

Fortune 251

Fortune Chapter 251

Seeing this action of Ye Han, Liu Mang gave him a thumbs up. Ye Han's first meal at Fudan University was completed in this way in the silence of the three people, and after Xie Hanyan finished eating, he politely said 'thank you' and 'goodbye' before walking out of the canteen .

Ye Han also finished eating, in fact, he wasn't very hungry at all, Liu Mang, this guy was a big rice bucket, after finishing one, he went to get another one and continued to bury his head in the sand, while eating he was also talking to Ye Han; "Ye Han, what the hell, you're not looking at the commoner school girl, are you?"

"You're thinking too much." Ye Han shook his head and said; "This is a girl from a poor family, although she wears simple clothes, her heart is pure, apart from a bit of low self-esteem, there is a stubbornness and strength in her eyes, there are not many girls like this in this society nowadays, I hope she can continue to keep it up and not be polluted by the murky society."

"You are right, it is because of the simplicity, purity and stubbornness of the commoner school girl. It makes her the most popular school girl in our school, and the commoner school girl is a genius in our Fudan Finance Department, and she gets a scholarship every year." Liu Mang said; "The common school girl is so beautiful that she could have lived better than anyone as long as she hooked her fingers and moved her mouth, but in the face of those rich kids who pursued her, the common school girl didn't say yes to any of them, I heard that in addition to her normal classes, the common school girl has part-time jobs outside, but the money she earned I heard that she basically sent all of it home, leaving herself only I heard that the money she earns basically goes home, leaving two to three hundred dollars for food expenses, which is heartbreaking."

"Self-improvement and maintaining principles." Ye Han secretly nodded his head, nowadays, as long as a girl has a bit of beauty in this society, which one is not a big money, wearing brand name, can keep Xie Xuan Yan this principle is already hard to see.

"Okay, I'm done eating, Ye Han, there's no class this afternoon, let's go out and have some fun." Liu Mang patted his round belly and looked at Ye Han and said. After thinking about it, Ye Han said; "Forget it, I won't go, by the way, do you know what Li Xinran usually does after class?"

"You kid really don't have good intentions, you're actually thinking about other big school girl Li." The first time I saw her, I heard that she liked to go to the library to read books and occasionally go for a walk outside, now at this moment she should still be in the dormitory, if you want to find her you can go to the library later, but I say Ye Han, if you want to chase after her, the difficulty is a bit high, when she first came to our school. The first schoolboy of our school, Wu Tianxu, went after her and ate a closed door, forget it, I'll go with you later, it's not bad to see the big schoolgirl live her life, hehehe."

Two people joking and laughing out of the canteen, Fudan University is very large, teaching area, dormitory area, entertainment area each area is distributed, just after eating, Liu Mang led Ye Han to the green shade tree, sitting on the bench watching the female students walking by, this guy that lewd look makes Ye Han are a little afraid to sit with him, to the time others put him If people took him for a lecherous person like Liu Mang, it would be a big injustice.

However, when he looked at these students who exuded youthfulness, Ye Han always felt as if he himself had grown old, and it was hard to integrate himself into them, having seen more and experienced more, his mentality naturally became different from these students.

“Hey, Ye Han, look, the commoner school girl is here, there are no classes in the afternoon, maybe she is going out for a part-time job.” Liu Mang was sharp-eyed at this time and noticed Xie Xuan Yan walking over, she was still so simple, her eyes were full of spirit, not at all dulled by her dress, but rather more striking.

Ye Han also saw Xie Xuan Yan, but he was looking at her with an admiring gaze, Liu Mang, the guy, was looking at her differently.

But at that moment, three or four young people walked over and stopped Xie Hanyan, both sides seemed to be saying something, the distance was too far to hear clearly, but looking at Xie Hanyan’s look she should be very reluctant, wanted to walk away and was stopped by these people.

“Fuck, those guys from the taekwondo club, they are really fucking bad, how dare they bully a soft and weak woman like the civilian school girl.” When Liu Mang saw this, he instantly cursed, Ye Han asked; “Do these guys often find trouble with her?”

The president of the Taekwondo Club, Park Zhengxiong, was a suitor of the common schoolgirl and once pursued her, but she did not say yes, since then, this grandson of the Taekwondo Club always approaches the common schoolgirl with various reasons to harass her and make her restless, I think these dirty tricks are all done by that Park Zhengxiong who told this grandson. ”

Ye Han looked up, at this moment those four students were still continuing to pester Xie Hanyan, looking frivolous, and even moving their hands and feet, causing some students around to stop and look at them.

“Let’s go, dare to follow me over to heroically save the beauty?” Ye Han stood up and walked over.

When Liu Mang heard this, his neck shrank and he hurriedly stood up to stop him, saying; “Ye Han, forget it, this kind of grandson of the Taekwondo Club is not easy to mess with, and Park Zhengxiong is even one of the three great masters of our Fudan University, if we go there with this body, we will be beaten into a pig’s head.”

“What are you afraid of, there is me, just ask if you dare to go?” Ye Han looked him in the eyes and said, if Liu Mang didn’t go, he didn’t blame him, but the first friend he met in Fudan University was going to end up like this.

“Fuck, what the hell, let’s go, I’ll go with you.” Liu Mang gritted his teeth and hurriedly walked over. Behind him, Ye Han smiled slightly, this guy wasn’t bad, he didn’t let him down.

“Big beauty Xie, how are you thinking about it, you don’t have classes this afternoon anyway, why don’t you accompany us to go out and have a good time, we’ve come with integrity to invite you.”

“Sorry, I have work this afternoon, please move aside.” Xie Hanyan looked at the few people blocking her, the stubborn her face did not show a trace of submission, there is only calm and indifferent, this is not the first time she encountered such a thing.

“What work, Xie big beauty, you’re not going to be a lady, right, haha, how much can you earn at a time, brother gives you 10,000, how about a package for you for a day?”

Hearing these words, Xie Xuan Yan’s cold face showed a hint of anger, but being humiliated like this, the stubborn her did not let herself cry out, she knew that if she cried out, she would be laughed at even more by these people.

Slap!

A loud slap fiercely rang out at this time, the youth who had just said this received this slap on his face, and his whole body was sent flying, even one of his teeth was knocked out, the five red finger marks on his face caused the people around him to freeze in an instant, even Liu Mang who was following Ye Han was also frozen.

Ye Han twisted his wrist, he looked at those few youths who looked a bit dumbfounded and said indifferently; “Your parents gave birth to you so that you could humiliate other girls, all of you get lost, from today onwards, Xie Xuan Yan is my Ye Han’s sister, whoever fucking finds trouble with her again, don’t blame me for scrapping him.”

Fortune Chapter 252

Xie Hanyan is my sister, whoever finds trouble with her again, don’t blame me for killing him!

When such domineering words came out, the people around them were all dumbfounded, who was Ye Han? They hadn’t even heard of him, but they knew that the man who suddenly appeared and was called Ye Han had beaten up a man from the Taekwondo Club, and that slap was so fierce that it sent the man flying and knocked out a tooth.

“Shit, you fucking dare to go against our Taekwondo Club, you don’t want to hang around in Fudan anymore, Liu Zi, what’s wrong?” The three youths hurriedly ran over to help up the student who had been slapped by Ye Han, this guy was also miserable enough, his face was all swollen up and he couldn’t even spit out his words.

“You dog dare to hit whoo!” The youth was helped up by his companion and looked at Ye Han with fierce eyes.

“You are right, I am hitting you, I will not only hit you, but also kick you.” A leg was infinitely enlarged in the youth’s eyes, and finally he received a solid kick to the chest and flew out again, falling to the ground with a miserable scream.

Seeing this scene, the people around looked at Ye Han with a tinge of fear in their eyes, this guy was really a violent maniac!

Ye Han was trying to portray an image of a violent maniac, he had just come to Fudan University, no one knew who he was, to make these people not continue to look for trouble with Xie Xuan Yan in the future, he had to act even more ruthless and crazy than them.

“Kid, you’re ruthless enough, wait, don’t leave if you have the guts, we’ll call someone.” Seeing how fierce Ye Han was, the people from the Taekwondo Club were all a bit scared, one by one they said ruthless words pinning the youth who had been kicked away by Ye Han and hurriedly left.

Ye Han didn't bother with these people, he turned around and looked at Xie Hanyan and said; "Student Xie Hanyan, are you alright?"

Xie Hanyan shook her head, a touch of gratitude flowing from those aura-filled eyes as she said; "Classmate Ye Han, thank you for just now, but for my sake, there's no need for you to mess with the Taekwondo Club gang, they'll be looking for you, I'm afraid."

"It's alright." Ye Han smiled, then he looked at Xie Hanyan and smiled; "Classmate Xie Hanyan, I feel quite close to you, how about I be your brother? Don't make up your mind, it's definitely just a brother, I don't mean anything else."

Xie Hanyan looked at Ye Han blankly, to be her brother, it seemed that Ye Han should be younger than her, right? Did he really have such an idea?

Ye Han wanted to admit a younger sister, if the news spread in Shanghai City, or even in East China, then I don't know how many women would be envied to death, Xie Hanyan would definitely rise to a princess-like status in the first place, with an exalted status.

When Liu Mang saw Xie Hanyan freezing and not speaking, he immediately said; "Xie Hanyan, why are you still frozen? Don't you see? Ye Han is trying to protect you."

"But, I don't want to get you guys into trouble, and we've only just met, in case something happens to you guys because of me, I'll have a bad conscience." Looking at Ye Han's sincere eyes, Xie Xuan Yan was moved to say that this boy in front of her was different from other boys, Xie Xuan Yan could feel that sincerity in Ye Han's eyes, unadulterated by any other desires.

Ye Han naturally stroked her head and smiled; "You don't need to think so much, I just want to recognize you as my sister, may I ask if Xie Xinyan can agree?"

Xie Xinyan was amused by Ye Han's gentlemanly appearance, she nodded with a red face, in Fudan University, a circle where many boys wanted to take possession of her, Xie Xinyan felt for the first time what it meant to be 'protected', that feeling was like having an extra family member around her.

"Oh, good, from now on, you Xie Xuan Yan is my sister Ye Han, who dares to bully you, brother will teach him a lesson for you." Ye Han laughed, this simple, spiritual girl had his protection, at least here she could always keep that innocence, natural and not be polluted by the world.

"Hey, Xie Xuan Yan, you've already adopted brother Ye Han, why don't you also adopt me as your brother? Although I'm not as capable of fighting as him, if a girl bullies you, let's see how your brother Liu Mang will slash her." Liu Mang said with a cheeky smile.

Xie Hanyan was amused by his words, that smile was so beautiful, just like a heavenly fairy that didn't touch the dust, then she looked at Ye Han and said; "It's enough for me to have him as my brother, thank you guys, I will always remember your kindness to me in my heart."

"Come on, don't think so much, go to work, I'll be your brother and treat you to dinner when I'm free." Ye Han touched her head and smiled, Xie Hanyan hesitated and finally nodded, she had to work and work hard to earn money so that her mother could get better, so she had to go to work.

Watching Xie Hanyan go, Liu Mang looked at Ye Han and smiled; “Ye Han, I didn’t see that you were quite fierce, a slap directly sent that guy flying.”

“Cut the crap, let’s go, go to the library.”

The library of Fudan University was established not far from the dormitory building, after Ye Han and Liu Mang arrived here, they found that there were quite a lot of people here, of course, there were more men and less women.

After Liu Mang saw this scene, he immediately bristled and said; “Shit, I said why are there so many people, it turns out that both Big School Girl Li and Big School Girl Zhang are here, another group of guys who came to see the girls, really well-informed.”

Ye Han had already seen Li Xinran at a quiet desk, at this time she was holding a book ‘Managerial Management’ and looking at it quietly, wearing a pair of glasses, as if a doctor who is silent in the ocean of knowledge, transcendent, the surrounding gaze that fell on her could not affect her mood in the slightest.

There is a beautiful woman in the north, a woman who is independent of the world!

Seeing Li Xinran at this moment, this poem naturally came to Ye Han’s mind. The woman sitting quietly seemed to be able to influence other people’s minds and quiet down along with her, and that transcendent aura made people unbearable to blaspheme.

“Hey hey, Ye Han, see? That one is our school’s big school girl, called Zhang Yue Meng, how about that, pretty, right?” Liu Mang at this moment stared at a woman next to a bookshelf and said to Ye Han, seeing the lewd look coming out of this guy’s eyes, Ye Han couldn’t help but look over, this woman was also quite pretty, with a tall figure, angelic face and white skin, just like a hibiscus out of water.

“It’s quite pretty.” Ye Han commented honestly.

“Hey, hey, two big school girls appearing in the library at the same time, today wasn’t a waste of time.” Liu Mang rubbed his hands together and said excitedly, that look was as if he had seen the goddess of his dreams.

Ye Han gave this guy a look and said; “Come on, don’t masturbate, just go after them if you like them.”

Liu Mang said in disbelief; “Shit, you think I don’t want to, but can we chase after her school girl like this? I heard that this Yue Meng is very mysterious, no one in the school knows what her family does and where she comes from is also a mystery.”

Fortune Chapter 253

For Liu Mang this words, Ye Han did not go to pick up, in a way, he speaks is the truth, but if there is a good family history, the goddess may not be unable to become a woman, just like Tang Da Shao this guy, he looks average, the body is obese, Mo Shu is very beautiful, he still is not to take it down.

Of course, this is not to say that Moshu is superficial, looking at the family history of Tang Da Shao, no matter how to say Tang Da Shao picking up girls is also a certain means.

“Wow, look, it’s schoolboy Wu Tianxu, yeah! He’s coming to the library, and he’s holding flowers in his hand, is he going to confess his love to me?” At this time, at the entrance of the library, a young man dressed in a white suit walked in with flowers in his hand, the young man was very handsome, if he helped to the silver screen, he would definitely become a popular young man of his generation.

“Don’t be a nymphomaniac, how can someone’s schoolboy come to confess his love to you, the target must be a school girl at least, I think it might be the newly promoted school girl Li Xinran.”

“Hmph, what’s so great about Li Xinran, isn’t she just a little bit prettier than others?” A girl who weighed at least one hundred and eighty pounds said indignantly.

Hearing these words, the library’s male compatriots collectively vomited blood.

However, the arrival of this Wu Tian Xu did attract the attention of many people in the library, even the school flower Zhang Yue Meng looked at him, only Li Xinran was still quietly looking at the book she was holding, not affected in any way.

“Shit, is today Valentine’s Day? What kind of romance is this guy playing with and sending flowers.” Liu Mang disdainfully glanced at Wu Tianxu who came over, not only him, Wu Tianxu came to the library with flowers, basically became the object of attack in the hearts of male compatriots, but there is no way who let others is the school grass not only handsome, but also very rich at home.

Under the gaze of all eyes, he walked up to Li Xinran with flowers and said with a smile on his face; “Li Xinran, this bouquet of flowers is light and important, please accept it.

Li Xinran, who was reading a book, glanced at him, then took off her glasses and said indifferently; “Senior Wu Tianxu, I think I made it very clear a few days ago that you are not my type, so why are you so insistent? It’s a waste of your own time to bother me.”

Wu Tianxu was not discouraged by these words, he smiled; “Senior sister Li Xinran, I know that the current me is not your type, but for you, I can do anything to change, even give up the status of the family heir for you, please give me a chance, senior sister Li Xinran.”

With that, this Wu Tianxu knelt down on one knee and sincerely offered the flowers in his hand.

Seeing this scene, many nymphomaniac girls in the library immediately showed an envious look and said; “How romantic! If only I were Li Xinran, it’s so touching!”

“A trick to chase little girls.” Zhang Yue Meng took a look and shook her head; “Trying to chase this new school girl with this trick, Wu Tian Xu, you think of this woman too superficially.”

Liu Mang raised a middle finger at Wu Tianxu’s back and said; “He’s still a schoolmaster, his love talk skills are not even as good as mine, that’s how he wants to chase the new schoolgirl, go back and practice for two years before coming back.”

Li Xinran looked at Wu Tian Xu who was kneeling on one knee in front of her helplessly and said; “Okay, I promise to accompany you to dinner, but only this once, I hope you won’t pester me in the future, if you promise you can go now, I don’t want to waste time.”

When Wu Tian Xu heard this, a look of ecstasy flashed across his eyes, and in that, there was also a smirk of conspiracy as he raised his head and said; "Senior sister Li Xin Ran, don't worry, if you really feel that I, Wu Tian Xu, am not the one for you, I will definitely not pester you in the future."

"Let's go." Li Xinran put down the book in her hand and stood up, walking towards the outside of the library, Wu Tianxu followed her, acting like a gentleman, but Ye Han always felt that this guy's smile just now was a bit off, and after careful observation, he found that this Wu Tianxu's hand was intentionally or unintentionally touching the pocket of his left trouser leg, as if he was confirming something.

Ye Han used his yin and yang magic eye to take a look at Wu Tianxu's pocket, and in there, there was a small yellow bottle with the words 'Aphrodisiac' written on it, and when he saw this, Ye Han's eyes went cold and he stood up abruptly and said; "Senior Wu Tianxu, you dropped the yellow bottle. ."

Hearing this, Wu Tian Xu, who was following Li Xin Ran, looked startled and hurriedly turned around to look at the ground behind him, but there was nothing on the ground, so he knew he had been tricked, and at this time, Ye Han had already walked over with Liu Mang and was looking at him with a cold smile on his face, saying; "What, is Senior Wu Tian Xu being a thief? "

"What are you talking about?" Wu Tian Xu looked at Ye Han with a gloomy gaze, how did this guy know that he had a small yellow bottle on him?

"I'm talking nonsense?" Ye coldly laughed; "If you don't have a yellow vial on you, then why do you look so alarmed? Or do you have some ulterior motive?"

At these words, Li Xinran glanced at Wu Tianxu with a strange gaze, as if in thought.

"Humph, nonsense, junior sister Li Xinran, let's not bother with him." Wu Tianxu grunted at Ye Lian, turned around and tried to take Li Xinran's hand and walk out, but Li Xinran took two steps back, making his hand flutter in the air, then looking at Wu Tianxu, Li Xinran said; "Sorry, I think today is a bit inappropriate, Senior Wu Tianxu, let's do it some other time."

"Li Xinran, you just promised me." Li Xinran's words caused Wu Tianxu's face to look unpleasant, at the same time, he also gave Ye Han a cold look, it was this guy who suddenly jumped out and stirred the pot, otherwise tonight, this stinky woman Li Xinran should be lying in his bed moaning.

"I'm a bit unwell today, Senior Wu Tianxu, please go back." Li Xinran said indifferently, then she walked towards Ye Han, extended her hand and said; "Hello, new student Ye Han!"

"Hello." Ye Han and Li Xinran shook hands, and seeing this, Wu Tianxu angrily left, the bouquet of flowers in his hand was thrown away by him. Ye Han looked and that Wu Tianxu's back and said; "Classmate Li Xinran, you should be careful of this person."

"Can I assume that it was classmate Ye Han who was badmouthing people behind their backs?" Li Xinran gave Ye Han an odd look.

Ye Han shrugged his shoulders and laughed; "You can think so."

"Oh, just kidding, I can actually see that Wu Tianxu doesn't have good intentions, you should be able to see what's wrong, right?" Li Xinran's pair of eyes stared at Ye Han as if they were a pair of Buddhist wise eyes, under the gaze of these eyes it was as if no one had a secret to her.

Fortune Chapter 254

“You want to know?” Ye Han looked into those eyes of Li Xinran and met her stare without giving way.

“If you’re willing to say.” Li Xinran smiled faintly.

“Fine, I’ll tell you if you come closer.”

At that, Li Xinran gave him an odd look, but still took two steps forward, the distance between her and Ye Han was now only about ten centimeters, any closer and their bodies could be touching.

Ye Han leaned his head over and whispered a few words in Li Xinran’s ear, instantly causing Li Xinran’s face to redden slightly, though a closer look would reveal that there was still a touch of total coldness being released from her eyes.

Liu Mang looked at Ye Han and Li Xinran with some dumbfounded eyes.

Shit, a master! What other people Wu Tianxu could not even exchange for a bunch of flowers, in Ye Han’s hands was so easy that he started to exchange words with Li Xinran.

“Holy shit, is this even possible?” When the library people saw this scene, they also had the same face as Liu Mang, this dude didn’t say any beautiful love words, nor did he have any touching scenes, how did he let Big School Girl Li take the initiative to be so ‘intimate’ with him?

“Uh, did I see it wrong?” Zhang Yuemeng rubbed her eyes, as far as she knew, this new school girl was a seemingly easy-going, but actually as lonely as a snow lotus in the sky, she shouldn’t have been taken down so quickly.

“Are you sure you’re not lying to me?” Li Xinran looked at Ye Han who was close to him.

Ye Han shrugged his shoulders and said; “What can I gain by lying to you? Firstly, I’m not your suitor, and secondly, I already have a girlfriend, so I won’t do myself any good by lying to you, but I’ll also attract such an enemy as Wu Tianxu.”

“I believe you.” Li Xinran nodded indifferently and resumed that look of transcendence, that independent aura emanated out, even Ye Han was shocked, how deep a cultural inculcation did it take to cultivate such an aura!

“Who is Ye Han, stand out yourself if you are a man?” Suddenly, a group of people came to the front door of the library and shouted as soon as they entered, the lady who looked at the library didn’t stop them after taking a look at them, she was a library attendant and couldn’t afford to fight with these rich kids, so she turned a blind eye and pretended not to see them.

Ye Han inclined his head and looked at them and said indifferently; “I am, what do you want from me?”

“Hmph, I didn’t expect you to be in the library, just now you helped the commoner school girl out, and now you’re pestering Senior School Girl Li, you’re quite capable.” A tall and thin young man looked at Ye coldly with a laugh and said; “Remember, my name is Liu Song, you can’t just forget about beating up our Taekwondo Club, if you have the guts, come with us to the Taekwondo Club, if you don’t have the guts, kneel down and kowtow to us three times right now in front of all your classmates.”

“Yes, if you don’t have the guts, get down on your knees and kowtow.”

“Knock him for being such a wimp, Sixth Son and the others are so incompetent that they were taught a lesson by him.”

“Shit, who made who kowtow, come at me if you have anything to do with it, I wouldn’t be called Liu Mang if I was afraid of you guys.” Liu Mang looked angrily at the Taekwondo Club members who had come here and fished up his sleeves with the intention of doing a fight.

“Who are you, you fat bastard? Get out of my way, or I’ll beat your mother to death.”

Ye Han held down the angry Liu Mang as he looked at the tall young man Liu Song and said; “Do you want to see for yourself if I have the guts to lie low in my trousers? If you don’t want to be taught a lesson, then get lost, a bunch of foreigners, the techniques left behind by the old ancestors are vast and profound, you have to learn the taekwondo of the Korean sticks.”

“Hmph, you’re crazy.” Liu Song sneered; “If you have the guts to come with us to the taekwondo club, our president Park Jung Hung will challenge you personally, do you dare to answer the challenge?”

“Just a Korean stick, how dare he flaunt his power on our soil.” Ye Han said indifferently; “Today, I’ll let you foreigners see how your worshipful Taekwondo Club is no match for the real national art.”

“So you’re agreeing?” Liu Song sneered.

Ye Han looked at him and said; “Do you think I would be afraid of a Korean stick? Get lost first.”

“Good, we Taekwondo Club members are waiting for you inside the club today, if you don’t come you are a gutless shrinking turtle.” Liu Song finished his sentence and left the library with a wave of his hand, leading a group of Taekwondo Club members away.

“Looks like there’s a good show coming up next.” Li Xinran smiled lightly, took out her eyes and put them on, returned to her seat and continued to read, with an indifferent look, she was not interested in those force battles, to her, with this effort to get together, she might as well read in peace and quiet for a while.

“Let’s go, let’s go to the Taekwondo club and have a look.” Ye Han patted Liu Mang’s shoulder, and the two of them walked out of the library together.

“Interesting, something that Li Xinran isn’t interested in, but it’s my hobby, Zhang Yuemeng.” Zhang Yuemeng glanced at Li Xinran who was immersed in the world of books, then left the library with a stride, the others also left the library and headed towards the Taekwondo Club when they saw that there was something lively to see.

When Ye Han and Liu Mang arrived at the Taekwondo Club, there were already many students gathered here, surrounding the club, because after the Taekwondo Club had spread the word, many people in the school already knew that the president of the Taekwondo Club, Park Zhengxiong, was going to challenge a student who didn’t know what he was doing, so they came to watch the battle.

When they arrived at the entrance of the Taekwondo Club, Liu Mang said with a little bit of fear in his heart when he saw the stance inside; “Ye Han, are you sure about challenging Park Zhengxiong? I’ve

heard that Park is already an eighth-degree black belt, and his fists and kicks can shatter a five-centimetre-thick wooden board like a game.”

Ye Han laughed; “It’s just a Korean stick, what are you afraid of? Let’s go, I’ve got it.”

Ye Han walked into the Taekwondo Club, and there were more than a hundred students, both male and female, in white training uniforms, sitting in the Taekwondo Club. This man should be Park Zhengxiong, a standard Korean stick face, but also a bit handsome.

“You really dare to come!” Liu Song looked at Ye Han who walked in, he had a cold smile on his face.

Ye Han smiled lightly and said; “Is this Taekwondo club still some kind of dragon’s den? Why wouldn’t I dare to come?”

“Hmph, if you come, you will have to pay for what you have done.” Liu Song’s eyes were cold, and the next moment, the members of the Taekwondo Club all stood up.

Fortune Chapter 255

Seeing this scene, the students who were watching outside the Taekwondo Club got excited and started to take out their mobile phones to prepare for filming.

Liu Mang said angrily; “Fuck, what the hell, do you guys still want to fight in a group?”

Hearing Liu Mang’s words, no one in the Taekwondo Club replied, although they wouldn’t fight in a group, they had to overpower Ye Han in terms of momentum, otherwise people would really think that their Taekwondo Club could go in and out at will.

“A group fight, Liu Mang, that’s a good idea.” Ye Han smiled lightly as he looked at that Park Zhengxiong who had never said anything and said; “You are Park Zhengxiong, right, don’t pretend to be deep, you don’t pretend to be either, I heard that you want to challenge me?”

“Naturally.” Park Zhengxiong stood up and said indifferently; “Today you taught my Taekwondo Club members a lesson, either you apologise to them or accept my challenge.”

“Let’s put the challenge aside first, let’s talk about something else first.” Ye Han looked at Park Zhengxiong and said; “You like beautiful girls, no one is against that, I myself also like beautiful girls, but to threaten and harass a girl with underhanded means, this is something only you stick people can do.”

“Student Ye, please watch your words, I don’t know what you’re talking about.” Park Zhengxiong looked at Ye Han with cold eyes.

“Don’t understand, do you?” Ye coldly laughed; “Then I’ll make it clear to you, Xie Hanyan is my sister in the future, if anyone from the Taekwondo Club dares to harass and bully her, don’t blame me for tearing down this Taekwondo Club of yours, do you understand now?”

“Damn, you’re so arrogant, you want to tear down our Taekwondo Club, President, let’s go teach him a lesson.” Hearing Ye Han’s unbelievably arrogant words, the Taekwondo Club members were all moved with anger, one by one, they wanted to go teach Ye Han a lesson with their fists.

The surrounding students also felt quite shocked, this Ye Han came to other people's territory and still dared to make such a wild statement, it really made them scared, big brother, there are more than a hundred people over there, are you not afraid of being beaten up so much that you don't even know your mother?

"What a crazy guy, even crazier than the dunking maniac Zhu Meng." Zhang Yuemeng leaned against the door of the Taekwondo Club, smiling as he watched what was happening inside the Taekwondo Club.

"Tearing down this taekwondo club of mine, just by you?" Park Zhengxiong looked at Ye Han with an icy expression and said; "I heard that you are a new student, I don't care how wild you were in other places before, but in Fudan, wildly saying that you want to tear down my Taekwondo Club, aren't you afraid that I will make you graduate early?"

"Graduating early would depend on my own mood, just you, a stick, don't have the qualifications yet." Ye Han said indifferently; "Don't think your taekwondo is so powerful, it's nothing in front of me, is our Chinese national art something that your taekwondo can compare to?"

"Hmph, big talk, today I, Park Jung Hsiung, will teach you a good lesson and let you know the greatness of our national taekwondo." A murderous look flashed in Park Zhengxiong's eyes as he tightened the belt around his waist, already ready to strike.

"President, teach him a lesson, break this guy's legs and throw him out." All around, the shouts of the Taekwondo Club members rang out.

"Please teach me more." Park Zhengxiong bowed to Ye Han with a cold face.

"Hmph, hypocrisy." Ye Han shook his head disdainfully, then he looked at that Park Zhengxiong and said; "Let's switch this match today, instead of you challenging me, I'll challenge your entire Taekwondo Club, I wonder if you dare to answer? Of course, women should not be involved, I don't like to fight women."

Arrogance!

At this moment, not only did the Taekwondo Club and those who had come to watch the battle feel that Ye Han was arrogant, even Zhang Yuemeng felt that Ye Han was too arrogant, one person challenging the Taekwondo Club? Do you think this is a movie?

"This, Ye Han, let's not brag about it, okay?" Liu Mang wiped the sweat from his forehead, he was scared by Ye Han's words, one person challenging the Taekwondo Club, big brother, that was more than a hundred people, not a hundred ants. Of course, in Ye Han's eyes, these guys who could only do a little taekwondo were no different from a hundred ants.

If he wanted to project the image of a maniac, Ye Han had to act a little bit wilder, so that these people would fear him and be afraid of him, this was the truth that Ye Han had learnt from his battles with the Blood Hand Hall and the Heavenly Dignity Society, a big fist was the hard truth, so at the moment, neither the Blood Hand Hall nor the Heavenly Dignity Society dared to look for trouble from him.

"Arrogant fellow, I will definitely cripple you today, even if I have to deduct credits for that!" Park Zhengxiong could not stand Ye Han's arrogance any longer, shouting loudly and pouncing on Ye Han like a swift wind, then jumping up high and landing a foot that looked incomparably fierce to the onlookers towards Ye Han's body.

Under this kick from Park Zhengxiong, it was as if the members of the Taekwondo Club could already see the scene of Ye Han being kicked and spitting blood, they knew how powerful Park Zhengxiong was, so they all looked on with excitement.

“The moves are too slow, seemingly fierce, but in reality they are soft and flashy.” Ye coldly laughed, and then he only saw him quickly strike his leg, and after a backward strike, he kicked the top of Park Zhengxiong’s thigh, and the next moment, only a bang sound came out, and Park Zhengxiong’s body flew backwards in mid-air, and then landed on the wooden floor, unable to crawl up.

Seeing this scene, the people of the Taekwondo Club were shocked, so were the onlookers, the president of the Taekwondo Club, Park Zhengxiong, couldn’t even block one move from Ye Han, he was directly defeated and couldn’t even stand up, what a shocking scene!

“Shit, so fierce!” Liu Mang’s mouth was watering as he stared dumbly at the scene with his big mouth open.

“No wonder this guy is so wild, so he’s really capable!” The onlookers’ hearts were filled with emotions, Park Zhengxiong of the Taekwondo Club was one of the three great masters of Fudan University, even he couldn’t block a single move from Ye Han, it was already impossible to imagine how strong Ye Han was.

“I told you all to come together, but you didn’t listen.” Ye Han looked at those Taekwondo Club students with shocked faces, at this moment, no one was daring to shout out the words of crippling Ye Han, even the president had been killed in one move, where were they a child?

Ye Han stood in the middle of the Taekwondo Club’s field, he looked at Park Zhengxiong who was struggling to get up with an ugly face and said; “Park Zhengxiong, listen carefully, Xie Hanyan is my sister, if you dare to harass him with dirty tricks in the future, this is what will happen.”

After saying that, Ye Han violently kicked on the wooden floor, a bang sounded like a flat thunder, the force was as heavy as a mountain, the next moment, with Ye Han as the centre, the wooden floor around him cracked and even sunk down.

This strike was like an explosive thunderstorm that spread around the area, and all eyes became terrified, looking at the ground around Ye Han in shock, such terrifying destructive power, was this guy still human?

Fortune Chapter 256

Looking at the terrifying scene of destruction inside the Taekwondo Club, the surrounding students were all dumbfounded at the scene, such terrifying destructive power, was this guy still human?

At this moment, the surrounding students finally believed that Ye Han was capable of tearing down the Taekwondo Club.

With such terrifying destructive power, not to mention tearing down the Taekwondo Club, even the basketball court could be torn down.

“Is this guy still human?” Zhang Yuemeng looked at this scene with a shocked face, this new freshman was a little too fierce! This powerful destructive power was unbelievable, of course, for ordinary people

it was unbelievable, but in the underground world, this was just a drop in the bucket, the destructive power of martial artists far exceeded such scenes.

After shocking the taekwondo group, Ye Han turned around and walked out of the taekwondo club, with Liu Mang following behind with his head held high, as if he was the one who did what happened inside the taekwondo club.

After leaving the taekwondo club, Ye Han was ready to go back to the dormitory. The taekwondo club's gang had been deterred by him, so they must not dare to bother Xie Xinyin in the future. The person who is destined to be the protagonist will blossom into his own light wherever he is, unmatched by anyone.

Liu Mang hadn't left yet and kept following Ye Han's side talking non-stop; "Ye Han, that move you did just now was so handsome, even more handsome than kung fu star Li Da Long, one kick dried Park Zhengxiong up in seconds, when you have time you can teach me two moves, how about it?"

"You can't learn." Ye Han took a glance at the bastard's obese body, he wanted to learn the Chinese martial arts and also achieve a certain level of achievement, unless he let Liu Mang go under the hands of Sun Bu Mian and the others to receive training, but this guy looked like someone who couldn't take hardship, how could he hold on to that kind of training.

"Shit, I heard that you have to be a child to practice kung fu, Ye Han, you kid wouldn't still be a child, right?" Liu Mang looked at Ye Han with an astonished expression.

"Fuck off!" Ye Han glared at this guy and said; "Who gave you the idea that you must be a child to practice kung fu, that's a hard technique like Golden Bell Shroud."

"Hehehe, I thought you guy was a virgin, but it turns out he's not." Liu Mang grinned, then followed Ye Han to the dormitory, Liu Mang and Ye Han's dormitory were not in the same room, but they were not far apart, when Ye Han arrived at the dormitory, the other three roommates were all there, and were playing games together inside the dormitory at this moment.

When they saw Ye Han and Liu Mang come in, they all stopped. These three people were also from Ye Han's department, and they were in the same classroom this morning.

"Hello, new buddy, my name is Chen Zhixiong." A young man who appeared to be a bit tall smiled at Ye Han.

"I'm Xu Gang."

"I'm Bi Ma Wen."

"Pil Ma Wen." Ye Han looked at the last skinny guy who said his name, this guy's name was practically the same as Liu Mang's, Liu Mang looked at these three people and said enviously; "Damn, you three guys are so lucky to be in the same dormitory as Ye Han, Pilma Wen, how about we switch, you stay at my place, okay?"

"No, you guys don't like to play games, we three are a team, no one can do without." Bi Mawen shook his head and said, they were all in the same department, so they knew Liu Mang as well, just not that well.

“Hello guys, my name is Ye Han.” Ye Han smiled at the three.

Chen Zhixiong laughed; “From now on, the four of us will be roommates who are in trouble together, Xu Gang, Pilgrim, don’t play around, let’s go, to celebrate the addition of one more brother to our dormitory, let’s go out for a few drinks to celebrate.”

“Hey, I agree with this.” Liu Mang, the guy, was the first to put his hand up.

In the end, we all discussed and decided to go to the nearest restaurant to have a meal first and then go to Karaoke, of course, dinner and Karaoke without a beautiful woman together that also seems too boring, good thing Chen Zhixiong and the three of them all had girlfriends, each with their own female companion set off, only Ye Han and Liu Mang two without female companion.

The place to eat was a fancy restaurant, some seafood was ordered and a few bottles of red wine, it could be seen that Chen Zhixiong and the three of them had good family conditions, even Liu Mang was bulging with money, he was a little rich kid.

“Come on, let’s celebrate Ye Han joining our dormitory, cheers everyone.”

“Cheers.”

Everyone drank a glass of red wine together with each other and the lively atmosphere rose up, after the wine glasses were turned around, the three guys with girlfriends, Liu Zhixiong, had already started hugging their girlfriends laughing and joking and talking about love, the only two people who were watching them have fun were Ye Han and Liu Mang while drinking red wine.

“Shit, it’s cool to have girlfriends!” Looking at Liu Zhixiong, the three guys showing affection, Liu Mang said with what seemed like jealousy and emotion.

“Then just go find one.” Ye Han shrugged his shoulders and laughed.

Liu Mang said bullishly; “It’s not that brother is bragging, if you really want to find one, there are plenty of women who have climbed into brother’s bed, just that none of them are sincere, what brother likes is pure love, which is more priceless than money.”

Pure love, for this materialistic era has been rarely seen, but not without, the key depends on whether you can find the right person, the king of beans to green beans on the right eye, not related to materialistic money, then pure love has arrived.

Ye Han smiled and nodded, suddenly, he saw a familiar figure passing in front of him, this person turned out to be Zhou Yun’er, a professional suit, looking noble and cold, beautiful and compelling, seeing Zhou Yun’er, Ye Han was naturally happy, he wanted to get up and greet her, however, when he saw a youth following Zhou Yun’er, Ye Han’s hand shook and almost spilled the red wine inside.

This young man was twenty-six or seven years old, about one meter eight, handsome, talking and laughing with Zhou Yun’er’s side, looking at Ye Han’s heart, although he knew that Zhou Yun’er would not betray him, but he still could not help but feel sour in his heart.

“Ye Han, what’s wrong?” Seeing that Ye Han’s face looked a bit off, Liu Mang asked suspiciously.

“Nothing, I’m going to the washroom, you guys eat first.” Saying that, Ye Han left his seat and walked to a corner not far away, this table was unoccupied, from here he could just see the exit on the ground floor of the restaurant, at this time, Zhou Yun’er and that youth just happened to walk out of the restaurant, then that youth opened the car door, Zhou Yun’er sat on it, and the two drove away together.

When he saw this, Ye Han’s heart felt a little bit uncomfortable, although in his heart he repeatedly told himself that Zhou Yun’er was out to talk business, just socializing, but, after the socializing, was it necessary to leave together at such a late hour?

Who is he?

The shadow of that young man just now came to Ye Han’s mind. This man had a noble aura and handsome appearance, as if he was a western gentleman, someone with such an aura should come from an extraordinary background.

Fortune Chapter 257

The feelings between him and Zhou Yun’er, Ye Han never doubted, but this sudden appearance of the youth made Ye Han realize that there must be something uncomplicated here, Ye Han lit himself a cigarette, then took out his mobile phone and dialed Zhou Yun’er’s number.

After the phone rang twice, Zhou Yun’er’s voice rang out on the other side; “What’s wrong? Ye Han, how are you getting used to living in the school?”

“It’s fine, I just miss you and want to call you, are you busy now?” Ye Han said.

On the other side of the phone, Zhou Yun’er said after a few seconds of silence; “Yes, the company still has some things to deal with, don’t worry, I have Mo Shu with me, just go to school in peace, you’ve been too tired this time, consider it a vacation for yourself.”

Hearing these words, Ye Han’s heart felt like it was stabbed by a needle, a cigarette was burning into his hand without even feeling it, he forced a smile and said; “Okay, you shouldn’t be too tired either, go back early and rest.”

“Well, good night!” With that said, the phone hung up.

Listening to the blind tone coming from the phone, Ye Han’s hand gripped the burning cigarette deadly.

Yuner, why did she lie to him? It was obvious that she had only just stepped out of the restaurant, yet she told herself that she was still at the company, it was obvious that another man was accompanying her, yet she said that Mo Shu was accompanying her, what was going on here?

Zhou Yun’er would not lie to him for no reason, but the first time he was deceived by Zhou Yun’er, Ye Han’s heart was still very hard to bear.

Ye Han had been sitting quietly in that corner for half an hour, and when he returned to his seat Liu Zhixiong and the others had all finished eating.

“Ye Han, you guy fell down the toilet, it took you so long to come back, if you don’t come again a few of us are going to look for you.” Liu Mang stood up and gave him a punch and looked at him and said; “What’s wrong, are you guys alright?”

“Nothing.” Ye Han shook his head and put away the annoyance in his heart.

“Just as long as you’re fine, let’s change to another place to have some fun next.” Saying that, the five men and three women left the restaurant together and went to a nightclub to have some fun, the atmosphere of the nightclub was explosive, the sound of the music was deafening, men and women were all swaying their bodies wildly inside the dance floor, releasing the fatigue of the day.

After arriving at the nightclub, Liu Zhixiong and the others went off to have fun, and Liu Mang, the guy, also went off to hunt for women. In just half an hour, Ye Han had drunk at least two cases of wine without even going to the toilet.

“Please give me a glass.” A stylishly dressed woman came to the bar, her age should be around twenty-eight or twenty-nine, wearing a duck-tongue hat, the woman was accompanied by a travel bag on her back, under the flickering light, it was not quite possible to see the woman’s appearance clearly, but her body was too good to say, wearing dark jeans and a white shirt tied around her waist, it could be seen that this woman was someone who liked to travel around.

The bar bartender served a glass of wine, but before the woman could drink it, it was taken over by Ye Han next to her and gulped into her belly.

“Handsome, you’re drinking what appears to be the bar I asked for?” The woman looked at Ye Han, but at this moment Ye Han was already a bit drunk, without using his aura to resist, being able to drink so much wine was already his super strong physique supporting him.

“Drink with me, today is my treat.” Ye Han’s drunken eyes looked at the woman beside him, he then snapped his fingers and told the bartender to serve some more wine, the woman gave Ye Han an odd look and laughed; “It’s certainly nice to have someone treating you.”

With that, the woman picked up her glass and banged a cup with Ye Han, she could also see that Ye Han was already a little drunk.

After one cup was finished, Ye Han drank a second, third and fourth cup in quick succession as if he couldn’t stop.

Seeing this, the woman frowned, snatched the wine inside Ye Han’s hand and drank it herself, then said; “Handsome, it’s easy to get into trouble if you drink like this, since you’re the one who invited me to drink, we should drink slowly together, wine is for tasting, not for pouring.”

“Sure, pretty girl, let’s drink one, meeting here is also a kind of fate.” Ye Han smiled to himself and toasted with the woman, but probably because he was a little drunk, his hand had landed on top of the woman’s shoulder.

The first time she was this close to a strange man, Yan Zihan was a little uncomfortable, but the masculine scent that came from Ye Han’s body gave her a strange feeling that was very appealing. In twenty-eight years, she had never had any contact with men, and this scent seemed like an addictive drug to her, and she was both repulsed and a little expectant.

“What’s your name, handsome? You came here to buy a drink, so you didn’t lose your love, did you?” The woman looked at Ye Han very generously and said this way. Ye Han and the woman drank another cup, smiled to himself and said; “Forget the name, lost love? Deception is probably more painful than lost love! Have you ever felt this way?”

“No.” The woman shook her head, a hint of longing in her eyes as she took a drink and said; “Actually, I would like to try what this feeling you speak of is really like, but it seems that the man who belongs to me should not have been born yet.”

“In that case, when you are old and pearly, won’t you still be a man.” Ye Han smiled faintly, letting the alcohol numb his nerves.

“You human, even if you’re sad yourself, you’re still cursing me.” The woman gave Ye Han a blank look.

Ye Han shrugged his shoulders, poured a glass of wine for the woman and said; “I didn’t mean to curse you, but I was just following your own words, come on, beautiful, I wish you to meet your other half soon, cheers!”

The two drank one glass after another, chatting and talking to each other, it was as if they were old friends who had already known each other.

With all sorts of complicated thoughts at work, so, by the end, the two had progressed from chatting with each other to the point of being an intimate couple, and of course, this process Yan Zihan also drank quite a lot of wine, and with a few moments of drunkenness in her eyes, she began to become intoxicated.

Finally, the two left the nightclub together and entered a hotel inside.

What happened next was, naturally, dry wood met hot fire.

The next day when Ye Han woke up, it was already after ten in the morning, he had a vague impression of what happened last night, the woman?

What disappointed Ye Han was that there was no one else in the room except him.

Fortune Chapter 258

At the airport in Shanghai City, a plane slowly left the ground and flew in the direction of Yanjing.

On the plane, Yan Zihan was wearing a duck-tongue cap, looking out of the window at the city, a hint of despondency was shown on her perfect features, then she sighed, after five years of wandering outside, she did not find her true love, perhaps, her ideal perfect man did not exist in this world, this night of affair in Shanghai City should be regarded as a passing of life!

Now, after five years away, it’s time for her to go home!

This night’s affair made Ye Han laugh and cry, his luck was not too good, he slept with a virgin, if it was a woman who liked to wander the nightclubs or something, Ye Han took it as a one-night stand, each taking what he wanted, no psychological burden.

However, this fucking person is a virgin and her first time was taken away by herself.

After silently smoking a cigarette inside the hotel, Ye Han put on his clothes and walked out of the hotel and went to the hotel's service desk.

On the service desk, a woman in professional attire was on duty. When she saw Ye Han coming, a look of contempt passed through her eyes, looking at Ye Han as if she was looking at a little white boy, sleeping with such a beautiful beauty, but she even wanted her to get a room and pay the bill.

"Hello, I would like to ask if the woman in room 503 has already left?" Ye Han came to the service desk and asked.

"Gone." The woman responded indifferently.

Ye Han nodded and said; "May I know her name, please?"

"What, you slept with someone and still don't know their name?" The woman gave Ye Han a contemptuous glance and said; "Sorry, we don't freely reveal our guests' secrets here."

Ye Han didn't bother to nag her and directly took out five hundred yuan from his pocket and put it on the service counter, saying; "Now I can know her name, right?"

When the woman saw that Ye Han had taken out five hundred yuan, those eyes immediately lit up and put the money away without a trace, then said; "Wait a moment."

After saying that, the woman began to check on the computer, half a minute later she smiled at Ye Han; "The guest in room 503 last night is called Yan Zihan, she is twenty-eight years old, sir, I hope this information is useful to you."

Ye Han nodded and then left the hotel.

On his way back to school, Ye Han received an unfamiliar phone call, after he picked up, there came Shen Tian Ao's anxious voice; "Ye Han, this is Shen Tian Ao, someone is trying to kill me now, you have to save me, I killed my master but I did it for you."

Hearing this, Ye Han smiled; "For me, it should be for your own sake."

"Bastard, Ye Han, what do you mean?" Shen Tian Ao's roaring voice rang out inside the phone, one could imagine how angry he was at the moment. Ye Han said; "Nothing meaningful, if you can make it to Shanghai City alive I will save your life, if not, then you will just have to fend for yourself."

After saying this, Ye Han hung up the phone, Shen Tian Ao, this wolf, how could he possibly save him, but since Shen Tian Ao had called him for help, I think someone over in the Northwest already knew that he had killed the Northwest Medical King, it was time for this sinister villain's fate to come to an end.

When he arrived at the Fudan University dormitory, Liu Zhixiong and the three of them were not there, no, I should say they had not returned all night, those three guys all had their own girlfriends, so they must have gone to a room last night.

Ye Han had nothing better to do than to go to class. Inside the classroom, Li Xinran was also there, still in that peaceful and quiet manner, as if nothing could disturb her, Ye Han came to the classroom and sat down beside her, not disturbing her reading.

However, Ye Han sat down beside Li Xinran, which made the people inside the classroom envious and jealous. Of course, the story of Ye Han killing Park Zhengxiong with one leg yesterday had already spread inside the school, and although they were envious and jealous, they didn't dare to look for trouble with Ye Han, just kidding, the video of this fierce kick to the Taekwondo club was still playing on the campus website.

Although Ye Han had only been at Fudan University for a day, he had already become a popular figure in the school, and it was normal for someone to adore him since he was able to beat up Park Zhengxiong.

"I heard that you had a good fight inside the Taekwondo Club yesterday." Li Xinran closed the book in her hand, she looked at Ye Han who was sitting next to her, she smiled slightly and took off her eyes, Ye Han laughed; "Mighty talk, deterring those people is fine, Fudan University, a holy place, can't let such a group of people run amok inside, otherwise what's the difference between this school and a hooligan den."

"It seems that you are keen to protect that civilian school girl." Li Xinran smiled quietly.

Ye Han lamented; "A bitter girl, if she has no one to protect her and lets those people do whatever they want, what do you think will happen to her in the end?"

Li Xinran said; "I didn't see that you still have a saint's heart, but there are too many injustices in the world, evil people are running amok, can you manage it?"

Ye Han said; "Naturally, I can't, but as long as I meet them I will. If everyone has the attitude of staying out of it, how cold and ruthless will this society become, if I can help one person, I am not a savior, I can only do my best."

"That's a good point." Li Xinran flipped through the textbook and said; "Buddha said that if you want to be a dragon and elephant of all Buddhas, you must first be a horse and cow of all living beings, if you have such a mentality, your life will definitely not be too gloomy in the future, I look forward to the day when I see you rise to glory and become that dragon and elephant of all Buddhas, so that you can help more people."

Ye Han laughed; "To be honest, I really feel a bit poor in words when talking to such a knowledgeable person like you, there are many great people standing above me, so you are so sure that I will have a day of glory and prosperity?"

"Feeling." Li Xinran looked at Ye Han and said; "Any big shot they all started from the bottom, now you look up at the big shot with a dazzling halo, you might as well get down to earth and start from the cattle and horses, climbing, a trajectory to rise slowly, a stage to accumulate capital to show your ability, even if your father left behind a piece of the world, and you are incapable and lack power, and only know how to be domineering. Even if your father left you a piece of the world, but you don't have the ability or the power, and you only know how to be domineering, what qualifications do you have to hold this world? Who will be convinced by you? Don't underestimate women, their intuition is very accurate."

Hearing these words, Ye Han smiled, this Li Xinran's erudition had really opened his eyes, in just one sentence, he had seen the ups and downs of life so thoroughly, to become a dragon and elephant, first be a bull and horse, a very classic sentence, right now he was a bull and horse, still struggling to climb up

to the top, but as long as he didn't die, one day, he believed he could step on one opponent after another, and eventually become that dragon and elephant who ignored all beings.

Fortune Chapter 259

When the class started, Liu Mang also came, but when he saw that Ye Han and Li Xinran were sitting together, he had the sense not to disturb them and sat down in a seat in the last row and continued to sleep.

Ye Han did not remember anything that the old scholar had said in the classroom, the knowledge in the university was like a heavenly book to him, a person who had not even graduated from junior high school, so he could not understand it even if he wanted to.

Li Xinran stood up to pack up her books and notes, and Ye Han stretched his back, when he heard an alarming sound coming from inside the classroom; "Look, the common school girl is here."

Ye Han looked up, and sure enough, at the front door of the classroom, Xie Xuan Yan, who was dressed plainly, was looking towards the inside of the classroom.

"It's here to see you." Li Xinran said as she gathered her books; "Go quickly, don't make people wait."

Ye Han asked; "Where will you go after class, the library?"

Li Xinran laughed; "There is another class later, after listening to it, I might go out for a walk, I might stay in the library and read a book, what, do you want to be my escort? I've heard you say it yourself, you already have a girlfriend."

Ye Han shrugged his shoulders and said; "There are many people who want to be your beautiful girl's escort, but these guys don't seem to have any good intentions, if you want to go out for a walk, it's better for me to accompany you, this is my phone number, remember to call me when you go out."

Ye Han left a business card and left, this business card was still customized for him by Zhou Yun'er.

Watching Ye Han leave, Li Xinran was a bit speechless, this guy was really domineering, doing things the other way around, calling him if she went out, was she courting him? Or was she asking her to ask him out?

"No moody guy at all." Li Xinran laughed and shook her head, walking out of the classroom after gathering her books.

"Han Yan, why did you come over?" Ye Han brought Liu Mang to Xie Han Yan, the woman still had some fine sweat on her forehead, she should have run over right after class, Xie Han Yan let out a deep breath as she looked at Ye Han and said; "I heard that you got into a fight with the Taekwondo Club yesterday, so I came over to check on you, afraid that something might happen to you."

Ye Han laughed; "Your brother is a hidden expert in the city, the taekwondo club is just a bunch of fancy guys, it's fine, it's just time for class to end, let's go, brother will treat you to dinner."

"It's better for me to treat you guys, for my sake, let you guys get into such big trouble." Xie Xuan Yan said with her head bowed.

“Aiya, I say what are you two blindly rubbing it in, I’m hungry here, go go go, I’ll treat you two.” This guy Liu Mang’s stomach was already chirping, what he was most afraid of was starving, so he took the two of them by the hand and walked towards the direction of the canteen.

On the way to the canteen, Ye Han asked Xie Xuan Yan; “Han Yan, how is the work outside? I’ll help you find one if you don’t feel up to it.”

Xie Hanyan said; “Don’t bother, I’m not bad there, and it’s close to the school, so I won’t miss classes and work.”

“Alright then, if you don’t do well then talk to me.” Ye Han stroked her head, he always had a feeling of pity for this girl in simple clothes, from Xie Xinyan he saw the shadow of his older sister Ye Qing, but when his older sister Ye Qing had him to guard her, who dared to bully Ye Qing, he would run up and fight to the death, but Xie Xinyan, she had no one to guard her, this soft shoulder was carrying a heavy burden.

When she was touched by Ye Han, Xie Hanyan did not resist and nodded her head, because she did not feel the naked desire that others felt when they looked at her, there was only a kind of love and pity.

The three of them ended up eating in the canteen. After eating dinner, Xie Hanyan rushed off to work, as time was precious to her and she did not want to waste a single second of it.

After eating, Ye Han and Liu Mang went back to the dormitory. Liu Zhixiong, the three guys who had been out all night last night, were also back now and continued to play games.

“Shit, you three are really dedicated, you play as soon as you come back.” Liu Mang walked into the dormitory and raised his middle finger at the three, he was also convinced of these three game fans.

Xu Gang laughed; “What do you know, this is called a hobby, understand? Apart from women, this is the only hobby we have.”

Liu Zhixiong then looked at Ye Han and laughed; “Ye Han, how was your night last night? A few of us saw it last night, that woman you were drinking with was really pretty.”

Hearing this, Pilgrim said with a lewd look on his face; “Yes, yes, I saw it too, this guy Zhixiong even told us not to bother you, Ye Han, you tell me honestly, did you have that and that with that beautiful woman last night?”

“I was drunk and forgot.” Ye Han lied without a red face or heart.

This guy Liu Mang was confused and asked; “Why didn’t I see it?”

“Shit, you guys don’t know where you are hiding to pick up a beautiful woman, of course I didn’t see it, I’ll tell you that the one who accompanied Ye Han to drink last night was really a big beauty

The first time I heard these guys grabbed this topic, Ye Han’s buttocks slipped and ran to his room, for last night’s affair he was actually torn, as if nothing had happened? This is a bit too heartless, after all, that is the first time, of course, the woman called Yan Zihan he can not meet is an unknown.

Ye Han had been inside the dormitory for two hours when a phone call came to his mobile phone, once Ye Han picked up the phone and listened, a sentence came from the other side; "I'm leaving now, at the entrance of the school."

After saying these words, Li Xinran hung up the phone, and after Ye Han said a few words to Liu Mang and the others, he walked towards the entrance of the school, and when he arrived at the entrance, Li Xinran was really standing there alone, as if she was an attention-grabbing scenery, and the students coming in and out couldn't avoid looking at her a few more times.

Under the attention of some people around, Ye Han walked over towards her and said; "Been waiting long, have you?"

"It's alright, let's go." Li Xinran glanced at him and walked out towards the front after holding up her glasses, Ye Han noticed that this woman didn't bring anything else, she was carrying a book, which seemed to be a Buddhist book as well.

"Shit, this new guy is so lucky, not only is he rumoured to be with the commoner school girl, even the big school girl Li is willing to stay with him, how come I don't have this good luck?"

"Come on, man, stop complaining, he's got the strength, if you've got the guts to go and beat up that Park Jung-woong guy too?"

"Forget it, who's as good as this pervert, let's just go back to the computer and watch Master Cang and let off some steam."

Fortune Chapter 260

The atmosphere seemed somewhat quiet and harmonious as Li Xinran walked slowly while looking at the Buddhist studies on her hand, occasionally stroking her hair that had fallen down to cover her eyes, causing a crowd of male compatriots to turn around frequently.

"Where are we going here?" After taking seven turns in the street, Ye Han could not help but ask Li Xinran.

Upon hearing this, Li Xinran looked up and smiled; "We're here."

Ye Han looked ahead and saw that there was a park in front of him, so Li Xinran was coming here.

Entering the park, Li Xinran said; "Looking at Buddhism needs a place that is more quiet and has a wide sightline, this helps with deeper comprehension, Ye Han, how much do you know about Buddhism?"

Ye Han shrugged his shoulders and said; "Don't ask me, although I believe in Buddhism myself, I don't know anything about it."

Li Xinran said; "If you have time this book can be lent to you, maybe you will get a lot of inspiration from it, Buddhism is profound and teaches a lot of truths about how to deal with the world."

Ye Han smiled; "Buddha preaches letting go, but unfortunately I can't, and in this rolling red dust, who can really let go? Therefore, I believe in Buddha, but I have no relationship with him, instead of believing in him, I should believe in myself, my fate is in my own hands, it is not something that Buddha can change, if Buddha could really change one's fate, how could there be so many sufferings in this world."

“That’s very true, Buddha is not omnipotent.” Li Xinran sat down on a bench and said; “All beings suffer, in fact, Buddha has his own suffering, the Bodhisattva of Tibet made a great vow; if hell is not empty, he will not become a Buddha, it seems like it will never come true, but he still does it, Buddha, indeed, cannot change fate, but it can teach a person how to face it, this is a good philosophy of life, you can veto Buddha, but you you can’t veto this book.”

“I can’t say no to you,” Ye Han shrugged his shoulders.

Li Xinran smiled, and then she said no more, sitting quietly on the bench and reading the book.

The two of them sat for two to three hours, and it was almost dark now. Li Xinran continued to read for ten minutes before closing the book and standing up to stretch her back, exposing her perfect curves, Li Xinran was about one meter seventy-five, and every part of her body was perfect, just right, giving the impression that there was not the slightest flaw.

Quiet and peaceful, with a bookish air, as if a goddess of wisdom.

“What are you looking at?” After Li Xinran stretched, she found that Ye Han was staring at her body, and she didn’t get angry, but asked indifferently.

“Looking at you, quite pretty.” Ye Han said this.

“Is that so? Then which one is prettier, me or your girlfriend?” Li Xinran held up her glasses and looked at Ye Han with a smirk and asked. Ye Han laughed; “You each have your own merits, it’s not good to evaluate.”

“Looks like I need to meet that girlfriend of yours sometime.” Li Xinran smiled lightly and walked towards the outside of the park, this statement made Ye Han a little unsure, to meet his girlfriend, the two of them can’t get along with each other, is there a need for this?

It was dark, naturally it was time for dinner, on the way back, the two entered a restaurant together, Li Xinran picked up the menu and looked at it, then asked Ye Han who was opposite her; “What would you like to eat?”

Ye Han smiled and said; “I don’t have any requirements for food, I just want to fill my stomach, so you can take care of it.”

Li Xinran nodded, then ordered three dishes and a soup, all vegetarian, when these dishes were served, Ye Han was a bit dumbfounded, shredded potatoes, fried green peppers with carrots, wood fungus, cucumber soup, did this woman want to become a nun?

Li Xinran picked up her chopsticks and said; “I asked you, you asked me to watch the order, move your chopsticks, eating vegetarian is not only a healthy way of life, but also a silent practice! Even if you don’t recite and hold the sutra mantra, over time, eating vegetarianism can change one’s temperament, it’s not a bad thing for you.”

Ye Han gave a bitter smile, picked up his chopsticks and put a handful of carrots into the bowl and ate in silence.

“Beauty, you are quite pretty, it’s too bad to be a waitress, how about having a few drinks with us and introducing you to a better job?”

“Sorry, I can’t drink and I don’t want to change jobs, please enjoy your meal.”

“Don’t go, pretty girl, just one drink.”

“I’m sorry, I really can’t drink, please let go.” At a table not far behind Ye Han and the others, a very innocent and pretty looking waitress was being pulled and tugged by a group of people to drink with them, but the action was so big that it made the dishes on the table fall to the ground with a clanging sound, spilling soup and water all over the place.

“Hmph, shame on you woman, boss lady, what’s wrong with your waiter here, believe it or not I’ll have your shop closed.” A man in his thirties looked at the soup and water that had been spilled all over him, and his face suddenly turned ugly.

When the owner of the shop heard this, she hurriedly came over and said with a smile; “A few customers, she is new here, I am really sorry, I will make a new table for you, this meal is on me today.”

“Hmph, your treat, fine, but we want this woman to accompany us, if you don’t I’ll close your shop today.” The man in his thirties snorted coldly, looking at the pretty face of the waitress, a flash of naked desire to possess flashed in his eyes.

What happened over here had already attracted the attention of the customers at the surrounding tables, and the boss’s wife hurriedly said to the waitress in order to put things to rest; “Hanyan, go on, accompany these few customers to drink a glass of wine, and I’ll give you an extra two hundred yuan in your salary this month.”

Upon hearing this, a stubborn look flashed across Xie Hanyan’s eyes and said; “Sorry, boss lady, I won’t agree to this, I’m just a waitress, not a drink accompanying little girl.”

“You ……” the boss lady was furious, she had recruited Xie Hanyan because she was pretty and could attract customers, but this girl was now so insensitive.

“Humph, today you have to say yes even if you don’t.” When the man in his thirties saw that Xie Hanyan did not agree, he immediately tried to pull her by force, but his hand was only halfway out when a chopstick flew from nowhere and plunged directly into his wrist, causing him a lot of pain.

“Asking my sister to accompany you to drink, do you think your life is too long?” If he hadn’t appeared at the restaurant today, this woman would have had a hard time escaping the clutches of the devil today.

Thinking of this, Ye Han’s eyes were as cold as ice as he walked towards the thirty-year-old man’s place.
