

## Forgive My Ex-husband Chapter 312

Queena rarely had a good face towards Jerry, although this face was very similar to his son's.

But his personality was always the opposite.

"Stacy, this is Dad's wife. And this is my sister." He not only greeted Queena in person, but also took Stacy with him. The more affectionate they were in front of Queena, the more displeased she was.

"Hi, Auntie Yao." Stacy greeted politely and then looked at Yulia. she still showed basic respect, "Yulia."

Yulia was flattered by Stacy's warm words. Yulia had assumed that a person like her would be arrogant and narrow-minded, but now Stacy was so nice to her.

The better Stacy behaved, the more Jerry felt honored.

He behaved so natural and elegant, and at this moment, Queena appeared to be petty.

Looking at Stacy, Queena wanted to speak but stopped on a second thought. He wanted to make this girl's eyes bright and not to be seduced by the bad man in front of her.

But at this time, it could be seen that they were in love. Such a person was the most irrational. It was just a waste of words to say to her.

"Miss Wang." Queena greeted her. Queena didn't deliberately get close to her because of her identity.

If she did, she would tell everyone that Soaring Group was not a patch on the Wang clan.

Recently, many people were sick of the recent actions of Alston. They thought that Soaring Group was dying and he had to depend on the Wang clan.

But Alston didn't care about it.

Everyone was embarrassed in front of each other. In the end, they didn't waste time in that fake communication. Queena left with Yulia.

Because of the appearance of Jerry, their original plan had been destroyed.

Queena faced Yulia, but it was obvious that she was not so enthusiastic.

In the past, she might meet some people with Yulia, but now she was not in the mood. Queena found a quiet place and sat down.

She didn't say anything. Yulia of course, followed her.

"Auntie Yao, do you need that I to bring something for you?" They can take everything they want on the table. In order to wear a nice dress, Yulia didn't eat anything today.
