

Forgive My Ex-husband Chapter 347

In the villa next to the Gu's mansion, when Jerry returned home, he only felt a burst of coldness. There were still Stacy's warm words at home before, but now there was nothing.

If it weren't for Jonas, he would have been the winner.

On the other hand, Jerry would never admit that he was the loser. He only felt that the time hadn't come. He would definitely win the game and take back everything that belonged to him.

But now, he failed again. In a rage, Jerry smashed almost everything in the living room and finally leaned against the sofa.

Closing his eyes, his mind was full of what Queena had just said. She insulted his mother and disdained him. One day, he would trample these people under his feet and let them realize their mistakes today.

He had been quiet in the villa for a long time, but he still didn't know what to do. Sadly, Jerry found that the woman who could say a few words to beside him was Stacy.

And she was the only one who could help him. At this time, he was grateful to Alston for giving him the handsome face to do something.

Jerry couldn't help but remember that Stacy once mentioned her best friend, Jessica Shen, who was a famous female singer in the entertainment circle.

He sat on the sofa, with an apple book in his hand, and began to search for information about Jessica. He came up with an idea.

Jerry contacted Stacy first. The two met outside. Due to the previous lessons, the two of them were very careful when they met now.

Stacy often went to a beauty salon, where there was a place for rest. At this time, the two of them met in the room. There was a bottle of red wine on the small table, and the goblets were filled with the red wine.

The light in the room was dim, creating a romantic atmosphere. Jerry and Stacy were sitting face to face, and finally Stacy was sitting on Jerry.

With his arms around her waist, Jerry couldn't help but want to take action.

But he held it back in the end. Stacy had the child of the two of them, which was his biggest bargaining chip at the moment.

"Stacy, you are the only one who can help me now." Jerry buried his head on Stacy's shoulder and said in a sad tone, which made her heart ache.

Jerry told everything that happened to him today to her. After hearing this, Stacy was very angry. She didn't expect that Jerry would suffer so much in the Gu's mansion.

"Don't worry. I will help you." Stacy put her hand on Jerry's hair and said gently. Stacy was so immersed in this love that she couldn't tell right from wrong.

She felt that what Jerry had done was right.

But how could she help Jerry? Stacy was confused. At this time, she realized that everything she had was given by her father.
