

## Fortune 24

### Fortune Chapter 24

At this scene, Ye Han was dumbfounded, damn it, was this too much fucking luck? Or was it just bad luck?

“Bastard, get up or I’ll kill you!”

Ye Han knew that this girl was angry, but he dared not get up even more, just kidding, let go of this girl now in case she pulled a gun and shot someone later, he could not stop her.

“I won’t let go, unless you promise me not to mess around.”

“Ah! You bastard, I’m going to kill you.”

“All the more reason why I can’t let go, how can my brother die at your hands when he hasn’t even married his wife yet.”

“Rascal, bastard .....

The door to the interrogation room was opened just as the two were making this scene, and it was opened by the police officer who had just left, Xiao Li, who opened the door and saw this scene in the interrogation room, and was immediately baffled, Shit! This is too fucking fast and furious! He was so surprised that he was doing it right here. But when he thought of the police girl in the southern suburbs being pinned down, Li’s heart screamed with hatred! Immediately, he drew his pistol; “Ye Han, what are you doing? Hurry up and let go of the captain, or I’ll shoot.”

In fact, there was no need for Xiao Li to threaten, Ye Han had already let go of Yan Lingjiao, there were outsiders in the room, so Yan Lingjiao would not be able to do anything, so Ye Han let go of Yan Lingjiao and raised his hand cooperatively, Yan Lingjiao stood up and looked at Ye Han with cold eyes, if Xiao Li was not here she would have really drawn her gun.

“Captain, are you alright?” Xiao Li looked at Yan Lingjiao suspiciously, unable to understand what she and Ye Han were up to.

“Get out.” Yan Lingjiao, who was in a bad mood, would not answer him.

“But Captain, Deputy Director Zhou has come over and is releasing Master Feng’s group of miscreants.” Xiao Li opened his mouth and said.

As soon as she heard this, Yan Lingjiao’s eyes became even colder, without saying anything she ran straight out of the interrogation room, Xiao Li also followed her, seeing this, Ye Han’s brow furrowed and also followed them slowly.

“Deputy Bureau, I arrested the people, I can’t let them go, and we found the firearms in the Not Drunken Bar, the people in the Not Drunken Bar must be engaging in illegal activities, I suggest that they be temporarily detained.” In the hall at the entrance of the Southern Suburbs Branch, Zhou Guodong, the Deputy Director of the Southern Suburbs Branch, was talking to Master Feng, and the two were laughing and talking like old friends they hadn’t seen in years.

But just as they were talking, a cold-faced Yan Lingjiao walked over, and when he heard Yan Lingjiao's words, Zhou's face immediately turned serious and said; "Xiao Yan, you can't say this without evidence, Mr. Feng is a legitimate businessman in Shanghai City. They are used to protect Mr. Feng's personal safety, you can check this point if you don't believe me."

Although the people standing around and watching knew that Zhou Guodong was talking nonsense, he was the deputy director and his words were so precise that they almost blocked what Yan Lingjiao was going to say.

"But Deputy Director, even if this is the case, don't we need to have our police officers check it out before releasing them, isn't it a bit too hasty to release them now?" Yan Lingjiao said in a cold voice.

"Humph, could it be that you still don't believe what I, the deputy director, said, I, Zhou Guodong, am here to act as a guarantor for Mr. Feng." Zhou Guodong looked at Yan Lingjiao and gave a cold snort, but Yan Lingjiao's background was too mysterious, and Zhou Guodong did not want to offend her too much, so he said; "Xiao Yan, you are still young, it is good to have drive, but you should not be too impulsive, as far as I know, this incident is someone causing trouble inside the bar run by Mr. Feng, with the intention of committing murder against Mr. Feng, Xiao Yan, your focus should be on another This is the kind of criminal that we should focus on, we must not tolerate it, okay? I will personally follow up on this matter later, okay, you go and do your job."

After saying this, Zhou Guo Dong looked at Master Feng and smiled; "Mr. Feng, we will definitely deal with this incident according to the law, and will definitely not let go of those bandits who dare to break the law, I apologize for the damage caused to you by our Southern Suburbs Branch's lack of supervision, don't worry, our Southern Suburbs Branch will definitely give you a satisfactory answer."

Master Feng smiled; "Then I am grateful to Chief Zhou, I believe that under Chief Zhou's leadership the law and order in this part of our southern suburbs will become better and better ....."

Looking at this hypocritical courtesy of the two men, Yan Lingjiao was already burning with anger, although she had just entered the police force not long ago, but personally she could see that there was some kind of interest between these two men, this case obviously still had many suspicions waiting to be investigated yet it was shrugged off with a few words, she now only hated herself for her low position and could not apprehend Master Feng's group of miscreants.

"Haha, what an eloquent deputy director, the word official has two mouths and two hands to speak, in a few words you have pushed a suspicious case cleanly, I admire you." Ye Han appeared in the hall, he saw everything clearly just now, that Zhou Guodong was obviously defending Master Feng, the collusion between officials and bandits was even said in such a grand manner.

"Who are you? How come you are here? When did it become the turn of an unrelated person to interfere in the affairs of our police station? Zhou Guodong was furious and Master Feng said beside him; "Bureau Zhou, this is the person who caused trouble in my bar, not only did he damage many of my facilities, but he also injured many of my staff, you have to handle this according to the law."

When he heard this, Zhou was even more furious; "So it was you, Captain Yan, what are your men doing, such a murderer should be locked up, how can he be allowed to walk around the police station at will, do you think this is a vegetable market? Someone, take him down for me."

In fact, without Zhou Guodong's second order, there were already quite a few police officers approaching towards Ye Han, but according to the confession provided by the people inside the Not Drunken Bar, this seemingly soft teenager was very powerful, and they drew their guns and aimed at Ye Han at the first moment; "Hold your head and squat down, no resistance."

Seeing such a scene, Ye Han's face was calm as he looked at Zhou Guodong and said; "How can a commoner like me dare to resist a high ranking officer like you in the police department, but let me make a phone call to report home first."

After saying that, Ye Han directly took out his mobile phone and dialed a number, this number was Lin Baimo's, now Ye Han could only turn to Lin Baimo, the phone call, Ye Han roughly said his situation over here, the other side Lin Baimo heard Ye Han in the police station immediately sat up, said a ten minutes to arrive and then hung up the phone.

Seeing Ye Han finish his call, Zhou Guodong sneered and said; "The call is over, now hold your head and crouch down, no resistance, otherwise we have the right to use firearms to deal with you."

The surrounding police officers also approached slowly towards Ye Han with guns, Master Feng and Zhou Guodong were even more sneering, now Ye Han's little life was in their hands, they had plenty of ways to deal with a small person like Ye Han. But at that moment, Yan Lingjiao's mobile phone rang, and when she picked up the phone, she immediately stood at attention and said hello to the chief.

Even Zhou Guodong was a little surprised to know who had called Yan Lingjiao and made her so solemn.

Hanging up the phone, Yan Lingjiao looked at Zhou Guodong and said; "Deputy Director Zhou, from this moment on, this case has my full responsibility, therefore, you are not qualified to interfere, all police officers listen to the order, arrest Feng Tao and detain him pending trial."
