

## Forgive My Ex-husband Chapter 385

Yulia and her boyfriend left the Gu's mansion soon. The servant looked around but didn't see Melinda. She began to worry about her.

Melinda was not the kind of person who didn't tell others before she did anything. At this time, what she worried most was whether something had happened to Melinda.

Thinking of this, she broke out in a cold sweat. Her hands and feet were trembling. She dialed the number to Jonas.

Since the servant was taking care of Melinda, Jonas gave her a private phone number. Even if he was in a meeting at this time, he could receive her call.

Jonas had been restless today, thinking that something would happen. At this time, he received a call from the servant, and his heart sank.

"Young Master, Young Mistress is missing." The servant's voice was almost desperate. She had already thought of how miserable she would end up. A living person disappeared in front of her.

The key point was that they were still in the Gu's mansion. She was really upset that something happened to Melinda even in the Gu's mansion.

Hearing this, Jonas felt dizzy. Then he came to his senses and asked the servant to wait for him at home. He would go home immediately.

Seeing this, Ted knew something was wrong. The two of them put aside their work and went back to the Gu's mansion, and left the meeting to William.

When Jonas returned to the Gu's mansion, he had already asked the servant what had happened during this period of time. When he saw the mess in the study, he knew that something had happened to Melinda.

Besides, it was highly possible that Yulia did it.

"No one." Ted knew well about Jonas. After knowing what had happened, he quickly went to the bedroom of Yulia, only to find that there was no one there.

Perhaps, this matter was done by Yulia.

"You go and investigate,"

said Jonas. Then he took the bug to Ted and asked him to investigate. This was the only clue that could find some information now.

At the thought of Melinda and the baby in her belly, Jonas clenched his fists. It seemed that Yulia was tired of living. If she didn't want to live a good life, then don't blame him for being ruthless.

Jonas would never let go of anyone who hurt Melinda.
