Fortune Chapter 141

"I didn't expect that there would be many wealthy people vying for this jadeite, a sky-high price of seven billion, and I said it without even thinking about it." Black Crow looked at the tense bidding atmosphere in the auction hall and grinned with a cold chill between his teeth as he said; "But this is just as well, otherwise with my wealth I wouldn't really be able to get this jade, so I'll just snatch it from their hands when the time comes."

Iron Leg smiled, he frowned and said; "Black Crow, although this jade is really good to give to the Hall Master, but you must not act recklessly, although these people are only a consortium, but they have complicated relations and forces behind them, don't cause unnecessary trouble for our Blood Hand Hall."

"I know that in my heart." Black Crow laughed disdainfully, some consortiums with a bit of money were just that, could it be that he, one of the ten warlords of the Blood Hand Hall, would be afraid of these people?

The sky-high price of seven billion indeed shocked many people in the auction hall, in terms of financial power, the people sitting inside the box were the overlords, to really compete with these people for this jadeite, even if your desire is strong it doesn't matter, everything speaks by strength.

"Oh, Ning's jewellery bid seven billion, I wonder if any of you have any more bids?" Ye Han looked at the entire auction room at this time and smiled lightly; "Seven billion for the first time, seven billion for the second time"

"Seven and a half billion." But just before Ye Han could shout out a third time, Guo Yunxiao himself opened his mouth to make an offer, he gave Ye Han a faint glance, his heart extremely unhappy because this money would end up in Ye Han's pocket, personally stuffing money into his rival's pocket and having to do it, this feeling of powerlessness was not the first time Guo Yunxiao had felt it in Ye Han's body.

"Alas, although this jade is good, it's a pity though!" Many people secretly shook their heads, the offers were getting higher and higher, they simply couldn't go on getting involved, they could only watch as the wealthy giants of the jewellery world inside the box called out their prices there.

"Oh, dear Mr. Ye Han, your jewellery house is willing to bid eight billion for this jade."

Suddenly, only to see the person from that one box who had not spoken all along spoke up, the person who spoke was a sexy blonde woman, very pretty looking, speaking Chinese although a bit awkward, but with a good voice, but the people in the auction hall did not have the heart to appreciate it, they were shocked after hearing this woman speak, even Ning and Guo's looked shocked.

Tynia Consortium, no one in the same jewellery industry did not know them, it was a large consortium all over the world, even in China there were many of their branches.

"A sky-high price of eight billion, it's lucky this guy didn't sell this jade last time in Tengchong, otherwise he would have lost a lot of money." Zhou Yun'er, who had been watching from the backstage, was excited, originally in her mind it would have been good enough for this jadeite to reach six billion,

however right now it had clamoured to a sky-high price of eight billion, which had never happened before in the history of jewellery event auctions.

Mo Shu laughed at Zhou Yun'er from the side; "Yun'er, your little boyfriend has made a fortune this time, eight billion, even if we sold our Zhou's jewellery it wouldn't be worth that much, it's really hard to believe that such a sky-high auction event was hosted by our Zhou's jewellery, I think after the news here gets out, our Zhou's jewellery's name will definitely spread quickly, the popularity can directly rival that of the large domestic jewellery houses."

Hearing this, Zhou Yun'er smiled; "This is natural, and besides this piece of heavenly jade, we also have a piece of the shop's treasure, I believe that when we see that piece of jade, the sensational scene will be even stronger than now."

Inside the auction hall, the Tignia consortium opened its mouth with eight billion, this time even Ning Feng and Guo Yunxiao's brows were furrowed, as for Liu's jewellery at this moment, they were already ready to withdraw, they didn't have much confidence to compete with Ning and Guo for this piece of jade, much less to compete with a super consortium like Tignia.

"So it's Mr. Michael, the Executive President of Tynia in Southeast Asia, my humble servant Ning Siyuan." The big boss had appeared, Ning Siyuan had to speak at the moment, he looked over towards the foreigner's box, his tone was polite, hearing this, Michael smiled in rather stiff Chinese; "Hello Mr. Ning, first time meeting, we are competitors with each other, I hope you don't mind."

Ning Siyuan smiled lightly and said; "Mr. Michael, that is serious, since you and I both like this piece of jade it seems that we can't avoid competition, our Ning's jewellery will add another 500 million, 8.5 billion."

At these words, Guo Yunxiao stood up directly and said indifferently; "Since both of you are so interested, how can I, the Guo Clan of Xiangjiang, spoil the fun, nine billion."

Wow!

The people in the auction hall all looked at the big bosses in these boxes with shocked faces, compared to these big money masters, they were like green leaves accompanying them. The atmosphere inside the auction hall had now become one of the most exciting.

The atmosphere in the auction hall was now so hot that it was breathtaking, and all sorts of whispers filled every corner of the auction hall, even Ye Han himself was very surprised.

At this moment, Ning Siyuan's brow suddenly furrowed, nine billion, Guo's heir seemed to be determined to win this piece of jade.

Even that tall-nosed foreigner Michael's eyes changed, but then he smiled politely at Guo Yunxiao and said in a gentlemanly manner; "Mr. Guo is worthy of being the descendant of Mr. Guo Zhendong, this kind of courage is hard to find, but we at the TINIA Consortium are also determined to win this piece of jade."

Guo Yunxiao smiled coldly; "Thank you for your appreciation, I wonder how much Mr. Michael will offer next?"

At these words, under the eyes of the whole audience, I saw Michael, the tall-nosed foreigner, smiling slightly, put up a finger and then smiled; "Ten billion."

Ten billion, after these three words were said, the whole auction hall was silent, and some people almost bit their tongues because of these words, the sky is the limit! This is a real price! Shocked eyes were fixed on the tall-nosed foreigner.

Ye Han's hand shook and he almost dropped the microphone in his hand, his heart was also incomparably shocked.

Even Ning Siyuan and Guo Yunxiao were shocked by this figure, ten billion, this was already more than their budget, and ten billion was said so easily, this was only afraid that it hadn't even reached the bottom line of others.

Thinking of this, Ning Siyuan and Guo Yunxiao became silent, facing the people of the Tynia Consortium, even they felt a huge pressure.

Looking at the silent scene in the auction room, Ye Han, as the host, let out a deep breath and then laughed; "Ten billion, this can be considered an unprecedented price in our domestic history, this gentleman is bidding ten billion, are there any higher bids?"

At these words, no one in the entire auction hall said anything, most of the people's eyes fell on the Ning and Guo Clan, if they really wanted to bid, they were the only ones who had the ability to do so.

Seeing this, Ye Han continued; "In that case, ten billion for the first time, ten billion for the second time, ten billion for the third time, good, the grand finale of this auction belongs to this gentleman."

Fortune Chapter 142

After seeing no further bids, Ye Han finalised the auction with a single hammer blow, and the jade pearl went directly to the Tinian Consortium.

Seeing this piece of jade come to an end, the people in the auction hall were all sighing in disbelief, as they were already shocked by the fact that a small piece of Zhou's jewellery could come up with such an amazing piece, but the final price of the piece was even more dazzling.

This is the first time in the history of Chinese jewellery auctions that the price has ever been \$10 billion.

The two giants of the jewellery industry, Ning and Guo, were naturally very upset that they did not get this piece of jade, but the old man had become an expert, and Ning Siyuan's face did not show any displeasure as he smiled at my tall-nosed foreigner; "Mr Michael, I would like to congratulate you on winning the greatest treasure, and I hope that there is an opportunity for us, Ning's, to cooperate with your consortium and create a future together, I wonder if Mr Michael Do you have time? I would like to invite you to dinner."

Hearing this, Michael smiled slightly and said; "Thank you Mr. Ning for your kindness, but I heard that there is a very mysterious item for everyone to see next, so why don't we see it together afterwards."

"That would be fine." Ning Siyuan smiled lightly and sat down, but he was not very interested in this last mysterious item that appeared, in his mind what other item could compare to the ten billion dollar emerald just now?

Michael then looked at Ye Han on the lectern with a faint smile and said; “Distinguished Mr. Ye, I heard that your jewellery house has another treasure for everyone to see, I wonder if it can be displayed now?”

Hearing these words from Michael, those who were already ready to leave had their eyes on Ye Han and had sat down again, their hearts slightly anticipating, did this Zhou’s Jewellery still have a good treasure that would make people’s hearts flutter?

Ye Han gave a light smile and picked up the microphone and said; “Indeed, but this next item is for viewing only and will not be part of the auction, so please wait for a moment, everyone.”

Saying that, Ye Han turned around and left the lectern, what happened next belonged to Zhou Yun’er.

When she came to the backstage, Zhou Yun’er ignored the fact that Mo Shu was also beside her, she directly gave Ye Han a kiss on the cheek and said with an excited look on her face; “Honey, just now you were too handsome, ten billion heavenly price, we are rich this time!”

Ye Han laughed; “All right, look at how happy you are, it’s your turn now, by the way, that piece of jadeite? Show it to me first.”

He was eager to see how the phoenix’s wings, which were even more realistic than the toad’s, would look after Zhou Mingshan’s hands. At that moment, two clean-looking women were already carrying the jadeite that was about to be unveiled towards Ye Han.

When Ye Han’s eyes looked at it, his heart suddenly shook, in his sight, it was as if there was really a phoenix reborn in a bath of fire spreading its wings and soaring high, its form was realistic, its body was blood red, the pair of eyes had a demonic beauty after processing, and its domineering aura was revealed, as if it was the king of a hundred birds, all creatures could only submit in the face of it.

“It’s beautiful!” Mo Shu who saw this phoenix spreading its wings for the first time was enchanted, her whole mind seemed to be intoxicated, she only knew that there would be a piece for display, but she had never seen it before, at this moment, that look was as if she had seen the most handsome man in the world, a complete nymphomaniac look.

Seeing that both Ye Han and Mo Shu were immersed in it, Zhou Yun’er smiled and did not say anything, when she saw Zhou Mingshan finish this piece of work that day, that level of surprise was even stronger than Ye Han and the two of them now.

“Grandpa Zhou is simply a skilled craftsman!” Ye Han exclaimed.

Zhou Yun’er laughed; “Alright, you have seen it, now it’s the others’ turn to be surprised.”

After saying that, at Zhou Yun’er’s gesture the two beautiful women carried this even more precious jade onto the lectern, but what would happen next in the auction hall was already imaginable, Ye Han could already imagine it, it was definitely even better than what he had just seen.

He went straight to a resting room in the backstage and began to rest his eyes, quietly waiting for the auction to end.

Of course, Zhou Yun’er went on stage and naturally introduced the origins of the jadeite, and also pushed Ye Han out. “They had always thought that Ye Han had only the priceless jadeite in his

possession, but, of course, something even more stunning had been hidden behind him and was only revealed at this critical moment.

It could be imagined that with this rare piece of jewellery as the treasure of the shop, how hot the business would be in the future, and it was only feared that people at home and abroad who heard the news would come to the store, and when the time came, with the help of this trend, it was only a matter of time before Zhou's jewellery rose to prominence.

After the auction, Ye Han followed Zhou Yun'er back to her company, which was the first time Ye Han had ever been here. Situated in the more prosperous section of Shanghai City, Zhou Yun'er's company only had five floors, but the four big golden letters of "Zhou's Jewellery" gave it a glorious air.

When entering Zhou Yun'er's company, people who met her on the way would say "Hello Chairman", and many people would take a second look at Ye Han beside her, because Zhou Yun'er had never had a man by her side, let alone bringing a man to the company in a dignified manner. The high and cool demeanour of the old businesswoman.

Of course, this is not because Zhou Yun'er is pretending to be arrogant, but as a decision maker, she must maintain a strict attitude in many cases.

Ye Han sat down on a large soft sofa, with a pair of legs still resting on the coffee table in front of him, and said with a smile; "It seems like the people in this company of yours are very hostile to this chairman husband of mine."

On his way up just now, Ye Han could feel a lot of hostile gazes towards him, but these were all men, from which it was easy to see that Zhou Yun'er had quite a few crushes in her company. Zhou Yun'er walked over and slapped away Ye Han's two feet that were on the coffee table in one go, glanced at him, then narrowed her eyes and smiled; "What, are you jealous?"

"Hehehe, I'm not jealous, I'm only jealous of you." After saying that, Ye Han smiled evilly at her, scaring Zhou Yun'er into sitting a little further away and said; "You guy, can you be a bit more serious, the guests are coming later."

"Someone from the Tinian Consortium?" Ye Han asked.

Zhou Yun'er nodded and said; "They should be coming over to trade later, it would be good if we could use this opportunity to get on a relationship with the Tynia Consortium."

Fortune Chapter 143

In a black business car, at this moment, the tall-nosed foreigner Michael's hand is holding a few A4 papers, on which some handwriting is densely printed. After reading these papers carefully, Michael smiled slightly, took the red wine handed over by Alice and laughed; "Dear Miss Alice, it seems that this Mr. Ye is really a very interesting person. "

Ever since he had just found out at the auction house that the two natural jade pieces were both from Ye Han's hand, Michael had been on Ye Han's mind and started to use the Tynia Consortium's influence in China to check up on Ye Han, but without doing so, Michael his curiosity about Ye Han had grown.

A young man who knew how to gamble stones, how to do medicine, and also had a surprisingly high force value could actually step on Guo's young proprietor, Ning's heir, at the Tengchong's gambling festival and become the final winner all the way through, all of which indicated that Ye Han himself was very uncomplicated.

At these words, Alice took the information in Michael's hand and also looked at it carefully, after a moment she smiled; "Mr. Michael, this young Chinese man is indeed very interesting, the information shows that he is an all-rounder, no, a perfect man!"

"Oh, it seems that our Miss Alice has moved on to this young Chinese man." Michael smiled faintly.

Alice nodded undeniably. Unlike Eastern women, Western women were more daring in their love and dared to show it straightforwardly, not squirming and pretending to be reserved.

In a few moments, the business car had driven up to the front door of Zhou Yun'er's company, and behind this business car followed two black sedans, in which eight tall Westerners, all wearing black suits, got down, giving a very cold feeling.

"Mr Michael, on behalf of our chairman, I welcome you, please come inside, our chairman is already waiting for you in the parlour." The person who came to greet him was Moshu, she looked at Michael with a professional smile spread across her face.

Michael straightened his suit and said with a gentleman's demeanour; "Then I will be grateful if this beautiful young lady will lead the way."

Saying that, Michael waved to those of his bodyguards and led Alice directly into the company following Moshu.

"Hey, this tall-nosed foreigner has entered this jewellery company, Iron Leg, let's wait for him here, how can we let a foreigner take that rare jadeite." On a street not far away, the two of them, Black Crow and Iron Leg, sat inside a nondescript car, looking at the tall Western bodyguards, Black Crow smiled disdainfully.

Smiling, Iron Leg frowned and said; "Black Crow, I have to remind you again, this foreigner is not that easy to deal with, the Tynia Consortium has a lot of influence in the western world, if it gets too big and causes international disputes, our Blood Hand Hall might be questioned by our country, you'd better think carefully."

Iron Leg's words made Black Crow recoil a little, he snorted coldly and said; "Do you want me to just give up?"

"I didn't say for you to give up, it's just that this Tinian Consortium really can't be messed with." Iron Leg shook his head and continued; "But the Tinian Consortium can't be messed with, but we can change our target."

"You mean" Black Crow's eyes looked at the big golden letters of "Zhou's Jewelry" through the car window and said with a cold smile;" Indeed, the Tynia consortium can't be touched, can't a small Zhou's jewellery be touched? What's more, the one jewel in their shop is even rarer than the one bought by the Tynia Consortium."

The fifth floor of Zhou's Jewellery Company, the parlour.

The moment the door to the parlour was opened and Mo Shu walked in with Michael and Alice, Zhou Yun'er took the initiative to stand up and shook hands with the two of them and smiled; "Mr. Michael, Miss Alice, please have a seat."

"Oh, beautiful Miss Zhou, your speech today has impressed me, to use an old Chinese saying of yours; a woman is not a woman." With that, Michael gave Zhou Yun'er a kiss on the back of her hand with standard western etiquette, this scene, looking at Ye Han who was standing at the side, his eyes immediately widened, he wanted to go over and give this old man two kicks, damn, that was Laozi's daughter-in-law.

Afterwards, everyone inside the parlour sat down, Ye Han sat down on a seat with an unhappy face and started to close his eyes, not even bothering to look at the tall-nosed foreigner and the golden-flowered beauty, if it wasn't for Zhou Yun'er's request for him to meet this Michael as well, he wouldn't have bothered to move.

"Oh, distinguished Mr. Ye, hello, we meet again." But Ye Han didn't give a damn about others, Michael did take the initiative to talk to him, Ye Han was ready to ignore this old guy, but Zhou Yun'er's foot kicked him under the table, he opened his eyes and said; "It's indeed quite a match, how is it, did you bring the money?"

Hearing this, Zhou Yun'er's heart let out a bitter laugh and gave him a blank look, could this bastard not be so direct?

"Of course, please also ask Mr. Ye to trust the credibility of our Tynia Consortium, we"

"Okay, it's good that the money is brought, now let's deliver with one hand and pay with the other." Michael had not finished his words just now Ye Han interrupted, he was too lazy to listen to this old guy talking about the Tynia Consortium, to him, the ten billion was the most important thing.

This scene directly made the people inside the parlour cry and laugh, this guy, did he really think that people would not give you money? Michael laughed awkwardly, and then returned to normal and laughed; "I like Mr. Ye's straightforwardness, Alice, let's begin."

Alice nodded, then she turned on the computer, then looked at Ye Han and threw a wink, smiling in not too fluent Chinese; "Dear Mr. Ye, since you want to pay with one hand and deliver with the other, then, I also want to check the goods."

When she said the words "check the goods", the woman's accent was particularly heavy.

Ye Han was not a novice, so he did not know that Alice was playing an ambiguous joke with him, but he did not dare to speak out of turn in front of Zhou Yun'er, so he put out a safe from under the table in a businesslike manner, put it on the table and pushed it over, which contained the "toad containing pearl".

Alice just took a look at it and closed the safe, and then transferred the money quickly, of course, the money was naturally transferred to Zhou Yun'er's bank account, the money in the hands of his own woman, Ye Han will not bother about it. After doing all this, Michael looked at Ye Han and smiled; "Mr. Ye, now that the deal is over, can we have a chat and make a friend."

Having received ten billion, Ye Han was in a great mood, and now that he looked at Michael, he didn't feel that annoying anymore, so he smiled and said; "Of course, I'm very friendly to my friends abroad."

Hearing his words, Zhou Yun'er and Mo Shu secretly rolled their white eyes and despised Ye Han in their hearts, how come they didn't see you being friendly to others when they didn't give money just now?

Michael laughed; "I just like Mr. Ye's straightforwardness, I heard that Mr. Ye is also a miracle doctor, I wonder if Mr. Ye has time now? I want to talk to you about something."

"Oh, I didn't expect Mr. Michael to be quite well-informed, this is the best place to talk about things, Mr. Michael may as well be straightforward about what you have, everyone here is not an outsider." Ye Han crossed his legs and said with a smile.

"This" Hearing Ye Han's words, a flash of embarrassment flashed across Michael's face and he said; "Mr. Ye, can we talk somewhere else?"

Upon hearing this, Ye Han gave the old man a surprised look, this old man looked embarrassed, could it be that he had something difficult to say?

Fortune Chapter 144

Seeing the look of embarrassment on Michael's face, Zhou Yun'er stood up and smiled; "Miss Alice, there is a bottle of 82-year-old red wine in my office, I wonder if you would be interested in trying it?"

"Oh, I didn't expect Miss Zhou to know my hobby, then I'll be polite." Alice was smart, she instantly understood the meaning within Zhou Yun'er's words, in a whirl, all three women left the parlour, leaving only Ye Han and Michael inside, seeing that all three women had left, Ye Han looked at Michael and said; "I say Mr. Michael, what is it that you have to say in private in a sneaky manner?"

On hearing this, Michael was embarrassed and his face looked a little unnatural as he said; "Mr. Ye, as far as I know, you are an amazing miracle doctor, many powerful people in Shanghai City have been treated by you for various illnesses, and even some illnesses cannot be cured with the current medicine, so I have a request to make, and I would like to ask Mr. Ye to help me."

Hearing these words, Ye Han realized that this old man was sick and wanted to seek treatment from him, but Ye Han guessed that this old man's illness should be difficult to talk about, otherwise he would not have waited until all three women had left before saying it.

"Mr. Michael, please speak."

Michael gritted his teeth and once again made sure that no one was around before he opened his mouth and said; "It's like this Mr. Ye, I had an accident in the past that injured my back. I also visited many authoritative experts in this field in the West, but they all could not help me with this disease, so I want Mr. Ye to help me, as long as Mr. Ye can help me cure this disease, the conditions are yours, I Michael will never go back on my word."

Hearing Michael's words, Ye Han looked at this tall old man, this old man seemed to be tall and powerful, but he did not expect that he was bent in that aspect.

Thinking of this, Ye Han said with a bit of difficulty; "Mr. Michael, in fact, my medical skills are limited and I am not sure of all diseases, moreover, I charge a bit high for the consultation. But ah, I'm quite

busy recently, you also know, the chairman of Zhou is my girlfriend, in order to enable her to develop this jewellery company, I have to be more busy in this, only afraid that it is difficult to find time to help you see the doctor.”

When Michael heard this, he immediately spoke up and said; “Mr. Ye is so affectionate towards Miss Zhou, it is admirable, but Zhou’s jewellery has unlimited potential, it will definitely become a giant in the future Chinese market, if Mr. Ye agrees, our branch in Southeast Asia can cooperate with Zhou’s jewellery, in fact, to be honest, after seeing the potential of Zhou’s jewellery, I already have this idea already.”

“Shit!” Ye Han cursed in his heart, so this old man already had this in mind, then he still bothered to go through so much trouble, Ye Han laughed; “I didn’t expect Mr. Melker to have such an idea, then I will thank you for my family’s mouth, so I don’t have to be so busy.”

At these words, Michael’s heart was overjoyed and said; “So Mr. Ye is agreeing to help me with my medical treatment?”

Ye Han nodded and then shook his head again, watching Michael’s heart go up and down, unable to figure out what this guy really meant. Seeing that this old man Michael had almost been fooled by himself, Ye Han smiled and said; “Mr. Michael, don’t be anxious, I haven’t checked your illness yet, so I don’t dare to make a definite conclusion for a while, how about this, let’s wait for a few days and then I will take a look at it for you, if it can be cured, I will definitely help you cure it.”

Hearing Ye Han’s words, Michael immediately stood up and shook his hand, saying excitedly; “Then I’ll be grateful to Mr. Ye, if Mr. Ye can help me cure this disease, you are my most honored friend.”

“Oh, Mr. Michael, I like to make you a friend too.” The two men looked at each other and Michael smiled broadly, his whole body glowing. After the two men decided to come down, Michael left in high spirits, walking with his head held high, making it look as if that thing down there was already normal for him.

But as he was leaving, Alice secretly gave Ye Han a hard look of electricity, a look that made Ye Han feel tingly all over.

He could tolerate his own philandering and occasional flirtations with other women to spice up his boring life, but he could not tolerate his own promiscuity, seeing one and picking one up was not his style and would hurt the women who really loved him.

Looking at Michael and Alice who had already left, Zhou Yun’er and Mo Shu both came over towards Ye Han curiously at this time.

“What for?” Being stared at by these two women, Ye Han felt a little weak in his heart, could it be that these two women had seen the last scene of his and Alice’s flirtation just now?

“Nothing, just curious about what you and that tall-nosed foreigner talked about just now? I’m just curious about what you and that tall-nosed foreigner talked about just now, so that he took the initiative to seek our cooperation.” Zhou Yun’er’s beautiful eyes were staring straight at Ye Han, after Ye Han and Michael came out of the meeting room just now, Michael had taken the initiative to talk to her about cooperation, which made Zhou Yun’er not slow down for a long time.

There must be something fishy about this, and the reason was the conversation the two of them had just had inside the parlour behind their backs.

“A secret between men.” Ye Han grinned, but normally speaking, that old man Michael could not be considered a normal man now, after everything was over, Ye Han did not continue to stay inside Zhou Yun’er’s company, he would have liked to stay a little longer and get close to Zhou Yun’er, but the key was that woman Mo Shu did not create an opportunity for them, so Ye Han drove the car and went straight back home.

“Sister, I’m back.” Ye Han opened the door of his room and walked inside, but when he walked to the living room and took a look, Ye Han instantly found that the atmosphere inside was a bit off, the mood of the few women seemed to be very low, except for the little tiger who came to his feet and twirled around happily, and let out a babbling sound from his mouth, looking very excited.

“What’s wrong? Sister.” Faced with this situation, Ye Han was a bit puzzled, he had only been away for half a day, could something have happened inside the house?

“Brother, Sister Fire Phoenix has left!” Little Qingcheng collapsed a face, a sullen look, Fire Phoenix had left, who was the saddest in here, it had to be this girl.

Hearing this, Ye Han then realized that there was one person missing inside the house, normally that woman, Fire Phoenix, would sit inside the living room and fool around with a few other women, however, now her hot and sexy shadow was missing.

“It’s good that she’s gone, this woman was going to leave sooner or later anyway.” Ye Han let out a sigh of relief in his heart.

Fortune Chapter 145

With Fire Phoenix gone, everyone in the house looked a little sullen, usually, several women treated Fire Phoenix like a big sister, and had long since gotten used to her presence, to her hot personality, to her teaching Little Qingcheng haphazardly, now that such a person who could make the villa produce laughter was gone, it made the whole villa quiet.

But with the fire phoenix gone, although the few women inside the house were a bit down, the little tiger was very cheerful, the look was as if she was out of her misery, Ye Han kicked the little thing, then sat down on the sofa and laughed; “Sister, what are you all doing here? There are no banquets under heaven, do you still want her to stay here with me for the rest of her life? She will still have to marry and raise a family, sooner or later she will leave, it is only a matter of time before she leaves.”

“Humph, brother, you’re so heartless, you’re not even sad that sister Fire Phoenix has left.” Hearing Ye Han’s words, Little Qingcheng suddenly puffed out her cheeks and said in a huff, Ye Han gave this little girl a white look, why should he go and be sad? This is not a parting of life and death, there is still a chance to meet in the future.

“Little Han, how did the auction go today?” In order to change the topic, Ye Qing asked Ye Han about the auction.

Ye Han smiled; “It went pretty well, everything went smoothly, right, sis, tomorrow is a good day for grandpa Zhou to accept me as his disciple, you’ll be there to liven things up then too.”

“Brother, brother, I’m going too.” Hearing that there was a hilarious event to be had, Little Qingcheng instantly jumped into Ye Han’s arms.

Ye Han glared at this girl; “You are not allowed to go there either, just stay at home with sister Yoyo, if you don’t listen to me, I will whip your ass.”

“Hmph, brother is bad, how dare you want to touch my butt, when sister Yun’er comes over I will tell her that you molested me and tried to touch my little butt.” Little Qingcheng grunted and looked unhappy, Ye Han sweated furiously in his heart, he was now really speechless towards this girl, after giving that woman Fire Phoenix a lead for some time, his whole person had changed, facing her, now Ye Han felt as powerless as facing Fire Phoenix, this girl would definitely become a demonic devil girl like Fire Phoenix when she grew up, she would even surpass her.

Seeing this big and small two making a scene there, Ye Qing and Zhao You You both laughed, the depression brought by Fire Phoenix’s departure gradually disappeared, the whole villa became a place of joy again, Ye Qing laughed; “Grandpa Zhou accepted you as his disciple this is a big happy thing, but Xiao Han you know I don’t like to get together, I won’t go, tomorrow night you come back early, sis will cook you a good meal.”

Ye Han knew Ye Qing’s character, seeing that she did not go Ye Han did not force him, but having earned ten billion today, Ye Han was very happy, so he said; “Sister, it is still early anyway, why don’t I take you out for a stroll, it is too boring to be bored at home all day like this.”

Ye Qing thought about it, nodded and smiled; “I’ll do as you say.”

“Yay, finally we can go out and play!” Hearing that Ye Han wanted to take them out to play, Little Qingcheng immediately became cheerful again, when Fire Phoenix was around, she also often took them out shopping, this little girl was already obsessed with the hustle and bustle outside, and was especially curious about everything she saw.

“Big Brother Ye, what about me?” Seeing Ye Qiao and Little Qingcheng looking happy, Zhao You You immediately looked at Ye Han and said in a somewhat pitiful manner. Ye Han did not let her go out, and she had not been disobeying Ye Han, but it was too boring for her to be left alone at home when everyone inside this house went out, and she also wanted to go out for a walk.

When he heard this, Ye Han then remembered Zhao You You, Zhao Hengtian still had no news, Zhao You You if you show your face in case the people of the Heavenly Honor Society found out will be very troublesome, but looking at that pitiful face, Ye Han really some heart can not bear to refuse her, gritted his teeth, Ye Han said; “Okay, you also go, but before going over you have to disguise yourself a little, and go out absolutely You can’t leave my sight.”

“Hee hee, big brother Ye, don’t worry, I will definitely listen to you.” After saying these words, this nee-san ran upstairs with great joy. Half an hour later, a woman dressed up in a flamboyant manner with a sun hat and black sunglasses appeared in Ye Han’s sight, not to mention that Zhao Youyou had a feeling of being a different person from before under this dress.

The first time he saw this woman take off her police uniform and put on a beautiful outfit, Ye Han’s eyes lit up. stunning.

“Officer Yan, are you going out?” Originally, Yan Lingjiao did not want to pay him any attention after seeing Ye Han, but when Ye Qing spoke to her, she had to respond; “It’s my day off, I’m going out for a stroll, Miss Ye, where are you going?”

At that, Ye Qing smiled; “What a coincidence, we also happen to be going out for a stroll, Officer Yan, why don’t we join you, it’s livelier with more people.”

During the day, Ye Qing had not exchanged many words with Yan Lingjiao, and Ye Qing felt that this beautiful officer was not bad.

When she heard this, Yan Lingjiao glanced at Ye Han, but found that the bastard’s eyes were a bit evasive, not daring to look at her at all, seeing this, Yan Lingjiao suddenly smiled, the cold frosty colour on her face instantly disappeared without a trace. This was the first time he had ever seen Yan Lingjiao smile, and this iceberg policewoman was so bright and beautiful when she smiled.

“This sister is so beautiful!” Little Qingcheng looked at the Yan Lingjiao at this moment, a look of envy appeared on her little face, when could she look so beautiful too? As she spoke, this girl even glanced at Ye Han, but when she found that this bastard was staring at Yan Lingjiao fiercely at this moment, she was immediately a little displeased and lifted her little foot to step on him.

Being stepped on by this ninny, Ye Han was startled and immediately snapped back to his senses, making an admiring face.

“Good, Miss Ye, I’ll disturb you then.” Saying that, Yan Lingjiao took the initiative to walk towards this side, wearing a pair of high heels she was almost as tall as Ye Han at the moment. Ye lightly laughed; “We are so close to each other, we are almost considered family, I won’t call you Officer Yan in the future, sister Lingjiao, I am older than you, you can just call me sister in the future, otherwise it will look too rusty.”

“Oh, then I’ll call you Sister Ye Light from now on.” After saying that, Yan Lingjiao looked at Ye Han and said lightly; “Great Doctor Ye, you won’t be unwelcome if I go out shopping with you, right?”

“Why not, I can’t be happy enough, with Sergeant Yan around those curmudgeons won’t dare to come close, Sister, let’s go.” After saying this, Ye Han jumped into the car in a flash, the scene that happened at the end of the last time he treated someone made Ye Han now feel his face on fire when facing Yan Lingjiao, last time, it was too damn humiliating!

Fortune Chapter 146

With three big women, a small woman Ye Han drove to the most prosperous and lively shopping street in Shanghai City shopping, no, there is also a cute little tiger, little Qingcheng this girl had to hold this little thing out.

After parking the car, Ye Han followed behind the women like a follower, the shopping street in Shanghai City was very busy, the daily flow of people around here was at least several tens of thousands of people, just like a shopping area, after arriving here, basically there was no part for Ye Han to say anything or refuse. The three women bought clothes and cosmetics, but Ye Qing was very concerned about Ye Han, so she bought very little, she did buy a few cute princess dresses for Little Qingcheng.

Of course, in the end, Ye Han paid for all the expenses of the women. All the way behind these women, many people gave Ye Han an envious and jealous look, not because of anything else, just because these women he was following were all big beauties, even little Qingcheng could show that she would definitely be a big beauty when she grew up in the future.

“Damn, this guy is a bull, why don’t I have this luck?” A passerby took a glance at his girlfriend beside him, then looked at the few women beside Ye Han, and instantly pounded his chest in his heart and sighed long and hard. There were not a few people like him, and Ye Han had felt many angry and jealous gazes along the way.

But Ye Han’s heart was bitter, looking at the dozens of bags he was carrying in both hands, he laughed bitterly, damn it, he was asking for trouble, why did he have nothing better to do than to say the words “shopping”, now he could only follow these women like a machine and act as a porter for them.

“Sister Ye Qing, this lingerie shop is good, let’s go in and have a look.” At this moment, the group arrived at a lingerie shop, looking at the wide variety of lingerie inside, several women were moved, even Little Qingcheng’s eyes were glowing and she ran into the lingerie shop with her little feet.

Seeing this, several women immediately followed.

Ye Han looked at it and decided not to go in, it was a bit inappropriate for a big man to follow him in, but seeing that he didn’t come in, Yan Lingjiao turned her head and glanced at him, saying; “What, a lingerie shop has put you, Doctor Ye, in a difficult position? Aren’t you usually quite thick-skinned? Now you’ve gone soft.”

Upon hearing this, the corners of Ye Han’s mouth twitched and he gritted his teeth and followed him in, but when he entered the lingerie shop, Ye Han acted calmly, although this was the first time he had entered a place like this, but nerve-wracking, could his titled Divine Doctor Ye admit his weakness on this?

Seeing that Ye Han, a big man, followed a few women in, the attendants of the lingerie shop gave him a surprised look, but in the face of these gazes, Ye Han seemed to feel nothing wrong, that pretended to be very calm and indifferent, as if those lingerie hanging on the shelves were rows of bookshelves, and he was a saint who was here to read books.

The women’s eyes were all attracted to the lingerie hanging on the shelves, each holding a piece of lingerie and chattering about which one looked good, which one fit, and so on.

Ye Han hung on to a dozen bags and quietly followed behind them, not saying a word, just watching a few beautiful shop assistants to give them an introduction, for this thing of lingerie, Ye Han is an amateur, he also can not say any professional terminology.

“Miss, this one is actually quite suitable for you, the size is also suitable, and the texture is very soft on you, what’s more important is that it can completely reflect the sexiest side of our women, do you want to try it on?” A shop assistant looked at a white bra that Ye Qing was holding and introduced it with a smile, hearing this, Ye Qing’s face flushed and said; “No need to try it on, you can wrap it up for me later.”

Seeing that Ye Qing had already picked out the underwear she liked, Yan Lingjiao and Zhao Youyou also carefully picked them out, Zhao Youyou's wasn't very big and her requirements weren't that high, so she quickly picked out a pink underwear, leaving only Yan Lingjiao who hadn't picked out the rest yet.

At this time, Yan Lingjiao picked up a black lingerie and asked to Ye Qiao and the girls; "Sister Ye Qiao, Yoyo, how do you feel about this one?"

"Well, it looks quite good, and the material feels good too." Ye Qiao said with a smile. Zhao Youyou also smiled; "Sister Lingjiao, you have a good eye, it's a pity you don't have any smaller sizes in this one, otherwise I would have to buy one too."

Yan Lingjiao seemed to be satisfied with her gaze as well, with a smile on her face, causing Ye Han to be constantly surprised in his heart, this iceberg policewoman only smiled more times today than she did in a year, could it be that she had really changed her nature?

However, when he looked at the underwear in Yan Lingjiao's hand, Ye Han coughed and said; "That, Officer Yan, you've got the wrong number."

Ye Han's gaze glanced at Yan Lingjiao's chest, such a number was not something she could wear, such a large number could only be worn by that high ranking person, Fire Phoenix.

Hearing this, Yan Lingjiao immediately gave a cold snort and said; "Bastard, where are your thieving eyes looking? I didn't ask you to give your opinion, shut up."

Upon hearing this, Ye Han rolled his eyes speechlessly, damn it, he gave you a good opinion and you still didn't appreciate it, count my good intentions being treated like a donkey's liver and lungs.

Ye Qing and Zhao You You snickered at the side, in fact they also saw that the size of this underwear really does not fit Yan Ling Jiao, but just did not say so.

In the end, Yan Lingjiao hatefully put down the oversized lingerie in her hand and chose one two sizes smaller. After all three women bought their favorite lingerie, Ye Han, the public card machine, went to pay the bill, but after paying the bill, several women then realized that the little Qingcheng girl had disappeared.

"Oh no, Qingcheng, where did she run off to?" Just now, several women were only focused on picking out their underwear, they didn't notice when this girl had gotten lost, Ye Han was also focused on the three women just now, he also didn't notice Little Qingcheng.

"Little Han, Qingcheng has disappeared!" Ye Qing looked at Ye Han a little anxiously.

"Sister, don't panic yet, that nee-san is very smart, nothing will happen even if she gets lost."

After reassuring Ye Qing, Ye Han's eyes were fixed, and he immediately opened his Yin Yang Dharma Eye to see through the lingerie shop, the rows and rows of various kinds of lingerie could not block Ye Han's vision at all, and in a short while, Ye Han found the shadow of Little Qingcheng in a location.

Fortune Chapter 147

After discovering Little Qingcheng, Ye Han was also relieved, if anything happened to this girl, then he would be absolutely furious, so Ye Han immediately led the three women towards where Little Qingcheng was.

“Well, this one is not bad either, sister, you remember to wrap it up for me later, and this one, and this one, ah, this one is too cute, I want it too”

“And this one is exactly the same as Sister Fire Phoenix’s, I want it too”

Watching this girl keep pointing at one piece of oversized underwear, that beautiful waitress was smiling with her face almost cramped, this girl’s ambition was too big, she didn’t even look at the small ones, she picked all the big ones, the point is can she use them?

The little tiger was just lying on the side watching, looking lazy, that green eyes crossed a touch of disdain from time to time, as if it was upset that Little Qingcheng had such big ambitions even it looked at.

After Ye Han and the others came here and looked at the scene of Little Qingcheng picking out underwear there as if she was a small adult, they were collectively baffled, then Ye Qing immediately went over and picked her up.

“What is this girl picking out so carelessly, she’s worrying her sister to death, you know.” Ye Qing looked at Little Qingcheng with tears and laughter and said, then glared at her, Ye Han walked over with a black face and gave her a knock on the head; “I think you girl is itching for skin, after you go back, you are not allowed to go out for a month.”

Hearing Ye Han’s words, Little Qingcheng’s face instantly fell down; “I just want to buy a few more pieces of underwear for myself, Brother, Sister Ye Qing and the others can buy them, why can’t I?”

Ye Han’s face darkened again, and Ye Qing was afraid that she would say something thunderous, so she carried her out of the lingerie shop, leaving behind the waitress who was laughing bitterly, as this little customer had finally shown her what it meant to be “bold” today. At such a young age, her outlook on the future put her D-cup level to shame!

After shopping at the lingerie shop, the women had almost bought everything they wanted to buy, and it was almost dark now, so Ye Han finally drove them back to the Hai Sha Villa area.

After returning home, Yan Lingjiao declined Ye Qing’s invitation to join her for dinner and returned to her villa alone, but Ye Han could see from the woman’s eyes that she was struggling a bit, as if she was trying to resist something, and as he watched the woman return to her villa alone, Ye Han sighed in his heart, she was too lonely to live there alone!

The villa is a place where several women have been shopping all day, although they were not tired when they bought things, they were tired afterwards, and the girl, Little Qingcheng, fell asleep directly on the sofa.

The first thing he saw was a packet of things sitting on top of his bedside table. When he went over and opened it, his eyes lit up, there was a special document and an electronic watch.

Ye Han took out the document and looked at it, it said "Ye Han, Chinese Security Bureau rank, Major!" However, when he looked at the photo attached to the ID, the corners of Ye Han's mouth twitched, who the hell had taken such an ugly picture of him?

The first thing you need to do is to get a good idea of what you're getting into.

The woman didn't give it to him personally, but left it by his bedside, but now that I think about it, Fire Phoenix is probably already on her way to Yanjing.

The night came, Ye Han sat on his bed and cultivated, now he was already in the middle stage of the Peiyuan realm, but this strength was still far from enough, there were still many people stronger than him in this world.

The next morning, Zhou Yun'er came to Ye Han's home. She had arranged all the matters and the hotel to pay respect to the master, and after Zhou Yun'er arrived, Ye Han followed her out to the hotel arranged to pay respect to the master.

At this moment, Zhou Mingshan, the old man of the Lin family, Lin Baimo and Tang Da Shao were all here, these two days Lin Baimo and Tang Da Shao were busy with the opening of the medical school for Ye Han, very busy, so even yesterday's auction they did not go, when he saw Zhou Yun'er bring Ye Han in, Tang Da Shao immediately said; "You guy is really a young master's life, everything has to be arranged for you by us. Old Lin and I have almost finished preparing for the medical school, after you have worshiped Grandpa Zhou as your teacher, the medical school can also choose an auspicious day to open."

"Thank you all for your hard work." Ye Han walked over and smiled; "You two can ask for anything on the opening day of the medical school."

"Really?" Upon hearing this, Tang Da Shao's eyes lit up, even Lin Baimo did the same.

"Of course, when have I ever lied to you, Young Tang?" Ye Han laughed.

Hearing Ye Han's words, Tang Da Shao rubbed his hands together, but looking at Zhou Yun'er who was also there he was too embarrassed to open his mouth, so he said; "Cheng, when the time comes to find you damn well don't refuse, otherwise Old Lin and I won't let you off."

Ye Han gave him a punch, then walked towards where Zhou Mingshan and Old Master Lin were sitting, he had recovered well since the last time he was treating Old Master Lin, and after recovering Old Master Lin gave a feeling of being fit, Old Master Lin was a tomb raider when he was young, his health was naturally very good in all aspects.

Seeing Ye Han walking over, Elder Lin immediately stood up, shook his hand and said; "Doctor Ye, thank you for the wonderful hand you gave last time, a great kindness, I, Lin Jianhong, owe you my life."

At that, Elder Lin was about to bow to Ye Han, seeing this, Ye Han was shocked and hurriedly held him back and said; "Uncle Lin, this is too serious, this must not be allowed, Brother Lin and I are brothers, his relatives are like my relatives, there is no need to say thank you for treating relatives."

Zhou Mingshan also said at the side; “Old Lin, don’t be so formal with this kid, he’s the one who got my life back, okay, it’s about time now, I think the guests should come too, let’s all get ready, I need you to look after them later.”

“Haha, okay, Doctor Ye, since you and my boy Bo Mo are brothers, then I’ll call you Xiao Han from now on.” Lin Jianhong laughed, and then everyone was busy setting up, and not long after, a loud voice was heard at the entrance of the hotel; “Sun Gang, Chairman of the Shanghai City Tianyue Group, and Li Shanhe, Chairman of the Fanglong Group, each presenting a hundred years of ginseng and a piece of precious jade, congratulating Mr. Zhou Mingshan on his beloved disciple!”

Hearing the loud voice of the emcee at the entrance of the hotel, Zhou Mingshan, Lin Jianhong and Ye Han all walked towards the guests who had arrived.

Fortune Chapter 148

“Oh, Master Zhou, come uninvited, I hope you won’t be offended, congratulations!”

At the entrance of the hotel, Sun Gang of the Shanghai City Tianyue Group and Li Shanhe of the Fanglong Group came with a smile on their faces, behind them were two young men in their twenties, for these two men whether it was Zhou Mingshan or Ye Han, they were not familiar with them, Ye Han had only met them once when that Shen Tian Ao came to Shanghai City, but at that time, these powerful people of Shanghai City did not put this unknown dirt bag like him He was a guest.

Of course, the visitor was a guest, Zhou Mingshan smiled and said; “Where, the two of you are guests, please come inside.”

“Oh, good, I’m sorry to bother you then.” After saying this, Sun Gang and Li Shanhe both smiled at Ye Han and nodded their heads, while also greeting Lin Jianhong, for Ye Han, they hadn’t found a chance to repair their relationship with him before, but today, for them, was an opportunity for them to show goodwill to Ye Han.

Right now, although this young man had not long risen to prominence in Shanghai City, he had abilities in all aspects that could not be ignored and was much stronger than them, the old men, whether it was because of Ye Han’s miraculous medical skills or the energy he possessed at the moment, for him, they could only befriend.

“Young Ye, congratulations!” The young man standing behind Sun Gang smiled at Ye Han, his posture was lower, this person Ye Han sort of knew, his name was Sun Lan, that time when he and Ye Light were stirred up by a youth shopping at the mall, in the end this Sun Lan jumped out to teach him a lesson.

Ye Han smiled; “So it’s Young Master Sun Lan, thank you, we can get together more often as young people.”

Hearing this, not only did Sun Lan look happy, Sun Gang did the same, Ye Han said that this meant that he approved of them and would not blame them for what happened in the past, thinking about this, they were secretly glad that they had the cheek to come today.

After Sun Gang and the others arrived, outside the hotel’s main entrance, some powerful and noble figures from Shanghai City came, but this time they were all patients who had received favours from Ye Han, such as the president of a certain listed company, the chairman of the board, the director of a

certain company, the deputy director, etc. Of course, Wang Aiming, the secretary of the Discipline Inspection Commission of Shanghai City, also arrived.

For almost an hour, all the dignitaries in Shanghai City came, the whole hotel had 20 to 30 guests, of course, these are all from Shanghai City, among these people, Zhou Mingshan also invited just a few, the others were uninvited.

“Mr. Michael from the Tinian Consortium has arrived, presenting a pair of extremely fine jade stones.” Hearing this, Ye Han turned his head and looked, it turned out to be that old man Michael who had come, but he had not invited this old man, Ye Han walked over, Michael immediately laughed and said; “Mr. Ye, how could you not inform me of such a big happy event, fortunately I am well informed, otherwise I would have missed this big day today.”

Ye Han laughed; “Why bother Mr. Michael with such a trivial matter, please come inside.”

After receiving Michael’s group, a middle-aged man in his forties or fifties suddenly came outside the hotel’s main entrance. But one of the giants of the internet industry.

“Mr. Chen, thanks for coming all the way from a thousand miles.” Zhou Mingshan looked at this man and smiled, Chen Jianye shook Zhou Mingshan’s hand and said; “Master Zhou, how could I not come to such a big event as your acceptance of a disciple, without your gift of jade back then, how could my Chen Jianye be here today.”

Zhou Mingshan laughed and said; “Don’t mention the old days, come, let me introduce you, this is the disciple I am going to accept, I need you to take care of anything in the future.”

“Master Zhou is serious.” After saying this Chen Jianye extended his hand towards Ye Han and smiled; “Little brother, hello, I am Chen Jianye, don’t be afraid to trouble me with anything in the future, hehe.”

Ye Han shook his hand and smiled; “Not many people in China don’t know Mr. Chen’s great name, my name is Ye Han.”

“Since you are Elder Zhou’s disciple, we don’t need to be too rusty, I’m older than you so I’ll call you Xiao Han, if you want to call me Big Brother Chen that’s fine.”

“Oh, good, big brother Chen, please come inside, we’ll have to have a few good drinks later.”

“Haha, good, I’ll be waiting for you.” After saying this, Chen Jianye was greeted by Elder Lin and the others and went inside, but just as Chen Jianye left, outside the hotel’s front door, another person came, this time the person who came was wearing a military uniform, with two guards, and walked towards Zhou Mingshan like a dragon and a tiger, Ye Han counted the stars this person was carrying on his shoulders and was startled, if this person’s military rank was in ancient times it would be a great general who was holding down a side, and his age should still not be more than fifty years old.

“Master Zhou, my family’s old man is too ill to come in person, so I congratulate you on behalf of his old man!” The man in the military uniform smiled at Zhou Mingshan, with the upright demeanour of a soldier.

Zhou Mingshan laughed; “Old Ye guy is too polite to let you kid come in person, good, when this is done I’ll find that old guy to play chess.”

“He told me to give you a message, next time you play chess, you can’t regret it, your chess is too bad.”

“You’re still making fun of me, isn’t your master also playing games with me?”

The arrival of Chen Jianye and the soldier carrying several stars on his shoulders made the people inside the hotel speechless, the arrival of Chen Jianye, the Internet giant, had already surprised them, but now the arrival of the soldier shocked them even more, the energy of the Southern King of Gambling was really not blown.

Of course, after the arrival of these two, some important people came one after another, such as the deputy secretary of a certain province, a certain multinational boss of the top 500, and even a few secretaries of a certain high official from Yanjing, all of whom came to congratulate Zhou Mingshan on his acceptance.

In one day, so many big names came to this small hotel, which immediately made those powerful people in Shanghai City feel astonished and at the same time secretly thankful that they had come today.

Of course, the guests gathered, and the busiest ones were Master Lin and Lin Baimo and Tang Da Shao and Zhou Yun’er. Ye Han and Zhou Mingshan were standing inside the front door to greet the guests.

However, by now, all the guests had almost arrived, but Zhou Mingshan’s gaze was still looking at the outside of the hotel, the people he had invited had not yet arrived, however, at that moment, an old man, a middle-aged man and two young people came towards the hotel.

The corners of Zhou Mingshan’s eyes were mimicking as he looked at these four people, and although his face was still smiling, that smile had a deeper meaning, and Ye Han also had a playful smile on his face when he saw these four people.

Fortune Chapter 149

“Older brother Ming Shan, how could you not inform my brother of such a big event as your acceptance of a disciple?”

The old man in his seventies among the four people who had come here looked at Zhou Mingshan and smiled lightly, the smile on his old face gave people a sincere feeling that made them feel good about him, but Zhou Mingshan and Ye Han did not feel half as good about him, because this man was the real helmsman of Ning’s jewellery, the King of the North’s gambling stones, Ning Haotian, a master-class figure who was equally skilled in gambling stones and carving.

He had come to Shanghai City today!

As for the other three people, they were naturally Ning Siyuan and Ning Feng, as well as a handsome young man. Zhou Mingshan had accepted Ye Han as his disciple, and they had deliberately hung around until the end to come, only that they were not simply here to congratulate him.

As the saying goes, when enemies see each other, they see each other in a different light. At this moment, Ning Feng looked at Ye Han and gave a cold laugh, making his handsome face a little bit more fierce. Seeing the arrival of the Northern King of Gamblers, many people in the hotel looked this way, one was the Southern King of Gamblers and the other was the Northern King of Gamblers, both of whom were outstanding figures in the same field.

Zhou Mingshan and Ning Haotian were rivals when they were young and did not give way to each other, and everyone in the hotel who had some ability knew this.

Zhou Mingshan looked at Ning Haotian and smiled; "I didn't expect that Brother Ning would still like to walk around at such an old age, I thought that Brother Ning had already gone to some place to recuperate and enjoy his old age in peace, if I knew that Brother Ning was still in such good health, I would have said something to inform you, please come inside."

"Oh, old brother Ming Shan, is this little fellow the disciple you took in?" Ning Haotian had no intention of taking a step, he looked at Ye Han with those old eyes as if he was admiring him, Zhou Mingshan smiled; "Not bad, it's him, I wonder what Brother Ning thinks of him?"

"Not great." Ning Haotian smiled lightly and said something that made Zhou Mingshan's face stiffen, in front of so many guests, Ning Haotian was deliberately embarrassing him, seeing this, Elder Lin, Lin Baimo as well as Eldest Tang and Zhou Yun'er all walked over, their faces were not very good, now anyone would know that this Ning Haotian was here for trouble.

Zhou Mingshan sneered; "Does Brother Ning mean that this disciple of mine is not able to meet your eyes? Or is it that I, Zhou, have poor eyesight?"

Upon hearing this, Ning Haotian smiled and said; "Elder brother Ming Shan, I didn't say that, but I have recently taken on a disciple as well, so why don't we let them have a competition to see who is better between them?"

Zhou Mingshan's eyes changed, this was only Ning Haotian's purpose for coming here, a competition, how could this be possible, he hadn't even taught taught taught Ye Han any of the art of carving, Zhou Yun'er and the others' faces likewise changed after hearing these words.

Zhou Mingshan let out a deep breath and said; "It's fine if you want to compete, but not now, Brother Ning shouldn't be deliberately breaking up my stage today, right?"

"Of course not, but I'm afraid this decision is a bit too hasty for the disciple that Brother Ning is going to take on, you and I are both carving connoisseurs, we can't pass on this craft to a mediocre person, in order for Old Brother Ming Shan to make the right decision, I think it would be better to let my untalented disciple compete with him, how about that?" Ning Haotian looked at Zhou Mingshan with a smile on his face, but he was pressuring him step by step with these words, not giving Zhou Mingshan a way back at all, if Zhou Mingshan pushed back, it would just show that Ye Han was inferior to Ning Haotian's disciple.

For a moment, Zhou Mingshan's face grew colder and colder, Ning Haotian had given him this dilemma, making it difficult for him to ride a tiger.

Seeing this, Ning Feng smiled towards Ye Han and said; "What, you don't dare to compete?" After saying this, Ning Feng looked at Zhou Yun'er again; "Yun'er, take a look, this is the man you chose, being a man without any guts at all, how can such a person be worthy of you?"

Zhou Yun'er snorted coldly and said; "Even if my man is no longer good, he is still a million times better than you, Young Master Ning, if you have the ability, you yourself started with nothing and have reached the point where my man is now?"

At these words, Ning Feng's face was incomparably cold, and both fists were clenched tightly.

Ye Han didn't bother with this Ning Feng at all, comparing carvings right now really wasn't his strong point as he hadn't learnt it at all, but this Ning family's people were pressing hard every step of the way, so I was only afraid that it wouldn't be possible if he didn't compare.

"Teacher, since this old man is willing to put on a show for all the guests on this big day today, why don't we oblige them, it just so happens that I would also like to see what the disciples taught by the King of Northern Gamblers are capable of, to make certain people so mad." Ye Han looked at Ning Haotian and smiled lightly, hearing him say this, Ning Haotian smiled and nodded, not angry at all.

Zhou Mingshan gave Ye Han a glance and laughed bitterly in his heart as he lowered his voice and said; "How is this kid of yours going to compete with others when he hasn't even studied the art of carving?"

"So, it's up to the teacher to teach on the spot." Ye Han smiled faintly and continued; "What's more, even if you lose, so what? Whether I am capable of becoming your disciple or not, you just know clearly in your heart, so why bother with other people's comments, do I have to go through all the trouble of explaining to those hundred idiots when a hundred of them call me stupid? Wouldn't that make me even more foolish."

At these words, Zhou Mingshan suddenly laughed and said; "Well said, why should my disciple need others to comment on him, good, Brother Ning, I will agree to your request for a competition, consider it a show for the friends who have come here today, winning or losing doesn't matter because I know in my own heart how capable my disciple is."

Upon hearing Zhou Mingshan's words, the people inside the hotel all became interested and stood up, carving a competition, many of them had never seen one before.

Ning Haotian smiled lightly and said; "In that case, then let them each prepare, it just so happens that I would also like to see what this beloved disciple of Old Brother Ming Shan is capable of."

The two men smiled at each other and nodded, but there was a cold sharpness in that smile that blossomed out, and then Zhou Mingshan sent someone to prepare the carving knives and jadeite, something that the Ning family did not need to prepare as they had already brought it, so one could imagine that this Ning Haotian really did not have any good intentions from the start.

The handsome young man had already taken out a piece of jadeite and several sharp knives, which were of various kinds, somewhat like scalpels, but much sharper than scalpels.

At this moment, under the gaze of the surrounding guests, the handsome young man was seen smiling coldly at Ye Liang and said; "Remember my name, my name is Leng Fan, today you are destined to lose at my hands."

"Probably." Ye Han smiled lightly and said; "The visitor is a guest, why don't you come first, no need to wait for me, at the end of the day anyway, as long as I carve the item out."

Right now Ye Han had no jadeite in his hand, nor did he have a carving tool.

"Then you'll see." Leng Fan smiled coldly, his hand brushed over those carving knives placed on the table, and finally took out a bright and shiny knife and carved on top of the piece of jadeite he was

holding, his hands were strong and steady like a mountain, his eyes were like electricity, seeing this, Zhou Mingshan's eyes suddenly stared, this disciple of Ning Haotian seems to be not simple!

Fortune Chapter 150

Leng Fan began to carve the jade, and the eyes of the people inside the hotel were on his movements. This Leng Fan was indeed a carving genius, although he had not followed Ning Haotian's side for a long time, his carving skills had some fire, and this was obvious to everyone present.

Ye Han was also watching Leng Fan carve the jadeite, his gaze was on Leng Fan's hands, his expression was calm, but Ye Han's eyes were learning from his opponent's carving techniques and the angle of force and the kind of dexterity he used, through the yin and yang magic eye to observe, Ye Han could clearly see the strength of Leng Fan's knife each time and the slight trembling coming from his arms.

This is a kind of trembling strength, which is to gather the strength of the whole body on the palm of the hand, and then use the tiny trembling to apply this strength to the jadeite, so that when the knife is placed, the carving part can achieve the desired effect in the carver's mind.

However, to achieve this, it is extremely difficult to do so with the strength of an ordinary person, and only after a long period of practice can one slowly get used to it.

As he watched, a smile appeared at the corner of Ye Han's mouth. Perhaps he could make use of Leng Fan's carving technique to carve a piece of artwork, with Ye Han's unforgettable skill and the help of the Yin Yang Dharma Eye, Leng Fan's special carving technique had already been learnt by Ye Han.

Gradually, as the crowd watched, the carving on Leng Fan's hand was gradually taking shape, and after half a child, a jade pendant carved with a plum blossom appeared in front of the crowd's eyes.

"This carving is already considered a middle to upper level work, this Ning Haotian's disciple is not simple, he can carve such a work at such a young age, once he learns all of Ning Haotian's skills, he will definitely surpass Ning Haotian in carving techniques in the future."

The people inside the hotel looked at Leng Fan's carvings and were all talking about it.

Seeing Leng Fan's carving, Zhou Mingshan and Zhou Yun'er frowned, as they were in the business of jadeite jewellery, they could naturally see that this Leng Fan was extraordinary.

Zhou Yun'er held Ye Han's hand, her face a bit worried, Ye Han smiled at her without saying anything, Tang Da Shao touched him and asked; " Han Zi, what should we do? This kid seems to have two hands, can you do it?"

"Can you do it, just watch later." Ye Han said rather calmly.

"Hehe, it seems that this little brother has run into trouble."

Behind a screen in the hotel, there were some people of extraordinary origins sitting in here, such as the internet giant Chen Jianye, and the middle-aged man carrying a few stars on his shoulder, as well as a certain provincial deputy secretary and a certain secretary, their eyes were all fixed on a laptop at the moment, what was happening outside they could all see in here.

Hearing this from Chen Jianye, the deputy secretary of a certain province laughed; "The disciples of the Northern Gambling King naturally have two hands, today they are here specifically to stir up trouble, they couldn't have come here to cause trouble without some ability."

The middle-aged man carrying a few stars on his shoulders said; "I am a soldier, I don't know how to carve, but I know how to use a knife, that young man is very skillful with a knife, but this disciple of Master Zhou is no simple person, even when he faced me just now he acted calmly."

"Chief, he is a cultivation master, very powerful." At this moment, a guard spoke beside his ear, hearing this, Ye Anbang's eyes lit up, his guard was no ordinary person, since he said so, then this person Ye Han was indeed very uncomplicated.

"Elder brother Ming Shan, I wonder what you think of my disciple's craft?" After that Leng Fan finished carving, Ning Haotian looked at Zhou Mingshan and asked with a smile, upon hearing this, Zhou Mingshan said indifferently; "Congratulations to Brother Ning for finding an outstanding disciple, he is indeed very talented in carving."

"Oh, Leng Fan, people have praised you like this, why don't you hurry up and thank them."

Leng Fan looked at Zhou Mingshan, the corners of his mouth swept away as he said indifferently; "Thank you for the compliment, Master Zhou, now it's your disciple's turn to perform."

Hearing these words, Zhou Mingshan glanced at Ye Han, the things to be prepared had been delivered to Ye Han, a piece of jadeite and a few sharp carving knives, Ye Han nodded at Zhou Mingshan, immediately he picked up the piece of jadeite and smiled; "Wife, what do you think would be good for me to carve one out? How about carving a beautiful woman out for a bit of fun."

Hearing this, Zhou Yun'er gave him a white look, with his current novice who had not tried his hand yet, wanting to carve a human statue out was simply bragging, the surrounding guests all laughed, carving a human statue, I'm afraid only Zhou Mingshan and Ning Haotian could do it here.

But Ye Han was not bragging, he was indeed thinking this way. Then, under the watchful eyes of the crowd, Ye Han made his cut, slowly carving down from the top of the jadeite, with one cut, a piece of the jadeite was missing, and with this gap in the source Ye Han was gradually breaking the surface with a point.

When Zhou Mingshan saw this, he immediately said to Ye Han in a deep voice; "Ten out of ten, three out of ten, seven out of seven to break the surface, skillful but not broken, broken but not destroyed, Ye Han, you must remember, the art of carving, all in the word 'skillful power', feel the knife in your hand with all your heart, it will lead you to find the way."

Ye Han nodded, what Zhou Mingshan said was actually similar to what Leng Fan had just done, but Leng Fan would use a kind of shaking power, this should be the untold secret of that Ning Haotian, accordingly, Zhou Mingshan should also have a similar carving technique in his hand.

Gradually, Ye Han's heart was engrossed in the jadeite, and as he slowly made the cut, some incomprehensible lines gradually emerged, and the people around him could not understand what Ye Han was carving, so they waited in silence.

However, as time passed, Zhou Mingshan and Ning Haotian both noticed that Ye Han's knife technique had slowly become more skillful from the beginning, and the strength of his knife and the coquettishness of the invisible blade made Ning Haotian's eyes stare, and his old eyes flashed with a compelling light.

"Shaking power!" Zhou Mingshan's heart cried out in amazement, his eyes shocked, this exquisite carving technique was only known to Ning Haotian, when had Ye Han learnt this technique? This question was not only on Zhou Mingshan's mind, but also on Ning Haotian's. He had figured out this technique himself during his years of carving, and apart from himself, only his disciple Leng Fan was left, so there could never be a third person who knew this carving technique.
