of a trick to borrow a knife to kill someone.

Lu Yuan had once had a crush on Luo Xiaoyun, and if he could snatch her away from the punk now, it was something she would be most happy to see in her heart.

"I'd like to see who is so capable of catching our big class flower up." Lu Yuan was very curious.

"Nah, he's over there."

Li Mimi pointed her finger over there, a man who was eating small chicken wings and dressed in ordinary clothes.

Brush brush brush.

Dozens of pairs of eyes looked over at the same time.

Lu Yuan smiled and raised his head, and when he got a good look at the man's appearance, his smile instantly froze.

The young man with the small chicken wings in his mouth and a mouth full of grease was not the man he hated most in his life.

The man who had stolen the woman he loved most.

And repeatedly killed her.

He had also disgraced himself by blowing his head off in front of a large crowd.

This was a man he hated but could do nothing about.

Lu Yuan's gaze carried an awe-inspiring murderous aura.

But this murderous aura soon disappeared and was replaced by a face of indifference.

A man like him, who had transformed from a lowly son-in-law to the helm of the Su family, understood the most about patience.

The one who laughed until the end was the winner.

"Luo Xiaoyun, isn't he Murong Xue's husband, so how did he become your boyfriend?" Lu Yuan laughed.

This remark was made. The whole room was in an uproar!

Which of the people present did not know about Murong Xue's name, which of them did not know?

This was a woman who had an open life!

The heavens had not only given her a beautiful face. Not only did God give her a beautiful face, he also gave her an excellent birth.

When she was studying, she was the top student in terms of grades and looks, the absolute flower of the school, the number one person in her class.

After graduation, she single-handedly founded Wind Snow Media and became the boss of many netizens.

Compared to Lu Yuan, who got his fortune by inheritance, Murong Xue's industry was built up by her own personal efforts.

If I had to give her one regret. That would be marrying a fool.

Wait, could it be that the man in front of her with the small chicken wings was the fool?

Puzzled, complicated, uncomprehending.

A variety of looks on various faces.

"He's not my boy friend"

"I'm not her boyfriend, I'm her man."

Ye Xing interrupted Luo Xiaoyun's words, drew a tissue, wiped his greasy mouth and slowly walked over.

Luo Xiaoyun glared at him fiercely.

A man and a boyfriend, the difference between the two could be huge.

A boyfriend could be someone who hadn't snapped, but a man, for sure, had snapped, and how could he be called a man if he hadn't snapped.

"Luo Xiaoyun, are you so lowly that you are willing to be a married man's lover?"

Lu Yuan was very resentful, even jealous.

Although, he had quite a few women around him, none of them looked good to him.

Murong Xue, and Luo Xiaoyun, any one of them was better than all the women around him.

"Lu Yuan, don't talk nonsense." Luo Xiaoyun was instantly furious and explained, "Ye Xing he"

"I got divorced a long time ago, don't you know about this matter?"

Ye Xing said while taking a divorce certificate out from his body. Raised it in front of him.

Lu Yuan only looked at it halfway, and Ye Xing put it back.

"So, it's a free love between Luo Xiaoyun and me now, what's wrong with that?"

"Why did you divorce Murong Xue?" Lu Yuan asked.

"Because I didn't want to feel sorry for her!" Ye Xing smiled and continued, "If we weren't divorced, it would be immoral for me to be with Luo Xiaoyun, but if I divorce her, I can be with them openly, with one foot in front of the other. I'm sorry, but the two women you like are mine."

"Ye Xing, that's enough, don't say anymore." Luo Xiaoyun was speechless.

He was cool with it. How could one hold up one's head as a person in the future?

"You're pleased?" Lu Yuan's gaze turned cold.

"I'm just pleased, hit me if you're not pleased!" Ye Xing sneered.

Lu Yuan was very stoic, always pretending to be a gentleman and moral.

He would like to see how long he could pretend!

"I'm a gentleman, I don't care to be in the company of a lowlife like you."

Lu Yuan straightened his tie and stood up, ready to leave.

If he didn't leave, the other party kept provoking him, and he didn't even know how long he could put up with it.

"Afraid of being beaten by me, right, last time I blew your head off. Has the wound healed yet, it didn't leave a scar, right?" Ye Xing asked loudly.

When these words came out, the people around, all clamored.

What kind of person was Lu Yuan, these people knew very well!

Not only was he rich, but he also had a very powerful background, and he had been blasted in the head?

“Ye Xing, don’t think that you provoke me. I’ll turn into a lowlife punk like you, I’m telling you, even if you’re rich, you’re still a thug and will never be able to squeeze into high society.” Lu Yuan said disdainfully.

“An upper class person like you, why can’t Murong Xue and Luo Xiaoyun even look at you but look at me, can you tell me why?” Ye Xing sneered.

Luo Xiaoyun was beside him, rolling her eyes the whole time.

For the sake of his current confrontation with Lu Yuan, let’s spare him first.

We’ll settle the score with him slowly when we get back.

“That’s because they’re blind.” Lu Yuan said.

“Lu Yuan, who are you calling blind?” Luo Xiaoyun had been suppressing her temper. This time it exploded. “What kind of goods you are, others don’t know, I still don’t know clearly, do you know what this lady does?”

The surrounding students instantly remembered. Luo Xiaoyun was a police officer.

When she said that, was she saying that Lu Yuan was

The students next to her instinctively left Lu Yuan a few steps away, not daring to go near him.

It was as if he was a poisonous snake. It is a fierce beast.

With a cold face, Lu Yuan took a big step away, not wanting to stay here one step.

“Lu Yuan, if you are so upset with me, why don’t you do away with me too like you did with your father-in-law and mother-in-law, so that you can go after Murong Xue and Luo Xiaoyun then?” Ye Xing shouted towards his back.

All around, there was once again an uproar.

Many people were wondering how Lu Yuan, who used to be a poor boy from the countryside, had swung himself into the helm of the Su family.

It was surprising that he had resorted to such inhumane means.

“Ye Xing, my father-in-law and mother-in-law were in a car accident, the police have checked this matter clearly, if you talk nonsense again, I will sue you for slander.” Lu Yuan yelled.

“Those who are innocent are innocent, why are you so excited. If you’re really innocent, sue me!”

“Teacher Wang, Teacher Du, I have things to do, I’ll leave first.”

Lu Yuan ripped off the tie around his neck and strided towards the car park.

The stars came and left in a huff.

The people around, their eyes all fell on Ye Xing. Secret admiration.

To make Lu Yuan leave in a huff, this guy was no good.

Lu Yuan had the wealth and power, but he didn't dare to touch him in the slightest, so it was clear that his position was so extraordinary.

What a fight between the gods!

"Teacher Wang, Teacher Du, sorry." Luo Xiaoyun felt a little guilty.

If she hadn't brought Ye Xing here today, she wouldn't have ended up in such a situation and made the atmosphere so awkward.

"It's nothing."

"Between classmates, it's better to be harmonious."

The two teachers smiled sarcastically and both excused themselves to leave.

Luo Xiaoyun and Ye Xing became a vacuum around them, empty.

"Now are you happy, how can I hold up my head in front of my fellow teachers in the future." Luo Xiaoyun said angrily.

"Haven't you heard the saying, it's mediocre to not be envied, they are jealous of you." Ye Xing laughed.

"You have all sorts of sophistry in this mouth." Luo Xiaoyun was also convinced by him.

"Let's go!"

She was not ashamed to stay here any longer, and just wanted to go back quickly.

Chapter 77

"Why don't I bake you a chicken wing for dinner, I'm a very good barbecuer."

"No appetite."

Luo Xiaoyun held her breath, and instantly took a big step towards the car park.

I shouldn't have let this guy come over today, what a troublemaker.

When he went to the car park, Ye Xing caught a glimpse of Lu Yuan's luxurious Bentley car, still parked in the car park.

This guy actually hadn't left yet, was he still sitting around waiting for it to calm down?

At that moment, he walked towards that side.

"Ye Xing, you still want to make trouble."

Luo Xiaoyun was afraid that he would cause some kind of trouble and hurriedly followed him.

Beep!

Ye Xing knocked on the car window.

Half a minute later, the window was rolled down and Lu Yuan's frighteningly cold face appeared behind the window.

"Don't get excited. Concealment is the way to go, and the one who laughs till the end is the winner, isn't it?" Ye Xing laughed.

"Have you finished, finish and get lost." Lu Yuan's car window clicked up again.

"I haven't said anything yet!" Ye Xing pressed his hand on the car window. Laughing, he said, "How about a car race?"

"What's the bet?" Lu Yuan asked instinctively.

For driving, Lu Yuan had an almost crazy obsession.

At the beginning, when he was the son-in-law of the family, he was often humiliated and infuriated in the Su family.

I don't know how many times late at night, he drove his car wildly on the road to vent his inner resentment.

Inside his family's garage were several top-of-the-range sports cars, and he had hired a racing driver to help him improve his skills.

Now he is. He had the skills of a quasi-racer.

"You can bet whatever you want." Ye Xing laughed.

The fish, indeed, was hooked.

Regarding Lu Yuan's information, Ye Xing had gathered it very clearly.

His love for cars was even more than women, bordering on fanaticism.

His own information, Lu Yuan must also be collecting, he had never driven a car, his driving history was blank, not to mention racing.

To even the odds, he would surely agree.

"Bet a billion."

"One billion is too little, just bet on your entire Su family, if my calculations are correct, the total output of your Su family should be worth around fifteen billion!"

"What are you betting on?"

"You don't have to care, I can get something of the same value anyway." Ye Xing said.

"Tomorrow night,? There's a car race at Wangfeng Mountain in the city, come if you have the guts, if you don't come, you're a grandson."

As if he was afraid that Ye Xing would not come, Lu Yuan threw down these provocative words before he started the car and set off.

“What did you just say to him?” Luo Xiaoyun ran over and asked.

“Nothing, a little chat.”

“Why did I hear the word “bet”, what were you betting on?”

“You heard wrong, I’m a good man, I don’t whore or gamble.” Ye Xing laughed.

Luo Xiaoyun looked at him suspiciously, she always felt that he was a bit strange.

The two of them got into the car. Ye Xing started his old car and drove slowly towards the police station.

All along the way, Ye Xing was thinking about how to get Lu Yuan to agree to the bet.

If he hadn’t driven him almost to frenzy today, with his character of doing things steadily, even if he knew that he had a high chance of winning, he wouldn’t have agreed to it.

He would not do anything without absolute certainty.

This was a chance to knock Lu Yuan down and put him down for good, and he couldn’t miss such a good opportunity.

“What exactly are you betting with Lu Yuan?” Luo Xiaoyun finally said as she couldn’t hold back.

Every time the two of them were together, this guy was either flirting with himself. It was just talking about yellow jokes, like a nosy bitch.

Now he didn’t say a single word, there was definitely something wrong.

“I said how much do you women mean?” Ye Xing was speechless and said helplessly, “I talk more and you think I’m annoying, I don’t talk and you think I’m boring, this and that, let’s not let people live?”

“You must be hiding something from me.” Luo Xiaoyun was firm.

“Okay, I do have something to hide from you.” Ye Xing sighed and looked at her, “I admit it, I confess. I have a crush on you.”

Ahem!

Luo Xiaoyun almost choked to death on her own saliva.

This bastard was flirting with himself again.

“Ignore you.”

She turned her face to the side.

Then, she found her face burning a bit, hot and spicy.

“Flirting with my mother all day, huh, asshole.”

“How could he possibly love me.”

“I hate men with fancy mouths.”

Her mind said over and over again.

After sending Luo Xiaoyun back home, Ye Xing went up to bed.

Late at night, he quietly climbed up and drove his old car. Leaving Huaijiang, he got on the national highway.

Leaving the city, he covered up the license plate, activated the storm mode and began to run wild.

To race a car, apart from the high level of skill required, one must also be very familiar with the performance of the car.

Although he had been a racer some lifetimes ago, it was a long time ago.

He had changed his body and had no idea what level of load he had reached for the racing car.

Throughout the night, he kept changing speeds, trying to be one man and one car.

It was grey and light. Only then did he return home and go to bed.

In the morning, Murong Xue called him several times, but he did not want to get up.

In desperation. Murong Xue had to go to work by herself.

.....

Famous Four Seas International Hotel.

On the thirtieth floor, within a huge and luxurious office.

Lu Yuan stood in front of the glass window, quietly waiting.

A few moments later, a hand walked in. A document was handed over in his hand.

“Boss, it has been checked clearly, Ye Xing does not have any driving experience, even his driving license was bought, not to mention his racing experience.”

The handlers reported.

“What about the Ye family in the provincial city?”

“I bribed an old servant of the Ye family, according to him, Ye Xing has been locked up at home due to his brain, even when he goes out, he is taken with someone, and has never practiced driving.” The henchman continued.

“Got it, go out!” Lu Yuan waved his hand.

After the henchman went out, Lu Yuan then looked at the traffic below.

“Ye Xing, what kind of medicine are you selling inside your gourd?”

“I really don’t believe that you are a genius anymore, can’t a person have top-notch car skills without being stupid?”

Lu Yuan’s fist clenched up tightly. That information, was held into a ball by him.

“If you want to put me in my army, I’ll see what you have.” He gritted his teeth.

In the blink of an eye, two days had passed.

On this morning, Ye Xing drove his old car in the direction of Wang Tian Feng.

Wangtian Peak was one of the largest peaks in Guangnan, and the peak where Master Pudu was located.

It did not take long for Ye Xing to arrive at the race site. Driving slowly, he familiarised himself with the mountain path.

Along the way, he saw several sports cars, driving on the mountain path, obviously like him, they were all here to familiarise themselves with the mountain path.

After a full afternoon of driving around and getting to know all the trails by heart, he left and went down the mountain to find something to eat.

Then he found a hotel, put his phone on silent and rested.

Only at eleven o’clock in the evening did he drive his old car towards the top of the mountain.

Chapter 78

Twelve o’clock at night, at the top of Lookout Peak.

A dozen sports cars, lined up in a row, parked in the clearing at the top of the hill.

In front of the cars stood twenty to thirty young men and women, set together.

All were handsome men and women, and there were especially many young ladies dressed in cool clothes.

Among the crowd, one young lady stood out from the rest.

Tight leather clothes and trousers, all short. Her figure was perfectly outlined.

The young men around her looked at this woman. Their eyes were all on fire.

But none of them dared to make a move, because they knew that this woman could not afford to mess with them.

At this moment, a Ferrari drove up at the bottom of the hill.

Parking the car among those cars next to it, Lu Yuan got down from the car and walked to the crowd.

“Sister Rose.”

Lu Yuan walked up to the leather-clad woman and shouted respectfully.

“Lu Yuan. Why are you here too, you want to have some fun too?”

“Yes, but I don’t play with you, not being your opponent, I have a bet with a person and I’m borrowing your match to settle a personal grudge.”

Lu Yuan said without being condescending.

“Huh, there’s someone else who needs you to use a race car as an opponent, don’t you have quite a lot of tricks up your sleeve?” Rose said unexpectedly.

“Sister Rose is joking, in front of you, I am nothing.” Lu Yuan smiled with him.

“Fine, in a while you play your game, I’ll play ours, it’s not like my house runs this mountain path anyway.”

Rose waved her hand and shouted to the riders next to her, “Hurry up and warm up, don’t die later and not know what happened.”

The riders around them warmed up.

“Where’s your opponent, why isn’t he coming yet?”

After waiting for a long time, but no one came, Rose asked again.

“Wait a little longer. If he doesn’t come, you guys just start and pretend we’re roadies.”

Just as the words came out, a sudden beam of shadowy light came from the front and a BYD drove up from the bottom of the hill.

Slowly, like an old car, it finally drove up to the crowd of cars.

Ye Xing pushed open the door and lazily got out of the car, holding a document in his hand.

“Who is this guy?”

“What’s he doing here in a BYD. He’s not here to be funny, is he?”

“Is it hard to be a cop?”

The eyes of the crowd fell on Ye Xing, all speculating on his identity.

Soon, Ye Xing walked over to the side of the gazebo and put the documents on the stone table.

“I’ve finished the contract, see if there are any problems, sign it if there are no problems, I’ve already signed it.”

Ye Xing didn’t even say half a word of nonsense, he got straight to the point.

“Where are your assets, I don’t take blank cheques.” Lu Yuan said.

Ye Xing took his phone out from his body. Opened WeChat and tapped on payment.

“I’ll give cash, count it yourself, is it enough.”

Lu Yuan’s gaze fell on top of the phone.

Qiang Wei’s gaze also fell on top of the phone.

Everyone around, their eyes all fell on top of the phone.

Seeing the wallet there, there was a long string of numbers.

“Individual, ten, hundred, million, ten million, ten billion 16 billion.”

Oh my God!

The people around all went crazy.

Especially those young ladies. Looking at Ye Xing’s gaze were all on fire.

Who would have thought that such a guy who was dressed in an unattractive manner and drove a broken car of several tens of thousands of dollars would have a fortune of more than ten billion.

“Ten hundred and sixty billion put into change, withdrawing it all costs more than sixteen million in fees, my goodness!”

A young lady covered her mouth and her eyes were filled with stars inside.

Rose gazed at the young man in front of her.

Although the clothes were ordinary, and although the place was dimly lit, she could still tell. This man was quite handsome.

His features were angular, and although he didn’t look too strong, he wasn’t something that some creamy young man could compare to.

“Have you finished reading. You can sign the contract after reading it.” Ye Xing said indifferently.

Lu Yuan took the contract and took a glance at it, it was written very clearly.

No pit and no thunder. Very fair.

“Where is your car?” Lu Yuan asked.

“Never you mind, it’s just that it’s not a plane anyway, the contract doesn’t specify which car to drive.”

“You’re that confident?” Lu Yuan stared at him with a glaring gaze.

Ye Xing laughed coldly and mocked, “Weren’t you full of confidence two days ago, how come you’ve gone soft now, what, you can’t afford to lose?”

Lu Yuan stared at him with a deadly gaze, his fists clenched tightly.

“Interesting, really interesting!”

The sound of slapping claps rang out as Qiang Wei walked over.

When Ye Xing came, he actually didn’t even look at her directly, which made her a big sister hurt.

No matter how she said it, she was also the big sister here. The status was absolutely unique.

“I’ve been playing with cars for such a long time, but I’ve never seen such a luxurious bet, if you two don’t mind, how about letting me be a notary?”

“You have to be qualified to be a notary, are you qualified enough, young lady?” Ye Xing laughed.

“Nonsense, who else is qualified if Sister Rose is not qualified. Do you know who she is?”

A rider wearing a short-sleeved shirt, immediately stood out and shouted.

“Ah Biao, don’t scare your little brother.” Qiang Wei hurriedly drank him down before she said to Ye Xing, “Whether I am qualified or not, just ask Lu Yuan.”

“She has the qualification, fifteen billion is nothing in her eyes.” Lu Yuan said.

Ye Xing looked at the middle of the clearing, the rows of luxury cars, apart from Lu Yuan’s, there were thirteen in total.

Each one was a ten million dollar sports car, which counted to at least more than one hundred million.

If you could buy a car that could cost more than 100 million, would you not have a few dollars on you?

There were many cars that could not be bought just by having money.

“Okay, I trust you.” Ye Xing nodded his head.

“If there’s no problem, then let’s start signing the contract!” Qiang Wei pointed at the contract and said, “Since you guys are so hoity-toity, I won’t play tonight, let’s see you guys play, the whole mountain road is yours.”

Lu Yuan’s fists clenched tightly.

With a ruthless heart, he signed his name on it.

“The hand seal should also be stamped.”

Ye Xing took out a box of seal clay from his body, opened it, tapped his index finger and pressed it on.

Lu Yuan similarly pressed it on.

The contract was established.

“The contract is signed, you guys start preparing!” After Qiang Wei finished speaking, she pointed to her dozen luxury sports cars and said, “Your name is Ye Xing, right? I have a dozen cars here, take your pick, just pay for the damage.”

Just now, among Ye Xing’s change, there was more than a billion more than the figure on the bet, there was more than enough money to pay out.

“No need, I still like to drive my old car.” Ye Xing laughed.

“You’re not kidding, are you?”

The people around him all looked at him with eyes like a monster.

Even Lu Yuan was, wondering what kind of name he was up to.

Using a BYD to race against a Ferrari, he wasn’t sick, was he?

“Ah Biao, torch.” Qiang Wei ordered.

Ah Biao immediately handed over a torch and Qiang Wei took it, shining it on the wheels of Ye Xing’s vintage car.

“Bugatti sports car special tyres.”

She shone another light on the rear of the car.

“Bat fins.”

She crouched down and looked at the rear of the car.

“Twelve-cylinder engine.”

.....

Next, she went over all the modified parts that could be seen on the exterior.

“It’s a modified car, and looking at the parts alone, it’s no worse than ours.”

Chapter 79

The whole crowd, all of them, had a carved fortress look on their faces.

They had seen a lot of modified cars, but they had never seen anyone put a modified car on a car that cost tens of thousands of dollars.

This was no longer a flower on cow dung, but a flower put on poison.

Lu Yuan’s face instantly turned ugly and he had the feeling of falling into a pit.

“But the bodywork has not been repaired, the impact is great, Lu Yuan you do not have to worry.” Rose comforted.

“Cut the crap, get ready to start!”

“For the sake of fair expressions, I’m going to put radar and cameras on all your cars, you guys have no problem with that, right?”

“No problem.”

“No problem.”

At that moment, it was time for the men to start installing them on their cars.

Everything, ready to go.

Two cars. Coming to the starting point.

“Lu Yuan, from tomorrow onwards, you will be able to undertake to try the feeling of falling from heaven to hell.” Ye Xing laughed.

“Isn’t it too early for you to say that?” Lu Yuan snorted coldly.

He just couldn't believe that a person who could drive a license was still bought. Someone who had never had racing experience would win against himself.

He didn't believe in evil!

"Three, two, one."

Whew!

The Ferrari sped off in an instant, like a bolt of lightning, disappearing instantly from everyone's sight.

On the contrary, the BYD started slowly, just like an old car.

"What's this kid doing. He's not trying to give away money, is he?"

"What's wrong with his brain?"

"Don't go after it yet."

There were two computers in front of Chance.

These two computers were for racing, one for tracking and locating, and one for driving records.

The red dot was Lu Yuan's car, the blue dot was Ye Xing's car, and at the moment, the red dot was already a few kilometres beyond.

"There are two possibilities, one is that he is an expert, and the other is that he is a fool, which one do you think he is?" Rose said.

In the middle of speaking, suddenly, the blue dot started up.

Almost instantly, it sped from sixty kilometres to one hundred and fifty.

"It's so fast."

"This car's performance is horrible!"

"There's a curve ahead, and he still doesn't slow down, does he want to die?"

Rose's gaze immediately shifted from the tracker, to the live video feed.

Zee!

A moving sound of brakes came, so long and smooth.

Anyone who was a racer would know what that sound was.

It was the sound of drifting.

"Lu Yuan has lost." Rose murmured.

How many racers, how many years, could not practice this one mountain road drift alone.

Lu Yuan was just an ordinary racing enthusiast, far from being a racer!

Just as she was talking, the sound of another long drift came.

.....

The back of Lu Yuan's palms and hands are all sweaty!

He looked behind him every now and then, sweating profusely and not bothering to wipe it.

This is the biggest bet he has ever played in his life.

Winning. It would double Su's production value and send him to the top of the ladder.

Lose, and he would lose everything and have nothing.

Good thing there was still no sign of that man behind him.

"Bluffing me are you, I'm scared."

He began to slow down, driving as fast as he could to a speed that made him feel safe.

After all, this was a mountain road and if he wasn't careful there would be a cliff below him and he would be pulverised.

Just then, suddenly a strong light came from behind him, accompanied by the sound of a powerful motor.

Lu Yuan's face changed dramatically and he hurriedly accelerated, raising his speed to one hundred and twenty kilometres.

In the middle of these curves. One hundred and twenty kilometres was already his limit.

It was just as well that there was a bend in front of him, so he hurriedly slowed down.

Which knew that the other side not only did not slow down, but also rushed past at an even faster speed, instantly.

"Crossing a sharp bend at such a speed, you can just wait to die!"

Lu Yuan laughed coldly, waiting to see the other party's car destroyed.

Which knew that when it was about to hit the mountain, suddenly the BYD drifted at the limit, steadily crossed the mountain road, and then at a faster speed, moved forward.

How was this possible?

Lu Yuan was petrified!

Impossible!

Absolutely impossible!

He desperately stepped on the accelerator. He wanted to catch up with the other side.

Which knew that there was a mountain road in front of him again.

Without his opponent's drifting strength, he could only slow down!

It was over!

This was the end.

With his heart in his throat, Lu Yuan didn't even know how he had arrived at the finish line.

At the finish line, Ye Xing was already sitting on the ground, eating bread in his mouth.

"Why are you only here now, I've been waiting for half a day."

"Ye Xing, you cheated, you couldn't have been driving just now."

Lu Yuan broke down and shouted. Almost falling into a frenzy.

"Whether I cheated or not, you will know if you watch the video." Ye Xing laughed.

Just then, the row of cars behind them came down and Rose led the men down the hill.

When Qiang Wei placed the video in front of Lu Yuan, Lu Yuan could no longer bear it and fell limp on the ground.

"Son of a b*tch, you pitted me."

"You guessed right, I'm just pitting, who let you fall out of the pit."

Ye Xing laughed out loud and walked up to him, saying, "I said I would leave you with nothing, but you don't believe me. Fight with old me. You're still a bit young."

"I don't admit it, racing is against the law, I don't admit it."

Lu Yuan took out the contract he had from his body and tore it to pieces. Then he pounced on Ye Xing again.

Before Ye Xing could make a move, two big brawny men had already come over and held him up, pressing him hard onto the grass.

"This Miss is a notary for the match. If you break the appointment, how can this lady still be in the racing circuit in the future."

"Someone, prepare the transfer contract for him to sign, if not, get him killed."

When Rose finished speaking, someone immediately came over and prepared the contract.

A racing contract was, after all, against the law, but an assignment contract was different, that had a legal basis.

Soon, the contract was done and Qiang Wei handed it over to Ye Xing.

Ye Xing looked at it and was very satisfied, saying, "Good, I didn't expect you to have so many capable people under you."

This transfer contract was made by a young lady who could type faster than an internet writer.

"Don't look down on these people of ours, let me tell you. They're usually the elite of all trades, Lily, tell him what you do for a living."

The young lady preparing the contract stood up and smiled, "I'm a lawyer, put your mind at ease, you won't lose a single dog of the Su family's property."

"Miss, thank you." Ye Xing said cheekily.

"No thanks. Let's have a date later if you're free, my workplace outfit is very nice." Lily winked at him.

"No problem, more dates in the future." Ye Xing laughed out loud.

"Make him sign." Rose ordered.

The two big men walked up to Lu Yuan and said coldly, "Sign."

"I won't sign."

"If you don't sign, then die." Chance's voice chilled.

A cold dagger was placed on Lu Yuan's neck.

Lu Yuan wimped out and trembled as he signed his name.

Money was valuable, but life was more valuable.

As long as there was life left, there was a chance to rise again.

When he finished signing, Qiang Wei then handed the contract to Ye Xing.

"Lily, tomorrow, you personally help Ye Xing and help him take over all the properties under Lu Yuan's name." Qiang Wei instructed.

"Thanks Sister Qiangwei, it's getting late, I'll go back first too."

Ye Xing put the contract away and prepared to leave.

"Why are you so insensitive, we have helped you so much, a midnight snack has to be on the house, right?"

"Is there still this rule, okay, then let's have a snack."

Ye Xing walked to Lu Yuan's side and patted his head.

"When you go back, drive carefully, this car is now Laozi's property."

Lu Yuan collapsed onto the ground, his eyes dulled as if he was lifeless.

It was only after a long time that he came back to his senses, his eyes storming with a cold aura.

He pulled out the phone!

Chapter 80

Ye Xing had just got into the car when the window was knocked.

"I've been in a lot of sports cars, I've never been in a BYD sports car, can you let me feel it?" Rose asked with a smile.

"Miss Rose, have you ever heard of a saying from a man?"

"What saying?"

"Wife and car, can't sit outside." Ye Xing laughed.

"Isn't it that wives and cars can't be lent out?"

"There are only two kinds of people who can sit in this car of mine, one is my wife and the other is my lover, which one do you want to be?"

"Since that's the case. Forget it then." Rose shrugged her shoulders.

She was a little upset, she didn't know how many men couldn't wait to get themselves in their cars.

Good for him, he wouldn't even let himself in the car.

More like curious!

It had to be said. This man had managed to attract her interest.

Fengcheng Seafood City.

As a dozen supercars entered the car park, immediately, a middle-aged man walked out from inside.

"Miss, what would you like to eat, I'll have the kitchen prepare it." The middle-aged man asked respectfully.

"Dishes number four."

"Okay."

The middle-aged man trotted inside the kitchen and made the arrangements.

"You opened this?" Ye Xing asked curiously.

"That's right." Rose nodded.

"Rich as hell." .

This seafood town was right at the foot of the mountain, and there wasn't a single ghost around. I'm afraid the whole hotel was dedicated to them.

"What's this, this place doesn't cost a few million a year, at least it's true that every time we come back from racing, we can have the best snack."

More than twenty people, one after another, took their seats and gathered around three tables.

It was at this time that Ye Xing's phone rang.

"Excuse me, I'll take a call."

Ye Xing came to a quiet place, and only then did he pick up the phone.

Murong Xue had called him many times and for fear of distraction, Ye Xing did not even return the call.

“Where are you, why aren’t you answering the phone?” Murong Xue was on the verge of tears.

Hearing her voice, Ye Xing’s inner softness was touched.

It was now past two o’clock in the morning, Murong Xue had stayed awake and was obviously worried about him.

“I was busy with a very important matter just now and I was afraid of being distracted, but now I’m busy. You sleep well, I’ll give you a big gift tomorrow.”

“What big gift?”

“A gift you’ll never expect. A big gift that you will definitely like.” Ye Xing laughed.

“I don’t need a big gift, I just need you to come back safe and sound.”

“Don’t worry, I’m safe, you sleep well, I reckon I’ll be back home before dawn.”

It took a few minutes of talking and some good reassurance before she was reassured and went to bed.

Back at the table, the food was already served.

A table full of mountains of food and seafood, very generous.

“Called your girlfriend?” Rose asked offhandedly.

“Mmm.”

Ye Xing filled a bowl of seafood congee. He ate it up, he was getting hungry.

“By the way, where are you from?” Rose asked.

“Huaijiang.”

“I’ve been to Huaijiang, I know almost all the big names with respect, I haven’t seen someone like you, huh?”

Rose asked as she picked up a large crab and wrenched it open.

“I’m just an ordinary citizen, not a big shot.” Ye Xing laughed.

“Chen Guangnan was said to have been done in a while ago, have you heard about it?” She continued to ask.

More than knew. It was Brother who did it.

But Ye Xing was a low-key pretender and didn’t like to play high-profile pussy.

“Heard a little bit, seems to be done by a person.”

“Chen Guangnan came from a black background, surrounded by countless bodyguards, one person actually managed to take out so many of his men, and the ones with guns. This guy is really fierce. My dad sent people to hear about it, but they couldn’t find out, the police side of the mouth is very tightly guarded.”

“When you come out, you have to pay back sooner or later, so it’s better for the ordinary little people!”

“I can’t see that you look like an ordinary citizen when I look at you.” Qiang Wei looked at him with a smile.

“Sister Rose, you mustn’t get curious about me.”

“Why?”

“Because the only thing that happens to people who get curious about me in the end?”

“Death?”

“Fall hopelessly in love with me.”

Giggle!

Rose giggled. Flowery branches fluttered and her beautiful body twitched.

Certain places bounced up and down.

This woman, she was really provocative.

The young people around her. They also laughed along.

“There’s no man in this world who can catch Sister Rose’s eyes right now!” Lily said.

“Little brother, you can understand that I don’t like men.” Rose laughed.

“I’m not small anywhere.” Yeastar returned.

“Words are not proof. Let me test it to know.” A plump young lady laughed.

The people around all laughed, as if in their eyes, Ye Xing was the kind of little geek who buried his head inside the office.

Racing cars were fine, but otherwise, he was probably just rash.

Ye Xing didn’t bother to explain to them.

Suddenly, he heard a sound of cars in his ears.

He stood up and walked over to the window.

Only to see outside, three or four vans were parked, and twenty to thirty men in black got out of them.

All with guns in their hands!

“Lu Yuan, that son of a bitch, if I can get out alive today, if I don’t cut him into pieces, my name is not Zhao.”

Qiang Wei broke into curses. Darting quickly, she greeted everyone and ran upstairs.

This hotel had four floors in total and there were many rooms on the top floor, so hopefully they could hold out until help came.

The next moment, she rushed into a room and took out a pistol, only to find Ye Xing heading downstairs.

“Don’t go downstairs. Looking for death?” Rose yelled.

Ye Xing acted as if he hadn’t heard, holding the dagger upside down and sticking it to the corner of the wall.

Clap!

A row of men in black rushed up.

A shocking sight for Rose appeared.

Ye Xing, who was previously svelte and like a little geek, transformed into the God of Death almost instantly.

Brush brush brush!

Countless streaks of white light swept past, each one landing precisely on the neck of a man in black.

Before the first five men in black could react, all of them had their throats slit with a single slash.

Ye Xing picked up the gun on the ground and strided to the corner of the staircase, and then, the sound of gunshots rang out.

The sound of countless bullets being shot at the body came, interspersed with screams of misery rising.

I don’t know how long it took, but the sounds from downstairs finally disappeared.

It was only then that Rose reacted and rushed down, gun in hand.

She lay in the corner, not daring to cap her head.

The sound of footsteps came from downstairs.

Instinctively, she shot out her hand and pointed her pistol at the other side.

Which is when the figure in front of her flashed.

By the time she reacted, the gun in her hand had already fallen into the other party’s hands.

“Sister Rose, didn’t your mother tell you that you are not allowed to play with guns casually?” Wa

“You’ll get pregnant oh.”

Qiang Wei’s entire body was stunned, dumbfounded and unable to speak as she looked at the countless black-clad corpses downstairs.

“I forgot to tell you, Chen Guangnan was scrapped by me.”

Ye Xing put the gun into her hand, a light smile spread across the corners of his mouth.

Now, did she still dare to call herself a little brother?

Half a while later, those young men and women came down from upstairs, looking at the corpses all over the ground, and their gazes at Ye Xing all changed.
