

Forgive My Ex-husband Chapter 231

"Yes, I have found him."

The room was filled with nothing but the sound of cellphone and keyboard. Suddenly, a voice of Ted came to their ears, which attracted everyone's attention.

"The monkey said that Jerry was taken to the police station."

"Fuck!"

"Fuck you."

Hearing the news, the group of people suddenly became furious. They were lucky enough to have investigated for half a day, but the result was that he was taken to the police station. If they wanted to fight against the police, they must think about it.

Hearing what they said, Ted realized that it wasn't good news. "Go on with the investigation. I'll contact Mr. Gu first."

"Go ahead! I want to have a drink to cool myself down!"

Since there was no clue on Jerry's side, they lost it again. Every time they encountered this kind of thing, they always felt very sad.

"Mr. Gu, Jerry has been taken away by the police."

Ted felt a little bit nervous because he was a little late for his news, but Jonas didn't blame him. Just now, when he heard that Jerry was involved, he guessed another person.

Emily!

A few days ago, Melinda said that Emily asked her out. Now, it could be said that there was a plot on that day.

"I got it. You just follow the police's clue and continue your investigation." Jonas ordered. He speed up in an instant. He hadn't driven fast for a long time. Fortunately, there were few cars on the road during this half of usual time, he arrived at Emily's residential area.

The evil spirit on his face was like the ferocious spirits of devils and ghosts who would kill people in the underground palace, very terrifying.

Many people couldn't understand the aura, but as long as you had experienced that kind of pressure, you would understand it. In many cases, even a glance could make people have nightmares and it is really true.

Jonny kept pressing Emily's doorbell and didn't open the door even if neighbors were annoyed.

"You are disturbing our people here at noon. Make the phone calls if you can't find him, and then leave his house. Just stop pressing the doorbell."

Everyone living in this area was rich, but they were the most arrogant. A neighbor had been chattering for a long time, but nobody gave any response to her.

She reached out her hand and wanted to continue scolding. But when she saw the expressionless face, her fingers suddenly trembled and she slammed the door.

She thought that she'd better stay away from a ferocious man who was not a good man at first glance.

Jonas called Emily several times with his mobile phone, but to no avail. Finally he directly drove to Emily's company.
