

Fortune 371

Fortune Chapter 371

After Ye Han drove the car to the school gate, he sat inside the car and smoked a cigarette, there were still a few minutes before the end of school and the bell hadn't even rung yet, but in the middle of this wait, a familiar figure entered Ye Han's sight.

Was it Yin Yifei? No, it was her sister Yin Ruonan, the female reporter.

After Ye Han carefully identified her, he was finally not mistaken, Yin Yifei's body was now an aura of a strong woman in the workplace, with a full aura, but this woman in front of him, who was exactly the same as Yin Yifei, did not have such an aura, there was an intelligence and agility.

When he saw Yin Ruo Nan, Ye Han originally wanted to get out of the car to say hello, but when he saw a young man beside Yin Ruo Nan, Ye Han gave up on this idea, this young man should be Yin Ruo Nan's boyfriend, so it was a bit inconvenient for him to walk over like this.

Ye Han closed the car door again and quietly waited for school to end. Not long after, the bell rang, and then a large group of little ones poured out of the school, chattering in unison, and parents who had already come to pick up their children from school greeted them cheerfully, each following their own children.

Ye Han sat inside the car, his eyesight was excellent, he immediately saw the little Qingcheng, who was like a crane in the crowd, this girl and this group of children stood together, it was like a small adult, followed by a group of child soldiers, just like a big sister look.

However, after seeing Little Qingcheng, Ye Han's face immediately darkened, because at this moment, Little Qingcheng was wearing a clean white shirt and dark blue jeans, but she had lifted her clothes up high and tied them below her breasts, revealing that white belly as well as her belly button.

This kind of dress was just like the little girls in the movies, where was the student's appearance?

Around her, some parents were pointing at Little Qingcheng, looking at her like she was a bad kid.

The first time I saw him, I was happy to see that he had come to pick me up, but after seeing his face, she spat out her tongue and immediately put her clothes down, and silently walked in front of him and lowered her head, not daring to speak, usually she dared to be petulant in front of him, but when he was really angry, she didn't dare.

"Do you know what you did wrong?" Ye Han asked with a cold face.

"I know."

"If you know, say it" This voice, Ye Han almost roared out, scared little Qingcheng's body trembled, she had never seen her brother so angry before, she was immediately a little scared, a little aggrieved, tears fell out and said. "Brother, Qingcheng wouldn't dare to do it again."

The first time I saw this girl cry, Ye Han's heart suddenly softened a bit, the fire also disappeared most of the time, reached out to wipe away her tears, said; "Okay, brother just spoke a little heavy, don't cry, from now on you can't be like that know?"

“Mmm.” Little Qingcheng nodded with a snuffle, that pitiful look was very endearing.

“Let’s go, follow brother home, your sister Ye Qing has cooked a big table of delicious food waiting for us.”

Afterwards, Ye Han started the car and drove in the direction of home, Little Qingcheng was sitting on the passenger side, after Ye Han coaxed her, she turned into that lively and cute little girl again.

“Ya, brother, stop the car quickly, Little Thought’s aunt is being bullied, I have to go help her.”

Suddenly, just as Ye Han was concentrating on driving, Little Qingcheng’s voice suddenly rang out, this girl was sitting on the passenger side and wanted to open the car door and walk out, seeing this, Ye Han was startled and hurriedly slammed on the brakes to pull the car over to the side of the road and stopped, Ye Han had just parked the car when Little Qingcheng couldn’t wait to open the car door and ran out.

Ye Han also followed and got out of the car, but the moment Ye Han got out of the car, a white car shot past him like the wind, if not for Ye Han’s quick reaction, the car would have crashed into his body.

“Brother, give chase, he’s got the aunt of Thought.” At this time, Little Qingcheng ran over holding a bawling little girl with an angry face, this little girl Ye Han knew, she was Yin Ruonan’s niece.

“Get in.”

After hearing this, Ye Han put the bawling little girl inside the car, and Little Qingcheng also sat on it, then Ye Han started his car and chased after him, the white car had not yet left Ye Han’s sight, in a short while, Ye Han’s car had already caught up with him, after a few dangerous moves, the car was forced to stop at the roadside, in terms of driving skills, this person was no match for Ye Han.

After forcing the car to stop, a young man came down from it, the same young man Ye Han had just seen standing with Yin Ruonan at the entrance of the school.

“Bastard, how the hell did you drive? Want to run over Laofei? Do you know who I am?” As soon as the youth got out of the car, he cursed at Ye Han, the few thrilling moves Ye Han had just made almost scared the piss out of him.

Ye Han didn’t bother to pay attention to him and walked over to him and kicked him directly on the ground, because he had already seen that inside that car, Yin Ruonan was a bit abnormal at the moment.

After opening the car door, Ye Han saw that Yin Ruonan was already panting, her face was flushed, her eyes were lost, and she was obviously drugged.

Ye Han frowned, then he closed the car door and sat inside. With his current strength, forcing the drug out of Yin Ruonan’s body was not a problem at all, no other means were needed.

Under Ye Han’s operation, the spiritual qi in his body was channeled towards Yin Ruonan’s body, and in just a few seconds, Yin Ruonan, who was still delirious just now, came to her senses, but after she came to her senses, Yin Ruonan blushed when she was surprised, because at this moment she was falling into Ye Han’s arms.

“Miss Yin, you’ve been drugged, but you’re fine now.”

When he heard this, Yin Ruonan, who didn’t know how to face Ye Han, immediately sat up.

“Ye Han, thank you, if it wasn’t for you, I would have been spoiled by that bastard.” Thinking of the youth who had tricked her into drinking the medicine, Yin Ruonan became very angry, after straightening her clothes, she immediately opened the car door and walked down, giving a fierce yin teasing kick to the youth who was being bullied by Little Qingcheng.

This kick was not somewhere else, but the important part of the youth. After the kick, a miserable scream like killing a pig sounded out, and after seeing this scene, Ye Han felt a coldness rising from his bottom.

Angry women were terrifying, especially the kind of women who had almost lost their innocence, they were even more terrifying!

Fortune Chapter 372

A kick to the youth’s crotch, Yin Ruonan was not yet relieved, then continued to viciously kick twice again, beside her, Little Qingcheng was only afraid of the world followed, poor that youth was kicked by these kicks almost fainted, that miserable scream, more horrible than killing a pig.

“Come on, Miss Yin, if you keep kicking, he should die from the pain alive.” Ye Han walked over and stopped Yin Ruonan, and also glared at Little Qingcheng who was following the uproar, but it was the little girl called Thought who was very well behaved and hid behind Yin Ruonan in fear, not even daring to stick her head out to look.

“Hmph, this kind of bastard is better if he dies of pain alive, if not for you today, my Yin Ruonan’s life would be ruined.” Thinking about this incident, Yin Ruonan was angry and at the same time a bit scared, fortunately Ye Han saw it today, otherwise she really didn’t dare to think about that kind of consequence.

“Bastard, Yin Ruonan you stinking bitch, my uncle is the mayor, my cousin is Tang Haibin, Ye Han’s brother, today you treat me like this, I will make sure you will not die well, stinking bitch, I will rape you first and then kill you

The young man lying on the ground was in agony, the torture like today was simply more than what he had suffered in the past twenty years, it was a question whether that thing down there could still revive his virility.

Hearing this, Ye Han was a little surprised that this guy was the cousin of Tang Da Shao.

Ye Han gave a cold laugh and said; “Does the mayor’s nephew get to do whatever he wants?”

“Bastard, just wait, I will make sure you all die a horrible death, my cousin is Tang Haibin, the best brother of Ye Han, I am also Ye Han’s brother, do you know who Ye Han is? He is the king of the underground world in East China, if you beat me up today, I will make sure that you will not see the sun tomorrow.”

At these words, Ye Han’s face was completely gloomy, this guy was actually using his signboard to do something wrong outside, wasn’t this disgracing his Ye Han’s face, if there was this one, there was no

guarantee that there would be a second one, or even a third one, by then everyone would only know that underneath his Ye Han, there was a group of guys who did wrong.

Yin Ruonan's gaze was a bit strange as she looked at Ye Han, did this guy really know Ye Han?

"Humph, shameless, who knows you, don't talk nonsense, be careful if this girl tears your mouth off." After hearing the youth's words, Little Qingcheng was instantly enraged, and kicked the youth twice as hard as she could, these two kicks from Little Qingcheng were not something that an ordinary person could withstand, under the teachings of the scruffy old dao, her strength was already equivalent to that of an expert of the Peiyuan realm.

So, two more miserable cries immediately came from the youth's mouth.

"Who is Ye Han? Is he very powerful?" Looking at the miserable youth, Ye Han's face was indifferent as he said; "Don't say you don't know Ye Han, even if you do today, I will still beat him up, Tang Haibin is your cousin, right? If he helps you, I will let you leave intact, if he doesn't, I will definitely make you regret using the word Ye Han today."

After saying that, Ye Han immediately dialed the phone number of Tang Da Shao, since he came back from Yanjing last time, this guy rarely showed up and didn't contact Ye Han much, maybe he felt that Ye Han had become a laughing stock in the eyes of the world and it was all because of him, so he didn't have the face to continue facing Ye Han.

The phone rang twice, and after the other side picked up, Ye Han only said one sentence before hanging up; "Haibin, come to XXXX on Nanjiao Road"

After hanging up the phone, Ye Han made another call to Yin Yifei and gave her a general description of the situation here, when Yin Yifei heard that her sister had almost been bewitched, she became furious and said; "Ye Han, wait, I'll bring someone over right away."

After the two phone calls were made, Ye Han looked at the youth and said; "You better pray that Tang Haibin is willing to bail you out, otherwise, you will definitely pay the price today, I am a man of my word, I will never joke with people."

At those words, the youth who was grunting in pain had a bad feeling in his heart, he had healed himself as the mayor's nephew, Tang Haibin's cousin, and had been making his presence felt in Shanghai City, even the other gentry in Shanghai City would give him some face when they saw him, not for any other reason, because he was Tang Haibin's cousin, and Tang Haibin was Ye Han's best brother.

With this kind of status, there were very few people who did not give him face in the circle of the rich second generation in Shanghai City.

However, in fact, only he himself knew that if Tang Haibin really knew what he had done, not to mention protecting him, it was possible to beat him to death.

As Ye Han finished smoking a cigarette, the first to arrive was Tang Da Shao, the sound of tyres scraping resounded on the main road, then, Tang Da Shao stepped down from the car and walked directly towards Ye Han, but his eyes still saw the youth lying on the roadside, the next moment, Tang Da Shao's face suddenly looked unattractive.

“Hanzi, what’s wrong, did this bastard mess with you?” Big Boss Tang asked with a sullen face.

Ye Han said; “Hai Bin, he hasn’t messed with me, he’s just borrowing your name and mine to do something naughty, this reporter Yin you should still remember, this cousin of yours is using dirty tricks on people, more importantly he’s doing this under your name and mine, what do you think, what should I do with him?”

At these words, Tang Haibin’s face became even more gloomy, using his name and Ye Han’s name to do naughty things, not to mention that Ye Han wanted to dispose of him, if it wasn’t for the fact that we were relatives, Young Master Tang himself would want to do it to him personally.

He walked straight to his car and took out a baseball bat. In that youth’s frightened eyes, he swung the bat and smashed it down fiercely.

When Yin Ruonan saw this, she hurriedly turned around and covered her little niece’s eyes, afraid that this scene would scare her.

However, after this stick landed on Big Shao Tang, he didn’t stop, taking the baseball bat to the youth one after another.

“Bastard, you don’t have any ability of your own farts, but you still take the name of me and Hanzi to do nonsense, today I will waste you, save you from coming out to cause trouble in the future

“Ouch cousin, don’t, I know I’m wrong, Ouch! Let me go, I’m your own cousin!”

“Shut the hell up, I don’t have a cousin like you.”

Great Shao Tang was furious, borrowing his name, he wouldn’t be so angry even if he knew about it, but Ye Han was different, he had the fame he had today because he had fought his way through bloodshed step by step, he wouldn’t allow anyone to tarnish Ye Han’s name.

If there were scales in the heart of Tang Da Shao, then Ye Han was undoubtedly his scales!

Fortune Chapter 373

After a severe beating by Tang Da Shao, that young man is completely ruined, even if he is cured, he can only spend the rest of his life in a wheelchair, as for marriage and children, I am afraid it is impossible, just now Yin Ruonan those few kicks, broke his roots.

He threw away the baseball bat in his hand and looked at the young man who was lying on the ground with a cold face.

Ye Han threw a cigarette to Tang Da Shao, said; “Hai Bin, although he is your relative, but I still have to say, you did a good job, we secretly fought for something, not for others to corrupt, if we do not teach him a lesson today, he will have a second time, a third time, or even keep on cycling, when the time comes, do not know how many women to be spoiled by him.”

“Hanzi, I know.” Tang Haibin nodded and said; “Don’t worry, I’ll take care of this matter, in the future, if there’s anyone else in Shanghai City who uses your name and mine to harm people, I, Tang Haibin, will absolutely tear him up, your fame is something you’ve made yourself step by step, it can only belong to you, it has nothing to do with anyone else half the time.”

“Come on, you guy don’t need to give me high hats, isn’t what’s mine what’s yours?” Ye Han gave Tang Da Shao a punch, he could kneel down to Nalan Perisher for Tang Da Shao, so he wouldn’t mind sharing his fruits with Tang Da Shao.

At those words, Tang Da Shao grinned, however, Ye Han still noticed a touch of bitterness and remorse in his eyes.

Ye Han patted his shoulder and continued; “Hai Bin, think about some things, you can’t be blamed for things that are not in your control, moreover, would I, Ye Han, blame you? Even if the world blamed you, Tang Haibin, for making me lose face, I wouldn’t blame you, because we are brothers.”

“Hanzi, I know, but I hate it!” Tang Da Shao’s voice seemed a little trembling, after returning from Yanjing City, his mind often recalled the scene where Ye Han knelt for him under the sky for Nalan Perisher, even his dreams sometimes woke him up, so he hated himself, hated himself for making his best brother lose his dignity and become a laughing stock in the eyes of the world.

“Think positive, no one can help you if you can’t get past yourself.” Ye Han said; “Once a friend at Fudan University said to me, if you want to be a dragon or elephant in the sky, you must first be a cow or horse, every big man rose from the bottom, they have also bowed down, suffered losses, fallen for tricks, behind every successful person is not smooth sailing, what I have experienced, others before me have also experienced, this is a shame and a lesson for me, don’t worry, one day we will set foot in Yanjing again to get back the lost dignity, to get back everything.”

“Haha, good, Hanzi, remember to call me on that day, I want to personally piss on top of Nalan Mietian’s head, so that he can taste what it’s like to be humiliated.” Young Tang laughed wildly twice, and there was astonishing anger in his eyes.

At this moment, Yin Yifei arrived, and following him were two bodyguards trained by the Tianlong Group.

“Yifei.”

“Sister, are you alright?” Yin Yifei walked over and held her sister’s hand, asking with a concerned face, after hearing Ye Han talk about what had happened over here, she immediately put down all the things in her hands and ran over directly.

“Sis is fine, fortunately Ye Han is here.” Yin Ruonan shook her head.

Seeing that her sister was really alright, Yin Yifei put her heart down, her gaze indifferently glanced at the youth lying on the ground, unaware of his life and death, then said to Ye Han; “Ye Han, this happened today thanks to you, otherwise I really don’t know what would have happened later.”

Ye Han laughed; “Not to mention being friends with your sister, even for the sake of you working for me, I still have to help.”

After saying that, Ye Han said to the two bodyguards; “You guys put out the word in Shanghai City in my name that if anyone in Shanghai City borrows my name to do something naughty in the future, then I, Ye Han, will definitely not let him go.”

“Yes, Young Ye.” The two bodyguards answered in unison.

“Right, Ye Han, I happen to have something to report to you, there is a situation over at Han Yan.” Yin Yifei said with a gruff brow. Upon hearing this, Ye Han’s eyes went cold as he said; “Let’s go, go to the Tian Long Group, you can carefully give me an account of the situation.”

Subsequently, Ye Han let the two bodyguards drive his car to take Little Qingcheng back to the villa, Young Tang himself carried the youth to the car and left, Ye Han got into Yin Yifei’s car to go to the Tianlong Group, but also went with Yin Ruonan and her little niece.

The company’s main business is to provide a service to the public.

When they arrived at Tianlong Group, it was already half past five, and apart from the necessary guards and overtime employees, all the other staff of Tianlong Group had already left work, making the large company seem somewhat clean.

After entering the office, Yin Yifei asked her secretary to make a few cups of tea and then went straight to the point, saying; “Ye Han, Han Yan and the girls have encountered trouble over there. Moreover, there is still violence going on in the dark, and the bodyguards protecting Hanyan and the girls have already sacrificed one.”

At these words, Ye Han’s eyes went cold as he said; “When did this happen?”

The bodyguards sent to protect Xie Hanyan and the girls were all experts of the Peiyuan realm, to have them sacrifice one, Ye Han keenly smelled that there was something uncomplicated here, definitely not just business competition, secretly, there was most likely an underground force involved.

Yin Yifei said; “It happened today, after Han Yan told me about the situation over there, I originally wanted to report this to you, but I didn’t expect that my sister would have this incident.”

Ye Han said; “The matter here is not a simple business competition, Yifei, you inform Hanyan and the girls, don’t bother with Wen Chao Group these days, protect yourself most importantly, let the people in the shadows make as much trouble as they like, when I finish the matter at hand, I will personally go to Huazhong.”

“Good, I will inform Han Yan and the girls of your words, yes, there is one more thing, a huge amount of money suddenly appeared in our Tian Long Group’s account, do you know about this?” Thinking about this matter, Yin Yifei immediately asked Ye Han, at first she thought that Ye Han had injected this fund into the account of the Tian Long Group, but after thinking about it carefully, she thought it was impossible, because Ye Han could not have taken out so much money at once, and the Tian Long Group was not short of money now.

“The funds, how much is there?” Ye Han asked curiously.

Yin Yifei stretched out five fingers and said; “A whole fifty billion!”

Fortune Chapter 374

Fifty billion!

Hearing this figure, Ye Han was shocked, even if he sold all his assets, they would not be worth this much money.

After thinking carefully, Ye Han's eyes lit up, perhaps he already knew who had done this.

Ye Han said to Yin Yifei; "Yifei, let this money be saved for the time being, if the Tianlong Group needs it, feel free to use it, yes, give half of it to Yun'er's side.

"Okay." Yin Yifei nodded, but she never understood where the source of this large sum of money was. But if Ye Han didn't say, she wouldn't ask more, and when the matter was all said and done, Yin Yifei looked at Ye Han and said; "It's getting late now, how about I treat you to dinner? It just so happens that my sister is also here, let's join together."

Upon hearing this, Ye Han looked at his watch, after talking with Yin Yifei, it was already past six o'clock, and he was afraid that his sister Ye Qing and the girls were all waiting for him to go home for dinner.

"No, Yifei, next time, I'll treat you next time I have time." Ye Han said.

Hearing this, Yin Yifei's face clearly had a look of loss, when Ye Han had time, she didn't know how long it would be until? After that, she smiled and said; "Alright then, I remember your words, you must treat me when you have time, I sell my life to you, a landlord, you must treat me, a bitter person, at least, right? Otherwise, I'll quit one day."

"Tian Long Group can't do without you." Ye Han laughed; "When I'm done with the matter at hand, I'll definitely treat you then, that's all for today, I'll go back first."

After leaving the Tian Long Group, Ye Han stopped a taxi and rushed towards his home, he had promised Ye Qing and the girls that he would accompany them to dinner tonight, so he couldn't break his promise.

On the way back, Ye Han dialed Old John's phone number, Old John had given him such a big gift, so he had to thank him properly.

"Haha, Ye, do you still like the gift I gave you?" On the other side of the phone, Old John said with a big smile as soon as he picked up the phone, he could naturally guess what Ye Han was calling about, Ye Han laughed; "Old John, thanks a lot, but this gift from you is too heavy, I haven't even had a chance to thank you properly for helping me to stop that stock market battle."

"Ye, you and I do not need to be polite, not to mention this time to help you out, I myself also made a big profit, those dozen companies in southern China is very rich, originally acquired their shares in the stock market, if you have talent on hand, you can completely take these companies for yourself, but unfortunately, your hands are short of people, I can only sell these shares." The battle in the stock market involved more than a dozen listed companies in the south, and these companies were spread across all walks of life, originally Old John had already hedged the shares of these companies, so he could just make an acquisition, but Ye Han simply did not have the talent on hand to use.

After talking to Old John on the phone, the taxi had already stopped at the gate of the Hai Sha Villa area, Ye Han paid the fare and walked towards his home. He didn't have to worry about any conspiracies, bloodshed or killings.

After Ye Han walked inside the villa, Ye Qing and the girls were already waiting for him, and a large table of dishes had been reheated.

“Hmph, you brat belongs to the grandfather, a large group of people have to wait for you to come back before they can eat.” When he saw Ye Han walk in, the scruffy old dao who was already sitting at the dining table had a displeased face, he had been hungry for more than an hour just to wait for Ye Han, although with his realm he would not be hungry without eating for ten days and half a month, but not being able to move when the food was in front of him, no matter whose heart is itching.

Ye Han sat down beside the scruffy old dao and laughed; “Old man, I haven’t said anything about you yet, the little tiger, where have you taken it?”

After these words, a white figure immediately scampered onto Ye Han’s lap and even arched on the small of his back.

Seeing this, the scruffy old dao bristled and said; “Where did you get this little thing from? It’s not simple!”

Before Ye Han could say anything, Zhao Youyou said; “Alright, Grandpa Dao, Brother Ye has returned, let’s talk while we eat, otherwise the food will get cold later, do you still want to eat?”

Upon hearing this, the scruffy old Daoist grinned and said; “It’s still Yoyo, the girl director, who knows that your grandpa Dao is hungry, eat.”

Afterwards, a large table was opened and at the table, Ye Han asked as he ate; “Old man, this little thing has been carried by you for a few days, can you tell what kind of strange and exotic object it is?”

The scruffy old dao took a sip of his own strong wine and put a piece of roast pork in his mouth, saying vaguely; “Anyway, this little thing is not simple, perhaps, one day in the future you will be able to see its real face, kid, getting it is considered you stepped on your luck, treat it well, you will definitely not lose, perhaps... Maybe...”

“Maybe what?” Looking at the scruffy old dao who wanted to say something but stopped, Ye Han asked curiously.

“Nothing, Old Dao, I’m full, you guys take your time.” After saying that, this old fellow walked out with a shake, while walking, he was also drinking wine, for the character of the scruffy old dao who liked to speak half-heartedly, Ye Han had already seen it strange, but from the mouth of the scruffy old dao, Ye Han also knew that the origin of the little tiger was definitely not simple, even the scruffy old dao was jealous of something and did not dare to spill it all out.

“Could it be that the Four Great Sacred Beasts are going to appear in this era?”

On top of the building, the scruffy old dao looked at the night sky, his fingers were constantly counting something, making him frown and worry at times, the four sacred beasts, the black dragon, the white tiger, the vermilion bird and the xuanwu, these four divine creatures that existed in ancient China have always belonged to the legends, keeping intact the historical records can be said to be like a phoenix’s hair today, all along, people have only treated these four sacred beasts as an illusion conceived by the ancient people. The Four Sacred Beasts have always been regarded as imaginary creatures conceived by ancient people.

It is only that the Four Sacred Beasts rarely appear in the world, and people simply do not believe that they are real.

The next day, Ye Han took the little tiger to Xijiang, with this little thing on the side to help, the extermination of Jiang Yutang was not a problem at all, the matter of East China could not be delayed any longer, it must be solved as soon as possible.

Fortune Chapter 375

“Little Han, you brought this little fellow, this is great, we don’t have to worry about anything at all when dealing with Jiang Yutang.”

Looking at Ye Han carrying the little tiger to Xijiang, Sun Buwei and Zhou Lie who had seen the strength of the little tiger were all smiling, the Four Heavenly Dragon Generals were also all looking at the little tiger with great fear, having spent most of the year inside the forest with this little thing, they knew how powerful this little thing was.

Those monsters inside the forest did not dare to resist in front of it and let it tease and play with them.

Ye Han smiled and asked; “Elder Sun, there is no movement over at Jiang Yu Tang, right?”

Sun Buwei shook his head and said; “Ever since the time that Tian Long General and the four of them returned with injuries, Jiang Yutang has been acting very calmly, even if he knows that we are in Xijiang, he has not taken the initiative to make a move against us, he should want us to take the initiative to come to him.”

At these words, Ye Liang smiled; “In that case, we can’t let him down either, if he wants us to take the initiative to find him, then we will go and settle the score with him personally, Sun Lao, gather the Heavenly Dragon Guards and attack Blood Hand Hall this evening.”

Hearing these words, the faces of the people inside the room were all filled with a stern and murderous aura, tonight, it was the time for them to fight with Blood Hand Hall, perhaps, after tonight, there would no longer be a Blood Hand Hall in East China, and the former hegemony of the underground world in East China would definitely become a thing of the past.

As the night approaches, the outside of the Blood Hand Hall Villa is very quiet. This is a suburban hilltop area where no one else comes except the Blood Hand Hall.

Inside the main hall, Jiang Yutang and Hatakongzhi sat facing each other, and behind Jiang Yutang stood the white-faced warlord and Jiang Xiaofeng.

“Jiang Yutang, how much longer do you want to wait like this? I don’t have the time to stay here with you, why don’t I just go down and kill him for you, so that I can go back to the Ghost Market earlier?” On the opposite side of Jiang Yutang, Hatakongzhi said with an impatient look on his face.

Jiang Yutang laughed and said, “Old Mr. Hatou, why are you in such a hurry? If you can handle him alone, I will naturally agree to let you kill him. But what I want to tell you is that there are more than a dozen experts like this around that boy, and if they join together, Mr. Hatake, even if you can kill that boy, you yourself will probably pay a price.”

At these words, a cold light flashed in Hatakongzhi’s eyes, did he want to continue to spend time here?

Jiang Yutang continued; “Old Mr. Hatake, we can’t be in a hurry if we want to kill that brat, and to kill him, you and I must work together to be absolutely sure, this is also for your safety and mine.”

“Do I have to wait with you guys like this forever?” There was clearly some displeasure on Hatakonji’s face.

“Soon, I don’t think it will take long for that kid to make his move.” Jiang Yutang smiled faintly, a murderous look in his cold-blooded eyes, but after these words were said, his and Hatsukong Chi’s gazes looked beyond the mountain at the same time.

“Here it comes!” The next moment, the sturdy iron door into the mountain manor was blown open by a terrifying force, smashing fiercely onto the square in the middle of the mountain manor, and even the two Blood Hand Hall experts guarding the door were blown away, landing on the ground with no sound long after. After landing on the ground, there was no sound.

In less than ten seconds, hundreds of people gathered in the square, holding sharp weapons and staring coldly at Ye Han, these were the last armed forces of the Blood Hand Hall.

At this time, Jiang Yutang as well as Hatakongzhi also came out from the main hall in the middle of the mountain manor, their gazes locked, their eyes were divided, the cold corn of murderousness intertwined in this night sky, causing the whole heaven and earth to be filled with a solemn aura.

“Hahahahaha, Ye Han, how dare you run yourself to your death, then today I will completely exterminate you and make you disappear from this world.” Jiang Yutang stepped forward, a frightening scarlet glint flashed in his arrogant eyes, and then his hand had clenched into a fist, ready to launch a terrifying attack at any moment.

Ye Han hugged the little tiger and looked at Jiang Yutang with a calm face and said; “Jiang Yutang, it is not certain who will live and who will die tonight, don’t be too happy too early, lest the final ending will be too disappointing for you.”

“Disappointed? Ye Han, I think you are the one who should be disappointed tonight.” Jiang Xiaofeng looked at Ye Han with a fierce face and said; “When you die, I will definitely draw your tendons and drink your blood, in addition, I will also go to Shanghai City and greet all those women who are related to you, making them my sex slaves for the rest of their lives and only at my disposal.”

Ye Han’s gaze flashed with a terrifying murderous intent as he stared at Jiang Xiaofeng and said; “After letting you live for so long, it’s time to send you to report to hell tonight, neither of you, father and son, will live tonight.”

“Jiang Yutang, is he the young man you are talking about?” At this moment, Hatsukunji’s gaze was cast on Ye Han’s body, Jiang Yutang nodded beside him, then, Hatsukunji sneered and said; “Since he came to send himself to death, it’s just as well to finish him off earlier, do it.”

Jiang Yutang’s eyes were cold, and then he bellowed; “Kill!”

As the word fell, the bloody battle began, as Jiang Yutang and that Hatakongzhi pounced over, Ye Han fiercely threw the little tiger up into the mid-air, then, a terrifying beast roar that shook the entire night sky passed out like thunder, there was an extremely terrifying pressure in that rolling sound, moreover, that kind of sound wave power was also very terrifying, only to see that after some of the experts of the Blood Hand Hall heard this kind of sound They collectively vomited blood and turned pale.

In the middle of the sky, the little tiger had already transformed into a powerful king of all beasts, resembling a flying tiger, with its two pairs of white wings beating the sky, causing the heaven and earth to be gusty.

Seeing this scene, the experts of the Blood Hand Hall were dumbfounded with fear, what kind of monster was this? At this moment, even Jiang Yutang and Hatakongzhi were shocked, they stopped moving and looked at the strange tiger-like creature in the night sky, from its body, whether it was Jiang Yutang or Hatakongzhi, they all felt an extremely dangerous signal.

“What a strange creature, Jiang Yutang, I’ll deal with this beast, I’ll leave that kid to you.” The little tiger’s strange transformation had aroused Hatakongzhi’s great interest, only to see him rise up in the air, the weapon in his hand was a nine-clawed hook, if he was injured by this thing, he would have to shed his skin even if he didn’t die.

Fortune Chapter 376

When he saw that Hatakongzhi had gone to deal with the beast, Jiang Yutang’s face looked very ugly. If he could deal with Ye Han’s group of experts alone, would he still need to ask Hatakongzhi to help him out?

The tiger-like fae was very powerful and someone had to face it, so Jiang Yutang could only face Ye Han and the others alone at this moment.

“Hall Master Jiang, tonight, it seems that you have missed the mark again.” Ye Han coldly smiled, immediately, he waved his hand, Silly Ben, Sun Bumo, Zhou Lie as well as the Heavenly Dragon General and several Heavenly Dragon Guards all blasted towards Jiang Yutang, the whole twelve experts dealt with him at the same time, Ah Jun did not make a move against Jiang Yutang, back then, Jiang Yutang had destroyed his whole family, now, he would also destroy Jiang Yutang’s roots as a way to avenge his hatred.

“No!”

Seeing Ah Jun coming towards him, Jiang Xiaofeng was terrified and hurriedly threw the white-faced warlord standing next to him towards Ah Jun in order to stop him, but how could Ah Jun’s ruthlessness be stopped by Jiang Xiaofeng, the white-faced warlord was directly blown away by his fist, and that terrifying power landed on the white-faced warlord’s body, sending him to his death with a single punch.

This, I am afraid, the white-faced warlord never dreamed that he would end up in such a way, Jiang Xiaofeng did not treat him as a human being at all, in fact, it was also true, whether it was Jiang Yutang or Jiang Xiaofeng, the white-faced warlord in their eyes was just a pawn that could be used, after no use, it was the time for him to die.

When he saw how fierce Ah Jun was, killing the White-Faced Warlord with a single move, Jiang Xiaofeng was scared out of his wits and hurriedly fled towards the main hall, unable to summon up the will to fight against this ruthless and fierce man.

But how could Ah Jun let his enemy’s son escape? His body technique unfolded and he swept through the night sky, smashing his fist down from the sky dome, as domineering as a mountain.

“Don’t, spare me ……” looking at Ah Jun with a murderous look on his face, Jiang Xiaofeng once again felt the fear of what it means when death comes, facing Jiang Xiaofeng’s plea for mercy, Ah Jun said with a cold face; “Back then, my family had also begged Jiang Yutang in this way, but, he did not choose to give them a way to live, so, today, I will not give you a way to live either, suffer death.”

After saying that, Ah Jun’s fist came down furiously, that punch made Jiang Xiaofeng’s chest dented, staring with a pair of bull’s eyes, and returned to the embrace of death.

After killing Jiang Xiaofeng and the white-faced warlord, Ah Jun also joined the fight against Jiang Yutang. Right now, there were thirteen experts working together against Jiang Yutang, and in addition, the two Heavenly Dragon Guards had also killed the Blood Hand Hall’s experts and routed them, and the only one left above the entire square who had not made a move was Ye Han.

Ye Han stood in the square and watched the battle between Little Tiger and Hatakongzhi for a while, he also put his mind at ease, he was really afraid that this little thing could not take the old man, but judging from the battle situation at the moment, the battle between Little Tiger and Hatakongzhi was half a catty, but looking at Little Tiger’s lazy appearance, Ye Han doubted that this little thing might not have done its best yet.

Without any worries, Ye Han drew out the Dragon Spring, his gaze looked indifferently towards Jiang Yutang, and in the next moment, a shockingly bright sword swept across the night sky, as if a burst of silver light illuminated the night at this moment.

Jiang Yutang, who had not yet fully recovered from his injuries in Jiangzhe, was unable to fight against Foolish Ben and the Heavenly Dragon Guards at this moment, and every time he collided with them, Jiang Yutang felt his Qi and blood in his body tossing and turning.

This time, Jiang Yutang had miscalculated again. No, to say the least, Jiang Yutang had prepared well enough, but his mistake was that he shouldn’t have exposed the trump card of Hatakongzhi too early. The exposure of Hatakongzhi caused the vigilant Ye Han to immediately return to Shanghai City to bring help, and he didn’t want to fall at this last step.

So, this is what led Jiang Yutang to this step, one wrong step, one wrong step, and the price to be paid in the end is extremely horrible, and Jiang Yutang is now paying the price for the mistake he made.

He hurriedly took a step across and narrowly avoided Ye Han’s sword, but after he avoided Ye Han’s sword, Jiang Yutang suffered an even greater blow, only to see that in several directions around him, Foolish Ben, Sun Buwei, Zhou Lie, the Four Heavenly Dragon Generals and the Heavenly Dragon Guards struck out at him, one punch after another.

Poof!

Suffering such heavy blows, even as strong as Jiang Yutang could not withstand it and spurted out two consecutive mouthfuls of fresh blood.

“Ye Han ……”

A shocking hatred spread out from Jiang Yutang’s body, like a shocking wave, after decades of straddling the underground world, why would he lose to this young man again and again?

This question, Ye Han did not give Jiang Yutang extra time to consider, his body technique unfolded, Wudang Stepping Cloud Stance allowed him to make a series of phantom shadows under the night sky, the terrifying sword aura gulped with a compelling cold light, in Jiang Yutang's surroundings, it seemed like there were many Ye Han killing his body at the same time.

Of course, while Ye Han was striking, Silly Ben and the others were also striking, as Ye Han alone would not be able to take Jiang Yutang, they had to combine their efforts.

All around them, terrifying attacks fell towards Jiang Yutang's body one after another, and the void around them trembled terribly, as if the whole heaven and earth were shaking because of their attacks.

In the face of this incessant, storm-like strike, Jiang Yutang bellowed, his fists sweeping in all directions, across the heavens and the earth, incomparably fierce, but even though Jiang Yutang was fierce and invincible, he could not stop the combined attacks of a dozen experts, and soon revealed many fatal flaws.

On the other side, Foolish Ben, who was holding the Crescent Moon Blade, also slashed across the sky, and his forceful slash was filled with a heavy and overwhelming aura.

The two of them, one on the left and one on the right, made Jiang Yutang's hands come out in unison, using his iron fist-like palms to resist Ye Han's and Foolish Ben's attacks, but at this moment, Sun Buwei and the Heavenly Dragon Guards and others all struck out in unison, with more than ten people and more than twenty fists all landing on Jiang Yutang's body.

Boom, boom, boom, boom!

A series of terrifying blows came out from Jiang Yutang's body, suffering such blows, Jiang Yutang's body seemed to be torn apart, his clothes were all torn apart, his mouth spat out fresh blood, and his whole body fell down on its back.

Jiang Yutang was dead!

Fortune Chapter 377

Jiang Yutang was dead!

Looking at Jiang Yutang, who had fallen to the ground, the crowd was relieved to see that this great man was finally dead, Jiang Yutang was very powerful, even if he was wounded, he still managed to block the attack of more than ten of them for ten minutes.

With the death of a great lord, the underground world of Eastern China officially belonged to Ye Han.

After tonight, in Eastern China, there will be no more Jiang Yutang, no more Blood Hands, only one name; Ye Han!

If he didn't kill Jiang Yutang, Jiang Yutang would end up killing him and even the people around him, that was how cruel the underground world was.

However, although Jiang Yutang was dead, the battle was not yet over for the night.

In unison, the eyes of the crowd looked towards Hatakongzhi who was fighting with the little tiger, one man and one beast, their attacks were very terrifying, even more fierce and intense than Jiang Yutang's attacks.

They saw the little tiger's sharp claws shattering the void and clashing hard with the nine-clawed hook in Hatakongzhi's hand, resounding like a clash of gold and iron, echoing throughout the night sky for a long time.

However, probably because it saw that Ye Han and the others had finished fighting, the little tiger suddenly became brave at this moment, after roaring furiously, the aura on its body changed drastically, becoming even more fierce and terrifying than just now, that terrifying sharp claw slapped out, snorting and tearing sounds came from the air, this claw of its had torn through the air, extremely terrifying.

Sensing the change in the little tiger's body, Hatakongzhi's face changed, and he hurriedly swung out the nine-clawed hook in his own hand, turning into a silver light to attack and kill.

Boom!

After the sharp claws collided, the Nine Claw Hook in Hatakongzhi's hand suddenly rebounded back towards his own position, the powerful force caused him to all back up in quick succession, a scarlet colour appeared on his pale face, and his breathing became shortness of breath.

"Add some fierce ingredients to this old fellow." Seeing this, Ye Han sneered as he himself was the first to burst towards Hatakongzhi, Silly Ben and the others swept over with him, and in the next moment, together with Little Tiger, an overwhelming attack immediately enveloped Hatakongzhi's surroundings.

Sensing the terrifying aura around him, Hatakongzhi's face changed drastically, and after a hard clash with Little Tiger, his body suddenly retreated, directly blowing away the Heavenly Dragon Guard experts who came in his way along the way.

"Count on this old brat to run fast."

Seeing Hatakongzhi flee, Zhou Lie's face had a murderous look on it, just now he had been blown away by Hatakongzhi and the Qi and blood in his body were all still churning and had not calmed down.

Sun Bu Mian said; "If I guessed correctly, this person should be one of the four legendary figures in the tomb raiding world, using the Nine Claw Hook as a weapon, he is most likely the Grave Plowing Ancestor Hatakongzhi."

"The Grave Plowing Old Man." Ye coldly laughed; "This old fellow has the appearance of a dead man's face, but it's best if he doesn't look for trouble from me in the future, if not, he will definitely let himself go lie down inside a coffin."

The destruction of Jiang Yutang and the destruction of all the forces of the Blood Hand Hall in one fell swoop, overnight, made everyone in the entire East China region know that the East China underground world had changed hands, and the Jiang Yutang of that year had become a thing of the past, replaced by Ye Han, a young upstart.

The next day, He Yaozong and his men came to Xijiang with their men to accept all the assets that originally belonged to the Blood Hand Hall, everything went smoothly and without any hindrance, firmly in control.

All six provinces and one city in Eastern China were now under Ye Han's control. Of course, Taipei was also part of Eastern China, but Taipei was in a special geographical location and was an administrative region, so the underground forces on the mainland side had not yet extended there.

"Bastard, Ye Han, I will kill you, I will make you kneel in front of me like a dog and accept my judgment"

South China, the headquarters of the Heavenly Honor Society, Black Widow was the first to know that Ye Han had officially taken down East China tonight, even Jiang Yutang, the lord, had died by his hand, so she was furious, she hated why Ye Han could achieve excellent results every time, she hated Ye Han even more for killing three of her Heavenly Honor Society's experts in a row, causing the Heavenly Honor Society to be in the same situation as Blood Hand Hall was before right now.

With Jiang Yutang dead and Blood Hand Hall gone, there would be no one in Eastern China who could threaten Ye Han, so would it not be even more difficult for the Heavenly Dignity Society to enter Eastern China in the future?

"Madam, Heavenly Dignity will be leaving the gate soon, right now we should calm down and wait for everything to happen when Heavenly Dignity leaves the gate." Below the Black Widow stood an old Taoist, the old Taoist had a rosy face, long hair tied, and a compassionate look in his eyes, but it was this old Taoist who appeared to have a compassionate heart was an unblinking expert who killed people.

Within the experts of the Heavenly Dignity Society, apart from the Heavenly Dignity of Southern China, Huo Tianzun, the most powerful person was this old Dao, Ci Mei Vajra!

"Ci Mei, how much longer before Heavenly Dignity leaves the gate?" The Black Widow let out a deep breath, trying to stabilise her angry mind.

Upon hearing this, Ci Mei Vajra said; "Back Madam, at the latest a month, at the earliest half a month Tian Zun will come out of seclusion, this time out, Tian Zun's strength will definitely rise to a higher level, then it won't be too late for us to settle the score with this Ye Han."

"Good, I will wait for a few days, by then I will cut Ye Han's lifeblood off with my own hands, only then can I relieve my hatred." The black widow's ten fingers were tightly clasped together, her way of venting her anger was gut-wrenching, recently, one to twenty men had already been cut off by her life-root, becoming eunuchs in the modern city.

.....

"I didn't expect Huadong to change hands so quickly, that boy is moving really fast." Southwest, Tai Gong Chen's house, at this moment, Tai Gong Chen's face was filled with a smile as he said; "The fact that he took down East China so quickly shows how much he hates the Northern Nalan family's brat, I think his next step will be to extend his hand to the entire South, only then will he be able to fight against the Northern Nalan family's brat to reclaim his lost dignity."

“Father, why are you so concerned about this Ye Han?” Below, Chen Tianxing, Tai Gong Chen’s eldest son, looked at him and asked in disbelief.

“Because we both have a common enemy with him.” A strong cold intent emanated from Tai Gong Chen’s eyes as he said; “Right now, Ye Han’s talent is obvious to everyone in the world, he is the actual first genius in the martial world, if he grows up, he will be very terrifying, so we should invest in him and help him take the south, when he goes north, it will be the time for him to deal with the Nalan family and deal with Huangfu Qi Tian, on this point on which we and he can agree.”

Fortune Chapter 378

The Chen family, originally a famous family in the north, inherited the Eight Extremes lineage, and Chen Taigong had even evolved the essence of the Eight Extremes to an extraordinary level, and even among the Eight Extremes Sect, few could match him, but although the Chen family was strong in the north, they were not the strongest.

For the sake of the tomb tattoo, Huangfu Qitian once personally went to the Chen family and took it away in a dignified manner. That time, Tai Gong Chen and Huangfu Qitian had a battle, but Tai Gong Chen lost and was expelled from the north by Huangfu Qitian and came to the south to keep a low profile.

So, to say who Tai Gong Chen hated the most, then it was undoubtedly Huangfu Qitian.

And who did Ye Han hate the most, naturally it was Nalan Mietian, Huangfu Qitian’s disciple, and in this respect, both Ye Han and Chen Taigong had a common enemy.

“Father, what do you want us to do?” Chen Tianxing looked at Chen Tai Gong and asked.

Upon hearing this, Chen Tai Gong said; “Since he has already taken down East China, it proves that he does have some ability, in that case, let’s help him out and keep a close eye on his next move to see where his sword is pointing?”

“Yes, Father.”

.....

“Mr. Ye, now that East China is completely under our control, the industries that Blood Hand Hall used to be involved in are also completely under our control, and I have done some preliminary calculations, just the nightclub alone can make us two billion a year, and if we include Blood Hand Hall’s other industries, we can make at least ten billion a year.” In the middle of the Blood Hand Hall’s mountain villa, He Yaozong and the others said to Ye Han.

Here, it was no longer the Blood Hand Hall’s headquarters, but Ye Han’s temporary residence.

After saying this, He Yaozong presented a bank card to Ye Han and said; “Mr. Ye, the money in here is all the money that Blood Hand Hall has earned over the years, although there is not much left, it is still several tens of billions.”

Ye Han put the bank card away, letting He Yaozong and the others manage the underground world in East China was enough to make them earn money in the future, right now these things naturally

belonged to him, of course, Blood Hand Hall's former industries must still have his share of the profits before they could be used.

Ye Han said; "Several leaders, this matter of Blood Hand Hall's industry is something you guys can look after yourselves, how you manage it is your business, I don't want much, 50/50, 50/50 for you guys, 50/50 for me."

Hearing this, He Yaozong and the others were overjoyed, not only did Ye Han exempt them from the survival fee and let them take control of the underground world in East China, he also gave them a 50% dividend on the Blood Hand Hall industry, this was a great blessing, they originally thought that after accepting the previous industry of the Blood Hand Hall, they would just be a steward, where did they expect that Ye Han would actually give them a dividend.

"We pledge our allegiance to Mr. Ye to the death!" He Yaozong said as the four of them knelt down on one knee.

"Alright, there is no need for us to see each other, you are all bent on following me, and I, Ye Han, am not that kind of white-eyed wolf, it is beneficial for everyone to earn." Ye Han said; "Right, you guys manage the underground world in East China, I have one more requirement, no drug involvement, if anyone sells drugs under my nose, don't blame me for turning my back on you."

He Yaozong said; "Mr. Ye, please don't worry, in East China, if anyone dares to get involved in drugs, without your explanation, the four of us will definitely kill him."

"That's good, right now Huadong is already yours, go and run the place well, the Huadong I want to see is a new type of Huadong."

Watching He Yaozong and the four of them leave, Zhou Lie asked; "Hanzi, now that we have taken over Huadong, with He Yaozong and the others managing it, shouldn't we go back to Shanghai City?"

Hearing Zhou Lie's words, Ye Han shook his head and said; "I'm just afraid that someone doesn't want us to relax so quickly, next, let's go to Central China, I'd like to see who is secretly dealing with me."

"Huazhong, did something happen to the people we went over there?" Sun Buwei asked with a frown.

"A bodyguard died." Ye Han said; "I think there must be someone in Huazhong who is secretly doing something, and, most likely, it's the underground forces in Huazhong, so we still have to make a trip to Huazhong."

"Then what are we waiting for, let's go to Huazhong now and take down the Huazhong underground world in one go if we have the chance." Zhou Lie said with a cold look in his eyes, those bodyguards of the Tian Long Group were all people trained by him and Sun Bu Miao, and the fact that one of them had died right now made them furious.

"Good, you guys have the Heavenly Dragon Guards prepare, let's head to Huazhong today." Ye Han nodded his head and clapped his hands.

After Sun Buwei and the others had all gone out, the phone inside Ye Han's pocket rang, he took it out and looked at it, then he smiled gently; "Yun'er, miss your husband?"

“Go, immodest guy.” On the other side of the phone, Zhou Yun’er rolled her eyes and said; “Some people have come back to Shanghai City without even saying anything, why should I miss him, why not just find another one, others don’t have me in their hearts anyway.”

“How dare you.” Ye Han said in a bullish manner; “Whoever dares to want you in this world, I’ll kill him.”

“Humph, overbearing guy, I won’t talk to you anymore.” Ye Han’s domineering love words made Zhou Yun’er very receptive and the depression in her heart dissipated, she said; “Let me tell you something serious, my dad is urging me to take a trip back, what do you have in mind?”

At that, Ye Han frowned and said; “Yun’er, when?”

Zhou Yun’er said; “Nothing specific, but let me go back in the near future.”

Ye Han rubbed his forehead and said; “Yun’er, give me half a month, after half a month, I will accompany you back, just as I want to see what my future old husband looks like?”

“Okay, then I’ll wait for you, by the way, you take more care of yourself out there.”

“Mm, don’t worry, I will.”

Hanging up the phone, Ye Han leaned his back on the chair and silently took out a cigarette and lit it, now at this time, things were really coming one after another, the matter of Huazhong, the matter of Zhou Yun’er, the matter of the Heavenly Dignity Society, these were all things that Ye Han had to consider properly, and probably soon, he would have to think even further and plan carefully.

In the afternoon of that day, Ye Han and the others flew to Central China.

Central China, there were three provinces, Lake Blue, Lake Name and River Blue, these three provinces made up this area of Central China, moreover, Central China was often combined with South China as the Central-South region, which was very close to each other.

Shaoyang City, a city under Hulan Province, inside the airport, Ye Han and his group of four people walked out from it, Tian Long Wei and his group had already arrived in Shaoyang City from other ways, Wen Chao Group was standing in this Shaoyang City, after Ye Han and his group walked out of the airport, a man with a rigid face had already walked towards them.

“Young Ye, instructor.” The man called out respectfully to Ye Han and Sun Buwei as they walked towards them.

Ye Han nodded and said; “Thank you for your hard work, take me to see Xie Xuan Yan, I need to know the specifics.”

Fortune Chapter 379

After the Tian Long Group’s bodyguard brought Ye Han and the others to the car, he said; “Young Ye, something is wrong with Miss Xie’s body, she should have been put under compulsion.”

Hearing this, Ye Han’s eyes went cold as he said; “There’s still this kind of thing, how come I haven’t heard Yin Yifei say anything about it?”

The bodyguard responded with an ugly face; "It was my subordinate who was not protective enough, please punish Young Master Ye."

Ye Han said; "Forget it, you guys are not to blame for this, the strength of the people in the shadows should be more than you can handle, how many days has Xie Xuan Yan been under the compulsion?"

"It was just after President Yin gave the order that Miss Xie felt something strange happen to her body, we checked for Miss Xie and realised that she had been unknowingly infected with the compulsion."

"Do you know what the name of this compulsion is? Who did it?" Ye Han asked.

The bodyguards shook their heads, they were limited in their abilities and that was all they knew.

As the car drove on the highway, Ye Han's face fell silent, Xie Xuan Yan had been struck by the compulsion, could it be that a compulsion-using expert from Central China had gotten involved?

The existence of these two families has made many people in the martial arts world fearful and defenceless. It is possible that without your knowledge, there is a small worm inside your body that sucks your blood, and it is also possible that without your knowledge, you have already fallen victim to some kind of illusion, some unimaginable means of the corpse-driving expert and become a body for him. The body that is driven by him.

Since Yin Yifei had conveyed Ye Han's words to Xie Xuan Yan, in the past few days, Xie Xuan Yan and the girls had done nothing, staying in the villa they shared every day, and they did not care about the matter of the Wen Chao Group, as the people in the shadows were making as much trouble as they liked.

But now Xie Hanyan's situation seemed to be a bit bad, because she was already lying on the bed with a wet towel on her head, her face was as white as a terminally ill patient, and next to Xie Hanyan, the three school girls, Zhang Yue Meng, Lin Feixue and Tao Yiran, were all here, and there were also two female cadets from Fudan University.

"Yue Meng, what should we do now? If this continues, I'm afraid that Hanyan Yan won't be able to hold on much longer." Looking at Xie Xuan Yan's situation at this moment, Lin Feixue said with an anxious face, Tao Yiran also said; "Han Yan's situation is dangerous, we must send her to the hospital for medical attention as soon as possible, if we delay longer, we are only afraid that the trouble will be bigger."

"Alright, Ye Han will be here soon, wait a little longer, everything will wait until Ye Han arrives." Zhang Yue Meng was naturally anxious about Xie Hanyan's situation, but she was calm and steady by nature, she would not show any emotions on her face, now that Xie Hanyan was down, she was the backbone, under no circumstances could she herself mess up first.

But just at this time, a knock sounded outside Xie Xuan Yan's room, Lin Fei Xue walked over and opened the door to see a bodyguard who had followed her to Hua Zhong and said; "A few ladies, someone from below is here, saying that he wants to see Miss Zhang, moreover, he also said that he has a way to help Miss Xie."

Upon hearing this, Zhang Yuemeng frowned and then said; "Fei Xue, Yiran, you two come down with me to take a look, Zhu Ying, Wen Jia, you two stay here and take care of Hanyan."

After saying that, Zhang Yuemeng took Lin Feixue and Tao Yiran downstairs, in the living room downstairs of the villa, at this moment, there was a fat middle-aged man with a big belly sitting, behind him, there were also two bodyguards with cold eyes standing, when Zhang Yuemeng saw this, he took Lin Feixue and Tao Yiran to sit down opposite the fat middle-aged man and said; "I wonder what this gentleman wants to see me about? Do we ever know each other?"

"Hehehe." The fat middle-aged man grinned, his gaze recklessly glancing at Zhang Yuemeng and the girls, and said; "Miss Zhang, my name is Wen Tao, everyone in the Shaoyang City Road calls me Master Tao, I am here to find you today for one thing only, to give up the Wen Chao Group and then leave Huazhong, if you agree, I can help you with that Miss Xie's illness. "

Upon hearing this, Zhang Yuemeng said with a cold face; "Mr. Wen, are you dreaming? The Wen Chao Group now belongs to the Tian Long Group, moreover, we obtained the controlling right through the formal legal channels, wanting us to give up the Wen Chao Group, you think it's just a matter of words?"

Wen Tao sneered; "Miss Zhang, I advise you to think carefully before answering me, Wen Chao Group is my family's property, no one can take it away, what's more, do you really not want that Miss Xie's life?"

"You're threatening me?" Zhang Yuemeng's eyes coldened, and then, the three remaining bodyguards inside the room tacitly stood beside that Wen Tao, as long as Zhang Yuemeng gave the order, they would make their move.

Seeing this, Wen Chao sneered and said; "Miss Zhang, since I dare to come, I will not be afraid of you, with these few bodyguards there is no threat to me, humph! If you don't know what you're doing, don't blame me, Wen Tao, for destroying the flowers with my spicy hands."

"It seems that the problem in Han Yan's body is caused by you secretly." Zhang Yuemeng's heart was furious, so were both Lin Feixue and Tao Yiran, Xie Hanyan's life was in danger right now, and they both hated to slash that fat man across the street.

"Miss Zhang, some things don't need to be made clear, I advise you to think about this matter, maybe, maybe that next Miss Xie is you." Wen Tao sneered, then he stood up and continued; "Miss Zhang, in advising you, this is Central China, not East China, even if it is Ye Han standing behind you, I will not be afraid of you."

"Is that so? If you have the guts, you can repeat what you just said, I have deaf ears, I didn't hear you too clearly." At this time, outside the villa, Ye Han came, his eyes cold as ice as he gazed at that Wen Tao, and walked straight towards him.

When Zhang Yuemeng and the girls saw this, they were happy and at the same time, their hearts were fiercely relieved, Ye Han had finally arrived, so the pressure on them could finally be relieved.

The corners of Wen Tao's mouth twitched as he looked at the young man walking towards him, and his eyes immediately turned ugly, really speaking of Cao Cao, Cao Cao will arrive.

"What, are you mute?" Ye Han stood in front of Wen Tao's body, his 1.85m height looking at the 1.6m Wen Tao, like a giant looking down on an ant.

"Ye Han, don't bully people too much, this is Huazhong." Wen Tao said with an ugly face.

“So what if it’s central China?” Ye Han said coldly; “Since the compulsion inside Han Yan’s body was your doing, then you don’t have to leave alive today, silly Ben, drag it out and kill it.”

Fortune Chapter 380

“Ye Han, you dare?”

Hearing Ye Han’s words, Wen Tao’s face trembled and he hurriedly took two steps back, allowing the two bodyguards behind him to step forward, but since Ye Han had already said the words, there was no point in taking them back, moreover, Silly Ben was unconditional in carrying out Ye Han’s orders.

The two bodyguards were no match for the towering Foolish Ben, and were directly knocked out of the room by his body, and then, amidst the shock on Wen Tao’s face, Foolish Ben’s big hand squeezed his neck and lifted him up and walked out.

Not long after, Zhang Yuemeng and the girls saw Foolish Ben walk in, and as for Wen Tao, he was finished off by Foolish Ben without even making a scream, turning into a corpse lying outside the courtyard.

This Wen Tao dared to attack Xie Xuan Yan, and he used such a sinister method as compulsion, so Ye Han naturally could not allow him to live on, not to mention, this guy also came to threaten Zhang Yue Meng and the girls, so Ye Han could not keep him.

Looking at the two bodyguards who got up, Ye Han said coldly; “Take his corpse and go back, whoever is behind this, I will personally go find him.”

Hearing Ye Han’s words, those two bodyguards immediately left, facing this current overlord of the underground world in East China, that kind of intangible power emanating from them made them not even dare to breathe out.

In less than a minute, a person had died, Zhang Yuemeng and the girls’ faces were still a bit uncomfortable, after all, they had not been exposed to the kind of bloody killings in the underground world.

Seeing Zhang Yuemeng’s face, Ye Han knew that he had made a hasty decision and should not have mentioned those fighting and killing matters in front of these girls, but the fact that Xie Xuan Yan had been put under a compulsion made Ye Han’s heart very angry, and that soft-natured girl did not know what kind of torture she had been subjected to by that damned compulsion.

Ye Han said; “Schoolmate Zhang, take me to see Hanyan Yan.”

“Oh, okay, she’s upstairs, you come with me.” After reacting, Zhang Yuemeng led Ye Han upstairs, saying as she walked; “Ye Han, you guy is finally here, if you don’t come again, I don’t even know what to do.”

Ye Han said; “How is the situation with Han Yan?”

“Very bad, you’ll know later when you see for yourself.” As she spoke, Zhang Yuemeng opened the door to a room, and inside the room, Zhu Ying and Wen Jia, two girls from Fudan University, were taking care of Xie Hanyan.

Ye Han walked in and saw the girl lying on the bed who was as pale as paper, her lips were dry and cracked, and her whole body seemed to have lost a round of weight, Ye Han's heart ached, seeing Ye Han coming, Xie Hanyan, who still had a trace of consciousness, opened her mouth and called out in an incomparably hoarse voice; "Brother, Hanyan let you down."

"No, Hanyan, you did a good job, it was brother who was careless." Ye Han sat down on the edge of the bed and held Xie Hanyan's hand and said; "Hanyan, don't worry, with brother here, you will be fine."

A smile appeared on Xie Hanyan's face as she slowly nodded, at this moment she wanted to sleep so badly that she didn't even have the strength to speak, but she didn't dare to sleep, she was afraid that she would never wake up if she slept.

Afterwards, Ye Han uncovered the blanket and began to investigate the compulsion inside Xie Xinyi's body. Through the observation of the Yin Yang Dharma Eye, Ye Han saw that in Xie Xinyi's small abdomen, there was a worm the size of a fingernail lying quietly inside her flesh and blood.

Moreover, Ye Han also found that this worm was lying inside Xie Hanyan's body, although it did not seem to be moving, but the essence blood in Xie Hanyan's body was gradually being absorbed by this worm, every time it absorbed some essence blood, this worm would move forward and destroy Xie Hanyan's body step by step, in the end, if this worm was allowed to enter Xie Hanyan's heart, then, it would be the time for Xie Hanyan to die.

Right now, this worm was moving towards this step, and I was afraid that in less than three days, it would be able to enter Xie Hanyan Yan's heart.

Seeing this situation, Ye Han let out a sigh of relief, the situation had not reached the worst time, it was not a difficult task for Ye Han to get rid of this compulsion.

"Ye Han, how is Hanyan Yan doing?" Beside Ye Han, Zhang Yuemeng and the girls all stared at Ye Han and asked.

Ye Han said; "Everything is still in time, Sister Zhang, please untie Hanyan's clothes, I need to apply needles to her."

As he spoke, Ye Han had already taken out a row of golden needles wrapped in thick cloth from his arms, hearing Ye Han's words, Zhang Yuemeng and the girls blushed, so did Xie Hanyan, who had never been naked in front of a boy before, at this moment, she was in a nervous mood.

However, Zhang Yuemeng and the girls did as they were told, taking off Xie Hanyan's clothes in three strokes, exposing her naked back to Ye Han, who began to take out the golden needles and inserted them towards Xie Hanyan's back, which was white and smooth, with two beautiful collarbones below her neck.

However, at this moment, Ye Han was concentrating on Xie Hanyan, and he was concentrating on applying needles to Xie Hanyan. If he wanted to get rid of the parasite inside her body, he first had to apply the golden needles to protect Xie Hanyan's heart and veins, otherwise, once the parasite inside her body moved, it would become very troublesome.

After applying the needles, Ye Han began to channel his aura towards Xie Hanyan's body, and wrapped the parasite in his aura. Perhaps sensing danger, the parasite became restless and wanted to escape, but how could Ye Han let it do so?

After killing the parasite, Ye Han's finger cut Xie Hanyan's back, then a wound appeared, Ye Han used his aura to wrap around this parasite and slowly forced it out from the wound location.

Seeing that Ye Han had taken out a worm from Xie Xuan Yan's body, Zhang Yuemeng and the girls were all very shocked, how could there be such a thing inside Xie Xuan Yan's body? Of course, such a thing as a compulsion worm was something that Zhang Yuemeng and the girls naturally did not know about.

However, just after Ye Han took out this compulsion inside Xie Hanyan's body, inside a villa in Shaoyang City, a middle-aged man with a grim face violently spat out a mouthful of blood, after which, an incomparable venomous aura emanated from his eyes.

"Damn it! Who is it? Who killed my Heart Devouring Compulsion?"

The middle-aged man's fist clenched up tightly, the murderous aura in his eyes seeped out, the compulsion and the person who placed the compulsion were connected to the heart and soul, once the compulsion died, the owner of the compulsion would also suffer a backlash, if it was a powerful compulsion, then once the compulsion died, the owner of the compulsion would also die, of course, this kind of compulsion level was extremely high and terrifying, it was very difficult to refine it.
