Fortune Chapter 261

“Fuck, who the fuck are you?” Being stuck inside his wrist with a chopstick, the thirty year old man asked in shock and anger, a few of his companions with him wanted to say something, but they were glared back with a cold look from Ye Han.

Pah!

Ye Han walked over and gave the man a loud slap, and it was so strong that it knocked him unconscious. Seeing how tough Ye Han was, the boss’s wife said in horror; “This little brother, forget it, if you call the police later, you won’t be able to get away with it.”

“Call the police.” Ye Han smiled coldly at the boss’s wife and said; “When someone bullied her just now, why didn’t you want to call the police?”

The boss’s wife was dumbfounded by the question, and Ye Han pulled Xie Xuan Yan over with a hand, and said with reproach in his concerned words; “Didn’t I tell you? If the job is not good, just tell brother, brother will find you a new one, don’t work here, brother will find you a new one, with your status as a senior student of Fudan University, can this little hotel be a place for you to stay.”

“Mm.” She was a girl, she wanted to find someone to talk to when she encountered grievances, to find someone to cry to, she found this feeling here in Ye Han, hugging Ye Han, she never shed tears for the first time.

Ye Han is a little heartbroken, this girl is too stubborn, a person outside is only afraid that can not stand less suffering.

Li Xinran watched the scene with interest, then took out a hundred yuan from her body and put it on the table, walked over and said to Ye Han; “Let’s go, I’m done eating.”

Ye Han nodded, then pulled Xie Xinyan out of the restaurant, the owner’s wife looked at the mess and cursed her mother in anger, she should have known that she would not have recruited Xie Xinyan in, now she had to make her wipe her ass when things went wrong.

But just as Ye Han and the three of them walked out of the hotel, the roar of sports cars sounded one after another, a gorgeous sports car sped over like the wind at this time, playing a dazzling floating, fancy, and finally all stopped at the entrance of the hotel, these sports cars were more than ten in total, and more than ten young people came down from there, the leader of which was surprisingly the schoolboy of Fudan University, Wu Tianxu.

Seeing this scene, Ye Han understood a lot, this guy was only here to pursue Li Xinran again.

As expected, this Wu Tianxu was still holding flowers in his hand, with his handsome dress, handsome face, and elegant temperament, coupled with these expensive sports cars, he was afraid that very few women would be able to resist this kind of attack from him.

“Xinran, I, Wu Tianxu, am formally courting you today, please be my girlfriend, I swear to love you only once in my life!”

Wu Tianxu's routine of chasing a girl was still the same, holding flowers in his hand, kneeling on one knee, looking at Li Xinran with those eyes that he himself felt deeply in love with, even his address changed.

"Shit, so rich! These sports cars must be tens of millions of dollars, right?"

"These guys should be a group of rich kids, coming to pursue that girl, but if I were a woman, I would definitely say yes to him, with such a rich kid, there would be no worries for the rest of my life then."

The owner's wife is the first time she has seen so many expensive sports cars come outside her shop, and her face is happy, she will have a lot of face when word gets out.

"Promise him"

"Promise him"

"Promise him"

The group of people who followed Wu Tianxu to the house were in an uproar, chanting and even setting off fireworks, and with the night, the picture was perfect, as if it was a marriage proposal.

However, there was no half change in Li Xinran's eyes, very calmly looking at Wu Tianxu who was kneeling on one knee in front of her, and said; "Senior Wu Tianxu, in my case I think you should not waste your time, because I already have a boyfriend."

"Impossible!" Suddenly hearing Li Xinran's words, Wu Tianxu, who was just gazing at Li Xinran with deep affection, suddenly changed his face, but his connotation was still good, and after exhaling deeply, he said; "Senior Li Xinran, if this is your excuse for rejecting me, I will not give up, even if I have to pursue you to the ends of the earth, I, Wu Tianxu, will not give up."

"Excuses, you're wrong." Li Xinran shook her head very calmly, then under Wu Tianxu's angry, as if to devour Ye Han's eyes, Li Xinran gently kissed Ye Han on the side of his face.

With a boom, Wu Tianxu felt as if his mind was about to explode. How could he be favoured by Li Xinran? What could he, the heir of Wu's International, do that was not as good as Ye Han? Why didn't Li Xinran like him, but she looked at Ye Han differently?

Ye Han also felt his head explode for a moment, his lips were fragrant, that one kiss made his whole body feel tingly, as if an electric current was running through his whole body, he was a little dazed looking at this woman who was standing very calmly next to him, that natural, easy-going look, as if he was really her boyfriend.

"Shit, you dare to snatch a woman from Young Wu, Ye Han, you really think that you can walk around inside Fudan just because you taught Park Zhengxiong a lesson, I'll give you a chance to get lost, now leave the side of Big School Girl Li immediately, or else with our ability, it won't be difficult to make you disappear in this world."

"What I hate most is a white boy, what qualifications do you have to steal a woman from Young Wu? In terms of looks, you're not even worthy of Wu Shao's shoes, in terms of family and wealth, you'll never be able to surpass Wu Shao in your life, just like you, you still want to steal a woman from Wu Shao, are you tired of living?"

Listening to the voices of these guys, Ye Han acted calmly, as if he was treating these people as if they were farting and had nothing to do with him.

Wu Tianxu looked at Ye Han coldly and said; "Leave Xinran, I'll give you one million, if that's not enough, five million, ten million I'll do whatever you ask, as long as you can say it, I, Wu Tianxu, can do it."

"So this is all the woman you like is worth in your heart? Sorry, a thousand gold won't change that." Ye Han smiled and naturally put his arm around Li Xinran's waist, this woman was using him as a shield, it shouldn't be too much for him to take advantage of her!

Being embraced by Ye Han in this way, Li Xinran's face did not change, acting very naturally.

But this scene fell in Wu Tianxu's eyes, making his face green with anger, if his gaze could kill people, he didn't know how many times he had already killed Ye Han, his fists clenched in a deadly grip and his eyes said morosely; "Competing with me, do you really think you are worthy? This young master can smash you to death with money."

Fortune Chapter 262

Hearing this, Ye Han laughed as he looked at Wu Tian Xu and said; "You have money, this is your capital, but if you want to smash me to death with money, with you, a second generation ancestor who only relies on his family background to support him, you don't have this ability yet."

"Is that so?" Wu Tianxu sneered; "Do you believe it or not, I can make you get out of Fudan with a single phone call, moreover, I can make you become a beggar who relies on people's pity on the street, so that you will never have a day to get ahead in your life."

Ye Han looked at Wu Tianxu speechlessly, this guy was really arrogant and narcissistic, did he really think that he could do everything? It could be said without a doubt that Ye Han only needed to say one word now, so that this Wu Tianxu would not even have the chance to leave Shanghai City, not to mention leaving East China.

The more low-profile people are, the more bullying they are, and the more high-profile people are, the faster they die.

She was not worried about herself, but about Ye Han. She did not know what kind of powerful family Wu Tian Xu had, but if he could make a group of rich kids at school follow him around, it was obvious that there must be a powerful family behind this Wu Tian Xu, so if he really wanted to deal with Ye Han, Xie Xin Yan was naturally worried for Ye Han.

Ye Han patted her hand and gave her a reassuring look, then he looked at that Wu Tian Xu and said; "Is that so? Then I really want to see how you get me to get out of Fudan and how you make me a beggar who relies on people's pity?"

On hearing that, Wu Tian Xu said indifferently; "For the sake of Xin Ran, I advise you better not to push me, what are you comparing with me? Ability? I can get these rich kids from all over the world behind me to be my followers, can you do that? Even with these sports cars behind me I'm only afraid you won't be able to get them even if you struggle for the rest of your life."

Ye Han laughed; "These guys are following your ass, they may not really obey you in their hearts, it's just that you have a better family history than them, you want to compare your abilities with me? Then I will do as you wish, since you have called a group of rich second generation to create momentum for you and show off your abilities, then I will try it too."

After saying that, Ye Han took out his mobile phone and dialed a call out, this call was for Tang Da Shao, this guy was always tired of being with Mo Shu this time, he ran to Zhou Yun'er's company every day, he also beautifully called it being Mo Shu's flower protector, this guy had been idle for some time, he was only about to fade out to a bird.

After a phone call, Ye Han put the phone back into his pocket, then he looked at Li Xinran and laughed; "You're using me as a shield, aren't you worried that I'll be stepped under by this group of guys?"

Li Xinran laughed blandly; "You want to be a dragon elephant, how can you not eat some pain, wouldn't it be better to force you first, if you get stepped on by him, it would be a lesson for you as well as a force to push you forward, which one of those who have the ability to stand at the peak of the tripod has not been stepped on by others? So don't think I'm using you, how is this not a kind of training for you now?"

"Quite reasonable." Ye Han was dumbfounded by this woman's words.

"How are you thinking about it? I don't have the leisure time to spend with you, leave, or don't you want to leave?" Wu Tian Xu looked at Ye Han and asked coldly, those rich boys around him also spoke up; "Young Wu, what's the point of bothering with this guy, what qualifications does he have?"

"Just a poor kid who knows some kung fu, look at what he's wearing, it should only be a few hundred dollars' worth of stall goods, right?"

These days, when you are after a woman, especially a beautiful woman, you have to have the strength to keep her, without some strength, not to mention the woman will be snatched away, you will be trampled to the bone.

The strong lights, the heavy roar, the sound of tyres and the ground like the sound of a machine made people feel especially harsh.

The strong lights shone, and the lights from a sports car illuminated the whole street, and the group of rich kids brought by Wu Tianxu couldn't help but use their hands to look towards the two sides of the light, only to see that at both ends of the street, there was all a dazzling sports car parked on the street, blocking the whole street, and watering it down. There were still sports cars driving towards this side.

Seeing this scene, the group of rich kids behind Wu Tianxu were shocked, such a strong line-up! Could it be that all the rich kids of Shanghai City were out in force? The whole street was filled with all kinds of sports cars, which simply blinded people's eyes and made them incredulous.

People in the surrounding shops and restaurants all came out to watch.

When he saw these sports cars blocking the whole street, Wu Tianxu was also surprised. Who has such great power?

Under the watchful eyes of the surrounding crowd, they saw more than a hundred people coming down from the sports cars, all of them young men and women, a black mass, as if they were making a gangster

movie, it's not surprising that there are so many rich kids in Shanghai City, you know, Shanghai City can be an international metropolis, this is already a small number of people, many are still on their way.

But at this moment, these people who got down from the sports car, their eyes all fell on the young man at the entrance of the hotel and called out in unison; "Young Ye!"

Ye Shao, these two words vibrated with sound, and these people were shouting out from their hearts, that was a kind of subservience from the heart, worship, in Shanghai City, among people of the same age, who could compare to Ye Han? No one, in just less than a year he had risen strongly in Shanghai City, as if he was a myth. In terms of medical skills, he was stronger than the Northwest Medical King's master and disciple, and in terms of strength, he had even trampled down the Blood Hand Hall, detaining the young master of the Blood Hand Hall, so that the Heavenly Dignity Society did not dare to extend its hand to Shanghai City.

Just ask, who of the same age as Ye Han could have done what he did?

Not only in Shanghai City, but also in the entire East China region, who among the young people who knew about Ye Han did not worship him? Myth!

Listening to the voices around them that spoke in unison, respectful and subservient, the people around them were stunned speechless.

That young man at the entrance of the hotel had such ability to make a group of rich kids treat him with respect, this was not an act, but a real subservience, making them feel like they were watching a movie, unbelievable!

Fortune Chapter 263

Young Ye!

These two words shocked the surrounding crowd speechless, their eyes shocked at this scene, that young man at the entrance of the hotel, how much energy does he have? The young man at the entrance of the hotel was so powerful that he could only make these people so submissive to him, that respectful look was not an act, it was a submissive look from the heart.

Li Xinran looked at this scene with some surprise, and a strange colour flashed across her beautiful eyes, it seemed that she had somewhat underestimated this guy around her.

"Pretending to be a pig and eating a tiger!" Li Xinran looked at the side of Ye Han's face with interest.

At this moment, Wu Tianxu was shocked, and the group of rich children who followed him were equally shocked, Ye Han, had such great ability, Wu Tianxu had them rich children to create momentum, but, Ye Han made a phone call, hundreds of rich children in Shanghai City came to create momentum for him, compared to them, they were like fireflies, they could not be compared to them.

The group of rich family members behind Wu Tianxu looked at Ye Han with some shock and fear, this guy had such great power, it was ridiculous that they had just ridiculed, sarcastic and intimidated such a low-profile coward, thinking about this, their faces were cold sweat, Ye Han had such great power, if he was to turn against them, then their group would be finished.

Wu Tianxu's face was a little cloudy, he felt a burning feeling on his face, the Ye Han he had mocked, the Ye Han who had wildly said that one phone call would make him get out of Fudan, the Ye Han who would make him become a beggar for the rest of his life and never have a chance to get ahead, the Ye Han who after that one phone call, the rich kids from Shanghai City came in droves and lightly hit back, made him feel even worse than giving him a hard slap on the face.

Under the gaze of one gaze, only to see Ye Han speak at this time, he looked at the hundred or so rich family sons who had come here and said; "Thank you all for your kindness, this matter is over, Splendid Hotel, my treat Ye Han."

"You're welcome, Young Ye!" More than a hundred people spoke excitedly, to have Ye Han, the bull of East China, treat them, they all felt very dignified when they said this.

"Haha, Hanzi, which ungrateful guy is trying to step on you, damn it, there are still such ungrateful people, have you grown hair? Stand out and let me have a look." At this moment, this guy Tang Da Shao arrived with a group of young people with a big belly, following him was Lin Bo Mo, after hearing Ye Han talk about this side of things, Tang Da Shao and Lin Bo Mo both made a phone call, the rich kids in Shanghai City moved in droves, in Shanghai City, someone dared to step on Ye Shao, they were impatient to live, right?

"It's just a small matter." Ye Han took out a cigarette and gave one to the big young man Tang and Lin Baimo, as well as the few young men following them, the big young man Tang and Lin Baimo accepted it openly, the few young men behind them were somewhat flattered, the young man Ye personally gave them a cigarette, this was an honor that many people could not envy!

One youth saw Ye Han put the cigarette in his mouth and even personally lit it for him.

After Ye Han said 'thank you', he looked at Wu Tianxu and said indifferently; "What else do you want to compare with me? Ability? Money? Or is it a competition of physical skills? I will accompany you to the end."

He knew that he had underestimated Ye Han, he had thought that Ye Han was just a poor boy who knew some kung fu, but he had never imagined that he would call over a hundred rich kids to support him with a single phone call, in terms of this kind of influence, even he could not do this in his own lair, this ring, he had lost, lost completely, lost without any face.

When Mr. Tang looked at Wu Tianxu and said nothing, he cursed; "Shit, this is the guy, he looks like a man, he dares to step on you, he thinks he is a fierce man like Jiang Yutang, he doesn't even look at himself in the mirror, Hanzi, what should we do with these guys? I think we should throw them all into the Huangpu River and feed them to the fish."

Since he had killed someone, Tang Da Shao's ruthless words also carried a bit of fury, which made Wu Tianxu's heart tremble with fear and regret.

"Forget it, it's just a group of students, there's no need to make such a fierce scene." Ye Han shook his head, if it was someone who was hanging out in the underground world, he might have done so, there was no need for ordinary students to do so, he was not that kind of person who was addicted to killing.

Lin Baimo then looked at Wu Tianxu's few people and said indifferently; "What, letting you guys live, can't you even say thank you?"

Ye Han looked at Wu Tian Xu who was silent and said; "I know that you are not convinced in your heart to pursue a woman, I won't stop you, but if you think that a strong family background can let you do whatever you want, I can only say that you are too whimsical, never think that you are omnipotent, there are many people who are stronger than you in this world, and there are equally many people who are stronger than me."

After saying this, Ye Han looked at Tang Da Shao and Lin Baimo and said; "Let's go, it's been a long time since we've gotten together, let's go to the Splendid Hotel."

"OK, it just so happens that I also want to talk to you about the progress of the 'Night Sky Project'." Lin Baimo smiled, then young Tang waved his hand and shouted at the top of his lungs; "Let's go, brothers, to the Splendid Hotel."

The moment he heard this, more than a hundred people boiled up, one by one, shouting to get into the car, drive the car buzzing to kill the Splendid Hotel, but some guys look at Wu Tianxu and other people but do not see, from the car pulled out the spanner to smash their cars before leaving, for these people's actions, Ye Han did not go to stop, let these guys suffer a lesson, so that they do not go around bullying people, in the future, these guys will only be afraid of never again. If another character like Ye Han appeared, their luck might not be so good next time.

The people around them were all heartbroken as they watched the dazzling sports cars being smashed, but this kind of show today finally let them see what it means to be a bully!

Wu Tianxu's group of rich kids were very powerful, driving more than a dozen expensive sports cars, forcefully crushing Ye Han, sarcasm, ridicule, intimidation, all kinds of means were used, but none of them were of any use to Ye Han, a phone call went out, hundreds of rich kids came respectfully, that scene, in Shanghai City is very difficult to see, because in the past, no one in Shanghai City Ye Han reached such prestige, now, only Ye Han alone could have such prestige.

Even for the entire East China region, he is now a new nobleman who cannot be ignored. The Blood Hand Hall has been defeated by him one after another, even Jiang Yutang, the kingpin, has left Shanghai City with injuries, and the Heavenly Dignity Society does not dare to extend its hand to Shanghai City.

Fortune Chapter 264

Watching a sports car leave the street, at this moment, the owner of that hotel's intestines were almost regretting, Xie Xinyan actually had such a powerful brother behind her, if she had known, she would have said anything to keep Xie Xinyan, even if she was asked to do nothing, as if she was an ancestor, she was willing.

It was a pity that she had missed it, but she had missed it. Moreover, Ye Han would not allow Xie Xinyan to work in a restaurant like that anymore, without someone to protect her, she would suffer sooner or later. So, Ye Han was prepared to put Xie Xinyan by his side, so that no one could bully her.

After thinking about it, Ye Han finally dialed Yin Yifei's phone number. He originally wanted to arrange for Xie Xinyan to go to Zhou Yun'er's company, but Ye Han finally did not muster up the courage to call Zhou Yun'er's phone number, now he wanted to leave himself alone and think about it.

For Ye Han to call personally, Yin Yifei was naturally very happy, after hearing that Ye Han wanted to introduce a helper to her, she said with a smile inside the phone; "Fine, you are the boss anyway, you can ask her to come over tomorrow to report, let her follow me for a while to learn, it just so happens that what I am short of here is talent."

"Okay, I'll bring her over tomorrow." Hanging up the phone, Ye Han looked at Xie Xuan Yan who was sitting on his right and said; "Tomorrow brother will take you to a place where you can showcase your talent and have a better development."

"Mm, I'll listen to brother." Xie Xinyan nodded obediently.

Young Tang, who was sitting in the driver's seat, laughed; "Hanzi, you brat went on a trip to the university and actually recognized such a beautiful sister, good for you."

"Drive your car properly." Ye Han gave this guy a blank look, Lin Baimo laughed from the passenger side; "Hanzi's sister is our sister, girl, in the future, if you have anything to say to us as brothers, no one dares to bully you in Shanghai City."

Xie Xuan Yan was moved to nod, from Tang Da Shao and Lin Bo Mo she felt the same kind of sincerity like when Ye Han treated her, she was content to meet these brothers in this life.

"Hanzi, this young lady is?" Da Shao Tang's gaze glanced at Li Xinran who had been sitting quietly by Ye Han's side without speaking and asked suspiciously, although this woman was calm, her gaze made Da Shao Tang extremely uncomfortable, it was as if those wise eyes could see right through him.

Ye Han smiled at Tang Da Shao; "This is my classmate, Li Xinran, by the way, how's your guy's recent progress with Mo Shu? When are you going to drink your wedding wine?"

"Hey, my family's Mo Shu is not in a hurry to get married yet, it's still early." Speaking of Mo Shu, this guy Tang Da Shao just had a happy face, but when he said that, he seemed to have remembered something and said; "Han Zi, have you been in touch with sister Yun'er lately?"

"What's wrong?" Ye Han asked.

"Nothing much, it's just that a guy came in her company recently, I suspect" said Tang Da Shao, wanting to say something.

"You guys just say what you have to say." Ye Han said indifferently, it seems that the guy who followed Zhou Yun'er around last time, he also found out. Tang Da Shao gritted his teeth and said; "Han Zi, in fact, last time during the time of your accident, Yun'er's sister once mentioned the Feng family, saying that if something happened to you, let her old man avenge you and she married into the Feng family or something, just afraid of affecting your relationship with Yun'er's sister, so, Old Lin and I kept this matter from you and didn't tell you. "

"The Feng family?" Ye Han's eyes froze, there was even this matter in between.

Lin Baimo also nodded and said; “There is indeed this matter, afterwards I also inquired about this Feng family, in the north the Feng family is a famous family, moreover, the current head of the Feng family and Yun’er sister’s father were comrades in arms, although retired, but the relationship is still there.”

“Moreover, the guy who recently appeared next to Yuner’s sister is surnamed Feng, so I suspect that” Tang Da Shao looked at Ye Han without saying the rest of his words, Lin Bo Mo waved his hand and said; “All right, Yuner’s sister is what kind of person you still don’t know? She won’t betray Hanzi.”

“Shit, I didn’t say that either, but the point is that Feng is sticking to Yun’er’s sister every day, like a piece of fucking dog skin, I want to kick him twice.” Tang Da Shao cursed as he drove.

At these words, Ye Han remembered the young man who was following Zhou Yun’er, this person looked like he was from an extraordinary family, if this guy was really from that Feng’s family, then I’m afraid his purpose of appearing next to Zhou Yun’er was not simple, just, why didn’t Zhou Yun’er talk to him about this anymore?

Ye Han sighed in his heart, and a cold aura flashed in his eyes, it seemed that he also had to take some action, what Feng family, Zhou Yun’er was destined to be his woman only, no one would be able to get their hands on her.

When they arrived at the Splendid Hotel, Lin Baimo had already greeted them before, more than a hundred people parked their cars at the entrance of the hotel, the scene was quite spectacular, finally more than a hundred people all came to the party hall on the fifth floor, the drinks were ready, just waiting for the guests to arrive.

At the party, after Ye Han said some polite words, the next thing to do was to drink and chat. The shocking thing was that after drinking more than a hundred glasses in a row, Ye Han did not have any problems at all, which made this group of rich second generation who boasted of their good drinking capacity worship each other.

Not only was Ye Shao’s medical skills and physical prowess amazing, his drinking was also unmatched by anyone.

After drinking with these guys, Ye Han came to sit beside Xie Xuan Yan and the girls, this girl was attending such a party for the first time, she still seemed very formal, but Li Xinran acted very natural, shaking the red wine in her hand and slowly tasting it.

Lin Baimo and Tang Da Shao also came over and sat down, Lin Baimo smiled at Ye Han and said; “Hanzi, the progress in Hangzhou is not bad, and that guy Xu Qing is also very attentive to us, according to the current work process, it should be almost seven or eight months before it is completed, I estimated that by then, our two families can get close to 100 billion net profit, right now in East China, I don’t know how many people envy us. How many people are envious of us.”

Ye Han laughed; “This is naturally a very profitable project, Brother Lin, thank you for your hard work.”

Lin Bo Mo laughed and said, “I’ll do it even if I can make tens of billions of dollars. My old man is now impressed with me and is ready to hand over all the family’s properties to me.

Fortune Chapter 265

After the party, Ye Han sent Li Xinran and Xie Xinyan back to school. After entering the school, Xie Xinyan went back to the dormitory, Li Xinran still wanted to walk around inside the school, so Ye Han could only accompany her for a walk inside the school. It was already ten o'clock now, but couples could still be seen chatting in the playground and under the big trees.

"Ye Han, I didn't expect you to have such great energy in Shanghai City, I had underestimated you." Li Xinran didn't turn around and said while walking, Ye Han laughed; "You didn't ask, I didn't say, so naturally you don't know, but this achievement shouldn't be anything in your eyes, right?"

"Why do you ask that?" Li Xinran turned her head to look at him.

"Intuition." Ye Han shrugged his shoulders, no matter it was that aura that flowed out of this Li Xinran's body without thinking, the inculcation, or the fact that it had made Situ Zhentian repeatedly explain that he should protect Li Xinran and not make a basket, from all these above Ye Han could feel that Li Xinran was not born simple.

Li Xinran said; "No, you have done very well, can see that the group of rich children in Shanghai City are really convinced of you, can do this, few people can compare with you, you have the potential to become a dragon elephant in your body, go for it, look forward to the day when you stand higher."

Ye Han laughed; "You expect so much from me, it seems that I can't let you down as a girlfriend either."

"Who is your girlfriend now? Don't be too thick-skinned, you man." Li Xinran gave Ye Han a white glance, and then walked directly in the direction of the dormitory.

"It was you who said that just now." Looking at Li Xinran's back, Ye Han stood in place and shrugged his shoulders before finally walking in the direction of the dormitory as well, but just as he reached the basketball court, a ball flew towards him and was caught in Ye Han's hand in passing.

"Hey, buddy, please throw the beg over for a bit." On the basketball court, there were five or six cadets playing, one of them shouted at Ye Han, then after Ye Han made a throwing motion, he directly threw the ball outside the line, a perfect parabola was displayed in mid-air, then this ball landed hollow in the net.

With this move, the few trainees who were watching the game were a bit dazed, throwing the ball outside the line and hitting it directly, and that too in such dim light, how did that guy do that?

"Shit, who is this guy? Throwing the ball so accurately." A cadet looked at Ye Han's back and asked, dumbfounded.

"It seems to be that new guy Ye Han, this time Zhu Meng has a rival."

When Ye Han returned to the dormitory, Liu Zhixiong and the three of them had not yet gone to bed, each of them was in high spirits and playing games, looking at this, these three guys would not go to bed until two or three o'clock midnight, Ye Han watched them play the game for a while before he was really not interested and went straight back to his room to cultivate.

After the morning session, Ye Han refused Liu Mang's idea of taking him to see the girls, found Xie Xuan Yan, and after the two of them had a meal put, Ye Han took her to the Tian Long Bodyguard Group.

Last night already talked to Yin Yifei, today take Xie Xuan Yan to report, may be because to interview for work, today Xie Xuan Yan did not dress so simple again, a cheap casual clothes wear in her body, let her have a pure, dynamism emitting flavor, more beautiful, full of ethereal.

“Brother, what are you looking at?” Being gazed at by Ye Han, Xie Xuan Yan, who rarely dressed like this, asked with a little blush.

Ye Han laughed; “My sister is so pretty, so naturally I need to look at her more, I was thinking that if you dress like this every day in the future, the other big school girls in the school will be compared to you.”

“What school flower, I don’t care about those people’s eyes anymore, brother, is it okay for me to dress like this for the interview?” Xie Xinyin asked with some lack of confidence.

“Don’t worry, it’s fine, I’ve got it.” After leaving the school, the two of them stopped a taxi and headed towards the premises of the Tianlong Group, a place Ye Han had been to a few times, just two streets away from Zhou Yun’er’s company, but Ye Han wanted to get bigger, so he rented out the whole building, with nine floors, of course, this was only the current scale, in the future, when the Tianlong Group developed, the size of the company would have to become bigger.

When they arrived at the Tianlong Group, two security guards dressed like special police officers did not stop them, because these two security guards were people from the training ground, and they certainly knew Ye Han, the boss who had given them a new high technology, so these two security guards nodded respectfully.

Ye Han took Xie Xuan Yan to the top floor in the lift, Yin Yifei’s office was on this floor, but at this moment, Yin Yifei was in a meeting with the senior management of the Tian Long Group, and was not in the office.

“Hello, may I ask who you are looking for?” The clerk in charge of the reception asked as she looked at Ye Han and the two people who were walking in.

“I’m looking for Yin Yifei, is she here?” Ye Han said.

“Sir, please wait here for a moment, our president is having a meeting, it will be over in almost ten minutes.” The clerk in charge of the reception was very polite and dedicated, which made Ye Han very satisfied, Yin Yifei was indeed a qualified manager, and Ye Han was very relieved to leave the Tianlong Group in her hands.

Ten minutes later, Yin Yifei has come out of the conference room, wearing high heels, a professional suit she walked while also explaining; “the southern side of the market we must open up, soon our first step is to face the entire south, we want to do is a first-class bodyguard team, the market, service, reputation above must first step to establish up

Looking at Yin Yifei, who walked in high heels and had a strong woman’s style, made Ye Han’s eyes light up, this woman worked, and really had a unique charm.

“President, this is our financial statement for this month, on top of the funds we must invest more vigorously, otherwise it will be difficult to continue in terms of publicity and operation.” A woman handed over a statement to Yin Yifei.

While walking, Yin Yifei looked at the statement and said; "I will handle the funding."

After saying this, Yin Yifei saw Ye Han sitting inside the reception room, because the door of the reception room was made of glass, Ye Han waved his hand at Yin Yifei, and then walked out of the reception room with Xie Xuan Yan, Yin Yifei walked over and smiled; "How does it feel to let you, the boss, be a guest yourself?"

"Not bad." Ye Han shrugged and smiled, of course, he was referring to the service attitude.

"To receive your appreciation, it's not like I did it for nothing." Yin Yifei smiled before she extended her hand towards Ye Han and said; "Take the money, it just so happens that I don't have any money in my hand."

Fortune Chapter 266

"How much do you want?" Ye Han asked.

"Not much, just five hundred million." Yin Yifei opened five fingers and waved them in front of Ye Han's face.

Five hundred million, it wasn't much! The corners of Ye Han's mouth twitched, but since the Tian Long Group had just been founded, Yin Yifei would have to find a way to get her five billion, not to mention asking for five hundred million, even if she asked for five hundred million.

"Come on, five hundred million is already less than I said, according to the current development trend of the company, I still want to ask you for one billion." Seeing the look Ye Han was showing, Yin Yifei said somewhat speechlessly.

"Fine, let's go to your office to talk." Ye Han nodded, he still had six billion in his possession, five billion was not much for him.

When he arrived at Yin Yifei's office, Ye Han introduced Xie Xuan Yan to her and said; "The helper I'm going to introduce to you is her, she's my sister, Xie Xuan Yan, look into making arrangements, maybe she'll become a strong helper for you in the future."

"Sister?" Yin Yifei gave Ye Han an odd look, then laughed; "Looks like I'm doing my best to train her, hello, my name is Yin Yifei, I work for this guy."

Yin Yifei extended her hand to Xie Xuan Yan, the two shook hands, Xie Xuan Yan said; "I'll be troubling Sister Yifei from now on."

"It's alright, we both work for this guy together." Yin Yifei laughed; "I'll take you to the personnel later to fill out your resume, from now on you'll follow me first and be my assistant for the time being, when you're competent in other positions, I'll transfer you there."

Xie Xuan Yan nodded.

Seeing that the two of them had agreed, Ye Han allocated five hundred million to Yin Yifei and left the Tianlong Group after saying a few words, he was relieved that Xie Hanyan would work here in the future, moreover, with Xie Hanyan's ability as a Fudan senior student, she would definitely become one of the pillars of the Tianlong Group in the future.

After leaving the Tianlong Group, Ye Han walked towards Zhou Yun'er's company. The two companies were two streets apart, not far, and it took more than ten minutes to walk there.

But when Ye Han hugged her from behind, she exclaimed; "Don't scream, it's me."

Seeing that Zhou Yun'er was ready to scream, Ye Han hurriedly let her go, otherwise it would be embarrassing if someone rushed in and took him for a nuisance.

Zhou Yun'er gave Ye Han a blank look and said; "Aren't you in school? You didn't even say hello to me before you came."

Ye Han hugged her and sat down on the sofa, then laughed; "I wanted to give you a surprise, didn't I? How about it, did you miss me?"

Hearing his words, Zhou Yun'er's eyes were misty with springiness, her eyes nodded in ecstasy, then the two of them didn't say anything and kissed furiously, but not long after, the sound of the door opening rang out, scaring Zhou Yun'er into pushing Ye Han away, at that moment, a young man walked in with a cup of coffee, this person, was the same person Ye Han had seen inside the restaurant last time.

However, seeing Zhou Yun'er sitting on top of Ye Han, that youth's eyes changed abruptly, it was a murderous look, although it was only for a moment, but it was still felt by Ye Han.

"Yun'er, this is the coffee I made for you, have a taste." The youth put the coffee in his hand on the table, surprisingly he had no intention of going out, and sat down with a smile on his face, Zhou Yun'er left from Ye Han's arms and sat next to him, her pretty face was a little red, Ye Han asked lightly; "Yun'er, is this a new employee of your company? Wouldn't you knock before coming in?"

Zhou Yun'er glanced at Ye Han and said; "His name is Feng Bing, he's"

"He's from the Feng family in the north, right?" Ye Han took over the words for Zhou Yun'er, then took out a cigarette and lit it for himself, his eyes faintly looking at the youth sitting opposite him.

Zhou Yun'er's eyes changed as she held Ye Han's hand and said anxiously; "Ye Han, don't think nonsense, it's not what you think."

Ye Han did not say anything, there was even a coldness emanating from his body, causing Zhou Yun'er's delicate body to tremble and her jade hand to grip Ye Han's large hand even tighter, not knowing what to say.

"I didn't expect you to know about me." Feng Bing looked at Ye Han indifferently and said; "Since you know about me, then you should know that the Zhou family and my Feng family have a baby marriage, and the object of this is none other than me and Yun'er."

"So what?" Ye Han asked indifferently.

"No matter what, how about we play fair?" Feng Bing looked at Ye Han and acted calmly.

Ye Han smiled coldly; "Sorry, with me, you don't have a chance to compete fairly, because Zhou Yun'er is my woman, now and in the future, and as for the doll marriage you are talking about, it is nothing in my opinion."

Hearing Ye Han's domineering words, Zhou Yun'er let out a sigh of relief, she was really afraid that this guy had misunderstood her, in fact, she also had a bitterness.

"You're really domineering!" Feng Bin looked at Ye Han, his eyes slowly narrowing into a line as he said; "I'm afraid this is not something you can say, unless Yun'er's father personally says so, I know that freedom of marriage is now revered, but Yun'er is not married to you, so I have the right to pursue her, you said?"

"I don't think you have that right, as for Yun'er's father's place, I will convince him myself, now you can go, the door is right behind you, we won't see you off." Ye Han said indifferently.

"Let me go?" Feng Bing laughed as he looked at Ye Han and said; "I'm just afraid you don't have the ability to do that yet."

Ye Han said; "So, you want to give it a try?"

"That is exactly what I intend to do." After saying this, Feng Bing's eyes were cold, his hand was like a poisonous snake attacking towards Ye Han's face, as fast as lightning, this Feng Bing was actually a master, which Ye Han had not even seen just now, but Feng Bing was fast, Ye Han was not slow either, their fists and palms collided, there was a snap, then the sofa Feng Bing was sitting on, along with himself, retreated, his face became very ugly, in terms of martial power, he was actually no match for Ye Han.

Although Feng Bing knew that Ye Han was a martial artist, he had never thought that Ye Han would be even more powerful than him.

"Hmph, good stance, one more time." Saying that, Feng Bing attacked once again with a punch towards Ye Han.

"That's enough, Feng Bing." At this time, Zhou Yun'er suddenly stood in front of Ye Han, looking at that Feng Bing's fist that was attacking over, seeing this, Feng Bing had to stop, Zhou Yun'er said indifferently; "Go back to the north, I told you a long time ago, the two of us are impossible, the man I like is him, not you, you don't need to waste your time on me."

At these words, Feng Bing's face looked a little ugly, he looked at Zhou Yun'er and said; "Yun'er, you promised to give me a chance."

Zhou Yun'er said indifferently; "I did promise to give you a chance, but that was to talk to you about the ridiculous marriage that our two families had set up, I didn't say that I would give you the chance to pursue me, there is only one man that I, Zhou Yun'er, like in my life, and his name is Ye Han."

Hearing these words, Feng Bing clenched his fist to death, he originally thought he could woo Zhou Yun'er, but now it seemed he had no hope at all, Zhou Yun'er had been circling him all this time, purely because he wanted to break off that marriage with him.

Fortune Chapter 267

"Ye Han, I will remember you."

Feng Bing gave Ye Han a calm look and walked out of the office, but there was a crazy killing power being released in his seemingly calm eyes, this was a wolf with a strong revenge mentality, but he disguised it well.

Looking at Feng Bing who left, Zhou Yun'er sighed, Ye Han eventually went to the opposite side with Feng Bing, which was the last thing she wanted to see, that's why she had been circling Feng Bing all this time, hoping that she could lift this marriage by herself and not add more enemies to Ye Han, but, in the end, it was not avoided, Ye Han and Feng Bing went to the opposite side.

As the saying goes, what should come, will always come, you can't avoid it if you want to.

"What's wrong, you're not trying to leave that guy behind, are you?" Ye Han held Zhou Yun'er in his arms and gave her a fierce slap on the buttocks.

"You made a fool of yourself." Zhou Yun'er glared at him and said; "This Feng Bing's family has some influence in the north, originally I didn't want to see you guys go to the opposite side, but unfortunately things are not as they should be."

Ye Han said; "I've also learned about the Feng family you mentioned, it's just a commercial family, I'm not even afraid of evil forces like the Blood Hand Hall, would I be afraid of this Feng family?"

"You're thinking too simply." Zhou Yun'er shook her head and said; "If it was just one Feng family I wouldn't be condescending, as far as I know, this Feng Bing has a very powerful righteous father, it seems to be called the Grassland King or something, in short it's very powerful, very few people in the north dare to mess with it."

"Grassland King!" Ye Han's eyes were cold, he had heard of this person, the most powerful and strongest person over in Mongolia, rumor had it that this Grassland King was a god-like existence over in Inner Mongolia, dominating Hebei, Shanxi and Inner Mongolia, and he had thirteen righteous sons under his hand, each of them was very powerful, what Ye Han didn't expect was that this Feng Bing was one of the thirteen righteous sons of the Grassland King, no wonder he was a master.

"It's alright, your husband will hold up when the sky falls, don't think too much about it." Ye Han held Zhou Yun'er's hand and laughed; "But on the future old husband's side it looks like we have to take some time to go for a walk, otherwise, my name as a son-in-law won't be right."

"You only know now." Zhou Yun'er gave this guy a blank look and said; "Let's talk about this after a while, we'll go when the company is on the right track, I can't leave here now."

"Okay, listen to you." Ye Han nodded, then he looked at Zhou Yun'er's hot and delicate body, smiled wickedly and said; "Yun'er, how long has it been since we've been together?"

"Bad egg, what do you want, this is the company now."

"Hey, hey, it's all the same."

But Ye Han still unlocked the office door first, otherwise it would be really embarrassing if another guy came in later who didn't knock.

Three hours later, Ye Han walked out from inside Zhou Yun'er's office, but as soon as he came out, Ye Han met face to face with Mo Shu, the woman was holding documents in her hand, she should have gone to find Zhou Yun'er.

"It took three hours to finish, why don't you go and be a duck." Mo Shu glanced at him with a red face and pushed the door inside the office, in fact she had come several times just now, although the soundproofing of the office was not bad, she still heard that kind of sound.

"I'm going to be a duck, don't you think it's too condescending." Ye Han smiled, then left Zhou Yun'er's company and returned to school, the days passed peacefully for three days, on this day, Ye Han received a call from Zhou Lie, the people of the underground world in East China finally couldn't carry the two behemoths, the Blood Hand Hall and the Heavenly Dignity Society, they had placed the hand of help on Ye Han, so several representative figures came to Shanghai City.

Hanging up the phone, Ye Han smiled and said to himself; "It seems that the battle between the Blood Hand Hall and the Heavenly Dignity Society has become more and more intense, it's not easy for these people to survive in the cracks, it's time for me to get involved."

After leaving the school, Ye Han arrived at Ye's Medical Hall, these representatives were already waiting for him inside the courtyard of the medical hall, accompanied by two people, Zhou Lie and Sun Buwei, Liu Zongyuan was still treating people, he wouldn't ask what he shouldn't ask, for him, medical skills were the most important.

"Mr. Ye."

Inside the courtyard of the medical school, when they saw Ye Han walk in, a total of five people stood up, these five people were in the style of martial artists, they all cupped their fists and shouted at Ye Han, addressing him as 'sir', it could be seen that these people treated Ye Han as their peers, not putting up the stand of elders in the slightest.

These five men represented the five underground powers of Jiangzhe Province, Jianfu Province, Dongshan Province, Hui'an Province and Sujiang Province.

"Oh, everyone, I'm sorry I'm late." Ye Han similarly cupped his fist at these five people, then invited everyone to sit down and asked with a smile; "Several of you are big names in my underground world in Eastern China, with busy affairs, I wonder what you came to my humble abode today to find me for?"

"Mr. Ye, I am Jiangzhe He Yaozong, these four are Jianfu Lin Changshou, Dongshan Bai Master, Hui'an Iron Lady, Sujiang Jiang Fifth Master, the five of us have come here today to ask Mr. Ye to step in and preside over the general situation of my East China underground world." The one who spoke was He Yaozong, the leader of the underground forces in Jiangsu and Zhejiang, around fifty years old, back then, Ah Jun was the number one fierce man under his hand.

On hearing this, Ye Han laughed; "The five leaders are too generous to me, I am only a junior, presiding over the general situation of the East China Underground, I can't afford to carry this heavy responsibility, moreover, the East China Underground has always been controlled by the Blood Hand Hall, if I get involved, wouldn't I be an enemy of the Blood Hand Hall, I am too small, I am afraid I can't carry it."

“Mr. Ye is joking.” He Yaozong said, “Now that the East China Underworld is in chaos, the only person who can stand up and take charge of the situation is you, Mr Ye. At present, the Blood Hand Hall and the Heavenly Dignity Society are killing each other so much that the East China Underworld is in chaos and everyone is in danger. If Mr. Ye comes forward to preside over the big picture, the five of us will definitely stand up for Mr. Ye.”

“Mr. He is right, Mr. Ye, please don’t excuse yourself.” Jianfu Lin Changshou said; “Mr Ye you are young and talented, if you don’t stand up and preside over the big picture, our East China Underworld will only be in chaos, this will not be good for you either, now if you stand up and shout, our East China Underworld will definitely respond in a hundred ways.”

Ye Han laughed; “As far as I know, the Blood Hand Hall and the Heavenly Dignity Society are fighting fiercely, but this is a matter between them, as the saying goes, those who are watching are not afraid of the big trouble, we are just watching the fun, I think it should not affect a few of you, right?”

Fortune Chapter 268

Hearing Ye Han’s words, the five leaders all let out a bitter laugh. At first, they did have the idea of watching the fun, after all, that was a matter between the Blood Hand Hall and the Heavenly Dignity Society, even if they had to choose to take sides, they could first ambiguously and perfunctorily pass by and see which way the wind was blowing.

However, how could they have imagined that Blood Hand Hall would tie them to the same boat and make them contribute to the fight against the Heavenly Dignity Society? Not to mention the consequences of being in the same boat as the Bloodshed and taking on the Heavenly Dignity Society, the point is that it’s none of their business if the Bloodshed is fighting with the Heavenly Dignity Society, so why should they contribute? It is already good enough to pay a lot of money to the Blood Hand Hall every year.

Of course, if it was only the Bloodshed that had such a request, they could have joined forces and refused it, but what was more important was that the Heavenly Dignity Society had the same idea as the Bloodshed when they entered East China. Not only would they suffer losses, but once the fight between the two families was over, those who were on the wrong side would pay the price.

Therefore, they could only set their eyes on Ye Han at the moment, because, as far as the current East China underground world was concerned, the only person who could make Blood Hand Hall and the Heavenly Dignity Society scare was Ye Han.

“Mr. Ye, to be honest, the five of us were forced to find you because we had no choice, the Blood Hand Hall and the Heavenly Dignity Society are fighting, that is a fight between the gods and we mortals are suffering.” He Yaozong let out a bitter smile and continued; “The five of us had already discussed before coming here, if Mr. Ye is willing to step in and preside over the big situation for us, the five of us are willing to take Mr. Ye as our leader in the future, and we can give Mr. Ye a billion dollars a year for his survival.”

One billion per year, five people would be five billion, this was a fortune that moved people, but Ye Han was not moved, he said with a smile; “The five leaders’ proposal is indeed very appealing, but have you thought about it, once I step forward, then I will definitely stand against Blood Hand Hall and Heavenly

Dignity Society, I am not so arrogant that I can challenge both Blood Hand Hall and Heavenly Dignity Society by myself. Moreover, even if I stand out, you all may not be able to escape the fact that you are involved.”

At these words, the five leaders were silent, they had chosen Ye Han because they wanted to take advantage of Ye Han as a big tree to shelter from the storm and not get involved in order to ensure that their own power would not weaken.

Looking at the five leaders who had fallen silent, Ye Han said; “I wonder if the five leaders have ever thought of driving the Heavenly Dignity Society out of East China and returning peace to the underground world of East China? Of course, what I mean by this is not for the five leaders to stand in the same boat with the Blood Hand Hall.”

“I wonder what Mr. Ye means?” The five dragon heads looked at Ye Han one after another.

Ye Han smiled; “It’s very simple, since you want me to step in, then go along with me and drive the Heavenly Dignity Society out, in the future, Huadong will still be your Huadong, moreover, without relying on the big tree of the Blood Hand Hall, you won’t have to pay that so-called survival fee every year in the future.”

“Could it be that Mr. Ye is not moved by the survival fee for a few of our families?”

Ye Han shook his head and said; “I will earn the money myself if I need it, I don’t like trouble this person, my aim is to get rid of the trouble, not for the money, of course, before driving away the Heavenly Dignity Society, I must also make the Blood Hand Hall hurt a little, if you all really want me to step in, this is my request, counting this can’t be a loss for you all. ”

At these words, the five dragon heads were indeed somewhat moved, not to attach to the Blood Hand Hall and switch to Ye Han’s side, then, even if the Blood Hand Hall still remained in the end, they would not dare to do anything to them, more importantly, switching to Ye Han’s side did not require them to pay an annual survival fee, they would still be the dragon heads everywhere and dominate one side, you know, one billion per year, this was a lot of money for the five dragon heads, they had already been Blood Hand Hall had exploited them hard enough.

By switching to Ye Han’s side, all they had to do was to drive away the Heavenly Dignity Society, although this would offend the Heavenly Dignity Society, they didn’t have to worry too much with Ye Han backing them up.

“Good, if Mr Ye is willing to step in, I, He Yaozong, will agree to your terms.” He Yaozong was the first to nod, he knew clearly which was more important, switching to Ye Han, although there were risks, the benefits outweighed the disadvantages, moreover, Ye Han was indeed a potential stock, one could make an investment in him.

“Since Mr. He has nodded his head, then the four of us have nothing more to say, Mr. Ye is already being benevolent by agreeing to come out and waiving our survival fee, the four of us agree to your terms, Mr. Ye.” Jianfu Lin Changshou and the four of them looked at each other and nodded their heads.

“Oh, in that case, here I will celebrate our alliance first with tea instead of wine.” Ye Han smiled, and then added; “But I’ll say something ugly beforehand, if you all violate the alliance and contribute without any help, don’t blame me for stabbing you in the back.”

He Yaozong said in a cold voice; “Please rest assured, Mr. Ye, we have common interests, whoever dares to do one thing on the surface and another behind the scenes to harm our common interests, I, He Yaozong, will be the first to not let him go.”

“Oh, that’s very good.”

After saying that, everyone drank the tea in their hands, the five leaders looked at Ye Han and had to feel a sigh of relief in their hearts, although this young man in front of them was still young, he was still calm and sophisticated, and was too smart, since they came here, the conversations between them were actually being led by Ye Han’s nose, and in the end, they even tempted them with powerful benefits, so that they had to be tied together with Ye Han with one heart.

Of course, they could only choose Ye Han now, there was no other way, what’s more, choosing Ye Han not only exempted them from the annual survival fee, even afterwards Blood Hand Hall did not dare to settle the score with them, because now they were not marked with the three words ‘Blood Hand Hall’, but ‘Ye Han ‘ These two words.

“Mr. Ye, since we have formed an alliance with you as the leader, I wonder when Mr. Ye will show his face, the people under our hands are now all admirers of you.” He Yaozong said with a smile.

Ye Han smiled; “You guys will arrange this, if there is no conflict in time, I can show up anytime.”

“OK, then let’s get together in Hangzhou on the 15th of this month, so that everyone in the Dao knows that we have now followed Mister.” This arrangement had actually been discussed by the five of them, He Yaozong, before they came.

“That’s fine.” Ye Han nodded his head.

After everything was agreed, the five leaders all left with peace of mind, with Ye Han as their backer, even if the Blood Hand Hall and the Heavenly Dignity Society pressed them, they would have the strength to refuse, because what they had on their bodies was Ye Han’s logo, moving them would be equivalent to slapping Ye Han’s face, right now at this time, whether it was the Blood Hand Hall or the Heavenly Dignity Society they did not want to provoke Ye Han as an enemy.

Fortune Chapter 269

“Hanzi, these five guys are personally looking for us and have already made a deal, so it seems like it’s time for us to step in.”

After the five leaders had left, Zhou Lie said with a smile.

Ye Han smiled; “The time has indeed come, but I still want to wait a bit, by the way, what level of friction has the Heavenly Dignity Society and the Blood Hand Hall reached?”

“The Second Heavenly King and the Second General are seriously injured, moreover, the Blood Hand Hall’s Earth Fury Group has also suffered heavy losses, as has the power under the Second Heavenly King’s hand, right now the only thing that really scares people about the Blood Hand Hall and the

Heavenly Dignity Society is the power under the First Heavenly King's hand, as well as the First General and the Heavenly Fury Group." Sun Buwei said as he analyzed the situation.

"It's not enough." Ye Han said; "I have to make both the Blood Hand Hall and the Heavenly Dignity Society's losses powerful enough to break their bones before it's time for me to strike, although the five leaders are each dominant, the power under their hands may not be able to shake the Heavenly Dignity Society's power in East China even if they are united, it seems that after I go to Hangzhou, I have to add a fire to the Blood Hand Hall and the Heavenly Dignity Society before I can do so."

"Hanzi, don't you really feel moved by what those five guys just said about the survival fee?" Zhou Lie asked curiously.

Ye Han laughed; "I am naturally moved, but don't look at these five guys who have defected to me, if you want them to really contribute, the only way to do so is to give them something sweet, so that they can profit from me, with a common interest, I think these guys will not make small moves in the dark, let them help me drive out the Heavenly Dignity Society, that is to say, they are contributing their efforts, but also fold a large economic The source of the money is the Bloodshed, so why not? What's more, I'll dominate East China in the future before these guys will genuinely obey me, compared to that, those survival fees are not worth mentioning."

It was because Blood Hand Hall had gone too far, so now that they were facing a crisis, these guys were sweeping the snow from their own doors and not choosing to help Blood Hand Hall, what Ye Han wanted to do was to make these guys truly convinced, in the future if he faced a crisis, these guys would never switch to others as they did today, because then, if they switched to others, they would inevitably be exploited, but Ye Han would not, we all had common interests.

"Makes sense." Zhou Lie nodded his head.

"Right, recall Silly Ben from Tengchong in the next few days, going to Hang Cheng without him won't work." Ye Han said, it had been a month since Silly Ben had gone over to Tengchong, killing inside that forest for a month, Ye Han was eager to see what changes this guy had after he returned.

After sitting in the medical hall for a while, there were no some illnesses that Liu Zongyuan could not take down, Ye Han returned to the villa, went to school these days he did not come back, today Ye Qing did not go to the medical hall to help, in fact if Ye Han did not go, she usually did not go to the medical hall, and Zhao Youyou stay at home in peace, sometimes also go to Yan Lingjiao's villa to sit, since the gunshot wound, Yan Lingjiao was granted a long leave by the bureau, although now the wound is healed, Yan Lingjiao was granted a long leave by the bureau. Although she has now recovered from her injuries, Yan Lingjiao has not gone to work either.

When Ye Han returned, Ye Qing was naturally busy making him a delicious meal. In her own words, Ye Han had lost weight after going to school for the past few days, and Ye Han would not return to school today, so she let Ye Qing and Zhao Youyou busy themselves in the kitchen.

After going around the villa, Ye Han did not find the scruffy old man, at this time Little Qingcheng had already finished school, could it be that the old man had secretly taken her somewhere to cultivate?

But it didn't take long for Little Qingcheng to return, covered in sweat, and Raggedy Old Dao followed her while drinking wine, as if he had pinpointed the right time to eat, that drunken look made Ye Han worry that this old man would not make a mistake when teaching Little Qingcheng.

"Yah! Brother, you're back." When little Qingcheng entered the villa and saw Ye Han, she immediately jumped onto his body, still like to cling to him like that. Ye Han patted her head and said; "You girl, where did you go to play, you're covered in stinky sweat, go wash up, it's time to eat later."

"Brother, I can't wash some parts, why don't you help me?" Little Qingcheng blinked her big eyes and said with a cunning face.

Ye Han's face was dark, this girl was now far bigger than her peers, considered a small adult, he gave her a bath, as if she was a three or four year old girl herself, how could this work?

"You nee-san, you are teasing your brother again, come on, Sister Yoyo will help you wash." Zhao Youyou walked out from the kitchen and pulled little Qingcheng towards the stairs.

"Humph, I'm not teasing my brother, I've taken the initiative like this, it's just that my brother has a colored heart and no guts." The little girl hummed as she followed Zhao Youyou upstairs, Ye Han was too lazy to listen to this girl's words, he looked at the scruffy old dao and said; "Old man, what tactics did you use? This girl's body has changed quite a lot inside."

When he was holding Little Qingcheng just now, Ye Han could feel a power inside her that was similar to a martial artist's cultivation, but it wasn't exactly the same, in terms of breath, it was more like the power of that black dragon inside her.

"You don't understand even if I tell you kid, why worry about it blindly, I'll temper this girl, you can relax a hundred times." The scruffy old dao took a sip of wine, he suddenly looked at Ye Han and said; "Kid, have you been having peachy luck lately?"

Hearing this, Ye Han's heart jumped, this old man was quite accurate, he even knew this, he just happened to have sex with a virgin a few days ago in a confused manner.

But Ye Han would not admit it, he shook his head no.

The scruffy old Taoist gave him a disdainful look and said; "It's useless for you to lie, if I didn't even have this ability, wouldn't I have lived all these years in vain?" A warning to you, although peach blossom luck is good, if you don't handle it well, it may turn out to be your destiny."

After spending the night at home, Ye Han returned to school the next morning, but just as Ye Han returned to school, Liu Mang hurriedly approached him.

"Ye Han, where did you kid run off to yesterday, that guy from Zhu Meng has put out the word that he wants to challenge you." Looking at Liu Mang who ran over with a sweaty head, Ye Han asked in confusion; "Who is Zhu Meng? Why does he want to challenge me?"

"Shit, Zhu Meng is one of our school's three masters, but this guy is just pretty good at brute strength and plays basketball quite beautifully, known as the dunking maniac, he naturally challenged you to a basketball match with you, and I don't know what kind of wind this guy has, he actually wants to compete with you in basketball." Liu Mang also said with a puzzled face.

“A basketball match.” Ye Han said; “It seems like I haven’t shown any basketball skills, right, this Zhu Meng is known as a dunking maniac, shouldn’t he challenge me?”

“I wonder about that too.” Liu Mang scratched his head and said; “But this guy has already let the word out, now the whole school knows about it, everyone is waiting to see you and Zhu Meng face off in basketball, Ye Han, you can’t concede.”

“I don’t have those two words in my dictionary, when is this Zhu Meng asking me to challenge?” Ye Han asked.

Liu Mang said; “Just this afternoon, it just so happens that we don’t have classes in the afternoon, there will be a lot of people coming to see you and Zhu Meng face off then.”

Fortune Chapter 270

Ye Han looked at his watch, it was only ten in the morning, there were still a few hours before the afternoon, basketball was something that Ye Han had played before when he was in junior high school, but it was only a hobby, his level was not even average, all these years running around, he had not touched basketball at all.

Of course, if someone wanted to challenge him, Ye Han was not the kind of person who dared not answer the challenge, basketball was just a game, with his current strength, it should not be difficult to play this thing.

“Let’s go, let’s go to class first, we’ll talk about playing basketball this afternoon.” Ye Han said as he walked.

Liu Mang followed him and said; “By the way, let me tell you something, this guy Wu Tianxu dropped out of school.”

“Quit school?” Ye Han was a bit surprised, did this guy get stepped on once and run away?

“Don’t you kid know?” Liu Mang gave him a contemptuous look and said; “I heard that Wu Tianxu dropped out of school because of you, is there any other exciting collision between you two secretly? Tell me about it, this guy Wu Tianxu took the initiative to drop out of school, which caused a stir in the school.”

“There’s nothing to say, just drop out.” Ye Han did not want to talk much on this topic, what happened outside last time, it was normal that the school did not know about it, and Ye Han would not show off with this matter, it was not his character.

The two of them came to the classroom, beside Li Xinran, that seat seemed to be empty every time, so it was natural for Ye Han to sit beside her, Liu Mang still ran in the last row to take a big nap. But just as he sat down, Ye Han felt many pairs of eyes inside the classroom falling on him.

Among them, there was curiosity, anticipation and even more jealousy.

“This Ye Han has gone back to school, so it seems that this thing of Zhu Meng and him competing in basketball this afternoon should go on normally.”

"I think so, but this new guy Ye Han really has some ability, he came in the first year and stepped on the Taekwondo club gang strongly, and I heard that Wu Tianxu's withdrawal from school is also related to him, maybe this guy has a lot of energy behind him, I think he's probably a rich family's son too."

"You guys said Zhu Meng asked him to challenge him to a basketball game, can this Ye Han beat Zhu Meng? Zhu Meng is known as the dunking maniac, I heard that people from the basketball association have come to recruit him, this guy is a real dunking maniac, after a game, basically half of the goals are scored by him, no one can beat him."

"I don't know, this Ye Han is new to our school, and I haven't heard that he's good at basketball, he just has some fierce hands."

"Forget it, it's useless to discuss this now, let's go and see for ourselves on the court in the afternoon and we'll know."

Ye Han didn't care too much about the whispering voices around him, a basketball game wasn't a fight with any expert, and these school tricks couldn't interest him much.

"You know how to play basketball?" Li Xinran asked Ye Han while reading a book.

Hearing her words, Ye Han laughed; "Not really, I played when I was in junior high school, but I haven't touched it for many years now."

Li Xinran said; "So you are sure to lose this basketball game?"

"You think so?" Ye Han looked at her and asked rhetorically.

"I don't know." Li Xinran replied three words very dryly, then continued; "Actually, I'm quite interested in basketball, the sport helps one's speed, endurance, bounce, reaction and explosive power to improve all round, it's a pity that I'm a woman, otherwise I would take up basketball as a professional hobby."

"Then, you can go and have a look later." Ye Han laughed; "I haven't touched basketball for years, and I don't know if my hands are rusty."

"Want me to go and watch you lose?" Li Xinran gave Ye Han a sly look.

Ye Han shrugged his shoulders; "That's not necessarily true."

While the two were talking, Wang Xiaoxiao walked in with her textbook, the class had now started, the students inside the class were basically listening to her lecture seriously, except for people like Ye Han and Liu Mang of course, although Wang Xiaoxiao was good looking, what she was talking about, Ye Han couldn't understand at all, so he wasn't much interested, entering Fudan, he was here to protect Li Xinran, not to He had come to study.

After the end of the lesson, Ye Han invited Li Xinran to have dinner with him, and she did not refuse, of course, there was also Liu Mang with them.

In the basketball court, there were six or seven tall students in jerseys playing basketball, three-pointers, two-pointers, three-step lay-ups, and all kinds of exciting moves in their hands, causing the surrounding students to shout.

But the most colourful and eye-catching was a tall and powerful young man, who was only about two metres tall, with high arched muscles on his arms, full of powerful explosive power.

360-degree turn and dunk, violent dunk, two-handed burst dunk, crossover hand, reverse foul dunk, all kinds of dunking moves were performed in his hands, causing the female cadets around the basketball court to cry out in astonishment.

“He is Zhu Meng, this guy was born to be a master at playing basketball.” Liu Mang looked at the imposing youth on the basketball court who was dunking continuously and said this to Ye Han.

“Quite impressive indeed.” Ye Han nodded his head.

And at this time, quite a few people on the basketball court had already noticed Ye Han and the others coming over.

“Look, that Ye Han is here!” One person exclaimed, and everyone looked, and immediately, on the basketball court, a gaze was fixed on them, and some people even took the initiative to make a path out to allow Ye Han and the others to enter inside the basketball court.

The people playing on the basketball court also noticed that Ye Han and the others had come, and one by one, they all stopped and stared at Ye Han.

Li Xinran and Liu Mang stopped at the edge of the basketball court, while Ye Han strolled inside the basketball court, then he looked at that Zhu Meng and said; “Are you the one who wants to challenge me to a basketball game? I want to know the reason.”

“Not bad, it’s me.” Zhu Meng looked at Ye Han and said with cold eyes; “As for the reason, I heard that you shoot better than me, so, I want to have a match with you, now since you are here, let’s start.”

“OK, how do you want to compete? Single versus single, or a team match?” Ye Han asked.

Zhu Meng said; “It’s too much trouble to form a team, just you and me alone, whichever of us scores the most goals in half an hour will win.”
