Fortune Chapter 381

After resolving the parasites inside Xie Xinyan's body, Ye Han continued to use his spiritual qi to condition her body, Xie Xinyan's body was very weak now, so it would be bad if she took a big tonic instead, Ye Han's spiritual qi was just right for her body's various functions to recover quickly.

"Alright, schoolmate Zhang." After everything was done, Ye Han pulled out the golden needles, covered Xie Hanyan with the quilt and stood up, seeing that Ye Han had cured Xie Hanyan with these two strokes, Zhang Yuemeng and the girls all felt new and strange.

"Ye Han, I didn't see it coming, you're still a little miracle doctor." Zhang Yuemeng looked at Ye Han with an astonished smile.

Ye Han likewise laughed; "I know a little bit of medical skill, in the future, if you have any discomfort in your body, please feel free to look for me, I guarantee that I can cure your illness, moreover, I won't charge you a consultation fee."

"Oh, that's what you said, Feixue, Yiran, in the future, if we have any illness, he will be the royal miracle doctor."

Lin Feixue laughed; "That's not true, we work for him and sell our lives, our bodies are the capital, if he dares not keep his word, we'll give him the boot and quit, see where he can find someone."

"Ye Han, it just so happens that I am not feeling well these days, why don't you give me a look?" Tao Yiran's beautiful eyes fell on Ye Han's body and said with a teasing look. Upon hearing this, Ye Han glanced at her and laughed; "Senior sister Yiran, you are not sick, your relatives are here, remember to eat less raw, cold and spicy food, you will be fine in a few days."

After saying that, Ye Han left the room and walked towards the stairs, this matter of Wen Chao Group, he wanted to see who was behind it and against him.

Hearing this from Ye Han, Tao Yiran immediately blushed, but the fact that Ye Han could tell that her relatives were here at a glance still made her admire it in her heart.

When he came downstairs, Sun Buwei, Zhou Lie and Silly Ben were all sitting inside the living room, Ye Han came and sat down opposite them and asked; "Elder Sun, have you found out anything from the Heavenly Dragon Guard?"

Sun Buwei responded; "Yes, the one who is making trouble in the dark is an underground force established by the Wen Chao Group, but they are not strong, the one who really supports them is a compulsion expert, the bodyguard of our Tianlong Group was killed by the hand of this compulsion expert, but this compulsion expert is not something the Wen family can afford to hire, we found out that Wu's International is also involved in this. Although they did it very stealthily, they couldn't escape the investigation of the Heavenly Dragon Guard."

"Wu's International." Ye Liang smiled; "So this compulsion expert was hired by them for the Wen family?"

Sun Buwei nodded and said; “Exactly, this Wu International joined forces with the Wen Chao Group to make waves in the stock market last time, although they saw the opportunity to withdraw their capital in time and did not suffer the same losses as the Wen Chao Group, however, their hostility towards us still exists, moreover, this Wu International is also a director of the Southern Business Alliance.”

“It seems that there is still Murong Tiandu’s shadow behind this.” Ye Han said; “As a member of the Southern Business Alliance, Wu International did not have Murong Tiandu’s approval, they did not dare to deal with me, they were defeated on top of the stock market, now they have actually become smart enough to know to make a move against me in secret, but does this Wu International really think I can’t check them out if they want to hide behind and not show themselves?”

Sun Buwei said; “Wu International has some influence in Central China, I think the reason why the local rulers don’t approve of us taking over the Wen Chao Group, maybe this Wu International is also behind it.”

“It doesn’t matter, I’ll settle them all together this time I’m here.” Ye Han said; “Elder Sun, have you found out where the underground power stronghold established by the Wen family is?”

“It’s on the outskirts of Shaoyang City, but the Wen Family’s people usually don’t go to this stronghold, they will discuss anything inside a villa in the city, moreover, that expert in using compulsions is in this villa.”

“Good, let’s go find them now.”

In order to prevent accidents, Ye Han left Silly Ben at the villa, with him around, Xie Xuan Yan and the girls’ safety was guaranteed enough.

After getting ready, Ye Han and the others started to head to their destination for this trip.

“Mr Huang, what should we do now? Ye Han has already come to Huazhong, even my brother Wen Tao died in his hands, next, he might be about to strike at us.” Inside a villa, a middle-aged man was ferrying back and forth, his face looking very anxious and uneasy.

He didn’t feel any pressure when Ye Han didn’t come to Central China, just a few little girls, but a man’s name is a shadow of a tree, now that Ye Han had come, it made him feel under tremendous pressure, in the south Ye Han’s fame was as high as the sky, despite the mixed praise, no one dared to ignore him, especially now that Ye Han had taken over East China, becoming the hegemon of the underground world in East China.

“What are you panicking about, isn’t there still me here?” The middle-aged man called Mr. Huang was the one who was an expert in using compulsions, the compulsion inside Xie Xuan Yan’s body was his work.

“Then what should we do at the moment?” Wen Chao tried to calm himself down and asked after sitting down, his Wen Chao Group was only a listed company in the south, although it was developing well, but he was not that bold to want to collide with a fierce man in the underground world like Ye Han, if he didn’t still have someone behind him, he would want to throw away the Wen Chao Group.

Huang Wuliang sneered and said; "In East China, he is the hegemon of the underground world, but in Central China, I don't believe that this Ye Han dares to act recklessly, this is not his place, just as well, I would like to meet this young man for a while, to see if he is that capable?"

After hearing these words, Wen Chao gave a bitter smile, you are an expert in using compulsions, naturally you are not afraid, but I am!

Thinking of this, Wen Chao felt that he should still make more preparations, he could not put all his hopes on Huang Wuliang alone, behind him, there were still allies and people who supported him.

Thinking, Wen Chao went out and dialed a phone number, but no one answered after he made this call, this situation made Wen Chao's face sink, then he continued to dial this phone number, several times in a row, in the end, the person over there directly turned off the phone.

"Wu Shixiong, you bastard!" No one answered the phone and it was switched off, Wen Chao was so angry that he directly slammed the phone down, with an ironic look on his face, he naturally called the family member of Wu's International, but nowadays, they didn't give a damn about him and left him to his own devices.

Wen Chao's face was ugly as he walked to the villa. Right now, Wu's International was not taking care of him, so his last hope could only be placed on Huang Wugang alone.

Fortune Chapter 382

But just when Wen Chao's heart was worried, Ye Han and the others came, this time Ye Han was divided into two ways, one way to destroy the underground forces formed by the Wen family in Shaoyang City, the other way was to come here.

The reason why the Wen Chao Group has developed so rapidly is because of this black and white relationship, but today, even if his relationship is hard, it is not hard enough to beat Ye Han's fist.

Outside the villa, Ye Han had only brought Sun Buwei and Zhou Lie with him.

Outside the villa, under Ye Han's perspective, he could see at a glance what people were inside the villa, probably because he sensed someone peeping outside, inside the villa, Huang Wuyou's eyes went cold, immediately he sneered, stood up and walked out of the villa, Wen Chao was now half a step away from Huang Wuyou, so he also followed and walked out of the villa.

"You are Ye Han?" Outside the villa, Huang Wuliang's eyes looked at Ye Han with cold arrogance, there was no fear in his eyes at all, he also had a rather condescending taste, seeing Ye Han, Huang Wuliang's heart was shocked, Ye Han had come so quickly, he had just killed his brother and now he was coming to settle scores with him.

"I am Ye Han, did you do that compulsion?" Ye Han said indifferently, this Huang Wuliang was dressed retro, with long hair and a long robe, this kind of dress was a bit like the compulsion using expert of the horse gang that Ye Han had once killed.

"Hmph, daring to exterminate my Heart Devouring Compulsion, today I will make you pay the price." Huang Wuliang coldly snorted, his robe waved, and in a flash, he saw his body, covered with all kinds of heart-stopping bugs, a person carrying so many terrifying bugs on his body, ordinary people would be

scared to death just by looking at them, but this was a very rare thing for experts in using compulsions, they lived with all kinds of snakes, insects and rats all year round, making them better able to establish a relationship with the compulsions.

“Silly hangman, making us pay the price?” Zhou Lie sneered and said; “You’re sick and forgot to take your medicine, right, can you handle the three of us with just you?”

“Then go ahead and try, in Central China, it’s not your territory in East China, even if you’re a dragon you’ll have to coil for me, moreover, do you dare to kill me?” Huang Wuliang gave a disdainful laugh, that look was like a second world ancestor who relied on his wealth and power.

Hearing those words, Ye Han and the others laughed, those eyes looked at Huang Wugang as if he was a fool, why did they not dare to kill him? The only reason why they didn’t dare to kill him was because he had come here to kill someone.

At this moment, even Wen Chao was looking at Huang Wugang with an expression as if he was looking at a fool. If he had known that Huang Wugang was so arrogant and conceited, he would have relied on him, he would have run away.

“Han Zi, it seems that this guy is not only stupid, but also crazy, he doesn’t know himself even when he is dying, does he really think he is some kind of heavenly king?” Zhou Lie laughed coldly as Ye Han said; “This kind of person we should let him learn a lesson, deal with him, I’ll do it.”

After saying that, Ye Han stepped forward, this Huang Wugang was an expert in using compulsions, his methods were unguardable, he was still a bit uneasy to let Sun Buwei and Zhou Lie do the job.

When Huang Wuliang saw this, he sneered and said; “In East China, you are the hegemon of the underground world, but, in Central China, it is the world of us people who use compulsions, anyone who comes here has to be honest, today, I will let you taste the power of this compulsion of mine.”

After saying that, Huang Wuliang’s body shook, and then, the companions on his body shot towards Ye Han like locusts, if these companions touched the body, they would drill into the attacked person’s body at the first time, devouring the blood and destroying the internal organs, the killing power was extremely horrible.

However, although compulsion masters are powerful with compulsions, their own combat power is not very high at all. Within the same realm, if a compulsion master does not use compulsions, anyone of the same realm can easily kill them.

Facing these companions created by Huang Wuliang, Ye Han’s face did not have any fear, this is not the first time that Ye Han has fought against this kind of people, when he fought with the companions of the horse gang, Ye Han knew that the spiritual qi in his body was the nemesis of these companions, the companions were afraid of the spiritual qi in his body.

Therefore, in the face of these overwhelming parasites, Ye Han directly released his aura, and a sword of aura appeared on his palm, slashing at the parasites.

However, after Ye Han’s sword of aura swept past, only to see his front, those shooting insects chattered and screamed, they, looking very frightened, want to escape, as if their front has something that makes them very afraid, but under Ye Han’s sword of aura killing, these insects have very little

chance to escape, only a moment, the ground died a large pile of insects, after death, these companions all turned into very disgusting pus that stank to high heaven.

“Bastard, stop it!”

Seeing that Ye Han had killed most of the companions he had worked so hard to create in this manner, Huang Wuliang was shocked and angry, then, he directly ran towards Ye Han wildly, and a golden light shot out from his sleeves and attacked Ye Han’s body, this was a poisonous snake, no, I should say a companions snake, extremely toxic, being bitten by it, one could definitely lose one’s life in an instant.

When Ye Han saw this, his body swung across the sky and chopped down with his sword, splitting this compulsion snake into two halves.

“Give me death!” At that moment, Huang Wuqiang’s attack arrived, he slapped his palm fiercely towards Ye Han’s body, very poisonous, his palm still had a severe poison on it, but, in terms of fighting power, how could Huang Wuqiang be Ye Han’s opponent.

Ye Han’s body flashed like a black light, after avoiding Huang Wugang’s palm, he fiercely appeared behind Huang Wugang, and the sword of aura blasted out, instantly penetrating all of Huang Wugang’s body.

“You really dare to kill me?” Looking at the big hole on his chest that kept oozing blood, Huang Wugang could not believe until his death that Ye Han really dared to kill him, did Ye Han not know who he Huang Wugang was?

“Why wouldn’t I dare?” Looking at Huang Wuliang, Ye Han let out a cold smile and said.

“Kill me, you will pay the price, my compulsion clan will avenge me, Ye Han, you won’t live much longer either” After saying these words, Huang Wuliang fell head first onto the ground, breaking his voice.

“Compulsion clan!”

Hearing these two words uttered by Huang Wuliang before he died, Sun Buming’s brow furrowed, so did Ye Han’s, the Compulsion Clan and the Corpse Catcher Clan were the two major Fey Arts Clans in Central China, could it be that this Huang Wuliang came from the Compulsion Clan?

In an instant, Ye Han had a feeling that he had been tricked, it was all too easy today, someone might have wanted him to come to Central China and then let him kill Huang Wugang without knowing it, thus making enemies with the compulsion clan.

Fortune Chapter 383

“The Compulsion Clan, no wonder this guy was so arrogant just now, it turns out that he is from the Compulsion Clan.” Zhou Lie’s brow also frowned, the compulsion tribe was a big hidden tribe in central China, although they did not get involved in the underground world strife, living in the mountains, but their influence was huge, even, for the whole south, the influence of the compulsion tribe was not trivial.

Sun Buwei said; “I originally thought that this guy was just a small person who could refine compulsions, but I didn’t expect that he was related to the compulsion tribe, it seems that someone is setting a trap

for us this time, so that we can get ourselves into it, moreover, they are also using the compulsion tribe as well, so that we can fight with the compulsion tribe, what a ruthless scheme.”

Ye Han fell silent and said; “The compulsion tribe is certainly somewhat terrifying, and it would indeed be a tricky thing if they were to make an enemy of us, but it also depends on how the place of this person we killed is among the compulsion tribe? If it’s an average identity, I don’t think the Compulsion Clan would go on the opposite side of the fence with us because of it.”

“That’s right.” Sun Buwei nodded and said; “I’ll now have the Heavenly Dragon Guards check out where this guy came from to see what his relationship with the Compulsion Clan actually is.”

Ye Han nodded his head and said; “Elder Sun, by the way, check to see who set us up? I have a hunch that this move doesn’t look like Murong Tiandu’s style, just start with Wu International, we should be able to find out some clues from them.”

“Good, this will be arranged.” Sun Bu Mian nodded, then he looked at that Wen Chao and said to Ye Han; “Little Han, this person is the original helmsman of the Wen Chao Group, these things are inseparable from him, I will kill him now.”

When he said that, Sun Buwei was about to do it, seeing this, Wen Chao’s whole body trembled in fear and hurriedly knelt on the ground with a frightened expression and said; “Gentlemen, spare your lives, spare your lives! I can help you to take control of the Wen Chao Group, I can give up the entire Wen Chao Group to you, I just beg you good men to spare my life!”

At this, Ye coldly laughed; “The Wen Chao Group is mine now, do I need you to let it go? As for sparing you, unless you are of useful value to me, otherwise, with what you have done, even if you had ten lives, you would not be enough for me to kill.”

“Mr. Ye, I have, I have use value, in fact, it was all Wu International who was behind this, they were the ones who asked me to do it to Miss Xie and the girls in the first place, the government side was also behind it, moreover, I heard Wu Shixiong vaguely mention it, telling me not to worry, there was a big man behind them who was backing me up, bastard, now that something has happened, they are slipping away faster than They’re quicker than a rabbit, a big shot bullshit, making me cannon fodder in the front.”

“Big shot?” Ye Han said indifferently; “Who’s the big shot you’re talking about? Say it and I might be able to spare your life.”

“This ……” Wen Chao’s face turned ugly, this big shot he had only heard Wu Shixiong mention, he had never met him at all.

“It seems that even you don’t know who this so-called big shot you are talking about is, since that’s the case, what use do I have in keeping you?”

Feeling the killing intent released from Ye Han’s body, Wen Chao almost pissed his trousers in fear at this moment, he hurriedly said; “Mr. Ye, as long as you spare my life, I have a way to find out for you, really, as long as I go to find Wu Shixiong, I can definitely get out who this big shot is from his mouth.”

“Is that so?” Ye Han rubbed his hand on his chin and pondered, then he looked at Wen Chao and said; “Good, as long as you help me find out who this big shot is, then, I will spare your life, but before that, your first accept my control.”

After that, Ye Han shot out three golden needles into Wen Chao’s body, then, Wen Chao also fell to the ground and screamed in pain like Shen Tian Ao did, after letting Wen Chao feel the pain, Ye Han’s two fingers clicked behind his ear, then, Wen Chao’s screams weakened.

Ye Han said; “This is just a means for me to control people, if you obey and help me to do what I want to know, I will unlock this control for you, if you fail to do so, then, you will definitely not live more than half a year, you should know that I, Ye Han, have another identity, with my medical skills I can definitely do this, I advise you not to doubt. ”

Wen Chao got up from the ground and said; “Please rest assured Mr. Ye, I will help you find out the mastermind behind Wu International, if Wu Shixiong is unjust, I will definitely not be merciful to him.”

“Good, I hope you can do that, go ahead and give me news as soon as possible.”

Watching Wen Chao leave just like that, Zhou Lie said; “Han Zi, just let this guy go?”

“Don’t underestimate the role of a pawn, a game of chess is won or lost, some times it could be this pawn messing up in the middle.” Ye Han said; “This Wen Chao was treated as a discard, right now he must hate Wu International, in order to live and take revenge, he will definitely help me find out what I want, let’s just wait quietly for his news, but the identity of this compulsion master we must find out as soon as possible on our side.”

After killing the compulsion master and controlling Wen Chao, Ye Han returned to the villa shared by Xie Xuan Yan and the girls.

On the other hand, the Heavenly Dragon Guards didn’t take much effort to eliminate the underground world established by the Wen family. After returning to the villa, Xie Xuan Yan was already much better and came downstairs to sit in the living room with the help of Zhang Yue Meng and the girls, waiting for Ye Han to return.

“You girl, why don’t you lie down for a while, now your body is better, but it’s still weak, you can’t exert yourself too much.” After Ye Han returned to the villa and saw Xie Xuan Yan sitting on the sofa, he immediately glared at her, and then looked at Zhang Yue Meng and the others, who shook their heads lovingly.

Xie Hanyan said; “Brother, I want to give you a report on the recent situation of the Wenchao Group, so

Ye Han said; “These things have Zhang school sister and the girls to tell me on it, listen to the words, go up and lie down, if your body in an accident, who will do the things of the Wenchao Group?”

At these words, Xie Xuan Yan nodded obediently and was helped upstairs by a few girls.

“Ye Han, are things done?” Across the room, Zhang Yuemeng asked this, although she didn’t know exactly what Ye Han was going out for, but it must have something to do with the matter of the Wenchao Group.

Ye Han said; "Sister Zhang, you don't need to worry about these matters, just leave them to me, after everything is over, you will then go to the Wenchao Group."

Zhang Yuemeng nodded her head.

At this time, outside the villa, Sun Bu Miao and Zhou Lie walked in, just now the two of them had gone out with the Heavenly Dragon Guards to investigate Huang Wuliang's identity, did they have news so soon?

"Little Han, we found out, that compulsive master is called Huang Wuliang, he is indeed from the compulsive clan, moreover, his status is not low." Sun Buwei said with a heavy face as he sat down.

Fortune Chapter 384

When Ye Han heard these words from Sun Buwei, his brow furrowed, were things still not going in a good direction?

However, Ye Han was not surprised on that, since someone had laid this trap for him, then the weight of the trap had to be big enough for it to work, a weight that was too small would have no harming power on him at all.

Ye Han said; "Having found out his identity so quickly, could it be that someone leaked his identity out to us on purpose?"

"There is that possibility." Sun Buwei said; "But this person is indeed one of the compulsion clan, and is the current compulsion clan chief's own brother, his identity is extraordinary, but this Huang Wuliang is different from other compulsion clan members, he likes to walk outside and rarely returns to the compulsion clan, this may be due to his low compulsion refining qualifications, that's why he doesn't want to return to the compulsion clan, but because he is the current compulsion clan chief's own brother. If we kill him now, I'm only afraid that the compulsion clan won't stop easily."

"In that case, the side of the Compulsion Clan should already know about this matter, right?" The corners of Ye Han's eyes narrowed, the Compulsion Clan, facing this powerful allomantic clan, that was much more difficult than facing Jiang Yutang.

The truth was also true, the compulsion clan, indeed, already knew about Huang Wuliang being killed, because people who refined compulsions usually left their own heart compulsions in the clan, this kind of heart compulsion was connected to the life of the master, once the master died, the heart compulsion would also die, so, when the heart compulsion died, the people inside the compulsion clan would naturally know that Huang Wuliang had died.

The only thing is, the people of the compulsion tribe still don't know who killed Huang Wuliang, they live in the deep mountains all year round, refining compulsions, and rarely get involved in the world, so if they want to know what's going on outside, they can only take their time to find out.

"Lao San's heart compulsion is dead, it seems he was poisoned by someone."

In a deep mountain forest in central China, there is a small village that is sheltered from the world. The buildings inside the village are very retro, with a lot of pavilions, if a modern person came here for the first time, he would think he had traveled to ancient times.

However, while the village seems to be bustling, there is secretly an extremely cold aura emanating from it. On the slopes around the village, all kinds of snakes, insects and rats can be seen everywhere, and even giant snakes as big as an adult's arm can be seen here.

At this moment, in a majestic hall inside the village, a middle-aged man with a cold and stern face was cold-faced, with a cold and bone-chilling chill emanating from his eyes, Huang Wuliang's heart compulsion had died, so it was proof that Huang Wuliang, who had left the place, had met with misfortune.

"Big brother, Lao San has always been headstrong, it seems that this time, he has provoked a formidable opponent outside, our compulsion clan should come out of the mountain, otherwise the whole martial world will only forget the existence of our compulsion clan." At the bottom of the main hall, there was a middle-aged man with eyes like a poisonous snake, saying coldly like this.

At these words, Huang Wu Xie's eyes also shone with a cold aura, he was silent for a while and said; "Our compulsion clan cannot go out of here easily, this is the ancestral tradition, I can't break it, but the revenge of the old third can't go unanswered, otherwise people outside really think that our compulsion clan is that easy to bully, second brother, let you go out of the mountain to see who actually killed the second brother, if there is a chance to bring him back, I want to personally Dispose of him personally."

"I know, big brother." Huang Wutian nodded, a murderous spirit rolling across his venomous face, although Huang Wuliang was the least qualified of the three brothers and was often looked down upon by the clan, but after all, he was their blood brother, and he could not go unnoticed when he died.

"Father, what fun things are you and Second Uncle discussing? It seems like I heard that Second Uncle is going out?" At that moment, a woman of twenty-three or four years old walked in outside the main hall, the woman was dressed in an ethnic minority flavour, with a fancy band of cloth tied around her head, her two eyes sparkled with a crystal-like light, and her handsome features gave off a spirited, lively-like feeling.

Seeing the young woman who walked in, Huang Wu Xie frowned and said sternly; "Ni Shang, your second uncle and I are discussing business, what are you doing in here, you are so rude, have you forgotten the rules of the clan?"

Huang Nishang said; "Father, you don't have to stick to the rules of the clan, it's a new era now, your backward thinking needs to be changed."

"Stinky girl, do you need to teach me?" Facing this precious daughter of his, Huang Wu Xie looked helpless and shook his head.

Huang Wutian laughed; "Big brother, Ni Shang is right, it's time to change your set of rules, our compulsion clan's persistence in keeping to the old ways is not a long term solution, we must let the martial world know that our compulsion clan exists."

Huang Wu Xie said; "Well, far from it, second brother, Lao San this matter will be left to you to do, remember to go out and act in a low profile."

"Big brother, I'll do my job, don't worry, I'll definitely bring back Lao San's murderer personally."

Hearing Huang Wu Xie and Huang Wu Tian's conversation, Huang Ni Shang, who was at the side, turned her eyes and said; "Father, how about letting me accompany Second Uncle? My tracking compulsion is the most powerful among our compulsion clan, if I go, in less than two days, I will definitely find Third Uncle's murderer."

Huang Nishang's talent in refining compulsions is well known among the compulsion clan, she is a wizard in refining compulsions, at a young age she can already refine Xuan compulsions that will amaze the older generation in the compulsion clan, her talent is recognized as the first talent in the compulsion clan.

The most powerful parasite is the heavenly parasite, but this kind of parasite is basically no longer seen nowadays, no one can refine the heavenly parasite in this era, below the heavenly parasite is the earthly parasite, the parasite refined by the parasite clan chief Huang Wu Xie belongs to the earthly parasite level, below the earthly parasite is the xuan parasite, below the xuan parasite is the yellow parasite.

Huang Nishang is only twenty-three or twenty-four years old and already able to refine Xuan Compulsions, this kind of talent is very difficult to see in the history of the compulsion tribe.

Seeing Huang Wuxie in silence.

Huang Nishang immediately looked a little petulant and said; "Aiya, father, just promise me, I haven't gone out for more than ten years, staying in the clan year after year, I'm almost out of touch with the outside world."

"Big brother, we should let Neishang go out and see the outside world, their generation cannot be compared to ours, it is necessary to learn everything about the outside world." At Huang Nishang's eyes gesture, Huang Wutian said helpfully from the side.

At these words, Huang Wu Xie was silent and said; "Okay, Ni Shang, I can promise, but when you go outside everything will be at your second uncle's disposal, help your second uncle catch the murderer of your third uncle as soon as possible, also, you must remember that when you go outside, the Yin Yang Harmony Compulsion cannot be used at will, this is about your future, and even more about my compulsion clan, understand?"

"Hee hee, got it, dad, promise to complete the task." Huang Nishang smiled happily, finally she could go out and see the outside world, she hadn't left here for over ten years!

Fortune Chapter 385

"Dad, that Ye Han fellow has fallen into the trap, it seems that our plan has succeeded."

In a villa in the wealthy concentrated area of Yang Yue City in Lake Blue Province, Wu Tian Xu put down the phone and said to a slightly wealthy middle aged man with a cold smile on his face.

Upon hearing this, Wu Shixiong laughed; "This set was specifically laid out for him, he had to get in, last time we blocked his woman's company on the stock market, although it was at the behest of Murong Tiandu, but when we settle the score, he won't let us off, so we can only get rid of him first."

“Killing a member of the direct line of the Companions, now I see what that Ye Han is going to do? In East China he can cover the sky with one hand, but here it’s useless even if he’s capable, the people of the Compulsion Clan will definitely tear him apart.” Wu Tianxu said with a cold face.

Wu Shixiong said; “But this matter is fortunate that we did it stealthily and didn’t let that Ye Han notice anything, otherwise, when he’s done settling accounts with Wen Chao, it’ll be time to find us, Tian Xu, keep a low profile these days, don’t let that Ye Han put his attention on us.”

Wu Tian Xu said; “Dad, don’t worry, I know what to do during this period of time, once Wen Chao is dead, Ye Han will definitely not be able to investigate us.”

Unfortunately, this was something that both Wu Tian Xu and his father were destined to miscalculate, although they had done it very stealthily, they had underestimated the ability of the Heavenly Dragon Guards, not to mention that Ye Han had not killed Wen Chao at all, moreover, Wen Chao had already betrayed him because of Wu Shixiong’s failure to save him from death.

This was a debt that Ye Han would settle with them sooner or later after finding out who was behind it.

In the end, in fact, the two Wu’s father and son did not even know that they were just pawns for others to deal with Ye Han.

“Miss, news has come from Lake Blue, Ye Han has already fallen into the trap.” In Yanjing, inside a courtyard, a cold and fierce-eyed man said to a woman who was full of wisdom.

The woman closed the yellowed and even somewhat worn ‘Sun Tzu’s Art of War’ in her hand, then said; “I already expected this, since he has already fallen into the trap, then we can watch the good show next, let him and the compulsion tribe fight, no matter who dies in the end, it will be a victory for us. Back then, that tomb raiding operation was proposed by the Companions, now I want them to pay the price, whoever touches my Zhuge family’s tomb will have to suffer my Zhuge Bongyuo’s revenge.”

Zhuge Bongrou, the person who had schemed against Ye Han, turned out to be the scheming woman beside Nalan Mietian, listening to the meaning of her words, not only did she want to harm Ye Han, the compulsion clan and her also had a great grudge.

This is a ploy to kill two birds with one stone. At present, Nalan Mietian is in seclusion and Zhuge Bongyou is in charge of the group. As a schemer, Zhuge Bongyou does not have the kind of heart to let her opponents grow.

Now, Zhuge Bongyuo’s plan has succeeded, and she only needs to see how things develop next.

The same way you borrow the knife of Ye Han to kill the people of the Companions, you are also borrowing the knife of the Companions to kill Ye Han.

As for the Wu father and son and Wen Chao, they are just pawns in her hand. When the pawns have served their purpose, they can either be discarded or left to fend for themselves.

The purpose she wanted was already achieved.

The fact that the game was set up by Zhuge Bonroux in the north, Ye Han did not even think about it, right now, he is still waiting for news, waiting for news from Wen Chao, also waiting for news from the compulsion tribe, how the compulsion tribe will treat this matter, Ye Han still has no bottom in his heart.

However, what Ye Han did not anticipate was that his trouble did not only stop there.

Hangcheng, Hangquan Hotel, the hotel where Shouyi Sect Elder Li Changfeng was staying that day, at this moment, five old men, four men and one woman, as well as a group of young people were welcomed inside this hotel.

“Changfeng, where is Zhao Hengtian now? Where is that Ye Han now? Daring to ignore my Form of Will Sect, this time I will make these people in the world pay the price.” Inside the hotel, an old man with a hill peak said with a hostile face, Li Changfeng had been sent to the police station by Ye Han for a few days, completely ignoring the existence of their Form of Will Sect, of course, all these things were reported to the Form of Will Sect by Li Changfeng after he came out of the police station with added vinegar.

Therefore, the five elders of the Form of Will Sect went out with their elite disciples, this time, not only to teach Ye Han, a young man who dared to ignore the Form of Will Sect, but also to capture Zhao Hengtian.

Upon hearing that, Li Changfeng said; “Third Elder, I haven’t found out Zhao Hengtian’s whereabouts yet, but that Ye Han is now in Central China, we can find Zhao Hengtian once we find him.”

“Good, then we’ll go to Huazhong, take down that brat who doesn’t know the sky is high and force him to ask for Zhao Hengtian’s whereabouts.” The only old woman among the several elders had a cold face.

“How is the situation in the Inner Sect?” Li Changfeng asked.

“Don’t worry, that woman won’t last long under the Grand Elder’s coercion, no one will be able to protect Zhao Hengtian this time.”

“Good, Third Elder, let’s go to Huazhong now.” Hatred flowed in Li Changfeng’s eyes, because of Ye Han, he had actually been locked up inside the police station for a few days, this was simply a disgrace to him as an elder of the Shouyi Sect, this time, he would make Ye Han pay for this.

In Central China, it had been three days since Ye Han arrived in Shaoyang City, and while the Heavenly Dragon Guards were checking on the movements of the Companions, a piece of news reached Ye Han’s ears.

Wen Chao had died, at the hands of the Wu International. The Wu father and son were afraid that Wen Chao’s arrival would bring Ye Han’s attention to them, so they had someone kill Wen Chao the moment he came to their door.

“What a cunning old fox, it seems that I will have to come to the door personally.” Ye Liang smiled coldly.

Upon hearing this, Zhou Lie said; “Hanzi, I will go and make the arrangements now.”

But just then, Ye Han’s phone rang, and when he opened it, it was an unfamiliar phone number.

“Hello, who is it?”

“It’s me, Murong Tiandu” On the other side of the phone, Murong Tiandu’s tone was deep and cold, when he received Murong Tiandu’s call, Ye Han was also a little surprised, he sneered; “I don’t know how Murong Gongzi remembered to call me. Does he still want to ask me to fight again?”

Murong Tiandu said; “I will come to settle the score between you and me, in the south, there is me without you, but now are you wondering who is behind this?”

Ye Han was silent, this was indeed what he wanted to know, but the person behind this was definitely not Murong Tiandu.

“Just a heads up for you, this person is from the north and is a woman, I’m calling you this number, I think you should be able to guess who she is, right?”

Fortune Chapter 386

In the South, Central China, Jiangcheng, it was the rainy season, Murong Tiandu hung up the phone and looked at the pouring rain falling outside his villa, his face had a sickly grimace.

The Murong family in the south also stood in central China, and the River Blue River City was their residence. As the hegemon of the southern underground world, although the Murong family sat in central China, they did not plant their forces in every province, and the name of the Murong family was enough to shake everything.

“Anyone who dares to betray me will not end well!” Murong Tiandu’s five fingers were so hard that they crushed the phone, as far as he was concerned, the cooperation between Wu International and the schemer beside Nalan Mietian in the north, although they were framing Ye Han, to him, it was all a betrayal, Nalan Mietian and Ye Han were the enemies that Murong Tiandu regarded in his life, anyone beside him who dared to cooperate with either of these two would be a betrayal to him.

He only wanted to use Ye Han’s hand to clean up some traitors around him.

Of course, even if he didn’t know that Zhuge Guanruo was behind the plan, Ye Han would not let Wu International go, but Murong Tiandu’s reminder was a wake-up call to Ye Han that his enemies in the north were already making their move against him.

“Zhuge Bonyuo, what a clever woman, Nalan Mietian is so lucky to have such a capable person by his side to assist him.” Ye Han hugged the little tiger, a cold intent flashed across his face, since he already knew the person behind this layout, Ye Han did not want to delay any further, it was time to settle the matter of the Wen Chao Group.

At the beginning, the reason why Ye Han didn’t make a move, that was also because he didn’t know the hand behind it, now that he knew the owner of this hand, just guard against her, there was no need to give up his actions because of her.

“Hey, Boss Situ, please one thing, give a word to the people on the official side of Lake Blue, tell them not to target the Wen Chao Group, that is something I got by legal means.” Ye Han dialed Situ Zhentian’s phone number, on the official side of Lake Blue because of Wu International’s shenanigans in the dark, making the officials not approve of him taking over the Wen Chao Group, this matter, to Situ Zhentian was not a difficult matter.

“You bastard, when you have trouble, you look for me, what do you take me for?” On the other side of the phone, Situ Zhentian cursed angrily and said; “Our Security Bureau doesn’t get involved in official matters, this matter, I’ll call the Zhang family to handle it for you, they have extensive connections in the political world.”

Ye Han nodded and said; “Fine, give my regards to my god grandfather, when the dust settles in the south, I will go to Yanjing to see his old man.”

“Count on your kid’s conscience, it wasn’t in vain for Elder Zhang to accept you as his god grandson, right, I’ve already picked out the person you want for you, he’ll come to you in a few days, make your own arrangements then, alright, I’m hanging up.”

Thinking of the Zhang family, Elder Zhang, what he owes this old man is not a favor, but a kinship that needs to be repaid and maintained, because of him, the Zhang family’s big wedding day was stirred up by a mouthful of coffins from Nalan Mietian, viciously trampling on the Zhang family’s dignity, right now I’m only afraid that many people inside Yanjing City are laughing at the Zhang family.

“The compulsion tribe, Zhuge Bongyuo, Murong Tiandu ……” Ye Han’s mind was analyzing the current situation, in central China, the compulsion tribe may soon become his opponent, while secretly in the north, Zhuge Bongyuo is eyeing the area, and will probably take advantage of your lack of attention to give you a bite. The north, Zhuge Banruo, has his eyes on this place and will probably give you a bite when you are not paying attention, and, east China is also the territory of the Murong family, although Murong Tiandu gives him a heads up, once he is in trouble, Murong Tiandu will definitely take the opportunity to give him a bite.

Therefore, Ye Han had to find a breakthrough from these three families at the moment.

After thinking about it, Ye Han decided to start with Zhuge Bongrou’s body. Zhuge Bongrou was in Yanjing in the north and could not be reached. But this will take time.

As for the Companions and Murong Tiandu, Ye Han doesn’t have the heart to think about them at the moment, so he can only use his soldiers to stop them.

Yang Yue City, the city where the headquarters of the Wu Clan International was located.

Among the many enterprises in China, Wu’s International was one of the leading ones, with a market value of nearly 100 billion yuan. There were only a few big enterprises like this in the south, and all of them had been brought in by Murong Tiandu to become directors of his Southern Business Alliance.

“Hanzi, what should we do to deal with Wu’s International? Should we just go and destroy them?” In Yang Yue City, a hotel opposite the Wu International Building, Ye Han and the others stood in front of the floor-to-ceiling windows looking at the Wu International Building, their faces all indifferent.

Hearing Zhou Lie’s words, Ye Han said; “Every business has its own rules, that way of dealing with them in the underground world doesn’t apply, we must use the formal way to solve the problem, have the Heavenly Dragon Guard investigate Wu International, such a big group must have some unseen places, dig out all these unseen things for me and expose them.”

“What a nuisance, fine, I’ll go and arrange it now.” For Zhou Lie, the best way to solve things is to fist, is to kill, he goes down with a punch, everything is solved, but the things on the white road Ye Han is also

sticking to that bottom line, it is best to be bloodless, making too much noise over the line will only cause resentment from above.

“Hanzi, did you encounter any trouble in Huazhong?”

“Brother Zhang, just a little trouble, you and sister-in-law, are you okay?”

This call was made by Zhang Shaoyu from Yanjing, Situ Zhentian had made the call to the Zhang family, so, the people of the Zhang family also knew that Ye Han was in Huazhong at the moment.

Inside the phone, Zhang Shaoyu smiled; “Hanzi, don’t worry, your sister-in-law and I are fine, there are some things that you can remember, but you can’t let it become a psychological burden for you, understand?”

“I know, big brother Zhang.” Ye Han let out a deep breath, he knew that Zhang Shaoyu was afraid that he would have a psychological burden because he thought he had harmed the Zhang family because of that wedding.

“That’s good, if you run into any trouble over in Huazhong, just go to Third Uncle, he is the governor in Hulan, he should be able to help you.” Zhang Shaoyu said.

Upon hearing this, Ye Han then remembered this person, the Zhang family’s oldest brother, on that day Zhang Shaoyu’s big wedding he didn’t go back, it turned out that he was serving in Hulan and was also the governor position.

“Good, Brother Zhang, wait for me, wait for me to go to Yanjing” Ye Han silently hung up the phone.

On the other side of the phone, Zhang Shaoyu clenched his fist and said silently; “Hanzi, I’ll wait for you, wait for you to come to Yanjing next time!”

Fortune Chapter 388

Master Pour’s face was puzzled as he pretended not to know; “I wonder what kind of person Mr. Ye is talking about? If I can help Mr. Ye, I definitely won’t push back.”

Ye Han looked at this old fox and smiled coldly in his heart, this Master Pour was worthy of being in the business of buying and selling, this skill of pretending could make people believe in the truth, but, even if Master Pour was shrewd, he could not hide it from Ye Han, because after arriving here, Ye Han had already used his Yin Yang Dharma Eye to see through the whole villa.

In a room on the first floor, Wu Tianxu was currently hiding inside with worry and anger, his fists were clacking as he squeezed them, and he looked like he could not wait to come down and kill Ye Han.

“Master Pour, we are both understanding people, why pretend to be confused, for the sake of a person who has no use, are you really willing to go to the opposite side of me, Ye Han?” Ye Han coldly smiled and said this way.

At these words, Master Pour’s face showed a look of embarrassment as he said; “Mr. Ye, forgive my stupidity, I really don’t understand what exactly you are talking about Mr. Ye, if there is something I have done to offend you, a word from you, I will immediately apologize, but, something that is unwarranted, I will not admit it.”

“According to the rules of the Dao, I will address you as Pour Master, I just hope that Pour Master will not misunderstand himself.” Ye Han said; “Since you are pretending to understand and kick the bucket, then, I will make it clearer, did Wu Shixiong’s son, Wu Tianxu, come to you?”

Hearing Ye Han’s words, Master Pour shook his head repeatedly and laughed; “Mr. Ye, you have wronged me, although I have a good relationship with Wu Shixiong, I would never offend you, Mr. Ye, for his sake, the Wu Tianxu you are looking for is not here with me.”

“Really?” Ye coldly laughed and said; “I hope that Master Pour can still be so titanic later on.”

After saying that, Ye coldly said with a cold face; “Silly Ben, go to the first floor, the third room, and bring him down to me.”

Hearing Ye Han’s order, Foolish Ben did not hesitate in the slightest and ran straight to the first floor, seeing this, Master Pour’s face was shocked and said; “Mr. Ye, what are you doing? Someone come.”

In the next moment, some experts appeared on the first floor of this villa, these were the people that the Pour Master had recruited to protect him, and under their protection, the Pour Master had always been safe and sound, and he was very confident in these experts that he had recruited.

However, after this group of experts in the eyes of the Reverse Master appeared, none of them could block a single punch from Silly Ben, and they were all blown away and fell into various corners of the villa, smashing a lot of things and screaming incessantly.

At this moment, he finally saw the strength of the kings of the East China Underground, and this power of his was nothing compared to others.

In a short while, Silly Ben mentioned Wu Tianxu to the ground floor like a chicken, leaving Master Pour speechless.

Ye Han stood up, he looked at Master Pour and said with a cold smile; “Master Pour, people talk about honesty, you are in the business of buying and selling, without some honesty who would do business with you, I will take the man away, I will pretend that this matter has not happened today.”

After saying that, Ye Han waved his hand, and Foolish Ben walked out with a dead-faced Wu Tianxu.

“Wait, Mr. Ye, let’s forgive people, you have already caused his family to die, can’t you just let him live?” Master Pour looked at Ye Han’s back and said with an ugly face.

At these words, Ye Han turned around and said with a sarcastic smile; “Others can, but not him, I didn’t expect Master Pour to be born with a compassionate heart, it’s really rare, hasn’t Master Pour heard of a saying; mercy to your enemy is cruelty to yourself, it’s possible that you will die under your own mercy that day.”

“You” The Pour Master’s face was ugly to the extreme, dumbfounded by Ye Han’s words, but in terms of strength, he was no match for Ye Han, and he naturally couldn’t protect Wu Tian Xu at the moment.

“Second Uncle, I found it, it’s right here”

At this time, outside the villa of the inverted master, a woman crossed the high wall and landed inside the courtyard very lightly, shouting with an excited face, in front of her there was a golden bug the size of a fingernail making a chirping sound, outside, hearing this voice of hers, a figure swept over the high wall one after another and landed inside the courtyard, there were five experts.

These people were dressed strangely, in ethnic minority costumes, with a thick ring of cloth wrapped around their heads.

Ye Han and the others walked outside the villa and looked at the experts that had appeared, their brows furrowed.

Did the people from the compulsion tribe, finally find them!

“Second Uncle, the murderer of Third Uncle is among them.” Huang Nishang put away the tracking compulsion and said with an excited face, Huang Wutian’s eyes swept over Ye Han and the others with cold indifference and said; “Which one of you killed Huang Wuliang?”

“It’s him, it’s him” Hearing Huang Wutian’s words, Wu Tianxu acted as if he had grabbed the straw that saved his life, pointing at Ye Han and saying loudly; “It’s him who killed Huang Wuliang, you guys kill him quickly.”

At those words, Huang Wutian and the others’ eyes instantly went cold, as cold as ice.

“Take him down!”

The voice fell, the body of the compulsion clan expert, the compulsion bugs everywhere occupied the entire courtyard, those colorful compulsion bugs crawled, making people feel goosebumps all over their body, extremely cold corn, if these bugs crawled onto their bodies and crawled inside their bodies, even thinking about it made people feel terrifying.

“Hmph, let you brat taste the power of these parasites first.” Seeing that garden full of parasites, Zhou Lie coldly snorted and kicked Wu Tianxu out, landing directly among those parasites, and in less than a second, Wu Tianxu’s body was crawling with parasites, drilling into his body.

Immediately afterwards, oozing screams came out of Wu Tianxu’s mouth, and a moment later, his body had been hollowed out by the parasites, leaving only a dried and cracked skin surface, in an extremely horrible state of death.

Seeing this, the inverted master could not help but suck in a breath of cold air, the rumor is that the means of the compulsion tribe is frightening, today he finally saw the kind of means of the compulsion tribe, no need for a knife, no need for a gun, the killing power of a worm is more powerful than even a knife or a gun, are frightening.

“It was you who killed Huang Wuliang?” Huang Wutian’s gaze fell on Ye Han’s body, in his palm, there was a colorful snake compulsion stuttering with intimidating letters, this was a Xuan compulsion, and it was also an extremely powerful snake compulsion among the Xuan compulsions, its toxicity was terrifying, and its attack was more powerful than any other compulsions.

“Not bad, it was me who killed him, a few of you are from the compulsion tribe, right?” Ye Han looked at Huang Wutian and the others with calm eyes.

“Very well.” Huang Wutian’s poisonous face flashed with a fierce light as he said; “I’ll give you a chance to live for a few more days, if you come back to the compulsion tribe with me now, I can let you live for a few more days, otherwise, I’ll take your life now and make you bury my third brother.”

Fortune Chapter 389

When Ye Han heard these words from Huang Wutian, he shook his head and said; “Friend of the compulsion tribe, this is too difficult of a request from you, if you want to fight, I, Ye Han, will accompany you.”

Saying this, from Ye Han’s body, an incomparably cold aura was released, and Silly Ben and the others similarly released the aura from their bodies, all appearing to be very powerful.

“Little Ren Du, at such a young age, to have such talent, but unfortunately, you will die today.” Huang Wutian sneered as the snake compulsion in his hand slowly left his palm, the strength of Ye Han and the others was indeed very good, especially Ye Han, who had already reached the realm of Little Ren Yu at such an age, a rare thing indeed.

But this time, Huang Wutian has brought along the experts of the compulsion tribe, with Ye Han and the others can not stop them.

“Friends of the Compulsion Clan, wait!”

At this time, outside the courtyard, once again swept in a group of people, this group of people are old and young, dressed in retro, a bit like the Republic of China dress, if walking in the street, people will think that this is a group of actors in a certain movie, but, their body aura is very terrifying, especially one of the old man, the strength is only afraid and plan the grave of the old ancestor Hatakongji general.

Seeing this group of experts appearing again, Ye Han’s face changed as there was a person they were all familiar with among this group of experts.

Li Changfeng, the elder of the Shape Will Sect!

Li Changfeng appeared with these people, that meant that the others were also experts in the Form of Will Sect.

This kind of line-up was terrifying.

The two sides appeared together, the experts of the Companions, the experts of the Formal Will Sect, causing Ye Han’s face to change in unison, the people of the Formal Will Sect were actually involved at this juncture, something Ye Han had never expected, with this kind of formation today, even if they were united with the Heavenly Dragon Guards they might not be able to gain the upper hand.

If Little Tiger had been there, the situation would have been better, but Little Tiger was still in Xie Xuan Yan’s villa, letting a few women play with him.

“So it’s Elder Zheng of the Form of Will Sect, what, do you want to interfere in our compulsion clan’s affairs?” Looking at the experts of the Shape Intent Sect who appeared, Huang Wutian said with an indifferent expression.

Upon hearing this, Elder Zheng said; “Mr. Huang, you are wrong about that, we are here today for this man as well, but before you kill him, I have a few questions to ask him.”

“I see, since he is all our common enemy, why not just kill him painfully?”

Elder Zheng shook his head, then he stared at Ye Han and said; “Kid, don’t think that just because you are now the first genius in the Ancient Martial World that you can act recklessly, our Ancient Martial Sect is not something you can mess with, since someone is cleaning up after you, we won’t get involved in the matter between you and the Companions today, but you must tell me where Zhao Hengtian is, otherwise, today you will be facing the Companions and my Shape Will Sect.”

Hearing these words from Elder Zheng, Ye Liang laughed; “Your Shouyi Sect is just a group of villains who are greedy for treasures, if you want to know the whereabouts of big brother Zhao from my mouth, there is no way, if you Shouyi Sect wants to deal with me today, you better be able to kill me completely, otherwise, you old bastards, I will settle the score with him one by one.”

Poof!

Hearing Ye Han’s words, Huang Nishang snorted out a laugh, but feeling that the atmosphere was a bit off, she immediately held back her laughter.

Elder Zheng and the others’ faces darkened, since Ye Han was insensitive, they wouldn’t be talking nonsense, they would kill Ye Han and then go after Zhao Hengtian.

In fact, there was no deep hatred between Ye Han and the Form of Will Sect, just some friction, but this group of Form of Will Sect elders had always been used to being high and mighty, and now that someone dared to defy them, they naturally couldn’t bear this anger.

“Good, then, you won’t be able to live today.” Elder Zheng snorted coldly and said; “Mr. Huang, do you mind if we deal with this brat together?”

“Naturally, I don’t mind.” With someone willing to help, who would bother to refuse.

The Compass Clan and the Form of Will Sect reached a consensus, and in the next moment, a powerful aura that made hearts tremble enveloped towards Ye Han and the others, the kind of aura that was like thunder and lightning about to descend amidst black clouds, an oppressive aura that made people gasp for breath.

Seeing this, Master Pour immediately retreated and also closed the gate tightly, fearing that the great battle that was to come would affect him.

“Heavenly Dragon Guards, come out!”

Seeing that the Compulsion Clan and the Formation Yi Sect had reached a consensus, Ye Liang bellowed, and in the next moment, a group of men with a monstrous aura of blood and fury appeared inside the courtyard, and they, with eyes like fierce beasts and vipers, stared at the experts of the Compulsion Clan and the Formation Yi Sect.

Seeing this scene, the expert of the Compulsion Clan frowned, Ye Han’s body was actually guarded by so many experts, fortunately, the people of the Form of Will Sect were involved, otherwise, he really could not take Ye Han.

“Kill!”

A command was given and both sides fought at the same time in this courtyard, the experts of the Compulsion Clan and the Form of Intent Sect combined had a total of twelve people, as for the younger generation of the Form of Intent Sect, they were not enough to worry about, however, although Ye Han and the others had an advantage in numbers, they could not match the experts of the Form of Intent Sect and the Compulsion Clan in terms of top combat power.

Huang Wutian and Elder Zheng were both very powerful, being experts of the Middle Rendu realm, in fact, the two of them combined together could already pose a danger to Ye Han and the others, not to mention the other experts.

The two sides fought for the first time, and that kind of battle went into flames, with the sounds of battle rising and falling like thunder.

Ye Han didn't choose to fight the experts of the Form of Will Sect, in terms of trickery, it was the methods of the Companions that made people defenceless, his aura could restrain the companions, and it was just right to use it against the experts of the Companions.

Ye Han's surrounding body, his aura was released to the fullest, covering the sky, the aura belonging to the Little Ren Du realm was wildly released, his surrounding, like ants-like compulsions did not dare to approach his body at all, wanting to attack but not daring to, anxious as ants on a hot pot.

“Let me do it.”

When Huang Nishang saw this, she leapt out and released a red compulsion from her palm, this was one of the three great Xuan Compulsions that Huang Nishang had refined, the Heavenly Silkworm Compulsion, this compulsion could spit out thin silk-like threads in an instant, if it was entangled in such thin threads, it would immediately enter the attacked person's body, multiplying more compulsions in the body and devouring the body.

These silkworms are not afraid of Ye Han's aura at all, as they are lifeless and can only continue to reproduce under certain circumstances.

Facing Huang Nishang's Heavenly Silkworm Companions, Ye Han did not dare to be careless, although the woman herself was not very powerful in battle, her companions were very powerful.

In Ye Han's hand, the Dragon Scale Dagger was wielded by him in a dense manner, cutting through the incoming silkworms, but he was able to maintain the upper hand. However, the current battle situation was very unfavourable for them, as the Heavenly Dragon Guards were already at a disadvantage against the experts of the compulsions and the experts of the Formation Yi Sect.

Fortune Chapter 390

Throughout the battlefield, the sound of clashes was like thunder as Foolish Ben, Sun Buwei and Zhou Lie took on Elder Zheng, at this moment, they had already taken the Instant Explosion Pill, in their normal state the three of them were naturally no match for Elder Zheng, even at this moment, they could only barely maintain their undefeated status.

The four Heavenly Dragon Generals were united against Huang Wutian and were also struggling to hold their own. The snake compulsion in Huang Wutian's hand was extremely poisonous and if he was not careful, he would be bitten by it.

The other Heavenly Dragon Guards were already at a disadvantage under the siege of the experts of the Compulsion Clan and the experts of the Formation Yi Sect, and defeat was a matter of time. Even, some of the Heavenly Dragon Guards were struggling to hold up under the siege of the experts of the Compulsion Clan and had already been attacked by the parasites.

This kind of powerful formation today was the first time for Ye Han, and for the Heavenly Dragon Guards, they had encountered it.

Noticing this, Ye Han looked a little anxious, if this continued, the Heavenly Dragon Guards he had worked so hard to cultivate would only suffer losses, and that kind of loss would be too costly for Ye Han.

"Get lost!"

With a furious shout, Ye Han forced back the attack of a compulsion expert with a slash, but just as Ye Han was about to deal a death blow to this compulsion expert, that Huang Nishang's attack also arrived, her compulsions were not afraid of Ye Han's aura, and on the contrary, they were the most powerful, moreover, Huang Nishang did not play close combat with Ye Han at all, which gave Ye Han a great headache and made the fight very stifling.

Huang Nishang sneered and said; "Hey, there is no way out for you today, I think it's better for you to surrender."

"Dream your big spring dream!"

Ye Han shouted angrily, his domineering sabre broke through the void, fending off Huang Nishang's compulsion attack while fending off another compulsion expert's attack, asking him to surrender unless it was like that time in Yanjing City, when he was pushed to the brink and had no other choice.

"Hmph, quite manly, you can't bear to have so many of your little friends buried for you?" Huang Nishang hummed softly, her feet flickering as if she was a lively spirit in the wind, even though her appearance looked playful and cute in the midst of the battle.

Although Ye Han's heart was also anxious at the moment, his face remained as calm as a mountain, without any change.

However, just when Ye Han's side was in a predicament, a man dressed in night clothes descended from the sky, that terrifying aura as strong as thunder, and after he appeared, he ruthlessly rammed against that Shouyi Sect's Elder Zheng.

Boom!

Elder Zheng freed his hand and collided with this man in the nightclothes, then only a bang was heard as both of their bodies shook at the same time.

"Eight Extremes!" Elder Zheng's eyes were very cold as he looked at the man in the night clothes.

“You guys go deal with the others, leave him to me.” The night clothed man spoke to Silly Ben and the three of them and slowly walked across to that Elder Zheng, those eyes, giving off a fierce, beast-like feeling.

Seeing this appearing man in night clothes, Ye Han was a little surprised though, but looking at the situation, this man was here to help him, which made Ye Han breathe a fierce sigh of relief, having such an expert join in was like sending charcoal in the snow for them.

“Oh, so this place is this lively, how about I come and join in the fun?”

Suddenly, just as Ye Han let out a sigh of relief, a figure suddenly appeared above the courtyard wall, this group of people also wore night clothes, but they were different from the one who appeared just now, these people, were the Murong Family’s Death Squad, Ye Han had fought with these people in Jiangzhe.

Moreover, the person leading the squad was likewise a very powerful figure, only comparable to Elder Zheng of the Shouyi Sect.

“Murong Tiandu!”

Ye Han’s eyes were like ice, the fact that the Death Squad had appeared at this time proved that Murong Tiandu had been watching his movements and had now appeared at this crucial time, just in time to deal him a fatal blow.

The three parties were united, even if a mysterious nightclothes expert suddenly joined in on Ye Han’s side, it would be difficult to stop them.

“Death Squad, kill him!”

At that expert’s command, the seven Death Squad experts immediately pounced towards Ye Han’s position, their main objective today was to kill Ye Han, the rest of them, they would not overlook.

Seeing this, Ye Han’s heart trembled, the death squad leader who killed him was an expert of the same level as Elder Zheng, in addition to the other death squad members, would he be able to resist?

After seeing this scene, Silly Ben and the others were about to rush over wildly, but they were wrapped up in a deadly pester by the Form of Will Sect’s elders and could not get out of the way.

At this critical moment, Ye Han could only meet the leader of the Death Squad head-on with a palm strike, and in a flash, Ye Han’s body could not stop falling backwards, and his mouth spurted out a blinding spray of blood.

Seeing this opportunity, the experts of the Companions naturally did not want to let go, Huang Nishang and another expert of the Companions pounced on Ye Han at the same time, now that Ye Han was already injured, even if they fought in close quarters, they would not be afraid of Ye Han.

However, Huang Nishang and the compulsion expert underestimated Ye Han’s ability, even though he was injured, Ye Han’s combat power was still very strong. After Ye Han stabilized his body, he forced the compulsion expert back with a slash, and at the same time, his body bullying in, he appeared in front of Huang Nishang who came to kill him in an instant.

The bloodied face caused Huang Nishang's heart to tremble and she wanted to retreat, but her hand was held by Ye Han in a deadly grip, almost breaking her wrist.

Sensing this scene, Huang Nishang's face was even more surprised than Ye Han's, and even her face changed drastically. Taking advantage of Ye Han's daze, she hurriedly broke away from Ye Han's big hand and burst back, after which she looked at Ye Han with an ugly face.

And at that moment, the Death Squad's attack came again, descending from the sky with astounding power.

"Don't kill him!" Seeing this, Huang Nishang suddenly shrieked, her face as pale as snow.

But the Death Squad would not listen to Huang Nishang's orders, and that terrifying attack continued to envelop Ye Han. However, just as Ye Han was about to endure this terrifying attack from the Death Squad, inside the courtyard, another team of experts appeared, and after they appeared, they frantically pounced on the Death Squad to stop them from killing Ye Han.

Boom, boom, boom, boom!

A series of collision sounds exploded like thunder in Ye Han's ears, the collision between the Death Squad and this team of experts ended, with the Death Squad paying for the death of four people and the defeat of four people.

"Luckily, it's not too late!"

Looking at Ye Han at this moment, Chen Tianxing and another old man breathed a sigh of relief, they, naturally, were the sons of the Southwest Chen Tai Gong, Chen Tianxing as well as the two Chen Sky brothers.

The appearance of Chen Tianxing and the two brothers, Chen Tianxing and Chen Tiantian, made a big change in the battle, the strength of Chen Tianxing and Chen Tiantian was comparable to Elder Zheng, and the appearance of two experts equivalent to Elder Zheng at once was equivalent to a gospel from heaven for Ye Han and his side.

The Death Squad had four dead, the four men who had retreated had their faces changed greatly, they were already the last ones to strike, why did an expert who helped Ye Han secretly still exist, and was still so powerful?
