Chapter 76: Sudden Visit

Laura is here to help me get dressed again. To my surprise, I am allowed to go out today. I haven't met Lucien at all since our argument the other day but he must be in a better mood now. Although, I was only allowed to go out to see a psychiatrist about my nightmare as arranged by Lucien, it was better than not being able to step one foot out of the family compound at all. Of course, Reiner will be accompanying me.

Laura picked up a sweet-looking white cotton dress for me along with a wide brown leather belt. The look felt quite nice and laid back. Perfect for how I feel today. I pray today would be a laid-back day just like the feel of the outfit with no unfortunate surprises. I'm a little nervous to see the psychiatrist but getting to the bottom of my dream might help stop it from appearing in my dreams again. Might as well do my best and get it over and done with.

"Are you ready to go?" Reiner asked as he walked into my bedroom.

To my surprise, Reiner is not dressed in his standard butler suit today. Instead he is wearing a white T shirt, with an army green colored jacket and jeans. This is my first time seeing him in casual clothing and this chill-out vibe really does suit him as well. I guess because he's so tall he looks great wearing jeans.

"So, you decided to wear casual clothes today?" I asked him curiously.

"Well, a certain lady told me that my 'full butler uniform is a little bit much'. She told me she prefers that I adapt my outfit to match what she'll be doing on that day. Ring a bell?" he replied before winking at me.

"It suits you...the casual clothes," I complimented him while smiling up at him.

"You look real pretty today too. Shall we head out?" he said bowing slightly and gestured to the open door of my bedroom.

Reiner really knows how to make me feel like a princess. Admittedly, I'm more than a little pleased that he remembered the request I made to him on the day we first met. I honestly did not think that he would follow my bidding. Reiner can also be full of warm and fuzzy surprises. I couldn't stop smiling as I walked with him to the car.

...

Pleasantly, it was just Reiner and I today. Reiner drove and I sat in the passenger seat next to him. It sort of feels like I'm on a proper date with Reiner. Yeah, I know, to him

this is his job and he's just going to drive me to the hospital and then back. However, the casual outfit that he has on is making me feel like this is a private getaway for us. Just like before, Reiner had a few things to say about me sitting next to him in the front passenger seat instead of in the backseat. I managed to convince him with my stubbornness for him to allow me to sit in front with him.

"Umm, R...sorry you have to accompany me to the hospital today. It will probably be pretty boring for you," I said in a small voice. We were finally out of the house but all we're going to do is go to the hospital to find out how insane I had become.

"Don't worry about it, Natalia. Boring or not depends on how we make it out to be," Reiner replied optimistically.

We soon arrived at the hospital and Reiner waited with me outside the psychiatrist's room. I've never seen a psychiatrist before and apart from what I've seen in the movies, I didn't know what quite to expect. I felt quite nervous, what if it turns out that I'm going crazy?

"It'll be ok," Reiner whispered to me comfortingly as he took my hand in his for a little squeeze. His hands are super warm and my hand feels tiny in his.

"Miss Natalia, the doctor will see you now."

Just like in the movies, the room was white and quite bare. The psychiatrist is an old and very thin woman sitting at her desk with her hair tied back in a low ponytail.

"Welcome, Miss Natalia. My name is Doctor Greta. It is a pleasure to meet you. I've heard about your case a little from your father," Doctor Greta said with a kind smile. At least she seems genuinely nice and caring.

"Hi, nice to meet you. I'm Natalia," I introduced myself.

"What we will discuss here in this room will remain confidential, I can assure you," Doctor said with a polite smile.

"Please excuse me. Natalia, I'll be waiting outside," Reiner said to excuse himself.

"No! I mean, I'd prefer if you could stay," I blurted out as I shifted uncomfortably in my seat. I want Reiner to stay with me.

"As you wish," Reiner replied with a small sigh after meeting my gaze. However, he did not sit down beside me but stood at the corner of the small room instead.

"You have a wonderful and caring boyfriend," Doctor Greta commented as she eyed Reiner.

"I'm not her boyfriend. I'm just her bodyguard, please don't misunderstand," Reiner quickly corrected Doctor Greta.

I know we're not dating but he didn't have to correct her that quickly, right? This is a little frustrating...

"Oh...I do apologize. Then let us officially kick off the session. I've heard that you've been having a similar nightmare repeatedly, is that correct?" She asked.

"Yes. I keep having the same nightmare. I was running, lost in a deep dark forest and it was raining. It's really scary for me because I do have a phobia of the forest. Each time I dream of it, the dream becomes more detailed and more real, I guess?" I tried my best to explain my experience.

I told her everything about my dream. When I started having them. How often I had them. What I saw in the dream. How the dream evolved and which details were added. I told her everything.

"I see. You are also not sure whether this event actually took place in real life or not, am I correct?" Doctor Greta asked further after I had finished my story.

"Yes. I am unsure. I don't have memories of the event taking place and my father, Lucien, doesn't remember an event like that either," I answered. If she's confused, I don't blame her. I'm actually very confused about this whole ordeal myself.

"You can take this as my pure speculation but...it could be that the event did take place. However, since it was such a traumatizing event for you, your mind has suppressed memories related to the event. As a result, you don't have memories of the event taking place but you developed a phobia or a fear of forests instead. Perhaps something that happened to you recently triggered the memory. Something someone said, a place you've been to...Again this is pure speculation on my part and perhaps the event really didn't take place after all," Doctor Greta explained in a serious tone.

...something someone said...a place I've been to recently...

Chapter 77: Playful Ride

The counselling session with Doctor Greta has ended and I am walking back to the car with Reiner. I was troubled, to say the least, after hearing the Doctor's opinion of my case. I'm a little disappointed that she couldn't diagnose my dream right away and just tell me the truth of what happened or didn't happen. I guess this is not a movie after all and the Doctor doesn't just know it all according to the script. How will I find out? How will I know for sure if the event in the dream is just a dream conjured up by my fear or that it actually happened to me?

...something someone said...a place I've been to recently...

I couldn't stop thinking about what she said.

"Natalia...Natalia..." Reiner's calm voiced brought me back from my troubled thoughts.

"Oh...sorry, you were saying something?" I asked apologetically.

"You've been standing in front of the car's door for a while now. Want to get in?" Reiner asked teasingly as he opened the car's door for me to get in.

"Thank you...I'm sorry for spacing out like that," I replied softly.

"It's ok. I'm sure you have a lot to think about. Don't over stress yourself. If it's hard on you, maybe you don't need to remember..." Reiner said as he patted my head softly. His smile warmed me up inside.

"...Are we heading home already?" I asked Reiner in a shy voice. He probably knows that I don't want to go back to the mansion. I haven't set foot out of the family estate for days.

"hmm...not quite," He replied as he drove faster.

"Where are we going?" I asked without hiding the excitement in my voice. I know what we were about to do doesn't play well by the book but I couldn't help feeling thrilled at bending the rules...and spending more time alone with Reiner.

"...you'll see," Reiner replied casually as he kept his eyes on the road. Guess this man is full of secrets and surprises as well.

...

"So, do you know how to row a boat?" Reiner asked winking at me.

"Umm...No?" I said in a light panic.

Isn't it a bit too late for him to ask me that now? We were already standing on a small wooden dock at the side of a green-blue lake. I didn't know there was a small lake quite close to the city. This lake was surrounded by a small park. This place must be quite popular during the early mornings, evenings and weekends since there's a running track where people could jog and exercise. However, in the late afternoon on a weekday like right now, the park was pretty much deserted.

Are we really going to fit in that tiny wooden boat? I thought while I stared dubiously at the white wooden boat docked next to where we were standing. The boat was probably as long as Reiner was tall. This is going to be an...interesting experience.

“Give me your hand,” Reiner instructed and when I looked up, I realized that he was already in the boat with his hands held out to me in order to help me in. I’m not sure which is scarier, getting out of the car in high heels in front of the press or getting into a clearly shaky small wooden boat.

“Umm...are you sure about this?” I asked in a shaky voice. My discomfort must have been clear since Reiner responded by laughing slightly.

“Can you swim?” he asked still laughing a little.

“Yes...” I replied sensing that my safety had just been compromised.

“Then there shouldn’t be a problem,” Reiner said as he grabbed and tugged at my hand, pulling me into the boat. I let out a little scream as my feet landed on the small boat before I quickly sat down. The boat rocked side to side...

“R! What did you just do?!” I exclaimed in slight shock. The boat continued to rock side to side.

“Helping you get in the boat...what else?” Reiner replied without a care. This is so not good for my heart.

Reiner started to row the boat away from the dock. The boat stopped rocking and I was relaxed enough to look around at the scenery. This place is actually very peaceful and beautiful. We didn’t speak. We just spent time silently enjoying each other’s company. Reiner’s probably doing all this to cheer me up from being locked up in the mansion for days and from the stressful session I just had with Doctor Greta. I truly appreciate his effort and the fact that he was here with me. I could not imagine how lonely and depressed I would feel if I was left alone after the counseling session. I wonder what Reiner thinks about my dream...

“R...what do you think about my dreams? Do you think the event I dreamt of actually took place or not?” I asked. Nothing to gain and nothing to lose from seeking his opinion.

“I don’t know. Honestly, I think what matters is if you really want to find out,” Reiner answered after thinking about it for a short while in silence.

“What do you mean?” I asked, confused.

“Something that someone said...a place you’ve been to recently. She said those things could have triggered your memory if the event was in fact real. You already know what to do, right? So, in the end, it’s just a matter of do you want to find out or not,” Reiner replied with a knowing smile.

He's got me. I think I already know what started this dream. The only uncommon place that I went to that also coincided with when these dreams started was the house by the lake that was surrounded by thick forests. Edward...why did you take me there? Reiner was right. If I really wanted to find out, I knew exactly who to ask.

"I need to ask you something," I texted Edward. Lucien will go a rampage if he finds out that I plan to meet Edward but what other choices do I have.

"I'll see you soon, My Princess," I got his replied almost immediately as if he'd been expecting my text. This is a little scary. How will he see me soon though? I'm still supposed to be locked up at home...

"Did you decide already?" Reiner asked as he continued to row the boat slowly through the calm waters.

"Yeah...thanks," I thanked Reiner for helping me make up my mind. Some time all we need is that little supporting push.

The wind in my hair feels nice and relaxing. No matter what my little investigation leads me, I'll come to terms with what I discover. That is what I was finally able to decide on. Glancing at Reiner, I found him looking directly at me. Reiner always watches out for me, I guess.

"Are you going to get into trouble for bringing me out here when we're supposed to head straight home?" I asked. Admittedly, I was slightly curious. For someone who takes his work so seriously, why is he going out of his way to bring me here.

"Lucien can't terminate my employment. Only a unanimous decision from the three elders can terminate the employment of a highest-ranking butler. You have nothing to worry about," he replied with a slight grin.

The wind was blowing, the sun was slowly approaching the horizon, the birds were chirping and suddenly Reiner seemed much closer. The setting sun behind him illuminated his silhouette.

"Thank you for bringing me out here. I really needed this break. Even if you're just doing this as part of your responsibility of being my butler...I still really appreciate it," I said as I gazed deeply into his breath-takingly beautiful blue eyes.

Reiner stared back at me silently. He looked as if he wanted to say something but then decided against it before he turned away.

"Are you blushing?" I asked teasingly. I didn't know if he was blushing or it was just the ray of the setting sun dying his face...but...that is why I have to get closer to confirm my suspicions.

“Let me see!” I cried out with excitement as I got up to approach him. I just need to see his face closer. I stumbled a little but I did reach him. I stumbled right into his awaiting arms as he supported me. My hands clutched at his chest for balance.

“Natalia!” Reiner cried out in panic.

“Just let me...Ahhh!!”

Oh no, I forgot we were on a boat and a small and shaky one at that. We were both on our feet with Reiner’s arms around me but the boat was shaking so much now. Oh no...I know exactly what comes next!

Splash

I don’t know how it happened exactly but the next thing I knew I was already soaking wet in the water and outside of the boat. I’m a decently strong swimmer...as if that made me feel any better in this situation.

My dress felt so heavy now that it was wet. I need to get my head above the water and fast.

“Natalia!” I heard Reiner calling my name the moment I broke the water’s surface.

This is a complete disaster. I’m sure I look like a drowning kitten to him and I feel like a total mess.

“I’m...fine,” I managed to reply as I whipped my hair back from my face.

Reiner was also completely soaked. Although to my surprise he didn’t seem upset about the fact that he was all wet.

Chapter 78:My Therapy

“Come here. Can you hang onto the boat? I’ll get up and then help you up,” Reiner said as he gestured for me to come closer.

I swam closer to him and he pulled me closer until he had his arms around me. His body is very warm even in this slightly cold water. Reiner was staring down at me with worry in his eyes.

“Are you ok? Did you get hurt?” he asked as he touched my wet hair.

“I’m not hurt. Are you?” I replied in a small voice, conscious that our bodies were touching.

Reiner put my hand on the boat before pushing himself up on the boat in one swift motion. Wow! He's definitely fit.

"Give me your hands. I'll pull you up," He instructed as he offered his hands to me.

I gave him my hands and soon felt my body being pulled upwards and onto the small boat.

"Hahahaaaa!" I couldn't stop laughing as he pulled me up. Something about all this was just so funny. We're both wet and struggling to get back on the boat like young teenagers on a date. Reiner pulled me up and I fell with my body lying on top of him. I squirmed around as I continued to laugh, unable to hold back my laughter.

"What's so funny?" Reiner asked as he tried to push me off his body.

I was laughing too hard to reply. His body felt so warm and so good against mine. I just wanted to lie there on top of his body forever; however, that dream was not meant to be...

"Get up, Natalia. You're soaking wet. We need to get back to the dock before you catch a cold," Reiner voiced his concern as he sat up bringing my body up with him.

Suddenly, instead of lying on top of him, I was straddling him with my arms looped around his neck. We're so close and this position is so intimate. He looks so sexy with his hair wet and the sun is now setting behind us...I want to...kiss him. No, I want him to want to kiss me too. What should I do? If I kissed him now, what would he think of me?

"Why did you tell the doctor that you're not my boyfriend?" I asked out of the blue. Out of all the things I could have said or done, this was what my instinct chose.

"...because I'm not your boyfriend," Reiner replied without a second thought. This is pissing me off. How can he act so distant?

"Then why did you kiss me that day in the garden? And that day in my bed?" I asked in a slightly whiny voice. He must find me so annoying right now. I sound like a 16-year-old girl.

Reiner went completely silent as he stared into my eyes. Those blue eyes of his didn't waver, his firm lips didn't tremble. He was not hesitating at all. He has decided not to give me an answer. Silence is his answer.

"Well, if you don't say anything...then...I'm just going to get even..." I told him softly as I brought my face even closer to his.

At least, he isn't pushing me away. I pulled his face towards me with the arms that I had around his neck. I pressed my wet body against his chest slowly and then tightly as I

pressed my lips to his soft and warm lips. It was just a peck before our lips parted but I felt so much warmth swimming through my body, warming me up from the cold from my wet clothes. I wanted to feel more of his touch.

I took his big and warm hands into mine before drawing his palms to my chest. I placed his hands on my breasts so that his palms were cupping them. I let out a sigh, it feels so good and relaxing. The feel of his warmth on my breasts. Looking down I could see his very large hands and thick fingers covering my breasts. Wearing white turned out not to be a bad choice today. My entire dress was most probably almost see-through right now, I wonder if Reiner has noticed? I squeezed my own breasts through his hands as I started to moan.

“Natalia...” Reiner said my name with a slightly disapproving tone.

“R...” I called him by the nick name I gave him before silencing his protest with my lips. This time, I’m not going to stop with a chaste kiss. If he hates this, he can just push me away.

I held his face between my hands gently as I kissed him. I licked his closed lips seductively until he opened his lips to me. His tongue gliding out to meet mine as our kiss got more heated. We were breathing harder now, and Reiner has started to kiss me back hungrily. His kiss drove me wild with desire. My lower abdomen was already throbbing with need and I felt my warm wetness seeping out between my legs just from his one kiss. His hands that I had placed on my tits were now playing around and squeezing my tits through the wet fabric of my dress and bra.

I was moaning loudly as we continued to kiss each other passionately. His tongue plunging deep into my mouth non-stop. He only stopped a little to change the angle of our kiss. Reiner is such a good kisser. I heard his sudden intake of breath as his hands found its way into my clothes to cup my breasts directly. I moaned when his fingers brushed against my hardened nipples. I want him to suck them, my breasts and my nipples. I tugged at his shirt so that I could slip my hand to feel his muscular naked back with my palms. His back is so warm, large and muscular just as I had expected. He must be so beautiful underneath his clothes. I really yearn to see him completely naked.

“Natalia. Let’s stop here. It’s getting dark, we need to get back to the dock,” Reiner said as he broke our kiss suddenly. I was disappointed but I knew that he was right. I nodded in response.

Reiner took off his jacket and wrapped it around my shoulder. It made me feel a bit warmer since it shielded me from the wind.

“Your dress is really see-through when wet. Please wear my jacket for some cover. There’s no one around right now, but better to be safe than sorry,” Reiner spoke as he untangled himself from me and started to casually row the boat heading for the dock.

Well, that was over much faster than I expected. I thought as I glanced over at Reiner. His eyes were focus on the waters as he navigated the boat towards the dock. Sooner than I would like, we arrived at the dock and he helped me out of the boat.

...

Finally, we were back in the car. The sun has totally disappeared from the horizon and now it was dark. We probably have to head home now, I thought feeling a little depressed that our outing was already coming to an end.

“Take off your clothes, Natalia. You need to get out of those wet clothes,” Reiner instructed while looking away from me.

“No...,” I replied, dissatisfaction clear in my voice.

“You’re not going to sit in the car naked. I brought us a change of clothes. So just take your clothes off and I’ll fetch a change of clothes for you from the trunk. Ok?” Reiner explained patiently.

What is this whole thing about having spare clothes for us? How prepared can this man be? Maybe...he knew something like this could happen? Nah...probably not...

“Undress me. I’m too tired to do it myself,” I replied as I threw up both my arms above my head. Ready for him to take my dress off of me.

“Natalia...” Reiner said with a loud sigh as he started to help me undress.

He took off the jacket he had wrapped around my shoulders. Then taking the hem of my dress in his hands, he lifted my dress up and over my head to take it off. I was now in just my underwear. Reiner hesitated and I could see his face blushing slightly as he shifted his eyes away.

“Take off my underwear, R. You’re not done yet, right?” I teased him.

Chapter 79:Seducing Him

Without responding to me, Reiner slowly took off my bra and then finally his hands were on my panties. I lifted my hips off the car seat to help him remove my panties from me until I was fully naked. Reiner turned away at once as his hand reached to open his side of the car door. He was probably going to fetch those clothes he mentioned in the trunk. I held his hand pulling him back towards me so that he had to turn around to face me.

“Touch me...please,” I pleaded in a sweet voice as I placed his hand once again on my breast, naked this time. My chest heaved up and down as I started breathing harder, my

erect nipple brushing against his hand. Reiner groaned deeply as he gave up his self-control and both his hands fondled my naked breasts aggressively. Ah...it feels amazing. His hands are so big, his fingers so long and thick. It feels different. My body is so hot, I feel like I'm melting at his touch.

I cried out when he pinched both of my nipples at the same time. He's rough and it hurts a little but it feels so good. My pussy is getting wetter and wetter now, I will probably dirty the car seat soon with my juices.

"Your skin is so beautiful. Your breasts feel amazing in my hands," Reiner started talking dirty to me and it was turning me on so much.

Reiner leaned in to kiss me hot and passionately. I thrust out my tongue to meet his hungry invasion. He sucked on my tongue and I purred with pleasure into his mouth. He really is such a good kisser. His kiss is making me feel weak all over. His big hands continued to grope me as I arched my back to thrust my breasts closer to his exploring hands. I wanted to feel his naked body with my hands and then his skin against mine, so I started to undress him.

"Please let me undress you, R. I want to see you," I pleaded as I reached out my hand to pull up his shirt.

I could see his gorgeous and rock-hard six pack now. Red hair trailed down his lower abdomen before disappearing under his jeans. His bright red hair color must be natural. R helped me by rapidly stripping off his own shirt.

Wow. The first thing that caught my attention was how much bigger he actually is, now that I see him naked and up close. He's so big and muscular he's like a giant. All his muscles were firm and bulky. Unlike Zak who had a firm model's body from playing sports and working out, Reiner's body was a result of professional physical training for his job and also physical combat. The second thing that caught my immediate attention was his tattoo. Reiner's left chest, shoulder and arm are heavily tattooed in black ink. This just added more to his wild look. I couldn't stop staring at him.

"Are you done staring? Does...my tattoo bother you?" he asked hesitantly, glancing at his own ink.

"Not at all. You look amazing," I said and smiled up at him.

Reiner strip off the remaining of his clothes before throwing them to the back seat. He held my face slightly roughly in his hands as he crushed his hot lips to mine. Over and over again we kissed. His kisses were getting more and more intense as he savored my mouth. I couldn't stop myself from moaning and our panting echoed in the closed car.

"Tell me what you want me to do to you, Natalia," Reiner panted thickly into my ear.

“Touch my breasts, R...and touch me here,” I panted my request as I guided one of his hand to my breast and the other to my sappy wet pussy.

I yelped out a little when I felt his huge and hot hand on the slippery slit in between my legs. Finally, he is touching me there. His fingers started to stroke my wet opening. Up and down, he stroked my opening, teasing me. I rocked my hips slightly to grind my pussy opening against his fingers.

“Sit on my lap, Natalia,” Reiner commanded as he took hold of my waist to support me as I climbed over to sit on his lap. His arms hugged my body tightly to him and I could feel the warm of his hard chest muscle against my bare back. Sitting in this position made me even more aware of the difference in our size. I felt like a small doll compared to him as his huge body frame towered over me. He kissed my neck softly before his tongue started licking me. I moaned with pleasure and called out his name. His fingers twirled my nipples between them and I felt goosebumps on my body from his touch. This man knows how to please his woman.

“Ahh...R! It feels so good...” I whimpered as I placed a hand over my mouth. His large hand is now covering my lower abdomen as his long fingers dipped lower to curl into my heated cunt. He stroked two of his thick fingers up and down my wet slit before pinching my clit hard. I clenched my pussy walls and I thrust my hips upwards to invite his fingers.

“You’re already so wet here. You’re going to make a real mess in the car,” Reiner teased me as he chuckled into my ear.

“Touch me...R. Please,” I begged him. I couldn’t take it anymore, I wanted his touch...inside.

“Where do you want me to touch you? Here?” Reiner asked as his fingers stroked my sappy wet opening faster but without entering me.

“Inside...I want your fingers inside of me,” I pleaded in an erotic voice. I can’t believe he is making me beg like this.

“Let me know if I get too rough. You’re quite...small,” Reiner said with care.

“Ah! Yes!...Ahhh!” I cried out with pleasure when Reiner finally thrust his thick and long middle finger inside of my awaiting hole. This reminds me of the day he showered me. I’ve never felt this fulfilled by having only a finger inside of me before. His long and thick finger can reach inside me so deeply. I rocked my hips against his finger to take it even deeper inside, my pussy hungry for him.

“Hold your legs open...wider. I’m going to need two hands to fully please you,” Reiner instructed and I followed immediately. I used both of my hands to hold open my thigh wide as I sat on his lap.

Chapter 80:Double Pleasure

“Relax a little. You’re clenching too tightly. I’m going to put another finger in. Let me know if you want to stop,” Reiner said. No, Reiner, I never want you to stop.

He removed his middle finger from my pussy hole before entering me with two of his thick fingers. I tried my best to relax my pussy walls to allow his fingers in. My wetness helped to accommodate his entrance as he buried his fingers deep into me.

“This is your G-Spot,” Reiner stated as he curled up his two fingers inside of me to touch the top of my pussy walls. Feeling around a little before he found my sensitive spot. Once he found it, he began thrusting his fingers against it and then rubbing it hard. I felt like cumming...it feel’s so great. I could feel myself getting immediately wetter as his hands made wet slapping sounds against my pussy walls.

I thrust my hips against his hands wildly as I grinded my G-spot against his fingers. He’s hitting the right spot and it’s driving me insane with lust. I want to cum already. I moaned loudly before Reiner covered my mouth with his in a kiss that left me even more breathless. This is my fault, I shouldn’t have teased him so much earlier.

He removed his fingers slowly from my hot cave and I was about to protest when he entered two fingers from his other hand inside of me. What is he trying to do?

“Keep your legs open wide. I’m going to find your A-Spot for you. Let’s see if I can reach deep enough...” Reiner said seductively before he thrust his two fingers deeper inside of my love hole.

Oh god...it’s in so deep I feel like I’m being fucked. It feels so good! Reiner pumped his fingers in and out of me deep and fast. I screamed out loud as each thrust hit deeper inside of me. I feel like cumming...this is too much. It’s so intense! My moans and screams were echoing loudly in the small, enclosed space of the car. This is not good...I’m going to really cum from this.

“R...I can’t take it anymore...I’m cumming!” I cried out as I felt my orgasm hit me. I felt my whole-body shiver and shudder as I came.

“You’re clenching so hard around my fingers again. You just got wetter inside too,” Reiner commented making me even more embarrassed.

“Don’t say stuff like that while we’re doing it...” I complained a little.

“So, I can say stuff like this when we’re not doing it?” he said grinning at me.

“That’s not...” I began correcting him after I caught my breath again.

“How was cumming from your A-Spot? Ready for more? This time, try cumming from both your G-Spot and your A-Spot at the same time,” Reiner said as he kissed my neck.

I’ve never experienced that before and didn’t know that it was possible. Before I could ask for more details, Reiner had already sunk two of his thick fingers deep inside of me just like he had just done before I came. He must be trying to reach my A-Spot just like before. My pussy is throbbing again and I feel even more sensitive than before because I just came. Reiner began thrusting his fingers slowly deep inside of me, each stroke buried his fingers deeper and deeper inside of my hole.

“It feels amazing...R, I love it,” I panted as my body accepted his petting.

“I’m going to insert another finger. Let’s go with just three fingers this time. I don’t think you can take four,” Reiner informed me before slowly gliding in one more finger from his other hand into my hole. Oh gosh, it feels different to have three big fingers inside of me.

Unlike his other two fingers that were buried deep inside of me, Reiner used his third finger to curl upwards towards the top of my pussy walls where my G-Spot was. Once he found it, he started moving both his hands at once. He thrust his two thick fingers into me deep and hard while his other finger jerked upwards against my sensitive G-Spot. The double stimulation all happening at once inside my cunt is driving me insane with ecstasy. I already feel like cumming.

His hot fingers continued to fuck my hole as his other finger pleased my other sensitive spot. My pussy opening was being stretched and it felt so good. His fingers filled me up inside and were making loud wet noises. I must be flooding in between my legs, I could feel my wetness on both sides of my inner thighs. My juices have probably dirtied the car seat.

“R! ohh...Reiner! It’s so good. Harder please...harder!” I begged him to finger me even harder as I continued to scream. My hips were thrusting madly into the air against his hands. I wanted to feel my release. Reiner turned me on so much, his fingers taking me closer and closer to my climax. His fingers fucked me harder as I had requested. It’s so good, my insides are melting. I feel so hot inside and I was sweating quite a lot.

“Your juices are gushing out more and more. Are you cumming already?” Reiner whispered while kissing my lips to fuck my mouth with his tongue.

“Umm....hmmm...Yes,” I replied to him between our kisses.

I came again. This time more intense than the last. My vision blacked out for a bit as I rode his fingers harder during my climax. This feel so amazing. I hope I don’t get addicted to this.

Reiner slowly pulled his fingers out of my twitching pussy as I settled down from my orgasm. I was panting hard and trying desperately to catch my breath. I slumped back against his chest as he slowly and tenderly kissed my temple.

“Let’s get dressed and go home,” Reiner whispered softly.

“Not yet!” I protested immediately as I pushed his chest to keep him seated.
