Fortune Chapter 131

The mountain village where Zhao Youyou was located was quite remote, and if you wanted to go there, you couldn't drive in at all, you could only walk along the mountain path.

But here, Ye Han also found a car parked here, the four wheels of this car were covered with mud, it must have driven here from Xiyou City, just like him.

Ye Han walked for two or three hours, and only at three o'clock in the afternoon did he arrive at Xiaohe Village. Looking far ahead, a wooden house appeared in front of him, and at the moment, smoke was still rising from some of the roofs, as this village relied on mountains to eat mountains to eat water to eat water, and cooking was done with stoves to make fires, so the smoke would be relatively large.

Although Ye Han knew that Zhao Youyou was in this village, he did not know exactly where Zhao Youyou was, so after entering the village, Ye Han asked directly towards a woman who was doing farm work; "Hello, auntie, I am from Xiyou City, I would like to ask if you have a quite pretty girl who came here recently?"

Hearing Ye Han's words, the woman stopped working and said with her hand on her hoe; "Young man, you are not the first person to ask me this, just a moment ago several other people asked me about it. I think you're talking about that distant relative of Old Sun's, right? She just came to our place some time ago, and that girl is very pretty, as pretty as those big stars on TV."

When Ye Han heard this, he frowned and asked; "Grandma, are you saying that just now someone also asked you about the whereabouts of that girl?"

"Yes, just now, several people, saying that they were relatives of that girl, have now gone to Old Sun's house."

Hearing this, Ye Han's heart tightened, how come there were still people looking for Zhao Youyou as well? He hurriedly asked; "Auntie, thank you, I want to know how to go to the village to find her?"

"It's easy to find, the last house in the village is it, young man, you must be that girl's boyfriend, hurry up and go find her."

Ye Han said thank you and immediately walked towards the main road of the village, it didn't take long for Ye Han to arrive at a house at the back of Xiaohe village, this house was not connected to the other houses in the village, it seemed very independent, Ye Han had just arrived outside this house, he immediately heard the sound of a conversation coming from inside.

"Sun Bumian, are you sure you want to go against the Heavenly Father? I advise you to think clearly about the consequences, since you have been out of sight for so many years, why do you want to reappear in the world again? Wouldn't it be better to avoid the world here?"

Ye Han was standing outside the house, and when he heard this he immediately opened his Yin Yang Dharma Eye to see through the wall and looked inside the house. Under Ye Han's perspective, he found that there were six people inside the house, and Zhao You You was also inside, and at this moment she

was standing behind an old man in his fifties or sixties, who was tall, holding a silver lance in his hand, and his face was slightly red, so it looked like he must have fought with someone just now.

Opposite the old man were four experts, the leader of whom was holding a sharp sword, with eyes like a tiger and a cold aura emanating from all around him, and it was he who had just said those words.

Sun Bu Mian snorted coldly and gripped the silver spear in his hand tightly as he said; "I have been in hiding for many years and have long since stopped asking questions about the world, but I must do what I have promised others, and no one will try to take away this girl doll behind me today, not even you, Cao Chong of the Swift Sword. But what I didn't expect was that you, the twenty-seventh ranked expert on the Tiger Ranking, had also defected to the South China Heavenly Father and aided the evil-doer."

"Hmph, Sun Buwei, it seems that you still remember my name Cao Chong, but now that Tianzun is expected to become the leader in the underground world, the general trend is that I, Cao Chong, follow Tianzun, this is called knowing the time." Cao Chong snorted coldly and continued; "Sun Bu Mian, back then you were only an expert ranked twenty-ninth on the Tiger Ranking, if you insist on going against Heavenly Dignity, do you think you will be able to get past me today?"

Sun Bu Mian coldly said; "Your Cao Chong's sword is indeed very powerful, but my Sun Bu Mian's spear is not a vegetarian either, today I will definitely not fail Zhao Hengtian even if I have to fight for my life, so the four of you will go together."

Upon hearing this, Cao Chong sneered; "The Zhao Hengtian of the past was indeed powerful, but now he is nothing but a street rat, under the pursuit of my Heavenly Dignity Society, I will see how long he Zhao Hengtian can live, make your move, kill him together, grab that woman and force Zhao Hengtian out."

With these words, Cao Chong's body moved and killed Sun Bumin like a matchless sword light, his sword was fast and furious, he swung it at least eight or nine times in a second, a harsh sword light blossomed out in the courtyard, the other three experts also attacked towards Sun Bumin, although the strength of these three was not as strong as Cao Chong, these three together could definitely easily kill an expert of the Peiyuan realm.

Seeing Cao Chong's four killers, Sun Bu Mian roared out, a flash of manic hostility flashed across his pale face, and the silver spear in his hand was immediately gripped tightly in his hand, sweeping out with a single shot, directly forcing Cao Chong's unparalleled sword. A series of clashes sounded like thunder, but Sun Bu Mian's pace did not move at all, the spear in his hand was like a raging dragon, one against four, although it made him look dangerous, but for a while, the four of Cao Chong could not break Sun Bu Mian's defence.

Zhao Youyou was standing behind Sun Buwei, her eyes coldly watching the battle, her face was surprisingly calm except for her indifference, but her slightly trembling fingers indicated that her heart was actually very unsettled at the moment.

Ye Han saw from outside the courtyard that the battle inside had already started, and his sword brow furrowed, with the strength of Sun Buwei, although he could hold off Cao Chong for the time being, but it would not last long, as long as Sun Buwei was defeated, then Zhao Youyou would be in danger.

As he thought about it, Ye Han immediately unwrapped the cloth wrapped around the Dragon Spring Sword and covered his face, then he stomped his legs on the wall and instantly swept over the three-metre high courtyard wall, landing steadily in the courtyard, the Dragon Spring Sword was sheathed, Ye Han went behind Cao Chong's four men and killed them, a flash of sword light shone brightly, holding the Dragon Spring, Ye Han killed an expert with his sword.

This sword was Ye Han's full strength sword, in addition to the reason that it was a sudden sneak attack, the man just reacted before he was pierced through the body by Ye Han's sword.

"Bastard, who are you? How dare you go against my Heavenly Dignity Society!" The other two reacted and immediately gave up on attacking Sun Bumiputra and killed towards Ye Han at the same time.

Fortune Chapter 132

As the other two reacted, Ye Han immediately retreated, a terrifying aura was released from his body, and suddenly, Ye Han waved out a sword, which was so fierce that it was like a divine weapon sweeping across a thousand armies, the air was directly burst by this fierce sword.

The two experts who were coming towards Ye Han felt the power of this sword, and their faces changed in unison as they swung their weapons in their hands towards Ye Han's sword, trying to ward it off.

Clang!

The three men's weapons collided, and the relentless destructive force immediately swept across the entire courtyard, but the moment the weapons collided, the weapons in the hands of the two men attacking Ye Han were instantly severed, and the terrifying force that struck them immediately caused the two men to retreat out in quick succession, their faces flushed red.

"Hmph, unknowing thing, how dare you meddle in the affairs of the Heavenly Dignity Society, seeking death!"

At this moment, Cao Chong drifted back with his sword in hand, not continuing to attack Sun Buxiang, Ye Han had exterminated one of his men as soon as he appeared, this caused Cao Chong to become furious, his incredibly fast sword appeared in front of Ye Han like a bolt of lightning, a cold light blossomed, this sword was so fast that even Ye Han did not react, it was too fast!

Out of instinct, Ye Han brought his Dragon Spring Sword across his body.

Clang!

Cao Chong's sword fell, and the terrifying force immediately fell on Ye Han's body, making Ye Han feel as if his body had been struck by a huge hammer, his body couldn't stop retreating, his mouth spat out a mouthful of blood, his face pale, compared to Cao Chong, the twenty-seventh ranked expert in the Tiger Ranking, Ye Han was still a bit short.

"Huh! What a powerful sword." Looking at the piece that was missing from the top of his own weapon, Cao Chong's eyes immediately fell on the weapon in Ye Han's hand; "This is the famous sword Longquan!"

"Hmph, Cao Chong, your opponent is me." Sun Buwei burst towards Cao Chong with a spear at this time, the silvery gun blanket tore through the air, causing Cao Chong to instantly feel dangerous, although his

ranking above Sun Buwei on the Tiger Ranking was higher than Sun Buwei, this was a few years ago, the current Sun Buwei made him all very scary.

Without much thought, Cao Chong turned to meet his enemy and once again fought with Sun Buwei in the courtyard.

On the other side, seeing that Ye Han was wounded by Cao Chong, the two experts whose weapons had been cut off by Ye Han once again attacked in unison towards Ye Han. If this suddenly appeared expert was not resolved, it would be very difficult for them to defeat Sun Buwei, let alone think about taking away the woman.

The next moment, Ye Han's body rose to the ground, and his Dragon Spring Sword swung diagonally, his sword qi was sweeping, the Yin Yang Two Yi Sword Technique was the most rigid and soft sword technique in the world created by Zhang Sanfeng, its power was overwhelming, it could be soft or rigid, its power was continuous.

The two experts joined hands to resist Ye Han's sword, but it cost them dearly, as Ye Han's sword wounded them like the autumn wind sweeping away the falling leaves.

When Cao Chong, who was fighting with Sun Buwei, saw this, his face suddenly became more hostile, and the sword in his hand became even faster and fiercer, sweeping across the void like a phantom shadow, he had just separated from Sun Buwei to attack Ye Han, the expert who had suddenly killed him, in order to create an opportunity for his men to kill him, but he did not expect Ye Han to be so fierce, and after taking his sword hard, his two men were still no match for him.

"Suffer death!"

Ye Han strolled out, his body surrounded by clouds of fierce Qi, his arm trembled and the Dragon Spring Sword whistled out, blasting out wildly with a splash of matchless sword Qi, in an instant, those two experts were instantly enveloped by this wild sword Qi, their hearts appalled to the core, but before they could make a move, Ye Han's sword had already descended, like a flash of meteors, instantly killing them both.

"Damn it, killing people from my Heavenly Dignity Society, no matter who you are, you are dead!" Cao Chong's face was steaming with murderous anger, the sword in his hand madly attacked Sun Buwei, if it wasn't for Sun Buwei holding him back, he would have gone to kill Ye Han by now, this masked expert who had suddenly appeared made Cao Chong hate to cut him into pieces.

"Humph, Cao Chong, you didn't count on this by a thousand calculations, did you, friend, would you like to kill this man with me?" After Sun Buwei snorted coldly, he looked at Ye Han and asked. Ye Han took a step forward, his Dragon Spring Sword pointed diagonally towards the sky dome, and said indifferently; "I have just such an intention

."

"Haha, good, Cao Chong, suffer death!"

Without any worries, the silver spear in Sun Bu Mian's hand became even more violent, and after a wild laugh, it was as if he was the spear in his hand, and the spear was the man.

As he watched the battle between Cao Chong and Sun Bumian, Ye Han's eyes were calm and he stood quietly watching with the Dragon Spring Sword in his hand, at the same time, Ye Han also opened his Yin Yang Dharma Eye. .

Although the speed of Ye Han's sword was not as fast as Cao Chong's, but with the Yin Yang Dharma Eye opened, Ye Han's speed would increase by a level in an instant, although this time would not last, but when an expert fought, a slight inadvertence could put him to death in an instant.

At the beginning, when Ye Han was blocked by the two Machete assassins in Shanghai City, it was precisely when Ye Han opened his Yin Yang Dharma Eye that he was able to split the bullets with his sword and dodge the bullet's firing line. Otherwise, how else could he have blocked the bullets with his strength at the Qi Sense Realm at that time.

Suddenly, just at that moment, Ye Han moved, moving like thunder, his body was like a swift wind, the Dragon Spring Sword in his hand was as fast as a lightning bolt descending from the sky, fiercely stabbing towards Cao Chong, Cao Chong who was fighting with Sun Bumian felt this scene, he sneered and suddenly swept his sword across towards Ye Han.

However, just as Cao Chong swung this sword, Ye Han's sword had already made contact with Cao Chong's body, and the Dragon Spring Sword was so sharp that it immediately left a hideous wound on Cao Chong's body.

"How?" Cao Chong was appalled, Ye Han's strength was clearly inferior to his, why was he still able to hurt him?

But just as Cao Chong's heart was appalled, Sun Buwei aimed for his chance and the silver spear in his hand was like a furious dragon coming out of the sea, and the supreme spear technique of rowing mountains and overturning seas immediately sent the already injured Cao Chong flying with a single shot.

Poof!

Cao Chong spat out a mouthful of blood and his face turned pale as a result of the blow.

Fortune Chapter 133

Sun Bumian was relieved to see that Cao Chong had escaped. Cao Chong's strength was on par with his. If Ye Han hadn't come out of nowhere and killed those three experts, he alone would have been in grave danger today.

Similarly, Ye Han was also relieved, even though he had wounded Cao Chong, he had no chance of winning against Cao Chong with his current strength alone, who was the 27th ranked expert on the Tiger Ranking.

Seeing that the crisis was over, Zhao Youyou immediately came to Sun Buwei's side and asked with a worried face; "Grandpa Sun, how are you doing? Did you get hurt? I'm sorry, it was Yoyo who got you into trouble."

Hearing this, Sun Bu Mian sighed and said; “Silly girl, if it wasn’t for Zhao Hengtian’s kindness in saving my life back then, there wouldn’t be me now, you don’t have to think too much, it’s actually thanks to this friend today.”

After saying that, Sun Buwei looked over towards Ye Han, Ye Han’s strength was actually quite alarming to him, he was obviously inferior to Cao Chong, yet he was able to wound him with a single sword strike, this strength was beyond the ordinary.

“Friend, my name is Sun Bu Mian, thanks for helping out.” Sun Bu Mian clasped his fist at Ye Han, his pale old face dripping with sincerity.

Ye Han then took off the cloth that was around his face and said; “My name is Ye Han.”

Hearing these words, after looking at that familiar face, Zhao You You instantly couldn’t hold back and burst into tears, running over and hugging Ye Han tightly, just now she looked strong, but in fact it was all pretend, she was scared and worried in her heart, only she didn’t show it, now seeing Ye Han, she just wanted to let out all the emotions in her heart.

“Okay, it’s okay, with big brother Ye around, no one can hurt you, don’t cry, if you cry, you won’t be pretty.” Ye Han rubbed the hair of Zhao You You who was hiding in his arms and crying, from her lightly trembling body Ye Han could feel the fear and helplessness in her heart.

When he saw that Zhao Youyou knew Ye Han, Sun Buwei was astonished. Ye Han was only eighteen or nineteen years old, but his strength was surprisingly high, he was already an expert at the middle stage of Peiyuan. At such an age, he was already at the middle stage of Peiyuan, there were not many geniuses like Ye Han in those great sects.

“Brother Ye, I’m afraid!” Zhao Youyou hugged Ye Han tightly, not letting go, as if she had grabbed the straw that saved her life.

“Don’t be afraid, I’m here, tell me first what’s going on? Where is big brother Zhao? Where did he go?” Ye Han asked as he held Zhao Youyou’s arm with both hands and stared into her eyes. Zhao You You slowly stopped crying and said; “I don’t know where big brother went, I only know that this time it was big brother’s past enemies who came to my door, they are very powerful, big brother he didn’t want to drag you into this, so he sent me to grandpa Sun and didn’t let me tell you what happened, big brother Ye, what should I do?”

Said Zhao Youyou, Zhao Youyou suddenly sobbed again.

Zhao Youyou surprisingly didn’t know where Zhao Hengtian was either, this made Ye Han a little disappointed, he looked at Zhao Youyou who had a tear-stained face and comforted; “Youyou, don’t cry, you have to be strong, don’t worry, big brother Zhao will be fine, now you come back with me, with big brother Ye around, no one can hurt you.”

“Mm, big brother Ye, I’ll listen to you.” It was probably because of Ye Han’s presence that made Zhao Youyou slowly calm down with a determined face. Ye Han then walked over and looked at Sun Bu Mian and said; “Senior, I am Ye Han, Yoyo I want to take with me, I wonder if you are willing to come with us?”

Upon hearing this, Sun Bu Mian said; “If Zhao Heng Tian hadn’t found me, I would never have walked out of this small mountain village in my life, but what I promised him I, Sun Bu Mian, must do, I will go with you, protecting this girl is also my business, anyway, this place is already known by the Heavenly Dignity Society, leaving is only a matter of time.”

Ye Han said; “Good, senior, then pack up and we will depart immediately.”

Sun Buwei shook the silver spear in his hand and laughed; “I have nothing to pack, I will be fine with this old fellow accompanying me, rather this girl has something to pack.”

Zhao Youyou immediately said; “Brother Ye, wait for me for a moment.”

With that, Zhao Youyou ran to the house to pack up.

In the courtyard, Ye Han glanced at Sun Buwei and asked; “Senior knows big brother Zhao, so do you know what all this is about?”

Upon hearing this, Sun Bu Mian’s face flashed with a murderous look as he said; “This matter is related to the Heavenly Dignity Society, back then Zhao Hengtian and Huo Tianzun were enemies, although in the end Zhao Hengtian ended up with a disability and disappeared, but with Huo Tianzun’s character he would not just let it go, now that the Heavenly Dignity Society is getting stronger day by day, it seems that Huo Tianzun wants to get rid of Zhao Hengtian completely, especially Zhao Hengtian who has recovered he wants to get rid of it even more.”

Ye Han said; “So this matter is related to the Heavenly Dignity Society?”

Sun Buwei shook his head and said; “It won’t be that simple, now that the Heavenly Dignity Society is after Zhao Hengtian, I’m afraid that Zhao Hengtian’s enemies from back then all know that he’s back in the kung-fu world, the Shou Yi Sect, Tiger Ranking expert Wang Tiangang, the Ever Victorious Blade Blood Tu, if all these people get involved, the situation will be even more chaotic than it is now.”

Ye Han frowned, it seemed that the matter facing Zhao Hengtian was much more complicated than he had imagined.

Not long after, Zhao You You had already packed up, then the three of them left the village together and headed towards the direction of Xiyu City, in order to take care of Zhao You You, Ye Han and Sun Bu Wei deliberately slowed down their speed, it took them a total of three hours before they arrived at the dirt road to Xiyu City.

But at this time, it was already dark, so Ye Han immediately drove towards the centre of Xiyou City, it was impossible to go back to Shanghai City tonight, so Ye Han directly stayed at a hotel in Xiyou City, ready to rush back to Shanghai City tomorrow.

During this period, Ye Han also gave Lin Baimo a call, asking him to help him see if there were any other villas for sale around where he lived, preferably so that he could move in tomorrow and take Zhao Youyou and Sun Buwei back to Shanghai City.

When he heard that Ye Han was in such a hurry, he did not delay and immediately made some calls. An hour later, Lin Baimo called Ye Han back and said that, coincidentally, there was another villa for sale

right behind Ye Han's villa, but the inner facilities were not as good as Ye Han's villa and the price was more than four million.

Hearing Lin Baimo say this, Ye Han immediately agreed.

After hanging up the phone, Ye Han lay on his bed and thought about the matter, Zhao Hengtian was nowhere to be found, even the Security Bureau could not trace him, which made Ye Han worry and at the same time, his tense nerves relaxed slightly, no news was the best news, the Security Bureau could not find out, I think the Heavenly Dignity Association would be the same.

Fortune Chapter 134

Ye Han put his heart down for the time being, and then called his family back to tell them that he wouldn't be coming back tonight, but of course, calling Zhou Yun'er to flirt and warm up his feelings was a must.

Inside the hotel, Ye Han put down his mobile phone and pressed the remote control in boredom, but as he pressed it a news item attracted him, this news item was about the Zhou's jewellery house founded by Zhou Yun'er.

"This morning, Shanghai City Zhou's Jewelry sent out a message to the outside world that on the seventh day of this month Zhou's Jewelry will hold a grand auction event, and the auction item is a rare piece of natural jade, and the people concerned revealed that this piece of natural jade is worth a lot of money and is highly collectible, in addition to this piece of natural jade, Zhou's Jewelry also revealed to the outside world that in addition to this piece of natural jade, Zhou's Jewelry is also going to The seventh day of this month auction event presents a rare item for everyone to see, there is insider information that the value of this item may be higher than the piece of natural jade that Zhou's Jewellery is going to auction"

Listening to the voice coming from the female presenter inside the TV, Ye Han smiled, it seems that Zhou Yun'er is already working on the matter of the natural jadeite, now that the news has been released, I'm afraid that on the day the event starts, there are bound to be a lot of people from the jewellery industry going to attend, after all, the value of the natural jadeite is immeasurable, and the fact that Zhou's Jewelry will also present an item that is worth more than the natural jadeite will definitely touch many people's hearts.

The seventh, today is already the fifth, there are two more days before the event starts.

Ye Han looked at his mobile phone calendar, it seemed that he could not run around in these days, the event was starting, he also had to help look after the event, and Zhou Yun'er wanted him to show up at the event.

At this moment, a knock came at the door, Ye Han penetrated the door and immediately found that it was Zhao Youyou, the girl standing outside the door, immediately Ye Han got up and went to open the door.

"Brother Ye, you haven't slept yet? Can I go in and have a seat?" Seeing Ye Han open the door, Zhao Youyou asked with an expectant look on her face.

Ye Han smiled; "Come in, it just so happens that I also have something I want to talk to you about."

Leading Zhao You You into the door, Ye Han poured her a glass of water, but he found that this girl was a little squirmy, not at all like the Zhao You You he used to know, as if she had trouble saying something.

“What’s wrong?” Ye Han asked as he sat down opposite her.

Zhao Youyou blushed and said; “Brother Ye, can I sleep here with you later? Sleeping alone, I’m afraid!”

Hearing this, Ye Han smiled and said; “Of course you can, later on you go to sleep on the bed, I’ll make do here for the night.”

Hearing this, a look of loss flashed across Zhao Youyou’s eyes, but she was still very happy that Ye Han had let her stay, she had been worried about Zhao Hengtian all these days and basically hadn’t slept well, it was only with Ye Han’s presence that she was able to quieten that heart of hers, only with Ye Han could she feel at ease.

Ye Han said; “Right, You You, let’s go to Shanghai City tomorrow, I’ve already found a place to stay, it’s in a villa behind my house, it’s very close, so it’s also convenient for me to take care of you.”

When Zhao Youyou heard this, she immediately asked quietly; “Brother Ye, can’t I live with you and Sister Ye Qing and the others? I don’t want to be alone, Grandpa Sun only focuses on practicing his marksmanship every day and I don’t even have someone to talk to.”

Upon hearing that, Ye Han thought about it and said; “Alright then, when we get back to Shanghai City, you can go and stay at my place, you won’t be too lonely with my sister and the girls around.”

It was indeed a bit inappropriate to let Zhao Youyou, a girl, live with an old man like Sun Buwei. Moreover, Zhao Hengtian had just had an accident and Zhao Youyou needed someone to comfort her now.

Zhao You You’s heart was so happy that she jumped up and kissed Ye Han; “Thank you Brother Ye.”

This nee-san! Ye Han laughed bitterly and continued; “Also, before big brother Zhao returns, you can’t run around without my permission, but you don’t have to worry too much, with big brother Zhao’s strength in danger even if you can’t beat him, there is no problem escaping.”

Zhao Youyou nodded and said; “Big brother Ye, I’m sorry, big brother originally didn’t want to cause you any trouble, but I didn’t expect to get you involved in the end.”

“This is of my own free will, it has nothing to do with you, do you think that I, Ye Han, would sit back and do nothing when big brother Zhao is in danger?” Ye Han shook his head and said; “Alright, don’t think about it so much, go to sleep, we’ll go back to Shanghai City first thing in the morning.”

“Mm, big brother Ye, then you should also rest early.” After saying that, Zhao You You got up and walked towards that big soft bed, then wrapped herself in the quilt and soon went to sleep, all kinds of worries were added to her during this period of time, in fact, she was also tired, feeling that Zhao You You had fallen asleep, Ye Han also sat cross-legged on the sofa and started to cultivate.

A night passed in this way, although his own room last night sleeping a big beautiful woman, but Ye Han did not have other thoughts, for Zhao Youyou, he is treated as a sister.

After having a breakfast in Xiyu City, Ye Han drove Zhao You You and Sun Bu Mian towards Shanghai City. After years of avoiding the world and cultivating, without leaving the mountain village, he saw for the first time that the outside world had become more prosperous than before, and Sun Bu Mian was overcome with emotion. What kind of changes will there be in the future? He did not think about what kind of dangers he would experience.

Perhaps, while it is true that one can improve one's strength by avoiding the world, what is the point of cultivating without the passionate feelings of youth? In the end, it would still be reduced to a cup of dust.

"Avoid the world, go out of the world Perhaps I made the wrong choice at the beginning!" Sun Bumiputra lamented, avoiding the world and going out of the world are in fact essentially no different, in the midst of the rolling red dust as long as one stays true to one's nature, it is still a kind of cultivation, in a word, if the heart is not still, what is the difference between avoiding the world and going out of the world? If one's heart is still, even in the midst of this bustling city, one can still cultivate and pursue a higher realm of martial arts.

"Congratulations, senior, on your new enlightenment!" Feeling that fluctuation coming from Sun Buwei's body, Ye Han said with a smile.

"Haha, after many years of exposure to the red dust again, I just had some feelings for a while. Sun Bu Mian laughed, at this moment he seemed to be much younger, and had returned to the state he was in when he was in the underground world.

By noon, Ye Han had already returned to Shanghai City in his car. The first thing Ye Han did when he returned to Shanghai City was to buy the building behind his villa and let Sun Buwei live in it, with Sun Buwei as an expert here, not only could he deal with unexpected events, but when he had nothing to do, Ye Han could also ask him for advice on martial arts.

Fortune Chapter 135

After arranging for Sun Buxiang, Ye Han took Zhao Youyou towards his home, and as soon as he entered, he saw that in addition to the two big and one small women in the family, Zhou Yun'er was also here in the living room.

"Yun'er, why are you here?" Ye Han brought Zhao Youyou into the villa.

Hearing this, all the women inside the living room looked towards him, and Zhou Yun'er's eyes were a bit sultry as she said; "What, can't I come here with you? Certain people shouldn't be too heartless!"

Ye Han sweated profusely in his heart and hurriedly said; "Why not, Yun'er, I can't wait for you to come."

"That's more like it, I heard from Sister Ye Qing that she brought back a pet from Teng Chong, so I came over to take a look, this little guy is quite cute." Zhou Yun'er said with a happy face as she held the little tiger in her arms, although the little tiger was a little upset about being hugged around by these few women, but through these few days of life, it had resigned itself to its fate, it knew that asking Ye Han for help was simply a waste of time, in the end it would still end up in the hands of these few women.

“Brother, who’s the young lady behind you?” Little Qingcheng was sharp-eyed at this time and noticed that there was still someone standing behind Ye Han, and immediately came over with a curious face. Zhou Yun’er and Ye Qing likewise noticed the woman standing behind Ye Han at this time, and they immediately stood up.

“Sister Yun’er, Sister Ye Qing.” Zhao Youyou stood out from behind Ye Han and wriggled and shouted.

Seeing that it was Zhao You You who had arrived, Ye Qing and Zhou Yun’er were both quite happy and hurriedly greeted her as she sat down, as for Fire Phoenix who sat gracefully to the side, squinting her eyes as she sized up Zhao You You, Ye Han sat down next to her and asked; “Have you still not found out news about Brother Zhao on your side?”

Fire Phoenix shook his head and said; “Zhao Hengtian’s skills are not weak, our people are still having trouble finding out his exact location for a while, but you little fellow are quite fast, you picked her up so quickly, how is it, is everything still going well?”

Ye Han said; “It was sort of a scare, if I had gone one step later, this girl would only have been taken away by the people of the Heavenly Dignity Society.”

“The Heavenly Dignity Society, you fought with them?” Hearing Ye Han’s words, Fire Phoenix frowned.

Ye Han nodded; “Killed a few people, but I alone would not have the ability to snatch someone from the hands of the Heavenly Dignity Society’s experts, I have brought an expert back with me this time, do you want to meet?”

“An expert? What kind of expert?” Fire Phoenix’s pair of beautiful eyes gazed at Ye Han and asked.

“Of course it’s a very powerful expert, it’s thanks to him that Zhao Youyou didn’t get into trouble, I’ll have my sister make some delicious food tonight and invite him over for you to meet then.” After saying this, Ye Han said to Ye Qing; “Sister, something has happened to Yoyo’s family, she might stay at our house for a while, later on you take her upstairs to pack a room out, make some delicious food tonight, there will be guests coming.”

Ye Qing patted Zhao You You’s hand and said with a smile; “You You are staying at our house, so we have another person in our house, it’s more lively, You You You, don’t treat yourself as an outsider here, if you have anything to say to Xiao Han and me.”

“Sister Ye Qing, I’ve given you all a lot of trouble.” Zhao Yoyo said with her head bowed.

“Why not, we can’t be happy enough that you’re staying here, come on, Sister will take you upstairs to see the rooms and we’ll cook a delicious meal together later.” After saying that, Ye Qing took Zhao You You upstairs, seeing Zhao You You leave, Little Qingcheng said with a dissatisfied mouth; “Brother is a big pervert, he has hooked up with another beautiful sister back, isn’t it enough to have me inside the house, four super beautiful girls with you, Sister Fire Phoenix, Sister Ye Qing and Sister Yun’er? You’re not enough? Men really are all very philandering.”

After saying that, this girl sighed in an old-fashioned manner, making it seem as if she herself had experienced the vicissitudes of the human world.

When Fire Phoenix and Zhou Yun'er heard her say this, they snickered, this little girl was just too cute sometimes!

Ye Han's face darkened as he glared at Fire Phoenix and said; "You're laughing my ass, this girl wasn't taught by you to be promiscuous, how pure she used to be."

"Hehe, that's because our little Qingcheng has the talent to become a little devil girl, once she's taught, Qingcheng, come, come into sister's arms."

Seeing Fire Phoenix's open hands, Little Qingcheng threw the little tiger in her arms with one hand, dropping the little thing with a painful grunt, climbing up with a disgruntled look, her eyes full of aggression, inside the forest it was the king, but here the little tiger was aggrieved when she thought about it! I regret that I should not have gotten into Ye Han's boat and was tricked by a rabbit meat.

Little Qingcheng enjoyed staying in Fire Phoenix's arms and leaning her head on top of her big pair of boobs, which of course, she was envious of.

Fire Phoenix continued; "Qingcheng, in the future, when dealing with those philandering men, sister will teach you a way."

"What way?" Little Qingcheng's eyes lit up and looked straight at Fire Phoenix. Fire Phoenix then whispered in her ear, after hearing this, the little girl immediately let out a shriek of surprise, then blurted out; "No, no, cut that off, what should I do if my brother pees?"

Ye Han had just picked up the aggrieved little tiger at this time and held it in his arms to comfort it, but as soon as he heard Little Qingcheng's words, his jugular tightened and he couldn't help but tighten that thing between his legs, that face was as black as anything, what the hell was this dead woman, Fire Phoenix, teaching her?

"That, Yun'er, let's go upstairs for a stroll." Ye Han didn't dare to listen any further, in a moment, it was possible that something else would come out of that little girl's mouth that would not be shocking. Immediately, Ye Han pulled a laughing Zhou Yun'er upstairs and went straight to his room, even locking the door behind him.

"Ah, bastard, what did you do? Sister Ye Qing and the others are still here"

"Hey, hey, Yun'er, what do you think you're doing?" In a short while, a soul-crushing sound came out from inside Ye Han's room, but afraid of being heard by Ye Qing and the others, Zhou Yun'er restrained her voice to death, but this stimulated Ye Han even more, brave as a tiger.

It was not until four o'clock in the afternoon that Ye Han and Zhou Yun'er came downstairs, but the two of them acted as if nothing had happened, as if they had done nothing for the past three or four hours, and the fire phoenix directly despised them, pretending to be so.

The two of them seemed to be doing nothing for the past four hours.

Fortune Chapter 136

"You guys are cattle, aren't you? So capable of tossing people around."

Looking at the two people walking down from upstairs, Fire Phoenix gave Ye Han a white glance, although they tried their best to pretend that nothing had happened, but the unnaturalness Zhou Yun'er showed when she walked was still seen by Fire Phoenix, this guy had been up there for four hours, how could ordinary women in general stand him ah.

When she heard Fire Phoenix's words, Zhou Yun'er's face turned red and she didn't dare to look at Ye Qing and Fire Phoenix. Secretly, she gave Ye Han a fierce squeeze, blaming this bastard for doing that at this time, causing her to be ashamed of herself now.

Ye Han's skin was thick, he pretended not to feel it, and sat down on the sofa by himself, but his face still reddened when he came into contact with his sister Ye Qing's gaze, and he said with a slightly unnatural expression; "Sis, I'm with Yun'er she"

"Little chill, you don't have to say it, I know all about it." Ye Light put on a smiling face and smiled at Ye Han, but her own heart was fiercely seized up, very painful and painful, immediately she stood up and said; "Yoyo, it's getting late, let's go and cook."

Zhao Youyou nodded and stood up, at this time Zhou Yun'er also stood up and took the initiative to hold Ye Qing's hand and smiled; "Sister Ye Qing, I'll help you guys."

Ye Qing smiled, and then the three women walked together towards the kitchen.

The living room was left with Ye Han, Fire Phoenix and Little Qingcheng, seeing the three women go to the kitchen, Fire Phoenix kicked Ye Han and said; "Little guy, you're quite capable, you can make so many women fall under your poison, but the blessing of being together is not good, be careful one day the jealousy altar will be tipped over and you will suffer."

"What are you talking about?" Ye Han glared at Fire Phoenix and said; "Right, you guys hurry up and get my business done, this is the condition for me to agree to join you, otherwise you don't think I will help you sell my life."

"Look at you in a hurry." Fire Phoenix gave Ye Han a white glance and said; "Don't worry, although China is big, it's not difficult for us to find someone, even if he Zhao Hengtian hides in a dog hole I'll find him for you, now you should worry more about yourself, you brought back Zhao Youyou and also fought with the people from the Heavenly Dignity Society, if you let them find out about you, your days of peace will come to an end."

Ye Han said; "Don't worry about that, I hid my identity when I fought with the people from the Heavenly Dignity Society, I think as long as Zhao Youyou doesn't go out and show her face, they won't be able to find out about me for now."

"That's the best, by the way, let me tell you one thing, I'm going back to Yanjing after a while, if anything goes wrong that can't be solved, remember to call me."

Hearing these words from Fire Phoenix, Ye Han was surprised; "You're leaving?"

Fire Phoenix nodded, her mission of coming to Shanghai City to draw Ye Han into the Security Bureau had been completed and she had to rush back to Yanjing to resume her duties, there were still many things inside the Security Bureau waiting for her to go back and deal with, she couldn't stay on this side of Shanghai City all the time.

“So soon!” Ye Han sighed with emotion in his heart, having gotten used to Fire Phoenix living here, when he suddenly heard that she was leaving, Ye Han was still a little sad inside his heart.

“What’s wrong, you can’t let your sister leave?” Fire Phoenix giggled and said; “If you miss my sister, you can go to Yanjing and find me, then I will promise you whatever you want.”

Hearing these words, Ye Han’s heart swelled, his mind was considering if it was time to really go to Yanjing for a walk, it was the capital of China, the place where the great men of the past generations lived.

“Hey, hey, woman, that’s what you said, don’t back out when the time comes.” Ye Han heatedly smiled, before Fire Phoenix could reply, he got up and walked out of the villa, towards the villa behind him, Ye Han arrived outside the villa where Sun Bu Mian lived, he then saw in the courtyard of the villa, Sun Bu Mian was holding a silver spear in his hand, walking as if a dragon and tiger were running, the momentum of his spear had the power of sweeping a thousand armies.

As he practiced his spear technique, the whole courtyard seemed to be enveloped by a terrifying aura, extremely oppressive, and in the face of this aura Ye Han did not dare to walk into the courtyard.

However, as he watched Sun Bu Mian practising his spear technique like a madman, Ye Han did not disturb him. Sun Bu Mian was known as the King of the Indestructible Spear, and his Indestructible Spear Technique was so brave and fierce that he looked like a strong man despite being over 60 years old.

Boom!

At this moment, only to see the silver spear in Sun Bu Mian’s hand come out of his hand and shoot directly onto the ground in front of him, the body of the spear sunk into the earth to a depth of more than a metre, with this strike, Ye Han felt the ground beneath his feet shake.

“Senior’s good marksmanship!” Ye Han applauded as he walked into the courtyard of the villa and looked at Sun Buwei and smiled.

Hearing Ye Han speak, Sun Buwei turned his head to look at him and smiled; “Your swordplay isn’t bad either, and since you possess such a famous sword as the Dragon Spring, with your talent and strength you might be expected to be ranked into the Dragon Ranking in the future.”

“Hehe, borrowing senior’s good advice, living here I wonder if senior is still used to it?” Ye Han smiled.

Sun Buwei nodded and smiled; “Right now for me living anywhere is the same, it’s just that this mansion should break your bank quite a bit.”

“Senior is serious, as long as senior is used to living here, I’ll be relieved.” Ye Han laughed; “When Brother Zhao comes back, I will also let him live here, so the two of you will have a companion.”

At those words, Sun Buwei’s eyes lit up, if Zhao Hengtian really lived here, then he could just learn how big the difference between him and Zhao Hengtian was now, but thinking of Zhao Hengtian’s current situation, Sun Buwei let out a sigh in his heart.

As if he knew what was in Sun Buwei’s mind, Ye Han smiled and said; “Senior, don’t worry, Brother Zhao is lucky, he will be fine.”

After saying that, Ye Han began to invite Sun Buwei to his home. Upon hearing that he was going to eat, Sun Buwei's eyes immediately lit up and said; "Do you have any wine to drink? It's been some years since I touched wine, I've almost forgotten what it tastes like."

"Naturally there is wine, senior please." Then, under Ye Han's leadership, the two of them arrived at his home, at this moment, several women were working together, and a sumptuous dinner table was already seated, looking at these several warblers inside Ye Han's home, Sun Bu Mian was very surprised, these several women inside the house were all beautiful, when they stood on the street, the turn-around rate was definitely 100%, but such beautiful several women were all gathered inside Ye Han's home. This made Sun Buwei admire Ye Han a little bit, this kid is not only powerful, this picking up girls is also not weak ah.

When Fire Phoenix saw Sun Buwei, her expression immediately froze, Sun Buwei had become famous in the underground world a long time ago, but the Security Bureau still had his information, so Fire Phoenix knew him, but what Fire Phoenix did not expect was that Sun Buwei, who had disappeared for several years, was the expert Ye Han had brought back, the weight of a Tiger Ranking expert was quite heavy.

In the whole of China, the number of Tiger Ranking experts could be counted.

However, with Sun Buwei, a Tiger Ranking expert, here, Fire Phoenix's heart was relieved, so she could leave here without worry.

Fortune Chapter 137

Sun Bu Mian did not know Fire Phoenix, but Fire Phoenix knew him, so Fire Phoenix did not identify herself. Of course, an expert's intuition, at the first sight of Fire Phoenix, Sun Bu Mian knew that this woman was not simple, she was not just big-breasted, her strength was also very powerful.

It was a rich dinner, several women cooked together, each with their own specialties, but at the dinner table, except for Fire Phoenix, several other women kept putting dishes into Ye Han's bowl, these dishes were all carefully made by them, they all wanted Ye Han to taste their own handiwork.

So, Ye Han ate three or four bowls of rice in a row before he started to drink with Sun Bu Mian. The two of them drank white wine of over 70 degrees, but because they were martial artists, both Ye Han and Sun Bu Mian could drink well.

It was not until ten o'clock in the evening that Sun Buimian went back with a bit of drunkenness, but when he left he also took away a few bottles of Ye Han's good wine, for which Ye Han naturally did not care, Sun Buimian wanted to drink, no matter how much wine he could manage.

Now it is rather late, so Ye Han took the initiative to take the heavy responsibility of sending Zhou Yun'er home. Luckily, Zhou Yun'er did not drive over when she came, but from this we can also see that this woman had already made up her mind before to let Ye Han send her back, that's why she did not drive over herself.

Driving his baby mama x6, Ye Han drove Zhou Yun'er towards the Jing Shan villa area, because it was night time, so the traffic was not crowded, twenty minutes later Ye Han had already delivered Zhou Yun'er to the door of his house.

“Let’s go, go in and sit for a while, grandpa should still be awake.” After getting out of the car, Zhou Yun’er took the initiative to hold Ye Han’s hand and opened the door and walked in, that look, clearly a couple in love, not the least bit worried about being seen.

Just as Zhou Yun’er had said, Zhou Mingshan had not yet gone to bed, and was making tea in the living room, sipping it slowly.

When he saw Zhou Yun’er and Ye Han walk in, Zhou Mingshan’s gaze was placed on the two of them holding hands, and suddenly laughed; “You girl didn’t come home for most of the day, I thought you were working, but it turns out that you went to have a rendezvous with this kid, and you only came back now.”

“Grandpa, what are you talking about.” Zhou Yun’er glared at Zhou Mingshan, then pulled Ye Han to sit down on the sofa, Ye Han hurriedly said; “Grandpa Zhou, you haven’t slept yet?”

“Oh, you brat has abducted my granddaughter, can I sleep? Here, have a cup of tea to refresh your mind.”

Ye Han took the cup of tea then swallowed the tea in one gulp, just now he was actually thirsty after drinking so much white wine with Sun Buwei.

Zhou Mingshan looked at Ye Han and said; “Little Han, I have carved the two natural jadeite pieces, tomorrow is the day the auction starts, when it is unveiled, it will definitely cause a sensation, I, Zhou Mingshan, have never carved a natural jadeite for so many years, these two jadeite pieces are also my masterpiece, if it is not because of the need, these two jadeite pieces say I would have grabbed them in my own hands.”

Hearing this, Ye Han laughed and said; “Grandpa Zhou, I naturally trust your craftsmanship, I will find two more natural jadeite pieces for you when I have the chance later.”

“You brat, do you really think that natural jadeite is a stall item that can be found whenever you want? It’s a rare and unattainable item, it takes many years to form two pieces.” Zhou Mingshan blew his beard and glared at Ye Han, and continued; “The toad containing the pearl is already a rare and precious item, but the second piece of phoenix with wings is even more lifelike, and it is difficult to find a jadeite comparable to it in the world, you are really generous, giving such a priceless piece to this girl Yun’er.”

“Hey, for me, Yun’er is the priceless treasure.” Ye Han grinned and wrapped his arm around Zhou Yun’er’s small waist as Zhou Mingshan continued; “Alright, you guys find a place to talk about mushy love words, Little Han, the day after tomorrow is the day that you and I formally establish our relationship as master and disciple, there will be many people coming to congratulate us then, among them, there are my friends and maybe my rivals as well, so you have to improvise during the master worship ceremony, we don’t cause trouble, but not afraid of trouble either.”

“Grandpa Zhou, I understand.” Ye Han nodded and said. Zhou Mingshan, as the gambling king of southern China, had friends, and only naturally, he had opponents as well, and when he accepted a disciple, whether it was an invited friend or an uninvited opponent, they would probably all come.

After having tea with Zhou Mingshan at Zhou Yun'er's villa for a while, Ye Han left under her fond gaze. Zhou Yun'er wanted to leave Ye Han behind, but with Zhou Mingshan around, she still did not dare to act too boldly, unless her family approved of this relationship between them.

After leaving Zhou Yun'er's villa, Ye Han immediately drove towards his home, today was already the 6th, tomorrow was the start of the Zhou's Jewellery Week auction, he had to go and participate in it, and after the auction, it was Zhou Mingshan's turn to formally accept him as his disciple, these two events came together, within these two days, Ye Han was not going to be able to live his life freely.

The next morning, Ye Han put on the brand-name suit Zhou Yun'er had prepared for him, wearing a white shirt and tie, and a pair of shiny leather shoes, making Ye Han look incomparably handsome, as if he was a business elite.

When they came downstairs, except for Little Qingcheng who was still sleeping, the three women inside the villa saw Ye Han wearing formal clothes for the first time, they all froze, because at this moment, Ye Han made them feel particularly handsome, a marked handsome man type.

"Big brother Ye is so handsome, yo!" Looking at Ye Han at this moment, Zhao Youyou said with a flowery face, those big eyes were full of love and admiration, as if she had seen her favourite star.

Ye Qing was also looking at Ye Han in a daze, the dressed up brother was so handsome, just like the brightest planet among the stars in the night sky, dazzling and shining.

"Cut, the human model, both of you wake up, this guy dressed up so handsome, only afraid that this go out, when later back in this house will be another woman." At this time, Fire Phoenix looked at Ye Han and said with an unhappy face. Hearing this, Ye Qing and Zhao Youyou's faces both reddened, Ye Han looked at Fire Phoenix and said reluctantly; "I say, Fire Phoenix, you are fooling around, I am going out to do business, don't give me nonsense."

Ye Qing then stood up to fix Ye Han's tie and said; "Little Han, be more spirited, sister rarely sees you dressed so handsomely, go, we are waiting for you inside the house."

Fortune Chapter 138

Ye Han drove his car to the place where the auction event started, this is a large business hotel, one of the floors is often used for auction rentals, today Zhou's jewellery has rented this floor, the auction event started at 12 noon, but when Ye Han arrived here, this business hotel was already parked with many famous cars.

What Farayi, Bao Ma, Rolls-Royce and so on could all be seen here, Ye Han got out of the car and dialed Zhou Yun'er's number, not long after, Zhou Yun'er did not come, but a city woman in a professional suit came towards Ye Han, looking at Ye Han leaning against the car window smoking, a casual look, this woman frowned slightly, this was the person the chairman wanted to pick up himself?

"Hello, may I ask if you are Mr. Ye Han?" Out of politeness, the woman still asked towards Ye Han.

Ye Han put out his cigarette, nodded and said; "Exactly me, may I ask who you are?"

"Mr. Ye, hello, the chairman of the board can't leave right now, she asked me to come down to pick you up, please follow me." The woman said to Ye Han, Ye Han nodded and then followed her inside the

business hotel, Ye Han looked at this woman was quite pretty, but her temperament was a bit close to Zhou Yun'er in the past, she belonged to the cold and icy type, Ye Han did not communicate with her, not long after, the two arrived at the top floor of the hotel, after seven turns they arrived at the backstage of the auction house, at this time, Zhou Yun'er was busy in here, seeing When she saw Ye Han coming, she walked over to him with a happy face and fixed his clothes and said with a smile; "You really can't tell if you don't dress up on a regular basis, wearing formal wear suits you quite well, not bad, very handsome, how about it, I have a good eye for picking out clothes for you, right?"

Ye Han heatedly smiled, holding Zhou Yun'er's small waist and said; "That's for sure, don't even look at who my wife is!"

"Don't be poor, I'm so busy now, you didn't know to come over earlier to help me." Zhou Yun'er beamed her little mouth and gave Ye Han a white glance, that look was also very cute, seeing this, the Zhou's jewellery employees who were working around were a bit dumbfounded, was this still their beautiful chairman who was usually like an iceberg?

The woman who brought Ye Han here just now was also very surprised looking at the two, she and Zhou Yun'er had a good relationship, although in private Zhou Yun'er was easy to get along with, but she was never cold when there were outsiders around, especially for men, but apparently, Zhou Yun'er had changed at this time, changed herself for a man.

"Could it be that the chairman is in love?" The surrounding employees looked at the two somewhat dumbfounded.

Probably noticing the gazes of those employees around, Zhou Yun'er's face flushed and she immediately knocked off Ye Han's hand and said; "Be decent, someone is watching."

"What are you afraid of, are you afraid that people will know that this flower of yours has been plucked by this handsome man?" Ye Han was a bit displeased.

"Nasty, what are you talking about?" Zhou Yun'er dug at Ye Han, and seeing this intimate look between the two, the woman standing beside them coughed and said; "Chairman, the auction event is about to start."

Hearing this, Zhou Yun'er smiled at her; "Mo Shu, come, let me introduce to you, this is my boyfriend, his name is Ye Han. She is Mo Shu, she is the marketing director of our jewellery house, let me tell you ah, you are not allowed to hit on her."

Saying that, Zhou Yun'er gave Ye Han a warning look.

Ye Han gave the woman a blank look, he didn't think he was a pig, he wanted to pick up women when he saw them, then Ye Han shook hands with the woman called Mo Shu, then Mo Shu handed Zhou Yun'er a list and said; "Chairman, this is the list of people attending the event today, take a look at it, if there is nothing wrong, we can start when the time comes."

Zhou Yun'er took the list and glanced at it, then she smiled at Ye Han and said; "Look, there are quite a few big wealthy people coming."

Ye Han glanced at the top of the list and immediately smiled, there were clearly the names of Ning's Jewellery and Guo's Jewellery on the list, these two were his old acquaintances, it seemed that they still

hadn't given up on that piece of jadeite, of course, the domestic Liu's Jewellery had also come. There were also some other large and medium sized jadeite merchants or well-known jadeite collectors.

There were also big consortia from abroad involved, but these people Ye Han did not know.

"It's just as well that they've come, these guys aren't short of money anyway." Ye Han grinned and said.

At this time, Zhou Yun'er took out a piece of paper and handed it to Ye Han and said; "Take it, this is the speech I wrote for you, hurry up and write it down, later I am going to let you host the first round of the auction yourself, that jade is yours anyway, how much you can buy it for depends on your own eloquence."

Hearing Zhou Yun'er's words, Mo Shu was astonished, she had thought that the jade that was about to be auctioned was the one Zhou Yun'er had plucked back from Tengchong, but she had not expected that the owner of that jade would be the man's in front of her.

Ye Han glanced at the speech Zhou Yun'er had given him, and immediately laughed; "What, you want to use your husband as a servant, fine, watch your husband perform for you later."

"Screw you, hurry up and take notes, there's still half an hour before the auction event starts."

When the time came at twelve o'clock, a handsome Ye Han came from the backstage to the lectern. There were simply too many people who had their hearts set on it.

When Ye Han arrived at the podium, all eyes fell on him, waiting quietly for him to speak, but standing on the podium Ye Han still felt some cold stares, for these old acquaintances in Tengchong Ye Han did not bother to look at them.

"Everyone, my humble servant Ye Han, on behalf of Zhou's jewellery welcome you to Shanghai City to participate in this event, I believe you have heard before this, the finale of this auction is a rare natural jadeite, and this natural jadeite has been through the hands of the southern gambling king Zhou Mingshan old man, turned into a very rare and unparalleled treasure"

As Ye Han said this, the atmosphere of the entire auction hall immediately fell into a state of fire, a piece of natural jade was already enough to make them go crazy for it, but now this piece of natural jade had also passed through the hand of the Southern Gambling King Zhou Mingshan, then the value of this piece of natural jade would be even greater.

Who here does not know who Zhou Mingshan is? He is the Southern King of Gambling Stones, a legendary master carver with unparalleled skills.

Seeing that the atmosphere of the auction hall had become hot, Ye Han smiled slightly and continued; "As we all know, natural jadeite is a priceless treasure, its value is immeasurable"

"Cut the crap, just quote a reserve price, the rest is out of your hands." At this point, someone inside the auction house could not wait any longer and shouted directly at the top of his lungs, his words also resonated with the surroundings, they were here to bid on the natural jadeite, not to listen to someone's nonsense.

Fortune Chapter 139

Seeing the scene become a little chaotic, Ye Han stood on the lectern with a faint smile, handsome and handsome, his hands lifted up and pressed down towards the surroundings, and as this action of his unfolded, the auction hall which seemed a little rowdy just now became quiet in an instant, each eye gazing at him, as if the young man on that lectern was the core of the entire auction hall, leading with full power.

“What a strong ability to control the venue!” Seeing the leadership power emanating from Ye Han’s body at this time, Mo Shu, who was standing in the background with Zhou Yun’er, peeped out with a surprised look in her eyes, this chairman’s boyfriend seemed to have some small skills as well. As for Zhou Yun’er, she was already staring at Ye Han with an enchanted look in her eyes.

Seeing this, Mo Shu rolled her eyes, was this still the Zhou Yun’er she knew? She was just a little woman caught in a web of love, her heart was all on that man on the lectern.

“Mo Shu, do you think he’s handsome?” Zhou Yun’er looked at Ye Han who was talking eloquently on the lectern and asked with a happy face.

Upon hearing this, Mo Shu gave her a white glance and said; “Yun’er, you’ve been enchanted by that boy, haven’t you? You don’t look anything like the businesswoman I know now.”

Zhou Yun’er laughed; “You’ll know when you fall in love.”

After saying that, she continued to look at Ye Han on the lectern, at which point, Ye Han continued; “I know your thirst for natural jadeite, so I will not drag my feet like a pussy, and now the auction will officially begin.”

Hearing these words, a burst of applause rang out in the auction hall, and then a woman in a cheongsam came up with a glass tray, and there was a pair of bracelets inside, Ye Han looked at the pair of bracelets and smiled; “To lighten the atmosphere, let’s first auction off two small items for good luck. The starting price is five million dollars, I think all the ladies and gentlemen present are very fond of it, this pair of bracelets can ward off evil spirits for men, contraception for women, grooming for husbands, and protection for wives from the old king next door.”

Hearing Ye Han’s words, the whole auction hall roared with laughter, that tense atmosphere was much soothed by such laughter.

“This dead man, what’s all this talk about la!” Zhou Yun’er looked like she was crying and laughing in the background, these words were not written by her. Mo Shu smiled, this little husband of Zhou Yun’er was a bit interesting.

“Haha, this kid is really a talent, good, I’ll bid six million for this pair of mandarin duck bracelets.” Inside the auction room, someone immediately laughed out loud and made an offer.

“Oh, a wife with it can prevent the old king next door, good, just for that seven million I’ll take it.”

“Hey hey, this thing can also prevent pregnancy, fine, I’ll take it home and try it on my mother-in-law, eight million.”

“Hmph, vulgar, uncultured bumpkin.” Inside a box inside the auction house, Ning Feng looked at Ye Han with a cold face, last time he lost a lot of money in Teng Chong, all because of Ye Han, because of this he almost lost his heirship back to Ning’s jewellery.

“Feng’er, I heard that it was at his hands that you slaughtered the heel last time, causing our Ning’s Jewellery to lose a lot of money, don’t underestimate him.” Beside Ning Feng also sat a middle-aged man of about 40 or 50 years old, who looked at Ye Han on the lectern and said with an indifferent expression.

“Second Uncle, one day I will make this bastard pay.” Ning Feng looked at Ye Han on the lectern and said with hatred.

“There’s no rush on this, let’s take that natural jade first.” Ning Siyuan said indifferently, and then he closed his eyes, waiting for the finale item to appear.

“Black Crow, I heard that this Zhou’s Jewellery is auctioning off a valuable jadeite today, did you bring me here for this jadeite?” Inside a box not far from Ning Feng and the others, a man with a somewhat hard face asked towards a long-haired man beside him.

Upon hearing this, the long-haired man said with a heated smile; “Iron Leg, I heard that the Hall Master needs a good jadeite to help him cultivate the White Jade Hand, and since this Zhou’s Jewellery is auctioning off such a jadeite I would take it down and give it to the Hall Master, wouldn’t it be a great feat then.”

He looked at Crow and said, “They say that you, Black Crow, are as meticulous as a hair, and it seems to be true, the Hall Master cultivates the White Jade Hand, and our Blood Hand Hall has put a lot of effort into jade over the years. Don’t get your hopes too high, and don’t mess around, there are some people in here that we can’t even touch.”

“Hehehe, that depends on whose hands it is in.” Black Crow grinned, and an eerily cold aura immediately emerged from his body.

The bidding in the auction hall stopped, and in the end, the pair of mandarin duck bracelets were bought by a noblewoman for thirteen million dollars, and when the pair of mandarin duck bracelets were auctioned, the noblewoman even let loose on Ye Han, but unfortunately Ye Han was not attracted to her, his own mother-in-law was still watching in the background, so he did not dare or want to make eyes at other women.

The second item was a piece of emerald, the same one Ye Han had found in the Shanghai antique market last time, but this piece of emerald had been made into a full set of twelve zodiac jade pendants by Zhou’s jewellery carver, the forms of the twelve animals were alive and well, the workmanship was extremely exquisite, from this it could also be seen that Zhou’s jewellery carver was also good at his craft.

The starting price for this full set of twelve zodiac jade pendants is \$50 million, but there are many people who are attracted to it. Making a full set of twelve zodiac jade pendants from a single emerald is not a common thing, and has a great value for collection, and also has a strong appreciation potential.

So, there were quite a few people vying for this one item, and the process was rather intense, with this second item finally being bought by Liu's Jewellery for \$360 million.

Once the two items had been auctioned off, everyone was now waiting with bated breath for the last item to come out.

Seeing the incomparably expectant faces below, Ye Han smiled, and with a glance, he saw that those who were sitting inside the boxes had already lifted the curtains and were gazing at the lectern.

As the saying goes, when enemies see each other, the moment their eyes met, all three of them became indifferent. However, apart from Ning's Jewellery and Guo's Jewellery, there were some people Ye Han did not know, these people were both domestic and foreign, but those who could enter inside the box were all big money masters, maybe that piece of jade would be bought by these money masters later on.

The jade was in the shape of a toad, with legs and eyes, and the carving was incomparably exquisite, as if it had not been processed at all, but this also showed how Zhou Mingshan's carving skills were astonishing.

The first time he saw the finished natural jadeite, Ye Han was dumbfounded, because it was so beautiful that even he was moved by it.

Fortune Chapter 140

This piece of "Toad Containing Pearl" immediately attracted the attention of all the people in the auction room, and all eyes were fixed on it, their eyes were shocked, not to mention that this is a piece of natural jadeite, the value is immeasurable, just to say that its workmanship is extremely fine, it is difficult to find such a fine workmanship in the world, it can be described as a ghostly carving art.

The unparalleled value of the piece, coupled with the artisanal craftsmanship, instantly caused a burning desire to arise in the hearts of the people in the auction room, as each gaze became greedy and possessive.

Even Ye Han himself could not bear to auction it off at this moment. This piece of natural jadeite was originally unparalleled in the world, and now with Zhou Mingshan's carving skills, it could only be described in two words: perfect!

There was not a single flaw to be picked out.

Ye Han sighed in his heart, carving was an art, he had underestimated this industry before, the art of carving could bring a dead and dull object to life.

"It's perfect, it's truly a work of art without equal!" Many people in the auction room exclaimed, and many who had not seen the face of the jadeite at the beginning were already contacting to expand their funds, and had to take this rare piece today, no matter what they said.

"Oh, buy karma! Mr. Michael, I dare say this piece will never be found in the world to match it, I didn't expect this little Zhou's jewellery to come up with such a rare piece, it's incredible!" Inside one of the boxes, a tall, sexy and hot foreign woman looked at the lectern with shocked eyes.

Sitting next to her was an old foreign man of about fifty years old, wearing a suit, with a high nose and a tall appearance, he heard this and said with a smile in English; "Dear Miss Alice, China is a magical country, their wisdom is terrifying, but this piece is indeed unparalleled in the world, although our Tynia Consortium also has pieces of great value, but still not as good as this one in front of us. But it still doesn't compare to the one in front of us, it seems we have to prepare more funds, the competition will be fierce today."

"OK, Mr Michael, I'll contact headquarters now." With that, Alice opened her computer and quickly operated it.

The Tinian Consortium was a huge jewellery world overlord abroad, their sales were worldwide and their annual sales were a staggeringly astronomical figure, compared to the Ning's in China and the Guo's in Xiangjiang, they were no match for them.

"It's really good stuff, although I for one don't like such things as jadeite, I have to admit that it's more tempting than even women." Iron Leg said to Black Crow, at that, Black Crow grinned and said; "That's what makes it interesting, if we present it to the Hall Master, I'm sure he'll love it."

Inside the auction hall, everyone was moved by this natural jadeite, when Ye Han saw this situation, he smiled slightly and said; "Everyone, this piece beside me is the grand finale of this auction, I think you have already seen it, I don't need to say much about its value, but with such a rare and precious item, I think everyone would like to know what its auction reserve price is."

Hearing Ye Han's words, someone in the auction hall immediately said; "Stop talking nonsense, hurry up and name the reserve price, this item is coveted when you look at it."

"Yes, you Zhou's jewellery should stop selling your mouths off, everyone's time is precious."

In a flash, the whole auction hall was bustling again, the chattering sound seemed to turn the place into a vegetable market, seeing this, Ye Han smiled into the microphone and said; "Everyone calm down, since this piece is particularly precious, it is really not easy to estimate the price, therefore, it has no reserve price, everyone thinks it is worth as much as it is worth, now, you can start bidding."

As soon as they heard Ye Han's words, everyone in the auction hall was stunned, but immediately someone laughed and offered; "Haha, there is no reserve price for such a rare and precious piece, then, I will start the bidding, I bid one billion."

"Is one billion a little too little for such a precious natural jadeite, I bid two billion." As soon as this man opened his mouth, he offered one billion more than the man just now, and the scene was instantly lit up by these two, as people in the auction room kept raising their cards to quote higher prices.

"Tianxin Jewellery Company, bid two and a half billion."

"My humble servant, Han Feng, bids three billion."

.....

Soon, the natural jadeite was called up to a sky-high price of four billion, but the bidding in the auction hall was still hot at this price, with no intention of stopping, and even, some people were fighting to the point of getting red in the face over the offer.

Ye Han stood on the podium and smiled at the people in the auction room, for him the higher the bid the better, Ye Han knew that after seeing this piece of toad containing pearl jade, the price quoted now was just the beginning, there would be even more amazing prices quoted later on, didn't you see those big money makers sitting inside the box hadn't even started to make a sound.

Ye Han knew that this auction would definitely set a new record for a jewellery house auction.

"Five billion!" As soon as he opened his mouth, he instantly silenced many people in the auction hall.

But the wealthy owners in the box had made their bids, and the people in the other boxes couldn't sit still, only to see that the person from the Liu's Jewellery raised his bidding card under Liu Guangzong's gesture and shouted; "I, the Liu's Jewellery, bid 5.2 billion."

"Ning's Jewellery, five and a half billion." Ning Feng took a glance at Liu's Jewellery's position and began to offer after a cold snort.

"Guo's Jewellery, six billion!" But just as Ning Feng finished his offer, Guo's Jewellery of Xiangjiang also called for a bid, Guo Yunxiao's side never lacked female companions, this offer was shouted out by the female companion beside him, Ye Han glanced towards Guo Yunxiao, the two of them looked at each other with four eyes, although both sides were smiling as if they were old friends who had not seen each other for years, but only they themselves knew clearly that there was a needle in the smile, they could only be destined to be rivals between them, it was impossible for them to be friends.

Of course, Guo's jewellery's sky-high price of six billion was not enough to scare away the competitors.

"Six and a half billion." After frowning, Liu Guangzong gestured for the man beside him to continue calling for more.

"Seven billion!"

Twilight, Ning Feng opened his mouth again to make an offer, and this mid-air voice directly scared off some of the small and medium-sized jewellery merchants, seven billion! This was already beyond their reach, and many of them frowned. At the moment, everyone in the auction hall wanted to obtain this rare and precious item, but those giants of the jewellery world were offering too much, and if they wanted to continue to compete, they didn't even need to think about competing for this natural jade unless they were financially stronger than each other.
