

Forgive My Ex-husband Chapter 319

He wanted her to know that she didn't have to admire other people's love, and that everything was the best arrangement.

And he would try his best to give her the best.

But since Jonas was so old, the understanding of romance was almost a waste of time to him.

It was not easy for him to come up with some brilliant ideas. Therefore, what Jonas was thinking tonight was exactly what he could do to make Melinda happy now.

It didn't stop until the next morning.

Jonas got up early as usual, and Melinda also woke up when he returned from the morning run. She always woke up in a daze in the morning, looking very cute. Noticing this, Jonas felt excited, but finally he restrained himself.

"What are you going to do today?" Since Jonas couldn't be at home, and he wanted to know what Melinda was doing every day, he asked this in the morning before going to work.

"Well..." After keeping silent for a while, Melinda found that she seemed to have nothing to do. Since she was pregnant, she was more and more likely to be a pig.

Jonas and Melinda looked at each other and laughed out, as they realized that she was telling the truth.

As soon as Jonas arrived at the company, he asked Ted to go straight into his office. His face was very serious, making Ted think that something serious was going to happen, so he stopped what he was doing.

"Ted, what can I do to make my marriage more fun?" When Jonas asked seriously, Ted almost slipped and fell down.

Then he calmed himself down. He tried to find out Jonas's expression, and guessed why he asked in this way. His pretentious attitude caused a sharp look from Jonas.

"Boss, don't look at me like this. I didn't expect that the shrewd and competent CEO would be overwhelmed by his life,"

Ted said innocently. Jonas was a little embarrassed, but he still stared at Ted carefully, hoping that he could be cautious.

It was such a hard thing to make the marriage fun for Jonas. In his memory, he was a man who couldn't tell love.

"In fact, the pleasure of marriage is very simple, and any of your sweet words or any action will make people feel happy,"

Ted said as if he had experienced it. His tone made Jonas want to beat him, but he had to admit that he was indeed not gifted in this respect.
