Fortune Chapter 321

“Master Ye, I advise you to give up this idea, what Leng Wufei couldn’t even do, do you think you can?”

At the front of the main hall, Master Wufei looked at Ye Han indifferently.

“That’s not for Master Dowager to worry about, I just want to know if I break through the barrier for him, will it count in the end?” Ye Han looked at Emotionless Master Dowager, his eyes rippling. At those words, Master Mother Emotionless fell silent.

“This young man should be the divine doctor that Leng Wufei invited, he is very young, but I just don’t know if he has any real skills?” In the middle of the pavilion, Master Wu I looked at Ye Han above the square and continued; “This person’s qi and blood are thick, he should have already opened up the Ren lineage, to have this kind of strength at such an age, he is indeed considered a rare genius, Xian’er, I think this person’s qualifications can be compared to yours.”

At these words, the young Daoist nun standing behind Master Wu I said; “Master, there are countless geniuses in our ten sects, this person comes from the world, at his age, it is indeed very rare to find someone with such achievements, if placed in our ancient martial arts sects, I am afraid few people can match him, but although he is considered outstanding, Xian’er’s goal is to defeat that worldly youth in the north, who is already a young man at the age of twenty-eight. At the age of twenty-eight, he is already at the level of Little Ren Du. The geniuses of our ancient martial arts schools are being overwhelmed by this man.”

“Huangfu Qitian has taken in a genius!” Thinking of that worldly young genius from the north, Master Wu I could not help but let out a sigh of relief.

“Master-mother, I wonder if you’ve thought about it?” On the square, Ye Han looked at Master Mrs. Wu Mei.

“Ye Han, this is my business, there is no need for you to interfere.” Leng Wufei was bathed in blood, harsh sword wounds covered his whole body, but his eyes were still warlike, as he himself said, if he did not break the barrier, he would only die in battle Leng Wufei.

“Sir, just because you can’t break the Jade Maiden Sword Formation, it doesn’t mean that I can’t break it, the Jade Maiden Sword Formation, in fact, is just like that.” Ye Han smiled lightly, but hearing his words, Master Emotionless was enraged and shouted coldly; “Mouthful of madness, Emei disciples, set up the formation!”

At these words, the Emei disciples, who were also already angry, had already attacked bravely, and the sword formation had been set up, waiting for Ye Han to break through.

In the midst of the sword formation, Ye Han’s eyes remained unchanged, the Dragon Scale Dagger had already appeared in his hand, as for the Dragon Spring Sword being inconvenient to carry, Ye Han had not brought it with him.

“Arrogant person, take the move!”

At her words, the Emei disciples surrounded Ye Han in three layers, like dancing fairies, but these fairies were not for viewing, but for killing. A fly could not even escape their attack.

Facing the Emei disciples coming from all around him, Ye Han did not make a move in the sword formation, but waited for them, as if he was already dumbfounded by the terrifying attacks in the sword formation.

“Hmph, you’re talking out of your ass, it’s good to teach you a lesson, otherwise you’ll really think that my Emei’s Jade Maiden Sword Formation is a trick to fool people.” Looking at Ye Han’s indifferent appearance at this moment, Master Emotionless said in her heart.

“Not good, why hasn’t Ye Han made his move yet?” When Leng Wufei saw this, his eyes gaped and the sword in his hand was already tightly gripped by him, as long as Ye Han had an accident, he would be the first to kill him in the sword formation, Ye Han was the one he brought with him, he naturally would not allow Ye Han to have an accident at Mount Emei.

But just when everyone thought that Ye Han was scared silly by the Jade Lady Sword Formation, the first round of attacks from the Jade Lady Sword Formation approached his body, and almost the next second, a severe sword would fall on his body, it was too late, it was too fast, at this moment Ye Han suddenly moved, only to see the Dragon Scale Dagger in his hand suddenly slashed out in the direction of the north, overbearing.

Seeing Ye Han strike, in an instant, several Emei disciples simultaneously attacked the Dragon Scale Dagger in his hand with their swords, and with the combined strength of several people, even if Ye Han was fierce, he could not resist, not to mention that at this moment, in several other directions around Ye Han, a sword was already close to his body.

With a clash of sharp blades, Ye Han’s body was suddenly jolted back, naturally he alone could not block the combined strike of several Emei disciples, but at the moment of this jolt, when Ye Han’s body was about to be stabbed by Emei disciples in other directions, Ye Han used the force of this jolt to suddenly rise up in the air, his toes pointing out at a succession of swords, his whole body flying higher, losing the target of the attack. As he lost his target, the swords in the hands of the Emei disciples who had initially attacked Ye Han collided with each other under the effect of inertia, causing the entire sword formation to shift slightly as the sounds of gold and iron continued to be heard.

The first attack was dodged by Ye Han, but the second attack from the Emei disciples also arrived. The moment Ye Han took to the air, many Emei disciples appeared in the void around him, and terrifying sword lights came from all directions.

However, at this critical moment, Ye Han’s body suddenly descended like a gust of wind, and his feet stepped on the shoulder of an Emei disciple, then, Ye Han leaned violently, and the Dragon Scale Dagger waved out a burst of terrifying blade light, directly knocking the Emei disciple out.

“Good opportunity!”

Seeing this, Ye Han dropped into the ground and directly rushed towards the third level, the Jade Maiden Sword Formation was divided into three rounds of attacks, the first and second rounds Ye Han had barged through unharmed, now there was only the last round left.

The Emei disciples in the last round saw the run coming, they all chanted, instantly surrounded Ye Han tightly, attacking Ye Han's body from the top, middle and bottom, in Ye Han's surroundings, the sky and ground were filled with sword light running everywhere, endless fierce sword light blasted and killed, at this moment Ye Han had a feeling of no way to heaven, no way to earth.

"Here"

Suddenly, Ye Han's gaze looked towards the two Emei disciples, their attacks seemed to be tightly packed, but in fact, they were tight inside and loose outside, as long as they broke through the two of them, they could break through this third round of attacks, of course, Ye Han was able to find this out, all thanks to the Yin Yang Dharma Eye, in fact, the moment he entered the sword formation, Ye Han had already opened the Yin Yang Eye Method, watching the entire sword formation where there was a breach, where there was a breach, he He would appear there and not fight the Emei disciples head-on.

After finding the third round of breakdowns, Ye Han did not stop and shot towards those two like the wind, then swung out a slash with furious power, this slash, Ye Han had no reservations, although these two Emei disciples were at the same realm as him, neither of them could block this slash of his, and they were bludgeoned out one after another.

The gap was opened, and Ye Han followed this gap and shot out, his entire person, instantly appearing outside the sword formation.

Fortune Chapter 322

On the square, at this moment, Ye Han had already appeared outside the Jade Maiden Sword Formation.

This scene caused the eyes of heaven and earth to become stunned, Leng Wufei had spent close to an hour without breaking through the Jade Maiden Sword Formation, when it was Ye Han's turn to break through, this was only ten minutes before and after, he had actually broken through the Jade Maiden Sword Formation unharmed, without any problems at all, this had to be said to have created a miracle!

At this moment, even Master Emotionless and Master Desireless were both quite shocked, they knew best how powerful the Jade Maiden Sword Formation was, if they couldn't find a way to break the formation, unless they attacked it with the most powerful force, and Ye Han didn't fall into the latter category, then it was him who had found the break in the Jade Maiden Sword Formation, thus breaking through it unharmed.

"What a clever fellow, in such a short period of time, he had actually found the breakage of the Jade Maiden Sword Formation, a wizard!" Master Wu I's eyes lit up and she couldn't help but take two steps forward, her gaze fixed on Ye Han, even the young Daoist nun called Xian'er also walked to the edge of the pavilion looking at the square.

In fact, it was not because of Ye Han's own ability that he was able to find out the breakage of the Jade Maiden Sword Formation, but because he had one of the greatest cheats, the Yin Yang Dharma Eye. The Yin Yang Dharma Eye could not only see through, but at the same time, opening the left and right eyes could also see through a certain object to see a scene that had happened before, and of course, finding the breakage was also one of the effects of the Yin Yang Dharma Eye.

Without the Yin Yang Eye, Ye Han would not have been able to find out the breakage of the Jade Maiden Sword Formation as quickly as he did, even an expert like Leng Wufei was not able to find out the breakage of the Jade Maiden Sword Formation.

The ability brought to Ye Han by the Yin Yang Eye Method was extremely terrifying!

"I'm afraid the word genius is only inadequate to describe him!" Seeing Ye Han break through the Jade Maiden Sword Formation unharmed, Leng Wufei sighed in relief while feeling this in his heart.

Under the gaze of the gazes of Mount Emei, one could only see that at this time Ye Han looked up at Master Emotionless in front of the main hall and said; "Master Emotionless, I have already broken through the Jade Maiden Sword Formation, now it is time for you to honour your promise, Master Emotionless."

On hearing this, Master Wu Emotion said; "I am shocked that you have broken through the Jade Maiden Sword Formation, my Emei Sect has always kept its word, Leng Wu Fei can see Wu Shu, now Master Ye please follow me into the main hall, our Sect Master has an invitation."

Ye Han nodded, he then looked at Leng Wufei and smiled; "Sir, congratulations!"

"It is I who should be thanking you, Ye Han, go ahead, don't worry about me."

Afterwards, Ye Han walked up the steps and arrived at the front of the main hall, at this moment, inside that hall, the Emei Master, Master Wu I, was sitting on the first place belonging to the Master, the style of a school of the Master was displayed in all its glory, that dusty aura was like that of an attained immortal, inside the hall, apart from the Emei Master, Master Wu I, the two Masters, Master Emotionless and Desireless, and that young Taoist nun were also here.

"I, Ye Han, meet Master Dowager." Ye Han said as he arched his hand to Master Mrs. Wu I.

"There is no need to be polite, Master Ye, to be able to break my Emei Jade Maiden Sword Formation, it is evident that Master Ye is a rare and wondrous talent." Master Wu I looked at Ye Han, there was a touch of appreciation in those calm eyes that was hard to conceal, among the secular world, apart from that young man in the north, there was someone who was so gifted that he was more powerful than some of the top geniuses in their ten sects, was the current secular world really a place where talents came from all over the world?

"Master Tai is overly complimentary, it was just a fluke." Ye Han smiled modestly, facing the head of a sect, one of the top powerful in the ancient martial world, Ye Han did not dare to be arrogant in front of her yet.

"Master Ye is humble and polite, it seems that another figure is about to emerge in the secular world that will shake the ancient martial world!" Master Wu I sighed with emotion, in the past, the geniuses of the Ancient Martial World looked down on the geniuses of the Secular World, always believing that it was impossible for a genius to emerge in the Secular World that could rival the Ancient Martial World, but five years ago that young man from the North came out of nowhere, and for a while, he pressed the geniuses of the Ancient Martial World to hold up their heads.

And now, Master Wu Mei found this potential in Ye Han's body as well, not only that, she also sensed a kingly aura in Ye Han's body, with the image of an emperor. It was just that this aura was still in its dormant stage and had not fully exploded out.

Master Wu I looked at Ye Han and continued; "I wonder how old Master Ye is now? Do you have a wife and family?"

At these words, Ye Han was a little embarrassed that this Master Wu Mei was asking about such personal matters, but he still said straightforwardly; "Master Wu Mei, I am under twenty, and although I have not married, I already have someone in mind."

"Less than twenty, and you've already opened up the Ren Chakra!" When they heard Ye Han's words, Master Wu I and the girls were a little shocked, they had thought that Ye Han was already twenty-five or even older, but how could they have expected that Ye Han would be under twenty, but they were not to blame, from the looks of his face, Ye Han was indeed of the more mature looking type.

The young Daoist nun was also very shocked that the young man in front of her was four or five years younger than her, but had the same realm as her.

However, if they were to know that it had taken Ye Han less than a year to cultivate to this point, they were afraid that they would not be as simply shocked.

"There is Nalan in the north, but there is Ye Han in the south!" A heartfelt emotion came out of Master Wu Mei's mouth, and for a moment, the Emotionless Master and the girls were all shocked by this sentence, for Master Wu Mei to say these words proved that she treated Ye Han as a figure who was on par with the Northern Nalan Mian Tian, what a high honor, among the young juniors in the entire South, even Murong Tiandu had not been given such high praise.

What Ye Han did not expect was that Nalan Mietian was so famous among the ten great sects that even Emei Master Wu Mei knew his name.

What Ye Han did not know, however, was that shortly afterwards, this remark by Master Wu Mei spread throughout the entire Ancient Martial World, so much so that everyone in the Ancient Martial World knew that there was a young genius called Ye Han in the Southern Secular World.

In the north there was Nalan, in the south there was Ye Han!

As Ye Han's name spread throughout the Ancient Martial World shortly afterwards, it likewise spread throughout the northern and southern underworlds, and the fact that Master Wu I made such high praise of him had to make people look squarely at this genius who was reputed to be comparable to Nalan Mian Tian.

Although the young Daoist nun was shocked that her own master had such a high opinion of Ye Han, however, she was still very unconvinced in her heart, why should this guy who was even younger than her be able to receive such praise from her master while she was not, knowing that she was one of the top ten geniuses in the Ancient Martial World, and even the number one beauty in the Ancient Martial World, it might not take her more than a few years to break through to the Ren Du realm and become the first genius in the Ancient Martial World.

“It’s a pity that Master Ye already has someone in mind, otherwise I would be willing to set you up in a marriage with my beloved disciple!”

Master Wu I sighed and shook her head.

Hearing her words, Master Emotionless and Master Desireless frowned, their Emei disciples did not talk about marriage, what did Master Sister mean by this?

“Master, who wants you to set me up in marriage.” Beigong Xian’er’s face reddened with shame and anger, what was wrong with Master today? How dare he say such things.

Ye Han glanced at Bei Gong Xian’er as he smiled; “Thank you for your kindness, but I already have someone in mind, and this senior sister is beautiful, her looks are rare in the world, I can’t match her.”

“Forget it, since Master Ye already has someone in mind, it is better not to mention this matter.” Master Wu I said; “Master Ye, I have heard that Master Sister Wu Ei is talking about your excellent medical skills, the reason why you have come to my Emei today is for my poor sister Wu Xiu, I wonder if you are sure?”

Upon hearing this, Ye Han said; “Master-sister, can I see Master Wuyou before answering this question?”

“Of course you can, Master Ye, follow me.” Saying this, Master Wu I left the seat of the Sect Master and walked out of the hall, the two Masteresses, Emotionless and Desireless, followed behind her, Bei Gong Xian’er gave Ye Han a defiant look and similarly left, Ye Han did not mind and followed honestly behind her buttocks, this was someone else’s territory, no matter what, one had to be honest.

A short while later, under the guidance of Master Wu I and the others, Ye Han arrived at a Zen courtyard, only to see that at this moment, in this Zen courtyard, on a wooden wheelchair, sat a beautiful woman with an elegant temperament, although the woman’s face already had some wrinkles, but it could not hide her youthful glamour.

“Senior sister, do you really want to try?” As she watched Master Wuwei and the others arrive, there was not much expectation on Master Wuwei’s face; she knew her own body well, she was only afraid that there was no hope of a cure in this lifetime.

“Senior sister, it’s better to have hope than no hope at all, let Master Ye take a look for you, maybe a miracle will really happen?” Master Wu I said, then she turned to look at Ye Han and said; “Master Ye, thank you.”

“There is no need to be polite, Master Mrs. Wufei invited me here, so naturally I have to do my best.” Saying that, Ye Han went forward and placed his two fingers on Master Wufei’s hand, from his pulse he could feel that the woman in front of him had very weak qi and blood, the flow of blood in her body was very scattered and not as regular as a normal person.

At the same time, Ye Han also opened his Yin Yang Dharma Eye and looked into the body of Mrs. Wu Xiu. After observing her, he found that almost all of her meridians were broken, and after more than 20 years, the broken meridians in her body were already connected to her flesh and blood, and were in disorder.

With these thoughts in mind, Ye Han stood up and said; “The meridians in Master Wuyou’s body are already connected to flesh and blood, if she wants to recover, she can only re-shock the meridians in her body to bring the disordered meridians back to the right track, and then I can do the healing.”

“What, re-shock the meridians? You’re not kidding, right?” After Master Desireless heard Ye Han’s words, she was the first to look uncomfortable, even Master Emotionless did the same, only Master Wuwei looked at Ye Han and said with a slight frown; “Master Ye, are you absolutely sure? You must know that Senior Sister Wuyou’s meridian has already been broken once, if it continues a second time and you cannot cure it, then there will be no hope for her in this life.”

Ye Han said; “Master-sister, do you think that there is still hope for Senior Sister Wuyou in her current state?”

At those words, Master Wufei fell silent, for more than twenty years they had tried all kinds of methods without success, in fact, in the end there was already no hope.

“Since you are the divine doctor that Wufei invited, I can let you give it a try.” Just as Master Wufei and the girls were silent, Master Wufei spoke up, hearing her words, Master Wufei sighed and said nothing, but it was Master Wufei who spoke up; “Master Wufei, have you thought it over? If your meridians are damaged for a second time, then there is really no hope for you in this lifetime.”

“I believe in Wufei.” Senior Sister Wufei said silently.

“Alright, prepare the meditation room so that Master Ye can perform the healing.”

Inside a meditation room, Master Wufei sat cross-legged on the wooden floor, her daoist robe had been taken off and she was only wearing a white profane garment, there were only three people inside the entire meditation room, Ye Han, Master Wufei and Bei Gong Xian’er, the three of them had already retired, leaving Ye Han and Master Wufei alone in a room, naturally they were not too comfortable, so they let Bei Gong Xian’er help out on the side.

Ye Han came and sat down behind Master Wu Xiu Tai as he said; “Master Wu Xiu Tai, are you ready?”

“Thank you for breaking through for Wufei just now, let’s begin.” Ye Han didn’t waste any time and took out the golden needles and inserted them towards Master Wufei’s back. Normally, one would need to be naked to be treated with golden needles, but Master Wufei was a woman, so Ye Han naturally didn’t have such a requirement.

A full twelve golden needles were inserted into Master Wu You’s back, then Ye Han slapped out his palm, the terrifying force directly entered Master Wu You’s body, this palm instantly caused Master Wu You to grunt, her face was pale, she once again felt the pain of her broken meridians.

Seeing Ye Han’s action at this moment, Bei Gong Xian’er was sweating on the side, if Master Wu Xie couldn’t bear it, this palm would not only add to her misery, it might even kill her.

However, after more than twenty years of honing her mind, Master Wu Xie’s endurance was not generally strong, and after a short period of pain, her face recovered and looked as normal.

Ye Han also had some admiration for the woman who had broken her meridians, if it was anyone else, she would have cried out in agony by now. After that, Ye Han did not delay any longer and used the

golden needles to control her injuries at that moment, Ye Han started to mobilise his body's spiritual qi and poured it into her body.

Ye Han's body's spirit energy had strong recovery properties, so it was perfect for renewing the broken meridians in Master Wu Xiu's body.

However, it would not take a short time to renew the broken meridians of Master Wu Xiu's body, as the meridians of the human body included the twelve main meridians and the eight odd meridians, and it would take a long time to do it one by one.

After the aura entered Master Wu Xiu's body, under Ye Han's penetrating vision, he began to renew the first meridian, the Tai Yin Lung meridian.

Under Ye Han's control, he could only see the broken meridians in Master Wu Xiu's body slowly joining together, intertwining with each other and combining closely, while the spiritual qi controlled by Ye Han was repairing it quickly, making the two truly unite.

Fortune Chapter 324

"It's done!"

At this moment, Master Sorrowless was excited, her own body she could certainly feel, after half an hour, the Taiyin Lung Meridian in her body had actually joined together intact, this made her feel a little unbelievable, the broken meridians had actually joined together just like that.

Although she had promised Ye Han to do the healing, Master Wuyou had never had any hope in her heart, she had only let Ye Han do it because he had been invited by Leng Wufei, but now, Ye Han had actually done it!

After renewing one meridian in half an hour, Ye Han's gaze was placed on the next meridian.

Yangming Large Intestine Meridian.

Convulsive Yin Pericardium Meridian.

Shaoyang Sanjiao meridian.

Shao Yin Heart meridian.

.....

It took a whole day and night of work for Ye Han to connect all the broken meridians in Master Wu You's body.

After this was done, a look of exhaustion appeared on his face, the spiritual energy in his body was almost depleted, after removing the golden needles from Master Wu Xiu's body, a bowl of water was handed to him.

"Have a sip of tea." Bei Gong Xian'er said this.

"Thanks!" Ye Han took the bowl and gurgled and poured it all down, he was indeed a little thirsty.

After finishing the tea, Ye Han stood up and said to Master Wuyou; “Master Wuyou, you can now slowly try to stand up and try to see.”

Hearing these words, Master Sorrowless who was in a mixture of surprise at this moment was in a bit of a trance, could she really stand up again? After more than twenty years, she had almost forgotten what it felt like to stand.

But with the help of Bei Gong Xian’er, she finally tried to stand up slowly. Although she was a little unsteady on her feet, she could indeed move her feet slowly with the help of others. Twenty years of living in a wheelchair had resulted in a temporary loss of sensation in Master Wu Xiu’s legs, but of course, after a period of practice, she would return to her normal state.

“I can really stand up!” A tear slowly slipped down from the corner of Master Wu Xiu’s eyes, after more than twenty years, although she seemed to have lost sight of everything, but as long as one is human, who wouldn’t want to be able to live and dance like a normal person, to go wherever they want, without any restrictions.

Seeing this scene, Ye Han quietly walked out, leaving Master Wuwei and Bei Gong Xian’er in the meditation room.

Outside the meditation room, the three of them had not left for a day and a night, and since Ye Han had not come out, they did not dare to go in and disturb them. At this time, seeing Ye Han come out Master Wu I immediately opened her mouth and asked; “Master Ye, I wonder how my senior sister’s condition is?”

“Fortunately, I am not insulted.” Ye Han smiled and said.

At these words, the faces of the three of them, Master Wu I, were overjoyed and hurriedly walked into the meditation room, was their bitter senior sister really well? They desperately wanted to know this.

After healing Master Wuwei, Ye Han had nothing else to do, so he went to the meditation courtyard to sit in meditation and cultivate. A day and a night of renewing Master Wuwei’s meridians had caused too much loss of spiritual energy in his body and he needed to recover.

It was five hours after Ye Han had withdrawn from his cultivation, and it was now midday. On the stone bench in front of him sat the three Master Teachers, Wu I, Wu Emotion and Wu Desire, among these three, what level of strength Master Wu I was Ye Han could not guess, but Master Teachers Wu Emotion and Wu Desire were definitely strong people of the middle Ren Du realm.

“Master Ye, this is our sect’s Spirit Renewal Pill, it can quickly restore the power in your body, take it and tune it up.”

Ye Han did not push back, after accepting the pill, he smiled and said; “Three master masters, I wonder how Master Wuwei is doing now?”

Master Wu I smiled; “She should be viewing the scenery of my Mount Emei with someone right now, and moving her muscles and bones by the way, which will help her to be able to walk normally soon.”

Ye Han nodded, it seemed that Emei had not prevented Leng Wufei and Master Wuwei from meeting, two lovers who had not seen each other for more than twenty years had finally got to meet! He had done a good deed of sorts.

“Master Ye, you are highly skilled in medicine, I have an ungrateful request, I don’t know if I should say it?” Master Wu I looked at Ye Han and said, Ye Han smiled; “Master, but say no harm, as long as I can do it, I will definitely help.”

“Then I would like to thank Master Ye in advance.” Master Wu Mei smiled and said; “My two sisters have some old illnesses due to some accidents in the past, so I hope that Master Ye will help to cure them and save them from pain, my Emei Sect will be grateful.”

Hearing these words from Master Wu I, Master Emotionless and Master Desireless blushed slightly, when they first met with Ye Han, they had treated him with disdain, and now they were actually asking for someone to treat their old ailments.

Ye Han smiled and said; “This is a trivial matter, but I also have a request for Master Tai, I also hope that Master Tai will give both Mr. Wufei and Master Mrs. Wuyou a chance, if the two lovers cannot be together, wouldn’t it be too disappointing to this marriage given to them by the old heavens.”

At these words, Master Wufei was silent for a moment and said; “I can agree, but only to Emei Mountain and Qingmei Mountain, the two of them can move freely between these two mountains, Master Ye, this is already the biggest concession I can make.”

“Then, thank you very much, Master.” Ye Han did not force Master Wu I, it was good to be able to do so, at least Leng Wufei could see Master Wu Xie from time to time in the future, he did not have to suffer the pain of longing for each other on the two mountains, thinking of this, Ye Han could not help but think of Yan Lingjiao inside his heart, now, one of them was in the south and the other in the north

After Ye Han had treated the old illnesses of Master Emotionless as well as Master Desireless, he said goodbye to Master Wu I. He came to Emei Mountain for a day and a night, and Silly Ben and Kun Sang were only beginning to worry about them at Qing Mei Mountain.

“Senior sister, why did you promise him to let Leng Wufei and Master Sister Wuyou be together?” After Ye Han left, Master Emotionless and Master Desireless looked at Master Wu I with some confusion, as the head of the Emei Sect, Master Wu I was breaking her own commandments.

As the head of the Emei sect, Master Wu I was breaking the commandment. As for the commandments, are there many people who have broken them in the history of Emei? If he didn’t already have someone in mind, I would still want to betroth Xian’er to him, all this, you will understand in the future

Walking out of the meditation room, Ye Han did not go to look for Leng Wufei, after meeting with Master Wuyou, Leng Wufei himself would go back to Qing Mei Mountain, he had not seen him for more than twenty years, so he had to give others a little time to spend together.

“Miss Beigong.” As he walked down a long corridor, Ye Han saw Bei Gong Xian’er who was walking towards him.

Beigong Xian’er nodded lightly as she looked at Ye Han and said; “You’re going back to Qing Mei Mountain?”

“Not bad, I still have two friends over there, Miss Beigong, I’ll take my leave first, I’ll see you later as fate would have it.” After saying that, Ye Han smiled at Bei Gong Xian’er and walked past her.

Fortune Chapter 325

“Wait!” Beigong Xian’er turned around and looked at Ye Han and shouted.

Ye Han turned back and asked; “Miss Beigong, is there anything else?”

Beigong Xian’er said indifferently; “Is she pretty, your intended?”

At that, Ye Han laughed; “Although not as pretty as you, Miss Beigong, but it is my type, moreover, I forgot to tell you, I have more than one intended person, Miss Beigong asked this, could it be that you also want to be my intended person?”

“There is really no good thing about men, and you are no exception.” Beigong Xian’er hummed indifferently and turned away, no longer paying attention to Ye Han, seeing this, Ye Han shrugged his shoulders and then left Emei Mountain and returned to Qing Mei Mountain.

Ye Han did not return for a day and a night, which really made Silly Ben and Kunsang both a little worried, especially Silly Ben, if Kunsang had not kept stopping him, he would have barged up to Mount Emei with the Crescent Moon Blade on his shoulder to demand someone.

Not long after Ye Han’s return, Leng Wufei also came back, but at this time, compared to the past, Leng Wufei’s face was less lonely and more energetic, as if he had suddenly changed from a silent swordsman to a loquacious talent.

“Ye Han, what I Leng Wufei owes you can never be repaid in this lifetime, I don’t know how to say melodramatic words, in any case, if there is a need in the future, I Leng Wufei will be there even if there are thousands of mountains and rivers.” In the wooden house, Leng Wufei, who had changed into clean clothes, looked at Ye Han and said solemnly.

Ye Han smiled and said; “I am also very happy to see you and Mrs. Wuyou married, since I have the ability to help you, I will naturally do my best, not to mention that I am also asking for your help.”

Leng Wufei said; “I’ve been delayed for a day because of my business, it’s not too late, I’ll accompany you now to meet with Tai Gong Chen, don’t worry, if Tai Gong Chen doesn’t agree to hand over the master of that horse gang, I’ll kill him for you.”

After a few people had packed up, they headed towards the lower part of Qing Mei Mountain, and when they arrived at the lower part of the mountain, they took a car and ran directly to Deyang in Sichuan Province, where the Chen family’s Grand Duke Chen lived.

The residence of the Chen family’s Grandfather Chen was not in the middle of the downtown area, but on the side of a mountain with beautiful scenery. Ye Han had been riding in a car from Meishan City to this place, and the mansion in front of them covered a wide area, where most of the Chen family’s direct clan members lived, and the Chen Grandfather was the head of the family.

When they arrived at the main gate of the mansion, they only saw that there were actually people guarding the place, and when they saw Ye Han and the four of them arrive, one person came over and said; “Gentlemen, this is a private residence, if you are touring, please go somewhere else.”

“We’re here to see Tai Gong Chen, please inform us.” Ye Han said.

“Sorry, Taigong is at home right now to see his guests, you can come back tomorrow.” The guard said this.

Ye Han frowned, he had run all the way from Meishan City to here, should he let them go back like this?

“Give Tai Gong Chen a message, tell him that I, Leng Wufei, have come to visit.” At the critical moment, it was still Leng Wufei’s name that worked, hearing these words from Leng Wufei, the guard had obviously heard of his name and then said; “Please wait for a moment, four of you, let me go in and give a briefing.”

After saying that, the guard walked inside the gate.

Not long after that, the guard who had just left returned and he looked at Ye Han and said; “The Grand Duke has invited the four of you to enter the residence, please follow me.”

Under the guard’s guidance, Ye Han entered the Chen family’s mansion, which was not built with steel structures, but was all linked with wood, giving it an antique, ancient courtyard-like feel.

After passing through a stone road, Ye Han arrived outside a wooden house, which was all vermilion in colour, even the tiles, and on the wooden pillars on both sides of the main door, two couplets with words filled with majestic atmosphere were hung.

When they entered the wooden house, Ye Han found that there were quite a few people in it, five of them, among them, the old man sitting at the first place was at least ninety years old, his hair was white, but his body bones were quite hard, and his eyes were shining, especially his hands, which were thicker than those of a normal person.

“So it is really Mr Wufei who has arrived, forgive me for not having come out to welcome him personally as I have guests here, please forgive me, please sit down, gentlemen.” The old Tai Gong Chen on the first seat stood up and smiled at Leng Wufei with an arch of his hand, that look, not at all like an old man in his nineties.

“Old Master Chen is very kind.” Leng Wufei sat down next to an old man dressed strangely, Ye Han and the others also sat down next to him, Leng Wufei said; “It seems we came at a bad time today, Master Taiji has other guests in today as well.”

“No matter, Master Ghost I will be leaving soon, you guys talk about your business, I just need a word from Old Master Chen.” The person who spoke was none other than the strangely dressed old man sitting above Leng Wufei, who called himself Master Ghost.

Upon hearing this, Old Master Chen said; “Master Ghost, I have already said it, that item is no longer in my Chen family now, as for where it has gone, even if you know it, Master Ghost, you may not be able to get your hands on it, I advise you to give up, Master Ghost, what is not yours is not yours in the end.”

“That’s not necessarily true, only a few people found good items from Zhuge’s tomb, I was trapped in another tomb at the time, otherwise you wouldn’t have gotten your share. Why are you being so stingy?” The old ghost bristled, looking at Old Master Chen as if he was looking at a stingy old man.

Old Master Chen let out a bitter smile and said; “Master Ghost, it’s not that I won’t lend it to you, I really don’t have it. If I say that my family has moved south to Sichuan Province because of the Tomb Mark, I wonder if you believe me?”

“It’s really not there?” The old ghost frowned.

“Do I have to lie to you?” Old Master Chen sighed and said; “The tomb tattoo is now in Huangfu Qitian’s hands, so if Master Ghost has the guts go and borrow it from him.”

“Old bastard, it’s him again.” When Old Ghost heard the name Huangfu Qitian, his face immediately flamed up and he said; “Twenty years ago inside Zhuge Laoer’s tomb, Master Ghost, I was trapped because I fell victim to his secret plan, I suspect that the Ghost Valley Jade Pendant of Ghost Valley Zi might have been stolen by this old bastard, and now he has even taken the tomb mark from your hand, has this old bastard researched over the years What’s the secret?”

“I don’t know, the Chen family cannot afford to mess with Huangfu Qitian, so we can only move our family south to survive here.” Old Master Chen let out a deep sigh, but when he said the name Huangfu Qitian, there was a strong hatred spreading out in his eyes, and the three old men sitting opposite Ye Han and his family also hated this name to the bone.

Fortune Chapter 326

Listening to the conversation between Old Master Chen and the two people who called themselves Master Ghost and Old Ghost, Ye Han and the others were a bit clouded, not knowing what Old Master Chen and Old Ghost were talking about, but the general meaning should be related to the tomb, and I’m afraid that the name Zhuge Lao’er should refer to Zhuge Liang during the Three Kingdoms period.

Zhuge Liang’s tomb, also known as Marquis Wu’s tomb, could it be that this fellow called Old Ghost as well as Old Master Chen had once entered it?

However, although he did not understand what Old Ghost and Old Master Chen were talking about, from both of their mouths, Ye Han noticed a few special words, 鬼谷子, 鬼谷玉佩.

Speaking of which, Ye Han’s ability to turn from a poor boy into an expert who knew medicine, martial arts and perspective was closely related to Ghost Valley Zi, the Yin Yang Jade Pendant Ye Han was wearing was something Ghost Valley Zi wore with him, but this Yin Yang Jade Pendant was also the only object Ye Han had to find his own origin.

“Huangfu Qitian, this old bastard, always crosses me, Master Ghost, if I wasn’t unable to beat him, I would go to the north and kill him now.” Old Ghost said with hatred, Old Master Chen laughed; “Huangfu Qitian has a hand in the north, if Master Ghost can really kill him, I think there should be many people who would thank you.”

The old ghost bristled and said; “Old Master Chen, you’re making fun of me aren’t you, if I could kill Huangfu Qitian I wouldn’t need to wait until now?”

“Hehe, just forget I said that.” Old Master Chen laughed, then he looked at Leng Wufei and said with a smile; “Look, I was so focused on talking to Master Ghost that I had neglected my precious guest, I wonder what Mr. Wufei’s visit today is about?”

Leng Wufei said; "Old Master Chen, I am here today for one thing only, do you have a grandson in Yunnan?"

At that, Old Master Chen frowned and said; "But yes, did he offend Mr. Wufei in some way?"

"Old Master Chen can take a look at this document first." The person who said this was Ye Han, he held out a document, then an old man sitting opposite him took the document and delivered it to Old Master Chen, this document was still the evidence that Ye Han had asked Kun Sang to pass over from his old man's hand on the way here, and found a place to print it out.

Old Master Chen opened the file bag with a curious mind, took out the paper inside and read it, but after reading it for less than a moment, an amazing anger surged out of him, this aura was very powerful, at least, stronger than Leng Wufei, making Ye Han quite shocked, this Old Master Chen was so powerful, no wonder he was in the southwest, no one dared to put their hands in, with such a strong man in the southwest, who dared to offend him?

"Bastard thing, Tian Xing, go and get Ma Kun, I'm going to clean up today." An angry voice came out of Old Master Chen's mouth, which made the few sons who had rarely seen the old master so angry quite surprised, the old man called Tian Xing answered and then left the place.

Old Master Chen was already in his nineties, and his sons were naturally not young, with the oldest son already in his seventies.

"For such a person, Old Master Chen need not be angry, if Old Master Chen cannot lay his hands on him, we can do it for him." Ye Han said calmly, he had come here to solve the hidden problem of the Ma Gang's leader, if Old Master Chen did not kill him, he would also find the opportunity to get rid of the Ma Gang's leader.

"It is not necessary for outsiders to do the job for me in my own family's affairs, I will personally execute this sinful person today." Old Master Chen said angrily, and in a short while, the old man who had just left walked in with a middle-aged man of about forty years old, the man was simple and honest looking, and always had a kind of simple smile on his face, giving people a very simple and true feeling, and he, was Ma Kun, the Ma Gang's leader.

When he first met this Ma Gang leader, if Kun Sang hadn't said it, Ye Han wouldn't have known that this middle-aged man with a simple face was actually the Ma Gang leader who was dealing and manufacturing drugs.

"This guy, he's pretending to be something else." Ye Han looked at the horse gang leader and sneered in his heart.

"Old Master, you are looking for me." When he came inside the house, Ma Kun respectfully bowed to Old Master Chen, with the look of a thick-skinned junior, that level of respect was so great that he could have treated Old Master Chen like his own father.

"Hmph, bastard, look at all the good things you have done, coming over to Sichuan Province from Yunnan, I really thought that you were forced by an enemy, but it turns out that this enemy of yours is the state." Old Master Chen's face had monstrous anger; "In Southwest China, no one dares to deal

drugs, but you did, not only did you deal drugs, you also trafficked people, such a great crime, today I will personally execute you.”

At these words, Ma Kun was shocked in his heart and hurriedly knelt down and shouted; “Old Master, I am wronged, I am your god grandson, how could I do these things, someone has wronged me, and caused my Ma Gang to be wiped out by the state overnight, Old Master, you have to do justice for me.”

“The matter has come to a head and you are still making things up, take a look for yourself.” Old Master Chen stilled the document in his hand in front of Ma Kun, Ma Kun picked it up and took a look, his face instantly turned pale, Old Master Chen usually lived in deep seclusion and did not know what was going on outside, Ma Kun had thought he could muddle through and take shelter here for a while, where did he expect that Old Master Chen had this evidence in his hand so quickly.

Kun Sang looked at Ma Kun and said indifferently; “Ma Kun, it is useless to be sophomoric, no one is unaware of what you have done in Yunnan now, and you still want to fool Old Master Chen, do you think Old Master Chen is really loyal and treacherous?”

“Kun family’s brat, it is you, you are the one who sent this evidence here” Ma Kun only then also noticed that Kun Sang was actually inside this room, when he came in just now he was so preoccupied with how to please Old Master Chen that he didn’t even bother to see who was inside this room.

“That’s right, it’s me. Now, your time has come to die.”

“Rabbit, your Kun family has ruined my Ma Clan, and now you still come to harm me, before I die, I will drag you to be buried with me” Ma Kun knew that after Old Master Chen saw this evidence, he definitely would not survive. Therefore, he immediately ran towards Kunsang, but only halfway there, the old man who had just led him here directly killed him from behind with a slash, the old man’s strength was not known to be much stronger than the Ma Gang’s gang leader, killing him with no effort at all.

“Worthless thing, Tian Xing, pull him out.” Old Master Chen looked at Ma Kun’s corpse and grunted coldly, then the old man called Tian Xing took off Ma Kun’s corpse.

Looking at Ma Kun being killed, Ye Han and the others were relieved, it would be best if the Chen family’s people personally took care of Ma Kun, otherwise it was always inappropriate for them to do it here.

The old ghost laughed at this time; “Old Master Chen, I haven’t seen you for many years, you still have that straightforward nature, you can’t tolerate a bit of sand in your eyes, but such a person should be killed, it’s just as well that he doesn’t do something for the country, but he even wreaks havoc on the people of the country, if you don’t kill him today, Master Ghost, I will kill him.”

Fortune Chapter 327

Ma Kun’s death did not affect the conversation inside the room, whether it was Old Master Chen or Old Ghost, what their generation hated the most was drug dealers, back then during that war of invasion, drugs did not know how many people’s families were broken, making the nation fall into the eyes of other countries as sick children.

“Master Ghost, you haven’t left the Ghost City for many years, this time you came out to borrow a tomb tattoo from me, could it be that you have researched some clues over the years?” Old Master Chen looked at the old ghost with a gleaming gaze, there were too many people who had entered inside Zhuge Lao Er’s great tomb back then, domestic and foreign forces were all involved, but they were all there for one purpose only, an existence that the world could not believe.

“Just some ideas, without other clues for me to study, I don’t dare to draw any conclusions, how easy is it to talk about something that no one has been able to find for thousands of years!” The old ghost sighed and continued; “Old Master Chen, I am the one who interrupted today, since the tomb mark is no longer in your Chen family, I can only go back to my lair and continue to be my living dead.”

“Oh, Master Ghost lives underground although he doesn’t see the light, but he is carefree, I don’t know how many people envy you.” Old Master Chen laughed.

“It’s useless to envy me, Master Ghost I only deal with the dead in this life.”

Listening to the conversation between the two, Ye Han was somewhat moved by the Ghostly Jade they were talking about, was there a connection between the Ghostly Jade they were talking about and the Yin Yang Jade Pendant he was carrying?

“Old Master Chen, dare I ask what exactly are the Ghostly Valley Jade, the Scripture of the Afterlife and the Tomb Tattoo that you are talking about? Is it hard to say that they are some rare treasures?” Ye Han smiled and opened his mouth to ask, as for the Heji Bi he certainly knew what it was, but he had not heard of the Ghostly Valley Jade, the Scripture of Reciprocal Life, or the Tomb Tattoo.

After the old ghost heard Ye Han’s words, he looked at Ye Han and said; “Little doll, don’t ask about things you shouldn’t know, even if you were given the information you wouldn’t understand, it’s better to be honest and live freely in this red dust.”

Old Master Chen laughed; “Master Ghost is right, young man, there are some things you don’t understand even if you talk about them, not knowing, in fact sometimes is the best outcome, knowing more will lead to more trouble and more worries.”

At these words, Ye Han smiled, undeniable.

“Huh, you kid’s eyes are so strange!” At this moment, only to see the old ghost staring at Ye Han’s eyes without turning his eyes, as if he was studying some treasure, Ye Han was a little uncomfortable by his look, so he asked; “Dare I ask senior what is strange about my eyes?”

“Strange, really strange, this eye of yours looks like a dead man’s eye, but the other eye is full of yang energy, one yin and one yang, strange, strange Master Ghost I have been dealing with the dead all my life, I have never seen eyes like yours.” The old ghost said to himself while looking at Ye Han.

The old man’s eyes are so poisonous that he can see the secret of his eyes. His left eye can see through illusions and see things that are only unimaginable in the world, such as ghosts, while his right eye, on the other hand, can see through all things in the yang world.

“Kid, tell Master Ghost honestly, can this eye of yours see some unclean things?” After the old ghost looked at Ye Han for a while, he suddenly opened his mouth and asked, hearing his words, Elder Chen as

well as Leng Wufei and the others all became interested, unclean things, naturally, meant the ghost category, could Ye Han's eyes really see these things?

"Senior why do you ask that?" Ye Han asked in an evasive manner.

The old ghost said; "I was born a tomb raider, I have seen more dead people than living people in my life, this is the first time I have seen eyes like yours, one yin and one yang, but the human body is generally more yang than yin, reasonably speaking, people like you who have the same yin and yang will not live to this age, you have survived to this day to prove that your eyes are not simple, and the two qi of yin and yang In our circle, it is commonly known as the Yin Yang Eye, which is the nemesis of demons and ghosts."

"I may have to disappoint senior, my eyes are no different from those of a mortal, and they are not the Yin Yang eyes you are talking about."

Personally admitting the existence of the Yin Yang Dharma Eye, Ye Han naturally wouldn't do it, the eye was the biggest secret in his body, once outsiders knew about it, it would still be necessary.

"You kid don't deny it, Yin Yang Eye is also commonly known as Heavenly Eye Tong, some gifted people are born with it, while some cultivators can open it up through cultivation later in life, today's Wudang Yu Xu Daoist has opened up the Heavenly Eye, it's not like it's an untold secret, why are you hiding it, kid?"

At these words, Ye Han's heart shook, could it be that his Yin Yang Dharma Eye and Yin Yang Eye were not of the same kind? Or maybe the Yin Yang Eye that this old ghost was talking about only possessed one of the abilities of his Yin Yang Eye Method?

The old ghost continued; "With this kind of talent, it would be a waste for you not to become a tomb raider, kid, what is your name, would you like to go down to the tomb with me?"

Ye Han laughed; "My name is Ye Han, as for digging graves, I think I should forget about it, I am naturally timid and afraid of ghosts, I am afraid I am not suitable to be a tomb raider."

"Hmph, you are talking nonsense to me, you have the yin and yang eyes, the two qi of yin and yang converge in your body, all evil will not invade you, how can you be afraid of these demons and ghosts." The old ghost grunted disdainfully and said to Ye Han; "Don't you want to know what the Ghost Valley Jade, the Book of the Dead and the Tomb Mark are? If I tell you, will you agree to learn a couple of tricks from my ass?"

"Hehe, it seems that Master Ghost has found the heir to his mantle." Old Master Chen laughed at this time, then he looked at Ye Han and said; "Young man, if my guess is correct, you should be Ye Han of East China, right?"

Ye Han smiled and said; "I didn't expect that Old Master Chen would even know my name, it is indeed a privilege."

Old Master Chen said; "Huadong Ye Han, now you are a popular young figure in the south, even the Murong family's kid lost to you, there are only a few people in the southern underground world who don't know the word you Ye Han."

“Old Master Chen, what did I say about blind participation, this kid hasn’t answered me yet.” The old ghost glared at Old Master Chen, then he looked at Ye Han and continued to ask; “Kid, will you do it to learn the art from me?”

“No.” Ye Han answered two words very simply, asking him to follow this old man to dig up people’s ancestral graves and bear a cursed name, he would not do such a thing that would damage his yin and virtue.

At these words, the old ghost’s face darkened, his reputation was not only unmatched in the tomb raiding world, but also a big name in the Chinese underground world.

“Haha, Master Ghost, it’s rare to see you in black face for once, this young man actually doesn’t buy your account as one of the four great men of the tomb raiding world, interesting, today is really too interesting!” Old Master Chen saw the old ghost’s face at this moment and burst out laughing happily.

Fortune Chapter 328

“Kid, think about it, I’m telling you that there are a lot of precious things inside the tomb, just a few of them will be enough to make you happy for the rest of your life, follow Master Ghost, I guarantee that you will be able to eat and drink.” Seeing that Ye Han did not agree, the old ghost’s eyes turned and began to entice him, having the yin and yang eyes, that was a natural talent for tomb robbing, today he was lucky to find a person with yin and yang eyes, naturally the old ghost would not just give up, if he passed on his skills to Ye Han, he would have an heir.

“Senior, I’m still young, I won’t do things like digging up people’s ancestral graves, and I don’t want to bear a scolding and expose my descendants, as for the three treasures, the Ghost Valley Jade, the Book of the Dead and the Tomb Tattoo if senior is willing to talk about them, I’ll listen, if senior refuses to talk about them, I don’t want to explore them.” Ye Han said indifferently, although he wanted to know what was the connection between the Ghost Valley Jade and the Yin Yang Jade Pendant he was carrying, but if the old ghost wanted to use this in exchange for taking him as his disciple, not to mention the door, there was not even a window.

It was not that Ye Han discriminated against the profession of tomb robbing, but he simply did not want to have anything to do with the old ghost, this old man was so discerning that if he found out the secret of his eyes, no one knew what he would do.

Psychologically speaking, Ye Han kept a respectful attitude towards the old ghost, a person who could tell at a glance that his eyes were strange, and stayed away.

“Little bastard, I’m furious at Master Ghost!” The Old Ghost was furious at Ye Han’s words, and he said in a fury; “Digging up people’s graves, who told you that Master Ghost is the kind of person I am? Although I have robbed many tombs, I have not sold a single artifact so far, do you know what I robbed tombs for? Do you know what I am after? What Master Ghost I am after is”

“Ahem, Master Ghost, calm down for a moment.” At the critical moment, Old Master Chen pretended to cough so that the old ghost did not say the rest of his words, perhaps the old ghost also felt that his emotions were too excited, he calmed down and said; “Kid, I’ll give you a chance to consider the examination, if you think about it, you can find me in the ghost market, follow Master Ghost, it’s much more exciting than your life in this red dust. ”

Ye Han's gaze glanced at the old ghost and Old Master Chen's body, these two old guys had secrets, and such secrets were big secrets that could not be known to him, or to outsiders.

However, Ye Han and the others were not interested in this secret, what he was interested in was the Ghostly Jade.

"Thank you senior, I will consider it, perhaps senior and old master Chen do not know, I am actually a master jadeite myself, so I am quite interested in the Ghost Valley Jade you are talking about, I wonder if the two of you can tell me what this Ghost Valley Jade actually is?" In order to find out about the Ghostly Valley Jade, Ye Han brought out all his jadeite master status by talking about it.

The old ghost said; "Since you promised me to consider it, I'll tell you about this Ghost Valley Jade, legend has it that this Ghost Valley Jade was the accompanying item of a generation of Yin and Yang master, Ghost Valley Zi, during the Spring and Autumn and Warring States period. I am not interested in this Imperial Duel, what interests me is the legend that if you possess the Ghost Valley Jade, you will be able to discover the Gate of Many Miracles, as for the rest I cannot tell you."

At these words, Ye Han was somewhat dumbfounded, this old man had stopped talking halfway through, but what this old man said seemed to be somewhat similar to the Yin Yang Jade Pendant he was carrying, because inside the Yin Yang Jade Pendant there was a nameless Qi training technique recorded, so far Ye Han did not know what the name of this Qi training technique was, and the cultivation of this Qi training technique made him different from others, the power he started to cultivate was a powerful spiritual energy, while others He started with a powerful spirit energy, while others started with internal energy.

"Senior, what is this thing you mentioned just now, the Gate of Many Miracles?" Ye Han asked curiously.

"This is a secret, if I say I can't tell you, I can't tell you, unless you promise to learn the art from me, you won't be able to get it out of me."

Ye Han bristled, this old man was really stingy, if he didn't say it, then he wouldn't say it, he wasn't interested in this Door of Many Miracles anyway.

Ye Han continued; "Since it's about senior's secret, then I won't ask, I wonder what the Ghostly Jade that senior said looks like? Maybe the kid is lucky and will let me get it, hehe!"

The old ghost said; "You are delusional, although it is rumored that the Ghost Valley Jade exists inside the tomb of Zhuge Lao Er, but in the end no one has seen it, it is still buried in that tomb, as for the appearance, it is similar to your eyes, one yin and one yang, similar to Wudang's Yin Yang Eight Trigrams Formation."

After the old ghost said this, Ye Han's head suddenly felt like it had exploded, the Ghost Valley Jade that the old ghost was talking about was actually the same as the Yin-Yang jade pendant he was wearing, the Yin-Yang jade pendant he was wearing was the same as the Tai Chi pattern, one Yin and one Yang.

"Guigu Zi, Guigu Jade, Qi Gong Di Wang Duel" Ye Han thought about what the old ghost said in his mind, except for the Guigu Medical Scripture and Yin Yang Dharma Eye the old ghost did not say, these characteristics and the appearance of the Guigu Jade were inextricably linked to the Yin Yang Jade Pendant he was wearing There is a 90 per cent chance that the two are the same jade pendant.

But he had worn this jade pendant since he was a child, and it was the only item left behind by his unknown parents when they abandoned him, so could this Yin Yang jade pendant have been brought out of Marquis' tomb? But how did it end up in his possession? What had happened here? Was it related to his birth?

One by one, questions emerged from Ye Han's mind, and he now desperately wanted to know the answers, to know whether it had anything to do with him or not? If so, why did his heartless parents leave him behind back then?

Sensing the silence with a bit of indifferent air Ye Han, Leng Wufei opened his mouth and asked; "Ye Han, you have something on your mind?"

"Oh, no, sir, let's go, it's time to say goodbye after disturbing Old Master Chen for so long." Ye Han stood up and smiled, gathering all his emotions.

Leng Wufei also agreed and then said to Old Master Chen; "Old Master Chen, I won't bother you today, I will visit you another day, the four of us will take our leave first."

Old Master Chen said; "Mr. Wufei you insist on leaving, then I won't force you to stay, I just hope that next time you come you can have two more days of fun, Little Brother Ye, next time you come to Sichuan Province, I hope you can remember to have such a bad old man like me here, of course, you might want to give more thought to Master Ghost's offer, in fact, it will do you no harm."

"Thanks for the reminder, Old Master Chen, I will." After saying that, Ye Han turned to leave, but as he walked to the gate, he turned to the old ghost who was looking at him and said; "Master Ghost, I think I should have the day to look for you."

"Haha, good, I'll be waiting for you at the Ghost Market." The old ghost smiled happily and watched Ye Han as they left.

Fortune Chapter 329

"Master Ghost, there are secrets in this young man, just now, although he showed interest in the Ghostly Jade, the Past Life Scripture and the Tomb Tattoo, he only ended up asking about the Ghostly Jade, but didn't mention a word about the Past Life Scripture and the Tomb Tattoo." After Ye Han and the others had left, Old Master Chen, who was old and wise, said with a smile.

"Do you think I don't see it, Master Ghost? But I don't care about that, this kid was born with yin and yang eyes, this is a good piece of material, let me hone it for a few years, a tomb robbing genius will definitely appear in the tomb robbing world." The old ghost said with an excited look on his face, as if he had been allowed to discover a supreme tomb.

Old Master Chen secretly laughed, "Tomb robbing genius? I'm afraid he was a good tomb digger!"

After leaving Old Master Chen's home, Ye Han was still thinking about the Ghostly Jade, thinking about it quietly, the more he thought about it, the more he felt that the Yin Yang jade pendant he was carrying was the Ghostly Jade, moreover, the Old Ghost also said that they had entered the Marquis's Tomb twenty years ago, the time and his age basically matched, it was likely that the parents who had ruthlessly abandoned him back then were one of those who had entered the Marquis's Tomb.

“Who exactly are you guys? Why did you abandon me back then?” Ye Han didn’t know whether it was hatred or some other feeling inside his heart, and at this moment, he wanted to ask his parents who had abandoned him personally, in front of them, why?

However, if he wanted to find them, he would have to start with the people who had entered the Marquis’ tomb more than twenty years ago, which was a very difficult thing to find out, and if he wanted to know the answer, the old ghost was a breakthrough, but this was something that Ye Han still had to consider carefully, moreover, he did not have time to pursue this matter now.

“Sir, thank you for accompanying us down the mountain this time, right now I should also return to Shanghai City, soon, I’m going to walk around Yanjing, so I won’t stay in Sichuan Province for much longer.” Arriving at the downtown airport, Ye Han said to Leng Wufei.

“Good, Ye Han, remember to contact me if there is any trouble in the future, I, Leng Wufei, will definitely be there.” On Emei Mountain, Ye Han not only helped him break through the Jade Maiden Sword Formation, but also healed the woman he loved, and even set them up from there, this kindness Leng Wufei silently remembered in his heart.

Ye Han smiled; “If that day really comes, I will come to trouble you sir.”

After Leng Wufei left, Kunsang also returned to Tengchong, Ye Han and Silly Ben took a flight to Shanghai City together, by the end of that day, Ye Han and Silly Ben returned to Shanghai City, but after returning to Shanghai City, a bad news reached Ye Han’s ears, Jiang Yutang had come out of seclusion again, and the first thing he did when he came out of seclusion was to kill everyone under Jianfu Lin Changshou, even Lin Changshou had not escaped his fate.

“It seems that Jiang Yutang is breaking the jar.” Ye Han’s face was ice-cold, now the entire East China underground world knew that the five leaders were his men, Jiang Yutang killed Lin Changshou right after he came out of seclusion again, this was a demonstration against him, or perhaps the Blood Hand Hall was already considered to be extinct, he was not afraid at all that the experts behind Ye Han would find him in trouble, even if the experts behind Ye Han exterminated the current Blood Hand Hall, so what? Even if the experts behind Ye Han destroyed the current Blood Hand Hall, so what? Even if it could, it was not something that could be achieved within a year or two.

In order to vent his anger, Jiang Yutang was no longer concerned about anything.

Sun Buwei said; “The current Jiang Yutang is a madman, right now several leaders are afraid that Jiang Yutang will strike at them next and have already asked for our help, this matter, we have to think of a way to suppress Jiang Yutang’s arrogance.”

Ye Han thought about it and said; “In two days I will be leaving for Yanjing, let He Yaozong and the others avoid it for the time being, this matter of Jiang Yu Tang will be discussed when I come back from Yanjing, if it is not possible, let them come to Shanghai City for a while to avoid it.”

Today was already the 25th of September, five days before the National Day, Ye Han was going to leave for Yanjing tomorrow or the day after tomorrow, he really did not have time to deal with this matter of Jiang Yutang now.

When he returned home, his sister Ye Qing, Zhao You You and Qingcheng were all there. When she saw Ye Han return, little Qingcheng was naturally the first to jump onto his body and said clingingly; "Brother, Qingcheng misses you to death, Master is spanking me every day now, my little butt is swollen, it hurts, brother, rub it for me."

Rub her buttocks? Although Little Qingcheng was only ten years old, she was taller than her peers and was already in her developmental stage, moreover, that little bald image had grown into shoulder-length short hair, a demonic beauty.

"Little Han, did you still have a good trip to Tengchong this time?" After Ye Han sat down, Ye Qing poured him a glass of water and then massaged him behind him, she couldn't help much since her brother was running around outside, but when she returned home, helping her brother to relax with a massage was the only thing she could do.

Ye Qing did not know that Ye Han had gone to Tengchong and then made a trip to Sichuan Province, but the things outside Ye Han did not say anything, he laughed; "Sister, there is nothing big about my trip to Tengchong, by the way, maybe tomorrow and the day after tomorrow I am going to take a trip to Yanjing."

Zhao Youyou said with a beak next to him; "Brother Ye, you've just come back and you're leaving again, can't you stay for two more days? Sister Ye Qing and I are worried about you every day at home, for your sake, Sister Ye Qing is now eating vegetarian food and praying to Buddha for your safety."

"Yoyo, cut the crap, Little Han is a man of great importance, so naturally he can't stay at home every day." Although Ye Qing also hoped that Ye Han would stay at home with them for a few more days, she knew that Ye Han could not help himself out there, and from his slightly tired face, Ye Qing could tell that he actually wanted to stop and take a break, but having taken that step, he was not destined to stop.

Ye Han held Ye Qing's hand and said with some guilt; "Sister, I've made you all worry for me, but I"

"Little Han, you don't need to explain, no matter what you do sister will support you, I know you are also doing it for the sake of this family, but promise sister, you must not be okay outside, in this world, sister only has one family member, you."

"Sister, I promise you"

After chatting with Ye Qing and the girls for a while, Ye Han arrived on top of the building and was not surprised to see the scruffy old man, who never left his wine all day and was currently looking at the night sky not knowing what he was thinking about.

"Kid, it's time to go north, isn't it?" The scruffy old dao poured a mouthful of wine and said this.

Upon hearing this, Ye Han was a little surprised, how did this old man know? It seemed like he hadn't said anything about this to the Ragged Old Dao, right?

"Old fellow, it's simply a pity that you don't go fortune telling." Ye Han sat down beside Old Dirt and said; "I'm going to Yanjing in a couple of days to attend a good friend's wedding, old man, I'll trouble you to keep an eye on Shanhai City, that old thing Jiang Yutang hasn't been very honest lately."

Fortune Chapter 330

Old Dirt said; "With me here, you don't need to worry about anything on this side of Shanghai City, but you need to pay attention this time when you go north, your seal is dark, I am afraid that something will happen this time when you go north."

"Old man, you're really telling my fortune." Ye Han laughed irrefutably, fortune telling was too esoteric, his own fate was in his own hands.

Old Dirt did not say anything more, he had already reminded Ye Han of what he should have reminded him of, the heavenly opportunity, he could not reveal too much.

Old Dirt looked at the night sky. Tonight, the sky was full of stars hanging above the night sky as if they were the lights of ten thousand houses. Tonight, there was one star in the night sky that was very special, that star, the Purple Wealth Star, which represented the emperor's destiny, was showing signs of drifting towards the north at this moment.

This is an omen of great misfortune, but in the north, there are a few stars that are unusually bright, which proves that although the Purple Wealth Star is moving north, it is a great omen of misfortune, but it will meet with noble people in its destiny.

"The Purple Wei Destiny is commonly known as the Emperor's Destiny, but this kid's Purple Wei Destiny is still immature. The Purple Wei Destiny will only truly reveal itself after the Killing and Breaking Wolves in the Purple Wei Destiny gather together.

After Ye Han had left, the scruffy old Taoist was alone on the rooftop looking at the night sky, muttering to himself. Ye Han's destiny was the Violet Violet Destiny, the Emperor's Star, destined to achieve hegemony, but there was a prerequisite: if the Emperor's Star wanted to achieve hegemony, the Killing Wolves in the Violet Violet Destiny must appear to assist him, otherwise, even if the Violet Violet Destiny was a natural Emperor's Star, without the assistance of the Killing Wolves, it would be difficult to achieve hegemony.

Now, on Ye Han's side, Breaking Army has already appeared, and now, all that is missing is Seven Killings and Greed.

In the Purple Violet Destiny of Killing and Breaking Wolves, Seven Killers, a thief who stirs up the world, Breaking Army, a general who runs the world, and Greedy Wolf, a sinister and treacherous person, the convergence of the three stars is enough to change the world's power.

The next day, Ye Han went to Zhou Yun'er's villa, of course, Ye Han did not come here to see Zhou Yun'er, to see Zhou Yun'er he could have gone directly inside the company, it had been some days since he had seen Zhou Mingshan, which made Ye Han a little ashamed, since he had gotten busy, there were less conversations between him and his teacher.

So, today, Ye Han had brought some good tea with him. Apart from his love for carving, Zhou Mingshan's tea ceremony was his favourite.

"You brat, I haven't seen you come over for some days, how is it, have you finished all the things outside?" Inside the villa, Zhou Mingshan looked at Ye Han and scolded him with a smile, he knew that

Ye Han was very busy outside right now, so he didn't blame Ye Han for not coming to see him for so long.

If Ye Han wanted to marry his granddaughter, he had to move up the ladder step by step now, his own stubborn son was a difficult hurdle, but what was even more difficult was the Feng family in the north, or rather the connections behind the Feng family.

"Teacher, I've been too busy this time to visit your old man, you won't blame me, will you?" Ye Han said in shame.

Zhou Mingshan laughed; "Alright, I know what you kid is doing now, work hard, I'm still waiting for you to give me my old age in the future."

"Hehehe, that's a must." Ye Han grinned, then said; "Teacher, it's been a long time since I moved my sword, are you interested in seeing my progress?"

At those words, Zhou Mingshan came to life and smiled; "Fine, let me see your boy's progress over this period of time."

Afterwards, the two of them went to the basement together, where many raw stones were stored, and Zhou Mingshan would come here to practise and kill some time when he had nothing to do.

An hour later, a lifelike dragon and phoenix pearl appeared in front of Zhou Mingshan, who watched the creation of this piece. I am sure you have not let me down, with your current standard, I, as a teacher, can only be your equal."

Ye Han grinned and slapped a horse's ass; "It's not because of your good teaching, teacher."

In fact, the art of carving jadeite was not a difficult task for Ye Han, he had mastered it all after Zhou Mingshan had taught him just a few days, but he rarely carved it himself.

The congratulatory gift was ready, and Ye Han went to see Zhou Yun'er again, and the two of them lingered for a while. After that, Ye Han talked to Lin Baimo on the phone, and the two of them decided to take a flight to Yanjing first thing tomorrow morning, but the next day when Ye Han arrived at the airport with Silly Ben, he unexpectedly found that this guy Tang Haibin was also there.

"Shit, Hanzhi, I've been waiting for you for half an hour, you didn't play with sister Yun'er until most of the night last night, did you?" Tang Da Shao opened his mouth to damage Ye Han as soon as he saw him, and even walked over and gave him a punch.

"Get lost, what are you guys doing here?" Ye Han glared at this guy, but he wouldn't take it to heart if brothers were damaging each other, Big Shao Tang gave a middle finger towards both Ye Han and Lin Baimo and said; "You two guys, you didn't even call me for something as fun as going to Yanjing, if I hadn't gotten word from my family Mo Shu that you kid was going to Yanjing, I wouldn't have known about it yet. "

Ye Han remembered, yesterday at Zhou Yun'er's company when he told Zhou Yun'er that he was going to Yanjing, it seemed that Mo Shu was also present.

"Okay, let this guy go if he wants to, I've already bought the tickets anyway." Lin BoMo laughed as Ye Han said; "Cheng, let's go together then."

“Hey hey, Yanjing, that’s the centre of the country, I’ve never been there before, let’s go, let’s go to Yanjing together to have some fun and see the might of our country’s leaders.”

The four of them got on the plane together, Silly Ben belonged to the boring type, basically he didn’t talk much, he only looked at Ye Han and the three of them and said, occasionally when Tang Da Shao joked with him, he just giggled a little, and so the four of them rode the plane to Yanjing.

Yanjing, the capital city of many emperors, the centre of state power, the focus of the world, the country is developing rapidly, has become a dragon that the world does not dare to underestimate, basically many countries’ brains have to put their eyes on this place every day, pay attention to the movement.

When Ye Han and the four of them got off the plane and arrived outside Yanjing airport, two figures familiar to Ye Han walked towards them, these two were clearly Cheng Jun and Huang Ying of the Security Bureau.
