

## Fortune 391

### Fortune Chapter 391

“The Southwest Chen Family.” The leader of the Death Squad’s face changed greatly, although the Southwest Chen Family had not existed for a long time, they had known about the Chen Family, low-profile on the surface but strong on the inside, making it impossible to ignore.

“Humph, since you know it’s us, then you should know what kind of price to pay.” Chen Tianxing snorted coldly and directly pounced on the leader of the Death Squad.

The appearance of the Chen family members made Ye Han even more surprised, but he no longer had the heart to think about that much now, because after that one compulsion entered his body just now, it surprisingly caused him to become lustful and want to give vent to it ruthlessly, moreover, inside that compulsion, it contained surging energy that was flowing to his limbs and lilies.

“Ni Shang, what’s wrong?”

At this moment, Huang Wutian appeared next to Huang Nishang, as Huang Nishang had already greeted him earlier and told him to stop.

“Second Uncle, the Yin-Yang Harmony Compulsion has entered his body.” Huang Nishang said with an ugly face.

Hearing this from her, Huang Wutian’s face changed drastically, and he couldn’t help but look at Ye Han as if he wanted to kill him by a thousand cuts.

“Damn bastard, how could the Yin Yang Harmony Compulsion enter his body, bastard, bastard .....”  
Huang Wutian’s face was ugly to the extreme, the Yin Yang Harmony Compulsion, which was refined for Huang Nishang by their entire clan, this kind of compulsion was extremely difficult to form, and cultivating This kind of compulsion is extremely difficult to form, and it costs a lot to cultivate it.

In order to make this kind of compulsion, the clan has prepared for more than ten years, and now it has become a climate, if when Huang Nishang and her beloved have sex, the two of them absorb the energy in the Yin Yang Harmony Compulsion together, their strength will definitely increase by several levels.

But right now, this benefit is completely cheap to Ye Han, of course, Huang Nishang can also get the benefit, unless she is in the same room with Ye Han at this moment, the two of them cultivate the energy inside the Yin Yang Harmony Compulsion together, and absorb it together, however, this is impossible, she is a virgin, how can she be in the same room with a man she has only known for less than an hour?

So, this kind of benefit could only be cheap for Ye Han.

Of course, this was not the main thing.

What was more important was that the Yin Yang Harmony Compulsion had stayed inside Huang Nishang’s body since her infancy and was already connected to her life. Now that the Yin Yang Harmony Compulsion had gone inside Ye Han’s body, then killing Ye Han was equivalent to killing Huang Nishang.

On the other hand, Ye Han was in control of Huang Nishang's life, and if he died, Huang Nishang would not be able to live, but Huang Nishang's death would have no effect on Ye Han.

This is the wonderful use of the Yin Yang Harmony Compulsion, which not only enhances strength, but also binds two people who love each other together.

So, now that this had happened, would Huang Wutian still dare to kill Ye Han? Killing Ye Han would be tantamount to killing Huang Nishang, the most gifted genius of the compulsion tribe. Now, not only could Huang Wutian not kill Ye Han, he also had to protect him from being killed by others.

Faced with this situation, how could Huang Wutian not be angry, his face was almost on par with black charcoal.

Ye Han was naturally unaware of all this, right now, the kind of lust in his body was already getting higher and higher, moreover, that surging power was also getting stronger and stronger, so that his realm could not help but to soar up directly.

After feeling this, Ye Han completely ignored the battle at hand and directly kicked open the door of the Pour Master's villa and walked in, for with the appearance of the Chen brothers, the scales of victory had now tipped to his side.

Entering the villa, amidst the terrified gaze of the Pour Master, Ye Han went to the first floor, entered an empty room and began to meditate and cultivate.

Entering into a state of cultivation, Ye Han began to suppress the kind of lust released in his body while absorbing that surging energy to increase his strength, Ye Han had a feeling that perhaps, this time, he had been blessed by a disaster, the energy in this compulsion was too strong, it was hard to imagine that there was such a majestic energy inside the body of this small thing, but that was the case.

As Ye Han began to cultivate, that lust had been completely controlled by him, moreover, the energy released from inside the body of the compulsion was helping Ye Han to reach the middle stage of Little Ren Du.

Soon, when half an hour had passed, Ye Han's strength had broken through to the middle stage of the Little Ren Du very smoothly, however, this situation had not completely stopped and was still soaring upwards.

After feeling this situation, Ye Han was naturally overjoyed, and then, he wholeheartedly controlled the majestic energy flowing in his meridians to hit the higher realm.

The battle outside the courtyard had ended by now.

The Companions had struck, and with the help of Ye Han's side of experts, as well as that man in night clothes, and the Southwest Chen Family, the experts of the Formation Yi Sect and the Death Squad were directly killed and fled, with only that leader of the Death Squad escaping, and as for the Formation Yi Sect, all of the younger generation had died, as well as Elder Li Changfeng, who had also died under the fists of Silly Ben.

It could be said that this time, the Death Squad and the experts of the Shape and Intent Sect were defeated miserably, and they had little advantage to speak of after the Companions had struck.

At this moment, everyone was waiting for Ye Han inside the Pour Master's villa, the Compulsion Clan experts were also there, but their faces were more ugly than anyone else's, they could not wait to kill Ye Han right now, but they could not do so.

The man is a very good man, he is a very good man, he is a very good man.

The Chen brothers did not talk to the people of the compulsion tribe, and naturally neither did Sun Buwei and the others, who were still enemies just a moment ago. As for the man in night clothes, he sat alone, not speaking or paying attention to anyone, and the whole atmosphere spent three hours in this awkward silence.

At this time, Ye Han, who was in the room on the first floor, had already broken through to the peak of the late stage of Little Rendu, just one step away from becoming an expert of the Middle Rendu realm, but at this level, the energy among the companions had already been used up.

After feeling this, Ye Han opened his eyes and let out a deep breath, his eyes shining brightly and gleaming, showing how strong he was at the moment.

Just a few hours had allowed him to break through two realms in a row, a heavenly opportunity that one could only touch a few times in a lifetime.

Moreover, one should know that it had been less than a month since Ye Han had cleared the Governor's Vein and become a Little Ren Du expert, and in this less than a month's time, this time made him break through continuously, reaching a new height that he might not be able to reach in half a year's time, and perhaps after continuing to cultivate for a period of time, Ye Han would have the hope to impact the Middle Ren Du realm.

"The peak of Little Ren Du!" Ye Han licked his lips, his eyes flashed with a cold cold aura, when he was in Yanjing, it seemed that Nalan Mietian was at this realm, now, in terms of realm strength, they were equal, on the same level, next, it would depend on who was running fast, those who ran ahead were destined to be able to step on those who ran behind.

After that, Ye Han got up and left the room, walking towards the stairs, the expression in his eyes was unperturbed, smooth as a mountain, compared to a few hours ago, Ye Han not only changed in strength, but also in temperament, giving people an unfathomable feeling.

## **Fortune Chapter 392**

Seeing Ye Han walk downstairs, the gazes of the people inside the living room all looked towards him, however, among these gazes, Ye Han still felt a few cold auras fall on him.

Looking along, Ye Han smiled coldly at the experts of the compulsion clan, then, without saying anything, he came inside the living room and said to the two brothers, Chen Tianxing and Chen Tiantian; "Two seniors, thank you for helping out today, Ye Han is grateful."

Chen Tianxing smiled and said; "Ye Han, there is no need to be polite, you are a friend of our Chen family, if you are in trouble, we will naturally help you, fortunately we came in time today, otherwise we would have made a big mistake."

At Chen Tianxing's words, Ye Han was puzzled, why did the Chen family's people want to help him? It seemed that he did not have any involvement with the Chen family, and had only visited the Chen Tai Gong once last time because of the matter of the horse gang leader.

Seeing Ye Han's puzzled expression, Chen Tianxing said; "Ye Han, this is not the place to talk, I will slowly talk to you in detail when there is time."

At these words, Ye Han nodded, then he looked at the mysterious man who was sitting alone at the side, still dressed in his night clothes and said; "Senior, I wonder why you are helping me? Do we ever know each other?"

The man in night clothes raised his head and looked at Ye Han and said; "We don't know each other, you don't need to know why I'm helping you, but I want to ask you for one thing, I don't know if you'll give it to me?"

"Senior, please speak."

The man in the night clothes said; "I want a drop of your blood, even if it's your way of repaying my kindness for helping you, how about that?"

"It's that simple?" Ye Han looked at the man in night clothes with some surprise, then laughed; "That's certainly possible."

After saying that, Ye Han directly cut his finger, seeing this, the man in night clothes should have been prepared and immediately took out a small bottle and filled it with a few drops of blood, then he said to Ye Han; "Young man, if possible, we will meet again."

After saying that, the man in night clothes directly left the place.

"This person belongs to the same lineage as our Chen family, but I can't tell who he really is." Chen Tianxing whispered beside Ye Han, this old man was also of Eight Extremes origin, the same as their Chen family, but Chen Tianxing did not know who this Eight Extremes expert really was.

For the time being, Ye Han did not want to delve into this point, since this man in night clothes said that they might meet again, perhaps the next time they met would be the time to know his identity.

Subsequently, Ye Han checked the injuries of the Heavenly Dragon Guards, most of the injuries on their bodies were caused by the compulsions, and at the moment they were all suppressing them with great strength, for the Heavenly Dragon Guards, Ye Han was naturally more dedicated to helping them recover, completely leaving the experts of the compulsions clan to one side.

Seeing this, not to mention Huang Wutian was furious, even Huang Nishang was furious.

No matter what, Ye Han had taken advantage of their compulsion clan, and now he was treating them like air, completely ignoring them.

"Bastard, don't bully people too much!" Huang Wutian couldn't hold back anymore and directly slapped the table and stood up, roaring at Ye Han.

Ye Han turned his head and sneered, saying; "If you can't wait, you can leave, I'm not keeping you, if something is wrong, wait until I'm done."

Saying that, Ye Han continued with the matter at hand himself.

Seeing this, Huang Wutian's face became even angrier, if Huang Nishang hadn't winked at him, he would have stormed up to beat someone up, although he didn't dare to kill Ye Han, but he still dared to beat Ye Han up.

It took more than two hours for Ye Han to take care of the injuries on the Heavenly Dragon Guard's body, and it was already dark after this was done.

"Pour master, you are the master and we are the guests, look at the fact that it is already dark now, at least treat us to a meal, right?" Ye Han said as he stood up and clapped his hands, looking at the Pour Master who was standing aside as if he was silent.

When he heard Ye Han's words, the Master said hastily; "Mr. Ye, I have already booked a banquet at the hotel, if you don't mind, how about I be the host today?"

"Master Pour's invitation, we naturally don't mind, please also lead the way."

"Wait." Seeing that Ye Han really wanted to go to dinner, how could Huang Wutian still sit still ah, his fists were crunched by him as he said; "Ye Han, don't force me, although I don't dare to kill you because of the Yin Yang Harmony Compulsion, I definitely dare to kill the others around you."

"Hmph, then you can just try." Ye coldly grunted and said.

"You ....." Huang Wutian was furious.

"Second Uncle, let me do it." Huang Nishang stood up as she looked at Ye Han with complicated eyes and said; "Do you know what the thing you refined is?"

"I don't know." Ye Han replied honestly, although this thing had allowed him to raise his strength by two levels in a row, he really didn't know exactly what this compulsion was, however, it seemed like it should be a heavy treasure of the compulsion tribe.

Huang Nishang looked at Ye Han and said; "The compulsion you refined is called the Yin Yang Harmony Compulsion, which was refined by my compulsion clan with more than ten years of effort, originally it was a contractual compulsion that I shared with my future husband when we had sex, but now it has been used by you, so from today, you are my Huang Nishang's husband."

Hearing these words, Ye Han almost choked on his own saliva, what kind of reasoning was this? Having taken one of her parasites, she was her husband?

"You don't need to be surprised, let alone deny it, moreover, because of the Yin Yang Harmony Compulsion, if you die, I will also die with you, this is the wonderful use of the Yin Yang Harmony Compulsion, it not only enhances the strength of both parties, it is a contract." Huang Nishang said; "Although this is absurd, the wood has been laid to rest, this is the reason why my compulsion clan will not deal with you, now, what do you think you should do?"

At those words, Ye Han fell silent, it seemed that he should indeed give someone a statement after taking such a big advantage.

Ye Han said; "First of all, I must tell you one thing, I actually have no grudge with your compulsion clan, the reason why I killed your compulsion clan's people was also due to being framed, now that I have come to this point, I can only tell you that the compulsion clan is not an enemy of me, and I will not be an enemy of your compulsion clan."

"Bastard, you have refined the Yin Yang Harmony Compulsion, this is your reply to us, do you really think that my Compulsion Clan does not dare to deal with you?" After Huang Wutian heard Ye Han's words, those eyes were as terrifying as a poisonous snake, staring Ye Han in the face.

"Then what do you want me to do? Could it be that you still want me to marry a woman that I have known for less than a day?"

"Although I don't want that either, but you have to do it, that's how the rules of the compulsion tribe are." Huang Nishang looked at Ye Han, those beautiful eyes, no longer lively as they used to be, she said; "From today onwards, you, Ye Han, are the son-in-law of my compulsion clan, within three days, you must make a trip to the compulsion clan and receive the divine water blessing, otherwise, you will die, and so will I."

### **Fortune Chapter 393**

The first thing is that if he goes to the Companions within three days, not to mention the fact that the experts of the Shape Yi Sect are still in Hua Zhong and might be waiting for an opportunity to make a move, moreover, Murong Tiandu is also eyeing on him, the key is that if he goes to the Companions, what if the people of the Companions make a move on him then?

After all, that was the main camp of the Compulsion Clan, and there were many experts inside.

"Ye Han, I think it is necessary for you to go to the compulsion tribe and take a walk, the compulsion tribe's compulsion art is mysterious and unpredictable, many things are hard to tell, in case there is really harm to you, it would be troublesome." Chen Tianxing said; "If the compulsion tribe really wanted to deal with you, in fact, in the battle just now, they could have continued completely, the reason why they stopped was only because they really did not want to hurt you and did not dare to hurt you."

"Senior, where is the residence of the compulsion clan?" Ye Han asked, his own body, he had already checked it, there was nothing unusual about it, it was calm, but it was this calmness that instead made Ye Han feel a little uneasy, as if there was a time bomb hidden inside his body.

"This I know, when the time comes we will accompany you, in addition to these experts beside you, the compulsion tribe will also have to weigh in well." After Chen Tianxing finished, he then laughed; "Ye Han, in fact, if you really become the son-in-law of the Compulsion Clan, this is not a loss for you, not only will you be able to turn your problems into peace with the Compulsion Clan, but you will also be able to get this big help from the Compulsion Clan, which will definitely help you in your career."

At these words, Ye Han let out a bitter smile, having said that, but for the sake of his own career just to unite with a woman who does not know each other, Ye Han's heart will have a pimple, if the two have a relationship basis is fine.

But this time the crisis came to an end, for Ye Han the process was dangerous but he earned it, not only did his strength increase by a large margin, his relationship with the compulsion tribe was also temporarily eased.

This, I'm afraid, was not even thought of by the great wise and nearly demonic Zhuge Banruo!

The plan of Zhuge Bonjour was successful, luring Ye Han to Huazhong, allowing him to unknowingly kill Huang Wuliang, thus making enemies with the compulsion tribe and allowing the compulsion tribe to deal with Ye Han. Moreover, Zhuge Bonjour actually knew that when Ye Han showed up in Huazhong, Murong Tiandu would definitely not be honest and would definitely be preparing behind the scenes.

In this way, Ye Han would not only be facing the compulsion tribe, but also Murong Tiandu. Under such circumstances, Ye Han was bound to die no matter how one looked at it.

However, man's plan was not as good as heaven's.

Zhugue Bonyuo was very clever, but unfortunately she had not counted on the sudden help of the Chen family in the southwest, the unknown mysterious man in night clothes, and the appearance of the Shouyi Sect experts.

Moreover, Zhugue Bonyuo had not counted on the fact that because of the bad blood with the Companions, Ye Han's strength had soared as a result of the disaster, and now, there were signs of turning enemies into friends with the Companions.

It could be said that her plan had completely failed under the influence of many factors, and not only did it have no half-hearted effect on Ye Han, but it also helped him to improve his strength and the crisis of the compulsion tribe was lifted.

"Damnable fellow, why is his luck so good every time?"

River Blue River City, the Murong Family's premises, Murong Tiandu had an angry face, his fists clenched, and beside him stood the leader of the Death Squad who had gone to kill Ye Han.

"Young Lord, this time it was a dereliction of duty on the part of my subordinates."

Murong Tiandu shook his head as he responded with a cold face; "You are not to blame this time, the Compulsion Clan, my Murong Clan, and the unexpectedly appearing Formation Yi Sect experts, all this could not kill him, it can only be said that Ye Han slept with this woman, the Goddess of Luck, he was so lucky that the Southwest Chen Clan stepped in to help him."

"Young master, what do we do next? Do we need to send out the Death God General?"

"No, the Death God General is the ultimate power of my Murong Family, it must never be exposed until the last moment, it is what I use to deal with Nalan Miantian." Murong Tiandu shook his head, dealing with Ye Han, he didn't want to expose all of his base cards yet.

"Tian'er, did you encounter something troublesome?"

While Murong Tiandu was talking to the leader of the Death Squad, a very beautiful woman accompanied by an old man and a young man came inside this courtyard, the woman was very

beautiful, although her real age was already fifty, she looked like she was just in her early thirties, extremely well maintained.

This woman is the wife of Murong Hetu, the leader of the Southern Martial Forest, and the mother of Murong Tiandu – Bu Yangyu.

A beautiful woman who was famous throughout the South thirty years ago.

Seeing the beautiful woman arrive, Murong Tiandu hurriedly stood up and helped her to sit down, saying; “Mom, no, there is nothing in this world that can be difficult for your son.”

She said; “Tian’er, your brother has told me everything about the outside world, right now, your father is in seclusion, I only hope that in the dangerous world outside, nothing will happen to the two of you.

Hearing this, Murong Tiandu glared at Murong Jiu who was standing next to him, then laughed and said; “Mom, don’t listen to Jiu’s nonsense, it’s not true, don’t think too much about it.”

Bu Jingye stood up and said; “I hope it’s mum who is overthinking, if you go out remember to bring your Grandpa Warblade with you, I’m relieved to have him around.”

“With me around, someone can hurt both of them brothers, don’t worry!” Looking at the face that he had secretly loved for more than thirty years, the old face of the war knife showed all the tenderness. In fact, no one knew that the reason why the war knife existed in the Murong family was because of this woman.

Although this woman was already a wife, he still treasured that love in his heart and was willing to give up all the glory that belonged to him for this woman.

Central China, Shaoyang City, outside the villa.

At this moment, Ye Han looked at the group of soldiers standing in front of him, there were fifty of them, moreover, there were also a few valiant women in this group, these people were all the good hands that Situ Zhentian had selected for him in the army, each of them basically had a hard kung fu, although they could not reach the level of ancient martial artists, but the base was thick, after training, they would be another group of experts comparable to the Tian Long Wei.

Ye Han’s eyes were calm as he looked at the group of soldiers, sweeping his gaze over their bodies one by one.

However, compared to Ye Han’s calm gaze, the eyes of this group of soldiers looked untamed and even looked at Ye Han with hostility, because of Ye Han, all of them had been expelled from the military and sent here for unknown reasons.

“You guys are hating me?” Looking at these people, Ye Han asked with a calm gaze.

### **Fortune Chapter 394**

When the fifty soldiers heard Ye Han’s words, the hostility on their faces intensified and their eyes spewed fire.

“Not bad, because of you, we were expelled from the military, we don’t care which rich family’s son you are, but, wanting us to give you our lives in good faith, there is no way.” A tall military man looked at Ye Han and said in a cold voice.

“So that’s how it is.” Ye Han nodded and said; “I am not a second generation official, nor am I a second generation rich, I am just a poor boy who came out of the ravine and fought his way up. Don’t you want to give it a try?”

“Our stage is in the army, not with you, what can you give us? Money? Rights?” A female soldier said with a disdainful smile at Ye Han; “These vulgar things are not what we are after.”

“Money, power.” Ye Han laughed as he said; “I can indeed give you all these things, but since you don’t like them, what about supreme power? Aren’t you all impressed too?”

“Just you, what power can you give us?”

At those words, Ye Han turned to look at the Heavenly Dragon Guards standing behind him, and then said; “How about this, if the fifty of you join together, as long as you can defeat any of them, then I will let you all regain your military status, how about that?”

“Humph, arrogant fellow, this is what you said, keep your word?” Although the Heavenly Dragon Guard and the others had an aura of bloodshed that was awe-inspiring and terrifying in their eyes, but naturally these best men from the various military regions would not think that fifty of them combined together would not be able to take one person.

“Of course it counts.” Ye Han nodded, then he continued; “However, if you lose, then, from now on, you will have to obey my orders, military orders are like mountains, these four words are not unfamiliar to you I think.”

“Good, let’s do it.”

Ye Han beckoned, then a Heavenly Dragon Guard stood out, his eyes coldly looking at the fifty soldiers, both sides did not have any unnecessary words, the fifty soldiers swarmed forward, all of them rushed towards that Heavenly Dragon Guard.

But soon, this battle of disparity in power was over. This group of soldiers were indeed among the best in the major military regions, but their strength was not at all on the same level as the Heavenly Dragon Guards who had undergone cruel training in life and death.

Looking at the soldiers who kept getting up, Ye Han was very satisfied, these people were extremely resistant to blows, with a thick base and a lot of room for upward mobility.

“What powerful guys, only a few points more powerful than even the soldier kings in our military district!” Watching the Heavenly Dragon Guards silently retreat, the faces of this group of soldiers all had a look of shock, they came from all the major military districts and had all seen many Soldier King level experts, the goal of these people was to become Soldier Kings and have great strength.

“How is it?” Ye Han re-stepped forward as he looked at the group of soldiers and asked.

Hearing Ye Han’s question, they were collectively silent.

Ye Han continued; "Since you have lost, then from now on you will have to follow my orders, of course, with effort comes reward, as long as you are willing to suffer, all I can offer you is strength as powerful as this group of people behind me, now, I want to know if any of you are willing to follow me and conquer this world together?"

"We are willing." At this time, there was no one left who was discontent with Ye Han, although Ye Han had made them lose their military status, but, to get back supreme power, this group of soldiers who were hungry for power would not refuse.

"Very well." Ye Han nodded and said; "But after following me, I don't ask for much, just eight words, absolute obedience and absolute loyalty."

"Absolute obedience, absolute loyalty!" The shouted voices connected from the mouths of this group of soldiers who were hungry for power.

"Good, go to Tengchong, someone will come to meet you when you arrive there, I hope that the next time we meet, you will be ten times stronger than now, or even stronger."

After sending the group of soldiers away, Ye Han made a call over to Kun Sang and asked him to arrange for the group to go inside the forest and receive training from Zhao Hengtian.

After dealing with this matter, Ye Han also had to start preparing for the matter of going to the compulsion tribe. Huang Nishang told him that he had to go to the compulsion tribe within three days, otherwise his life would be in danger, and Ye Han did not dare to be sloppy about this matter.

After leaving two Heavenly Dragon Guards to protect Xie Xuan Yan and the girls, under the leadership of Chen Tian Xing and Chen Tian Tian brothers, Ye Han and his group of nearly 20 experts began to march towards the Companions' compound.

The residence of the compulsion tribe is in the middle of the forest mountains, which is not known to the general public, and they do not dare to come here. The residence of the compulsion tribe is a very terrifying place, with all kinds of terrifying snakes, insects and rodents, spread all over the mountains and forests, becoming a natural barrier for the compulsion tribe.

After going over several mountain peaks and crossing some primeval forests, Ye Han and his team had arrived at the surroundings of the compulsion tribe.

This time to the compulsion tribe, Ye Han also brought the little tiger, this little thing is also a killer against the compulsion insects, swallowing compulsion insects that is equivalent to eating snacks, and not afraid of poisoning or something.

The tiger was scurrying around in the forest, and Ye Han didn't bother with it, as the little thing would not get lost anyway.

The two brothers Chen Tianxing, who saw the tiger for the first time, were a bit surprised, as the snakes, insects and rodents that came along the way were like mice that had seen a cat, and were chased away frantically.

“Ye Han, up ahead is the compulsion clan’s residence, we’re here.” In a small hillside, from here to look, can see a small isolated village emerge in their sight, this small village in the people, spring smoke, that a retro building gives people a return to the old days of the general feeling.

Looking at the small village, Ye Han said; “The compulsion tribe is quite good at picking places, although this place is in the depths of the mountains, but also by the mountains and water, and there are faint dragon veins rising around, the air is fresh, it is a good treasure land.”

Chen Tianxing said; “The residence of the compulsion tribe is naturally not too bad, they have lived here for generations and seldom contact with the outside world, I wonder how many experts there are in this compulsion tribe nowadays?”

“Let’s not worry about it first, let’s go into the village since we are here.”

The village entrance was marked by an archway with the words ‘Compulsion Village’ above it, and underneath the archway, there were people from the Compulsion tribe guarding it.

### **Fortune Chapter 395**

“Who are the people coming?” Seeing Ye Han and the others arrive, the two members of the Compulsion Clan in minority dress asked indifferently at once.

“Please give the compulsion clan chief a notice, and tell him that I, Ye Han, have arrived.”

At those words, the two members of the compulsion clan’s faces became even colder, the fact that a young man from the outside world, Ye Han, had killed the third master of the compulsion clan had already spread inside the village, which caused people from all over the compulsion clan to hate the name Ye Han, moreover, the yin and yang harmony compulsion that the compulsion clan had carefully cultivated had also been taken up by this person, which made the compulsion clan even more angry and resentful towards Ye Han.

“Hmph, wait.” The companions who guarded the gate coldly snorted, then one of them went towards the inside of the village, Ye Han was coming to the companions this matter was not a secret in the companions, all the companions in the village knew about it.

The village entrance was not long past, and many people from the compulsion tribe gathered, they all came after hearing the news and wanted to see what kind of person Ye Han, who killed the third master of the compulsion tribe and took advantage of the Yin Yang Harmony Compulsion, really was.

“These people are the ones who killed the Third Master and took over the Yin Yang Harmony Compulsion?”

“This group of outsiders really think that our compulsion tribe is not involved in the world, so they are easy to bully, right? We must show them a little bit of colour later on.”

“When it comes to our compulsion tribe, even if they are dragons outside, they have to be more honest with us.”

Looking at Ye Han and them, the members of the compulsion tribe who were gathered here started to talk, but the tone was quite bad, for these, Ye Han and the others didn’t bother, coming to the compulsion tribe, they didn’t come to look for trouble.

“Make way, all make way .....

At this time, a cacophony of noise suddenly came from the back of the onlookers, after the crowd made way for a large path, several youths walked out immediately after, the youth at the head of the group had sinister eyes, giving people a viper-like feeling, being stared at by his eyes would make people feel uncomfortable.

“Huang Barbarian is here, this is going to be a good show!” Seeing the arrival of the young man at the head of the group, the faces of the onlookers all revealed a very interested look, while also looking at Ye Han and the others with a bit of gloating, this Huang Barbarian was the most powerful genius in the compulsion tribe besides Huang Nishang, moreover, Huang Barbarian had always harboured a love for Huang Nishang and regarded her as his future woman.

However, now that Ye Han had taken away the Yin-Yang Harmony Compulsion, Huang Nishang could only belong to Ye Han in the future, so how could Huang Barbarian, who grew up with Huang Nishang as a childhood friend, not be angry?

“Who is Ye Han, get out of here?” Huang Barbarian’s arrival, his sinister gaze swept directly over Ye Han and his group of people, his murderous intent seeping through, his fists all clenched tightly by him I.

Ye Han frowned, and then he said indifferently; “I am Ye Han, I wonder what your Excellency wants?”

“Humph, you are Ye Han, very well, if you don’t beat me today, you won’t be able to enter the village.” Huang Barbarian looked at Ye Han, he grunted heavily, then stepped forward, in his hand, a terrifying scorpion had appeared, a scorpion compulsion, attacking fiercely, and like the snake compulsion, extremely toxic, being bitten by this thing, or entering the body, would cause the attacker’s flesh to rot instantly.

Hearing this, Ye Han said indifferently; “Is this how the compulsion tribe treats their guests?”

“A guest?” Huang Barbarian sneered and said; “For me, Huang Barbarian, you are an enemy of my compulsion clan, cut the crap, do you dare to fight with me or not?”

“What’s the harm in having a battle with you?” Ye Han took a few steps forward as he looked at that Huang Barbarian and said; “Only, I’m afraid that you won’t be able to afford the result, are you sure you want to fight me?”

“Look at the moves!”

In reply to Ye Han’s words was Huang Barbarian’s venomous attack, his scorpion compulsion was extremely fast, only seeing a flash in the air before it appeared violently in front of Ye Han’s body, the long tentacles had an amazing penetrating power and venom on them.

When the people around saw Huang Barbarian’s attack, their gazes were all on him and Ye Han.

There were very few geniuses like Nalan Mietian in this world. Among the young generation, there was no one who could pose a danger to Ye Han except Nalan Mietian, so naturally, the strength of this Huang Barbarian could not cause any harm to Ye Han.

The scorpion compulsion missed a blow, and under the control of Huang Barbarian, it suddenly burrowed into the ground and disappeared into the mud, and then Ye Han felt a tiny movement in the mud under his feet.

The moment Ye Han's legs left the ground, a black scorpion parasite leapt out and shot towards Ye Han's body at an alarming speed, wanting to burrow into Ye Han's body, devour his blood and destroy his flesh.

After landing on the ground, Ye Han looked at the scorpion parasite that was still shooting towards him, he sneered, and the aura in his body was immediately released, the terrifying aura filled the void, and in an instant, only a small sound was heard from the body of the scorpion parasite, looking terrified and afraid.

Then, in the eyes of the people in the compulsion tribe, the scorpion compulsion of Huang barbarian turned around and ran away, turned into a black light into Huang barbarian's body, no matter how Huang barbarian called, the scorpion compulsion just did not come out.

The scorpion compulsion had become timid in the face of Ye Han.

Ye Han smiled lightly and said; "It seems that this compulsion of yours isn't good either, it doesn't even have the courage to fight me, I was still warming up and it ran away."

"Bastard, I'll deal with you personally." After hearing Ye Han's words, Huang Barbarian became furious and darted towards Ye Han with a terrifying punch, striking out personally, Huang Barbarian was different from the rest of the compulsion clan, not only was his talent for refining compulsions great, second only to Huang Nishang, but also, he was extremely skilled.

If they don't use their compulsions, they won't have any advantage in the same realm when they face each other. However, this Huang Barbarian is not only great at refining compulsions, he is also great at fighting.

However, Huang Man could not even take Ye Han in the domain he was proud of, so how could he be Ye Han's opponent when it came to body fighting?

Looking at Huang Barbarian's dashing fist, Ye Han stood still and also threw a punch.

Avalanche Fist!

Terrible power was released from Ye Han's fist, and the moment their fists formally collided, bang! The dull sound of flesh colliding resounded next to the ears of the surrounding crowd, and then, only to see Huang Barbarian's body being blown away directly under this fist, landing on the ground with blood spitting out of his mouth, stunned the people of the surrounding Companions.

### **Fortune Chapter 396**

The second day talent of the compulsion tribe had lost under Ye Han in this way, which made the crowd of compulsions watching the onlookers very alarmed, Huang Barbarian's compulsions had no damaging effect on Ye Han at all, moreover, in terms of combat power, he was simply not Ye Han's enemy in one move.

“Little Ren Du!” The eyes of the people of the compulsion tribe all stared hard, if they could defeat Huang Barbarian so easily, then Ye Han’s strength would definitely not be below the Little Ren Du realm, thinking of this, the gaze of the compulsion tribe at Ye Han had changed, at such an age, he was already at the Little Ren Du realm, if he was given five or ten years, then it would still be necessary!

The people of the compulsion tribe who wanted to teach Ye Han a lesson at first compared their strengths, but dismissed the idea, let the clan leader decide what to do.

“What are you all doing around? All disperse .....

At this time, a middle-aged man about forty years old arrived, the man’s dress was no different from the rest of the compulsion tribe, because refining compulsions and dealing with these snakes, insects and rats all year round made the people of the compulsion tribe look like they had a very cold and terrifying look in their eyes.

“Outsiders, all of you come with me.” The middle-aged man of the compulsion tribe gave Ye Han and the others an indifferent glance, then led the way in front of them, with Ye Han and his group calmly following behind him.

After walking inside the village, not much time passed before the middle-aged man led Ye Han and his group to the front of a solemn hall, the entire hall was built out of wood and was filled with an austere, inviolable smell.

“Which one of you is Ye Han? Just follow me in, the others wait outside.”

Hearing this, Chen Tianxing said; “Hold on, we two brothers will accompany him in together, the friends of the compulsion tribe should not obstruct this.”

“Hmph, do as you wish.” The middle-aged man of the compulsion tribe coldly snorted, and was walking directly inside the main hall.

Ye Han told Sun Buwei and the others to wait outside, and he himself, Chen Tianxing and Chen Tiantian walked into the great hall.

When they entered the hall, Ye Han realized that there were quite a few people inside the hall, more than ten, and among them, except for Huang Nishang, a young descendant, the rest of them were all middle-aged or elderly people.

The two brothers and their brother Chen Tianxing have the same aura. This kind of lineup is quite strong, if they really want to deal with Ye Han, then even the people Ye Han brought with him are not their opponents.

The history of the compulsion tribe is long, and no matter which troubled era they are in, their heritage has not been extinguished, so it is clear how strong the survival power of the compulsion tribe is.

When they arrived at the main hall, Ye Han and the others were sizing up the experts of the compulsion tribe, while the many experts of the compulsion tribe were also sizing them up, and within that calm gaze, there was no way to hide that touch of anger.

“Ye Han, I have met all the seniors of the Compulsion Clan.” On the main hall, Ye Han arched his hand to Huang Wu Xie, the patriarch of the Compulsion Clan, as well as more than ten experts of the Compulsion

Clan, without being condescending, and the two brothers, Chen Tian Xing and Chen Tian Tian, also arched their hands to the people of the Compulsion Clan, in fact, their generation almost all belonged to the same era, it was just that the Compulsion Clan rarely came out of the world, even if they knew each other's names, they had never met.

Huang Wu Xie, the patriarch of the compulsion clan, waved his hand and said indifferently; "The visitor is a guest, please have a seat."

"Many thanks!"

Ye Han and the three of them took their seats in the main hall and waited for the Compulsion Clan Chief's next words.

However, amidst this calmness, the Compulsion Clan Chief Huang Wu Xie did not speak, his gaze was still sizing up Ye Han, Huang Wu Xie did not speak, so Ye Han naturally would not speak, both sides remained silent like this for five minutes, making the entire hall's aura quiet and somewhat eerie, making people extremely uncomfortable.

"What a calm and collected fellow!" After seeing this scene, the elders of the compulsion clan's eyes flickered uncertainly, facing them, a group of compulsion clan experts, actually sat calmly for five minutes without changing colour, this alone is already much better than many young people.

"Ye Han, the rising star of the south, the dominant figure in the underground world of eastern China, less than twenty, is to have already opened the Governor's Vein and become the first genius of the ancient martial world, I have known you." Under this silence, Huang Wu Xie still spoke up, he said; "However, if you think that these auras on you can suppress my compulsion clan, then, you are a thousand times wrong, now, let's talk about the feud between you and my compulsion clan."

As for the grudge you mentioned, I would like to start by saying that both I and your clan are victims in this matter, and the real mastermind is someone else. Your compulsion clan Huang Wuliang was provoked by someone and used sinister means to deal with me."

"Hmph, putting things off cleanly in a few words, how do you expect us to believe you?" One of the compulsion clan elders snorted coldly.

Ye Han glanced at him and said; "Believe it or not, if you want to avenge the people of your compulsion clan, this is of course something that is unjustifiable, but then, not only will the mastermind behind this succeed in his treacherous plan, if we both fight, although I, Ye Han, cannot shake the foundation of your compulsion clan, but if the net is really broken by a fish dying, it will not be beneficial to all of us. "

"A fish death net, do you really think you are qualified for this?" The elders of the compulsion clan looked at Ye Han in a flurry of anger.

Ye Han was silent, whether or not one had this qualification was not something that was said, but rather something that was done.

"Everyone, is it hard to say that we were asked to come to the Compulsion Clan to accept your sanctions?" Seeing this situation, Chen Tianxing swept his gaze across the room and spoke indifferently.

"Taiyuan Chen Clan." Huang Wu Xie glanced at Chen Tian Xing.

“Not bad.” Chen Tianxing nodded, they were originally from the Taiyuan Chen Family in Shanxi Province in the north, and were only forced to move south because of Huang Fu Qiji’s genius.

“Good.” Huang Wu Xie nodded as he looked at Ye Han and said; “Since you said that there was another mastermind behind this matter, then, who is this mastermind?”

“In the north, the schemer beside Nalan Mietian, Zhuge Bongyu.” Ye Han said indifferently.

At those words, Huang Wu Xie’s eyebrows raised and narrowed his eyes as he said; “So it’s a descendant of the Zhuge family, no wonder.”

“So, do you all have any questions now?” Ye Han’s gaze glanced at the experts of the Compass Clan within the Great Hall and asked this.

“In that case, we can leave this matter alone, but isn’t it time for you to give us an explanation on this matter of the Yin Yang Harmony Compulsion?” Huang Wu Xie looked at Ye Han, his eyes cold in an instant, not only him, the elders of the compulsion tribe in the hall also did the same, the Yin Yang Harmony Compulsion was something that they had spent more than ten years of hard work researching, in the end, their compulsion tribe did not take advantage of half of the benefits, all of them were cheap to Ye Han, an outsider.

### **Fortune Chapter 397**

The Yin Yang Harmony Compulsion was not something he stole or robbed, but it was something that it had posted itself. Although it was true that Ye Han had taken advantage of this matter, what did the compulsion tribe want him to give an account for?

The Chinese government has been trying to get him to spit out what he ate?

Ye Han said indifferently; “I wonder what kind of an explanation you all want me to give?”

“A very short answer.” Huang Wu Xie said; “Since you have devoured the Yin Yang Harmony Compulsion, then you must become one of my Compulsion Clan and become the son-in-law of my Compulsion Clan, moreover, the wedding will be held tomorrow, after that, you don’t need to leave the Compulsion Clan, just stay here at ease.”

Upon hearing these words, not only did Ye Han’s face change drastically, but the faces of the two Chen Tianxing brothers also changed.

It was not impossible to let Ye Han become the son-in-law of the compulsion clan, it was a matter of taking advantage of the situation anyway.

However, how could it be possible to ask Ye Han to stay in the Compulsion Clan and not go out in the future?

“No way.”

Ye Han stood up abruptly as he said with a cold face; “I can promise you to marry your son and daughter, but not now, as for asking me to stay in the Compulsion Clan in the future, no way.”

“Bastard, after devouring the most precious treasure of my compulsion clan, how dare you refuse to agree to just this request, is it that you want to be an enemy of our compulsion clan?” Seeing Ye Han refuse, the elders of the Compulsion Clan’s faces became even more furious, their murderous intent seeping out, their gazes as if they wanted to devour Ye Han.

Huang Nishang sat aside and did not say anything, marrying Ye Han, it seemed to be her destiny already, it could not be changed, for this, she did not resent much, the man she wanted to marry must not be lower than her in talent, but stronger than her, this, Ye Han met the requirements in her mind, as for the affection thing could be cultivated slowly later.

“Compulsion tribe, you must not bully people too much.” Ye Han’s gaze was cold as he looked at Huang Wu Xie and said; “I promised you to come to the Compulsion Clan, I came to settle this grudge in good faith, but it’s not that I’m afraid of you, nor am I afraid of death, if you have to force me, then I, Ye Han, will definitely not sit back and wait for death, whoever forces me, I will destroy him.”

“How dare you!” Huang Wu Xie was furious, slapping that big dragon and tiger chair he was sitting on, his eyes became as cold as ice, exterminating his compulsion clan, this was the first time he heard such arrogant words from inside a person’s mouth.

Seeing the indifferent to the extreme face of this group of compulsion experts, Ye Han’s face became extremely ugly, asking him to stay in the compulsion tribe, never, there were still many things he had not done outside, there were still many people he was attached to, people he loved and cared for.

“Bastard, it seems that you want to cross paths with my compulsion clan?”

Hearing Ye Han’s words, the people of the Compulsion Clan were furious, terrifying killing machines intertwined on the hall, like a killing array that enveloped the heavens and earth, eerie and terrifying.

After sensing this scene, Ye Han and Chen Tianxing and Chen Sky’s eyes stared, the Compulsion Clan, did they really have to go this far?

The three of them were able to get to the bottom of the situation, but at that moment, many experts of the compulsion tribe appeared around the hall, trapping them and holding them against each other.

The three of them were also ready to fight at any time. If the companions were too deceitful, they would make a big fuss in the companions.

The eyes of the experts of the compulsion tribe are cold and indifferent, Huang Wu Xie looks calm but gives people a cold silence to the extreme, so people can’t guess what he is thinking.

This scene made the atmosphere inside the hall a bit delicate, and there was a kind of saber-rattling general taste.

However, in the midst of this silence, a clear and beautiful voice came out from the hall; “Hey, are you truly willing to marry me?”

Huang Nishang’s beautiful eyes sized up Ye Han’s body, a sizing up that was more like an examination.

Hearing this from her, everyone in the great hall turned their gazes towards her.

Ye Han said; “Do you want to hear the truth, or do you want to hear a lie?”

“Of course it’s the truth.” Huang Nishang said as a matter of course.

Ye Han said; “Miss Huang, you and I don’t even really know each other, we don’t understand each other, so it’s naturally impossible to marry you sincerely, although this is something you don’t like to hear, but this is my truth.”

At these words, Huang Nishang smiled, she said; “If you had just said the opposite, although my compulsion clan does not dare to kill you because of me, imprisoning you can definitely be done, however, you have told the truth, instead I appreciate you even more, stay in our compulsion clan for five days, give me a chance to fall in love with you and let you fall in love with me, this is the best ending, how about that? ”

Hearing these words from Huang Nishang, Ye Han was silent for a moment before he said; “Staying in your compulsion clan for five days is naturally fine, but, after five days? You should know that I have attachments, lovers and enemies outside, I can’t stay in your compulsion clan forever, the world outside is the world that truly belongs to me.”

“After five days, I will let you leave the compulsion clan safely.” Huang Nishang said this way.

“Neishang ……” Hearing this from Huang Nishang, Huang Wuxie’s brow furrowed, and there was an even warmer look of anger on his face.

“Father, I know that you want to keep him strongly for the sake of your daughter’s happiness, but if he is here but his heart is not, what is the use of staying?” Huang Nishang stared at Ye Han’s face and calmly said these words, at this moment, Ye Han suddenly had a good feeling towards Huang Nishang, this woman looked lively and lovely, but she was not that kind of capricious and unruly young lady.

“If he’s gone, do you think he’ll come back?” Huang Wuxie sighed in his heart, for the sake of his daughter’s happiness, for the sake of the little princess of the compulsion clan, in fact, the reason why their compulsion clan was oppressing Ye Han was simply to keep him around, there was no other intention, there were too many temptations in the flowery world outside, who knew if Ye Han would remember his daughter in the future.

More importantly, Huang Nishang had already shared her life with Ye Han at the moment, if Ye Han suffered an accident outside, would Huang Nishang still have a chance to live?

“Father, this is my daughter’s own matter, let me solve it in my own way.”

“I hope you won’t regret it.” Huang Wu Xie said silently in his heart, then he looked at Ye Han and said indifferently; “Ye Han, I will let you go today, but if the final result does not satisfy me, then I would rather not have this daughter, my compulsion clan will kill you, this is not a threat, if that day does come, I, Huang Wu Xie, will really kill you.”

Ye Han said; “Chief Huang, then I also tell you, the little princess of your compulsion clan, I will take her as my wife, but not now, in the future I will give her a grand wedding, so I hope you will not force me either, if you agree, I can call you ‘father-in-law’ now instead. ”

“Hmph, get lost, I still have to see how you behave during these five days in the compulsion tribe.” Huang Wu Xie snorted coldly.

At that, Ye Han smiled, he had won this battle of temperament today, but it was thanks to Huang Nishang, then, Ye Han took the initiative to walk over and took Huang Nishang's hand and walked out of the main hall.

### **Fortune Chapter 399**

However, just as Ye Han was about to turn around and leave, suddenly, only a slight vibration was heard coming from the ground, although this vibration was very small, but as martial artists, Ye Han and Huang Nishang still felt it first.

What happened? Huang Nishang turned around and stared blankly at the rocky forest from which the vibration was coming.

Ye Han also looked inside with a puzzled expression.

As the two of them watched, the ground trembled more and more, with a kind of precursor to an earthquake, the stones in the rocky forest shook and stood up, and the weeds inside rustled, as if something was about to break out of the ground.

The shaking of the ground kept spreading out in that direction towards the inside of the village.

"Ni Shang, is this sacred ground of your compulsion tribe used for ancestor worship?" Looking at this scene, Ye Han asked curiously.

Huang Nishang shook her head and said with a gloomy face, "Not so, rumor has it that our compulsion tribe's holy land exists with our compulsion tribe's holy object, the Chi You divine Compulsion, whether or not that is the case, I am not sure, all along, the holy land has been very quiet, there has never been any movement, what is going on today?"

As Ye Han and Huang Nishang were talking, the commotion coming from the direction of the Holy Land was even greater, even, that spiky pagoda was shaking, around the Holy Land, the wind was gusting, an extremely cold and domineering aura was also coming out of the air at this time.

"Not good, it looks like something big is about to happen at the Holy Land!" Sensing this aura, Huang Nishang's eyebrows tightened together, then she said to Ye Han; "Ye Han, don't move here, I'll go and inform my father and the elders, so they can come and take a look."

Ye Han nodded and said; "Ni Shang, go ahead, I'll watch this place for you."

As things were perverse, Huang Nishang did not dare to delay, and immediately ran in the direction of the village.

Ye Han looked at the sacred place of the compulsion tribe, the corners of his eyes were gradually narrowed, this sacred place of the compulsion tribe was not simple! That cold and domineering aura in the air, as if the most yin and evil thing in this world was about to come out, that strong and domineering aura was more frightening than even the experts Ye Han had encountered.

Gradually, under this kind of movement, a sound like crying from hell spread out between heaven and earth, although the sound was not loud, but the pressure was endless, as if heaven and earth were shrouded in a layer of dark clouds at this moment, so that people could not kick their breath.

After the people of the Companions heard this commotion, they all looked at the dome of the sky in great alarm, and then looked in the direction of the Holy Land, this sound was coming from the direction of the Holy Land, so that they could not help but kneel down and submit to the direction of the Holy Land, this was a warning, but also a kind of pressure, the pressure from a noble bloodline.

“What’s going on?” On the main hall, Huang Wu Xie and the others appeared outside, their gazes very grave as they looked in the direction of the Holy Land, how could such a big commotion happen in the Holy Land, which was always calm and uneventful? Could it be that something had happened?

“Father, there’s a situation at the Holy Land!” At this time, Huang Nishang had already arrived. Hearing Huang Nishang’s words, Huang Wuxie and the others’ faces changed greatly, the holy land was an important place for their compulsion clan historically, and had been since the beginning of the existence of the compulsion clan, the ancestral motto of the compulsion clan, one must protect the safety of the holy land, guard the holy relics of the compulsion clan, and wait for the holy son to descend into the world.

However, this holy land, which has always been quiet and unexceptional, how did the situation arise today?

“Go, quickly go over and take a look.”

Where could Huang Wu Xie and the others dare to delay as the matter concerned the Holy Land of the Companions Clan, each of them rushed in the direction of the Holy Land of the Companions Clan.

However, just at this moment, a shaking like the ground shook violently spread in the middle of the Compulsion Clan’s compound, this shaking was even stronger than just now, and even, some houses started to tilt and collapse.

“Not good, Ye Han is still in the Holy Land!” Upon seeing this, Huang Nishang immediately shot frantically in the direction of the Holy Land with an anxious look on her face, Huang Wuxie and the others were even faster than her.

Outside the Holy Land, at this moment, Ye Han could be said to be trembling with fear, because in front of him, the pagoda had actually all exploded open, debris flying in the sky, and all those towering stone forests on the ground had also collapsed, after the pagoda broke open, first a kind of fire-red light burst out from the ground, and then this light shot up to the sky, reflecting the whole heaven and earth red, the scene was like a burning cloud.

Such a strange sight had never been seen by Ye Han in his life.

Of course, what frightened Ye Han was not this, but the fact that from the bottom of the earth where the pagoda had exploded, a power that made his heart palpitate was gradually being released, moreover, this power had locked him in place, so that he did not even dare to give birth to the thought of resisting.

Buzz!

At this moment, a breath-like aura slowly spread out from the bottom of the earth, and under Ye Han’s close watch, an unknown species that gave a false impression of reality appeared, the surface of this

species was as red as molten lava, enveloping its entire body, and then, it slowly rose into the air, and a hissing voice also resounded from its mouth at this moment.

Cry!

This voice was high, shocking the nine heavens, with a long-lost joy and desolation.

At this moment, among the compulsion tribe's residence, everyone can see this scene, above the holy land, this red and fire unknown species seems to be a fireball suspended in the sky, the scorching heat envelops heaven and earth, making the weather which was already in November suddenly become incomparably hot.

"The Chi You divine parasite has appeared, quick, invite the Grand Elder!"

Halfway to the Holy Land, Huang Wu Xie saw this scene and his voice trembled with incomparable panic. It was rumored that the Chi You divine Compulsion existed in the Holy Land, but the people of the Compulsion tribe had never seen it, and only treated it as a spiritual inheritance and worshipped it year after year.

But today, the Chi You divine parasite really appeared!

In a moment, the people of the compulsion tribe all knelt down to the ball of fire above the holy land, looking sincere and incomparably solemn.

Cry!

Another exorbitant hissing sound passed through the heavens and the earth, and at that moment, only a huge change was seen in that ball of fire, in the midst of which, two pairs of wings similar to bird wings gradually emerged, followed by a pointed-shaped head, and then after that, a tail nearly two metres long swept across the heavens and the earth.

As soon as its wings flapped, fire flowed through the sky and earth, and the temperature between the air became even hotter. Being under this ball of fire, Ye Han was soaked by the scorching temperature that his clothes were wet, and sweat flowed down one by one as if it were rain.

Ye Han looked up at the ball of fire in the sky, at this time, this ball of fire, in addition to the whole body still appearing fire red, its appearance is somewhat like a peacock, but, its body aura than the peacock more noble, inviolable, like the king of a hundred birds.

"This is the Holy Relic of the Companions!" Ye Han's heart was beating wildly, under the oppression of this peacock-like holy object, he now felt that he even seemed to be struggling to move.

### **Fortune Chapter 400**

The appearance of the holy relic of the compulsion tribe, the Chi You divine Compulsion, had startled everyone in the compulsion tribe.

Of course, Chen Tianxing as well as Sun Buwei and the others were also startled and rushed towards the direction of the holy land of the compulsion tribe.

The holy land location, at this time, the sky above the Chi You divine parasite similar to the king of a hundred birds suddenly stopped hissing sound that shocked heaven and earth, the noble head slowly lowered, in the envelope of the fire, Ye Han had a feeling of being stared at by the god of death instantly appeared in his perception range.

At this moment, Ye Han had a feeling that as long as he dared to move, he would definitely suffer the most terrifying attack of this Chi You divine Compulsion, and even a single blow would be enough to destroy him in ashes.

Therefore, Ye Han did not dare to move, and did not even dare to look up at the Chi You divine parasite, which has a terrifying spiritual intelligence, as if it were an old demon that has lived for an unknown number of years.

The Huang Wu Xie and other people of the compulsion tribe also arrived at the holy land at this time, and they watched the Chi You divine Compulsion above the sky at close range, making them even more frightened and trembling, and under the pressure of the Chi You divine Compulsion, they appeared as small as ants.

“Ye Han .....” Huang Nishang, seeing Ye Han who was sweating and didn’t dare to move, was about to run towards him.

“Don’t come over.” Ye Han said with great difficulty, Huang Wuxie also pulled Huang Nishang as soon as she could, we still didn’t know what was going on, everything couldn’t be messed up.

“Father, what’s going on? Will Ye Han be in danger?” Huang Nishang asked anxiously to Huang Wuxie.

Huang Wuxie shook his head, right now everyone could feel that Ye Han was enveloped by the Chi You divine Compulsion’s aura, they didn’t dare to go near it at all, the holy relics of the compulsion tribe have always been legends, and no one before them had ever experienced such a situation, right now, Huang Wuxie, the clan leader, didn’t know what to do, was it good or bad for the Chi You divine Compulsion to come out at this time?

“This is a bit of trouble now!” Chen Tianxing and the two brothers looked at each other and sighed, hearing these words, Sun Buxie’s eyes stared, could it be that this time, Ye Han really had to face an unprecedented crisis?

At this kind of juncture, which was both strange and silent, an old figure swept quickly over the many houses of the Compass Clan, finally floating down to the ground and appearing in front of the Holy Land, the moment this old man appeared, he caught everyone’s attention, on his body, there was a terrifying aura that was internalized to the extreme.

“Grand Elder.” Seeing this appearing old man, Huang Wu Xie as well as many elders of the compulsion tribe have saluted, this old man is the great elder of the compulsion tribe, with profound strength, is the pillar of the compulsion tribe nowadays, generally he will not appear unless something big happens to the compulsion tribe.

The great elder nodded lightly, his gaze to the holy land, looking at the Chi You divine compulsion, and then in looking at Ye Han, eyes gloomy said; “Ancestral training has said, Chi You divine compulsion is my compulsions holy relic, protect the holy relics is the mission of my compulsions generations, the holy

relics do not come out of the world a day, we compulsions can not go out of the mountain, now, Chi You divine compulsions out of the world, must be by the original, we must not disturb the holy relics The time has come for us to come out of the world!”

At these words, Huang Wu Xie and other people’s eyes shining, out of the world!

The compulsion tribe has always followed the ancestral motto that they are not allowed to go out of this place unless the holy relic comes out of the world and the holy son descends.

And now, the holy relic had come out of the world, could it be that the holy son had also descended?

In unison, the gazes of the people of the Compass Clan fell on Ye Han’s body.

The Holy Son!

Thinking of this, Huang Wu Xie’s and their faces instantly became incomparably brilliant.

Roar!

Suddenly, after the appearance of the Grand Elder of the Compulsion Clan, a terrifying beast roar also spread out immediately afterwards, shocking the heavens and the earth and drawing the attention of everyone here, including that Chi You divine Compulsion, followed by a flying tiger galloping up into the sky, those two pairs of white as snow wings flapping continuously, causing the wind to blow furiously in the heavens and the earth.

At this moment, the two fey species were staring at each other, and the aura between heaven and earth became even more terrifying.

It was as if this heaven and earth, right now, were all dust except for these two fae.

“Little tiger!”

Ye Han’s heart shook, this little thing was really no ordinary thing, even such a powerful Chi You divine Compulsion it dared to hold against each other.

The hearts of the people of the compulsion tribe were similarly shaken, what kind of magical foreign species was this little thing Ye Han had brought with him? Even the sacred objects of their compulsion tribe dared to provoke, could it be some kind of exotic beast?

The two beasts roared up to the sky, and there was a sense of long-lost reunion in the confrontation, as if they were giving vent to something, or seeming to be angry at something.

But this situation did not last long.

Immediately afterwards, divine fire descended from the sky, a flame descended from that Chi You divine compulsion, and all these flames descended in an orderly manner towards Ye Han’s body, and for a time, Ye Han’s entire body was enveloped by these flames, making himself completely turn into a fire man, suffering from the tempering of that flame.

“Ah ………”

As this flame landed on his body, a miserable, terrifying, despair-like scream was also transmitted across the heavens and earth, pain, excruciating pain, a heart-breaking pain that had never been felt before spread throughout his body, as if that flame was going to melt Ye Han's body into nothingness.

"Ye Han!" Hearing Ye Han's miserable screams, Huang Nishang's heart ached and her face turned pale as she tried to run over but was pulled by Huang Wuxie to death, this situation was beyond their ability, whoever approached Ye Han would die, that kind of heat, only the hardest gold and iron in this world could not resist.

Ye Han's screams echoed through the heavens and the earth for a long time, while the flames continued to descend on his body, as if he would not stop until he was reduced to nothingness, but, surprisingly, when the transformed tiger cub saw this scene, it did nothing to stop it, and calmly watched the scene unfold under its nose.

This situation continued for three hours, and Ye Han also screamed miserably for three hours, and even that voice became hoarse.

The people around him could not help but shudder in their hearts as they could imagine how horrible the pain Ye Han had endured for these three hours, only inhuman torture could not compare to this.

However, after reaching this point, they saw the Chi You divine Compulsion hissing in the sky, and after circling the sky a few times, it swooped down towards the earth, and landed on Ye Han's body as a fire light that was enough to blind people's eyes.

Afterwards, the flames on Ye Han's body went out, and the Chi You divine Compulsion disappeared into the heavens and earth, replaced by a lifelike phoenix design on Ye Han's exposed upper body and his flesh.
