

Fortune 401

Fortune Chapter 401

At the sacred ground of the Compass Clan, the Chi You divine Compass swooped down and extinguished the flames on Ye Han's body, and this lasted only a few seconds before the Chi You divine Compass disappeared into the heavens and earth.

In unison, everyone's eyes fell on Ye Han's body.

This was because a lifelike phoenix pattern had surfaced on Ye Han's chest, which was like a tattoo, and the strong, knife-like chest, when combined with the phoenix pattern, gave a powerful sense of power and demonic beauty.

A positive and an evil, two extreme auras emanated from Ye Han's body, making his face even more charismatic.

"The holy object has recognized its owner!"

The voice of the Compass Clan's grand elder appeared to tremble a little, the Compass Clan has existed until now, their mission for generations is to guard the holy relic, waiting for the holy relic to come out automatically, looking for the holy son to recognize the master, as long as the holy relic does not come out, they can only stay trapped here, not daring to go out of the deep mountains, even if there are occasionally people from the Compass Clan going out to walk around, it is only so one or two.

No one has ever dared to break this ancestral rule, and Huang Wuxie naturally did not dare to do so either.

But now that the holy relics have claimed ownership, this mission is complete and they can finally step out of the mountains and touch the great world outside!

"Compulsion Clan, welcome the Holy Son!"

As the Grand Elder knelt down, Huang Wuxie, the elders of the Compulsion Clan and Huang Nishang, who looked a little dazed, were all pulled to their knees.

Now, Ye Han's status was different, no longer the young man who needed to be tested by their compulsion clan, he was the compulsion clan's holy son, the master that the compulsion clan needed to be loyal to.

Even Huang Wu Xie, the clan chief, would have to respectfully call him Saint Son in the future.

After seeing this scene, Chen Tianxing and the others were equally baffled.

What the hell was going on here?

Originally, they thought that Ye Han was in a bad way today, after all, that Chi You divine Compulsion was too powerful, but now things had taken a dramatic turn, not only was nothing wrong with Ye Han, he had even become the Holy Son of the Compulsion Clan, an existence of extremely high status and standing.

At this moment, Ye Han is carefully feeling the flame power in his body. Just now, the reason why the Chi You divine Compulsion used the flame to temper his body was because the strength of his body was not yet strong enough to withstand the Chi You divine Compulsion's natal fire, and only after some life and death tempering, Ye Han's physical strength could barely carry the Chi You divine Compulsion's natal fire.

Now, the Chi You divine Compulsion exists somewhere in his body, but Ye Han can't find it.

However, despite this, the Chi You divine Compulsion has brought Ye Han a great benefit, this benefit is not an increase in strength or the acquisition of a certain martial art, but a skill, a skill that controls the Chi You divine Compulsion's natal fire.

The Chi You Divine Compulsion's Life Flame is so powerful that Ye Han has personally tried it out. Just a little flame can kill an expert of the Small Ren Du realm.

Only, Ye Han's current strength was still very weak, and he simply could not completely release all of the Chi You Divine Compulsion's natal flame, and if he wanted to completely release the terrifying flame that existed within him, it would not be possible unless after Ye Han's strength was raised to a very, very high realm.

Bear!

At this moment, Ye Han's mind moved, and a terrifying flame filled his hands, only to see that with a casual wave of his hand, the air in front of him seemed to be set alight, that kind of temperature was frighteningly high.

With such a super terrifying attack, it was more useful than any move.

This time, because Zhuge Bongyi had crossed paths with the Companions, he had completely made a fortune, this kind of once-in-a-million chance was simply something that could not be found.

"Everyone, there is no need to be like this, please all get up."

Looking at the crowd of the Companions who were still kneeling on the ground, Ye Han strolled over and said, however, although the current Ye Han's appearance had not changed, there was an invisible aura of majesty and dominance surfacing on his body, as if his words were the orders of an emperor, and no one could resist.

"Thank you, Holy Son!" Led by the Grand Elder of the Compulsion Clan, Huang Wu Xie and the others all stood up and stood respectfully.

The Grand Elder of the Compulsion Clan said; "Saint Son, I am the Grand Elder of the Compulsion Clan, Huang Cangmeng, in the future the Compulsion Clan is at the disposal of the Saint Son, and the Compulsion Clan has been waiting for the Saint Son to arrive and lead our Compulsion Clan out of here to the outside world to show our Compulsion Clan's style."

After he was recognized by the Chi You divine compulsion, the compulsion tribe was actually willing to be at his disposal, how powerful the compulsion tribe was, Ye Han had already seen it, the experts he brought with him were completely unable to compete with the compulsion tribe, if the compulsion tribe

could really become a force under his command, then his domination of the south was definitely within reach.

However, this thought only flashed through Ye Han's mind, dominating the south, he wanted to use his own strength to accomplish it, not to use the power of others, unless it was the time of last resort.

"Oh, Grand Elder is serious, I am friends with the Companions, if the Companions want to go to the outside world and develop, if there is anything I can do to help, I will definitely do my best."

Hearing Ye Han's words, the Grand Elder stubbornly said; "Saint Son, our relationship is different now, you are the Saint Son of my Companions Clan, the supreme ruler of my Companions Clan, the glory of our Companions Clan can only blossom under your leadership, if you don't agree, I, Huang Cangmeng, am willing to die on my knees in the middle of this Holy Land."

Saying this, the Grand Elder knelt down at once with a determined expression, seeing this, Huang Wuxie and the others also followed suit.

This Grand Elder was so stubborn, causing Ye Han to be somewhat helpless, he said; "Grand Elder, please get up first, we can discuss this matter slowly, after all, in the future, I am also the son-in-law of the compulsion clan, and I am inextricably linked to the compulsion clan."

"In that case, Holy Son, you are agreeing to lead our compulsion tribe out of here?" The Grand Elder asked with a look of anticipation.

"Grand Elder, if the Compulsion Clan has to recognize me as the Saint Son, then this matter needs to be discussed in the long run." Ye Han said solemnly.

"The Compulsion Clan is willing to listen to the arrangements of the holy son in all matters."

Ye Han nodded, since the Compulsion Clan's side insisted on following him, he would not refuse, only that the matter of letting the Compulsion Clan walk out of here needed to be discussed slowly, and could not be decided hastily.

Perhaps, in the future, when dealing with strong enemies, when dealing with Nalan Miantian, it is not impossible that the compulsion tribe will become a trump card in his hand.

When dealing with enemies, one must not expose one's cards completely at any time.

Fortune Chapter 402

"Neishang, let's go."

After he finished talking to the Grand Elder, Ye Han walked over and took Huang Nishang's hand.

"Ye is, Holy Son." Huang Nishang responded with some don't pinch.

"Call me Ye Han, I like to hear you call me by my name." Ye Han's voice seemed somewhat domineering as he directly pulled Huang Nishang out of the place, when he suffered a dangerous situation just now, this woman's worry on the side Ye Han saw in his eyes, it was not because if he died, she would also die that she worried like that, but she was really worried about him as a person, not for any other reason.

Watching Ye Han pulling Huang Nishang out of the place, the Grand Elder said to Huang Wuxie; “Wuxie, inform the entire Compass Clan that the Holy Son has appeared, have the clan be ready at all times and wait for the Holy Son’s orders.”

“Yes, Grand Elder.”

.....

“Ni Shang, I feel that there is actually no need for us to take that step now, under the tempering of the Chi You divine Compulsion, all hidden illnesses inside my body have been erased cleanly, moreover, I am not able to make you truly fall in love with me right now, so”

In a small hill of the compulsion tribe, where there was a pavilion, looking at Huang Nishang who was standing beside him, Ye Han said this way.

However, before Ye Han could finish his words, Huang Nishang hugged him and said in his arms; “No, I think Nishang has fallen in love with you, when you were suffering, when you were about to lose your life, I felt heartache, this should be love, right Ye Han? ”

Ye Han nodded and hugged Huang Nishang in his arms and said; “True love is actually sometimes just a moment, caring about each other is enough, the fact that you care about my safety proves that I carry enough weight in your heart, but, Nishang, are you sure you want to do it?”

Huang Nishang nodded gently as she said; “You are now not only Ye Han, the son-in-law of the compulsion clan, but also the holy son, being the woman of the holy son has been the dream of our compulsion clan women throughout the ages, from birth to now, there has never been a moment when I felt as happy as I do now, so, Nishang has thought it over, I will have the clan prepare for it tonight, Ye Han, are you ready to take me? ”

The other woman had taken the initiative in this way, where would Ye Han be dilly-dallying, he nodded gently, then, Huang Nishang ran away like a gust of wind, while running she also looked back at Ye Han with a smile, she was still the same lively and lovely woman, unlike before, her face had an extra touch of happiness that was hard to hide.

“Silly woman, why don’t you give yourself a little more time now?”

Looking at Huang Nishang’s back, Ye Han sighed inside his heart, the happiness overflowing from Huang Nishang’s face was real, however, Ye Han could still feel a touch of eagerness in her eyes, probably because he was now the Holy Son of the Compulsion Clan, she wanted to establish a relationship with herself earlier, not wanting to come to the end to share it with others.

In the Companions Clan, he belonged to her alone.

But, if she missed this opportunity, later, someone else would come to share with her.

After Huang Nishang left, a white figure violently shot out from inside the bush next to her, and was then hugged by Ye Han, looking at the little tiger that was arching around in his arms, Ye Han smoothed its fur and said; “Little fellow, not small in ability, even the Chi You divine Compulsion is not in your eyes.”

Hearing Ye Han's words, the little tiger raised its head proudly and waved its paws, that look was like a victorious rooster.

"Less smug, tell me, what exactly is the origin of that Chi You divine Compulsion? Why do I feel like there's something secret between you two?" Ye Han slapped the little tiger's buttocks, causing the little tiger to raise its head and give him a very sultry look, but this little thing sometimes played dumb and dumb more than a human being, to this question of Ye Han, it did not give half a hint at all, it kept on making trouble in Ye Han's arms, and even went to tickle Ye Han.

The first time I saw this, Ye Han glared at the little thing, this guy is getting bolder and bolder, now he dares to ignore his words.

The fact that the Chi You divine compulsion is not simple, this, Ye Han not only because of the appearance of the little tiger to have such a thought, but the Chi You divine compulsion recognized him as the master, the kind of nebulous feeling, Chi You divine compulsion, is definitely not as simple as a powerful parasite.

In the twinkling of an eye, it was already almost dark.

Today is the first day Ye Han came to the compulsion tribe, but a lot of things happened, from defeating the genius of the compulsion tribe Huang Barbarian after arriving at the compulsion tribe, then the verbal exchange with the experts of the compulsion tribe in the hall, then to the sacred place of the compulsion tribe, and then being recognized by the Chi You divine compulsion and becoming the sacred son of the compulsion tribe.

These things, before coming to the compulsion tribe, Ye Han did not even think about, everything is like a dream that some unreal feeling.

The grudge with the compulsion tribe is completely lifted, moreover, the compulsion tribe has also become a powerful force under his command, for the compulsion tribe, Ye Han needs to go to a good plan, this race that has never been fully out of the world, they have the power, is very frightening.

The good steel must be used to the good edge.

The people of the Companions naturally supported the decision made by Huang Nishang, and even Huang Wu Xie did not say anything.

When he arrived outside the courtyard where Huang Nishang lived, Ye Han saw a dim light flickering inside the room belonging to Huang Nishang, the parasite tribe lived here, the lighting was naturally not electric, but very old oil lamps.

Ye Han pushed the door and walked in, then he saw a woman with snowy white shoulders sitting inside a large bathing bucket behind a curtain, and the room was also filled with a strong medicinal fragrance, which was emitted from the large bathing bucket.

"You've come,," Huang Nishang's voice seemed a little trembling.

"Mm." Ye Han nodded and did not walk over.

Huang Nishang said; "Divine Water Blessing, apart from merging, also requires a carefully prepared medicinal formula from my compulsion clan to bring about the best effect, if you had not devoured the

Yin Yang Harmony Compulsion that day, in this case, the two of us would have brought about a better effect if we used it together.”

Ye Han said; “Ni Shang, if you don’t mind, I can help you open up your Governor’s Vessel, so that you can become a Little Ren Du realm expert.”

Huang Nishang inclined her head and her gaze behind the curtain seemed to dig at Ye Han as she said; “Do you think I’m blaming you for snatching away the Yin Yang Harmony Compulsion? In the past, I might have blamed you, but not now, this is the marriage that God has given me, the fate of the two of us, perhaps, has long been predetermined, it cannot be changed.”

“Destined?” Thinking back on everything, it seems that what happened later was really because of the Yin Yang and Harmony Compulsion, if it was a grudge alone Ye Han would not have come to the Compulsion Clan, because of the Yin Yang and Harmony Compulsion, so he came to the Compulsion Clan, before all this happened.

“So, my Lord Saint Son, what are you waiting for?” Huang Nishang’s sultry voice came from behind the curtain.

Fortune Chapter 403

The five days passed quickly, since the merging with Huang Nishang, the next few days Ye Han was accompanying Huang Nishang, touring the compulsion tribe premises, of course, if the mountains were not full of poisonous insects and snakes and ants, it would be a place with excellent scenery to play.

The relationship between the two of them has gradually increased over the past few days. Huang Nishang has changed from the lively and lovely woman to a little woman who likes to cling to Ye Han and can’t leave Ye Han every single day, which makes the great elder of the compulsion tribe who is ready to discuss matters with Ye Han both funny and helpless.

If it wasn’t for the emergence of a saint’s son in the compulsion tribe, he wouldn’t have bothered with this matter and would have gone straight to his retreat to cultivate.

Of course, because of the relationship between the son-in-law and the saint son of the compulsion tribe, at present, the people of the compulsion tribe can be said to be very respectful to Ye Han, in the village, anyone who saw Ye Han would address him as ‘saint son’, that sincere appearance, completely as if he was a god-like existence.

However, after merging with Huang Nishang, Ye Han also discovered a very miraculous phenomenon, that is, Ye Han could roughly sense Huang Nishang’s happiness, anger, sorrow and happiness, or what she was thinking at certain times, and, moreover, with great precision.

This ability, regardless of distance, even if they were far apart, they could still feel each other’s thoughts.

The appearance of this ability also made Ye Han feel the wisdom of human beings, the person who created this method in the first place was definitely a wizard, perhaps, in the corners Ye Han did not know, there were many more things in this world that surprised him, the ancient martial world, in fact, was a mysterious world in itself.

The whole world, there was still too much for him to explore, to understand!

However, this day, Ye Han was already ready to leave the compulsion clan, he couldn't stay much longer in the compulsion clan, there were still many things waiting for him to deal with outside, after going out this time, the matters on this side of Huazhong had to be settled as soon as possible, because it wouldn't be long before the day he promised Zhou Yun'er to meet his future father-in-law arrived.

"Grand Elder, father-in-law, please sit down." In the great hall of the compulsion clan, the hospitality was unbearable, so Ye Han took a seat at the top of the hall, then said to the standing Grand Elder, Huang Wu Xie and the others.

The Grand Elder sat down and said; "Holy Son, I wonder what arrangements you have for our compulsion clan next?"

"Grand Elder, I would like to listen to your opinions first." Ye Han said.

Upon hearing this, the Grand Elder said; "Holy Son, we naturally listen to your arrangements, please speak directly if Holy Son has any ideas, we will absolutely obey Holy Son's arrangements."

Ye Han nodded and said; "In that case, then, this time, I will announce to the outside world after I go out, that the Compulsion Clan, is my enemy, Ye Han."

"What?"

Ye Han's words were like a stone stirring up a thousand waves, causing the Compulsion Clan's Grand Elder and the others to look shocked, not understanding what exactly Ye Han meant by these words.

"Holy Son, what do you mean by that? Could it be that you are still holding a grudge against me for finding you in trouble a few days ago? If so, I, Huang Wutian, am willing to be dealt with by the clan rules." Huang Wutian stood up with an angry face, since Ye Han had obtained the Chi You divine Compass to acknowledge his master, he would definitely have the chance to become a great figure like his ancestor Chi You in the future, the Compass Clan would have to stand in the same boat with him no matter what, if Ye Han was holding a grudge against the Compass Clan because of this matter, he was willing to be punished rather than let the Compass Clan disassociate itself from Ye Han.

Ye Han shook his head and said; "Elder Wutian, in terms of relationship, I have to call you second uncle, how could I hold a grudge against the compulsion tribe for this matter? That's why I have my own plans, so you might as well hear me out."

The Grand Elder said; "Holy Son has something to say, please speak."

Ye Han said; "I already understand the power of the Compulsion Clan, and have been avoiding the world, you guys are very strong, so I want to use you guys as my hidden cards in the shadows, and let you guys come out when it's crucial, you can definitely deal an unimaginable blow to my enemies."

"As for why I have to declare to the public that the Companions are my enemies, that is just a means to confuse my opponents, many people now know that the Companions and I have crossed paths, but the specifics are not yet known to the outside world, if I declare to the public that the Companions are my enemies, then it is absolutely impossible for people to think that the Companions have actually tied up with me."

“The Holy Son is highly intelligent.” The Grand Elder nodded and said; “Since the Holy Son has this arrangement, our Compulsion Clan will absolutely obey the Holy Son, and when the time comes, as long as the Holy Son says the word, our Compulsion Clan will come out in a big way.”

“This is exactly what I have in mind.” Ye Han said; “Therefore, it is not advisable to expose your existence at the moment, the time has not yet come, however, the traffic here is difficult, in order to facilitate contact, the compulsion clan side needs to have a contact point in the outside world, when the time comes, I will inform the contact point to inform you.”

Hearing this, the Grand Elder thought for a moment and said; “Innocent, who do you think is suitable to go to the outside world to be this contact point?”

“Huang Barbarian.” Huang Wu Xie said; “Although this kid, Huang Man, has never left the compulsion clan since he was young, but he looks reckless, but in fact, he has a rough mind, so it would be most appropriate for him to go, and he can also take this opportunity to let the younger generation of the compulsion clan experience a bit outside.”

“Holy Son, you think so?” The Grand Elder looked at Ye Han and asked.

“Yes, I will be leaving the Compulsion Clan today, let him pack up and go out with me.” Ye Han nodded, Huang Barbarian’s strength was actually quite good, not only was he highly talented in refining compulsions, but what made him different from the people in the compulsion clan was his own combat prowess, even if he encountered something he could handle it alone.

“Holy Son, so what are you going to arrange when Ni Shang is gone?” Seeing that Ye Han had arranged everything, except for Huang Nishang, as a father, Huang Wu Xie had to speak up for his daughter.

At this, Ye Han smiled; “Father-in-law, don’t worry, I won’t forget anyone but Ni Shang, she is my future wife, I promised you that I will give her a wedding in the future, this I can definitely do, but it’s not suitable for Ni Shang to go out with me now, last time Ni Shang and Elder Wu Tian showed up outside, if she follows me, it will only arouse suspicion. ”

“Alright.” Huang Wu Xie nodded.

Feeling that things were almost arranged, Ye Han was also ready to depart from the compulsion tribe, and on Huang Nishang’s side he had already said hello last night while in bed, so there was no need to go and say goodbye to her.

When Ye Han was leaving the compulsion tribe with a large group of people, in the pavilion on the hill, Huang Nishang was alone watching Ye Han’s back go away, murmuring; “Little man, wait for me, when Nishang refines the ‘Earth Compulsion’, Nishang will definitely kill all the enemies for you, my man, the holy son of the compulsion tribe, should not be subservient to anyone’s feet.”

Fortune Chapter 404

Far to the north, Yanjing.

At this moment, Master Yan was waiting for something, standing inside the house and walking back and forth, his face looking somewhat expectant and somewhat apprehensive. .

“Old fellow, how is it, have you got the results?”

Looking at the old fellow who walked in, Elder Yan asked with a sudden look of anticipation.

Ke Yanke nodded, then he said with a solemn face; "Old man, your hunch is not wrong, this kid is indeed related to you, I took his blood and Miss's DNA and did a lab test, the DNA of the two matched perfectly, only a blood related parent-child can have such a high match, so it is very likely that he is the child that Miss Qing Mu was carried away from back then. "

After hearing Ke Yanke's words, Master Yan couldn't wait to open the file bag he secretly brought back from the hospital, that contained a DNA report, after reading the report, Master Yan's whole body was frozen, his hunch was right, that young man was not only related to him that simple, but was a great relationship, that day, in the Zhang family compound that all kinds of feelings only the closest relatives, the only possible to feel.

Moreover, there were too many similarities between the two of them, their looks, their temperaments, their temperaments, and it was this feeling that made Master Yan want to find out what was going on.

Now, that result had come out, that youth who had been bullied, forced to kneel and returned to the south in a state of distress like a bereaved dog at the Zhang family compound that day, was actually his only grandson!

That day, he had just watched his grandson being bullied, fighting in blood in the Zhang family compound, abandoning his dignity, kneeling for others, becoming the laughing stock of the world, and he, without saying anything, that was his only grandson!

Thinking of that scene, there was a shocking amount of anger and killing intent spreading out in Elder Yan's eyes.

"The Nalan family's brat, Huangfu Qitian, " Elder Yan's fists were clenched, a terrifying anger suppressed in his old eyes.

"Old master, since we have already established his identity, next, should we bring him to Yanjing and announce his identity to the public?" Ke Yanke asked.

Elder Yan smiled, he shook his head and said; "No need for now, the time is not yet right, he is now in the south, it is good to let him make his own way, old man, keep a close eye on what he does in the south, I want to know every step he takes, even if my grandson of Yan Tian Dome loses his dignity, he is still a good man with an iron bone."

Ke Yanke said; "That boy should be in the Companions now, but looking at the situation that day, there is not much danger of going to the Companions, moreover, nowadays, the Taiyuan Chen family is also on his side."

"The Taiyuan Chen Family." Elder Yan narrowed his eyes and said; "Taigong Chen has a good eye, they want to return to the north and fight against Huangfu Qitian, this grandson of mine is their chance."

"Old Master, do we need to tell Miss Qing Mu about this news?"

"Wait first." Master Yan said; "This girl Qing Mu has been pining for her for twenty years, if he finds out I am afraid it will be bad, now, without anyone knowing, I am the bottom card in his hand, hidden in the shadows, when he goes north again and returns to Yanjing, I will let the world know that the youth who

is laughed at by the world is my grandson of Yan Tian Dome, the boys from the Nalan family who want to bully him will have to ask if my Yan Family agrees first.”

“Old man, keep a close eye on his movements and help him out when he needs it.” When Elder Yan finished speaking, he suddenly added; “Right, give that bastard a notice, if he doesn’t want to regret it a second time, get the hell down from Kunlun Mountain.”

Ke Yanke nodded with a bitter smile, those who dared to speak to that madman like that could be counted on one hand nowadays, and Elder Yan happened to be one of them.

Central China.

Shaoyang City.

After coming out from the Companions, Ye Han first had the Heavenly Dragon Guards spread the news that the Companions were his enemies in the underground world of Central China, Ye Han wanted everyone to know that the Companions and he were already at loggerheads, so that no one would know the real relationship between him and the Companions.

Once the time comes for the compulsion tribe to come out, then his enemies will surely tremble and be alarmed, Ye Han this step, not only to confuse his enemies, but also to confuse the world, so that the world does not know his last card, of course, in addition to the compulsion tribe, Teng Chong side is also a card in the hands of Ye Han that the world does not know.

In addition, Ye Han also asked the Heavenly Dragon Guard to pry into the recent situation in Central China, Murong Tiandu and Zhuge Bongyuo, have they made any new moves in the past few days?

After giving these matters, Ye Han rushed to Xie Han Yan’s villa.

Ever since Xie Han Yan had been struck by the parasite and Ye Han had treated her, her body had completely recovered and the matter of the Wen Chao Group was sorted out, so it was not a matter of not going to deal with it all the time.

“Ye Han, where has this fellow of yours been these last few days? I can’t even get through on the phone.”

Inside Xie Han Yan’s villa, Zhang Yue Meng looked at Ye Han with a puzzled face, on that day, Ye Han only told them that he was going to deal with some matters, where exactly he had gone, the few women inside the villa did not know, moreover, the compulsion tribe existed in the deep mountains, inside there was no signal for mobile phones at all.

Ye Han laughed; “Sister Zhang, isn’t it possible that you haven’t seen me for a few days and you miss me so soon?”

“Screw you.” Zhang Yuemeng gave Ye Han a blank look and said; “I didn’t miss you, it was your good sister and the other two nymphomaniac girls who missed you.”

“Zhang Yuemeng, I don’t like what you said.” Hearing Zhang Yue Meng’s words, Lin Feixue said; “I don’t know who was calling out Ye Han left and right a few days ago, even dreaming of calling out other people’s names, and now they even deny it.”

“Lin Feixue, don’t talk nonsense, I didn’t.” Zhang Yue Meng’s face was scarlet and she even stole a glance at Ye Han.

“Alright, you guys just cut the bickering.” Xie Han Yan shook her head with a bitter smile, then she said to Ye Han; “Brother, how is the matter with Wen Chao Group being handled? Staying inside the villa like this day in and day out, we’re getting bored to death.”

Ye Han laughed; “Han Yan, I was just about to say this to you guys, you can let go of the Wen Chao Group, no one dares to lay hands on you behind your back, if you encounter something you can’t solve, call me, brother will help you.”

Xie Han Yan nodded, then asked; “Brother, the matter of Wen Chao Group has only been dealt with, are you going back to Shanghai City?”

This question was of great concern to the three of them, Zhang Yue Meng, so a pair of eyes fell on Ye Han, waiting for him to answer, to be fair, none of them wanted Ye Han to leave so soon, during the time they had been here in Huazhong, Ye Han had been busy with things and had very little time to even spend with them .

“Let’s see first, I will indeed return to Shanghai City recently, however, things on this side of Huazhong can’t be dealt with in a day or two.”

Thinking of Murong Tiandu, Ye Han’s eyes went cold.

Fortune Chapter 405

The government has no one to ask questions about the Wenchao Group, and with the Zhang family’s governor backing them up, who would dare to look for trouble with Ye Han?

After two days in Central China, according to the news from the Sky Dragon Guard, Zhuge Bongyuo has no more pawns available in Central China, one to the south and one to the north, unless she herself goes south or looks for new pawns, whether she has any new moves to follow is still an unknown.

But Ye Han will not underestimate Zhuge Bongyuo, this is a great wise and almost demonic woman, this time, if not for other external factors, Ye Han has already fallen into her hands. Next time, if Zhuge Bongyuo would make another move, it would definitely be an even more powerful ploy than this one.

As for Murong Tiandu, following the last time, he had become calm again, as if Ye Han was in Hua Zhong and he no longer cared.

“Closure.”

Listening to the news that Ah Jun and the others had passed back, Ye Han smiled lightly and said; “It seems that our Young Master Murong is already feeling the pressure.”

Ah Jun said; “Younger Ye, according to the news we got, Murong Tiandu vowed not to come out of seclusion this time until he had opened his Governor’s Vein, it seems that in your body, he already has the feeling of not being able to kick the air.”

Ye Han said; “This is just right, Murong Tiandu’s seclusion also makes me less troublesome, Ah Jun, I’m going back to Shanghai City for a while, you Heavenly Dragon Guards will stay in Central China, Sun Lao

and the others will also stay, you have to keep a close eye on the Murong family, after all, Central China is someone else's territory, also, more attention has to be paid to South China, the Heavenly Dignity Society has been silent for such a long time, I'm afraid the Black Widow I'm afraid the Black Widow is going to give me some trouble again."

"Xiao Han, don't worry, we're here." Sun Buwei said.

After everything was arranged, Ye Han also started to depart for Shanghai City, this time, Ye Han did not bring the rest of the people except for Little Tiger, even Silly Ben was left behind by Ye Han in Huazhong, Huazhong was very important to Ye Han, not only because of the geographical location, but also because the Southern Underground World Martial Arts Alliance was in Huazhong, in the future, if Ye Han wanted to dominate the South, he had to take Huazhong and take down the Murong family Only then would he be able to do so.

This step was crucial and could not be missed.

When Ye Han returned to Shanghai City, it was already that evening.

The person who came to pick up the plane was Zhou Yun'er. When he was in Huazhong, Ye Han had called Zhou Yun'er.

The wind blew across her cheeks, and Zhou Yun'er's three thousand strands of hair fluttered in the wind, and her face was slightly red from the cold.

Today, Zhou Yun'er is wearing a thick down jacket with a pair of dark blue jeans, which has the flavour of a mature woman as well as the fashion and beauty of a city dweller, and with the three thousand strands of hair and the beautiful face, even though the wind is biting at the moment, some men entering and leaving the airport can't help but stop and cast their eyes on her.

There are times when it is pleasant to look at a beautiful woman even when the wind is biting.

Slowly, the woman standing in the cold wind smiled, a happy smile on her face, and all the men who saw this scene looked ahead to see who had appeared to make this woman, who was willing to wait in the cold wind, smile with such happiness.

"You silly woman, don't you know to wait inside the car?"

Ye Han walked over and hugged the beautiful woman who was making the men around her fantasize, as if he was using his own body heat to convey warmth to her.

"You guy, don't you know that people haven't seen you for a long time?" Zhou Yun'er raised her head in Ye Han's embrace and looked at him with a sultry expression, it seemed, indeed, this was the case, these days, Zhou Yun'er was busy with the company and Ye Han was also busy dominating East China, the two of them didn't have much time to see each other at all.

The last time Ye Han came back from Xijiang to move help, he stayed at home with Ye Qing and the girls for one night, and when Zhou Yun'er found out, she even complained about him not going to her.

Hearing Zhou Yun'er's sultry and teasing words, Ye Han picked her up and laughed; "Wife, isn't your husband back with you now? Let's go, tonight my husband will take you to a room."

After saying that, amidst Zhou Yun'er's shame and shrieks, Ye Han carried Zhou Yun'er to the car and then headed towards a certain hotel.

As the saying goes, a day without seeing her is like three autumns, Ye Han and Zhou Yun'er had not seen each other for a long time, and now it could be said that the dry material met the hot fire, a hair and could not be cleaned up.

"What's wrong? Ye Han, you have something on your mind?" Zhou Yun'er, who was originally ogling the charming phoenix pattern on Ye Han's body, noticed Ye Han's silence and she raised her head to look at the side of the face that was becoming more and more attractive and asked.

"Yun'er" Ye Han wanted to say something but stopped, he felt that he should come clean with Zhou Yun'er, the matter of Yan Lingjiao, the matter of Yan Zihan, the matter of Huang Nishang, all these should not continue to be hidden from Zhou Yun'er, the longer they are hidden, the deeper the damage to her, in fact, the In fact, Ye Han did not expect that the matter of love between men and women would develop to this stage.

In the beginning, after having Zhou Yun'er, Ye Han felt that he was the happiest man in the world, and it was enough to have Zhou Yun'er as a confidante in his life.

However, unlike others, Ye Han had true love for every woman he had a relationship with, he was not that kind of promiscuous person.

"You guy, why do you feel like you're weird today?" Seeing Ye Han's look of wanting to say something, Zhou Yun'er's face was a little unnatural, her jade hand was even holding Ye Han's big hand tightly, as if, she had already guessed what Ye Han was going to say.

Was Zhou Yun'er stupid? No, she is not stupid, she can develop a jewellery company with her own ability and become a strong woman in the business world, she is very smart, it's just that there are some things that she sees in her eyes and smothered in her heart, she loves him, so she chooses to be silent, using silence to maintain the relationship between them.

"Yun'er, I'm sorry, I have other women besides you, but I do love you, you are my Ye Han's first woman, I will love you with my life"

The woman in his arms was crying silently, and the silent sobs and hot tears were like a knife piercing Ye Han's heart.

"I know, in fact" I know, but, why did you say it? Bad egg, bad egg, bad egg"

Looking at the pink fist of the woman in his arms landing on his body, Ye Han's heart was like a knife;

"Yun'er, I'm sorry!"

"Don't say anything, love me, love me well!"

Fortune Chapter 406

After a few hours of madness, the result in exchange was that rows of bloody teeth marks appeared on Ye Han's body, which were naturally bitten out by Zhou Yun'er.

"Does it hurt?"

Looking at those teeth marks on Ye Han's body, Zhou Yun'er, whose face was covered in tears, asked with some heartache.

"It doesn't hurt, your husband has thick skin." Ye Han grinned and hugged her tightly, after confessing, Zhou Yun'er only vented and didn't leave him, which already made Ye Han happy, in the future, he had to love and care for this woman even more to do so, because, he owed her, he owed her a perfect love.

"If you don't mind, tell me about those flings of yours." Zhou Yun'er said softly as she lay in Ye Han's arms

Ye Han nodded and began to talk about it from Yan Lingjiao, the two of them would come together, that was entirely because they did not see eye to eye at the beginning, to the final contact, the mutual love slowly arose, thus began to secretly love each other, to the final Yan Lingjiao was injured, this love only came out from the heart of the two, officially accept each other.

After Yan Lingjiao was Yan Zihan, with whom the relationship was a complete aromatic accident, the process was nothing to speak of.

After Yan Lingjiao, it was naturally Huang Nishang.

The relationship with Huang Nishang was partly due to the power of the compulsion tribe, and Ye Han did not want to establish such a strong enemy, but in the end things still changed, so that he was not only recognized by the Chi You divine Compulsion, but also became the sacred son of the compulsion tribe, and the relationship with Huang Nishang was also gradually warmed up.

These women, to ask Ye Han to give up any of them is not possible, is a man did, must pay the responsibility.

After Zhou Yun'er listened to all this silently in Ye Han's arms, she said; "Ye Han, will you also fight against enemies like Nalan Mietian for me in the future?"

"Will." Ye Han replied dryly, not to mention Nalan Mietian, even if it was a powerful enemy, he would have no fear.

Zhou Yun'er nodded her head with a blessed face, having Ye Han's words was enough, she was always important in Ye Han's heart, silently, tears once again fell from the corners of Zhou Yun'er's eyes, looking at Ye Han's handsome and extraordinary-like side face, in fact, today Zhou Yun'er also realized that the burden on this little man's shoulders was very, very heavy, what he was carrying was not him personally, but the people around him, for the sake of these people, he was willing to enter For the sake of these people, he was willing to enter that bloody world, to tear down his enemies like a hungry wolf, to build up his power, when he really just wanted to be able to protect those around him.

The reason why he went to fight for supremacy was that he, a poor boy, had been forced up step by step!

Although Ye Han had only spoken these things lightly, Zhou Yun'er could feel how dangerous it was, especially, this little man had actually suffered such a great disgrace in Yanjing, kneeling for someone and losing face, at this moment, how horrible rage should he be hiding under that calm face?

Gradually, Zhou Yun'er fell into a deep sleep in Ye Han's arms, holding him very tightly, as if she wanted to use her soft body to soothe the scars on his heart.

This night, Ye Han also slept heavily, spilling out all the things that were suppressed in his heart, making Ye Han feel that his body and mind were much more relaxed. Without someone to spill his heart out, he could only bear the burden with his brothers and friends, and if this went on for a long time, even with the mind of a martial arts practitioner, it would create a heart demon.

In the end, in fact, Ye Han was just an older boy under twenty, and what he was carrying was far beyond those of his age.

The next day, instead of being affected, the relationship between Ye Han and Zhou Yun'er became even more passionate, snuggling up to each other so tightly that they both regarded each other as the most indispensable other half in their lives.

When she found out that Ye Han was coming back from China, Zhou Yun'er handed over all the matters at hand to Mo Shu, and in the next few days she would take Ye Han to meet her stubborn father to formalise their relationship.

Of course, before that, Ye Han had to go home.

When he returned home, everything was still the same, nothing had changed at all, his sister Ye Qing was still cooking for Ye Han like a virtuous wife and mother, Zhao Youyou was playing below, Zhou Yun'er was also involved, and as for Little Qingcheng, she was naturally taking the little tiger to play in the yard.

"Kid, I haven't seen you for a while, you've changed quite a lot!" As Old Dirt looked at Ye Han at this moment, a look of shock appeared on his face, which had never appeared shocked before, because at this moment, Ye Han's strength was already at the peak of the Little Ren Du realm, just one step short of being able to step into the Middle Ren Du realm.

Moreover, not only that, the scruffy old dao also sensed a blazing power in Ye Han's body that was terrifying, and once it was released, it would be a terrifying power that would shake the heavens and the earth!

"That's natural, there's been an opportunity recently." Ye Han said.

"Opportunity? What kind of opportunity? Tell me about it." The scruffy old dao spoke while his fingers were counting something.

Ye Han said; "Old man, you should have heard of the Compulsion Clan, right, now I am the holy son of the Compulsion Clan because the Chi You Divine Compulsion, the holy object of the Compulsion Clan, has recognized me as its master."

"The Compulsion Race" The scruffy old dao frowned, this largely uninvolved race he naturally knew about, he just didn't know much about it.

"Right, old man, I'll show you something, you've seen a lot, give me a good look, can you tell what this really is?" As he spoke, Ye Han untied his clothes, so that the phoenix design was presented in front of

the scruffy old dao, at first glance at the design, the scruffy old dao was startled, he came over directly, one hand was touching around Ye Han's body curiously, that look, seemed to be very excited.

Being touched by an old man like this, Ye Han naturally felt incredibly awkward, slapping away Old Dirt's hands and buttoning up his clothes, saying; "Old man, looking is looking, can we not move our hands and feet, we are all grown men, are you nice?"

"You bastard, you think I'm happy about that?" The scruffy old dao jumped up at these words and ran away after a grunt.

"This old man can't have seen anything, can he?" As he watched Old Dirt slip away, Ye Han, who knew Old Dirt's temper quite well, felt that the old man must have found out something, but just didn't want to tell him, so he deliberately ran away.

This was an unprecedented first, but Ye Han didn't bother with him, as this old man was always talking in a mysterious way and often sold out.

After staying at home for two days, Ye Han and Zhou Yun'er went to South China. Zhou Yun'er's father is the head of a certain military region in South China, very powerful, Ye Han also heard Zhou Yun'er talk about her father for the first time today, is a senior military official, in addition, Zhou Yun'er has a second uncle is also serving in the military.

Fortune Chapter 407

South China, Guangnan Province.

At the airport in Nanning City, Ye Han, in a designer suit, and Zhou Yun'er, in a beautiful outfit, walked out from the airport holding hands with each other, Ye Han was carrying a large bag of things in his hands.

After Ye Han and Zhou Yun'er walked out of the airport holding hands, two men in military uniforms were already walking towards them, these two soldiers were none other than Li Shan and Xu Fei, who had accompanied Ye Han to the Tengchong Stone Betting Festival.

"Miss Zhou, Brother Ye." Li Shan and Xu Fei walked over to the two of them and greeted Ye Han warmly.

Ye Han smiled; "Brother Li Shan, Brother Xu Fei, we meet again."

"Yes, time has passed so quickly." Thinking of the scene when they shared life and death with Ye Han at Teng Chong, Li Shan and Xu Fei's hearts were also filled with emotion.

Li Shan said; "Brother Ye Han, Miss Zhou, please get in the car, the commander told us to come and pick you up."

Ye Han nodded, before he came, Zhou Yun'er had already called her family.

He got into the military jeep, under the driving of Li Shan, the car did not drive towards the inside of Nanning City, but directly out of the city, into a potholed dirt road, towards the inside of the mountains, not long after, the jeep drove into a heavily guarded gate, into a modern facility inside the military base.

Inside, there was a training ground, various climbing ladders and so on. At this moment, on the training ground, there were many soldiers training feverishly, shouting in unison.

When they got off the bus, under the leadership of Li Shan and Xu Fei, Ye Han carried his gift and walked towards an accommodation building, holding Zhou Yun'er's hand. Halfway, they could also see some soldiers running past them with weights, and a strong military smell spread in the air.

Shortly afterwards, under the leadership of Li Shan and Xu Fei, Ye Han and Zhou Yun'er arrived at the senior officer's accommodation building, but when they arrived, they were surprised to find four rows of serious-looking soldiers standing in the open space inside the dormitory building, blocking Ye Han's way.

Seeing this, Li Shan frowned and said; "Xu Fei, why are the people from the Fierce Tiger Brigade here?"

Xu Fei shook his head and said; "I'm not sure, maybe they have a special operation."

Li Shan turned to Ye Han and said; "Brother Ye, the commander lives inside that building in front, we won't take you there."

"Good, thanks for your help two big brothers, I'll treat you guys to a drink when I'm free." Ye Han smiled at Li Shan and Xu Fei, and then led Zhou Yun'er forward.

"Stop, is the visitor's name Ye Han?" However, just as Ye Han and the others were about to walk around the group of soldiers, they only saw a serious looking man among the group of soldiers barking at Ye Han, hearing his words, Ye Han narrowed his eyes and said; "I am Ye Han, dare I ask what is it that you are looking for me?"

After hearing these words, Li Shan and Xu Fei both turned their heads to look at this scene, what did the people from the Fierce Tiger Brigade mean by this? Did they still want to block Ye Han's way to them?

The man with a serious face said; "The commander has said that apart from Miss Zhou, anyone who wants to go in, unless they beat our Fierce Tiger Brigade down, or, our Fierce Tiger Brigade beats the intruders down."

At those words, Zhou Yun'er looked very angry, the first time she had brought Ye Han to her home, her father had treated Ye Han like this, this was more than a hundred soldiers with great skills, was she going to let Ye Han beat these hundred people down?

"Ye Han, let's go, it seems that no one is welcoming us here at all, it's me who made a fool of myself." Zhou Yun'er's eyes were bleak, this was how her father treated the man her daughter truly loved? Perhaps she should not have come to Nanning City at all, she should not have expected her father to think about her.

Seeing the gloom that appeared on Zhou Yun'er's face, Ye Han patted her hand and said loudly; "Yun'er, since my future father-in-law has given me such a test, if I were to just leave, wouldn't I be too much of a disappointment to people?"

Ye Han knew that the people inside the room must be able to hear him.

Zhou Yun'er said worriedly; "But, that's more than a hundred soldiers, are you sure about that? I don't want anything to happen to you, it doesn't matter if he really doesn't approve of us, it's just a matter of

having grandpa's approval anyway, in his eyes, perhaps this daughter of mine will never just disobey him, she won't obey him at all."

Ye Han's ability, Zhou Yun'er more or less understood a little bit when she was in Teng Chong, but inside her thinking, could one person beat more than a hundred soldiers with his bare hands? Moreover, for her own father, Zhou Yun'er also looked disappointed now, the man she approved of, the family did not approve of her would only be disappointed, but she would not back down, determined that it was a lifetime thing.

Ye Han said; "Yun'er, don't worry, I will let him see that your vision is not wrong, since I am your man, I will go and prove for you that your Zhou Yun'er's vision is the best in this world, even if there is a mountain of swords and fire ahead, I am not afraid."

Inside the room, a middle-aged military man with thick eyebrows and a big face sat indifferently on the sofa, his hand still holding a newspaper as he watched it, opposite the middle-aged military man was a woman wearing an apron, this woman was obviously cooking and had just run out from inside the kitchen.

"You old stubborn man, your daughter brought her boyfriend home for the first time today and you made such a scene for someone else, what do you want her to think? She hasn't been home for years because of the marriage you've arranged for her, and today is her first time home. In case you force your daughter away again, next time, I don't know if she'll come back to this house?" The woman sat on the sofa, her gaze frequently looking outside, looking a little anxious, she sometimes wanted to pull her husband's ear and scold him for that foul temper of his.

"What do you know about women?" Zhou Qiguo said with an indifferent expression; "I heard from the Feng family that this brat this girl found is very powerful, humph, today I will see how powerful he is? If he can get past my Fierce Tiger Brigade, I will naturally let him walk through the doors of my Zhou Family, if not, go back to wherever you came from."

"You stubborn donkey." The woman glared angrily at Zhou Qiguo and turned around and went to work in the kitchen. At home, Zhou Qiguo was the head of the family and she, a woman, could not speak for her daughter at all.

Inside the senior officers' dormitory building, many military officers had brought their families or friends out, looking at the scene in front of the commander's gate with an interested look on their faces.

Fortune Chapter 408

"Oh, that's the old Zhou family's girl, hasn't seen her for years, now this girl is back, what's this old Zhou guy's whole story?" A svelte middle-aged officer with glasses said with a smile on his face as he watched the scene.

"Political commissar, it seems that the commander is giving that girl a downward spiral by bringing back the youth." Someone responded thus.

"Alas, old Zhou's stubborn temper has really changed, what an age this is, still holding on to his old-fashioned set of ideas." The svelte middle-aged man with eyes shook his head and said; "Treating this

future son-in-law to mobilize the Fierce Tiger Brigade, this guy, I'll have to scold him properly sometime."

"Our military district's fierce tiger brigade is every one of them a good fighter, even compared to aces like Sword and Battle Dragon, the commander gave this kid such a whole show, that's a brick wall."

"....."

Under the discussion of the people inside the military district, only to see Ye Han put the gift he was carrying on the ground, then he loosened his tie, and also incidentally took off that expensive suit and put it in Zhou Yun'er's hand, carrying this thing fighting strangled.

Zhou Yun'er said with some concern; "Ye Han, are you okay? How about, let's forget it?"

Ye Han shook his head, scratched the tip of Zhou Yun'er's nose with his hand and laughed; "There's no such thing as not being able to do it when it comes to your husband, just watch from the side and see how your husband beats up this group of aces under your dad, I'll let my future old man be heartbroken when the time comes."

The first thing you need to do is to get your hands on a few of the most important people in the world.

If a cowardly person faced with this group of soldiers with a strong aura, he would be scared to death, but Ye Han would not, he still strolled forward, there was no change in his eyes.

"This guy really dares to make a move against the Fierce Tiger Brigade, huh?" As they watched Ye Han walk step by step towards the Fierce Tiger Brigade, the gazes of the people standing around the dormitory building slowly looked over.

"Hehe, one against a hundred, such a fierce man unless he is a soldier king, but even a real soldier king wouldn't dare to say that he could beat them up when facing the Fierce Tiger Brigade." When the svelte middle-aged man with eyes saw this, he smiled lightly and after holding up his glasses, he continued to look at the Fierce Tiger Brigade and Ye Han.

This future son-in-law of the old Zhou family did not even change his expression in the face of the Fierce Tiger Brigade, could he still be an expert?

Under their attention, in the middle of the confrontation between Ye Han and the Fierce Tiger Brigade, they only saw that at this time, Ye Han hooked his finger at the Fierce Tiger Brigade, his eyes were domineering and cold, and after the Fierce Tiger Brigade saw this scene, they were moved with anger.

Even against the two ace brigades, the Sword and the Battle Dragon, they were not even close to the top two.

"Brothers, now someone is looking down on our Fierce Tiger Brigade, what do you think we should do?"

"Beat him up" The members of the Fierce Tiger Brigade shouted out their hands one by one, their eyes sharp and their fists shaking as they looked at Ye Han.

"Battle!"

A shout, suddenly, the fierce tiger brigade all rushed towards Ye Han, that kind of movement, really as if a fierce tiger, the sound is vast, that kind of running sound vibrates out, as if the whole ground is trembling.

The fierce tiger brigade moved out, causing a look of pride on the faces of the people inside the military compound, this group of people was the ace force of their military district, the powerful soldiers they had trained, the sword of the nation.

Faced with this group of good soldiers, Ye Han's palms rubbed a semicircle on the ground, his leather shoes rubbing against the ground, and if one looked closely, one would find that the thick stone slabs under Ye Han's palms had all been chipped off by him, turning into powder that fluttered in the wind.

The next moment, Ye Han's body also moved, charging towards the frenzied Tiger Brigade. He struck out as if he were a wolf entering a flock of sheep, his fists blasting out, and one by one, the members of the Tiger Brigade running at the front were blown away, falling to the ground and unable to get up, groaning in pain.

But this was just the beginning, since he had already struck, Ye Han was going to beat up the entire ace brigade that his future old man was so proud of, so that he could see his power. Under the attack of Ye Han's terrifying fist, in less than a minute, thirty to forty people were already lying down inside this compound.

When the people inside the military compound saw this, their faces moved in unison, as strong as the ace force of the Fierce Tiger Brigade was completely no match under that youth's attack, they were knocked down one by one, how terrifying was that youth's strength? If he was so powerful, I'm afraid that the King of Soldiers was still several notches behind him.

"Good guy, so fierce!" The military political commissar's face was shocked, and his eyes were also glowing, if there was an expert like Ye Han inside the military district, then, at the end of the year, in the All-Army Competition, their side would definitely have a chance to win the first place.

Looking at the man who was like a god of war, Zhou Yun'er's eyes were enchanted, this was the man she had chosen, a demonic being who was so good that he could compare to any man in the world, her vision was not wrong because she had found the most excellent man in the world.

For this man, so what if her family does not agree? Having chosen, she would not give up.

At this time, Zhou Qiguo was also alarmed, he walked out directly from the house, indifferent eyes looked at the one-sided battle in the courtyard, his face was also moved, the fierce tiger brigade, his most proud ace power in front of that young man was so unbearable, completely being abused by him, the strength of the two sides are not at all on the same level.

With the surrounding crowd watching like this, after three minutes had passed, none of the Tigers Brigade could stand up anymore.

This was still the case if Ye Han did not really fight, if he really had to fight, he could have resolved the fight like a decisive destruction, but of course, in that state, the Tigers would not be able to stand up.

Looking at the young man standing proudly in the pile of people, wearing a snow-white shirt, black trousers and black leather shoes, a flash of disbelief flashed across the faces of the people inside the

military compound, this guy who didn't look very strong, the power hidden in his body was too terrifying!

He had defeated this ace force of the Tigers Brigade with one against a hundred, without any half-moisture.

Fortune Chapter 409

Inside the military compound, all the members of the Tiger Brigade fell to the ground groaning, unable to get up at all, looking at the youth standing proudly among them, that snow-white, spotless body, none of their Tiger Brigade could leave a fist mark on his body.

When they fought with this young man, their fists could not even touch each other's body, which made the originally arrogant members of the Tiger Brigade suffer, but their eyes also shone with admiration, facing the strong man who could beat down their Tiger Brigade, they would not hold a grudge, but only worship and aim at him.

After he had beaten down the Tiger Brigade, Ye Han's eyes looked over towards Zhou Qiguo, this, was Yun'er's stubborn old man!

After the two of them stared at each other for half a minute, Zhou Qiguo turned around and walked back inside the house. Seeing this, Ye Han smiled lightly and walked over to lift the gift, holding Zhou Yun'er's hand and walking over.

He knew that this future old husband of his was ready to let him into that house.

I have to say, at certain times, fists are the hard truth!

No need to go into any nonsense, a fight and everything was settled.

"Oh, I'll go to Old Zhou's house to rub a meal together." After the military political commissar laughed, he also walked towards Zhou Qiguo's house.

After entering inside the house, Zhou Yun'er's mother Xu Huiru immediately came over, her face overflowing with enthusiasm and said; "Yun'er, you girl hasn't come back to see me for several years, mum is getting lovesick, this is Xiao Han, right, come come, come, sit inside for a while, the meal will be ready soon."

"Okay, auntie." Ye Han responded with a smile, handed the gift in his hand to Xu Huiru and said; "Auntie, I don't know what you and uncle like, so I bought some haphazardly, I hope it's to your liking."

"You kid, just come, why buy gifts, come, come, come, have a seat."

"Mum, I haven't been home to see you for the past few years, I've made you worry."

Hearing these words, Xu Huiru had tears in her eyes, then she took Zhou Yun'er's hand and said; "Yun'er, come, cook with mum, let's have a good chat between mother and daughter, we haven't seen each other for a few years, look how thin you have become, later mum will cook your favourite braised fish for you."

Hearing these words, Zhou Yun'er looked at Ye Han.

Ye Han said; “Yun’er, go ahead, you and auntie have a good talk, here, I can handle it.”

Zhou Yun’er nodded and followed Xu Huiru inside the kitchen.

Zhou Qiguo still sat on the sofa indifferently, but Zhou Yun’er hadn’t called him ‘dad’ since she entered the house, which still made Zhou Qiguo’s heart a little uncomfortable. Ye Han sat down opposite Zhou Qiguo, he also didn’t say anything, and then took out a packet of special fragrance that could only be drawn by national leaders from his pocket.

This stuff, or before Ye Han came to Guangnan Province, had Situ Zhentian send it to him specifically from Yanjing side, it was simply not seen on the market, even in the hands of some vice-ministerial officials, there were not many of this good stuff, from Zhou Yun’er’s mouth, Ye Han knew that this future old husband of his was an old smoker, so Ye Han had Situ Zhentian send him a whole one.

“Smoking?” Ye Han took one out and handed it over towards his future old husband.

Zhou Qiguo originally did not want to answer Ye Han’s words, but a glance, his eyes immediately lit up, but still did not open his mouth, seeing this, Ye Han simply put his pack of special fragrant all in front of Zhou Qiguo, himself lit one and began to swallow clouds of mist.

The smell of cigarette smoke emitted from Ye Han’s cigarette, Zhou Qiguo couldn’t help himself and took one out of the packet of special fragrant Yan in front of him and put it on his mouth, Ye Han was very sensible and immediately got up to give Zhou Qiguo a light.

“Isn’t it a bit hateful to me?” After Ye Han lit the cigarette for himself, Zhou Qiguo took a puff, then he looked at Ye Han and asked.

“What’s with the word ‘hate’?” Ye Han laughed; “A son-in-law is half a child, you are Yun’er’s father and will be my father in the future, is there any reason for a son to hate his father?”

“You don’t hate me, but Yun’er hates me.” Zhou Qiguo said indifferently.

“That’s all because you’re too stubborn.” Ye Han responded; “Nowadays, freedom of marriage is advocated, you force a shackle on her that she doesn’t like and doesn’t agree with, and over the years, even if she is a close relative, her heart will grow resentful.”

“Stubborn? To be in this position, do you really think I’m the kind of person who doesn’t know how to be flexible?” Zhou Qiguo glanced at Ye Han and asked, as Ye Han smiled, he fell silent, he did not know much about Zhou Qiguo.

Zhou Qiguo continued; “The reason why I set up this baby marriage for Yun’er and the Feng family is not only because Feng Tianhao and I are comrades from the same squad, when I was on a mission at the border, my life was saved by his Feng Tianhao with his body, in order to save me, Feng Tianhao’s left leg is still lame.”

“So, you want to make up for your debt to him with a marriage alliance?” Ye Han said; “You feel that you owe him and there is actually nothing wrong with doing so, but using your own daughter’s happiness to make up for that debt, don’t you think it’s a bit too much to take for granted? There are actually many ways to pay back what you owe.”

Zhou Qiguo held a cigarette in his hand, his face became silent, he didn't speak for a whole minute of silence, what he owed to others, that was his life, how could he pay it back? With Zhou Yun'er's happiness, perhaps, in the past he took it for granted, but after his daughter had resisted and even left home for a few years without returning, he had changed that kind of thinking, only, as a father, as a good brother who had lived his life, there was no way he could pull off to push away this marriage that had been set a long time ago.

"If you don't mind, his leg, I can take a look at it for him and even help you heal him, so that, do you still feel that you owe him?" Ye Han continued.

"You can really heal his leg?" After Zhou Qiguo heard this, his eyes gleamed at Ye Han as he said; "As far as I know, many famous doctors at home and abroad are not sure about his leg, unless it is amputated and replaced with a prosthetic leg."

Ye Han said; "What others can't do, doesn't mean I can't do it, when I go to the north, I will visit the Feng family, by then, you shouldn't doubt my ability, at the same time, I will also show you that Yun'er sees me, her eyes are not wrong, she has better vision than any woman, I don't know if you are still satisfied with this answer?"

"Good, I believe you, when you do that, I can let you change your name to call me father-in-law."

At these words, Ye Han smiled and nodded, a leg was just a leg, with his current medical skills, would it be difficult for him.

-- AI CONTENT

Fortune Chapter 410

"Oh, old Zhou, is it in? I've brought your favourite burnt knives, let's have a couple of drinks with you today."

At this time, a cheerful voice came from outside the room, and right after that, the political commissar of the military district walked in carrying a pot of wine, that svelte appearance made it hard to see that he could drink this extremely high degree of burnt knives.

After Zhou Qiguo saw this, his eyes lit up and he stood up and said; "Old Li, has the sun come out of the west today? You treasured this kind of good stuff and you are willing to bring it out?"

"Oh, I knew you old man was thinking of this little stock of mine." After Li Wenyuan sat down, he put the wine on the table, then he looked at Ye Han and asked to Zhou Qiguo; "Old Zhou, no introduction for you?"

Upon hearing this, Zhou Qiguo didn't say anything because he didn't know how to introduce Ye Han right now, seeing this, Ye Han himself spoke up and said; "Hello uncle, I'm Ye Han, I'm Yun'er's boyfriend."

"So it's that girl Yun'er's boyfriend, not bad, the fierce tiger brigade was all taken down by you, amazing." Li Wenyuan gave Ye Han a thumbs up and said; "Since you're Yun'er's boyfriend, I'll call you a virtuous nephew, I wonder if you have any idea to come to our Nanning Military Region to hang out? With your skills, in another one or two decades, that's definitely material to be a general."

This Li Wenyuan was worthy of being a political commissar, he saw Ye Han's potential at a glance, his words made Zhou Qiguo quite impressed, if the Nanning Military Region had Ye Han as an expert, it could definitely become famous in the national military compound, enter the eyes of the senior leaders and become a key training object.

Ye Han shook his head and said; "Uncle Li, I'm really sorry, I've already joined the National Security Bureau, I'm only afraid I can't join the Nanning Military Region anymore."

If he hadn't joined the Security Bureau and didn't have a heavy burden on his shoulders, Ye Han would have liked to hang around inside the military district to serve his country, and after many years, maybe with his strength, he could really make it to an extremely high position, but now he had too many troublesome matters on his shoulders, and he simply couldn't get out of it.

The first thing you need to do is to get the best out of the situation. "

"Thanks a lot Uncle Li."

"Old Li, although we are one civil and one military, I listen to your advice on major and minor matters, but you, an old man, still have to interfere in my family affairs, huh?" Zhou Qiguo looked at Li Wenyuan with a black face, who waved his hand and said; "Old Zhou, don't I know your foul temper? If you don't like it, I'll take Little Han to my house and let him get to know Min'er. If I abduct your son-in-law, you'll be crying."

Hearing these words, Ye Han burst into tears and laughter, this Li Wenyuan was really a straightforward person, he dared to say anything.

"Hmph, old Li, that depends on whether your family Min'er has the ability to do so." Zhou Qiguo said with a hum that pretended to be oblivious.

"Uncle Li, we haven't seen each other for a few years, and as soon as Yun'er comes home, you're here to cut corners, so be careful Yun'er won't recognise you as her uncle in the future." Zhou Yun'er walked out of the kitchen with an apron and a plate of dishes, just like a housewife.

Li Wenyuan laughed and said; "Yun'er, uncle said something wrong, I'll punish myself with a drink later, but when you come back this time, stay for a few more days, you know the young people in this courtyard, so you will get in touch with each other more and don't get rusty."

"Got it, Uncle Li."

Zhou Yun'er put down the dishes and walked over to sit down beside Ye Han, then she called out softly; "Dad."

"Mm." Zhou Qiguo answered, but this sound of dad also made his heart quite uncomfortable, waiting for this dad, he had waited for years, back then when Zhou Yun'er was in college she hadn't returned home, for this daughter of his, he still felt a bit guilty when he thought about it, this girl had fought outside all these years alone, although she had the old man to protect her, he thought she should also be very tired.

"When you come back, stay for a few more days and have a good talk with your mother, you know?" Zhou Qiguo said as he looked at Zhou Yun'er.

Zhou Yun'er smiled and nodded, Zhou Qiguo was not opposing her and Ye Han, this made her happier than anything else, her family was always her family, she actually didn't want to fall out with her family because of Ye Han.

The meal was served, Xu Huiru cooked a big table of good food and it tasted good, all five people ate happily, Li Wenyan opened his own roast knife, he was still a good drinker, but in the end, he was actually drunk by Ye Han, he walked staggeringly, his daughter came back, Zhou Qiguo also drank a lot, and was finally helped to bed by Xu Huiru to rest.

At the table, Ye Han was the only one still sober, helping Zhou Yun'er clear the table.

"This old stubborn man, if you can't drink, don't drink?" Xu Huiru walked out from inside the room with a bitter smile, seeing Ye Han and Zhou Yun'er cleaning up the table, she immediately came over and said; "Alright, I'll clean up here, you two go out for a walk, this place is not like the big city outside, there's nothing interesting here, Little Han, you'll just have to stay for a few days when you're here."

"Auntie, it's fine, I'm used to living here."

Thus, for the first night, Ye Han stayed inside the military district, but he slept by himself, when he arrived at his old husband's house, he couldn't still sleep with Zhou Yun'er, right?

The next morning, Ye Han got up early and practiced his boxing skills on the training ground, around him, the soldiers of the military district were already starting to gather for training, yelling in unison, for Ye Han, the new face who came to the military district, in fact, overnight, many soldiers knew about it, this guy took down the Fierce Tiger Brigade by himself, and his reputation shocked the whole military district.

"Xiongzi, is this the guy who took down the fierce tiger brigade, why do I look a bit unlike him?"

"Yeah, apart from being taller and more handsome, this guy can't be that fierce, right?"

"Sister Miner, could it be that this guy that Sister Yun'er brought back is really powerful? Have you guys ever seen him fight with the fierce tiger brigade?"

The two called Xiongzi and Min'er shook their heads, Ye Han fought with the Fierce Tiger Brigade, they had both only heard about it last.

"Let's go, go over and meet him for a while, let's see how this guy that Yun'er found is really like?" The five high ranking sons of the military district walked towards Ye Han at this point, only to hear one of them walk up to Ye Han and say; "Hey, newbie, I heard you're quite fierce, I'm a bit unconvinced, how about we have a couple of moves?"

On hearing this, Ye Han stopped practicing his boxing, then looked at the group of high cadres who came around him, he shook his head and said; "You are not my opponent."
