

Fortune 121

Fortune Chapter 121

Ye Han laughed and said; “Who told you that I only have one piece of natural jade? What’s the point of keeping that piece of broken toad, whoever wants to pay for it, just let him take it, I have a better one for you.”

“What, there is still a piece of natural jadeite!” When Zhou Yun’er heard that, she immediately exclaimed, could it be that Ye Han had a better jadeite than that piece of toad containing pearl?

“Of course.” Ye Han said; “Last time in Tengchong, there were two pieces of natural jadeite, I only unlocked one of them, and the other piece had been mixed with the original stone you purchased and shipped back to Shanghai City.

Hearing these words, Zhou Yun’er’s heart beat violently, that piece of toad-containing pearl was already considered priceless, Ye Han’s hand had even better than it, if these two pieces of jade were known, I was afraid that Zhou’s jewellery would attract the attention of jewellers from all over the country and abroad.

Ye Han continued; “I have already decided, the natural jadeite that has not been unraveled is given to you to use as the treasure of the shop, and the natural jadeite that has been unraveled is chosen to be put up for auction on a good day, so that not only can you make a big profit, but you can also increase the fame of Zhou’s jewellery, why not.”

“Honey, you are too good to me!” Hearing Ye Han’s words, Zhou Yun’er was directly touched to the core, tightly hugging Ye Han’s waist, that was a priceless natural jadeite, Ye Han gave it to her just like that, what other love words could be more touching than this?

But after thinking carefully for a while, Zhou Yun’er suddenly felt that something was not right, how could Ye Han know that there was another piece of raw stone with natural jade inside? Thinking of this, she sat up abruptly, her beautiful eyes staring straight at Ye Han.

“What’s wrong?” Ye Han’s heart tingled at her stare.

“Tell me honestly, how did you know there was another natural jadeite? Could it be that you have the ability to foretell things?” Zhou Yun’er’s gaze was locked on Ye Han, this guy was really giving her a more and more mysterious feeling, making her want to unlock Ye Han’s head to see what secrets were all inside there.

When he heard this, Ye Han sighed in his heart, he knew that with Zhou Yun’er’s intelligence he would definitely find out what was wrong with it, but Ye Han was not prepared to hide it from her, the two of them had now established their relationship, and it was time to be honest.

Immediately, Ye Han looked at Zhou Yun’er and said solemnly; “Yun’er, do you believe that there are supernatural powers in this world?”

“Abnormal energy!” Zhou Yun’er was incomparably shocked, she felt that Ye Han’s words were a bit like a science fiction novel, did anyone in this world really know supernormal capabilities?

Ye Han nodded and said; "I have a supernatural ability that can see through the internal structure of matter, and it is because I have this ability that I am unbeatable at gambling on stones."

Of course, Ye Han did not explain the efficacy of this ability, otherwise if Zhou Yun'er knew that his eyes could see through women, it was possible that she would have stirred up a big jealous storm.

"Honey, you're not lying to me, right, you really have supernatural powers?" Zhou Yun'er looked at Ye Han with some doubt, not that she didn't believe Ye Han, but this was a bit too unbelievable, in this new century with advanced science, who would still believe in such things as supernormal capabilities.

Ye Han nodded and said; "Otherwise you think your husband is really lucky as hell, but don't mention this to a third person, I haven't even told my sister, you are still the first to know."

Hearing Ye Han's words, Zhou Yun'er's heart was sweet, she was the first to know Ye Han's secret, proving that she had a heavy place in Ye Han's heart, after the confession, Zhou Yun'er was also sleepy, that fight between the two just now had exhausted her, then she slept in Ye Han's arms with a happy face.

The next day at seven o'clock in the morning, Ye Han was awakened by a phone ringing, Ye Han picked up the phone and saw that it was Tang Da Shao who was calling, Ye Han picked up the phone and scolded; "You're a chicken, you're up so early, it's only seven o'clock, don't let people sleep properly."

"If I hadn't called and asked that guy Kunsang, I wouldn't have known you were back, where are you now? I'm going to look for you later, you don't know, without you in Shanghai City, I'm suffocating to death." Inside the phone, came the resentful voice of Tang Da Shao.

Hearing this, Ye Han's heart was filled with a bad chill, what do you mean without him in Shanghai City, this guy was suffocating to death, he was not gay.

"Honey, who is it? It's so early, how can anyone sleep?" Zhou Yun'er was dreaming in Ye Han's arms at this time.

On the other side of the phone, Tang Da Shao was also sleeping with a woman in his arms, when he heard this, he gave the woman in his arms a fierce squeeze and then he laughed; "Han Zi, good for you kid, you got things done without a word after you came back, how did you feel last night?"

"Fuck off, what do you want from me so early in the morning?"

On the other side of the phone, Tang Da Shao scolded; "Shit, you're a heartless kid, I can't look for you if there's nothing to do, call Old Lin later, let's get together, by the way, tell me about your heroic deeds in Teng Chong, okay, it's a deal, I'll come to you with Old Lin later, hanging up."

Ye Han put down the phone, by this time Zhou Yun'er was already half awake, her head resting on his chest, like a clingy kitten, lying in his arms with a happy face, having just transformed from a girl to a woman, that languid look gave her a thrilling beauty.

"You guy, a bull, huh?" Sensing that Ye Han was being unfaithful again, Zhou Yun'er immediately gave him a dig.

“Hey, hey, you really guessed right, your husband I am a bull. Ye Han grinned, upon hearing this, Zhou Yun’er immediately blushed, just now she half-heartedly agreed to this bastard changing several positions, now thinking about it her face was on fire.

“Get off, get up quickly if you don’t want to be lectured by my grandfather when he comes back later.”

Hearing these words, Ye Han’s neck shrank and he immediately got out of bed and dressed ashenly, if Master Zhou came back later and saw that he had slept with his granddaughter last night, he might explode into something.

Ye Han put on his clothes and then went downstairs to the living room, then called Ye Qing on the phone, just telling her that he was with Young Tang and would be back later, but only halfway through his sentence did Ye Han say this, the seductive laughter of Fire Phoenix rang out on the other side of the phone, hearing this Ye Han felt a pang of weakness and hurriedly hung up the phone.

Fortune Chapter 122

Half an hour later, just as Ye Han was bored staying inside the living room watching TV, the villa’s door was opened, then Zhou Mingshan walked in with his hands behind his back, seeing this, Ye Han secretly said that it was good that he had gotten up earlier, if he was one step later, he would have been caught by Elder Zhou.

“Huh, Ye Han, you kid came over, why didn’t you tell me before you came?” When Zhou Mingshan saw Ye Han sitting on the sofa, he walked over and sat down with a happy face, the more he saw of Ye Han, the better he looked at him.

Upon hearing this, Ye Han said without a blush on his face; “Grandpa Zhou, I just arrived a while ago as well.”

“Haha, you’re not bad, I know all about what happened in Tengchong, there’s no one in the jewellery world who doesn’t know about you, Ye Han, very good, it seems I haven’t misjudged you, you’ve passed the test I gave you, pick an auspicious day some day and I’ll officially accept you as my disciple, what do you think?” Zhou Mingshan looked at Ye Han and said with a smile.

Ye Han said; “I can’t be happy enough to be able to worship your old man as my master, everything is up to Grandpa Zhou’s discretion.”

“Hmm, good, let’s make it the eighth day of this month then, there is still a week left in time, enough time to prepare.” He had been thinking about taking Ye Han as his apprentice for some time, Ye Han was extremely talented in gambling stones, if he learned his unique carving method, his future achievements would definitely surpass his.

“Grandpa, what are you talking about? What about the eighth day of this month, could it be that something good is happening on the eighth day of this month?” At that moment, Zhou Yun’er came down from upstairs, she had dressed up so well that no one could tell that she had changed in any way.

Zhou Mingshan glared at Zhou Yun’er; “Yun’er, why are you getting up now, you girl? Xiao Han has been here for so long and you haven’t even come out to greet her.”

At this, Zhou Yun'er let out a bitter laugh, what do you mean she didn't greet this guy? She had been greeting him all night last night, and this morning she had been tossed around again by this guy, and her body was still weak.

Ye Han smiled sarcastically and said, "Grandpa Zhou, I'm fine, Yun'er is probably too tired from work."

Ye Han deliberately bit the word "work" a little bit heavier, in the corner where Zhou Mingshan could not see, this guy also ambiguously glanced at Zhou Yun'er, the meaning of the words both understand, Zhou Yun'er white glance at this guy, then came to sit down on the sofa and asked; "Grandpa, what were you guys talking about just now? I'm not sure what you were talking about. Let me give you a reference too."

Zhou Mingshan smiled; "I was discussing with Little Han about paying respects to the master, the time has already been decided, it's set for the eighth day of this month, grandpa will invite some friends over then, the hotel arrangements will be left to you."

"Really." Zhou Yun'er then gave Ye Han a look; "Cheap for you guy, worshipping my grandfather as your teacher now it's hard for you not to become famous, but I do have a better proposal."

"Oh, a better proposal, Yun'er, tell me about it." Zhou Mingshan laughed.

Zhou Yun'er said; "Anyway, this guy has two pieces of natural jadeite in his hands, one of them is for us to use as a shop treasure, and the other one is for auction, but only if you carve out these two pieces of natural jadeite, so that we can auction them, and also so that people can come to see our own shop treasure, of course, these two pieces of natural jadeite must be marked with his name. Two pieces of natural jadeite, used to create a buzz for this guy think it will work very well."

"Two pieces of natural jadeite?" Zhou Mingshan looked at Ye Han in confusion.

Seeing this, Ye Han hurriedly said; "Yes, Grandpa Zhou, I have another natural jadeite in my hand, better than the previous one, I will take you to meet it when I have time."

When Zhou Mingshan heard this, he sighed and said; "Your luck is really good, I've been playing gambling for most of my life, but I've never found a natural jadeite before, but you've got two pieces in one go."

"But Xiao Han, the other piece of natural jadeite is given to Yun'er you kid don't feel bad? That's a heavenly jadeite." Zhou Mingshan looked at Ye Han with an odd face, he felt that this guy was being a little too generous.

Ye Han smiled cheekily and said; "Grandpa Zhou, this is not a gift for nothing, that is my bride price in advance, from now on, Yun'er will be my person, hehehe!"

When Zhou Yun'er heard this, her face immediately blushed, but her heart was very sweet.

On hearing this, Zhou Mingshan immediately laughed and scolded; "I knew you didn't have any good intentions, but I don't care about your matters, as long as you treat Yun'er well in the future."

After the matter of worshipping the master and the two pieces of jade were discussed, Ye Han left, originally Ye Han wanted to take Zhou Yun'er out for a stroll, but considering that she was a woman for the first time, Ye Han did not ask for it, there was plenty of time for that later anyway.

Not long after Ye Han left Zhou Yun'er's villa, a phone call came from Mr Tang; "Hanzi, where are you now? Hurry up and come to the Splendid Hotel, Old Lin and I are waiting for you here."

"Where are you two doing?" Ye Han asked.

Tang Da Shao said; "Son of a bitch, didn't I see that you were tired all night last night, this doesn't let Old Lin invite you to come to his place to take a bath and move your muscles, hehehe!"

"Shit!" Ye Han cursed with a laugh and hung up the phone and drove his car in the direction of the Splendid Hotel.

In a short while, Ye Han arrived at the Splendid Hotel, after parking the car, immediately a pretty waitress came over and said with a smile; "Young Ye, you're here, Young Lin and Young Tang are already waiting for you on the fourth floor, please follow me."

"Um, okay, thanks." Led by that waitress, the two of them took the lift straight to the fourth floor, this floor was a leisure club, sauna massage and other services were available, when Ye Han changed his clothes and came out wearing a bathrobe, the waitress who brought him up just now also changed her clothes and smiled at him; "Young Ye, I will be serving you next, please follow me. "

"Service." The two words, Ye Han's heart was infinitely crooked, this waitress is quite pretty, but really want to serve him, he should think about it, although it is said that the family flower is not as fragrant as the wild flower, but his family can have more than one flower, not long, Ye Han followed the waitress to the bath, this bath is Lin Bo Mo exclusive, at this moment, Tang Da Shao and Lin Bo Mo two people have been lying in there very comfortable in enjoying a massage from a beautiful woman.

When he saw Ye Han coming, Tang Da Shao immediately grumbled; "I've been waiting for you for half a day, but you've only arrived now, you can't be too exhausted from last night, can you?"

Ye Han laughed; "I think you're the one who's too weak, how long did it last last last night?"

Fortune Chapter 123

Hearing this, Tang Da Shao's face flushed, last night that was indeed quite a lot of times, but the timing was not ideal each time.

Lin Baimo laughed; "Okay, you two should stop damaging each other, Hanzi, come down, I found you the best massage therapist we have here, relax properly."

"Sure, I'll give it a good try then." Saying that, Ye Han untied his bathrobe, only wearing a pair of four corner shorts inside, revealing a lean muscle, full of power beauty, but at this moment, no matter whether it was Tang Da Shao or Lin Bo Mo, even those three female masseurs were staring at his crotch with red faces, the bulging place, the scale was really not small.

"Shit, such a big pile, it should be several pounds, you're a bad boy! You didn't make Yun'er suffer much last night, did you?" Tang Da Shao gave Ye Han a very jealous look, even Lin Bo Mo did the same, with a face of envy, the dominant man among men, I'm afraid that's what I'm talking about.

"Get lost, you guy are talking nonsense believe it or not I will make you unable to straighten up in the future." Ye Han immediately sat down on the edge of the bath and stared at Tang Da Shao viciously,

looking at this bastard directly shut up, no way, this guy next to him is a divine doctor ah, who dares to mess with him!

The last time you asked me to show you the shop has been good, just over there where you live there happens to be a medical center that can no longer be opened and wants to be transferred, and the price is also very cheap, all the facilities inside are very complete, if you take it down you can just open for business.”

Hearing Lin Baimo’s words, Ye Han smiled; “Good, then this is the place, Brother Lin, one day when you are free, you can take me over to see it, if possible I want to open it in the near future, it just so happens that there are some patients in Shanhai City who have not been treated yet.”

The big young man Tang immediately said; “Hanzi, the opening of the medical school at any rate must have a grand opening ceremony, lively, otherwise you titled the great doctor Ye opened a medical school except for those who know, other ordinary people do not know, if you are too much trouble, this matter is under my brother, I will go to do it for you.”

Lin Baimo nodded and said; “Hai Bin is right, we should indeed have an opening ceremony, for good luck.”

“Alright then, but the opening will have to be put after the eighth day of the first month, on the eighth day Master Zhou officially accepts me as his disciple, you must come then.” Ye Han laughed.

“Shit, how come everything good falls on your kid’s head, Master Zhou is out, that day on the eighth day must be very lively, Old Lin, we two can’t miss it.” Tang Da Shao said.

Lin Baimo laughed; “Don’t worry, even if Hanzi doesn’t say anything, Master Zhou will inform my old man, I will be there then.”

After the business was discussed, the three of them washed up and went to a room where they lay on the bed and enjoyed the massage techniques of the beautiful masseuse, not to mention that a massage by a beautiful woman was different. The only thing that made Ye Han and Lin Baimo shudder was the massage.

The only thing that made Ye Han’s balls hurt was that the beautiful masseuse always touched his thing when she massaged him, which made him feel very confused, but he couldn’t do anything, so he had to hold it in.

After the massage, the three of them went to have a meal together, it has been a while since we got together, the three of them ate until 9:00 pm, how much wine Ye Han did not remember, Tang Da Shao the bastard drank to the end of the table to sleep, and then Lin Baimo gave him a room in the hotel, the two of them went home.

On the way home, Ye Han dialed Zhou Yun’er’s phone number.

“You bad egg, calling me only now, do you want to eat and wipe your mouth clean after you’ve taken her?” On the other side of the phone, Zhou Yun’er picked up and started to criticize Ye Han, this guy had not given her a single message since he left in the morning, didn’t he know that a woman who had just lost her first time was prone to thinking at this time?

Ye Han was apologetic and said; “Yun’er, you’re a priceless treasure in my heart, I was just with Brother Lin and the others.

After saying this, Ye Han had a little weakness in his heart

“Hmph, I think you only remembered me when you wanted to do that bad thing at night.” Zhou Yun’er said with a red face.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

After hanging up the phone, Ye Han’s car had already driven to the Hai Sha Villa area, but on the way to the villa, under the headlights Ye Han found a woman holding the wall with one hand and covering her stomach with a painful expression, Ye Han took a closer look, who was this girl if not Yan Ling Jiao, who he hadn’t seen for a long time, but at this moment Yan Ling Jiao seemed to be in trouble. But now Yan Lingjiao seemed to be in trouble.

Ye Han stopped the car, got out and walked over to her and asked, “Hey, beautiful Yan, what’s wrong with you?”

“Don’t worry about it, go away.” Ye Han didn’t want to bother with her, but he noticed that a cold sweat was pouring out of this girl’s forehead, so he was afraid that something might happen if he didn’t care.

Ye Han shook his head and directly walked over and picked her up, saying; “Although menstrual pain is not a big deal, but it will affect fertility if not handled properly, brother will be a good guy and send you back, and help you look at it by the way.”

Being held in Ye Han’s arms, Yan Lingjiao’s face grew colder and colder, but the pain in her small abdomen was so severe that she had no way to stop Ye Han, so she could only still let him carry her back to the car and drive in the direction of the villa. After driving the car into the courtyard, Ye Han carried Yan Lingjiao towards her villa. Although this girl looked quite tall, she was not heavy, and Ye Han carried her to the top of the sofa in the living room in a few steps.

At this moment, Yan Lingjiao could not hold back any longer, her face was white and she was gritting her teeth to keep herself from making a sound of pain.

Ye Han squatted down in front of her body and said; “Alright, don’t force yourself to hold it back, scream out if you want to, it will be more comfortable.”

When Ye Han said this, Yan Lingjiao’s mouth immediately let out a cry of pain, her palms gripping the edge of the sofa, this look was not at all like the usual high-cold police girl’s appearance. Ye Han continued; “You must have gotten cold in the past few days, which caused you to have menstrual cramps, if I guessed correctly, you should have been to some cool place, like a morgue or something.”

Fortune Chapter 124

Hearing these words, Yan Lingjiao’s eyes lit up as her face turned white, Ye Han was not wrong at all in what he said.

“Alright, now you have two choices, the first one is for me to help you relieve the pain, the second one is to endure it yourself and get through it.” Ye Han looked at Yan Lingjiao, this girl was covering her belly to death and wouldn’t let go, so he couldn’t do it.

At that, Yan Lingjiao's eyes struggled for a while, the huge pain coming from her belly made her body spasm, compared to that she would rather Ye Han help her to cure her than continue to suffer from this pain, so she let go of the hand covering her belly and coldly said; "You do it, but I advise you not to do anything, otherwise, you know the consequences. "

Ye Han rolled his eyes speechlessly and said; "I say, big beautiful Yan, brother is now you helping you and threatening me, do you have a gun on you now?"

After saying that, Ye Han ran his body's spiritual qi into the palm of his hand, and then pressed it against Yan Lingjiao's small abdomen, Yan Lingjiao was suffering from menstrual pain because of the cold, he just needed to use his spiritual qi to force that cold qi out of her body.

However, when he pressed his palm on Yan Lingjiao's belly, the snow-white skin seemed like it could be broken by snapping his fingers, which made Ye Han's heart give a secret praise, although this woman was a dry police officer, she had maintained her belly well, and her belly was very flat and smooth.

The pain was slowly diminishing. After he felt that Yan Lingjiao was feeling better, Ye Han did not stop, although he could have stopped, but he was so kind to help this girl that she threatened him.

Therefore, Ye Han continued to treat Yan Lingjiao's body with his eyes closed as he watched his nose and nose.

Yan Lingjiao looked at Ye Han's eyes closed as he was healing herself, she didn't mind, but gradually, this bastard's hands were getting higher and higher, and if Ye Han took one step forward, her virgin peak would immediately be lost.

"Have you touched enough?" Yan Lingjiao's voice was even colder than just now, she looked at Ye Han's salty hand, the coldness on her face was getting stronger and stronger, but her cheeks were also getting redder and redder.

"Uh, I say, big beauty Yan, can you not disturb my treatment, now I'm a doctor and you're a patient." Ye Han said very calmly, saying this without his face turning red or his heart jumping, even Ye Han himself admired his shamelessness a little.

"Bastard, do you need to touch my breasts to cure a disease?" At this time, Ye Han's hand couldn't hold back and actually touched the top of Yan Ling Jiao's waist at once, and even used his hand to shake it, looking at her breasts being violated by Ye Han, Yan Ling Jiao's eyes were on the verge of killing.

"Uh, this, a mistake, a momentary mistake" Ye Han's heart sweated, an inattention unexpectedly touched inside.

The first thing you need to do is to take advantage of the situation.

"Let go, if you don't let go I'll chop off your dog paws." Yan Lingjiao had a cold face and a murderous aura in her eyes.

Upon hearing this, Ye Han, who was using his Yin Yang Dharma Eye to watch, casually said; "Big Beauty Yan, what's the hurry, don't interrupt my treatment, I'm not done here"

Yan Lingjiao sneered; "Treatment? Is there a doctor who would leave a nosebleed when treating a patient?"

Hearing this, Ye Han was shocked and hurriedly used his hand to wipe it off, day oh! Looking at the blood on his hand, Ye Han stood up and smiled awkwardly, but as soon as Ye Han stood up, a certain bulge was immediately exposed, and right in front of Yan Lingjiao's sight.

"You bastard, turn around!" Looking at the place where Ye Han had propped himself up, Yan Lingjiao's body trembled with anger and murderous aura shot through her eyes.

Ye Han looked down and immediately hated to give himself two slaps, holy shit, forgot about that brother down there, then he smiled sarcastically; "This, I ate too much of something on fire at night, this is a normal reaction, big beauty Yan, you're already well, that I won't stay much longer, next time you have menstrual pain remember to Find me, help you treat it for free, this is my responsibility as a doctor, no need to send it, bye!"

The first time I said this, Ye Han slipped away, damn, this time a big loss of face, just now too fascinated, unexpectedly even nosebleeds are not even known, thinking about this, Ye Han's face a hot pain, too humiliating.

However, Ye Han did not know that behind him, Yan Lingjiao was already furious and was looking for a gun inside the villa!

As she watched Ye Han leave, Yan Lingjiao finally gave up the urge to chase Ye Han with a gun, she collapsed onto the sofa with a confused look on her face, for Ye Han, she honestly did not know how to describe her feelings for him.

From the first time the two of them came into contact, at that time, Yan Lingjiao was merely curious about Ye Han and wanted to explore the secrets of his body, but as she got to know more and paid more attention, she felt that she had been attracted to that mysterious aura of Ye Han and couldn't help herself, especially since Ye Han wasn't in Shanghai City during this period of time, she found herself sometimes surprisingly thinking of this bastard from time to time.

After having such thoughts, Yan Lingjiao was so scared that she threw away all the information she had collected about Ye Han in one go, but instead of making Yan Lingjiao feel better, this made her even more devastated, which was why she had a cold face when she saw Ye Han just now, her purpose was to not want to have any further contact with Ye Han.

However, things are unpredictable and a menstrual cramp made the two of them have a more intimate contact again.

Thinking of that man's face just now, Yan Lingjiao let out a deep sigh, her eyes confused, how on earth should she deal with this kind of thing that gave her a headache? Because of her family's relationship, she was already an engaged woman. Although she hated the man she was engaged to, she did not have the right to choose for herself, whether it was because of her family or herself.

For those who live in that circle, the words "free love" are a luxury for them, and they cannot even think about it.

What's more, Ye Han already had a woman by his side, should she be allowed to interfere as the third party?

As she thought about it, Yan Lingjiao slowly closed her eyes, and a sense of loneliness suddenly filled the villa.

After leaving Yan Lingjiao's villa, Ye Han went straight to his home, he was so damned embarrassed just now.

Fortune Chapter 125

When Ye Han returned to his villa, he found that Ye Qing and Fire Phoenix had not yet gone to bed, and were watching a soap opera in the living room with Little Qingcheng in their arms, and the three of them were discussing the drama together, when they saw Ye Han return, Little Qingcheng immediately jumped off Fire Phoenix's body, and Ye Han was ready to extend his hand to hug her, but instead of running towards him and hugging him as Ye Han had imagined, this girl looked like a small adult. The girl, holding a bear doll, looked at Ye Han with her arms crossed and said with a stern face; "Humph, you still know how to come back, say, where did you go to fool around last night, you dead ghost? Give an honest explanation."

When Ye Han heard that, he felt a pain in his balls, who taught this little girl to say that?

Ye Han's gaze looked towards Ye Qing and Fire Phoenix, these two women were sitting and snickering at this moment.

"Hey, what are you looking at? You haven't answered my question, give an explanation quickly or you'll be punished for washing the underwear of us three women for a month." When Little Qingcheng saw that Ye Han did not answer her words, she instantly looked displeased.

Upon hearing this, Ye Han's face darkened, nima, washing underwear for a month was not out of the question, the key was that you, the little girl, also had underwear to wash?

"Hahahaha, laughing my ass off, Qingcheng, go on, if he doesn't give an honest explanation today, not only will he have to wash his underwear, he will also have to make him wash his underwear." Fire Phoenix was laughing and fanning the flames as she looked like she was afraid of the world, hearing her words, Ye Qing's face immediately turned red.

When Little Qingcheng heard this, she turned her head to look at Fire Phoenix with some hesitation and said; "But, sister Fire Phoenix, what if brother gets angry?"

"Hmph, he dares." Fire Phoenix glanced at Ye Han, then said; "With two sisters backing you up, what are you afraid of?"

"But" Little Qingcheng was still a little hesitant, what if her brother got angry and ignored her?

"Don't but, don't you want your sister to teach you how to develop? You'll be able to get a lot more than just a few of these. Fire Phoenix waved proudly in front of Little Qingcheng's face, looking at the curvature of Fire Phoenix's pair waving up, Little Qingcheng had an envious face, she didn't have any ambition for the time being, she just wanted to make her flat little breasts as big as Fire Phoenix's, because when she was in Tengchong, this girl found that Ye Han honestly liked to stare at Zhou Yun'er, so she also wanted to make her little breasts bigger.

Thinking of this, Little Qingcheng suddenly had the courage to continue to look up at Ye Han and said; "You heard it all, confession is lenient, resistance is strict, if you don't give an honest explanation, this month even let you wash your underwear."

Looking at Fire Phoenix in front of Little Qingcheng proudly wiggling her pair of big breasts, Ye Han was speechless for a while, shit! You are so big that you are proudly showing off your two pairs in front of a little girl, isn't this bullying?

"Ugh! Three women are one show!" Ye Han sighed in his heart, then he squatted down and looked at little Qingcheng and asked; "Qingcheng, tell brother first, who taught you to say that? Don't lie to brother, otherwise brother will be angry,"

Hearing this, Little Qingcheng hugged the bear doll and was in a difficult position; "Brother, I can't tell, if I do, Sister Fire Phoenix won't tell me how to make my breasts as big as hers."

The corners of Ye Han's mouth twitched, heck, what kind of people are these, the ghosts are so ambitious, the size of that woman, Fire Phoenix, may have already surpassed D and reached the level of E. Can her small breasts, which are not fully developed yet, grow like that?

Ye Han looked at Fire Phoenix with a black face; "I say, Big Beauty Fire Phoenix, even if you want to train a successor, there is no need to start now, you are teaching this little girl badly."

"Humph, I am going to teach our little Qingcheng to become a little devil girl, so that when you go to school in the future, those bad guys won't dare to pay attention to you." Fire Phoenix hugged Little Qingcheng onto her lap, and also let her lean her head on her body, looking at Ye Han's eyes for a while, if he could lean on it, that taste, it made people look forward to it even thinking about it.

"Right, what's going to school, is Little Qingcheng going to school?" Ye Han asked as he sat down.

Ye Qing returned; "Little Han, I have discussed with Sister Fire Phoenix, Little Qingcheng is still young, it is the right time to go to school, staying at home like this all day is not a matter, I heard Yun'er say that this girl grew up in the temple, this is not good, we must let her learn to integrate into society."

Ye Han nodded, these things are still a bit more attentive to women, he hadn't even considered it, but Ye Han said with some difficulty; "You need a household registration to go to school, this girl is still a black household, how can she go to school?"

"This is easy to do." Fire Phoenix said; "Let that kid Tang Haibin do the account thing, or that woman next door you seem to know well, she can do it for you too."

"This, I'm not familiar with Officer Yan." Ye Han said somewhat sheepishly.

"Hmph, still not familiar, you've gone to someone else's house in the middle of the night, do you want to tell us that this is just a stranger relationship?" Fire Phoenix looked at Ye Han with a contemptuous face, even Ye Qing had a scrutinizing look, hearing this from Fire Phoenix, Ye Han sweated furiously in his heart, how could this dead woman's eyes be so good, what he went to Yan Lingjiao's villa just now was actually seen by her, but when Ye Han went in Yan Lingjiao's villa just now he also peeked down and didn't find this woman ah.

Ye Han said in a serious manner; "I say, Fire Phoenix, don't misunderstand, I was treating Officer Yan, you can ask yourself if you don't believe me."

Fire Phoenix said; "I don't care about your shit, but let me remind you that you can't afford to mess with that Yan family woman next door for now, once you cross the line, you will stir up a big mess."

"Hey, hey, how could I." Ye Han grinned, but from Fire Phoenix's words he also heard that Fire Phoenix should know Yan Lingjiao, or know where Yan Lingjiao came from, to have this big breasted woman deliberately remind him, it seems that the iceberg police woman's origin was not simple!

"That's best." Fire Phoenix glanced at Ye Han and continued to tease Little Qingcheng.

Ye Han's gaze flickered and suddenly, when he saw the bear doll in Little Qingcheng's hand, he realised that he had forgotten something big, something very big, when he returned from Tengchong yesterday, after dinner he had only focused on chatting with Ye Qing and the others and was so preoccupied with the evening with Zhou Yun'er in his mind that he had forgotten all about the little tiger he had brought back.

The whole day, that little guy was probably suffocating inside the box.

"Crap, crap, sis, I brought back the box from Tengchong?" Ye Han hurriedly stood up and asked towards Ye Qing.

"What's wrong? I put the box you brought back at the stairway for you and didn't move it, but your box is quite heavy, what's in it?"

Ye Han didn't answer Ye Qing's words, he popped up to the ground floor stairway in a flash and quickly opened the password box, then he saw a pair of incomparably sultry, angry eyes staring at him.

Fortune Chapter 126

After opening the password box, Ye Han finally breathed a sigh of relief, although this little guy was lying softly inside the box, looking like he was dying, but it was good that he hadn't died of hunger.

"Little fellow, I'm sorry for your trouble." Ye Han took it out and put it in his arms, but this little thing had a temper, and two angry low growls came out of its mouth, and its green eyes stared at Ye Han with incomparable resentment.

Seeing that Ye Han had actually carried out a little tiger from inside the box, the three women inside the room were all happy, all of them running over excitedly with a curious look on their faces.

"Wow, what a cute little tiger, brother, you should give me a hug." Little Qingcheng was the first one who couldn't resist, immediately jumping up and shouting that she wanted to hug the little tiger, Ye Qing's face also showed a look of love, she looked at Ye Han and asked; "Little Han, did you bring this tiger back from Tengchong? It's so cute, the eyes are still lime green, it's really rare!"

Fire Phoenix's palm touched the little tiger's head and said with a frown; "Why do I feel that this little thing is a bit unlike a tiger, it's not like it's a crossbreed of another species, is it?"

Hearing this, Ye Han rolled his white eyes, as if the little tiger understood Fire Phoenix's words, it immediately raised its head, a pair of little paws waving in front of Fire Phoenix's face in an angry manner.

"Ya, this little thing is quite psychic." Fire Phoenix was curious, regardless of Ye Han's willingness, a hand snatched the little tiger over, then the three women gathered around and walked towards the sofa, feeling itself out of its master's embrace, the little tiger immediately struggled in Fire Phoenix's arms, babbling and barking, the pair of paws even slapped Fire Phoenix's pair of extremely fierce weapons from time to time, looking at Ye Han with a face of envy ah!

He went to the kitchen and fried it four eggs and two to three catties of meat. Ye Han knew that the little thing was a big eater, so this was not enough for it to eat, but this was all that was in the fridge, the rest was vegetables and fruits, which the little thing would not eat.

After doing so, Ye Han pulled the little tiger over from the three women's hands and let it eat the food. As expected, in less than a minute, the little tiger ate all the food on the plate and then continued to look at Ye Han with bated breath.

Seeing this, Ye Qing said heartily; "Little Han, look how hungry you've made him, I'll go to the fridge again and get him some more food."

Hearing this, the little tiger immediately became cheerful, jumping onto Ye Qing's lap, rubbing against her arms, and sticking out its little tongue to lick her hand.

"Little one, the little thing you brought back should not be a simple tiger, it's too psychic." Fire Phoenix glanced at the little tiger crouched at the kitchen door waiting for food, then said to Ye Han.

Ye Han laughed; "It should indeed not be as simple as a tiger, if you really want to do it, you are only afraid that you can't even do it."

Ye Han had personally seen how powerful the little tiger was inside the primeval forest, a roar could shake those big guys inside the primeval forest, and it could also kill experts like the compulsion master in seconds, so it could not be a simple tiger.

"Hmph, is it as mysterious as you say?" She was a peak expert of the Peiyuan realm, just one step away from entering the Rendu realm, a small psychic tiger could still be stronger than her?

Ye Han didn't bother to explain, he was relieved to have this little guy at home to watch over his family in the future.

After feeding the little tiger, it was already eleven o'clock, the three women were all sleepy and all went upstairs to sleep. Sleeping with a man will affect development, sleeping with sister Fire Phoenix will grow development, you can choose yourself, right?"

Hearing these words, Little Qingcheng took a look at Fire Phoenix's pair of extremely large breasts, then with great difficulty, she took one step and turned back three times to watch Ye Han follow Fire Phoenix to bed.

Ye Han cursed Fire Phoenix inside the living room, then similarly carried the little tiger upstairs.

After taking a bath, Ye Han left the little tiger aside and sat down on his bed to practice. It had been a few days since he had practiced and he could not afford to miss out on this aspect.

Ye Han was practising his swordplay in the courtyard, and at this time Huo Feng was also awake. The woman was wearing a red robe and leaning against the window watching Ye Han practise his swordplay, not worrying about being naked. It did not affect the woman's beauty in any way, but made her look even more graceful and luxurious.

Looking at Ye Han's figure, Fire Phoenix sighed in her heart; "This little fellow is progressing too fast, he was still a small Qi Sense Realm martial artist when he didn't go to Teng Chong, but now he's almost caught up with me, but this little bastard doesn't know if he's willing to join the Security Bureau? It's been dragging on for so long!"

After sighing, Fire Phoenix's gaze looked towards the villa opposite, at this moment, behind a half-drawn curtain, Yan Lingjiao was peeping at Ye Han practicing his sword, with a very complicated look in her eyes, but probably because she sensed Fire Phoenix's gaze, Yan Lingjiao glanced at her and immediately pulled the curtain shut.

Seeing this, Fire Phoenix gave a bitter laugh; "Yan family's girl, you must not fall for this little bastard too, or you will bring him big trouble!"

After having breakfast, Ye Han went out alone, as he had made an appointment with Lin Bo Mo yesterday to go and take a look at the address of the medical school today, ten minutes later, Ye Han arrived at the location Lin Bo Mo had told him about, which was very close to his villa, just four or five kilometres away, by this time Lin Bo Mo was already waiting for him at the entrance of the defunct medical school, apart from him, there was an old man in his sixties.

Seeing Ye Han approaching, Lin Baimo gave him a cigarette and smiled; "Hanzi, this is the place, how does it feel?"

Ye Han looked towards the surroundings, this place was well connected, extremely convenient for transportation and did not have that noisy feeling, just what he wanted; "Well, Brother Lin, you have a good eye, this is the place."

Hearing Ye Han's words, the old man standing by the side obviously knew him and immediately laughed; "It's good that you like it, Doctor Ye, to be honest, if it wasn't really unsustainable to run the business, I wouldn't want to sell this place, but unfortunately, nowadays, Chinese medicine is no match for Western medicine, and there are less and less patients who believe in Chinese medicine!"

Fortune Chapter 127

Ye Han looked at the old man and smiled; "Old man, Chinese medicine is not necessarily inferior to Western medicine, what our ancestors have passed down for thousands of years is not comparable to Western medicine which has only developed for a few hundred years. I believe that one day, our Chinese medicine will become mainstream."

"Well said!" The old man's face was excited, he also shared Ye Han's thoughts and wanted to carry forward Chinese medicine, but unfortunately, his strength was weak; "I have seen the medical skills of

the divine doctor Ye, that acupuncture technique is amazing, and with such a divine doctor like you in Shanghai City, I believe people will definitely realize the greatness of our Chinese medicine.”

After talking for a while, Ye Han signed the transfer contract with the old man, who was called Liu Zongyuan, exactly the same as the name of that famous person in ancient times, and three generations of the Liu family were born from Chinese medicine nationalists, but the inheritance had gradually declined by Liu Zongyuan’s generation.

After signing the contract, Ye Han took a tour inside the medical hall, which was well-equipped and filled with an ancient smell, but the smell of Chinese medicine was too heavy and slightly outdated, but these were not problems, and some redecoration would be enough.

After the visit, through conversation, Ye Han learned that Liu Zongyuan was actually very exquisite in Chinese medicine, and spoke in a clear manner about Chinese medicine; “Doctor Ye, our Chinese medicine takes the five elements of yin and yang as the theoretical basis, and regards the human body as a unity of qi, form and spirit, and through the method of looking, hearing, asking and cutting, the four diagnoses are combined to explore the cause, nature and location of the disease, analyze the disease mechanism and the human body. Although you and I have different proficiencies, in the end, we have the same root and the same origin.

Ye Han said; “Elder Liu is serious, in terms of seniority, you are my predecessor, let’s learn from each other and carry forward what the old ancestors have passed down, I have an idea, I wonder if Elder Liu is willing to listen to it?”

Liu Zongyuan smiled and said; “Ye Divine Doctor, there is no harm in saying it.”

Ye Han said; “Elder Liu, you are an exquisite doctor, now that the medical school is out of business, wouldn’t it be a pity to waste that skill, why don’t you stay here after the place reopens, of course, you can set your annual salary as you wish, Elder Liu.”

Hearing Ye Han’s words, Liu Zongyuan was excited and shook Ye Han’s hand and said; “Doctor Ye, are you serious, can I really stay here?”

To be honest, Liu Zongyuan did not want to rest at home like this in the future, he had skills, medical skills, and also had ambitions and ideals, he wanted to promote Chinese medicine, if he could stay on and stay with Ye Han, not to mention whether he could promote Chinese medicine, with Ye Han’s miraculous acupuncture method, he could definitely learn more and take his medical skills to the next level.

“Of course, as long as you are willing, Elder Liu.” Ye Han smiled and said.

“Willing, of course I’m willing. ” Liu Zongyuan nodded vigorously, he could continue practicing medicine, even if Ye Han did not pay him he agreed, his obsession with Chinese medicine had surpassed money, of course, Ye Han ended up offering Liu Zongyuan a salary of one million dollars a year.

He could also learn from the other side in the future, as the combination of acupuncture and pharmacology would be more complementary.

After the matter of opening a medical school was settled, Lin Baimo had something to do and left first. Finally, Ye Han drove his car towards Zhao Hengtian's home, having left Shanghai City for so long, it was time to go to Zhao Hengtian's place.

When he arrived at Zhao Hengtian's home, Ye Han opened the door and walked in, but to his surprise, both Zhao Hengtian's siblings were not there, Ye Han waited inside the house for a while, but an hour had passed since then, Ye Han frowned, then picked up his mobile phone and dialed Zhao Hengtian's number.

"Sorry, the number you have dialed is switched off"

Ye Han listened to the voice coming from inside the phone and dialed Zhao Youyou's number again, but the result was still the same unreachable, both siblings' phones were off at the same time, which made Ye Han feel unusual, immediately, Ye Han wandered around inside the room, but there wasn't anything unusual in it.

However, when Ye Han went back to the courtyard, he finally found the situation, under a corner, there was a puddle of dried blood, Ye Han looked at this puddle of blood and immediately opened his Yin Yang Dharma Eye, then he saw a middle-aged man with a grim look being punched by Zhao Hengtian and spitting out a mouthful of blood, this puddle of blood was left by him.

As the picture turned, Ye Han saw Zhao Hengtian fighting with two experts in the courtyard, as brave as a tiger, but the two men eventually failed to defeat Zhao Hengtian and fled in a mess with their wounds. Watching Zhao Youyou leave, Zhao Hengtian instantly had a hostile look on his face as he reentered his home.

"It seems that something has happened to big brother Zhao!" Ye Han closed his Yin Yang Dharma Eye, his sword brows tightly furrowed together, although those two people in the picture just now were not Zhao Hengtian's opponents, they were definitely more powerful than him, why would these people seek out Zhao Hengtian? Where did Zhao Youyou go after getting into the taxi?

Ye Han's head was a bit confused, Zhao Hengtian gave him the impression that he was not in a state of crisis and that he had the temperament of a tarzan without changing colour, but from the situation just now, Zhao Hengtian was obviously motivated to kill, so it was likely that he was in a big trouble.

He didn't know where Zhao Hengtian had gone and what he was going through, but for this man of true character who had brought him to the threshold of martial arts, he had something Ye Han would not sit idly by.

"What's wrong, you've only just gone out and you miss me?" The phone call came from Fire Phoenix's joking voice, Ye Han didn't have time to talk nonsense with her, he immediately said; "All right, stop it, let's get down to business, I want you to help me with one thing, will you help?"

Hearing Ye Han's solemn tone, Fire Phoenix immediately said in a serious tone; "Tell me first, I will help if I can."

Ye Han said; "You should know about Zhao Hengtian, right? Something has happened to him now, I want you to help me find out where the two siblings are now? What kind of trouble have they encountered?"

Hearing Ye Han's words, over the phone, Fire Phoenix's voice suddenly fell silent.

Fortune Chapter 128

Hearing the sound of silence coming from the phone, Ye Han's heart sank, if Fire Phoenix didn't even help him, he really didn't know how to go about finding Zhao Hengtian.

However, within a few seconds, Fire Phoenix's voice came again; "Little fellow, I know you have a good relationship with Zhao Hengtian, a relationship that is both a teacher and a friend, but let me warn you first, if something really happens to him, you better not interfere, otherwise you will be caught in a very deep whirlpool."

Hearing these words from Fire Phoenix, Ye Han instantly felt the seriousness of the matter, even Fire Phoenix, a person from the Security Bureau, cautioned him so much, he was only afraid that something big had really happened to Zhao Hengtian, and it was likely that it was related to his sudden disappearance back then.

However, since Ye Han had decided to help Zhao Hengtian, he certainly wouldn't back down because of that, he didn't have many friends, Zhao Hengtian counted as one, for the sake of this friend, he would step in even if it was dangerous.

"This doesn't need to be your concern, I just want to ask you whether you will help or not?" Ye Han said in a deep voice.

Upon hearing this, Fire Phoenix immediately cursed; "Do you really think you don't have enough trouble on you, you little bastard? If something happens to Zhao Hengtian, if you really drip into it, have you thought about the consequences?"

Ye Han said indifferently; "I know your good intentions, but I have enough troubles on me, adding another one is not too much, now I just want to ask you to help or not to help?"

"You little bastard!" Fire Phoenix cursed out in anger, then said; "I can help you look into Zhao Hengtian's matter, but you have to promise me that thing first, it's been over a month, you should have thought about it too, right?"

When Ye Han heard that, he said speechlessly; "I say, big beauty Fire Phoenix, you're taking advantage of the fire."

"I pooh, you little bastard is really a dog that bites Lü Dongbin and doesn't know how to be nice." Fire Phoenix said; "Since you yourself have decided to trip into this messy water of Zhao Hengtian, then I won't be persuading you, don't blame me for not warning you if anything happens in the future, but for your personal sake, I think it's best for you to join us first, it's also a kind of protection for yourself."

Ye Han let out a deep breath and said; "Okay, I'll join you, but I need to know about Zhao Hengtian by tomorrow at the latest."

For the sake of Zhao Hengtian, Ye Han could only agree to join the Security Bureau for the time being, he was afraid that something big would happen if he delayed.

“That’s no problem.” Fire Phoenix happily agreed, after pestering this kid for so long, he finally got him to join the Security Bureau, then Fire Phoenix continued; “Now you hurry back, since you’ve chosen to join us, it’s time for you to talk to the top.”

The top!

Ye Han understood what Fire Phoenix meant, this was probably the “top man” of the Security Bureau.

The three women inside the villa were all there. Ever since Ye Han took the little tiger out last night, the two women, Fire Phoenix and Ye Qing, were like little Qingcheng with a childish heart, always teasing the little tiger, and the poor little guy had never stopped being in the three women’s arms, being snatched and grabbed like a toy.

At this moment, when he saw Ye Han return, the little tiger jumped into his arms at once, that look as if he was out of his nightmare.

“Hmph, Little White, hurry up and come back to me.” Seeing the little tiger running away from his hand, Little Qingcheng was instantly furious and ran towards Ye Han with her teeth and claws open; “Brother, quickly give Little Bai to me, this little fellow is too disobedient, I want to whip its butt.”

Ye Han heard, immediately in the little tiger sulking eyes to sell it out, he is not in the mood to play with this little thing now, little Qingcheng hugged the little tiger immediately happy, a pair of small hands hugged it deadly, almost and the little thing strangled kicked out of breath; “Hum, see you still dare to run, again run sister smoked you to death.”

“Xiao Han, how come you’re back so soon? How did the location of the medical school look?” After Ye Han sat down on the sofa, Ye Qing handed him the apple he had peeled and asked, Ye Han took a bite of the apple handed over by Ye Qing and said in a slurred voice; “Sister, it’s already looked good, once I finish the business at hand, our family’s medical school can officially open.”

“Really, great!” Ye Qing smiled, her face was excited, staying at home everyday was making her sick, she always wanted to go out and find something to do.

When Fire Phoenix heard Ye Han’s words, she rolled her eyes, this bastard had the audacity to try to trick Zhao Hengtian, he really thought he had three heads and six arms, it would be a while before he was done.

Ye Han then looked at Fire Phoenix and said; “Fire Phoenix, let’s go, let’s talk upstairs.”

Fire Phoenix nodded, then stood up and straightened her cheongsam, twisting those plump hips towards upstairs, Ye Han said to Ye Qing; “Sister, I’ll go up with her to talk about something, you take Qingcheng and play first.”

Ye Qing nodded and watched as Ye Han followed behind Fire Phoenix’s buttocks upstairs.

Seeing this, Little Qingcheng bristled and said; “Humph, brother is a big pervert, Sister Ye Qing, look, brother is staring at Sister Fire Phoenix’s big butt, so bad, I don’t even see him staring at my butt.”

After saying this, this little girl looked aggrieved and fiercely abused the little tiger in her arms, pinching the little guy and making him scream and struggle continuously in her arms.

Ye Qing smiled and laughed a little, what kind of thinking is this little girl! She had already thought of all this even at such a young age, so it seemed that Fire Phoenix had not taught this girl a lot in her day-to-day life. But looking at Fire Phoenix and Ye Han disappearing at the stairway, a sigh came from Ye Qing's mouth, after living with Fire Phoenix for so long, she had actually seen that Fire Phoenix was not just visiting Shanghai City and happened to lose her wallet ID card, she had come for Ye Han, which, Ye Qing was not stupid, she had actually seen it long ago, but just did not say so explicitly, she believed that when the time came, Ye Han would explain everything to her.

When he arrived in Fire Phoenix's room, Ye Han sat down on Fire Phoenix's bed with one hip, smelling the faint feminine fragrance coming from above, with an intoxicated face, Fire Phoenix didn't mind this guy's actions, and directly opened the computer and started to contact her boss. A short while later, a video window popped up, and then appearing on the computer screen was a middle-aged man with a Chinese face.

"Fire Phoenix, the kid is up, why can't I see him?" Inside the computer came the voice of the head of the Chinese Security Bureau, Situ Zhentian, thick and strong, Fire Feng let himself go, so that Ye Han, who had fallen on the bed, appeared on the computer screen. You're the first one."

Hearing this, Fire Phoenix immediately kicked Ye Han, then Ye Han sat up on his butt, he looked at Situ Zhentian inside the computer and said with a smile on his face; "That's because the men in your Security Bureau have the heart but not the guts, I'm different from you guys, I have both the heart and the guts, that's why I can be the first one to eat crabs. But by the way, for you guys, this woman's bed smells pretty damn good!"

At those words, Situ Zhentian's face darkened, he had long known from Fire Phoenix's mouth that Ye Han was a guy with a particularly thick fucking skin, and now that he saw it, it was really true.

Fortune Chapter 129

When Fire Phoenix heard Ye Han's words, she immediately gave him a white glance, but Ye Han only took it as she was discharging at herself.

"All right, you kid, don't give me this bullshit, now let's get down to business, are you really willing to join the Security Bureau? Consider it carefully, know that once you choose to join there will be no chance of regret." Situ Zhentian said to Ye Han.

Ye Han rolled his eyes and said; "Regarding this matter, I will only speak to the bearer of your Security Bureau, are you the bearer of the Security Bureau?"

At these words, Situ Zhentian's face was once again black, this bastard is when now is in the triad society negotiation, also carry the leader, I carry your sister oh!

Fire Phoenix looked at the computer screen with a black face Situ Zhentian, she suddenly snickered at the side, can choke their leader twice in a row, this little bastard or the first, Situ Zhentian awkwardly coughed and said; "Ye Han, I am the director of the Security Bureau"

But before Situ Zhentian could finish, Ye Han immediately scolded; "Shit, since you are the head of the Security Bureau, why don't you declare your name, you don't know any manners, I really doubt how you got to the position of the head of the Security Bureau."

This time, Situ Zhentian was really choked up by Ye Han, if Ye Han was in front of him right now, he would have an urge to finish this bastard off, too fucking bad, he was at least the head of the Security Bureau, this bastard didn't even give him any face in front of his subordinates.

At this time, Fire Phoenix directly laughed out loud beside her, she looked at Situ Zhentian who had a black face and said; "Chief, have you learned this little guy's tongue, right, well, now that you have met, what do you think about this little guy joining the Security Bureau?"

Looking at Ye Han's indebted face, Situ Zhentian was tempted to say no, but this kid was the one he personally looked up to, and Ye Han's abilities in all aspects were outstanding, and what happened over in Tengchong, Situ Zhentian had asked Cheng Jun to write a 10,000 word report, so that he could write out word for word what happened to Ye Han.

The first thing you need to do is to get a new one.

The first thing you need to do is to take a deep breath and get rid of the depression you felt just now, and say; "Of course I agree, kid, on behalf of our Security Bureau, I welcome you to join, but you have to take responsibility for joining the Security Bureau, this is not a child's play, do you understand?"

Situ Zhentian looked at Ye Han with a solemn face.

Ye Han said; "Understood, just give me a call if anything happens in the future, I, Ye Han, will never be ambiguous, but I won't do anything that is too dangerous."

"Oh, you can be completely at ease with this." The first thing you can do is to use the power you have to do things that harm the country, or I will be the first one to kill you, and you can't show off your documents everywhere. , by the way, you have to report to Yanjing headquarters sometime, show your face and get to know the other members of the headquarters."

"OK, I promise, I'll definitely go sometime." After saying that, Ye Han continued; "Now that you're done talking about your business, it's time to talk about my business, right?"

"Do you have other matters?" Situ Zhentian had a puzzled look on his face.

Upon hearing this, Ye Han said with direct displeasure; "Shit, are you just allowed to talk about your conditions? You should also listen to my conditions, right?"

"Alright, you say it." Situ Zhentian held back the breath in his heart and looked at Ye Han and said.

Ye Han said; "First, how much is my annual salary for joining you? I won't work for you for less, secondly, I need to know the outcome of that Zhao Hengtian affair, thirdly, I have a mission now and request the organisation to send experts to reinforce me?"

"The first and second won't be a problem." Situ Zhentian looked at Ye Han; "But what mission can you kid have? I haven't given you a mission here yet?"

"Of course I'm going to find Zhao Hengtian, if he's in danger, I wouldn't have to bring a few experts along?"

“You call this a mission?” Situ Zhentian resisted the urge to punch Ye Han’s face inside the screen, you sister, this is your own personal matter, okay, and you still want to transfer experts from me to you, using the country’s security forces, I think you brat does not want to live.

“Of course, what, don’t you agree?” Ye Han stared straight at Situ Zhentian.

Situ Zhentian looked at Ye Han, gritted his teeth and said with a black face; “Fuck you, on behalf of the headquarters, I veto this mission of yours.”

After saying that, the computer screen went black, the screen had disappeared from Situ Zhentian, but one could imagine that Situ Zhentian was afraid of being furious at this moment, and so it was.

“Damned brat, when you come to Yanjing, I will have to make you brat shed your skin.” Situ Zhentian said with hatred, after talking to Ye Han for only a few minutes, he felt that he hadn’t suffered so much anger in a year, having recruited so many people, this was the first time he had come across such an extreme like Ye Han.

“Shit, the head of the Security Bureau is so petty, he won’t even agree to transfer a few experts.” Ye Han looked at the already blacked out computer screen with a look of disdain, but this comment was just a casual remark from Ye Han, he didn’t think Situ Zhentian would agree to him either, as long as Situ Zhentian agreed to help him find out what happened to Zhao Hengtian.

Fire Phoenix giggled; “Little villain, don’t be complacent, I’ve never seen the chief being so angry with anyone before, be careful when you go to Yanjing and give you little shoes.”

Ye Han stared at Fire Phoenix and said; “This old boy shouldn’t look that petty, forget it, wear small shoes if you want, remember to give me news of big brother Zhao tomorrow, I wonder how he is doing now?”

Fire Phoenix said; “Zhao Hengtian’s matter is very complicated, involving many powerful levels of people, otherwise his titled Southwest King wouldn’t have ended up in this situation now, little fellow, I have to remind you again, this is a deep pit, it’s hard to get out when you jump in.”

“Do you want me to sit back and do nothing?” Ye Han sighed and said; “In fact, I also want to live my life in peace, but I have a code of conduct, I will do what needs to be done, even if I know it is a fire pit I will still have to break through it, I have been kind to Brother Zhao, Brother Zhao has also been kind to me, I don’t know what it means to not owe each other, I only know that he treats me with sincerity, and I am willing to go through fire and water for him. “

Fortune Chapter 130

Fire Phoenix knew that although Ye Han was cheeky with her all day long on the surface and was a little rascal-like, but he was very affectionate at heart, not to mention Zhao Hengtian, if anything happened to any of the people around him, Tang Haibin, Lin Baimo, he would go to help regardless of the consequences as he was doing now.

“Right, tell me about big brother Zhao, the Southwest King back then ended up with a disability, there are only a lot of hidden secrets in this.” Ye Han said as he sat down on Fire Phoenix’s bed and looked at her, Fire Phoenix took the same steps to sit down beside Ye Han and said after organizing her thoughts;

“Speaking of Zhao Hengtian, he was actually a remarkable figure back then, of course, we have to start from the time he was expelled from the Shouyi Sect.”

“Expelled from the Shouyi Sect?” Ye Han looked at Fire Phoenix.

Fire Phoenix nodded and said; “In his early years, Zhao Hengtian was an inner disciple of the Form of Will Sect and had good talent, but for some unknown reason he was expelled from the Form of Will Sect and became an outcast, from then on Zhao Hengtian fought alone in the underground world, relying on his strong strength and magical gambling skills made him quickly gain a foothold in the southwest region, however, at that time, there was an interest in the southwest region There were many people who had ideas about this fertile land, such as the South China Heavenly Father.”

“South China Heavenly Father!” Ye Han’s expression shook, he had heard of this name before, this person dominated the South China region, was strong, had deep roots in both Xiangjiang and Macau, could be considered a hegemon, and had a lot of say at a certain level.

“Not bad, it’s him.” Fire Phoenix said; “Back then, Zhao Hengtian and Hua Nan Tianzun fought very hard in the underground world, of course, the person who fought with Zhao Hengtian was not the only one, Hua Nan Tianzun also could not tolerate Zhao Hengtian, these three families fought and eventually alerted the top level of the state, it was the state that intervened to make them stop the fight, but although Zhao Hengtian won, he also won badly, and in the final gambling game He was also drugged on top, so much so that he disappeared from the underground world for several years.”

“And that’s the end of it?” Ye Han looked at the fire phoenix.

Upon hearing this, Fire Phoenix was instantly exasperated and gave him a white look, saying; “Then what else do you want? Do you think that the South China Heavenly Father and the Formal Will Sect are easy to deal with? Let me tell you, the current Hua Nan Tian Zun is one of the top three experts in the Tiger Ranking, would Zhao Heng Tian still be his opponent after years of silence? Even our Security Bureau is very afraid of him, not to mention that Zhao Hengtian’s enemies also have his sect, the Form of Will Sect is one of the top ten sects in China, and there are many experts in it, and its legacy is even more terrifying than that of the South China Heavenly Father.

Hearing these words, Ye Han touched his nose resentfully, it seemed that Zhao Hengtian’s enemies were indeed very powerful, one Hua Nan Tian Zun was already difficult to deal with, but there was a Shou Yi Sect behind him, which was a superb boss!

“By the way, what kind of list is this for the Tiger Ranking?” Hua Nan Tian Zun was one of the top three experts in the Tiger Ranking, Ye Han was quite curious about this Tiger Ranking. Fire Phoenix replied; “The Tiger Ranking is a list used to classify the strength of some cultivators in the underground world of China, those who can make it to this list are very powerful, back then Zhao Hengtian was ranked ninth on the Tiger Ranking, of course, besides the Tiger Ranking, there is also the supreme Dragon Ranking, the people on the Dragon Ranking are even more powerful than the Tiger Ranking, but these people are basically old, secluded monsters, it’s hard to see them.”

When Fire Phoenix finished speaking, Ye Han suddenly felt that there were actually quite a lot of experts in this world, and if he compared his strength to these people, he was afraid that they could crush him with one finger.

“How about it, do you still want to go and help Zhao Hengtian?” Fire Phoenix looked at Ye Han and asked.

“Why not go?” Ye Han asked rhetorically and said; “Since there are so many experts, wouldn’t it be a pity if I didn’t run to meet them, at least brother is a martial arts training wizard, so if I go for more experience, maybe I can also play on the Dragon Tiger Ranking that day.”

She did not deny that with Ye Han’s talent, he could indeed enter the Tiger Ranking, and if he was lucky, he might even become a super expert on the Dragon Ranking, but now he wanted to compete with these people, he was too old for that, right?

After leaving Fire Phoenix’s room, Ye Han did not go downstairs immediately, but went to his own room. After listening to the secret stories that Fire Phoenix said that ordinary people did not know, he actually felt quite a lot of pressure, if he wanted to rise, he was bound to make enemies just like Zhao Hengtian did back then.

It was because of one person that Zhao Hengtian had ended up in the end.

Therefore, Ye Han was deep in thought, what should his future path be? Was it to have wealth that could be rivalled? Or to have a power that people would fear? After thinking about it, Ye Han felt a headache; it was difficult for him to achieve either of these. However, these two thoughts had already left an imprint in Ye Han’s mind.

If he had both the wealth and super strength of his enemy, who could still threaten him? Who could still threaten the people around him? Then the world would really be at his mercy!

The Security Bureau’s intelligence system was really not a blow, the next morning Ye Han already knew Zhao Youyou’s whereabouts, but Zhao Hengtian’s whereabouts were still being investigated by the Security Bureau, after knowing Zhao Youyou’s whereabouts, Ye Han didn’t even eat breakfast, took the Dragon Spring Sword and drove his Bao Ma x6 out directly.

The security bureau’s intelligence showed that Zhao Youyou was in a small village in a prefecture-level city under Sujiang Province, which is adjacent to Shanghai City, and it would take Ye Han a few hours to drive to Sujiang Province. If he didn’t have something important to do right now, he would have wanted to drive the car back and take care of that woman so that she would know that she had to pay a price for seducing him.

Three hours later, Ye Han had already driven into Sujiang Province, and then drove directly to the city of Xiwuqi below Sujiang Province.

Zhao Youyou was in a small mountain village in Xiyou City, and she didn’t know what she was doing here. It had been almost two weeks since she arrived here and she had not been in contact with the outside world. However, Ye Han was a bit angry that this woman did not even call him after such a big incident happened to Zhao Hengtian.
