

## Forgive My Ex-husband Chapter 289

Queena was a man of action. She arranged everything well for Melinda before she was still in shock, and took her straight to the hospital for examination.

Before this, Queena had used the pregnancy test stick to have a pregnancy test for Melinda, and it showed that she was indeed pregnant. Now she came to the hospital just to make sure. Queena didn't hide such a big thing, and said it to Jonas.

When Jonas got the news, who was in a meeting in the company, left all the people in the meeting room and rushed to the hospital. Melinda was so frightened that there were so many people in the hospital.

The doctor, who conducted the physical examination for Melinda, was also under a lot of pressure. However, the best test result came out soon. Melinda was pregnant indeed.

"I'm really pregnant?" Melinda said as she pointed to herself. She did not recover from the shock. Not long ago, she still immersed herself in the pain of losing a baby, and now, she had a baby.

She thought in her mind, 'Wow, it seems that I have got a really high chance of getting pregnant with Jonas.'

Jonas was so happy that he wanted to cuddle Melinda in the arms to spin. But when he thought of the baby in her womb, he resisted it. Finally, thinking of the series of pregnancy reactions, he frowned deeply.

"What's wrong with you? You look sad since Linda is pregnant. Do you want me to beat you?" When Queena saw that, her teeth were trembling. She wanted to punch him in the head, but it was not so easy to beat him while he was already grown up.

The joy was swept away from Melinda's face. Looking at Jonas, she was a little nervous, she wondered if he didn't like children.

"No, I'm very happy. It's just that Linda will suffer. I hope this child will be good and won't trouble her." Hearing this, Melinda breathed a sigh of relief. Then she felt very happy. It turned out that Jonas was only caring for her.

But he didn't know how happy it was for a woman to have a baby.

"I am not afraid," said Melinda. Jonas touched her head with smile in his eyes, only spoiling her. Nelson was very excited when he knew the news, but at the same time he expressed his dissatisfaction. Queena should have told him earlier.

Since Melinda was pregnant, Jonas wished to be with her all the time. He didn't want to pay attention to the company at all because he personally brought Melinda and Queena back home, and Nelson had been waiting for them.

He treated Melinda as a rare treasure as soon as he saw her. No doubt that Melinda enjoyed a very high position in the family.

"How old is the baby? How do you feel now? You should take good care of yourself this time, understand?"

Nelson asked several questions in succession. His last words inevitably made all the people silent. Nelson also realized that he had made a slip of the tongue. All the people looked at Melinda with worry. Only Melinda was smiling all the time.
