

Forbidden Heat 18

Chapter 4 His Fiancée

“Natalia, you are looking for an internship for your last semester of university, right? I would love it if you would consider working for our family’s company after you graduate. Of course, I’m not going to force you but I think it would be a good opportunity for you to learn more about our business during your internship. I spoke to your uncle, Edward, and he thinks you can learn a lot from him by working with him in managing one of our company’s laboratory,” Lucien cheerfully suggested to me with a beaming smile. I didn’t care what he said, I would do anything he asks with that smile.

“Oh sure. I guess it is time that I learn about our business as well...” I replied with a small smile of my own.

“Great then. Edward will be coming over later tonight after he gets off work to discuss some potential roles for you. Feel free to ask him anything.”

With that the dinner came to an end and I rapidly excused myself to go back to my room. I walked upstairs to my room and immediately told my maid that I wanted to spend some time alone. When alone in my room, the emotions that I had bottled up overwhelmed me. I felt tears sting my eyes and rolled down my cheeks slowly as reality sank in that Lucien will soon be marrying another woman. Sure, he has had girlfriends in the past but I did my best to ignore them knowing that none of them would last. I never dreamt that a day would come that I would have to share Lucien with another woman.

knock knock

“Natalia, it’s me.” Great, Lucien is here and I am crying my eyes out.

“Please come in...”

Lucien opened the door and immediately strode in to sit beside me on my bed.

“Congratulations on your engagement, Lucien,” I faked a smile and tried to keep my voice from cracking. I need to hold back my tears!

“Thank you ... but ... if you are really happy for me ... why does it look like you’ve been crying?”

I’m not surprised. Lucien knows me very well after all.

“Listen to me, Natalia. It’s been ten years now that your mother has left us. Soon you will become an adult and have your own independent life. I love you and wish you the best. I believe having Angela will help complete our family and she can help me support you...”

“Yes, I understand. Please don’t worry about me...” I replied and plastered a sweet smile on my face and hugged him tightly in order to hide the pained look on my face and the tears that threaten to fall.

“I want to take a little nap before seeing uncle Edward...please enjoy your evening!”

“Ok...Remember, I love you,” Lucien whispered in my ear and kissed my forehead lovingly just like he has always done all those years when I was a kid. Now the parts of me that he has touched and kissed burn with a new throbbing heat. Lucien left the room and I collapse onto my bed.

I am so sleepy and my head hurts from all the crying that I’ve done. I need to rest so

that my eyes are not puffy when I meet uncle Edward. I slowly head down the stairs feeling my way aiming to fetch some ice packs in the kitchen to place on my swollen eyes.

“Ah....Ah....Lucien...please...”

I can hear a woman’s voice coming from Lucien’s study. Without thinking I inch closer to the source of that sound. The study door was left slightly ajar. No, I can’t do this...I should not see this...but...

I could not stop myself and peered into the room.

Thrust. Thurst. Thurst.

A disheveled Angela with her back towards me was straddling Lucien while bouncing her hips up and down his shaft. Her arms wrapped around Lucien’s neck as she kissed him passionately, moaning her desire. Her short tight dress was hiked up around her waist where Lucien held her as he pumped his hard dick inside her dripping wet pussy. Angela’s round shapely breasts bounced up and down to his rhythm as he rammed his sex tool into her love hole repeatedly.

“I’m cumming....I love you....ah...Lucien...harder!” Angela screamed with abandon as she rode his cock faster nearing her climax. Lucien let her climax as he wove his hand through her blond hair. Angela is indeed beautiful and fun to have sex with, he thought, since his family has specifically chosen her to be his bride due to their desire to form a business partnership with her father’s company. He might as well take her and enjoy it while he can...after all, Natalia is becoming a young woman now and it won’t be long until she finds the right man for her.

I watched as Lucien withdrew his member and flipped Angela onto her stomach on the sofa. Ah...this is the first time that I’m seeing his member and it’s erect. Oh god, it’s so big and so beautiful! I cannot peel my eyes away from that object of my desire.

Suddenly, I felt a pleasurable sensation on the sensitive bud between my legs and realized in shame that I have started touching myself while fantasizing about Lucien’s cock. Ah...Lucien, I want your cock deep inside my pussy...please...

“Raise your hips...I want to take you from behind. Good girl...just like that,” Lucien commanded Angela in a low voice and she quickly complied to his wishes.

Lucien got behind her and positioned his swollen dick at her opening before ramming it into her all in a single thrust. His hands grabbed both her tits and squeezed them tight as he pumped into her from behind. Their moans and groans of ecstasy filled the room.

I stifled my moan as I plunged a finger into my tight and hot hole. Lucien, if only you were the one inside of me right now... At that moment, I think his eyes met mine...

I turned and fled from the room as fast as I could back to my bedroom. That was my imagination right, there was no way he saw me watching them...right?

Lucien was quite certain he saw someone peeking at them from the door and prayed that it was not Natalia. Yeah right, it was definitely Natalia. He continued to fuck Angela with thoughts of his stepdaughter in mind, pumping into her faster and harder as he near his release. I wonder if her pussy is warm and tight...Natalia! He screamed her name in his mind as he shot loads of his cum inside Angela’s eagerly awaiting pussy. He asked his driver to send her home and called Edward, his 5-year younger brother.
–To be continued...
