Fortune Chapter 37

After leaving the villa, the fire in Tang Haibin's heart still hadn't subsided, and Shen Tianao's arrogant personality would have wanted to kick him a few times in that face if he hadn't been the one to ask for it.

"Damn, what kind of bullshit senior disciple of the Medical King, I really want to kick him to death." Inside a leisure club, Ye Han and the three of them were drinking tea, Tang Haibin was cursing under his breath as he drank, his temper was already hot, but today he was angry at Shen Tian Ao's face.

Lin Baimo laughed; "Well, it's not worth getting angry over that kind of person, if your young master Tang is really upset, just beat him up the day he leaves Shanghai City."

"I pooh, beat him up? I'm still afraid of getting my hands dirty." Tang Haibin said disdainfully, then looked at Ye Han and asked; "I say Hanzi, you have to give some effort to cure Master Lin tomorrow, when you cure Master Lin, I really want to see what that bastard will be like, otherwise, our brothers and three will have lost."

Lin Baimo also asked; "Hanzi, are you really sure? Many famous doctors have seen my old man's illness, and they all said they are helpless, I am afraid that when the time comes"

Looking at Lin Baimo who wanted to say something, Ye Han smiled; "As long as it is a disease, of course there is a cure, although I have never seen Master Lin's symptoms, but I am 80 percent sure of curing Master Lin."

Ye Han was not bragging when he said this, the Three Needles of the Lower Gate and the Nine Needles of the Upper Gate could treat many difficult and complicated diseases, Ye Han dared to say that even if a terminal disease came into his hands, he was sure of curing it, even if Master Lin's disease was difficult, the miracle of the Nine Needles of the Upper Gate could definitely cure him.

Hearing Ye Han's words, the worry on Lin Bo Mo's face was swept away and he laughed; "Hanzi, I trust you, let's treat that arrogant fellow Shen Tian Ao properly when the time comes, honestly, if it wasn't for the fact that my Lin family is in need of him, I really want to kill this bastard. Two percent of the shares of my Lin family's estate, this is completely robbing while the fire is still hot."

"Pfft!" Hearing this, Young Tang couldn't hold back his tea and said with an incredulous expression; "How much! Two percent of the shares? He's a son of a bitch, why doesn't he go rob it? I say, Old Lin, a two percent share in your Lin family's industry is at least several hundred million, you're not saying yes, are you?"

Ye Han was also shocked by these words, his face was shocked, several hundred million, boy, that bastard Shen Tian Ao really dared to ask for it!

Lin Baimo nodded grimly and said; "For the sake of the old man's illness, we can only agree, Hanzi, whether my Lin family can keep these few hundred million depends on you."

Ye Han put down his teacup, nodded and said; "Brother Lin, don't worry, that guy's wish to come to Shanghai City is doomed, a few hundred million, he's not afraid of prolonging himself to death."

To charge several hundred million for a consultation to treat a disease, Ye Han could imagine how many people Shen Tian Ao had screwed over with his medical skills over the years, keeping such a person to continue practicing medicine was simply a disgrace to the TCM community.

“Haha, that’s something I like to hear.” Tang Haibin rubbed his hands together and looked at Ye Han with a squinting smile; “But Hanzi, that bastard Shen Tian’ao is charging several hundred million for his treatment, how much are you prepared to charge?”

Ye Han didn’t understand what Tang Haibin meant by this, so he said; “Why would I charge a consultation fee for treating Master Lin?”

“No no, I’m not talking about Master Lin, with our relationship, of course treating Master Lin is free. I mean other people, like that group of rich people in Shanghai City, this group of bastards are both greedy for money and afraid of death, if they seek treatment from you, should we also rip them off ruthlessly.” Tang Haibin said with a conspiratorial smile.

Hearing this, Ye Han’s mind also became active, if it was other people who came to him for treatment, he wouldn’t take the opportunity to rip people off, but after seeing the faces of that group of powerful people in Shanghai City, he wouldn’t mind ripping them off ruthlessly.

“Well, that’s a good idea, Fatty, I didn’t expect you to have an enlightened head like that.” Lin Bo Mo had a look of approval.

“Che, I was born smart, I was just too lazy to use my brain before.” As he said that, Tang Da Shao even proudly puffed out his big belly, causing Ye Han and Lin Bo Mo to burst out laughing.

But what Ye Han and the others didn’t know was that at this moment, inside a villa in Shanghai City, four or five youths were gathered together, and at that moment, they heard Bai Luofei say gloomily; “Have you made all the arrangements? Tomorrow I want to make that bastard completely famous in Shanghai City, so that everyone can see him drilling someone’s crotch.”

Hearing this, a young man beside Bai Luofei nodded and said; “Don’t worry, Young Bai, I have already informed Shanghai City TV station, they will definitely go to the report and watch it then, this bastard made us lose face at the party, now it’s time for him to pay his debt.”

“Wrong.” Bai Luofei said with a sinister face; “Let him lose his reputation in Shanghai City this is just the beginning, in the end we will come back and play him to death slowly.”

The next day, accompanied by Tang Haibin, Ye Han drove towards the Biquan Villa, which was actually a private villa with a collection of medical, retreat and leisure facilities, but those who were able to enter it were all wealthy or noble. The old man of the Lin family has been recuperating at the Villa since he fell seriously ill, and there is a special medical team treating him at the Villa.

Because Lin Baimo had already greeted him beforehand, Ye Han and the others arrived at the Villa without any problems. The Villa was huge, and there was a modern hospital in the centre of the Villa, where many old people who had retired from officialdom and shopping malls were recuperating.

When Ye Han and the others arrived here, Shen Tian Ao had already arrived. Apart from Shen Tian Ao, the group of powerful figures from Shanghai City from yesterday were also gathered here, as well as

some of the old people who were recuperating at the Biquan Villa, they all wanted to see if Elder Lin's illness could be cured or not.

"Damn it, who invited the reporters here?" Tang Haibin swept his gaze and suddenly found someone in the crowd with a camera filming, Ye Han likewise saw it and he laughed; "Looks like someone wants to make me famous in Shanghai City."

Tang Haibin also understood as soon as he thought about it; "Hmph, it must be that son of a bitch Bai Luofei, he's the only one who can do such a thing."

"Let's go, let's go over and take a look." The two arrived at the location where the crowd was concentrated, many people's eyes lingered on them, only Shen Tian Ao held his head high and was resting his eyes, at that moment, only to see a very beautiful female reporter with a microphone walking towards Ye Han and the two of them, with a smile on her face, said; "Hello, I am Yin Ruonan, a reporter from Shanghai City, may I ask which one of you is the doctor who treated old Mr. Lin Guodong Can I have an interview?"

Tang Haibin skimmed the female reporter, who was very pretty, but he forced himself not to hook up with this female reporter and made a serious look and said; "Sorry, our divine doctor Ye needs to be quiet now, as for the interview, let's wait until the treatment is over."

She received a message from a stranger yesterday that someone was competing with the Northwest Medical King's senior apprentice at the Biquan Villa today, asking her to come and cover the live broadcast, but she didn't expect that the person competing with the Northwest Medical King's senior apprentice would be a handsome 18 or 19 year old boy, which was so young that she was a bit incredulous!

Although she didn't get to interview Ye Han, Yin Ruonan had a feeling that this competition would be a highlight of the live broadcast today, so she took several large close-ups of Ye Han's front and side, standing and being filmed like this, which was the first time Ye Han was a bit uncomfortable, but seeing as this female reporter was quite pretty, he didn't say anything and just put on the appearance of a young man and let him film.
