

Forgive My Ex-husband Chapter 341

Alston didn't say anything for a long time. They just sat quietly in the study, like statues without souls.

Most of the appearance of Jonas was similar to Alston's. They had the same angular side face, but the aura between the two was completely different.

Alston was a domineering man. Peoples had a feeling that those who obeyed him and went against him would die. However, Jonas was cold and unapproachable.

After a long time, Alston said after careful consideration, "this matter may be just an accident. I will talk to Jerry."

Hearing this, Jonas's face darkened and his attitude became tough. "Don't you know what kind of person Jerry is? If the police hadn't found out the truth, you wouldn't have lost the son of a mistress, but the three of your families! "

Alston's face darkened as well, because what Jonas said was true. They all knew what happened to Melinda this time.

"For the safety of my child and your first grandson, I hope you can have a decision in your mind."

It was a bit rebellious to say such words to one's father, but it seemed to be very common to say so to Jonas.

Alston also felt sorry for the three of them. After hesitating for a long time, he nodded and said, "I'll arrange it as soon as possible."

Alston made a compromise. After getting a satisfactory answer, he left the study of Alston

Alston agreed, he asked his secretary to show the house to Jerry outside. The Gu's mansion was large, but there were also many villas nearby.

The secretary was efficient and rented a villa nearby.

After everything was ready, how he talk to Jerry? Alston began to be in trouble again.

The way he got along with Jerry was somewhat different from the way he got along with Jonas. He felt a little guilty for Jerry, but most of the time, the way he got along with Jerry was like treating his subordinate.

And Jerry knew clearly that in his heart, he was just like a tool for making money, and now this tool seemed to be of no value.

"Jerry, it's really your fault this time." Alston said after careful consideration. Jerry had always been like that, without any change.

"I'm innocent this time." Said Jerry. He didn't want to admit it at all. Even if it was true, he would make everyone feel that he was wronged.

I also know that you two don't get along well. Now your sister-in-law is pregnant. This is a so much. He was not good at saying sweet words, so he didn't think too much about what to large extent, this was also the reason why Alston did not have much achievement in the darkened. He knew that he had been too careless this time. He had lost in the was perfect, but to pack up my things now." The unwillingness in Jerry's eyes was concealed by him, but of the villa. It was rare for Melinda to show her dislike for him at home, but when he air in the Gu's mansion was much fresher.
