

Forgive My Ex-husband Chapter 183

Wife? Jonas called her wife in front of Emily. Did he know what it meant?

Looking at Jonas with a complex expression in her eyes, Melinda didn't say anything. After listening to Jonas, Emily said bluntly, "Didn't you divorce?"

"Linda, the sun is shining outside. Let's go back,"

Jonas said as he looked at Melinda. His eyes was much warmer than they used to be.

At the same time, Melinda tightened his fingers on Melinda's shoulder. He was afraid that she would disappear.

He knew clearly that Melinda did not push him away as she did before in order to stimulate Emily. But even so, as long as he could get a little closer to her, he did not mind the reason.

"Okay." Melinda nodded, and she deliberately smiled at Emily. "Miss Bai, I'll go back with Jonas. Are you coming with us?" she asked.

They seemed to be still together, in this way, they ignored Emily's words of divorce.

"Oh, never mind. Miss Bai is very busy since she is a super star," Jonas echoed, but he knew better than anyone else that in the entertainment circle, Emily was much idler than any other assistant.

Jonas was behind this result.

"You are right. It is very kind of Miss Bai to come all the way over here to care about me."

The reason why Emily came here was to mock Melinda. The sudden appearance of Jonas disturbed her plan. And in this situation, both of them were mocking her together.

"Really? I really appreciate Miss Bai for caring about Linda," Jonas said indifferently, but he began to wonder why Emily was here all of a sudden. Did she come here to bully Linda? Or was she involved in this matter?

Jonas always thought things all over. If he seized one point, he would be able to analyze a lot of things. When applied to Emily, he would feel that there were a lot of details that he had neglected.

Looking at Emily's exasperated look, Melinda had a great pleasure of revenge, but soon she felt tired. She didn't like this kind of fighting.

"Jonas, I'm tired. Let's go back." Melinda completely leaned against Jonas, and the dependent look on her made Jonas happy.

His fingers that were holding Melinda even trembled a little.
