### Fortune Chapter 16

“Miss Zhou, you have added another piece of extremely fine jade to your jewellery house, congratulations!”

When the people around saw Zhou Yun'er get the emerald, they all spoke up to say happy, although they were also envious and jealous, but they didn't have that kind of strength, after Zhou Yun'er had a polite conversation with these people, her eyes were staring straight at Ye Han fiercely.

“Oh, you guy, I have to admire your luck, I've never seen someone like you in all the years I've been in the gambling world, here, this is a reward for helping me just now.” Said the man, a wet fragrant kiss landed on the side of Ye Han's face without warning, his lips and teeth were fragrant, wet and charming, causing Ye Han to lose his concentration instantly.

That kiss, damn it, it was his first kiss, although it was only his face, but it was also his first kiss, so this woman took it away, the more Ye Han thought about it, the more he felt he lost, the emerald he had sold to Zhou Yun'er at a loss of five million, and now, the first kiss on his fucking face was also gone.

No, he must get it back, he must.

The two sides, at this moment, seemed to have some kind of tacit understanding, no one pushed anyone away, both of them were the first taste, feeling the beauty of it, as if to The beauty of it was as if it was going to sink one into it and make one unable to extricate oneself.

Hiss!

The time seems to have passed for a long time, Ye Han was vigorously pushed away, his mouth could not help but suck a mouthful of cold air, his hand wiped his mouth, day oh! There was blood, this woman had actually bitten him.

“Rub, it was you who kissed me first, okay, brother returned a salute, is it wrong?” Ye Han looked at Zhou Yun'er indignantly.

“Hmph, who told you to be a rascal, you deserve it, this lady has done you justice by not cutting you off.” Zhou Yun'er's voice was cold, her eyes turned cold, her heart was even more bitter, this bastard, that was her first kiss! It was her first kiss! If she had known, she would not have given Ye Han that one reward, and now she had lost herself instead.

But with that kiss fallen, her heart felt a different kind of feeling towards Ye Han.

“Let's call it even, this is the first time brother has kissed a woman, it's cheaper for you.” Ye Han said disdainfully, that look as if he had suffered a bigger loss, for Ye Han's rogue Zhou Yun'er had seen it all this time, so she didn't say anything and left the gambling factory directly, Ye Han also followed behind Zhou Yun'er with his emeralds.

“Hey, big beauty Zhou, let's not go to other gambling factories for a stroll? Today brother's luck is good, maybe he can even unlock an emerald.” Seeing Zhou Yun'er open the car door and sit down, Ye Han couldn't help but speak up, with the Yin Yang Dharma Eye, he didn't want to leave the gambling market so soon, to him, there was gold everywhere waiting for him to dig it up.

At his words, Zhou Yun'er sneered at him; "If you don't want to be robbed later on get in the car."

"Robbed!" Ye Han's heart twitched, he was not that kind of fool, looking at the emerald in his hand Ye Han understood a lot, a man is not guilty, his sin is his sin, once the news of him solving the emerald spreads out, only a few people will have their hearts set on him, know that it was an extremely fine jade worth 70 million, now he was a poor boy to carry it.

After riding in last Yun'er's car, Zhou Yun'er started to head towards her own jewellery shop. Since she had bought the emerald in Ye Han's hand, the deal had to be completed. But on the way back Zhou Yun'er kept a dark face and did not communicate with Ye Han, probably because she still had a grudge in her heart about Ye Han's forced kiss.

Zhou Yun'er didn't say anything, and Ye Han was happy to be left alone. This woman was too arrogant, so she needed to be treated. The force of inertia combined with the sound of the tyres scraping against the ground scared Ye Han, who almost threw the emerald in his hand.

"My God! Big beauty Zhou, you don't want to live anymore? I haven't lived long enough." After the car stopped, Ye Han's face instantly darkened, this woman is jerking off! But the next moment five big men with sharp weapons stepped down from the gold cup car in front of him made him understand that something was not simple.

Seeing this, Zhou Yun'er was ready to reverse back, but behind them there was also a car blocking them, and in that car there were also five men coming towards their car, all looking vicious and holding sharp weapons.

"It's not good, we might have really met a robbery." Zhou Yun'er's face became very unattractive, but what surprised Ye Han when she encountered this situation was that the woman was actually very calm and did not panic in the slightest. Ye Han looked at the big men walking towards them back and forth and said with a calm expression; "I'm afraid things are not that simple, if it's just a simple robbery there's no need for so many people, right?"

"You mean these people have other purposes?" Zhou Yun'er frowned, in order to hurry back, she chose an isolated road, the road here had very few pedestrian vehicles, if these people really had other purposes then it would be bad. At that moment, a big man's voice came; "Miss Zhou, please get out of the car, but don't let us brothers do it, if it hurts your golden body, it will be bad."

Hearing the big man's words, a cold light flashed across Zhou Yun'er's wise face, then she turned to Ye Han and said; "These people are only coming for me, you stay in the car first, if anything is wrong later you have to escape at the first opportunity, I don't want to drag you down."

At these words, a touch of emotion flowed through Ye Han's heart, this woman, still not very annoying, there are not many women in this world who would really care about him, now Zhou Yun'er made him feel differently in his heart.

"The first thing you need to do is to get out of the car. If they want to rob you, you'll be in a tiger's mouth. Without waiting for Zhou Yun'er to speak, Ye Han directly opened the car door and walked down, also pulled out the car key and locked the car door, still by Zhou Yun'er inside how hard she could not open it.

When she saw Ye Han get out of the car alone to face the ten vicious men, Zhou Yun'er was anxious in the car, looking panicked, the sturdy car window was thumped by her, anxiously calling out Ye Han's name.

But Ye Han ignored Zhou Yun'er, although he was facing ten big men with sharp weapons, he did not have stage fright.

Therefore, he could only face these ten people alone.

"Hmph, kid, you really aren't afraid of death, but you don't need to rush, our mission today is to cripple you and then take you and that little girl away." A big man sneered when he saw how calm Ye Han was, hearing his words Ye Han's heart twitched, these people actually had him among their targets, it wasn't just Zhou Yun'er alone.

"Third brother, why bother with him, let me go and take care of him, finish the mission sooner or turn in sooner."

The big man called Third Brother nodded his head, and immediately, one of them lunged towards Ye Han, holding a military dagger, and slashed in a smooth manner, to cut off Ye Han's arm.

With a click, the arm of the man who attacked Ye Han was directly broken, and the terrifying force came, causing the big man to fly out with a scream.

"Not good, this kid is a practitioner, let's all go together." Seeing Ye Han nullify his man with a single punch, Third Brother's heart was shocked, his years of licking blood from the mouth of the sword made him feel that Ye Han was not simple, he hurriedly greeted the people around him and gathered around towards Ye Han, nine men with hideous faces surrounded Ye Han in the middle.

"Motherfucker, this son of a bitch even scrapped Xiao Liu, he has some ability, kill him."

In an instant, only Ye Han's four directions of cold light bloomed, a sharp weapon either slashing, hacking or stabbing, all towards Ye Han's body, Ye Han coldly smiled, his expression cold to the core; "Looks like you guys aren't good either, let's take you to practice today."

After saying that, Ye Han also moved, nine people came towards him, almost blocking all of Ye Han's retreat, the only way to attack, to win in the middle, bending down, bowing back, like a human cannonball rushing across, that kind of speed is fast to the limit of ordinary human body, click, as if hit by hundreds of pounds of thick objects sounded on the body of a big man, in a flash, when Ye Han's body hit this man's body This big man, who was even taller than Ye Han, was directly knocked two to three metres away, and his bones were broken in many places all over his body.

The powerful Qi training technique made him want to give vent to his anger, and suddenly, before the other men had time to react, Ye Han's body moved quickly, using his fists and feet to greet the bodies of those big men. The bones in the body of anyone he hit would break a few.

"Little beast, everyone strike to death, kill him for me, not alive ....." When Third Brother saw how terrifying Ye Han was, his heart palpitated while he also frantically killed towards Ye Han, now either Ye Han crippled them or they killed him, but Third Brother also did not expect The ten men he brought with him had already been crippled by half of Ye Han in a minute.

The cold light flashed, dazzling, and after Ye Han had destroyed five men, the violence in his heart became heavier, and in the face of the last few men's death-like counter-attack, he became even more excited, and with a wild roar, like a fierce tiger shaking the mountains, his terrifying fists struck out violently, staging a visually stunning scene.

Inside the Porsche, Zhou Yun'er's initial anxiety and worry had turned into a complete and utter shock, her beautiful eyes looking at the young man on the road who was killing people in all directions, she could never have imagined that Ye Han would be so fierce, that wild and fierce fighting style gave her too much of a shock.

At this moment, Zhou Yun'er, who had quieted down, realised that Ye Han was mysterious, his extremely strong eyesight, miraculous medical skills, unbelievable luck, and this terrifying strength, completely reflected that Ye Han was not like an ordinary person, he had a mysterious veil waiting to be lifted.

On the road, after Ye Han's last punch knocked down the big man called 'Third Brother', no one around him could stand up anymore, they were all lying on the ground wailing in pain, the screams were miserable to hear!

Ye Han looked at a bloody scar on his left arm, it was left by that third brother, this third brother used to be a black boxer, naturally his strength was a bit stronger than other ordinary people, seeing Ye Han walking towards him, his body which was grunting in pain couldn't help but tremble, this teenager's strike was too ruthless, at least seven or eight bones in his body were broken.

"Kid, you are ruthless enough, today Third Master I concede, what do you want?" Third Brother looked at Ye Han and said as he endured the severe pain all over his body.

Ye coldly laughed; "Tell me who told you to do this and I will let you go, otherwise I will make you break a few more bones in your body, do you want to taste that kind of taste again?"

"I pooh-pooh, little bastard, get me killed if you can."

"Looks like you have pretty hard bones." Ye coldly smiled, without too many words, with a click, this third brother once again had another broken bone in his body; "To speak or not to speak? If you carry on dead, next time I will make you break a leg, but it's that soft and disgusting thing in your middle, your choice."

Hearing these words, the miserable Third Brother's jugular tightened and he couldn't help but tighten his legs, but when he came into contact with Ye Han's evil eyes and his gradually raising right leg, he was really scared, this teenager's tactics were now a demon to him, if this kick landed, he would definitely be scrapped.

"I said, bastard, stop it, it was Master Feng who sent us here, he told us to come and take you and Miss Zhou back."

"Master Feng?" Ye Han's eyes were cold, wasn't Qiu Lao San, who had molested his sister and beaten him to a bloody pulp, covered by one of Master Feng's men, it seemed that whether it was Qiu Lao San or this mastermind Master Feng, he was going to meet him for a while.
