

Forgive My Ex-husband Chapter 254

Melinda shrank and felt a little cold. She opened her eyes in a daze and found herself sleeping on the sofa.

She was only holding a pillow with no quilt cover on her body. The sofa was so small that she felt uncomfortable to lie on it.

She could not help but think of Jonas. He must be very aggrieved lying on it.

She couldn't help but smile. When thinking about a person then she have a good mood, she had that kind of feeling only when she was with Jonas.

"Is he going to make a proposal today?"

Melinda murmured. It was inevitable for her to regret. She sat up straight and took the ginger tea on the tea table to the kitchen to clean it up. She was staring at the wall, hesitating.

'How is auntie Yao now, and Jonas?'

The mobile phone rang at this quiet night, which was very obvious. Melinda was a little excited to take out the phone. When she saw a strange number on the screen, she disappointed.

After hesitating for a while, she answered. "hello?"

"Hello, is that Miss Mo?"

The man on the other end of the phone was a bit of some rough voice of a man He asked with doubt, but was sure that the she was the one he was looking for.

Though skeptical, she answered politely, "I am. May I ask who you are?"

It sounded that the man was at the same age as her father. She guessed that the man was her father's friend. But what he was going to say next let her fall into shock.

"Oh, I forgot to introduce myself. My name is Elmer Lin, a director." He was modest and just told Melinda his profession.

People who worked in the entertainment circle knew what the name meant. Though Melinda worked in the circle of writing all the year round, she heard him a lot.

His teleplay was quite popular, and Melinda was expecting her novel become popular which can be turned into teleplay one day and cooperate with such a famous director.

This moment he call her was like a wonderful dream coming true, which made Melinda excited.

"Director Lin, I really like watching your TV series." Melinda was surprised, but she also thought that whether the man was a liar. She was alert about the man since there were those kinds of people nowadays.

But was her novel worth fooling?

She felt that her brain was not working well after her pregnancy.

"Really? I wonder if you'd like to cooperate with me?" Instead of being arrogant, he asked again in a calm tone.
