

Forgive My Ex-husband Chapter 272

The horror spread from inside to the whole body. Emily felt that her hands and feet were cold, and she could not help trembling.

She always knew that Jonas was not a soft hearted person, on the contrary, he was ruthless.

This time, Emily felt the cruelty of destruction from Jonas. Those men didn't want to tie her up, so they loosened the rope in her hand, and Emily climbed in front of Jonas.

"I know I was wrong. Please spare me, Jonas." Emily held his leg, but he avoided it easily and Emily lied on the ground in a very awkward position.

Looking down at her, Jonas seemed to be in a superior position. She was overwhelmed with fear.

Looking at Emily, the men around couldn't help laughing. How arrogant this woman was before, but now she was just like this.

"Emily, can you hear your own nonsense?" There was no expression on Jonas's face. The coldness, from inside out, not only Emily, but also Ted and others dared not to say anything.

Emily didn't keep her promise to Jonas, so when Jonas heard she said she was wrong, he even thought it was a waste of time.

"I really know I was wrong. I will never do that again. Jonas, please forgive me," cried Emily in tears. She felt sick at the thought that she was molested by those men.

In fact, Jonas didn't really want to do something bad to her. But if he didn't teach her a good lesson, she might not be able to repent.

"I can let you off today, but if you dare to harm Linda in the future again, the scene today will appear again. I'll take a video and expose it. Take care,"

Jonas said coldly. The warning words came out of his mouth just like normal greetings, but Emily's heart trembled again.

She fell to the ground in fear. Jonas and his men left her behind.

But Melinda knew nothing about this. She was still in the hospital to recuperate and try to adjust her mood.

Jonas didn't listen to her. A week later, the doctor checked up for Melinda and confirmed that she was all right. She just need to take a good rest at home after leaving the hospital.

After leaving the hospital, Melinda was still taken to the Gu's mansion. Nelson invited Vern to live in their house, in order to make Melinda feel better.
