

## Forgive My Ex-husband Chapter 314

The last thing that David did interrupted Jerry's plan. Jerry had been waiting at the hotel for a whole day, and finally David came.

And there was a disdainful sneer in David's voice.

He did it secretly. If it was found out by someone, it could only be Jonas. Jerry would secretly write down Jonas's trouble in his mind.

He must teach Jonas a lesson and let him know he was not a man to be trifled with.

After thinking for a while, Jerry found that it was not appropriate to do something with his own situation, so he found Emily who hadn't appeared for a long time.

Emily had been hiding herself these days, so he couldn't see her. Fans on Weibo who usually commented her in the beginning now were completely silent.

It could be said that she had been extremely popular for the time being. At this moment, she had been gradually forgotten by people. When people mentioned her again, all they remembered were only those dirty news.

"What brings you here today?"

When Emily saw the caller ID on the screen was Jerry, she was a little shocked. Since the last contact, the two of them seemed to have no cooperation.

She only came to meet Melinda for once but ended up with defeat. In the end, she was warned by Queena.

What scared Emily most was what Jonas did. He really wanted her to die. She still remembered the feeling of being drowned.

She was one step away from death.

"Do you remember our cooperation?" Jerry said insidiously. Thinking of what happened to Emily last time, he guessed that it was probably because of what happened last time, so she did not act until now.

What a coward woman.

"What's your plan?"

Hearing this, Emily's eyes brightened and became excited. Although she was afraid of Jonas, the hatred in her heart was deeper.

It was said that people who had experienced death would not be afraid of death. At this time, Emily probably was in this status. After a while, she was less and less afraid of death.

No one knew what would happen the next second. All she wanted to do was to do something crazy.

"No." Jerry just wanted to deal with Jonas, but he didn't do the specific plan. He believed that Emily was good at it.
