Fortune Chapter 41

“Damn it, why do good things always come to that bastard?”

Inside a villa in Shanghai City, Bai Luofei watched the news broadcast on Shanghai City TV, his face was fierce and he was throwing a tantrum, the things inside the villa were thrown to pieces by him, several other gentry from Shanghai City didn't dare to speak when they saw Bai Luofei like this, originally they were going to fix Ye Han, but now it was good, instead they had made Ye Han's reputation as a little miracle doctor, now many people in Shanghai City knew there was a The company's main business is to provide a wide range of services and services to the public. The first time I saw him, I was able to see him.

The first time I saw the situation inside the villa, my brow furrowed and I let out a cold snort, saying; “Fei'er, what are you doing? How can I trust you to take care of my family's property?”

“Dad, I want to kill Ye Han, I want to kill that bastard” Bai Luofei saw Bai Jianye walk in, the hostility on his face was getting heavier and heavier, he hated Ye Han to the core of his being.

Bai Jianye glanced at the other youngsters inside the villa and said; “You guys go back first, I'll have a good talk with Fei'er.”

“Yes, Uncle Bai.” The other gentry in Shanghai City who had wanted to leave long ago ran away in a huff, leaving only Bai Jianye, father and son, sitting on the sofa, Bai Jianye said with a calm face; “Fei'er, I know you want to take revenge, but this person has some fire now, this is not a good thing to do. Now you have two choices, first, go and apologise to him personally and make him a friend of my Bai family”

“Apologise to him, no way, I must kill him.” Before Bai Jianye could finish his words, Bai Luofei roared.

Seeing his son in this state, Bai Jianye pondered and said; “It seems that we can only choose the second one, although this kid has become a firebrand, he has not yet reached the point where we dare not touch him, but we have to do this matter in a stealthy manner, and it must be successful at once.”

“Dad, what should we do, as long as we can kill him, I am willing to pay any price.”

Bai Jianye said; “I still have some connections over in the Golden Triangle, we can hire a hitman to do him, but this matter has to be done cleanly and without leaving a handle.”

“Haha, good, why didn't I think of that, hire a killer, this bastard will definitely die”

Ye Han still didn't know that in order to deal with him, the Bai family father and son were already contacting killers, at this moment, he was also in his villa watching what was broadcast on Shanghai City TV, and the process of treating Lin Guodong that day was also edited and recorded, after the TV broadcast now he had just become a household name of a little miracle doctor.

Ye Qing was sitting next to Ye Han, she had a strange expression on her face, she didn't know that Ye Han could do medicine, but since Ye Han had quit his job she found that she was no longer able to see her brother, he had become very good, not only did he have millions of dollars, he had a wide range of friendships, but he also had a miraculous medical skill.

“Sister, what are you looking at me for” Ye Han noticed that Ye Qing had been looking at himself and immediately touched his face; “Have I become handsome again, to the extent that I have charmed sister.”

“Go, don’t be poor, Little Han, sister is asking you, are you hiding something from me” Ye Qing looked at Ye Han solemnly.

Ye Han sighed in his heart, it wasn’t that he didn’t tell his sister, but these things were too unbelievable, but in order to solve the doubts in his sister’s heart, Ye Han made up a well-intentioned lie, only saying that he had been accepted as a disciple by an old man some time ago, not only did he pass on his money making skills, but he also taught him the art of medicine and martial arts, everything he had now was because of that old man.

Hearing Ye Han say this, the doubts in Ye Qing’s heart were lessened by a few points, so that at least it could explain why Ye Han had changed so much in a short period of time.

“Right, Little Han, it’s too boring for me to stay at home all day like this, I want to go out and find something to do.” Ye Qing looked at Ye Han and said, “Ye Han had also considered this issue, but he didn’t want his sister to work for someone else and suffer, he said; “Sister, you can stay at ease for a few days, in a while I want to open a medical school, then I will be responsible for treating patients, you will be responsible for reception and so on, see if it is okay”

“Well, that’s good, you have a miraculous medical skill anyway, it’s not bad to open a medical school.” Ye Qing nodded approvingly.

These three days Ye Han had been at home cultivating and studying the Ghost Valley Medical Scriptures, and had not gone out, Tang Haibin had not come looking for Ye Han in these three days, but this day, Tang Haibin had come, and he had brought someone with him.

When Ye Han came downstairs and saw the two people Ye Qing was entertaining, he was a little surprised, because this person Tang Haibin had brought with him he had seen on TV, he was a certain deputy director of Shanghai City, very powerful. Ye Han didn’t dare to be slack and immediately walked down and smiled; “So it’s Deputy Director Zheng at the door, I’ve kept you waiting, I hope I’m not to blame.”

“Oh, nowhere, Doctor Ye is busy with his affairs, I can still afford to wait for this amount of time.” Deputy Director Zheng smiled and said directly to the point; “Doctor Ye, it’s like this, I asked Hai Bin to accompany me here today because I have a small problem with my leg and I want you to take a look at it.

“Oh, that’s certainly possible.” Ye Han then checked, the problem on Deputy Director Zheng’s leg should be the root of his illness from his time as a soldier, because it had been a long time, one time was not able to eradicate it, after Ye Han gave him the needles, he had to continue to perform the needles twice to cure it.

After being stabbed with a few needles by Ye Han, Deputy Director Zheng immediately felt that his leg did not hurt as much as before, and immediately stood up and shook Ye Han’s hand, saying gratefully; “Dr. Ye is really worthy of his name, this old problem of mine has been cured by just a few needles in your hands, I am really grateful.”

Ye Han smiled; "Deputy Director Zheng is too polite, you are the people's parent official, this is what I should do."

After a few words of courtesy with Deputy Director Zheng, he left satisfied, Ye Han told him to come twice more to be completely cured, but after this beginning with Deputy Director Zheng, many people started to visit his door in the following days, these people were either powerful figures in the officialdom or huge wealthy people on one side, coming so frequently that they almost stepped on Ye Han's doorstep.

However, when these people came to Ye Han's villa, they were basically introduced by Tang Haibin or Lin Baimo. For those people introduced by his own brother, Ye Han was naturally very polite, treating those who were sick and making friends with those who were not.

Tang Haibin and Lin Baimo were also very sorry to see this, and finally, after some discussion, they decided to announce that they would only receive three patients a day, and all visits to the clinic would be declined.

Of course, by treating these people, Ye Han had inadvertently made his own network in the powerful and noble circles of Shanghai City, and now he was no longer the little wage earner he had been.

The name of Ye Han's little miracle doctor was gradually spreading.

Fortune Chapter 42

The first time I saw the company, I was able to get to the house. The price of the product is very high.

The price made those who came for treatment praise Ye Han as a living god doctor, much better than those black-hearted god doctors whose consultation fees were hundreds of thousands, millions or tens of millions of dollars, which also made Ye Han's name of god doctor more deeply rooted in people's hearts.

On this day, in the courtyard of the villa, Ye Han was practicing his Five Elements Fist. After a period of practice, although his Five Elements Fist was still not as good as Zhao Hengtian's, it was already extremely powerful, and his punches were like thunder, strong and powerful, and the whole courtyard was his practice ground.

The whole courtyard was the venue for his boxing practice. Mr Tang moved a tai shi chair and sat on the side, crossing his legs, watching Ye Han's boxing while peeling a banana, his appearance was so enjoyable that people who didn't know thought Ye Han was the boxer he had invited back to perform.

This person was naturally Yan Lingjiao, but now that she was looking at Ye Han, her eyes no longer had the same look of dislike as in the past, but were calm.

Although Ye Han was boxing, he nevertheless sensed that Yan Lingjiao was peeping at him from the villa opposite, but he didn't bother to reveal it, just watch, it wouldn't lose a few pounds of flesh, for this pretty policewoman, Ye Han felt that he should respect and stay away, it was best to maintain the current relationship that was neither strange nor familiar.

Ye Han finished a set of five element fist, at this time just when someone came to look for him, big young Tang personally went to open the courtyard gate, walked in was a man in a suit about thirty years old, seeing this man, big young Tang immediately surprised; "Secretary Li, why are you here"

"Oh, it's Hai Bin, I didn't expect you kid to be a regular here now, naturally I'm here for something important, by the way, is Divine Doctor Ye in I'm looking for him for something." Secretary Li said with a smile.

Young Tang scratched his head and laughed; "Hanzi is here, Secretary Li, come with me."

Ye Han had already seen the person who walked in, a person he knew, the secretary beside the Secretary of the Shanghai City Municipal Committee.

"Doctor Ye, hello, I am Li Ke, the secretary beside Secretary Wang." Seeing Ye Han, Secretary Li immediately extended his hand, this person in front of him was now the most popular person in Shanghai City, no one would not want to have a good relationship with him, Ye Han shook hands with Secretary Li and said; "Hello, Secretary Li, I wonder what is the matter with me"

"It's like this, Doctor Ye." Secretary Li said; "Secretary Wang's old back pain has returned recently, he has been to many hospitals before, but they all treat the symptoms but not the root cause, so I would like to ask Dr. Ye to go and give Secretary Wang a look, if there is a way to cure this disease."

Ye Han smiled; "Secretary Wang is a clean and good official of our Shanghai City, he has a disease and pain, since he has approached me, I naturally have to help him, Secretary Li, why don't we go now."

"Oh, Divine Doctor Ye is worthy of his name as the Living Divine Doctor, then I'll take care of you." Saying that, Secretary Li drove ahead and led the way, Ye Han gave a greeting to his sister Ye Qing after he and Tang Haibin drove the car out of the villa, half an hour later, the car drove inside the city government compound, because today was a weekend, many staff members were resting, only a few of the leadership were still working overtime to approve some documents, therefore, today there were very few people inside the city government compound.

The three arrived at the secretary's office under the leadership of Secretary Li, and after knocking on the door, a cry came from inside. Secretary Li pushed the door and walked in, looking at the middle-aged man who was reading a document and said; "Secretary Wang, Doctor Ye has arrived."

"Oh, Dr. Ye is here." Secretary Wang, who was busy, immediately put down the document in his hand when he heard this and looked up towards Ye Han, immediately he stood up and walked over with a happy face to shake Ye Han's hand and said; "I heard of Dr. Ye's name a week ago, and when I see him today, he really is a hero."

Ye Han smiled and said; "Secretary Wang is too flattering, I heard Secretary Li say that you are suffering from back pain, so I came over to give you a look."

"Sigh, what Dr. Ye said is true, I can't sleep well all night because of this problem, so I asked Dr. Ye to come here today because I want you to see if you can cure this old problem of mine." Secretary Wang said with a sigh.

Ye Han pondered and said; "Let's do it this way, Secretary Wang, take off your shirt and I will use acupuncture to cure you."

Hearing this, Secretary Wang nodded, then he said to Secretary Li; "Secretary Li, you take Xiao Bin to have a cup of tea first, ah Xiao Bin, you go out with Secretary Li first for a while."

The two nodded and then left the office, inside the office Ye Han used his perspective eye to watch the position of Secretary Wang's waist, and instantly knew where the cause of the disease was, Secretary Wang might be because of years of sedentary, not much time to rest and exercise, resulting in several vertebrae in his waist seriously deformed, and muscle atrophy also occurred, such a disease is best to surgery, but to do this kind of surgery has to bear great The slightest carelessness could result in paralysis, which is probably why many doctors do not dare to treat Secretary Wang easily.

However, all these were not a problem for Ye Han, as surgery was needed to reset the spine. In Ye Han's hands, he could simply use his internal energy to completely reset the deformed spine by means of massage, and as for the atrophied muscles, he could also use the Nine Needles to treat them.

After this was done, Ye Han used the nine needles to restore the atrophied muscles on Secretary Wang's body.

"Alright, Secretary Wang, try to stand up and move around to see if there are any changes." Ye Han wiped the sweat left on his forehead, then sat up on his buttocks, Secretary Wang stood up and moved around, his eyes immediately became very surprised, although the treatment Ye Han had just given him was a bit painful, after the treatment he found that making some twisting movements, his waist no longer hurt as much as before, this before and after transformation was quite big.

Without having personally seen Ye Han's medical skills, at first Secretary Wang did not believe in it, but now that he had personally felt it he had only one word for Ye Han, convince, such medical skills were simply too amazing!

"Doctor Ye, you really are Hua Tuo in the world, I, Wang Aiming, would like to thank you for your healing grace." Secretary Wang bowed deeply to Ye Han, because of this problem of his, his wife almost divorced him, and made trouble with himself at home, now well, Ye Han cured him of his pain, all this was solved.

Seeing this, Ye Han immediately helped him up and said; "Secretary Wang, this cannot be allowed, the patient came to me for treatment, I should naturally do my duty, if Secretary Wang really wants to thank me, just do more for those poor citizens of Shanghai City."

Secretary Wang nodded heavily and said; "Divine Doctor Ye has a bodhisattva's heart, his merits are immeasurable, don't worry, with a good body, I will definitely make more contributions to our Shanghai City."

"Oh, I believe that Secretary Wang will be able to do that, since this illness of yours has been removed, I will take my leave."

"Divine Doctor Ye, I'll see you off." Secretary Wang personally sent Ye Han out of the city government compound, watching them drive away, Secretary Li asked at the side; "Secretary Wang, your illness is cured"

"Oh, of course it is well, Secretary Li, in the future anything about Dr. Ye must be reported to me in a timely manner, it is not easy to have a miracle man like Dr. Ye in our Shanghai City."

Hearing these words, Secretary Li looked shocked, it seemed that Secretary Wang had fallen in love with this divine doctor Ye and wanted to secretly shelter him.

Fortune Chapter 43

On the way back to the villa, Ye Han and Tang Haibin were chatting.

The first thing you should do is to open a medical center, so that those who want to be treated can come to you. ”

Hearing these words from Young Tang, Ye Han shook his head and smiled, saying; “None of this matters to me, but I really should open a medical school, how about this, you help me ask if there are any shops for sale in good sections of Shanghai City.”

“Don’t worry, I’ll take care of that.” Big Young Tang patted his chest and assured him.

Ye Han smiled and nodded, when suddenly, a bad premonition came to his mind, his two eyes danced frequently, and his Yin Yang Dharma Eyes actually gave a warning to him, something that had never happened before.

“Be careful.”

At this moment, Ye Han saw a red dot aimed at Tang Da Shao’s chest, a strong sense of crisis came, Ye Han thought nothing of it and put his hand on the steering wheel then turned hard, the car made a big turn, scared Tang Da Shao, and at the same time, a gunshot sounded, the bullet pierced the window glass and flew through the back of Tang Da Shao’s head, into the sofa in the back seat.

“Holy shit, who the hell is shooting?” Tang Haibin was almost scared to the point of pissing his trousers.

Ye Han said in a deep voice; “This doesn’t look like someone shooting randomly, I’m afraid we’ve met a killer, Fatty, get out of the way, I’ll drive.”

The car was stopped by the big turn just now, and once Ye Han stepped on the accelerator, the X6 sped out like a whirlwind. The car was in the downtown area, so even if he drove the car as fast as he could, he still couldn’t escape the secret killer.

There was a bang, another gunshot, but the strong sense of crisis came and was narrowly avoided by Ye Han.

“Shit, really fucking met a killer, playing street blocking ah” Tang Da Shao’s little heart couldn’t help but beat down, without much thought, he immediately took out his mobile phone and reported to the police, and also gave his old man Tang Jianguo a call, the mayor of Tang who was dealing with documents on the other side of the phone heard that his son was being chased and killed in the street, a call went down and Shanghai City The police system in Shanghai City immediately went into operation.

Boom, boom, boom!

The assassin in the dark went down with several shots in succession, all of which were dodged by Ye Han, but such a big commotion also scared the surrounding vehicles into screaming, and for a while, there was a serious vehicle blockage on this road.

Boom!

However, the moment the car stopped, Ye Han kicked open the door beside Tang Da Shao and swept down, pulling Tang Da Shao down by the hand, forcing his buttocks to come into contact with the ground. He also pulled him down, making his buttocks and the ground come into close contact.

“Ouch, fuck me, motherfucker, my old man’s ass is rotten.”

“Quiet.” Ye Han glared at this guy, his eyes looked towards a building across the street, by the angle of the shot just now, the shadowy killer should be on that building, but just at the moment Ye Han looked up, another shot came violently, shattering the glass, scaring Tang Da Shao into directly lying down and hiding under the car.

The vehicles around them have also stopped, not daring to drive forward, one by one to take out their mobile phones to call the police, joking, and then drive forward that is not want to live, do not see the front is a gun battle? But just when these car owners call the police, the main road of a car inside down a cold middle-aged man, the man holding a pistol, which is a desert eagle, killing power is very huge.

The moment the cold man appeared, the Desert Eagle in his hand was aimed at Ye Han, firing several shots in quick succession, the terrifying sound of gunfire rang out continuously.

With two sides attacked and a life and death situation, Ye Han fiercely opened his Yin Yang Dharma Eye, his gaze watched the moment the bullet flew towards him, but under his gaze the speed of this one bullet seemed to have slowed down, in a natural reaction, Ye Han immediately took out the Dragon Scale Dagger that Zhao Hengtian had given him last time, a dagger he had always carried with him.

This scene was so amazing that if it was filmed, it would definitely shock the people, the incredible shots in the movie would appear in reality, imagine how shocking it would be!

The man was his biggest threat, and he was too close to him. Seeing Ye Han’s moth to flame action, a cruel smile appeared on the cold man’s face, and he raised his Desert Eagle and fired repeatedly at Ye Han, who was running towards him.

However, this next scene shocked not only the cold man, but also the car owners who were so scared that they wet their trousers.

The sparks from the clash between the Dragon Scale Dagger and the bullets made people feel like they were dreaming.

The cold man looked shocked, he had never met such a powerful opponent before, he wanted to continue shooting to kill Ye Han, but there were no more bullets in the Desert Eagle, and at that moment Ye Han had already arrived in front of him, jumped fiercely, the Dragon Scale Dagger chopped down at once.

Ding

Ye Han’s slash did not succeed because the cold man had already pulled out the military dagger stuck in his thigh to block Ye Han’s slash, sparks flew, close combat, this assassin still had a gap compared to Ye Han, and was instantly suppressed by Ye Han without the ability to fight back.

The sniper on the building opposite saw his companion and Ye Han fighting in close quarters and wanted to shoot Ye Han, but the trajectory of Ye Han and the cold man was unpredictable, so rashly shooting would have killed his companion by mistake.

The sniper's steady state of mind changed as the sound of sirens rang out from far and near, and a cold look flashed in his eyes.

The dull sound of a bullet entering his body immediately rang out, the sniper's shot failed to kill Ye Han, but instead killed his own companion.

"The police had already arrived and he would not be able to leave if he stayed behind.

Fortune Chapter 44

Ye Han put down the cold man who was already dead through, just now the sniper's shot had pierced the man's heart, his gaze looked towards the building opposite, Ye Han could feel that the sniper in the shadows had already left, his face was cold to the core, someone in Shanghai City actually wanted to kill himself, no matter who it was, he would not let it go easily.

The police also finally arrived, the mayor personally ordered, no one dared to slow down, all the police officers in Shanghai City moved, surrounded this section of the road, and even without the mayor's order, Shanghai City is a cosmopolitan city, such a bad assassination incident must be dealt with seriously.

"Don't move, hold your head and crouch down." A group of explosion-proof armed police officers gathered around towards Ye Han.

"What are you all doing, this is Doctor Ye, don't you know him? Put your guns down." At this moment, a police captain came towards Ye Han; "Doctor Ye, I'm Yang Long, are you alright? Where's young Tang? Why can't I see him?"

Yang Long had rushed over in a great hurry after receiving the order from his superiors, and was relieved to see that Ye Han was alright, but his heart was tense again when he didn't see Tang Haibin.

Ye Han looked at the bottom of his car not far away, at this time, Tang Da Shao also got out from inside and cursed with a grey head; "Damn, you guys finally arrived, if you were one step later, I would have to go to the Western Heaven to play chess with Buddha."

Yang Long immediately walked over and said; "Young Tang, sorry, we are the ones who came late and made you suffer, don't worry, we will definitely investigate this incident strictly and will definitely not let the culprit get away with it."

"Cut it out, I might as well rely on my own brothers if I rely on you guys." Tang Da Shao cocked his mouth and walked towards Ye Han; "Han Zi, is everything alright, damn it, who have we messed with here that we are so desperate, that moment just now was clearly intended to kill us."

Ye Han shook his head and said; "It's not you, it's me, you're just an obstacle they're trying to solve in passing."

At this time, a hot female police officer walked over, Ye Han looked up and found that the visitor was Yan Lingjiao, Yang Long looked at her and said; "Captain Yan, you've arrived too."

Yan Lingjiao nodded, her face indifferent, then she glanced at Ye Han, noticing that there was blood on Ye Han's thigh, she said; "You're injured, don't you go to the hospital to take care of it"

Ye Han then also realized that his thigh was really injured, probably because the bullet had just grazed his skin, he shook his head and said; "No need for this small injury, I can take care of it myself, I'll leave the matter here to you two, if there is a need, I will definitely cooperate."

Yang Long said at once; "Please don't worry Doctor Ye, we will definitely apprehend the outlaw who attacked you as soon as possible, it's just that we still have to go to your place later to give you a statement, I hope Doctor Ye won't mind the trouble."

"No, then we'll leave first." Ye Han looked at his car, which was already ruined beyond recognition.

"I'll give you guys a lift, just so we can make a statement." Yan Lingjiao said indifferently, causing Ye Han to look at her in amazement, this woman had changed her nature and was suddenly so nice to him, but someone sent Ye Han naturally would not refuse, then Ye Han and Tang Haibin got into Yan Lingjiao's car and left.

In the process of returning to the road Ye Han connected to several phone calls, these people are the patients he had treated, but these patients are a little bit of magic, Ye Han was assassinated on the road they have learned from some channels, have called to condolences, to see if he is in trouble, but also said that they will help Ye Han find the killer.

In response to these people calling, Ye Han only said that he was fine, and at the same time thanked them for their good intentions. Half an hour later, the car drove to the Hai Sha Villa area, Ye Han thought about it and said; "Officer Yan, if you don't mind, why don't we go to your place."

"Go to my place" Yan Lingjiao, who was driving, gave Ye Han's thighs a glance, and immediately understood, if Ye Han went back like this, Ye Light might be worried into what kind of situation.

The first time I saw you, I was a little afraid of Yan Lingjiao, the iceberg policewoman, and Yan Lingjiao took out her medical kit and looked at Ye Han and said, "Are you going to do it yourself or am I going to help you?"

"I'd rather do this one myself." Ye Han looked at his thigh, the wound was located at the back of his thigh, but it seemed a bit difficult to operate if he was allowed to do it himself.

"Are you sure," Yan Lingjiao asked him with an expressionless face.

"That, Hanzi, I'll go out for a while, you guys take your time." Seeing Ye Han and Yan Lingjiao talking like this, Tang Haibin said and then skipped away. Ye Han secretly hated this guy's lack of righteousness, he was going to ask Tang Haibin to help him with some medicine, but this guy ran away without any righteousness.

"Lie down, let me help you." He was not waiting for Ye Han to refuse, Yan Lingjiao began to look for something like disinfectant inside the medical box, and Ye Han could only honestly lie down on the sofa, then Yan Lingjiao used a pair of scissors to cut open Ye Han's trousers, hearing the sound of tearing cloth Ye Han was a bit painful, this pair of trousers but he spent thousands of dollars to buy, and now this woman ruined like this.

Then Yan Lingjiao said while applying medicine to Ye Han's wound; "This wound of yours was rubbed out by a gun with great killing power, if my guess is correct, it should be a Desert Eagle, and this kind of bullet has a sharp head, it is specially made, it is hard to find this kind of bullet in China, when rubbed by this kind of bullet, the skin will naturally crack and quickly destroy the tissue cells, with the wound on your body wounds, the person who wants to kill you should come from outside the country."

Hearing this, Ye Han was a little surprised, this woman was worthy of being a police officer, just by taking a glance at his wounds she could analyse so many things, Ye Han said; "Killers from outside the country, I didn't invite these murderers."

Yan Lingjiao gave him a look and said indifferently; "It's true that you didn't provoke them, but they recognize money but not people, they dare to do anything when someone pays them, you've been in the limelight too much during this period of time, maybe someone is displeased with you."

Ye Han thought about it, the only person he had provoked during this period of time was Shen Tian Ao, apart from the Bai Enterprises, the assassin this time was most likely invited by one of them, of course, some people who looked at him with displeasure could not be ruled out, but Ye Han thought the former was the most likely.

While Yan Lingjiao was treating Ye Han's wounds, the leadership team, led by the mayor and secretary of the Shanghai Municipal Party Committee, were involved in the terrorist attack, and the pressure from all sides caused the Shanghai police system to operate on all fronts, investigating the terrorist attack with all their might.

As the investigation into the terrorist attack began, some people could not sit still. In a villa in Shanghai City, Bai Luofei and Bai Jianye, father and son, looked worried.

"Dad, what should we do?" Bai Luofei was as anxious as an ant on a hot pot; "Not only is that bastard Ye Han not dead, but all departments in Shanghai City have launched an investigation because of this matter, Dad, what if they really investigate us?"

Seeing Bai Luofei like this, Bai Jianye sighed in his heart, this son of his really seems to be rotten to the core, but this time the matter was really beyond his control, he underestimated Ye Han, he did not expect Ye Han's influence in Shanghai City would be so great, because of him the whole Shanghai City departments were running, if the assassin coming from the Golden Triangle was caught, then, the good days of their Bai family would be had come to an end.

"Fei'er, don't panic, things haven't come to a head yet, calm down, look at what you look like now" Bai Jianye snorted coldly and said; "One of the assassins coming from the Golden Triangle is already dead, the remaining one will be fine for us as long as he is not caught by the police."

Even though he said that, Bai Jianye knew in his heart that even if the assassin had managed to escape under a city-wide curfew in Shanghai City, if Shanghai City really wanted to track him down, would it really not be possible to investigate his family's head?

Fortune Chapter 45

In Yan Lingjiao's villa, after dressing Ye Han's wounds, she put on a business-like appearance and looked at Ye Han and said; "Okay, now let's start taking a statement and talk about what happened."

The fact that she had just sat up and heard this made her feel better about Yan Lingjiao drop a few points, saying; "I say, Officer Yan, why are you in such a hurry? I think the time you have to give me a statement would be better spent investigating the killer who got away, and aren't you tired of being so serious every day?"

"It's not your concern, and, of course, I will investigate that killer, now I need you to cooperate with me."

Ye Han was a bit speechless at this woman, feeling that this woman was kind enough to send him back just now really for the purpose of making a statement, Ye Han was a bit upset in his heart and said; "I said Officer Yan, I have known you for some time, I don't think I have seen you smile yet, is it possible that your face is not born to smile, if that is the case then it is a pity, you are good looking, willow-like eyebrows, melon-like face, you have a good look. It's a pity that you are too cold and not meticulous when it comes to things."

The woman's gun was on the table, so he shut up and laughed bitterly in his heart.

"Fine, fine, Officer Yan, don't be angry, don't we have to make a statement, let's start now."

Finally Ye Han cooperated and took a statement, Yan Lingjiao put the recorder away and said coldly; "I will inform you of any progress behind this case, now you can go."

Ye Han heard this official words mood more unhappy, looking at Yan Lingjiao this large villa, comfortable leaning on the sofa said; "first time here, does not Officer Yan invite me to eat a meal, busy most of the day I can not even eat, how at least have a cup of tea it."

Yan Lingjiao just happened to pick up her own gun, still with that icy look, and said; "I'll treat you to a gun, want one"

Ye Han was struck by this woman and lost his temper, motherfucker, mentioning the gun at every turn, having a gun is great, sometime brother also let you see my gun, see if you are afraid. However, Ye Han finally walked out of Yan Lingjiao's villa honestly, and Tang Da Shao, the unrighteous guy, was now lying comfortably on the grass in the courtyard, and fell asleep, snoring like thunder.

Ye Han really convinced this bastard, walked over and kicked him; "Get up, the killer is here."

"Damn, killer, where is it? Where is it?" Tang Da Shao climbed up to take a look and found that it was Ye Han who was teasing him, he immediately said with displeasure; "I say Han Zi, have you played with people like this, one more time like the gun battle just now, brother will be scared to death, how about it, just now in the house with the iceberg police girl How did it go, did you go for a little pistoning?"

"Get lost, think as far away as you can." Ye Han's white eyes rolled, doing piston exercises with that iceberg, he was afraid that he would be hanging before his trousers were off.

When Ye Han and Tang Da Shao were playing around, Lin Ba Mo, Zhou Mingshan and Zhou Yun'er came, Ye Han was stabbed by an assassin on the street and it was already on TV, of course they knew about it, so they came to Ye Han's villa at the first opportunity, seeing that Ye Han's leg had traces of bandages, Zhou Yun'er immediately squatted down to check the wound, with a strong concern in her eyes, and said. "Does it hurt? Did it hurt any vital points?"

Being cared for by Zhou Yun'er in such a soft voice, it was the first time he felt it, Ye Han immediately had a feeling of being flattered and said in the same soft voice; "It's fine, it doesn't hurt, it's just a little scraped skin, don't worry."

Zhou Yun'er nodded gently, like an obedient wife, but when she saw the beautiful bow on top of Ye Han's bandage, the expression on her face instantly changed; "Who bandaged this wound for you?"

Ye Han was a bit confused as to what Zhou Yun'er meant by this question, but without waiting for him to answer, Tang Da Shao raised his hand and said; "Sister Yun'er, I know this, Han Zi's wound was personally bandaged by Officer Yan just now, look how beautiful that bow is."

The moment she heard this, Zhou Yun'er immediately snorted coldly, brushed against Ye Han, and deliberately touched Ye Han's wound with her hand, which caused Ye Han to suck in a breath of cold air, damn it, this woman has taken the wrong medicine, wasn't she fine just now?

Seeing this scene, Zhou Mingshan, Lin Baimo and Tang Haibin all laughed out loud, Zhou Mingshan came over and patted Ye Han's shoulder and said; "Alright, it's good that you're alright, let's go and have some tea at your place and tell us what happened."

In the distant north, Yanjing, the central institution of state power, the focus of the world's nations, at this moment, in a basement-like conference room, a huge screen was playing the scene of Ye Han's fierce fight with the killer.

In the scene, Ye Han was seen holding a short blade, advancing swiftly, slashing through the bullets that were shooting towards him, one after another, this scene was slowed down, so the shocking image of Ye Han as each slash clashed with the bullets could be clearly seen.

"What do you think about this video?" asked the middle-aged man sitting at the top of the conference room.

"Chief, where did you get this video, it couldn't have been made on purpose, could it?" a young man asked as he tapped his finger on the table. The middle-aged man shook his head and said; "This is a video intercepted by the network department, the location of the release is from Shanghai City, someone should have captured this image and uploaded it to the Internet, but now it has been blocked by the network department, and I have also investigated, today there was indeed a vicious incident in Shanghai City, and the protagonist of this incident is the teenager on the screen. "

"It's not possible, using a sword to split a bullet, such strength can only be achieved by an expert of the Ren Du realm, could it be that this boy is already an expert of the Ren Du realm at a young age?"

"This is obviously impossible, according to our investigation, the youngest Ren Du realm expert among cultivators is twenty-eight years old, and that person is known as a once-in-a-century genius in the cultivation world, how could there be someone with more talent than him?"

At this time, the man sitting at the top of the conference room said; "I naturally don't believe it if I say that he is already a Ren Du realm expert, but he can split bullets with his own strength, he must have something outstanding, such a capable person is exactly what our Security Bureau needs, Fire Phoenix, you go to Shan Hai City, you must find a way to bring him over, hehe, I heard that this kid is also a remarkable miracle doctor."

The woman called Fire Phoenix was very beautiful, dressed in a mature and beautiful dress, wearing a red cheongsam, that look was completely a seductive siren, she heard this and giggled, said; "Chief, you don't want me to seduce this kid, right? But this little guy is still impatient looking, I'll take this task."

Fortune Chapter 46

The villa, Zhou Mingshan and other people visited Ye Han left, but when leaving Zhou Yun'er face is still not better, of course, before leaving, whether it is Zhou Mingshan or Lin Baimo said will help Ye Han find the killer behind the scenes, with Zhou Mingshan's energy in addition to the Lin family and the Shanghai City police system, I'm afraid it will not take long to find out the mastermind behind the killer. The company's main goal is to find the person behind the killer.

Of course, with the investigation of this vicious incident, the entire Shanghai City are swept up in a major purge, regardless of the black and white as long as the facts of the crime, were severely punished, the government also wants to take this incident to establish prestige, while conveying a message to the outside world, in Shanghai City will not tolerate the appearance of lawlessness, who dares to commit, who will fight, no mercy.

The city was in a bit of chaos, and Tang Haibin had been grounded by Tang Jianguo, cutting off all contact with the outside world.

The day has nothing to do, Ye Han can only stay at home with his sister, while researching the art of medicine and cultivating, of course, Ye Han is also observing the outside movement, with the launch of the investigation these days, for the fleeing killer the entire Shanghai City police system still has no clue, the killer seems to have evaporated into thin air.

However, Ye Han did not think that the killer had already left Shanghai City, the whole Shanghai City was under a big lockdown at the moment, access was strictly checked, and some hidden channels of departure were also blocked.

Finally, after a week at home, Ye Han couldn't stay at home any longer, it was not his character to be bored at home all day, so he took his sister Ye Qing out to go shopping. He was like a wealthy man.

Being pampered by Ye Han in this way, Ye Qing was happy and at the same time a bit heartbroken.

"Sis, this necklace is nice, it suits you quite well." In front of a counter, Ye Han pointed at a sterling silver necklace and said, this necklace was finely made and also set with a very beautiful diamond, if Ye Qing put it on it would definitely be beautiful, Ye Qing smiled and nodded, saying; "It's nice, but the price is too expensive, Little Han, forget it, we've spent enough in the past few days."

"It's good that sister likes it, money is just something outside the body, and I think this necklace suits you very well, even if I spend more money I'll buy it for you." Money spent on his own sister, Ye Han never felt pain.

Hearing Ye Han's words, Ye Qing was so moved that if this wasn't a shopping mall, she would have been ready to give her first kiss despite the world's horror, but at the moment when Ye Qing was at her happiest, a piercing voice rang out beside them both; "Humph, buy it, look at your poor face, can you afford to buy this necklace"

Ye Han's heart flamed and he looked at the voice, the speaker was a young man dressed in greasy hair, the young man was holding his female companion and was also picking out accessories at this counter.

"It's none of your business whether I can afford it or not. If you don't want to get beaten up, shut your stinking mouth." Ye Han's good mood for the day was doused by the youth's earlier remark, and he spoke with a full coldness.

"Forget it, Liu Jie, why do you have to be so normal with people like them, just like them, I'm afraid they can't even afford to buy this necklace even if they struggle for a year, I like this necklace, can you buy it for me?" the female companion beside the youth shook his arm and said petulantly.

"I'll buy it for you if you like it, but this bumpkin just said he wanted to beat me up, but I wouldn't dare to give him ten guts if he was this poor." The youth coldly snorted and looked at Ye Han with disdain, today Ye Han was indeed dressed rather plainly, it didn't matter to him what he wore, as long as it fit, but this made Ye Han look like a complete wage earner to the youth, who still presumed to buy that necklace that cost over 200,000.

Of course, this was not his main reason for targeting Ye Han, the key was that Ye Han was dressed in such an ordinary way and even carried a very beautiful beauty which made him feel unbalanced, that was why he could not help but want to hit Ye Han and make him lose face.

"Little Han, I don't want that necklace, just give it to them if they want it, it's not too early now let's go back." Although Ye Qing was not used to seeing the young man and woman, she didn't want Ye Han to get into trouble because of it.

Ye Han said to his sister; "Sis, dealing with this kind of people who pretend to be pushy and shameless when they have two stinking dollars, we should just step back hard, you backing off will only make them look down on us even more."

Hearing these words, Ye Qing wanted to say something but did not say it after all, his younger brother had grown up, everything had to be his own decision.

When Liu Jie heard this, he became furious and cursed at Ye Han, saying; "Who are you calling pretentious, believe it or not, I'll get someone to kill you today."

Ye coldly laughed and said; "Get me killed, it seems that your mouth really deserves a beating."

Saying that, with a snap, Ye Han directly flung his hand and slapped the youth's face, instantly sending him flying and landing on the ground with a miserable scream, this scene made that Liu Jie's female companion startled and hurried over; "Liu Jie, how are you doing? Come on, someone's beating him up."

But her shout only attracted a group of onlookers, no one came forward to help her, seeing this, Liu Jie's female companion immediately shouted towards the waitress at the counter; "What kind of service attitude do you have here, someone is beating people in your mall, shouldn't you arrest him?"

When the waitress heard this, she said indifferently; "Sorry, miss, from the beginning to the end I only saw you provoking Mr. Ye both, it was your fault in the first place, if you are not satisfied with our service, you can call the police to deal with it."

Who is Ye Han, of course the waitress in front of her knew clearly, that is the little divine doctor of Shanghai City, coming to their shopping mall to buy something is their honor, and also God, how could they have arrested this God

“Your service is too bad, I want to call the police, I want to file a complaint against you.”

At this time, Liu Jie slowly stood up with the help of his female companion, the face that had just been swollen like a pig’s head, he looked at Ye Han grimly and stopped his female companion from calling the police, and then said; “How dare you bastard beat me, calling the police is cheap, I will get you killed today.”

Saying that, he immediately took out his mobile phone and made a call; “Cousin, I’m being beaten up in Shanghai International City, come quickly, if you don’t come I’ll be killed.”

After the call, he pointed at Ye Han and said; “You wait, don’t leave if you have the guts.”

“Sure, I’ll wait.” Ye Han responded indifferently, Ye Qing said a little worriedly; “Little Han, will it be alright?”

Ye Han patted the back of his sister Ye Qing’s hand and gave her a reassuring look, then the two of them continued to admire that necklace just now as if nothing had happened, leaving that Liu Jie and his female companion directly to the side, but not long had passed, just as Ye Han bought the necklace, a group of people came towards them, all of them were young and all of them were scantily clad.

“Cousin, you’re finally here, I’m about to be killed.” When Liu Jie saw the arrival of this group of youths, he immediately spouted out his grievances and nonsense, describing Ye Han as an arrogant and domineering wage earner. Hearing Liu Jie finish, one of the youths in this group immediately looked towards Ye Han’s back and said with a wave of his hand; “Let’s go, let’s go and see who is the person who dares to be so arrogant in Shanghai City”

Fortune Chapter 47

When he came behind Ye Han, the youth said indifferently; “Kid, you dare to touch my cousin in Shanghai City, I think you are impatient to live”

“Who do you think is impatient to live” Ye Han just happened to wrap the necklace at this time, taking his sister’s hand and slowly turning around to look at the youth who had just spoken. The moment Ye Han turned around, however, the youth who had just spoken suddenly changed his face, and not only him, but also the group of youths who had followed him changed their faces as well.

The most important person in Shanghai City right now was him, whether it was the official world or the shopping mall, this person in front of them was now mixing like a fish in water, his network of connections were all over Shanghai City, the elders in their families had already warned them not to mess with Ye Han in any way.

“Young Ye Ye, it’s you, I’m sorry, I was talking nonsense just now, please forgive me.” When the youth saw that the person he was facing was Ye Han, that high head immediately lowered, while cursing that Liu Jie countless times in his heart.

Ye Han said indifferently; “Who are you? You know me”

The youth said; "I am Sun Lan, the son of Sun Gang, the understanding director of Tianyue Group, I hope that young Ye will not remember what he has just offended, I will leave now."

The name Tian Yue Group, Ye Han seemed to have heard of it, but when he saw that Sun Lan wanted to leave with his people, Ye Han said carelessly; "Wait, you can leave if you want to, but just now someone said that he wanted to kill me, you know, some time ago someone also wanted to kill me, the murderer has not been caught yet, now another person who wants to kill me has jumped out, can I understand that what happened last time was also the work of your Tianyue Group."

Upon hearing this, Sun Nan's face immediately changed greatly; "Young Ye, misunderstanding, it's all a misunderstanding."

Ye Han said indifferently; "How do you want me to believe you that this is a misunderstanding?"

At these words, Sun Nan did not know what Ye Han meant, he turned around and slapped Liu Jie across the face; "Who the hell are you, how dare you mess with Young Ye?"

Liu Jie had a face of fear and was already on the verge of tears, by now where he didn't know that he had messed with someone he couldn't offend, someone that even the Sun family didn't dare to mess with, where did his Liu family have the ability to do so, so he could only leave with his head in the dust after receiving two slaps on the face, not daring to say anything.

"Young Ye, I don't know if you are still satisfied with this" Sun Nan looked at Ye Han and tried to lower his posture.

Ye Han didn't say anything, pulled his sister and left, because just now he felt a danger signal. Seeing Ye Han leave, the group of Shanghai City gentry led by Sun Nan let out a sigh of relief, they felt their aura was completely suppressed with Ye Han here.

When the onlookers saw this, they secretly praised the might of Dr. Ye in their hearts. With just a few words, he had suppressed a group of Shanghai City's gentry and dared not even let out a breath.

He felt a sense of crisis inside the mall, and now that he had left the mall, that sense of crisis had disappeared, but he still felt something strange, as if there was a pair of eyes staring at him in the dark, and Ye Han wanted to find those eyes out, but he came up empty-handed, the person hiding in the dark was too clever.

"What a powerful guy, he almost found out."

Inside an unobtrusive car in front of Ye Han, the corner of the mouth of a flamboyantly dressed woman turned up slightly; "Interesting person, with such a strong sensing ability, but this little guy seems to have enemies hiding in the shadows"

The woman was no other than Fire Phoenix who had come to Shanghai City from Yanjing, her mission in coming here was to bring Ye Han into the Security Bureau, of course, before that she had to see if Ye Han's character and other aspects were up to par.

The strange feeling only slowly disappeared as he drove back home. Ye Han's brow furrowed, the person who was following him in Shanghai City was only an enemy, not a friend, but this person was hiding in the shadows and if he wasn't found, Ye Han would never be comfortable.

The next day early in the morning Ye Han drove away from the villa and headed to Zhao Hengtian's home, he was already completely familiar with the Five Elements Fist, it was time to learn some other skills on Zhao Hengtian's body, when he saw Ye Han arrive, Zhao Hengtian was very happy and said; "I heard that you encountered a killer some time ago, but I know that ordinary killers can't do anything to you at all."

Ye Han smiled and sat down and said; "Brother Zhao is that confident in me"

"Not confident, it's a feeling." Zhao Hengtian laughed; "You are too mysterious, I can't see through you, and your face is not a short-lived person, you will definitely be a great person who will become an emperor in the future, how could you die so easily."

"Brother Zhao is too generous to me." The two of them chatted for a while, and then Ye Han asked Zhao Hengtian to teach him martial arts. This time, Zhao Hengtian taught Ye Han the Twelve Forms of Shouyi, the so-called Twelve Forms of Shouyi is a boxing style that simulates the life forms and fighting prowess of twelve animals, including the dragon, tiger, monkey, horse, alligator, chicken, swallow, harrier, snake, bird, eagle and bear.

Each of these styles has a form, such as the dragon's soaring and horizontal, the tiger's mighty power, the monkey's spirit, the swallow's dexterity, etc. As he watched Zhao Hengtian practise the twelve forms, Ye Han memorised them by heart while watching.

There is an old saying: "Taiji does not go out for ten years, but Shouyi kills in one year."

In this way, for several days in a row, Ye Han ran to Zhao Hengtian's house every day to learn the Twelve Forms, absorbed in martial arts, like an oblivious martial artist.

Of course, at the end of the practice, Ye Han would also ask Zhao Hengtian for advice on gambling. Zhao Hengtian, who had made a name for himself as the God of Gambling in the casinos of Macau, was naturally as good at gambling as he was at martial arts, and Ye Han was no match for Zhao Hengtian without using his yin and yang eyes.

As the saying goes, if there is a brother, there must be a sister. Zhao Youyou's gambling skills were equally impressive, and Ye Han was also defeated against her, but of course, this was because Ye Han did not use the Yin Yang Dharma Eye, and relied entirely on his initial skills to compete.

However, as he studied deeper and deeper, Ye Han's gambling skills progressed so quickly that Zhao Hengtian was amazed, this guy was like an all-round genius, learning everything at a rapid pace.

This day, Ye Han was practising with a deck of poker in his hand, all sorts of tricks were coming out in his hand as if he was doing magic tricks, but at this moment, Ye Han's mobile phone rang, he took it out and looked at it, the phone showed that it was his sister Ye Qing calling, Ye Han picked up the phone; "Sister, what's up"

"Hmph, divine Doctor Ye, it's been a long time." A sinister voice came from the other side of the phone, his Chinese seemed very hard, upon hearing this, Ye Han's cold hairs even stood up, his eyes were cold to the core; "You are the killer, what do you want"

“So Doctor Ye still remembers me, in that case, let’s cut the crap, I want you to come alone to an abandoned building outside the southern suburbs, if you don’t come, I’ll have to have a good time with this pretty sister of yours.”

“Son of a bitch, how dare you, if anything happens to my sister, I will definitely tear you up and feed you to the dogs.” Ye Han’s hostile aura enveloped his body, this terrifying voice made even Zhao You You startled, Zhao Hengtian frowned at the side, it seemed that Ye Han had met something rather tricky.

Fortune Chapter 48

“Humph, I don’t have time to play lip service, I’ll give you one hour, in less than one hour, you’ll be waiting to collect your corpse.”

After saying that, the other side hung up the phone, Ye Han held the phone, his eyes were already cold to the point of fear, Zhao Hengtian said at this time; “Do you want me to accompany you, the other side kidnapped your sister in order to lure you in and then kill you.”

“Yes, big brother Ye, let my big brother accompany you.” Looking at holding his hand worriedly, he said. Ye Han shook his head and said; “No need, with my strength that killer can’t do anything to me yet, moreover, I have to go alone for my sister’s safety.”

Hearing this, Zhao Hengtian thought for a moment and said; “Then you take care of yourself, I believe you will be fine.”

Ye Han nodded, then walked out of Zhao Hengtian’s courtyard and drove frantically towards the southern suburbs with a gloomy face, seeing Ye Han going alone, Zhao Youyou glared at Zhao Hengtian; “Brother, you’re really letting Brother Ye go alone, what if something happens to him”

Zhao Hengtian glanced at her and suddenly laughed; “Alas, a girl can’t stay in a big place, don’t worry, he has an immortal destiny, after training, he will be able to soar to the sky, this kid has a great future.”

Half an hour later, Ye Han had already driven out of the southern suburbs, the place was a wilderness, overgrown with weeds, and some abandoned buildings made the place look very depressed.

Ye Han drove the car outside an abandoned building that looked relatively intact, this was the location the assassin had mentioned, Ye Han opened his Yin Yang Dharma Eye to view the whole building, his eyes were like a super scanner, no corner was spared, inside this building, Ye Qing was tied to a chair, her whole body had fainted, but she was fine.

Seeing this, Ye Han finally breathed a sigh of relief, but in a corner of the first floor of the building, a cold-faced man holding a sniper rifle had already aimed at Ye Qing, this man also had black hair and yellow skin, but did not look like a Chinese.

Ye Han’s eyes continued to scan the whole building, there was no one else inside except Ye Qing and the assassin, but Ye Han did not let his guard down, he could feel the danger signals coming from the air around him, and indeed, in some hidden corners around the building, Ye Han found bombs that had been planted.

If it was the killer alone and a sniper rifle, he would have been able to finish him off, but the bombs that had been planted here made him a little leery.

Ye Han could not, he could only raise his hands and slowly walked inside the building; “I’m coming, show yourself too, if interested, I think we can have a good talk.”

“Hmph, divine Doctor Ye is true to his word, but you and I only have nothing to talk about, you are my mission, and my mission is to kill you or be killed by you, it’s as simple as that.”

Ye Han’s gaze looked towards the first floor, the killer was leaning on the parapet already pointing his gun at him, he might pull the trigger at any moment, Ye Han looked at him and said; “In that case, then can you tell me who told you to come and kill me, anyway, I am only afraid that it will be difficult for me to get out of here today, let me die with a little understanding, how about that”

The killer sneered twice and said; “I’m afraid your wish will be dashed, although I have set everything up today, you are too terrifying, the most terrifying opponent I have ever met, I am not sure if I can kill you, moreover, I enjoy watching the people I kill die in vain, now, let’s play a game.”

“What game,” Ye Han looked at the assassin and said.

“I’ll give you two choices, first, stand still and let me kill you, second, I’ll kill the woman in front of you, now, choose for yourself.” Saying that, the killer’s finger was already on top of the trigger, the muzzle of the gun that emitted a cold aura was as terrifying as a flood of beasts, Ye Han’s strength the killer had seen, with the sniper rifle in his hand he really wasn’t sure of killing Ye Han, unless it was the case that Ye Han himself didn’t resist.

Such a choice made Ye Han’s brow twist into a Chuan, with this killer’s strength he was not afraid, what he was afraid of was the detonator in this killer’s hand, once this killer pressed the detonator, no one would be able to live.

“What’s the matter Doctor Ye, is this choice difficult? Do you want me to choose for you” As he spoke, the sniper rifle in the killer’s hand had already offset to Ye Han’s body.

“Wait, I’ll choose the first one.” Ye Han spoke with an icy face, and as he spoke, his hand was already quietly gripping the top of the Dragon Scale Dagger.

“Hmph, good, Divine Doctor Ye is really merciful and righteous, then you will go to hell.” Suddenly, the assassin on the first floor opened fire towards Ye Han, the sound of a sniper rifle rang out, the lethal bullet broke through the air, deafening, it was impossible to dodge at such a close distance, seeing that Ye Han was about to be hit by the bullet, a cold light suddenly appeared, splitting the bullet like a lightning bolt.

Ding

The dragon scale dagger blocked the bullet, sparks flew everywhere and Ye Han was jolted back two steps by the bullet fired from the sniper rifle.

Seeing Ye Han resist, the assassin on the first floor was furious, his body moved and instantly aimed the sniper rifle at Ye Han, pulling the trigger, it was too late, just at the moment the gunshot rang out, the Dragon Scale Dagger in Ye Han’s hand was shot out by him, turning into a cold light, blocking the bullet shot at Ye Han, then his body rushed towards Ye Han’s position like a cheetah, picking Ye Han up together with the chair and jumping to behind a concrete pillar.

All this happened within a second. When the killer saw this, he roared in anger and shot repeatedly at the spot where Ye Han was hiding. Ye Qing out of the building.

He was not afraid of the sniper rifle, but it would be a problem if the killer used the sniper rifle to deal with Ye Qing.

He could only dodge the incoming bullets without the Dragon Scale Dagger in his hand, however, while dodging these bullets, a bright golden needle appeared in Ye Han's hand, and as he flung it out with one hand, these golden needles broke through the air and shot at the killer's position.

Seeing these golden needles, the killer felt bad and rolled on the ground, dodging some of the needles, but he was still hit by a golden needle on his thigh, and when he was hit by this needle, the killer immediately felt his thigh become numb and gradually lost consciousness.

When he felt this, the killer was horrified and stood up and shot at Ye Han again, while shooting, he also jumped down from the first floor and darted towards the outside of the building.

"Not good."

If the killer ran out of the building and pressed the detonator, both he and Ye Qing would die inside, at this moment, Ye Han used his speed to the limit. However, the moment he ran out of the building, Ye Han was surprised to find that the killer who had just run out of the building, he was dead.

Fortune Chapter 49

Looking at the body of the killer lying in front of him, the expression on Ye Han's face changed, this killer had his throat sealed with a single slash, the detonator was still in his hand, and he was still in a running position before he died, this meant that the person who killed him was too fast, so that he did not even have time to react before his throat was slit with a single slash.

The killer is dead, Ye Han is relieved at the same time, he is also puzzled, this person can take out the killer instantly, proving that his strength is very powerful, and only when Ye Han and that killer exchanged words, he had already arrived here, but why this person wants to help him this point makes Ye Han very puzzled.

If this mysterious man had not finished him off the moment the killer pressed the detonator, Ye Han knew that he and Ye Qing would never have been able to leave alive today. Ye Han looked around and found no clues, but there was a strange smell in the air, a smell he had smelled before.

Taking out his mobile phone, Ye Han called Yan Lingjiao and told her about the situation here, then went back to pick up the Dragon Scale Dagger and carried Ye Qing on it and left.

In a dilapidated earthen building not far away, Fire Phoenix was still in a red cheongsam, with extremely short shoulder length hair, looking charming, those slender five fingers were still playing with a sharp knife, watching Ye Han drive away, she smiled and said to herself; "What was this little guy smiling at just now did he find me but this kid is affectionate and righteous, and he is not disorderly in case of danger, he is A good seedling, after observing him for so many days, it seems like it's time to get in touch with him."

After saying that, the Fire Phoenix's body immediately went far away, that kind of speed was like a red whirlwind, incredibly fast.

Inside the car, Ye Han looked at Ye Qing who was still sleeping, pulled out a golden needle and stabbed it on her neck, not long after that, she saw Ye Qing slowly wake up, the moment she opened her eyes, when she saw Ye Han beside her, she instantly jumped into Ye Han's arms and cried.

"Sister, don't worry, it's alright." Ye Han said comfortingly as he patted his sister's back while driving.

Only after a while did Ye Qing settle down from that shock, wiping her tears she looked at Ye Han and asked; "Little Han, what's going on? How did I end up with you?"

Ye Qing vaguely remembered that someone had broken into the villa and that person had knocked her out with a gun, she didn't know what happened after that.

Ye Han said honestly; "Sister, you were kidnapped by someone, but it's all right now, the person who kidnapped you has been ambushed."

Ye Han did not say that the killer was dead, he was afraid of scaring Ye Qing.

"Kidnapped him why did he kidnap me?" Ye Qing asked in confusion, seeing his sister asking after him, Ye Han could only tell what happened some time ago, hearing Ye Han finish, Ye Qing then knew that Ye Han had encountered a killer last time, she immediately grabbed Ye Han and said; "Little Han, don't go do those dangerous things in the future. If something happens to you and you leave your sister behind, what should you do?"

"Okay, sis, I promise not to do those dangerous things in the future, let's go home."

The car soon drove into the Hai Sha Villa area, Ye Han calmed Ye Qing and then called Zhao Hengtian to tell them he was fine, but not long after, the doorbell of Ye Han's villa rang, Ye Han opened the door and saw that the person who came was Yan Lingjiao.

"Officer Yan, you're here, please come inside." Ye Han invited Yan Lingjiao inside the villa, and then introduced Ye Qing to her; "Sister, this is Officer Yan, she's right next door to us."

Ye Qing smiled and nodded with Yan Lingjiao, she had actually seen Yan Lingjiao in and out during this period of time, only that the two of them had not communicated, after they had met, Yan Lingjiao looked at Ye Han and said; "The identity of the killers is clear, these two killers are both Thai nationals, from a group called the Machete Killer in the Golden Triangle, this Machete Killer group is controlled by a warlord in the Golden Triangle and is very strong. This organization is controlled by a warlord in the Golden Triangle and is very powerful.

"Did you find out who invited them to kill me?" asked Ye Han.

"I was just about to say this to you." Yan Lingjiao said; "Based on the clues we found, as well as some information on the assassin who kidnapped your sister today, we can be sure that this matter is related to the Bai Enterprise, our people have already gone to the Bai Enterprise to investigate and apprehend the people involved, I believe it won't take long for news to come."

“It really is them.” A strong killing intent flashed across Ye Han’s face, because this Bai’s Enterprise he was not only assassinated last time, but this time it even almost got Ye Light into it, if it was possible, Ye Han would like to kill Bai Luofei’s family right now.

At this time, Yan Lingjiao’s phone rang, she picked up the phone and listened for a while, that cold looking face instantly became colder.

“Officer Yan, what’s wrong,” Ye Han asked, looking at Yan Lingjiao.

Yan Lingjiao rubbed her forehead and said; “News has just come in that Bai Jianye, the helmsman of Bai’s enterprise, and his son Bai Luofei have disappeared, and on top of that, most of Bai’s enterprise’s funds have been transferred a few days ago, and now Bai’s enterprise is in a mess.”

“Ran away.” Ye coldly said with a cold face; “It seems that they have long sensed that they might be investigated, so they transferred their funds in advance, and since they have deployed, they are now probably no longer in Shanghai City at this moment.”

“Your analysis is good.” Yan Lingjiao nodded and said; “According to the employees of Bai’s enterprise, Bai Jianye, the chairman of Bai’s enterprise, has not been to the company for three days, which means that they had already run away three days ago.”

Ye Han grunted; “They better not fall into my hands in the future, or I will make them regret that they shouldn’t mess with me.”

Hearing Ye Han say this, Yan Lingjiao said; “Although your ability is good, I advise you not to mess around, our police department will handle this matter, we will issue an online wanted notice and search for them nationwide.”

“I say, Officer Yan, if I really had to rely on you, I, Ye Han, would only have died several times already.” A killer that the Shanghai City police system had searched for close to two whole weeks without finding, which made Ye Han disappointed in them, and in the end, he had to take matters into his own hands in order to lift the lurking crisis.

To this, Yan Lingjiao did not respond to anything, the Shanghai City police system did have omissions, but after this incident will be changed even better.

The assassin who had infiltrated Shanghai City had been killed, and the whole Shanghai City martial law operation was officially declared lifted, and everything was restored to its previous order. After the martial law was lifted, Tang Haibin, the guy, came to Ye Han’s house at the first opportunity, the time he was grounded had suffocated him.

“Damn, that damn killer is finally dead, I say Hanzi, you don’t know, this time the old man has locked me up at home, it’s suffocating me to death, no, you must accompany me to have a good time tonight.” Tang Da Shao crossed his legs and sat on the sofa, nibbling on an apple as he said.

Ye Han lit himself a cigarette and laughed; “Why, after being shut up for the past few days, is a person suffocated”

Tang Da Shao’s face reddened as he said; “You kid don’t make fun of me, just ask you one thing, to go or not to go”

“Okay, Tang Da Shao, I’ll go with you still,” Ye Han let out a laugh and put out the cigarette in his hand.

“Hey hey, that’s what makes a good brother, let’s go, let’s go to a nightclub for the night.”

Fortune Chapter 50

The night came, the lights came on, under the leadership of Tang Da Shao two people came to the largest nightclub in Shanghai City, the two people came to a card seat and sat down, Tang Da Shao snapped his fingers and said to the waiter; “Give us a few bottles of xo, and some fruit and so on.”

The waiter retreated, Tang Haibin hooked Ye Han’s neck and said; “Hanzi, you see, these women are too damn powerful, wait for that individual to be shy, brother go call over for you.”

Ye Han laughed and said; “I think you’re the one who’s starving, don’t mind me if you play.”

“Cut, you kid just pretend, I’ll get one back later and envy you to death.” Tang Da Shao said disdainfully, his eyes turned in the crowd, immediately Ye Han found his eyes lit up, then walked out, seeing this bastard so monkey, Ye Han was a bit weeping and laughing, he had some doubts whether this guy was the mayor’s son or not, the whole was a lustful plus rogue.

Tang Haibin left, Ye Han could only sit honestly inside the card seat and wait for him to return, however, not even two minutes had passed, a woman dressed in a cheongsam walked towards Ye Han’s position, under the lighting, this woman was like a spirit in the dark night, both noble and beautiful, that hot body in this scene can provoke anyone’s desire to conquer her.

Ye Han saw the woman, and to be honest it was the first time he had seen such a beautiful woman, and he couldn’t help but have a flash of amazement in his eyes. The woman was tall, with short hair, wearing a red cheongsam, and had an excellent figure

The woman then sat down beside Ye Han, leaning on his shoulder, and blew into his ear; “Little brother, wouldn’t it be boring to drink alone, why don’t I drink with you?”

Being leaned on by this woman and smelling that special smell emanating from her, the corners of Ye Han’s eyes suddenly narrowed, immediately he laughed; “It’s an honour for me to have a great beauty like you as my companion, but I just don’t know why the beauty is carrying a knife on her when she comes here to relax”

Saying that, Ye Han had already placed an unusually sharp knife on the table, seeing this, Fire Phoenix was instantly surprised, she touched her thigh, the knife bolted to her thigh had been secretly taken by Ye Han at some point.

Seeing that Ye Han had touched the weapon she carried with her, Fire Phoenix suddenly giggled.

“Little brother is really different from normal people, but aren’t your hands too bad to sneak around.” Fire Phoenix elegantly sat beside Ye Han, those bright eyes with autumn waves flowing, if not for Ye Han’s good composure, he would have been electrocuted by these eyes of this woman.

Ye Han put down the wine glass, smoothly lit a cigarette and took a fierce puff, then said; “Say, who are you looking for me what is the matter”

Fire Phoenix pretended not to understand and asked; "What does brother mean by this? Is it not okay for sister to find you for a drink?"

Ye Han laughed; "It's naturally good to have a beautiful woman like you to drink with, but I'm afraid that roses carry thorns and the drink is poisonous, so ah, it's better to be careful."

At these words, Fire Phoenix did not continue to pretend, she took a sip of wine and asked; "Tell me first, how did you tell I was coming?"

Ye Han looked at her and said; "Actually, it's easy to say, but difficult to say, the key lies in the unique smell on your body, if I'm not wrong this should be a very unique spice, and it's also a spice that is not available on the market."

Fire Phoenix looked at Ye Han in surprise and said; "I do have a unique spice on me, but what does this have to do with you seeing me?"

Ye Han let out a laugh and put out his cigarette and said; "I hadn't noticed this when you first followed me, but then you followed me one after another, which made me discover a detail, that is, the smell on you. Not bad, if it wasn't for the smell on you I wouldn't have been able to discover you at all."

Hearing Ye Han say this, Fire Phoenix suddenly slapped her palm a few times and gave Ye Han an appreciative glance; "Clever, after following you for so long I found you to be a really interesting person, I've grown somewhat fond of you, sister."

"That's an honour for me." Ye Han gave Fire Phoenix a look and took her jade hand and said; "Honestly, it's really hard to see that such a beautiful woman with such beautiful hands could kill someone, and with a single slash to seal her throat, thanks for that assassin last time, let's drink to that."

"You don't have to thank me, the offshore assassin group infiltrated into China to cause trouble, eliminating them was something I should have done, of course, if brother really wants to thank me I don't mind, I just don't know how brother will thank sister me" After the two of them drank a cup, Fire Phoenix smiled in style, looking at Ye Han cursed that this woman was really a demon spirit ah.

In order to hide his embarrassment, Ye Han could only cross his legs and lean his two feet together. Seeing Ye Han's embarrassment, Fire Phoenix smiled in her heart and sat even closer to Ye Han.

"Little brother, do you think my sister is pretty?" Fire Phoenix's bright, soul-stirring eyes stared at Ye Han, releasing a strong electric current.

"Woman, do you know that you are playing with fire instructions, playing with fire and burning yourself, I will not be responsible when the time comes."

"Brother, your words have hurt my sister's heart, my sister is sincere to you, but I didn't expect you to be so heartless, wanting to eat clean and wipe your mouth to deny, alas, pity my sister's infatuation ah" said, this woman actually really sad, Ye Han cursed in his heart, damn, if this woman to act, it can definitely win Oscars.

"Hey," Ye Han suddenly smiled wickedly and looked at Fire Phoenix who was already hanging half of her body on him and laughed; "I didn't expect that sister would be so infatuated with me, if I let you down, it would be really unjustifiable. I'm not sure if it's a waste of your infatuation."

The two of them had a knife in the middle of their mouths, "Brother, why are you in such a hurry?"

When Ye Han saw the knife, his heart felt like it had been filled with a basin of ice water, and he had no idea what to do, although this woman was beautiful, she had a thorn in her side, if he really wanted to do anything to her, he wouldn't know how to die.

"Damn, Hanzi, you're a cow, I've only been away for a few minutes and you're already getting it on."

At this time, Tang Haibin walked back with a girl in one arm, he looked at the woman Ye Han was holding and instantly his heart was unbalanced, damn it, I searched for half a day before I found two crooked winter melons and dates, this kid is sitting still and someone is throwing herself at him, is there such a way to play with people?

When they saw that Great Shao Tang had returned, Ye Han and Fire Phoenix immediately separated, as if nothing had happened.

The big brother Tang sat down beside Ye Han, gave him a thumbs up and said quietly; "Originally I found two and was going to save one for you, shit, I didn't expect you kid to find such an extreme behind my back, forget it, I won't give you either of these two brothers, I'll use them all myself."
