### Fortune Chapter 23

Yan Lingjiao was in a very unhappy mood, having been transferred to the Southern Suburbs Branch of Shanghai City for the first time and being promoted to the rank of captain, the people below her were very unconvinced of her.

It's not that she doesn't have the ability to solve cases. Through investigation, she already has a suspected target because the fire on the road that day was filmed, but just when Yan Lingjiao was about to start taking people down, someone above her suppressed the matter and wouldn't let her continue the investigation.

When this happens, how can Yan Lingjiao not be angry in her heart, but she can't show it in front of the people under her command.

However, when Yan Lingjiao's heart was burning, someone called the police to report a brawl at No Drunken Wine Bar, which made Yan Lingjiao's anger even more furious.

Looking at the wrecked battlefield inside the bar, as well as the men who had been knocked to the ground, Yan Lingjiao frowned, how was this scene somewhat similar to the fire incident on the road?

"Captain, we have recovered two firearms from here, both of which are military pistols with high killing power." At this time, a police officer carrying a plastic bag came to Yan Lingjiao's body and said seriously, in China, private possession of firearms, this is a big matter, a felony, once Yan Lingjiao heard this, a burst of cold smile appeared on her icy face, looking at the whole scene and said; "Dare to private possession of firearms, very good, now I suspect that illegal activities are being carried out here, bring them all back to me."

Upon hearing this Master Feng stood up on his crutches and said; "Can this officer let me make a phone call first?"

"Hmph, we'll talk about it when we have to call back to the police station, take all of them away for me."

The words fell, the people in the bar were taken to the police car, no one dared to resist, Ye Han was also among them, but Ye Han was not worried, although he started this incident, but compared to Master Feng's group's private possession of firearms this matter was nothing at all.

When he arrived at the Southern Suburbs Branch, everyone was taken into custody. Yan Lingjiao was so quick and fast, it was already eleven o'clock and he was still being interrogated overnight.

"Name?" Yan Lingjiao asked as she looked at Ye Han with cold eyes.

"Ye Han." Ye Han answered truthfully.

"Gender?" Yan Lingjiao asked again.

Upon hearing this, Ye Han's white eyes rolled straight up, did he need to ask what gender he was?

“This pretty lady, I say, are you interrogating the prisoner in a new way, I think it’s better to skip the irrelevant details, can’t you tell if I’m male or female?” Ye Han shrugged his shoulders and said this way.

“Hmph, Ye Han, I advise you to honestly cooperate with our captain’s interrogation, or else don’t blame us for giving you something to suffer.” Upon hearing Ye Han’s reply like this, the police officer beside Yan Lingjiao was not happy and directly slapped the table fiercely, glaring angrily.

Hearing this, Ye Han said indifferently; “What, is the titled police station still a place where lynchings are used?”

“Humph, if you don’t cooperate honestly, I don’t mind giving you a good show, don’t think that coming in here is like your own home, this is a police station.”

“Alright.” Seeing that the two were getting worse and worse, Yan Lingjiao directly slapped the table with an icy face, then looked at the police officer beside her and said; “Xiao Li, go out and check on the others first, leave him to me for interrogation.”

“But Captain, this kid .....

Xiao Li wanted to say something else, but Yan Lingjiao had already interrupted him; “I know what to do, go and find out the details of Master Feng’s group, this time I will bring this group of outlaws in the southern suburbs to justice.”

Hearing these words, Xiao Li only withdrew from the interrogation room, leaving Ye Han and Yan Lingjiao alone.

Looking at Ye Han, Yan Lingjiao took out a file in her hand and began to read it out with a cold face; “Ye Han, male, eighteen years old, one meter eight, both parents dead, family lives in .....

As Yan Lingjiao finished reading out the file, Ye Han was a little surprised, this police station’s system was really something, it was surprising that they had gotten his details so quickly, even some things were clearer than himself, in fact Ye Han did not know that his file Yan Lingjiao had gotten hold of a few days ago.

The firefight on the road was filmed, for the protagonist in the video Ye Han was naturally an important object for Yan Lingjiao to investigate.

“How about this, I’m not wrong about any of this, right?” Yan Lingjiao looked at Ye Han coldly and said; “But I’m curious, your previous profile is ordinary and unexceptional, and you’ve never exposed such a formidable body, what exactly made you possess such a formidable body in a short period of time? Dare to compete with Master Feng, a playful murderer?”

Ye Han said indifferently; “Officer, haven’t you ever heard of the word genius in this world, and I belong to .....

“That’s enough!” Before Ye Han could finish his words, a popping shock rang out violently, startling him, did all these police officers love to slap the table? Yan Lingjiao stood up and propped her hands on the edge of the table and looked at Ye Han coldly, saying; “I advise you better give an honest account, what exactly is your grudge with Master Feng? Tell me everything you know, or else you’ll have to shed your skin even if you get out of here.”

Ye Han tilted his head and looked at Yan Lingjiao, who was standing in front of him and looking down at him, and said; "I say, officer, you should ask Master Feng about this, he was the one who sent people to deal with me on the road, I was just defending myself.

After saying this, Ye Han also looked squarely at Yan Lingjiao who was standing in front of him, the other party, dressed in a formal suit, with an upright figure, looked valiant and appeared very competent, that appearance definitely belonged to the top beauty class.

Perhaps she noticed Ye Han's gaze, a cold light flashed in Yan Lingjiao's eyes, her five fingers clenched into fists, what she hated most was those men who stared at her lecherously, she was already dissatisfied with Ye Han's answer, she was now very angry, with a cold smile, she said; "Don't say it, it's okay, I've seen the video of you fighting with someone, today I just want to learn how powerful you are. You're very powerful."

This kick came too fast and sudden almost made Ye Han not even have time to react, he instinctively fell backwards, then rolled on the ground and stood up, very wretched, this moment, forced the fire out of Ye Han's heart as well.

"Woman, you really did it, you think I'm easy to bully, right?" Ye Han stared viciously at Yan Lingjiao, although he was now handcuffed and had difficulty moving, but if Yan Lingjiao really wanted to teach him a lesson to lynch him, shit! He wouldn't care where this place was, he'd take this woman down first.

"Hmph, aren't you great, let me see your strength, strike." Yan Lingjiao coldly snorted as her long beautiful legs once again kicked towards Ye Han, don't look at Yan Lingjiao as a woman, but she was really good at fighting, having won the combat championship for three years in a row in the special forces.

This kick came, Ye Han's anger was even greater, damn, let him fight, he still has handcuffs how to fight? But it was too late to think about it, so Ye Han struck Yan Lingjiao's leg with both hands, but to Ye Han's surprise, Yan Lingjiao did not move at all.

This woman was also a master, thinking of this, Ye Han's mind moved, his two hands moved quickly, pinning Yan Lingjiao's legs up fiercely with both hands, hugging them to his chest, making the other party unable to break free no matter how hard she tried.

"Let go." Yan Lingjiao's eyes instantly became incomparably cold, no man had ever dared to make such a frivolous move on her, where would Ye Han let go, relying on the handcuffs he had difficulty moving, now barely subduing Yan Lingjiao he would not let go even if he died.

"Beauty, unless you promise me to stop, I will let go, otherwise let's just spend time like this."

"No way." Yan Lingjiao coldly shouted, the other foot quickly kicked towards Ye Han, but just as she kicked out, the other side of Ye Han smoothly pulled, people in mid-air Yan Lingjiao immediately fell to the ground, the force of inertia caused Ye Han who did not let go of Yan Lingjiao's thighs also fell down with it.

However, Ye Han's fall was problematic because he was holding Yan Lingjiao's thighs and he fell down.
