Fortune Chapter 17

Inside the Porsche, Zhou Yun'er was driving while looking at Ye Han as if she was a monster, this guy was so unbelievable that Zhou Yun'er had the urge to pick Ye Han's brain and find out what kind of secrets he had.

What kind of secrets did Ye Han have? His miraculous medical skills, his unbelievable luck, his precise gambling, and his fierce body, could he be an ordinary person?

"Where are we going now?" Ye Han moved his buttocks and changed to a comfortable sitting position to look at Zhou Yun'er who was peeking at him and asked.

When she came into contact with Ye Han's deep, ink-like eyes, Zhou Yun'er's pretty face flushed as she said; "To my house, you're injured, I have a medicine box there to help you treat your wounds. Also, thank you for what happened just now, if it wasn't for you I would have been taken away by them."

Ye Han waved his hand and said; "Their target is not just you, even I am included, and they are ruthless, they look like desperate people, I am only afraid that they are not ordinary people who want to deal with us, also this person has a deep resentment towards us towards each other, otherwise they would not have made a move against us in broad daylight."

"You mean their target is also you?" Zhou Yun'er's brow furrowed as she wondered who this person could be.

Soon Zhou Yun'er drove the car to the entrance of her private villa, it was a villa complex, the people who lived here were basically all dignitaries in Shanghai City, the environmental facilities inside Zhou Yun'er's villa opened Ye Han's eyes, not only was it spacious and gorgeous, it was unique, the view was also very good, one could see everything within the entire villa complex clearly.

"You sit down for a while, I'll go get the medicine box." After saying that, Zhou Yun'er ran towards the first floor, Ye Han stared at her back and couldn't help but ponder, he didn't have any enemies in Shanghai City, if he had to count, it was only Bai Luofei's group of rich kids, at the party he had beaten the other party ruthlessly and made them lose face, it was normal that they would retaliate against him.

Of course, whether it was Bai Luofei or not Ye Han was still unclear, he would have to ask that Master Feng to find out everything. If it was really Bai Luofei, then even if the other party's family was rich and had a deep background he would have to go and get it back, in Shanghai City if he wanted to rise he couldn't bow down and go against the grain, striking back was the best deterrent.

The first thing you can do is to get a good idea of what you're looking for.

"Oh, I didn't see that, you still know how to treat injuries with medicine." Seeing Zhou Yun'er walking over, Ye Han naturally took off his shirt, revealing a perfect bronze skin, the muscles on Ye Han's body were not high and bulging like Mr. Bodybuilding, but evenly distributed, from the outside it was hard to see that Ye Han was so fit on the inside, those eight pieces of abs were like knives, filled with a powerful power beauty.

Seeing a man naked in front of her for the first time, and with only two people, Zhou Yun'er's face flushed and her gaze couldn't help but look away, but the masculine and attractive body of Ye Han seemed to have a magical power that always attracted her, causing her little heart to pound and pound, losing the calm and collected composure of a strong woman in the business world.

"I say, big beauty Zhou, what are you fooling around for, hurry up and apply the medicine!" When Ye Han saw Zhou Yun'er hesitate, he couldn't help but smile wickedly and said; "Why, Zhou big beauty this is your first time, afraid of a ball, the first time is going to be given to someone anyway, brother saved you, giving it to me is not a loss for you, right?"

Hearing Ye Han's words, Zhou Yun'er's face became even redder, there had never been a man saying such explicit words in front of her.

"Shut up, hurry up and sit down." Zhou Yun'er glared at Ye Han and stared at the body that made her heart beat as she slowly sat down beside Ye Han, then took out antiseptic water and cotton balls from the medicine box and began to clean the wound on Ye Han's arm, in fact, Ye Han's injury was not a big deal at all, it only cut the skin a bit, so it was enough to stop the bleeding and put some medicine on it.

The first thing you need to do is to look at the woman you're looking at, and you can't help but lean back on the sofa and stare at her, and when you look at her up close, her beauty increases in Ye Han's heart.

Probably because she felt the bastard's breathing a little heavy in front of her and his firm pectoral muscles undulating, Zhou Yun'er, who was bending over to apply medicine, couldn't help but look up at Ye Han, only to find that the bastard's thieving eyes were staring at himself, as if he wanted to stick his whole head in and examine him.

"It's pretty, isn't it?" Zhou Yun'er was furious, was this bastard a little too horny, the wound was still bleeding, looking at Ye Han, her hand subconsciously squeezed towards Ye Han's thigh, which, unbeknownst to her, this squeeze caused a big deal!

"Holy shit! Big beauty Zhou, let go, you've pinched the wrong place!" Ye Han wanted to cry, damn it, he just looked at it, do you have to do this to death?

Ye Han's shout made Zhou Yun'er, who was a bit dazed, look down and immediately she jumped away with a cry of shock. Her hand had actually squeezed Ye Han's disgusting thing, and she felt her hand was still warm. Thinking back, that feeling just now was like a tidal wave hitting her heart hard, for the first time, for the first time in her life, she had done something like that.

Humiliation, nervousness and a touch of excitement quickly took over her mind.

The desire in Ye Han's eyes also disappeared after being pinched by Zhou Yun'er fiercely, the second leader is still in pain now, where he still has any desire ah, hurriedly put on his own clothes looking at Zhou Yun'er who is glaring at himself angrily, said sarcastically; "That, Zhou big beauty, it is also late, I will go back first, that, you remember to put the money on my card. "

If he stayed any longer, Zhou Yun'er would have raised the medicine box and smashed him.

The sound of the door closing came, Zhou Yun'er looked at the back of Ye Han disappeared eyes have been almost spitting fire, if Ye Han in stay to go, she really want to smash people, but recalled just that

scene to come, Zhou Yun'er silly look at their own hands, she vaguely remembered, just now their own hands seem to have not completely give the guy's size out.

He felt that it was time for him to meet Zhao Hengtian, a legendary figure, and he was looking forward to the shock he would bring to him!
