Fortune Chapter 13

The next morning Ye Han was awakened by an unfamiliar number, he had played with Zhang Shaoyu and Lin Baimo until late last night and now he was still sleepy.

“Hello, hello, who is this?” Ye Han sleepily picked up the phone.

A voice rang out on the other end of the phone at the same time; “This is Zhou Yun’er, where are you now?”

This was a very direct question, which made Ye Han speechless, where did this woman get his phone call, Ye Han said; “I’m at home, may I ask what the big beauty Zhou wants from me this early in the morning?”

“Cut the crap, I was asking if you were interested in going to the gambling market with me to have some fun?”

“Betting on stones.” Ye Han froze and his sleepiness cleared up a few times, he had heard a little about this industry, after thinking about it Ye Han said; “Since it’s an invitation from Big Beauty Zhou, of course I have to give face, where is it, I’ll come and find you.”

“No need, tell me your location, I’ll come and pick you up.”

Ye Han then told Zhou Yun’er his location, after eating breakfast on the table he came downstairs to his house and waited at the intersection for Zhou Yun’er to arrive, not even half an hour had passed when an extremely flashy Porsche 918 stopped in front of Ye Han, this made him freeze, boy! He had never seen such a beautiful and luxurious sports car before, and he was afraid that he would not be able to find many in the entire Shanghai City.

Looking at Ye Han who was in a daze, Zhou Yun’er opened the door and got out of the car. Today she was wearing a beautiful tight-fitting leather jacket that embodied her body to the fullest, showing off her bump and wearing sunglasses, giving people a cool feeling, making Ye Han dumbfounded.

“What, it’s only been a few days and you can’t recognise me?” Zhou Yun’er bristled, but she was still satisfied with the reaction Ye Han showed, Ye Han threw away the cigarette in his hand and laughed; “Big beauty Zhou is really extraordinary, let alone this car, just walking down the road in this outfit of yours, I don’t know how many animals are going to spurt blood.”

“Don’t be silly, hurry up and get in the car, come with me to the gambling market to have a look around, lend your luck, maybe I will have a good harvest today.” As she spoke, Zhou Yun’er pushed Ye Han into the passenger seat and sat herself in the driver’s seat, and as soon as she stepped on the accelerator, the Porsche ran out like a whirlwind.

Ye Han was shocked at the speed, this bitch was driving too fast, so he hurriedly fastened his seat belt, and only after a while did he feel better, but he didn’t feel much better about the cool-looking Zhou Yun’er, and he wondered if he should buy a car too.

“I say, big beauty Zhou, what are you doing in the gambling market, are you gambling on stones?” Ye Han looked at Zhou Yun’er and asked.

“Nonsense, what else can you do if you go to the gambling market if not to gamble on stones.” Zhou Yun’er gave Ye Han a blank look and said; “It’s just as well to let you grow in knowledge, but you have a good eye and good luck, if you can you can gamble yourself, if it goes up you’ll make a profit, how about it, do you want to play?”

Ye Han shrugged his shoulders and said; “Let’s wait until we get to the gambling market, this is my first time playing with stones, I say, big beauty Zhou, don’t screw me over, I’m not as rich as you are, I can’t afford to toss.”

Zhou Yun’er rolled her eyes and said; “Scrooge, who would cheat you out of the little money you have, today your expenses are on me, just so this lady can fulfill the last bet.”

Hearing this, Ye Han realized that this woman wanted to use this method to fulfill the last bet, but that bet was actually just a casual remark by Ye Han, he did not take it seriously, of course, Zhou Yun’er was so generous that he would not refuse, gambling on stones, so let’s play a little, anyway, it was not his money, it would not hurt if he lost.

In a short while, Zhou Yun’er had already driven the car to the gambling market in Shanghai City, which was not quite the same as the antique street, where the gambling was done in some open rooms.

Entering the market, Zhou Yun’er skillfully led Ye Han to a large open house, where Ye Han found many famous cars that were rare to see on a regular basis, and these cars could be added up to a luxury car show.

Entering it, Ye Han took a look, and as far as he could see, there were small mountain-like stones piled up in many places, in different colours, and at this moment, many people were looking around at these stones, and chatter was heard everywhere.

“How does it feel to be here?” Zhou Yun’er glanced at Ye Han and asked so.

Ye Han shrugged his shoulders and said; “It looks not bad, but how do you want to play, let’s say first, I am a layman about gambling stones, don’t be heartbroken if you lose later.”

“Hmph, only you miser would be heartbroken, in the gambling market to lose a few million is very common thing, play big connoisseur to lose millions may be possible, in short, gambling stone one knife poor, one knife rich, a knife opened a hundred million households, depending on whether you have the luck to get rich, well, follow me, later on, if there is a fancy call me, I help you buy.”

As she spoke, Zhou Yun’er had already led Ye Han towards a place that was surrounded by people, where several raw stones were piled up, all with clear price tags on them, with prices ranging from a few tens of thousands for the low ones to over a hundred thousand to two hundred thousand for the expensive ones, these raw stones had opened their doors and showed some emerald green, and from the looks of it were very hydrated.

“Miss Zhou, you’re here too.” Some people were taking the initiative to nod and greet when they saw Zhou Yun’er’s arrival, Zhou Yun’er still had a not weak reputation in the Shanghai City gambling world, more importantly he was the granddaughter of Zhou Mingshan, the king of gambling in the south, Zhou Yun’er smiled and nodded in response to these people, those who could come here were either rich or powerful in Shanghai City, and there was no room for sloppiness in socialising.

“Oh, Miss Zhou is worthy of being the granddaughter of the King of Gambling, last time you won the jackpot, opening an ice jade, which hasn’t happened many times in our Shanghai City, congratulations!” A man dressed as a successful businessman looked at Zhou Yun’er and said with a smile, the others were also echoing along the side, Zhou Yun’er opened an ice jade a month ago, this had created a big stir in the Shanghai City gambling world.

“Thank you all for your appreciation!” After Zhou Yun’er made a few polite remarks, she led Ye Han around the original stones, which had a high head of water from the openings and were easy to gamble on, but people who play gambling know that the uncertainty in this business is too high, and often the original stones with a high head of water do not always turn out green.

Ye Han followed behind Zhou Yun’er, he looked at these raw materials and could not help but use his yin and yang eyes, the left is yin and the right is yang, the right eye is the essence of all things, under Ye Han’s observation, the internal structure of these raw materials were all presented in his mind.

These raw stones did not have any other colour inside, except for a little green on the surface of the open substrate, which meant that these raw stones were useless at all, and if someone bought these raw stones, a single cut would definitely cost them nothing.

After knowing this, Ye Han was very excited, the Yin Yang Dharma Eye had allowed him to discover another way to make money quickly, with a cheating device like the Yin Yang Dharma Eye, gambling on stones would be a no-brainer for him, it was much faster than playing antiques to make money.

“How about it, is there a raw stone you fancy?” While Ye Han was excited inside, Zhou Yun’er had already finished observing these raw materials, but she was not satisfied with these raw stones, Ye Han let out a laugh and said; “Even your big beauty Zhou didn’t look at these raw stones, how could I look at them, let’s go and check out other places.”

“Hmph, don’t pretend to understand, be careful of missing out on the really good ones, let’s go, go to the next place and have a look.”

Ye Han gave Ye Han a white glance and the two of them ran to the next raw material location. Ye Han looked around and observed that there were basically not many gamblers around who were able to gamble up during the stone solving process, and even if there were, the rise was limited, and there was no big rise yet.

Although Zhou Yun’er does not have the ability to see through, her eyesight and experience are so great that she did not take the stones she had seen lightly.

The two of them walked around and soon finished the gambling factory, the expression on their faces was obviously disappointed, this place is considered a waste of time, however, just as Ye Han’s heart was disappointed, a basketball-sized piece of waste caught his attention, because in that piece of waste, after Ye Han swept a glance, Nima! There was actually a full two fist-sized spread of green.

This piece of scrap would definitely rise, and it was still a big rise, seeing this scene, Ye Han was so excited that even his heart pounded.

“What is it?” Sensing that Ye Han did not follow, Zhou Yun’er walked over and asked suspiciously, while her gaze followed Ye Han’s line of sight to the piece of raw stone scrap, which was a piece of scrap that did not have any sign of green at all.

“Motherfucker, I want it, buy it for me quickly.” Ye Han looked at Zhou Yun’er and grabbed her jade hand, his voice trembling as he burst out a foul mouth.
