

## Forgive My Ex-husband Chapter 370

After sitting at home for the whole afternoon, Melinda became more and more uneasy. The relaxation of these days all disappeared. At noon, Queena was very worried about her poor appetite.

However, Melinda didn't want to make people worry about her. Queena was worried about her and wanted to take her to have an examination.

A smart servant at home had called Jonas and told him about Melinda's situation. When Melinda was hesitating whether she should tell Queena about it, Jonas returned home with an anxious face.

When Melinda saw Jonas, she felt as if she had seen her savior. Seeing her like this, Queena felt helpless. With a serious face, Jonas walked to Melinda's side and held her hand habitually.

"What's wrong? Auntie said you didn't eat much today," asked Jonas worriedly. The table hadn't been cleaned yet. He looked up and happened to see the barely eaten lunch.

He frowned more tightly.

Melinda pulled Jonas's sleeve and said, "I have something to tell you."

Melinda's heavy heart was exposed in front of Jonas. He was thinking about what had bothered her at home recently.

But Queena and the others didn't seem to be family affairs.

"Mom, I'll take Linda upstairs to have a rest," said Jonas, holding Melinda's hand and walking upstairs. Melinda's body was getting heavier and heavier. It was difficult to walk, so she had to support the stairs.

Jonas wanted to hold or carry Melinda upstairs, but after looking at her body, he finally walked behind her to protect her.

"What's wrong?" As soon as they arrived at the bedroom, Jonas couldn't wait to ask. There was no hiding the sadness on Melinda's face at this time. She briefly told him about the call from the director today.

"I want to go to the company and personally participate in the selection of the roles," said Melinda. She felt guilty when she thought of the fact that she had neglected it for so long.

Her attitude was irresponsible to her fans.

In fact, what the fans feared the most was that the novel would be made into TV plays. There were a thousand hamlets in the eyes of a thousand people, and the fans also had different ideas about the main character.

If she didn't choose the protagonists carefully, it would ruin the images in the book in the heart of the fans.
