

Forgive My Ex-husband Chapter 342

"Are you satisfied now?" Jerry looked at Alston with mockery. There was no warmth in his eyes. This was his father!

He abandoned him and her mother when he was a child, and now he just to make use of him. Now, in order to protect her legitimate son, he slowly took away everything.

"What nonsense are you talking about?" Alston frowned and looked at Jerry. Jerry's expression remained the same, and his eyes were full of unwillingness and dissatisfaction.

"Are you satisfied with what you have done to me?" Said Jerry. Hearing this, Alston knew that he had misunderstood. What happened this time had nothing to do with Jonas.

"This time it has nothing to do with your brother. It's Mr. Wang came home and I couldn't find a way but tell him your address." Alston explained, but Jerry didn't believe it. He only believed that Jonas must be behind all this.

"Stacy and I have been having a good time these days. David didn't come to bother us. Why did he come to us today? It must be that Jonas have said something else."

Jerry insisted. No matter what the truth was, Jonas had to take the blame. Seeing this, Alston didn't know what to say. In the end, there was only silence between the two of them.

The fight between the two brothers was unclear now. At this time, Alston began to doubt if he had done something wrong.

Jonas didn't get involved in this matter, He knew that after David called him and told him about it.

After telling this to Melinda, she was also surprised. Finally, she said, "Mr. Wang, who can see people clearly."

She knew what kind of person Jerry was, so it was the best way to protect Stacy in this way, even if it was not accepted by her.

"Well, are you going for a walk tonight?" Jonas agreed with her. At the beginning, he was also worried that David was not a rational person, but after getting along with him, he found that David really was.

It was undoubtedly the happiest thing to get along with such a person.

"Well, the doctor asked me to do more exercise." Said Melinda, touching her belly. Now it was getting bigger and bigger. Touching her round belly, the smile at the corners of her mouth became bigger.

He couldn't help but put his hand on her belly. The happiness was exactly the same.

"I'll go with you later." Jonas said. Hearing this, Melinda hesitated. He had been busy with the company's affairs since he was detained by the police.

But maybe he was frightened by her illness this time, so he always spared a lot of time to accompany her.

With a hesitant look on her face, she looked at him and said tentatively, "Jon, I can do it myself. Don't worry."
