

## Forgive My Ex-husband Chapter 298

After saying that, Jonas took Melinda back to their small home. As for the question of looking back to the Gu's mansion, Melinda was smart enough not to mention it any more.

Alston completely angered Queena, thinking Jerry truly was the son of him, his selfish behavior was somewhat similar.

He could sacrifice others' safety for those benefits.

Melinda had thought it would be a breakthrough, but it turned out to be a dead end.

"Can David bring a lot of benefits to the company?"

With a touch of sadness in her eyes, she looked at Jonas. He stroked her head thoughtfully.

"He is worthy of The Master of Investment in A City."

Said Jonas. His ability to control the stock market was well-known. Many people followed him to buy their shares, which was like a wind symbol.

"I really don't know anything about it." Melinda said helplessly. She had known a little about the business before, but finally she gave up to do it.

As for her personality, it was suitable for her to plant flowers and drink tea at home, being responsible for her beauty.

"Don't worry about something in the future that you don't know how to solve, and there will be a natural solution." Said Jonas. The situation in the company was objective now, and David hadn't shown up, which made Jonas wonder what he was doing.

The undercurrent in the Gu's mansion hadn't spread to the company, but now David got the news that Jonas and Jerry were brothers with the same father but a different mother.

He was shocked at first, but then he asked his secretary to contact Jonas.

Usually, they found William first and then contacted Jonas later. When Jonas knew that David wanted to see him, he subconsciously felt that he was going to make a move.

"Arrange my schedule and meet him as soon as possible." After thinking for a long time, Jonas said. Since the other party had already launched an attack, there was no need for him to fear. He wanted to see what Jerry was going to do.

Jerry wanted David to help him gain a foothold in Soaring Group?

Ted began to get nervous. He even wanted to arrange someone to watch what David was doing, but was stopped by Jonas.

Seeing that, David was in a hurry. When William texted him back, and David had sent him the address.
