Fortune Chapter 20

“Holy shit, fucking dare to stab Brother San, brothers, kill this motherfucker!”

The situation made the pedestrians on the street tremble with fear, it was like a fire fight, could the young man alone be able to fight these social criminals?

The young man who saved his own life was no older than two years old, would he be a match for this group of hoodlums?

Ye Han looked at this group of gangsters with all kinds of weapons, a cold smile emerged from the corner of his mouth and hooked his finger, the group of youngsters under Qiu Lao San's hand instantly became angry, each one of them bellowed and jumped towards Ye Han, raising the weapons in their hands to fall towards Ye Han's body.

As the group of gangsters attacked Ye Han, Ye Han kicked two of them two or three metres away with a beautiful tail.

When the remaining man saw how easily Ye Han had overturned the four men, he dared not bother Ye Han and threw down the kitchen knife in his hand and ran away, shooting faster than a rabbit.

After finishing this group of people, Ye Han clapped his hands and walked towards Qiu Lao San, this guy had been stabbed in the jugular and still hadn't stopped, his screams sounded as if he was being rounded up, Ye Han walked over and gave him a kick, scaring this guy so much that he didn't even dare to say anything.

“Little brother, no, big brother, grandpa, grandpa, just let me go, it was my fault in the past, I won't dare to do it again”

Ye Han touched the sugar cane that was stuck behind Qiu Lao San and said indifferently; “If you want me to let you go you can, take me to find Master Feng, I will let you go once I find Master Feng, otherwise, this heel of sugar cane will only have to enter your body in its entirety.”

Hearing these words, Qiu Lao San was so scared that he almost shit himself, if this sugar cane was stabbed all the way into his body, would he still be able to live? So Old Man Qiu was completely afraid to refuse and agreed to do so, and was then carried away by Ye Han in one hand.

Master Feng was the strongest snake in the southern suburbs of Shanghai City, with several nightclubs and bathing centres under his hands, bringing him tens of millions of dollars in huge profits every year, but of course, all these were illegal and disorderly activities, but Master Feng had a hard backing and a clean ass, so he had never been removed by the government.

According to Qiu Laosan, Master Feng would go to the No Drunken Wine Bar every night to check the proceeds, and the No Drunken Wine Bar was the convergence point for all the funds of the industries under his hands, and some illegal proceeds would be laundered here.

Therefore, that night Ye Han came to the entrance of No Drunken Wine Bar alone, as for Qiu Lao San, Ye Han had already sealed several of his major acupuncture points, in a few days he would die due to blood

retrograde, at that time even if the investigation could not find anything, people like Qiu Lao San Ye Han would not show mercy.

The air is filled with the smell of alcohol and tobacco, and people of all kinds converge in it, including white-collar businessmen, school students, and also social jerks, and even women dressed up in fancy clothes.

The dj music was turned up to the maximum, the sound was almost deafening, men and women were frantically twisting their waists on the dance floor, and the coolly dressed women were cheekily mingling with the men, teasing those who couldn't control themselves with their flirty language.

It was now around ten o'clock and there were a lot of people at the non-drunken bar today, for modern people this is the time when their exciting life begins.

Ye Han came to the bar and asked for a bottle of beer, then he looked out over the whole bar. The first time he came here, Ye Han understood why many people like to come here, because here you can release yourself to your heart's content and relieve the pressure of a day's work, of course, here you can also find the woman you like, and this is considered the best place.

Of course, these were not Ye Han's purposes, he came here for Master Feng.

After ten minutes had passed like this, a beautiful young woman of some beauty shook her glass and walked towards Ye Han, this young woman was wearing a dark red cheongsam, which reflected her figure to the fullest and was an ideal target for many men to hunt.

"Handsome man, won't you buy me a drink?" The beautiful young woman came next to Ye Han and leaned against the bar looking at him, her red lips seemed to have some kind of magic power that made people want to hold her and kiss her furiously, Ye Han turned his head and smiled; "Sure, be my guest, I'll pay for it."

Hearing Ye Han's words, the beautiful young woman smiled in style and said; "Little handsome, I'm just kidding with you, let me treat you, how about we have a drink somewhere else and learn about life?"

Learn about life? Ye Han took a look at the beautiful young woman and understood a few things in his heart, it seemed that he had been taken as a target by this young woman, naturally Ye Han took the young woman's waist in one hand and let her fall into his arms, smiling; "Why do you need to change places, don't you think this place is just right, there is music, wine and a beautiful woman to accompany you."

At these words, the young woman giggled and fell into Ye Han's arms, but the contact with Ye Han's firm body made her tremble and even her body went soft, it had been a long time since she had come across a firm man like Ye Han.

"Little handsome boy, I can't see that you are quite material, are you interested in playing with sister?" The beautiful young woman fell into Ye Han's arms, her eyes intoxicated, the ear-splitting music around her and the scent emanating from the air made her want to squeeze Ye Han to death.

Ye Han wrapped his arms around the gorgeous young woman and laughed; "Play, of course you can, how about we have a bit of excitement later?"

“Oh?” The gorgeous young woman’s big eyes stared at Ye Han and smiled flirtatiously; “Sister likes excitement, what do you want to play, tell me?”

Ye Han looked at the handsome bartender not far from him and said; “Do you think I dare to get him here?”

The beautiful young woman glanced at the handsome bartender and gave Ye Han a flirtatious white glance; “I say, little handsome brother, can’t you still dare to make trouble at the Not Drunken Bar, I advise you to dismiss this idea, otherwise you won’t even be able to get out of the door here.”

“Hehe, then I really want to give it a try.” Ye Han smiled lightly and drained the beer in his hand in one gulp, the next moment, the beer bottle in his hand smashed directly towards that bartender’s head, with a bang, the beer bottle collided with the bartender’s head and immediately split into pieces, and that bartender was immediately blinded by the smash, and fell onto the drink driver behind him with a miserable scream.

Seeing this scene, the young woman in Ye Han’s arms shrieked in fear and immediately broke away from Ye Han’s embrace, looking as if she had been stabbed, and what was happening on this side of the bar was also seen by the security inside the bar, who quickly swarmed towards this side.
