Fortune Chapter 301

“Using your body to unleash an attack like a crashing fist, this is not something that an ordinary human Form Yi Fist master can teach.” Looking at the battle that had been forced to stop at the moment, Ye Han looked at the long-haired youth and frowned, this man’s origin should not be simple.

“Zhu Meng, how is it, are you three alright?” Fang Wenyuan was anxious, if Zhu Meng and the three of them failed, then they would lose the friendly match with Jiangzhe University today, although there was still Ye Han not on the field, but he alone could not reverse the situation.

“I’m fine, I just broke my skin, Bingzi and his two bones are broken.” Zhu Meng said with a cold face, his body was stronger than ordinary people, it was nothing serious, but the other two could not, they had to be taken to the hospital immediately.

“That bastard must have pulled a dirty trick just now, otherwise how could Bingzi and the two of them have fallen so badly and even broken their bones.” The other players from Fudan University all looked angry, although on the surface it looked like the long-haired youth from Jiangzhe University hadn’t committed any foul play.

“Let me take a look.” Ye Han walked over at this time and lifted the feet of the two players and looked at them, then said; “The shin bone is broken, they can’t continue on the field next, but it’s not a big deal, there’s no need to rush to the hospital, it’s the same when the competition is over.”

“Student Ye Han, you may have to play next, that player from Jiangzhe University is simply a basketball pervert.” Fang Wenyuan said with a bitter smile on his face, of course, he hadn’t seen Ye Han play against Zhu Meng when he was at Fudan University, otherwise, he would have said that Ye Han was a basketball pervert too.

“That guy is as much of a pervert as you are.” Zhu Meng said with a bitter smile; “I can’t defend him, so he’ll leave it to you if you go on the court later.”

“It’s alright, can you still play?” Ye Han looked at him and asked.

“Yes, I’ll just hold up a bit of skin, it’s fine.” Zhu Meng said as he stood up and patted his chest.

Fang Wenyuan said; “That’s good, later on you two go on the court make sure you defend that player from Jiangzhe University and try to score, Li Bing and the others are injured, we are substituting two players on our side to go up, okay, go.”

Naturally Fudan University did not come to Jiangsu and Zhejiang to play a friendly match with only five players, there were also substitutes down there.

This friendly match lasted for forty minutes and was divided into four quarters of ten minutes each. The next game started and this time, it was Ye Han’s turn to grab the ball with the long-haired youth from Fudan University.

Only to see that after both Ye Han and the long-haired youth had jumped up, Ye Han jumped straight up higher than the long-haired youth and then threw it to Zhu Meng’s them.

“Okay, shoot the ball, shoot the ball” a player from Fudan University caught the basketball thrown by Ye Han, Zhu Meng shouted directly while running, this player dribbled to the three-point line and shot, although it did not go in, but was later caught by Zhu Meng directly to the basketball to a foul. The player missed the shot, but it was caught by Zhu Meng, who scored a foul shot.

“No way, this guy jumped higher than even the flying man Wu Yifeng!” The people of Jiangzhe University were astonished, the long-haired youth, or Wu Yifeng, who was known as the Flying Man inside Jiangzhe University, could jump high and bounce far, but Ye Han actually jumped higher than him.

On the court, Wu Yifeng looked at Ye Han, a cold light flashed in his eyes, Ye Han was not an ordinary person, he also sensed it, at first he thought Ye Han was just an ordinary person, so he did not play his perverted strength, allowing Ye Han to snatch the ball away.

“Interesting, I’ll have a good time with you next.” Wu Yifeng smiled playfully and whirled around the basketball court, catching the basketball passed by JZU, but instead of shooting, he turned around and hooked his finger at Ye Han.

Ye Han didn’t let him down and came directly in front of him making a defensive move, Wu Yifeng looked at Ye Han and smiled; “Playing with them is too unchallenging, let’s have a game of our kind and see who is better.”

Ye Han said indifferently; “Fudan University won’t lose.”

“Hmph, unless you can stop me, otherwise, your Fudan University will lose face today.” Wu Yifeng laughed coldly and immediately began to dribble the ball, using the Seven Star Steps to try to rush past Ye Han’s defence, but Ye Han, who knew the Seven Star Steps, would not let him succeed, as Wu Yifeng’s every movement was under Ye Han’s defence.

Seeing that Wu Yifeng was slow to break through Ye Han’s defence, the people of Jiangzhe University were shocked and at the same time shouted out, cheering for Wu Yifeng, their voices resonating throughout the basketball court.

“Meiqi, don’t shout, that person” seems to be Ye Han?” On the spectator stand, Xiao Yunyan’s beautiful eyes were staring closely at Ye Han, although he was a bit far away, but Ye Han was not wearing a jersey on the court, making him very recognisable.

When Li Meiqi, who was cheering for Wu Yifeng, heard this from Xiao Yunyan, she said with a surprised look on her face; “Yunyan, that’s Ye Han, can’t be, could he be a student of Fudan University? Huh, I didn’t notice until you said so, it’s really this guy yeah, he came to our school to play, no wonder he’s so powerful, even the unbeatable Wu Yifeng has met his opponent like.”

“I don’t think he said he was a student of Fudan University, right?” Xiao Yunyan was puzzled, when he first met Ye Han, Ye Han had said that he wasn’t a student, he was just doing business outside, so how come he appeared inside the basketball team of Fudan University today?

“Oh, never mind, let’s watch them play, I really want to know which one of them is the best, when the game is over, let’s go find Ye Han, this guy doesn’t even contact us when he comes to Hangzhou, he doesn’t treat us as friends, we must give him a good beating later on.” After saying that, Li Meiqi was staring at Ye Han and Wu Yifeng on the pitch, not shouting to cheer them on.

Suddenly, he passed the ball out, since he couldn't get past Ye Han's defence, he let the other players shoot the ball and create opportunities for him.

The moment he passed the basketball out, Wu Yifeng's figure flashed and he quickly ran up and down the basketball court, soon the basketball he had just passed out returned to his hands, this time, Wu Yifeng did not look for Ye Han to compete, but jumped directly outside the three-point line and flew towards the basket with a flying man-like stance, that horrible bounce and explosive power caused the whole court to burst into screams, dunking like this Wu Yifeng obviously. It was not the first time that Wu Yifeng had dunked a basketball like this, winning numerous fans at Jiangsu and Zhejiang University.

However, just as Wu Yifeng flew to the rim and prepared to dunk, a figure jumped up like a trapeze artist in the other direction, and the two arrived at the rim almost simultaneously.

Seeing this, all around the basketball court, even more burst out a burst of screams.

Fortune Chapter 302

Wu Yifeng wanted to dunk the basketball, but Ye Han would not give him the chance.

Seeing that Ye Han had actually stopped the basketball he was about to dunk, Wu Yifeng's eyes were cold and the power in his body burst out, directly trying to smash the basketball towards the rim with great strength.

With a popping sound, the basketball exploded under the impact of their strength, the sound of the air explosion sounded like a small bomb on the basketball court, both of them landed on the ground at the same time, Wu Yifeng's eyes were even colder than just now, he just used his internal energy, not only to dunk the basketball, but also to shake Ye Han out of the basketball, but the strength Ye Han exploded out was not weaker than him in any way, even, vaguely He was even stronger than him.

When they saw the basketball explode under both of them, the whole crowd was shocked.

"Holy shit, it's not true, the basketball exploded, it couldn't have been done with a needle, could it?"

"Roll, Wu Yifeng's explosive power was already very powerful."

"I didn't say Wu Yifeng did it either, it seems like that guy on the Fudan University basketball team is also a basketball pervert like Wu Yifeng."

"Yeah, from the way the two of them fought just now, whether it's explosive power, strength, or technique, the two of them are neck and neck."

"I thought Fudan University was just those few rubbish just now, but it turns out that the real experts haven't taken the court yet."

Inside the basketball court, discussions were going on, with the topic revolving around Ye Han and Wu Yifeng.

On the court, Zhu Meng and the others were also watching the scene with shocked faces, bursting a basketball, they knew from playing basketball all the time that ordinary people could not do that, Zhu Meng's strength was already considered the top among ordinary people, and he could not even do that.

“It’s really only perverts that can deal with perverts.” Zhu Meng grinned and led the Fudan University players off the court, the ball had exploded and it was time to change the ball for the next game. The ball was on their side, he only had to defend Wu Yifeng from taking the ball, Wu Yifeng had no chance to take a shot, and with Zhu Meng around, the people of Jiangzhe University couldn’t defend him from this dunking maniac.

So, with Ye Han’s defence and Zhu Meng’s offense, soon, the score pulled even with Jiangsu and Zhejiang University.

No matter which side served the ball next, Ye Han had only one goal, and that was Wu Yifeng, not letting him have a chance to score, not to mention not letting him have a chance to take the ball. Being pinned down like this by Ye Han, Wu Yifeng had gradually lost his patience, and he who had never met an opponent on the basketball court before was biased to not even have a chance to shoot here in Ye Han, and kept being defended to death.

“Roll!” Wu Yifeng was furious and directly rushed through Ye Han’s defence with brute force, trying to storm up and dunk the ball, but the moment Wu Yifeng’s body rammed into Ye Han’s body, he realised how big the gap was between his strength and Ye Han’s, because under Wu Yifeng’s brute force ramming, Ye Han’s body didn’t move at all, standing like an iron tower.

The referee blew his whistle because this violent charge by Wu Yifeng was already a foul and a penalty shot was to be taken.

The penalty was nothing to Wu Yifeng, but after this collision, he knew that he had underestimated Ye Han, and it was possible that Ye Han was even stronger than him.

The game was still going on, but since Ye Han came on the court, the scene was reversed and it was Jiangzhe University’s turn to not be able to score, under his defence, Wu Yifeng had no chance to score, and the other players of Jiangzhe University could not defend Zhu Meng, so Fudan University scored one after another, pulling the score of Jiangzhe University by a large margin. The coach of Jiangzhe University became just like Fang Wenyuan at the beginning, constantly directing outside the line.

Inside the basketball court, the students of Jiangzhe University saw this big change and their cheering voice had gradually diminished. Wu Yifeng couldn’t break Ye Han’s defense and the other players of Jiangzhe University couldn’t defend Zhu Meng’s dunk, so it was useless to cheer unless Wu Yifeng could beat Ye Han.

“It’s bad, it’s bad, at this rate, we’re going to lose at Jiangsu and Zhejiang University.”

“That guy from Fudan University has already targeted Wu Yifeng, not giving him any chance at all, and our school’s other players can’t defend that big guy from Fudan University from dunking, the game will be over in less than ten minutes.”

The faces of the students at Jiangzhe University were all full of worry, most of their eyes fell on Wu Yifeng, all expecting him to shake off Ye Han and score a goal to boost morale, but while the thoughts were good, the reality was cruel, in terms of strength, how could Wu Yifeng be a match for Ye Han.

“Yun Yan, this guy Ye Han is going to put our school to shame.” Li Meiqi said with a depressed look; “This guy is here to smash the field, no, I must give him a big, big slaughter later, otherwise we’ll lose out too much.”

“Others can suppress Wu Yifeng in terms of strength, what can be done about that.” Xiao Yunyan shook her head, then laughed; “But slaughtering him is a must, last time this guy actually lied to us that he wasn’t a student.”

“Right, he must be slaughtered properly.” Li Meiqi said with a look of approval.

On top of the court, Wu Yifeng’s eyes were already showing killing intent, and his heart was nestled in fire, because no matter where he went, Ye Han would always follow him to wherever he went, leaving him no chance at all.

“I advise you to stay out of my way, or you will be in trouble.” Seeing that Ye Han was following him like a heel, Wu Yifeng looked at Ye Han with cold eyes and actually threatened, Ye Han said indifferently; “This threat of yours is useless to me, if you have the ability, you can pass me, if you can’t, you will only be pressed by me today, let me remind you first, the time is only the last five minutes, you are still ten points short of being able to catch up with us, unless you keep Unless you keep scoring goals, you don’t have a chance.”

“Bastard, give me the ball.” Wu Yifeng took a wrong step to avoid Ye Han, caught the basketball passed to him by his teammates, then jumped up directly, he didn’t care about the shocking world, he jumped directly at the half-court line, and shot inhumanly towards the basketball rack, it didn’t matter if he didn’t win the game today, but he had to score a goal under Ye Han’s defence to save some face, otherwise he wouldn’t have scored a single goal against Ye Han, that would really be It would be a complete and utter disgrace.

Wu Yifeng’s move on the half court line was simply astonishing, was it possible for a human being to do such a shocking move?

But Wu Yifeng really did it, shooting towards the basketball hoop as if he were flying, leaving the surrounding area silent.

However, Wu Yifeng’s move could only doom him to failure once again. In Ye Han’s case, he had no chance of winning, whether in terms of strength or basketball.

Fortune Chapter 303

Wu Yifeng jumped up at the half court line and dunked the basketball, a shocking move that shocked everyone in the basketball court, but just as people were shocked by this, a figure jumped up under the basketball rim, more than two metres above the ground, looking at Wu Yifeng, Ye coldly smiled and directly slapped the basketball in his hand.

Feeling the force from the basketball, Wu Yifeng’s body flew backwards like a lightning strike and landed on the basketball court.

The basketball court erupted into a roar of laughter.

Wu Yifeng's shocking shot still did not go in, and was still fended off by Ye Han. Moreover, in terms of the clash of power, Wu Yifeng was clearly no match for Ye Han, and was suppressed on all fronts.

The people of Jiangzhe University knew that even though Wu Yifeng had exploded with such powerful strength, he still couldn't get past Ye Han, so they were sure to lose because there were still two minutes left before the game ended, but the score difference between Jiangzhe University and Fudan University was still ten points, so how could they turn defeat into victory in these two minutes.

Wu Yifeng was helped up by the players of Jiangzhe University, their eyes were coldly looking at Ye Han, they almost looked like they were going to fight directly, but they lost the game, this was indisputable.

Two minutes later, the friendly match between Jiangzhe University and Fudan University ended, with Fudan University winning by twelve points over Jiangzhe University, causing Zhu Meng and his team to cheer and lift Ye Han up directly on the basketball court.

The ball game ended, only to see Wu Yifeng walking towards Ye Han and the others, his eyes cold as a sharp edge as he looked at Ye Han and said; "If I lose to you today, I will get it back tenfold next time, just you wait."

Ye Han was put down by Zhu Meng and the others, he looked at Wu Yifeng and said; "Losing is not a shame, but losing and making threats with your mouth, you are no better than that, I can see that there should be a Form Yi master behind you, I would like to meet him if I have the chance."

"Hmph, the power behind me is bigger than you can imagine, we will see each other again soon." After saying that, Wu Yifeng turned around and left, Zhu Meng said; "This guy originally I quite admired him, I didn't expect to be someone who can't afford to lose, Ye Han, don't pay attention to him."

"It's alright." Ye Han shook his head, Coach Fang Wenyuan walked over with an excited face and said; "Ye Han, Zhu Meng, you guys did so well today, I will definitely apply for extra credit for you when we get back to school."

Zhu Meng said with a bitter smile; "It was all thanks to Ye Han today, if it wasn't for him blocking that Wu Yifeng, our Fudan University would have lost for sure."

Coach Fang Wenyuan understood this, but no matter how Fudan University won, it was something to be happy about. Afterwards, Coach Fang Wenyuan went to talk to the coach of Jiangzhe University, saying some polite words and praising each other.

Inside the basketball court, the students of Jiangzhe University all gradually left, Jiangzhe University had lost so completely under Wu Yifeng, which really made them very depressed.

"Ye Han"

At this time, a voice that was familiar to Ye Han rang out on the basketball court, following the sound, it turned out to be Xiao Yunyan and Li Meiqi both walking not far away.

"Shit, Ye Han, there are still beautiful women who know you in Jiangzhe University!" When Zhu Meng and the others saw Xiao Yunyan and Li Meiqi walking over, their gazes suddenly became ambiguous, this guy had the big school girl Li in Fudan, and there were still beauties hiding in Jiangsu and Zhejiang

University. Ye Han didn't bother to pay attention to this group of guys who liked to masturbate, walked towards Xiao Yunyan and Li Meiqi and smiled; "Two beauties, it's been a long time."

Li Meiqi looked at Ye Han and grunted unhappily, "Ye Han, you guys didn't even contact us when you came to Hangzhou, Yun Yan and I just agreed that you must treat us to dinner today, and the grade can't be too low."

"Sure, no problem." Ye Han agreed readily, one of the reasons he came to Jiangzhe University was also to meet them.

Li Meiqi added; "So quick, no, this is too cheap, besides treating us to a big meal, you also have to treat us to a good time, today you made us lose the game at Jiangzhe University, just letting you off like that this baby is upset in her heart."

Ye Han shrugged his shoulders and laughed; "That's because your Jiangzhe University is not as skilled as others, okay."

"I don't care, I have to slaughter you hard today anyway"

"Alright, Meiqi." Xiao Yunyan smiled and looked at Ye Han and said; "Ye Han, the basketball game just now was great, I didn't expect you to be good at fighting and playing basketball as well, by the way, are you a student of Fudan University?"

"This is sort of it." Ye Han said sarcastically, he remembered seemingly telling Xiao Yun Yan and the girls that he was not a student last time, of course, at that time Ye Han really wasn't a student of Fudan University either, he entered Fudan University purely for the mission.

Hearing this from him, Xiao Yunyan and Li Meiqi gave him a white look at the same time.

Afterwards, Ye Han greeted Zhu Meng and the others, politely declined the idea of going to a dinner party next, and left Jiangzhe University with Xiao Yunyan and Li Meiqi. After leaving Jiangzhe University, Ye Han also called Xu Qing and the others, asking them to come over for a gathering as well, as Ye Han had already decided to leave Jiangzhe tomorrow, and he had his own business to take care of in Shanghai City.

However, just as Ye Han was taking Xiao Yunyan and the two of them to a high-end hotel in Hangzhou, Zhou Yun'er's call came to his mobile phone. After listening to it, Ye Han realised that Zhou Yun'er's company's stock had come under attack, Zhou Yun'er's company had been listed and was performing well within the stock market, but, surprisingly, an unknown force was maliciously shorting Zhou Yun'er's jewellery company yesterday and the market value had now fallen to more than ten dollars.

Originally, Zhou Yun'er did not want to tell Ye Han about this matter, but someone maliciously shorted the company, and she could only sell as much as the other party threw, and basically all the money in her hands had been trapped, so she could only turn to Ye Han for help.

After hearing this, Ye Han smelled a smell of conspiracy, why did an unknown force attack Zhou Yun'er's company's stock at this time? There must be a problem here, thinking of this, Ye Han said; "Yun'er, don't worry, I'll handle this matter, trust me, you just have to watch, after the problem is solved, you give me a call."

Since Ye Han said he had a solution, Zhou Yun'er agreed to it without hesitation.

Subsequently, Ye Han gave Old John a call, Old John was a divine figure in the stock market, Zhou Yun'er's company was under attack, Ye Han could only turn to him for help at the moment.

On the other side of the phone, when Old John heard Ye Han's request, he readily agreed and promised to help him solve the problem in a day's time.

With Old John's promise, Ye Han was relieved, but who was behind the malicious short-selling of Zhou Yun'er's jewellery company? Could it be a rival in the mall?

Fortune Chapter 304

Old John is an immortal in the stock market, Ye Han is not worried that he cannot even solve this problem, exactly what the situation is, Ye Han will only know when he returns to Shanghai City tomorrow.

In fact, Ye Han's request for help was not a difficult task for Old John at all. He made a phone call and someone from Europe and the United States immediately got involved and found out who was behind it, and the unknown force that maliciously attacked Zhou Yun'er's company was stopped in less than an hour.

In Hangzhou, inside an upscale hotel, while Ye Han and Xiao Yunyan were both chatting, Xu Qing and the four of them came.

"Hanzi, you're in such a good mood today, you've invited Miss Xiao out." Xu Qing came to Ye Han's table and sat down, Wu Yu, Hong Sen and Zhang Xu all greeted each other towards Ye Han as well, respectfully calling him 'Young Ye', they would not call Ye Han 'Hanzi' like Xu Qing did, as the relationship had not developed to that point.

Now they were thoroughly convinced of Ye Han, they were also onlookers at the battle at West Lake and personally witnessed Ye Han defeat Murong Tiandu, the number one young man in the south, with unparalleled strength, who wouldn't admire such a bull!

Ye Han gave a cigarette to each of the four Xu Qing and smiled; "Things are over here in Hangzhou, tomorrow I will return to Shanghai City, so, call all your group of friends out for a get-together, how about that, didn't disturb anything good for you, right?"

"What can they have going on all day and night." Xiao Yunyan took the words over, for Xu Qing and the others, the same official and rich generation in Hangzhou, she knew them best, Xu Qing laughed; "Miss Xiao, you can't say that, after following Hanzi, I'm not the same Xu Qing who used to eat, drink and play, now we are also people with ideals and ambitions, so that we can make outstanding contributions to the development of Hangzhou in the future. "

Ye Han and Xiao Yunyan both gave this guy a look of contempt, this guy can really brag, it's good that he doesn't harm the society, of course, Xu Qing and the others have really changed a lot, they don't do anything like they used to do.

When the food was served, the seven of them ate and chatted, Ye Han then said to Xu Qing; "Xu Qing, you guys are not too young, have you ever thought of doing something really big?"

At that, Xu Qing looked at each other and put down his chopsticks, Xu Qing said; “Hanzi, I have thought about what you said, honestly, I can’t do it if I want to join the family company and work honestly, even if I succeed in starting my own business, it is too unchallenging because of my family’s relationship, so I might as well be a rich second generation in comfort. ”

“It’s good to have this idea.” Ye Han nodded and said; “I have a plan, I don’t know if you want to hear it, if you think it’s feasible, I want to give it to you to do.”

“Really?” As soon as they heard this, Xu Qing’s eyes lit up, since it was Ye Han’s plan, it would definitely be very exciting and challenging.

“Naturally, it’s true.” Ye Han said; “I want to establish a clubhouse in Hangzhou, similar to the kind in the heavenly places in Hangzhou, of course, my aim is not to make money, but to accumulate contacts, the main target is the official and business celebrities, the first step is to face Jiangsu and Zhejiang, and then expand to the whole of East China, I wonder if you are interested in this plan?”

This plan, in fact, Ye Han had this idea after seeing Murong Tiandu’s influence in the business world in the Heavenly World, in the underground world, he could rely on his own force and brains to fight and grab, but the shopping mall was different from the underground world, in terms of connections, they could not be taken by killing and fighting, they had to be operated step by step to build up this network of connections.

Hearing what Ye Han said about this plan, Xu Qing felt as if his body was filling with blood, this plan was too challenging, so he hurriedly nodded and said; “Hanzi, since you trust me, I will definitely help you take this plan down, I won’t let you down.”

Born into a wealthy business family, and having grown up with a good ear, Xu Qing was very good at accumulating contacts and socialising, so Ye Han’s plan made him brighten up and look forward to it at the same time, life, isn’t that what you need to do to make a big splash to make it worthwhile.

“Good, how much start-up capital do you need to establish this clubhouse?” Ye Han asked.

“Five hundred million, whether it’s to set up the clubhouse or to unblock contacts, you need to drop money on this.” Xu Qing said calmly.

“Success, I will give you five hundred million start-up capital, how exactly to operate has your own decision.” Ye Han patted down the decision, and then said; “In Jiangsu and Zhejiang you can find He Yaozong if you can’t solve anything, he will help you, after the stability of Jiangsu and Zhejiang, Jianfu Province, Hui’an Province, Sujiang Province, Dongshan Province these places are at your disposal, secretly there will be people to help you, but first don’t put your hand reach out to Xijiang, there, it is not yet under our control.”

“I understand.” Xu Qing nodded cautiously, he was moved by Ye Han’s trust in him, but he was also determined to follow Ye Han to do something big. Of course not, he wanted to build a strong network in the south to pave the way for his career in the mall.

Xiao Yunyin chewed slowly at the side, quietly listening to the conversation between Ye Han and Xu Qing, from the conversation, she could feel that Ye Han’s ambition was great, the entire East China official and business contacts in his hands, that was definitely an invisible and huge fortune.

“How about I introduce a talent to you?” Xiao Yunyan put down her chopsticks, she looked at Ye Han with a faint smile and said in this manner.

Upon hearing this, Ye Han asked; “Talent, what kind of talent?”

“Like a talent like me, for example.” Xiao Yunyin said with a smile.

“You?” Xu Qing laughed; “You are still in school, if Mayor Xiao knew about it, he would have to tear down the clubhouse.”

Xiao Yunyin said; “Who says you can’t go to school and work at the same time, I’m calling it hard work and study to ease the financial burden on my family, how about that, are you welcome?”

“Don’t ask me, the big boss is sitting next to you.” Xu Qing shrugged his shoulders.

Ye Han laughed; “If you really think about it I have no problem here, with you, a high achiever from Jiangzhe University, on hand to advise, I think this plan will be implemented faster.”

“In that case, let’s toast to our future.”

The table all raised their glasses and clinked, the establishment of the Jiangzhe Club was only Ye Han’s first step, wherever he went in the future, the connections belonging to the club had to be developed, it wouldn’t do to step on Murong Tiandu all by force, he also had to have strong economic strength to back it up.

Fortune Chapter 305

The Murong family was already the hegemon in the southern underground world, so Murong Tiandu already had a great advantage, on which Ye Han could form his own force to fight against, but right now, the Murong family was not only untouchable in the underground world, Murong Tiandu had emerged from nowhere, and had even built a mountain for the Murong family in the business world.

Therefore, if they wanted to step on Murong Tiandu, they could not rely solely on force, and the business world was also a battlefield for both of them.

In the end, Ye Han gave the clubhouse a name: Tian Long Clubhouse.

The meaning, naturally, was that it belonged to the Heavenly Dragon Group.

At this point, Ye Han’s business in Jiangsu and Zhejiang was truly over, and he returned to Shanghai City. Upon his return, Ye Han immediately asked about the situation of Zhou Yun’er’s company, the stock market war had ended, and this stock market war had made Zhou Yun’er’s company a big profit, and the person behind it, Ye Han also knew from Old John, was the Southern Wu International and a big company called Wen Chao Group.

Among these two, Wu’s International was a director of the Southern Business Alliance and Wen Chao Group was a member of the Southern Business Alliance, and there was definitely Murong Tiandu’s shadow behind their move to maliciously short Zhou Yun’er’s company in the stock market.

“Is this guy Murong Tiandu trying to have a little fun with me in the mall?” Knowing the reason, Ye Han let out a laugh as Old John said; “Ye, my people have already acquired sixty percent of the shares of the

Wenchao Group, unfortunately the people of Wu International saw the situation and withdrew their capital too quickly, otherwise they would have had to pay something, do you want to sell this sixty percent or use it to take control of the Wenchao Group?"

Ye Han said; "Old John, these are all yours, you haven't even thanked you properly for helping me out, this sixty percent share is yours to deal with."

"NO, NO, NO," Old John shook his head and said; "Ye, my market focus is not in China, it's useless to keep it, it's too bad to sell it to others, I think you should take this 60% share, I have investigated, this Wen Chao Group is doing property investment, the prospect is considerable, continue If you join Wen Chao Group at this time, it will definitely become a big help for your career."

Ye Han was a bit tempted, right now in China, the real estate industry was developing rapidly, and it was indeed a piece of cake that made people's eyes water, and Zhou Yun'er had said before that her future development would also involve the real estate industry.

The key is that he is now short of manpower, and he can't possibly take control of the Wenchao Group by himself.

"Old John, you let me think about it first." This was a matter that Ye Han was prepared to discuss with Zhou Yun'er before talking about it, if Zhou Yun'er agreed, then there would be no problem for him here.

Therefore, after separating from Old John, Ye Han immediately came to Zhou Yun'er's company to discuss the matter with her about the Wenchao Group. After hearing Ye Han finish, Zhou Yun'er said excitedly; "If we hold sixty percent of the shares of the Wenchao Group in our hands, this is a big piece of cake falling from the sky for us! We can't afford not to chew it."

"The key is that we simply don't have anyone on our hands right now to use." Ye Han stretched out his hands.

"Who said there was no one." Zhou Yun'er gave Ye Han a blank look, then said seemingly carelessly; "I heard that you had adopted a sister at Fudan University and got her inside the Tianlong Group, right?"

"There is such a thing." Looking at Zhou Yun'er's eyes that were calm but with danger signals, Ye Han answered honestly.

"Hmph, I don't think it's as simple as a god-sister." Zhou Yun'er coldly snorted, seeing this, Ye Han hurriedly said; "Yun'er, you misunderstood, it's really as simple as a sister, nothing else"

Looking at Ye Han's anxious explanation, Zhou Yun'er snorted a laugh and said; "Just kidding, look how anxious you are, I inspected the Tian Long Group last time, that sister of yours is an amazing talent, only entered the Tian Long Group a few days ago, the talent shown is simply on par with Yin Yifei, you guy's vision is really good, just recognizing a sister is a priceless piece of treasure."

"Yun'er, could it be that you mean you want Hanyan to take the helm of the Wen Chao Group?" Ye Han asked.

Zhou Yun'er said; "That's right, with her ability she is perfectly capable, but we still need to find some management type people to help her, otherwise it will be difficult for her to support herself when she suddenly goes to an unfamiliar environment."

Ye Han said; "This girl is still in school now, will this delay her studies?"

"It's fine, let's just say hello to the Fudan University side when the time comes." After Zhou Yun'er finished speaking, she suddenly added; "Speaking of Fudan University I have an idea, what do you think about recruiting a group of highly talented students at Fudan University?"

Upon hearing this, Ye Han's eyes lit up, Fudan University was full of talented people, there were all types of people, it was completely an all-round talent market.

"Hey, Yun'er, you're still smart enough, I'll take care of this, I'll keep recruiting a large number of talents over for you." Ye Han grinned, then looked at Zhou Yun'er and said lecherously; "Yun'er, you see we haven't seen each other for some days, why don't we go find a room and rest?"

"Get lost!" Three hours later, Ye Han walked out of Zhou Yun'er's office, but this time he met up with Mo Shu again.

"Sister-in-law Tang, it's been a long time!" Ye Han greeted Mo Shu without a red face.

"Rascal, pervert, can you do things differently next time?" Mo Shu despised Ye Han and directly pushed the door and walked in.

Ye Han shrugged his shoulders and then left the company to head to Fudan University, ready to recruit talents.

"Ye Han, where have you been these past few days, teacher Wang Xiaoxiao has named you several times and said that he will deduct your credits" After Ye Han arrived at school, this guy Liu Mang pestered him with a lot of gibberish, Ye Han didn't have the heart to listen to him right now The company's main goal was to get the company to do its job.

"Recruiting?" Liu Mang looked at him blankly and said; "What kind of people do you want to recruit? By the way, where did you get this recruitment card?"

Of course, Ye Han brought it from Zhou Yun'er's company, since he was recruiting people, of course he needed a recruitment sign. The two of them moved a table and hung the sign directly under the shade of the playground, so that students coming and going could see it, some people who saw it would stop and pay attention to it, and would even ask about the authenticity of Ye Han's recruitment.

Fortune Chapter 306

"Come and have a look, the Dragon Group is recruiting talents, once hired, millions of annual salary, no deception!"

"Come and have a look, don't miss it, don't miss the chance, millions of annual salary"

The main purpose of this guy is to hook up with his sister, as long as a girl comes over and asks, he will take the opportunity to strike up a conversation.

“Student Ye Han, is your recruitment here true please? Does it really pay a million a year?”

“Yes, classmate Ye Han, it’s not a scam, is it?”

“Ye Han, can I have your phone number?”

“Student Ye Han, can I treat you to a movie in the evening?”

Looking at these female students who had gathered around him, Ye Han said patiently; “Ladies and sisters, first of all, the recruitment here is real, but I am only taking the preliminary test here, there will be a retest later on, if all of them pass the annual salary of a million, it is definitely not a dream, as for watching a movie or something, sorry, I am very busy right now and don’t have time.”

“Hey, ladies, Ye Han doesn’t have time, I do, why don’t you guys consider me?” Liu Mang looked at the female trainees surrounding him and grinned.

“Che” The female cadets despised him one after another.

“Can I interview for this position please?” At this time, only a tall and beautiful woman walked over, Ye Han looked up and immediately smiled; “So it’s Miss Zhang, of course you can.”

Zhang Yuemeng sat down on the seat in front of Ye Han, then she looked at Ye Han and smiled; “Senior, may I ask what type of talents your company is looking for? Management, finance, engineering, consultancy?”

Zhang Yuemeng asked several questions in a row, and Ye Han said somewhat awkwardly; “I think we should recruit all of them.”

Exactly what kind of talents to recruit, in fact, Ye Han did not know, anyway, there was still the hurdle of Zhou Yun’er and the girls behind, so Ye Han did not bother to ask carefully.

Hearing Ye Han’s uncertain answer, Zhang Yuemeng was a little amused, this guy didn’t even know what kind of people he was going to recruit, and he actually put up the signboard right here.

Zhang Yuemeng laughed; “You guy, if a professional talent comes over and asks you, won’t you lose face, how about this, you tell me about your company, I’ll recruit someone for you.”

Being said so by Zhang Yemeng, Ye Han couldn’t wait for someone to help him, so he told him about Wen Chao Group, after hearing Ye Han finish, Zhang Yemeng said; “According to what you mentioned, the three areas of management, engineering and consultancy all have to recruit people, as for finance there is no need to look for it, I can be fully competent myself.”

“Okay, then I’ll trouble senior sister.” Ye Han moved his buttocks and gave up his position to Zhang Yemeng, with Zhang Yemeng recruiting talent for him, he himself comfortably became a spectator, I have to say, Zhang Yemeng was much better than Ye Han, some students who came to the interview asked a few questions and left them speechless.

The news that Ye Han and Zhang Yemeng were recruiting in the playground soon spread through the school, and people who knew about it came here in droves, but of course, the million annual salary was one of the main reasons that attracted people.

Looking at more and more people coming here, Ye Han was happy, the large Fudan University definitely has talent, of course, Ye Han needs the elite of the elite.

“So happy, did you meet something good?” Li Xinran took her books and came to sit next to Ye Han, reading while asking, Ye Han looked at her and laughed; “You’re here, shouldn’t I be happy?”

Li Xinran loved reading books, basically every time Ye Han saw her, her hands had never left the books, probably the kind of cultural inculcation in her was cultivated in this way.

Li Xinran said; “So, you are eager to see me?”

“A little.” Ye Han smiled; “How have you been spending the last few days inside the school?”

“Calm, carefree, worry-free, and generally speaking, not bad.” Li Xinran closed her book, stood up and said; “Let’s take a walk together, it’s too noisy here.”

Ye Han nodded and followed Li Xinran out of the place, Zhang Yue Meng noticed Ye Han and Li Xinran leaving together, she skimmed her lips, this guy asked himself to recruit for him, and he ran off to pick up girls by himself, so not a thing.

Walking on the school path, Li Xinran opened her hands and took a deep breath of the air here, then said with an intoxicated face; “I’m going to enjoy the air here, maybe I won’t be able to feel it tomorrow.”

“Why do you say that?” Looking at Li Xinran’s wonderful body, Ye Han asked.

“Because I’m leaving.” Li Xinran said; “I’ve already learned what I came here to learn, it’s a waste of time to stay on, while I’m young, I want to walk around a bit.”

“Leave, isn’t it a month?” Ye Han said with some confusion, when Situ Zhentian had asked him to protect Li Xinran for a month, a month before Li Xinran would leave, it was not even twenty days since he arrived at Fudan University.

“How do you know it’s a month?” Li Xinran’s beautiful eyes gazed at Ye Han, looking a bit strange, as if she wanted to see something from Ye Han’s face.

“No, no.....” Ye Han smiled sarcastically and asked; “When will you leave?”

“Now.” Li Xinran replied dryly.

“So soon!” Ye Han frowned, he had just returned to school Li Xinran was actually leaving.

Li Xinran shook her head and said; “If I hadn’t waited for you to come back, I might have left a few days ago, well, I’m looking for you today to say goodbye to you as well, remember to give me a call when you have time to go to Xiangjiang in the future, I’m sure we’ll see each other again.”

“I hope so!” Ye Han nodded and watched Li Xinran walk alone towards the end of the road, with Li Xinran leaving, his mission could also be over.

After meeting Li Xinran, although there was not much communication between the two of them, there was a sympathetic tacit understanding between them. Ye Han appreciated Li Xinran’s erudition,

appreciated her lecturing him on those great principles with her textbooks, and appreciated her quiet temperament even more, it was the first time he met a woman like Li Xinran.

Therefore, when Li Xinran left, Ye Han did not feel a trace of happiness, but rather a faint sense of loss clouded his heart.

Fortune Chapter 307

The recruitment went smoothly, three days in a row, and with the help of Zhang Yuemeng's tireless efforts, Ye Han was able to recruit a group of talents at Fudan University, and all of them were carefully selected by Zhang Yuemeng, and there was no moisture in their talents.

Together with Zhang Yuemeng, a total of eight people were recruited this time, three men and five women, and it is worth mentioning that two other school girls from Fudan University were also recruited.

They are called Lin Feixue and Tao Yiran respectively.

Of course, they were not recruited because they were school girls, they were also very smart when it came to business.

"Congratulations, everyone, you have successfully passed the preliminary examination, I believe that Sister Zhang's vision will not be wrong, so you don't have to worry too much about the next retest, as long as your abilities meet the standard, you can join the workforce immediately, as for the school, I will communicate with Principal Zhong, it will not affect your studies." Looking at the recruited group of talents, Ye Han said with a smile like this.

Hearing this from him, the crowd was more at ease, at this time, only to see Lin Feixue smiling at Ye Han; "Senior Ye Han, recruiting the three school girls from our school, aren't you afraid of causing public outrage?"

Tao Yiran also said; "Lin Feixue, you're wrong, Senior Ye Han is a capable person, those who are capable will naturally follow those who are capable, as for public anger, I can understand it as jealousy, so I'll take this position, even if I start from the bottom I'm willing to do it."

"Hmph, tart fox, I'm too lazy to care about you." Lin Feixue coldly snorted and looked at Tao Yiran with an unhappy face, among the several school girls of Fudan University, except for Xie Xuan Yan who never caused any trouble and Li Xinran who had just arrived here, the rest of them were the kind who didn't like each other, so, usually, they fought with each other.

"I'm a slut fox, are you Lin Feixue is pure, there are not eighty, but a hundred boys inside Fudan University that you have hooked up with, and I wonder if someone 'where' is still tight now?" Tao Yiran responded lightly in the past.

"Slutty fox, what are you talking about, that only proves that I, Lin Feixue, have too much charm and those boys can't stand the temptation, but I haven't slept with them."

"That's something, who knows anymore."

Hearing the two of them tussling like this, several other boys including Ye Han instantly sweated furiously, although this woman did not use knives or guns to argue, but this killing power was not weaker than the power of knives and guns in any way.

“Okay, you two should not be arguing every time you meet, if you work together in the future, it will be okay.” Zhang Yuemeng looked at Lin Feixue and Tao Yiran somewhat helplessly, as one of Fudan University’s school flowers, she certainly knew that these high-minded and arrogant girls did not like each other, but, out of school, this kind of temper would have to be changed.

Ye Han also hurriedly said; “Sister Zhang is right, the two sisters should stop arguing so as not to hurt the peace, let’s go, now I will take you to the location of the retest.”

After saying this, Ye Han hurriedly left, afraid that this woman’s war would involve him in it.

On the way to Zhou Yun’er’s company, for convenience, Ye Han still called Principal Zhong over.

“Hey, student Ye Han, why do you have time to call me, an old man, today, by the way, I haven’t thanked you for the basketball team, I’ve heard from coach Fang Wenyuan that if it wasn’t for you, our Fudan University would have to lose face in Jiangsu and Zhejiang University.” On the other side of the phone, Principal Zhong said with a smile.

Ye Han laughed; “Principal Zhong, there is no need to say thank you, I am also a member of Fudan University, by the way, I have recruited some talents inside the school, they may be devoted to their work for a long time, so I want them to graduate smoothly in their studies, I wonder if this will trouble your elder, Principal Zhong?”

Ye Han’s cry of old man made Principal Zhong’s heart very receptive, he said with a smile; “Since you have asked for it, this is naturally no problem, and I also believe in you, there is absolutely nothing wrong for them to go with you, I promise.”

“Hehe, then thanks a lot Principal Zhong, I’ll treat you old man to tea when I have time.”

“Hehe, okay, I’ll put that down for you.”

The two hung up the phone with each other, and not long after, the car stopped in front of Zhou Yun’er’s company gate, Ye Han directly took Zhang Yue Meng and her group of eight people into the personnel department of the office company building, so that Zhou Yun’er and the girls could have a retest.

The process was over in two hours, and none of the eight people, including Zhang Yemeng, were eliminated, so it was clear that Zhang Yemeng’s abilities were indeed very impressive.

Inside Zhou Yun’er’s office, Ye Han was boringly drinking tea, at this moment, Zhou Yun’er walked in, holding a few points of information in her hand, she looked at Ye Han who was sitting on the sofa, she immediately snorted coldly and said; “You are quite capable, ah, one person has recruited such a group of big beauties in, what, do you still want to have a few little mistresses for fun behind my back? ”

Hearing this, Ye Han couldn’t hold back and spit out his tea with a mouthful, coughing twice and said; “Yun’er, in all honesty, how could I possibly have such an idea, these people were all recruited by Sister Zhang for me.”

“Hmph, Sister Zhang, calling her so affectionately, are you trying to find her to take my place.” Zhou Yun’er coldly snorted and said sourly, how could Ye Han not understand that Zhou Yun’er was jealous, he hurriedly patted her on the back; “Yun’er, how could you, who in this world can compare to my Yun’er, you are the daughter-in-law I have chosen, ten thousand gold can’t be replaced.”

“Count on your words.” Zhou Yun’er gave Ye Han a white glance, sat down beside him and said; “That sister Zhang of yours does have some skills, the people she recruited are good, I have already decided, let Xie Xuan Yan take them to Wen Chao Group tomorrow, the sooner the better, things in the market are changing rapidly, the later the better, but you should transfer some people from Tian Long Group to protect them, I am afraid that the people of Wen Chao Group will be in trouble if they mess up. I’m afraid that the people of Wen Chao Group will be in trouble if they mess up then.”

“Okay.” Ye Han said; “Tomorrow I will ask Sun Lao to send some people to follow them.”

The next day, Xie Xuan Yan took Zhang Yuemeng and the girls and left for another battlefield, to fight for Ye Han’s career, she did not have any complaints, on the contrary, she was looking forward to it, she wanted Ye Han to see the kind of joy she felt when she made achievements, her brother had found a broad stage for her, she had to hold up a piece of heaven on this stage.

Of course, along with Xie Hanyan and the girls were five experts of the Peiyuan realm, these five people had progressed the fastest in the Tianlong training ground, and with them there was enough to deal with some things.

On the third day, Ye Han also left Shanghai City and took Silly Ben with him to Tengchong. This time, Ye Han’s main purpose was to attack the Ren Pulse and increase his strength.

Tengchong Airport, when Ye Han and Silly Ben walked out of the airport, Kunsang, who was already waiting outside the airport, immediately came into their sight, and of course, his windy Hummer was also a sight to behold.

Fortune Chapter 308

“Brother Kunsang, how are you doing in Tengchong these days?” In the car, Ye Han asked.

Kun Sang said; “Since you helped us win the bet, our Kun family’s situation is a bit better than before, but these two bastards, the Ruan family and the Ba family, are still not dead to our raw stone veins and are giving us trouble from time to time, I still haven’t settled the score with them for that incident with the killers last time, and now they are getting involved with the horse gang again. ”

Ye Han said; “These two are poisonous tumours, they must be removed as soon as possible, otherwise they might take advantage of your inattention and bite you at some point, let me know if you need any help, the Ruan and Ba families I don’t want them to continue to exist either.”

Kunsang laughed; “Don’t worry, I won’t be polite with you, by the way, you came over this time to prepare to go inside the forest, right?”

“Preparing to go inside there for a few days.” Ye Han thought for a moment and said; “Big brother Kun Sang, you went back and gave Uncle Kun a word, if I help you get rid of the Ruan and Ba families and help you seize the raw stone veins in their hands, how much of the jadeite share can you provide me with?”

The reason why Ye Han wanted to get rid of the Ruan and Ba families was not because he was petty-minded and remembered his previous grudges, but the fact that the Ruan and Ba families remembered the Kun family's raw stone veins made him a bit apprehensive, the entrance to the forest was right next to the Kun family's raw stone veins, if they captured the Kun family's raw stone veins and subsequently discovered the true situation inside the forest, his secret would not be able to be hidden.

At those words, Kun Sang's face was startled, then he said in a deep voice; "Hanzi, you and I are brothers, this matter of jade share is not a loss even if we provide it all to you, so you don't even need to ask about this matter, but if we can remove the Ruan and Ba families, this is indeed a great thing."

Ye Han said; "Fine, you go back and discuss it with Uncle Kun, if you decide to destroy the Ruan and Ba families, you will do it when I come out from inside the forest."

After gathering once at Teng Chong and Kun Sang, Ye Han took Silly Ben to the forest.

When he came to the entrance of the forest, looking at this familiar scene, it also made Ye Han feel emotional, half a year ago when he entered this, he was still a struggling person who was just starting out and did not have the status he has today, but the fact that he could come this far was also closely related to this place, here he met Little Tiger, received the inheritance from the Tong Wei Manifestation Realm, and obtained a divine weapon like the Dragon Spring, it was because of these It was because of these opportunities that he was able to turn a crisis into a success.

Whoosh!

Suddenly, just as Ye Han was standing at the entrance of the forest lamenting, a white light shot out from inside the forest, and then this white light landed directly in Ye Han's arms, babbling twice.

"You little thing is so psychic, you even know I'm here." Ye Han touched the little tiger in his arms, he had not seen this little thing for almost five months, it still looked the same as before, but it seemed to have gained some weight in size, he must have eaten a lot of good food in the forest recently.

The little tiger rubbed against Ye Han's arms, with an ingratiating look.

Seeing this, Ye Han laughed and said; "Alright, don't be a good boy, lead the way ahead and take me to Brother Zhao."

The little tiger was very obedient and left Ye Han's arms in a flash and walked towards the forest, wagging its tail, with Ye Han and Silly Ben following behind it.

At this moment, Zhao Hengtian was like a stern instructor, his eyes were indifferent as he looked at the soldiers who were fighting with those terrifying creatures in various parts of the forest.

Zhao Hengtian had already noticed Ye Han's arrival, only to see his body lengthen and come laughing, saying; "I said why did this little thing suddenly run out of sight, it turned out to be you, the rightful owner, who had arrived."

Ye Han walked over and smiled; "Big brother Zhao, it's been hard for you this time, how is their training going?"

“You brat, why are you so polite with me.” Zhao Hengtian laughed and said; “This can be a natural place to train killing machines, there is only one way to survive, you will see the results of their training later, to be honest, even I am a little surprised myself.”

At that, Ye Han was instantly interested and said; “Even you said that, I really can’t wait to see it.”

“Fine.” Zhao Hengtian nodded his head, then he saw the little tiger’s voice vibrate through the forest, and immediately, the creatures that were fighting with the group of soldiers all around the forest retreated one by one, and soon disappeared without a trace, while the group of soldiers also gathered one by one towards this side, where the little tiger’s voice was the slogan for their gathering.

Ye Han looked at the figures that were gathering around him, and his face revealed a look of shock. As these people gathered over, with Ye Han and the others as the centre, a powerful and disturbing fierce aura came over them, making people feel extremely oppressed, and even their breathing was not smooth.

The fierce aura of these people was even more terrifying than when Silly Ben had just left the place. If these people were to appear in the underground world, they could definitely set off a fierce wind of killing that would scare the enemy.

In less than a minute, all twenty-five of them had gathered together, and Ah Jun was there, his body was covered with hideous wounds, some of them were even bleeding, his clothes were torn like a beggar, but he didn’t even frown. If they had collected their fierce aura, if they were to stand in the street, they would definitely be taken as a group of begging callers.

Ye Han was really satisfied, because all of these twenty-five people had entered the Peiyuan realm, among them, Ah Jun, Gao Hu, Fang Youliang and Qin Bing were the four most powerful, already at the late stage of Peiyuan, not much different from Ye Han.

Seeing this, Ye Han was glad that he had found such a good place, otherwise these twenty-five people would not have been able to grow so fast even if he had the pills in hand.

The twenty-five men were also looking at Ye Han, waiting for Ye Han’s order, they were training here day and night, just to leave here one day and follow Ye Han to the battle.

Ye Han looked at the group of fierce men in front of him and said aloud; “You have not let me down, seeing you all again, you are no longer your weak selves, this proves that my vision was not wrong, you are all a group of worthy talents, from today onwards, you have your own number; the Heavenly Dragon Guards!”

Fortune Chapter 309

Heavenly Dragon Guards!

As soon as those three words were uttered, a rolling aura was released from the group of fierce men, they, today, had their own title, the Heavenly Dragon Guards, a title that gave them a sense of glory and belonging.

“The Heavenly Dragon Guards swear to serve Young Ye to the death!”

Inside the forest, twenty-five people knelt down on one knee with a solemn expression, as if they were looking at Ye Han as if they were looking at God, it was this God-like youth who had given them powers that they had not even dared to imagine before, allowing them to rise above ordinary people and become an existence that people could look up to.

Ye Han said; “Very well, all I need to give you power is your loyalty, the Heavenly Dragon Guard this is just a temporary name for you, because above the Heavenly Dragon Guard, there is the Godly Dragon Guard, I hope that one day you can all change that name and become the supreme Godly Dragon Guard.”

“We will never let Young Ye down!” The Heavenly Dragon Guards roared in unison.

“I believe you will not let me down, it will not be long before it is time for you to leave this place and conquer the underground world, when that day comes, it will be the time for you to blossom into your own glory.” Ye Han looked at the Heavenly Dragon Guards and swept his gaze over four of them; “Ah Jun, Gao Hu, Fang Youliang and Qin Bing, from today onwards, you four are the four Heavenly Dragon Generals, but this is only temporary, in the future when someone overtakes you, you will lose your qualification as Heavenly Dragon Generals.”

“Many thanks to Young Ye, the four of us vow to defend the title of Heavenly Dragon General to the death.”

“I hope so.” Ye Han looked at the four of them and said; “With your current power the four of you are not strong enough to roam the underground world, I hope that the next time I see you, you will be even stronger than you are now, now, continue training.”

After Ye Han finished speaking, led by the four Heavenly Dragon Generals, Ah Jun, Gao Hu, Fang Youliang and Qin Bing, the Heavenly Dragon Guards immediately disappeared into the forest, searching for those horrible creatures and carrying out the slaughter they had been holding on to for months, Younger Ye had said that they were not strong enough now, so they had to continue getting stronger.

Watching the Heavenly Dragon Guards disappear inside the forest, Ye Han took out the pills he had refined during this recent period of time and handed them to Zhao Hengtian and said; “Big Brother Zhao, I have recently refined another batch of pills, these are all given to you, it would be best if I can make all of these people rise to the late stage of Peiyuan in the shortest possible time, at that time, I will be able to perform the reversal technique for them. ”

Zhao Hengtian was moved, if Ye Han performed the reversal method for all of these people and helped them enter the realm of Ren Du, then this power would be enough to sweep any power in the southern underground world, even some ancient martial sects did not have so many experts of the realm of Ren Du inside.

Zhao Hengtian said; “With these pills in your hands, coupled with the hellish training here, I think in less than two months, all of these people can definitely reach your desired goal.”

After seeing these people, this was something that Ye Han himself actually had no doubt about.

However, seeing Zhao Hengtian once again, Ye Han still chose to ask out the doubts in his heart, although this might be Zhao Hengtian’s personal matter, back then, the King of Southwest Zhao

Hengtian, under the oppression of Huo Tianzun as well as the Shouyi Sect with his strength alone could still hold up a piece of heaven in Southwest, it was enough to see how powerful Zhao Hengtian was back then, but, the current Zhao Hengtian was too far from the previous one.

Hearing Ye Han ask about what happened back then, Zhao Hengtian let out a bitter smile and said; “Actually, this is indeed considered my personal matter, but there is nothing I can’t say, you should know that with my ability back then, if I wasn’t the closest person, no one could have drugged me at all.”

“I’ll tell you a story, there were two geniuses in the Shouyi Sect, a man and a woman, the woman was the child of the head of the Shouyi Sect at that time, but they fell in love with each other, everyone thought that they would be a pair in the future, moreover the hope of the Shouyi Sect, but then the male disciple obtained a magical potion recipe, thus attracting the covetousness of everyone in the Shouyi Sect, treating the male disciple as a piece of donkey meat. After much suppression, and having seen the insidiousness of these people, the male disciple was ready to leave the Form of Will and elope with the Master’s children.”

“However, when the master found out about this, he was expelled from the school, but many elders of the school were keen on the elixir and never gave up.”

Thinking of what happened back then, Zhao Hengtian smiled miserably and said; “You should have heard of the name of the poison Seven Day Crispy Bone, right?”

“Seven Day Crispy Bone!”

Ye Han’s brow furrowed, this poison was the same as the Soul Breaking Scatter that Zhou Lie had been poisoned with back then, it was also one of the strange poisons in the world, when poisoned, one would lose all their strength within seven days, their body would be limp and weak, in the end, this poison would consume the poisoned person’s body step by step, causing their body to fade away day by day, turning them into a humanoid dry corpse.

“The poison I was poisoned with back then was this seven-day crispy bone.” Zhao Hengtian said; “If it wasn’t for my profound true qi back then and I used up half of my kung fu to force this poison to the top of my calf, I’m afraid I wouldn’t be alive today.”

After hearing Zhao Hengtian’s words, Ye Han also understood that back then, Zhao Hengtian had been struck by the Seven Days’ Crisp Bone poison, although it had not caused him to lose all his strength, but in order to force the poison from all over his body to his lower legs, it had used up half of his strength, and even now he had not recovered his strength.

Ye Han said; “Brother Zhao, the person who poisoned you back then was your most beloved woman, your senior sister?”

Zhao Hengtian smiled bitterly, nodded and said; “Back then, she disappeared after poisoning me, and I don’t know if she is still alive today?”

“Since she could give up her status as a child of the Sect Head to elope with you for you, it was clear that she was true to you, but why did she suddenly poison you in the end?” Ye Han asked suspiciously.

“All these years, I’ve actually been thinking about this, why did Yue Ru she do this?” Zhao Hengtian’s eyes were confused, being poisoned by the woman he loved the most, he actually didn’t hate her, but he wanted to know the reason, why?

Zhao Hengtian’s story was quite tragic, he was originally one of the most successful geniuses of the Shape of Will Sect, with a great reputation, but because of a pill recipe, he saw clearly the sinister faces of those elders of the Shape of Will Sect, making him forced to leave the Sect and live a life of crisis with the woman he loved the most.

But just when he was at the peak of his life, the woman he loved most betrayed him and gave him a severe poison, causing him, the titular King of the Southwest, to hide in a cramped private rental house for several years, suffering unbearably and living a life like a wastrel. If he hadn’t run into Ye Han, he would only be unable to stand up now.

Fortune Chapter 310

You can’t harm others, but you can’t guard against them!

Zhao Hengtian was poisoned by his beloved woman, and Ye Han didn’t know what to say about this, but who would guard against his beloved woman? If this incident had not happened back then, I am afraid that the southwest would still be under Zhao Hengtian’s rule now.

After arriving at the forest, Ye Han did not stay idle, he once again went to the cave where the spiritual energy was abundant and started to enter into cultivation. This time when he came here, apart from taking a look at the training results of this group of people, the second thing was to open up the Ren Ren.

As Ye Han began to cultivate in the cave, the spiritual qi floating in the air whistled towards him, all of which entered his body and strengthened the spiritual qi in his body.

The Ren and Du veins belonged to the eight veins, so Ye Han started to move the spiritual qi in his body from the four major meridians, namely the Chong, Belt, Yin Stilt and Yin Wei veins, and finally, the spiritual qi reached the Ren vein, where the spiritual qi seemed to be like a flood meeting a river bank, blocking all the circulation paths.

Ye Han concentrated his mind and Qi, and after he found this situation under his internal vision, he moved his mind, and waves of spiritual qi poured out like a tidal wave towards the Ren vein, incessantly.

If he wanted to open up the Ren vein, this was not something that could be done in a few hours in a short period of time, unless of course, Ye Han used the reversal method on himself, but Ye Han would not do that, although it was true that the reversal method was magical and could lead to a quick breakthrough, but less of that process of perception was also an effect on the martial dao, so whether it was impacting the Ren vein or the Governor vein, he would rely on his own strength to complete it.

Just like that, in the blink of an eye, a day and a night had passed since Ye Han had entered inside the cave.

During this day and night, Ye Han had been impacting the Ren vein. Here, he did not have to worry about the depletion of spiritual qi in his body, the constant source of spiritual qi inside the cave was

available for him to absorb, but after a day and night of impacting, Ye Han's Ren vein was no longer as unbreakable as before, and there were signs of loosening.

Ye Han had no intention of stopping, he put all his heart and soul into it, mobilising the spiritual qi in his body to frantically pound the Ren vein again and again.

As if a river had found its outlet, it flowed to all of Ye Han's limbs and bones, and a new and powerful force flowed through his body, and Ye Han's power was now even more powerful than before.

Having broken through the Ren Vein, Ye Han continued to cultivate, it was so hard to come here for once, he needed to cultivate properly and continue to increase the spiritual energy in his body to prepare for the next time he would break through the Governor Vein.

At this moment, Ye Han had not only consolidated his strength after breaking through the Ren Pulse, but the Spiritual Qi in his body was also infinitely close to the level for impacting the Governor's Vein. There were still a lot of things waiting for him outside.

Ye Han left the cave and came to the forest to find Foolish Ben and Zhao Hengtian.

Feeling the aura on Ye Han's body at that moment, Zhao Hengtian laughed and said; "It seems that you have cleared the Ren lineage as you wished, and looking at the aura on your body, I'm afraid that the next time you clear the Du lineage is not far away."

Ye Han smiled; "This is also thanks to the existence of a spirit mine here, otherwise it wouldn't have had this effect, Brother Zhao, I'll bother you with this side of things, after I return this time, I should also head north to Yanjing."

Counting the time, it was already almost the middle of September, only half a month or so before Zhang Shaoyu's wedding, Ye Han was ready to go to Yanjing to attend Zhang Shaoyu's wedding after finishing the matters above his hands.

"Up north." Zhao Hengtian frowned and said; "The north is not like the south, there are many powerful people, you should try to keep a low profile when you go there."

"Don't worry, as long as no one messes with me, I've always been a low-key person." Ye Han was telling the truth, looking at his development history, that time it wasn't because someone had bullied him that he had fought back, he would come to this point today, and it was also forced out by one opponent after another.

After chatting with Zhao Hengtian for a while, Ye Han took Silly Ben out of the forest and headed to downtown Tengchong, on the way to downtown Tengchong Ye Han called Kunsang, a week had passed, Kunsang's side should have already considered whether to strike at the Ruan and Ba families.

"Hanzi, come to my house, my father wants to see you." Inside the phone, Kunsang said this.

Ye Han looked at his watch and said; "Okay, big brother Kunsang, I'll be there in two hours."

Hanging up the phone, Ye Han took Silly Ben and headed directly to the Kun Family, two hours later, Ye Han arrived at the Kun Family, at this time, both Kun Xian, the head of the Kun Family, as well as Kun Sang were there, and were waiting specifically for Ye Han's arrival.

“Uncle Kun, long time no see, how is your health.”

“Hehe, good good, Little Han is here, please have a seat.” Kun Xian stood up and laughed, Ye Han sat down and said; “Uncle Kun, I wonder if you have something in mind when you see me?”

Kun Xian nodded and said; “Xiao Han, if we want to take down the Ruan and Ba families, relying on force would only be a disadvantage, the Ruan and Ba families are deeply rooted in Yunnan and have intricate relationships, both black and white have their own connections, if we move too much, the people who shelter the Ruan and Ba families will not let us go, I came to you to discuss this matter with you. ”

Ye Han laughed; “Uncle Kun must already have an idea in his mind if he’s looking for me, so why don’t you tell us?”

Kun Xian gave Ye Han an appreciative glance and said; “I do have an idea, in recent years, the Ruan and Ba families have been involved in many illegal activities in the export of raw stones, tax evasion is very common, in addition, the Ruan and Ba families are also involved in arms trading with the Golden Triangle, more importantly, these two families are also involved in human trafficking and drug trading with the Ma Gang people in order to make profits. If we can find this evidence, we don’t have to do anything, we can just hand it over to the state, and the state will take care of them, and the umbrella behind the Ruan and Ba families won’t dare to protect them.”

Hearing Kun Xian’s words, Ye Han’s eyes flashed with a full coldness, he had never seen before that the Ruan and Ba families of the four great families in Yunnan were so heartless for the sake of profit, not only engaged in arms and drug trade, but also human trafficking.

“What would it take to find this evidence?” Ye Han asked.

Kun Xian said; “In terms of evidence, we already have a clue, but it’s a bit difficult to get it.”
