

Fortune 411

Fortune Chapter 411

Hearing Ye Han's words, the youth called Xiong Zi became angry, and a beautiful divine dragon swung its tail towards the kick; "Hmph, whether you can beat it or not, you have to try it to know."

Facing this move of Xiong Zi, Ye Han only moved gently to avoid it, if he really wanted to make a move, this guy would have to spend at least a year and a half in bed before he could do it, seeing that Ye Han had avoided his move, Xiong Zi bullied and advanced, a set of very sharp military body fist was executed, attacking Ye Han in succession, the movement was severe and beautiful.

"Good, Xiongzi, fuck him up."

"Good job, Xiongzi."

Around them, the four high cadres yelled out when they saw this.

"Oh, Old Zhou, although you have a bit of a stinky temper, but I have to say you've given birth to a good daughter!" In the office, Li Wenyuan and Zhou Qiguo both stood in front of the window in their military uniforms, watching this scene happening on the training ground, Li Wenyuan said with a look of emotion, having given birth to a good daughter and capturing a good son.

"Old Li, actually your family's Min'er is not bad." Zhou Qiguo said, now, he also looked away, since Ye Han and Zhou Yun'er were together, he didn't stop them, because Ye Han was really good in his eyes, a dragon among men, it was just that the hurdle of his old comrade that he hadn't crossed yet, after Ye Han really cured his old comrade's leg, he could officially go in his heart to accept Ye Han.

On the training ground, facing Xiongzi's attack, Ye Han was just dodging, this guy had a good military fist, and his actual combat ability could compete with the group of people in the Tiger Brigade.

"You guy, do you only know how to dodge? Try to receive a few moves from me if you have the guts?" His own attacks never touched Ye Han, Xiong Zi was furious, hearing this from him, Ye Han said; "Once I make a move, then you won't have a chance to make a move."

"Arrogant." Xiong Zi shouted angrily and his fist and kick attacks became even more ferocious.

Ye Han smiled faintly and directly grabbed Xiongzi's attacking fist with one hand, then a beautiful over-the-shoulder slam sent him flying, falling to the ground with a painful grunt, unable to even crawl up.

"Bearzi!" Seeing Xiong Zi, a big man of more than one meter, being thrown out two to three meters away, the other four high cadres all cried out in shock and hurried over to help Xiong Zi up, then looked at Ye Han with an angry and stony face.

"Oh, you guys are itching for skin, aren't you looking for abuse to fight him?" At this time, Zhou Yun'er walked over with Ye Han's suit in her hand, helping Ye Han put it on and incidentally taking out a towel to wipe his face.

"Sister Yun'er, why are you helping outsiders as soon as you come back? Xiong Zi was just taught a lesson by this guy." When they saw Zhou Yun'er arrive, the group of high cadres were quite happy, as they had grown up playing in the mud together since they were kids and their relationship was not

ordinary, but when they saw Zhou Yun'er helping Ye Han speak, the group of guys were not happy at once.

"Come on, I still don't know you guys, Xiongzi's cross body won't be fine even if he is given four or five falls." Zhou Yun'er laughed and shook her head, looking at the group of pals she had played with since childhood.

Li Min walked over with a few of Bearzi's men and said with a smile; "Yuner, you guys are so ungrateful, you went away for years without coming back to see us, I thought you forgot about us all, now that you're back, this one of your family taught Bearzi a lesson, no, you have to make it up to us."

"Sung, I'm in a good mood today, tell me, how do you want me to make it up to you."

"Hey, Sister Yun'er, I heard that now you are running your own company outside, you should be quite rich, how about, taking us out for a dash tonight?" A tall, thin youth said with a grin at Zhou Yun'er.

"Yes, yes, Sister Yun'er, you're a big spender now, you must be allowed to treat us."

In fact, with the status of this group of high cadres, it was easy to find money, but their tutors were strict and their families kept a tight watch on them, anyone who dared to take bribes and receive gifts would definitely be beaten half to death by the old man in the family.

Zhou Yun'er laughed; "Okay, let's go downtown tonight, my treat, that's always okay now."

"Yeah, Sister Yoonee, I forgive you, with you taking the lead, we can all go out and have fun."

Lee Min laughed; "Yooner, for your generosity, we'll forgive you for not coming back to see us for a few years, but let's be clear, we're not going to go if it's too low class."

"How about the Grandview Hotel? I remember that it seems to be quite good in Nanning."

"That's good enough for you. By the way, Yun'er, don't you want to introduce this one of your family to our group of mates?" Li Min several people's eyes fell on Ye Han, Zhou Yun'er brought back a boyfriend, in terms of appearance, that is definitely more handsome than those popular stars, and the hands are excellent, so they all wanted to know a bit about Ye Han.

Ye Han took the initiative and said with a smile; "My name is Ye Han, I'm from Shanghai City, I'm Yun'er's boyfriend, you can call me Hanzi, please forgive me for what happened just now."

"Cheng, Yun'er's man is our friend, brother, we don't know each other without a fight, tonight, we must have a few drinks, I heard that you are a fierce man who has beaten up the Tiger Brigade, I was thinking when to let you teach me a few moves, so that I can also go out and be powerful." Xiong Zi grinned at Ye Han, he didn't take it to heart that he had just been dropped once by Ye Han, he just wanted to try it out for himself after hearing people inside the military district say that Ye Han was fierce.

In the evening, the two jeeps drove out of the military area and headed towards the city. After many years of absence, Zhou Yun'er wanted to get together with those she had grown up with, especially now that she had found a good man, and in the face of Li Min's envious and jealous gaze, she felt dignified and could not wait to let the whole world know that Ye Han was her Zhou Yun'er's man.

The hotel was one of the best hotels in Nanning City, with luxurious facilities, KTV and entertainment venues, a paradise for the rich and a hell for the poor, where ordinary people would definitely go bankrupt if they spent all their money for one night.

After arriving at the Jun Yue Hotel, Li Min and Xiong Zi gave full play to their masculinity, opening the most luxurious boxes and ordering the most expensive dishes, not being soft at all. giant arm.

The party, which lasted until after 9pm, took advantage of the alcoholic nature, and Li Min and Xiong Zi's gang had no intention of letting Zhou Yun'er go, and went straight up to the top floor of the Jun Yue Hotel, a floor somewhat similar to the Brilliant Hotel of the Lin Bo Mo family, where all belonged to the entertainment programmes.

Gambling, bowling, billiards and other entertainment programmes can all be found here.

Fortune Chapter 412

They were led by the waiter to a luxurious and magnificent billiard room, where there were beautiful waiters, champagne beauties, and handsome men who came here to play.

The people who come here to have fun are mostly young people, older people, not too play billiards this thing, of course, play billiards are also some looks temperament excellent handsome beauty, even if not with a beautiful woman over, here also provide beautiful women to accompany the practice, but the consumption is more expensive.

After opening a pool table, Xiong Zi said excitedly, holding the cue; "I haven't touched this thing for a long time, I don't know if my hand is rusty, Dong Zi, which one of you guys will play a couple of games with me tonight?"

When he heard this, the young man called Dongzi said; "Xiongzi, aren't you bullying people? We can't beat you in terms of physical skills, but in terms of billiards, that's your forte, so how can we beat you?"

"OK, Xiongzi, I'll play a couple of games with you." Li Min said as she walked over with a pole in her hand, looking like a big sister.

"Hey, Min'er, you'll lose tonight, billiards is my forte." Bearzi grinned and beckoned the beautiful waiter to set up the billiard balls, then with a beautiful drive, he hit a large ball directly into the bottom hole, opening the shot into the ball, Bearzi continued to drive, three shots in a row passed and he had scored four balls in a row, the last shot lost his chance to score because the white ball stopped in a dead corner, leaving him with no certainty to continue scoring.

Li Min smiled; "It's my turn."

After saying that, Li Min bent down and leaned over, the standard grip posture, her dimpled figure outlined a charming curve, the white ball gently touched, the small size ball belonging to her went into the hole, after the first shot, Li Min also scored several balls in a row, both of them were not bad, they played steadily and scored steadily, Ye Han and the others were watching from the side.

Billiards was something Ye Han had played with Tang Da Shao and the others before, but basically it was Ye Han who won steadily, and Tang Da Shao and the others didn't even have a chance to score.

“Oh, pretty girl, you play well with the ball, are you interested in playing a few games, by the way, let you teach us women how to ‘play ball’.”

At this time, seven or eight young men and women walked towards Xiongzi and Li Min, and several of them had their eyes unrestrainedly ogling Li Min’s chiseled body. To be honest, although Li Min was not as gorgeous as Zhou Yun’er, but with a height of one meter seventy-five plus that clear face, she was also a rare big beauty.

Hearing this, a look of disdain flashed across Xiongzi’s and his men’s faces, a group of second-rate people who only knew how to eat, drink and play, trying to talk to them, they didn’t even bother to pay attention to this group of guys.

“You few where from go back to where you came from, want to pick up girls, you are looking for the wrong people, get lost before we get mad.” Dongzi glanced at the group of young men and women, the arrogance and disdain on his face was even greater, the second generation of the military came from, naturally they would not put this group of rich second generation in their eyes, if they wanted to step on people, there were not many in Guangnan Province that they could not step on.

Hearing Dongzi’s words, those few young men were obviously stunned, perhaps, they had not even thought that there were people in the Jun Yue Hotel who dared to dump their faces.

“Oh, telling us to get lost, it seems that a few of you are new here, right?” I only saw a young man smiling lightly and said; “You are still the first ones who dare to say such words in the Jun Yue Hotel, now, I will give you a chance to let this beautiful girl play two games with us, and I can pretend that you did not say what you just said.”

Xiong Zi laughed in anger at these words, in this mu of land in Guangnan Province, there were still people who dared to threaten him, was it because these guys’ eyesight was too low? Or were they just too stupid in the head?

“A bunch of brainless fools, asking our sister Min’er to play two games with you, who the hell are you?”

Xiong Zi sneered and said; “In giving you one more chance, disappear from my view immediately, or else, I’ll let you taste the power of this fist of mine.”

“Yo! Still someone who can fight.”

The youth smiled indifferently and said; “I, Liu Zhiwen, can call hundreds of people with a single word at the Jun Yue Hotel, do you think your fists can beat more than a hundred people? If I were you, I’d better take my advice. I don’t mean anything else, I just want to make friends with this beautiful girl, let’s get to know each other, I don’t know if this beautiful girl is willing to do it?”

Li Min hit a small number into the middle hole with a single shot, she looked at that Liu Zhiwen with a disdainful smile and said; “Just the kind of person like you who can’t be on the stage, I feel like vomiting to know you, put away your disgusting nasty thoughts and hurry up and get out, otherwise, my few little friends will definitely let you personally feel what it means to be a pig’s head.”

Wen said, Liu Zhiwen’s eyes narrowed, the kind of good connotation just now disappeared, replaced by a grim anger.

“Brother Liu, this girl is quite a drag, if you get her into bed, it must be very addictive.”

Looking at Li Min’s haughty with a bit of hot temperament, behind Liu Zhiwen, several youths showed their lustful faces.

“Such a woman I like.” Liu Zhiwen licked the corners of his mouth, a wicked smile slowly emerged from his face, as the son of the underground leader of Nanning City, what kind of women had he not played with, and a woman like Li Min, who was high and hot, would more than likely arouse his desire to conquer.

“I’ll play with your sister!”

Hearing Liu Zhiwen and the others’ unscrupulous and nasty words, Xiong Zi and the others instantly became furious, and a horrible coldness flashed across Li Min’s face, then, only to see the billiard cue in Xiong Zi’s hand slamming down towards the top of that Liu Zhiwen’s head, this cue was so fast and vicious that it almost knocked that Liu Zhiwen out at once, his head broke and blood flowed, and even the billiard cue was broken.

Seeing this, the group of youths behind Liu Zhiwen were instantly shocked, and a few women screamed out in shock directly.

“You’re finished, you dare to hit Liu Shao, you definitely won’t survive

Looking at Liu Zhiwen who was lying on the ground screaming miserably, several youths were so frightened that they roared incoherently, in the Jun Yue Hotel, in Nanning City, there was absolutely no way to live if they dared to hit Liu Zhiwen.

“Hmph, a bunch of silly bastards, now it’s your turn.” Just now these few people had spoken out against Li Min, Dongzi few people naturally wouldn’t let them go, growing up inside the military compound, although their hands were not as powerful as Xiongzi’s, but they had no problem at all dealing with a few ordinary people.

After Xiongzi and Dongzi had struck, these rich youngsters were lying on the ground wailing, each with broken arms and legs, their heads were bleeding.

The scene that happened here naturally alerted the people around the billiard room, and even more so the senior management of the Junyue Hotel, Liu Zhiwen was beaten up here, that’s no small matter! The assailant had to be brought under control.

Fortune Chapter 413

The billiard room was in chaos, people who came here for fun basically knew Liu Zhiwen, a regular customer, his old man was the leader of the underground in Nanning, a ruthless master, his son was beaten up, if he started to be ruthless, everyone here would suffer today, 36 plans were the best plan.

Soon, there were not many people left in the large billiard room except for the beautiful waiters with frightened faces.

After teaching Liu Zhiwen and the others a hard lesson, it also gave Xiong Zi and the others a bad taste in their mouths, they had come out to have fun and were in a good mood, but these guys who were not open-minded had stirred up the situation.

“Alright Xiongzi.” Li Min greeted the few people from Xiongzi and said; “Let’s play here today, next time we have the chance to continue to slaughter Yun’er, the big money maker.”

Although Zhou Yun’er’s face was a little uncomfortable, she still smiled and said; “Okay, but you guys have to give me a good chance, I won’t stay long on this side of Nanning.”

After saying that, a few people didn’t bother about Liu Zhiwen and the others who were lying on the ground wailing, they directly walked out of the billiard room and took the lift towards the ground floor, it was already late and it was time to go back.

However, just when Ye Han arrived at the ground floor of the Grandview Hotel, the place was already blocked by more than fifty big and burly security personnel, led by a big man with a cold and stern face, and beside him were the senior management of the Grandview Hotel who had received the news.

“Stop them for me, and a few of you go and take young Liu to the hospital quickly.”

The manager of Jun Yue Hotel was a middle-aged man over fifty years old, at this moment, his eyes looked coldly at Ye Han and them, after he gave the order, more than fifty security personnel immediately surrounded Ye Han and the seven of them, with electric batons in their hands, as long as Ye Han and the others dared to mess around, these electric batons would greet them.

Seeing this, Xiong Zi said indifferently; “I advise you to think carefully, you can’t afford to mess with those guys upstairs, can you afford to mess with us?”

Hearing these words from Xiong Zi, Qiao San, the manager of the Jun Yue Hotel, stared angrily, could it be that this group of guys who had beaten up Liu Shao still had some background to come from?

But this thought only flickered in Qiao San’s mind, when he saw Liu Zhiwen who was carried down like a dead dog, he immediately had a feeling that the sky was falling, Liu Zhiwen was beaten like this in his place, would Liu Scar let him go?

“Give me a beating, beat them to death, kill them for me ……”

At this moment, Qiao San’s heart was completely replaced by that anger and fear in his heart, he only wanted to beat Ye Han and the others to death and cripple them now, with a view to letting him off when Liu Scar arrived here, so he didn’t bother about what origin Ye Han and the others had, as long as he could let out Liu Scar’s anger, he would be willing to give up even his beautiful wife.

After Qiao San gave the order, the 50-odd security guards immediately greeted Ye Han with electric batons, completely obeying their boss’s words, and all of them dealt out deadly blows, not even caring that there were two women inside.

They were trained to fight a few, but they couldn’t deal with so many big and thick security guards at once.

But just when Xiong Zi was worried, a black light suddenly flashed in front of them, and then the black light kicked all the security guards who attacked with lightning-like speed, and some of them were even kicked directly out of the hotel. He couldn’t see the figure in the crowd, but his speed and strength were so fast that he took care of all 50 security guards with electric batons in less than a minute!

Looking at the stopped Ye Han, Xiong Zi and the others were also dumbfounded, more than fifty security guards were solved by Ye Han in such a short time, that kind of skill was simply inhuman, now, they finally believed that Ye Han alone took down the Tiger Brigade.

“Shit, Hanzi, that’s too handsome!”

Xiong Zi and the others came over and looked at Ye Han with a shocked face, admiring and worshipping, Zhou Yun’er had already seen Ye Han’s skill, so she was no longer surprised, as long as she had Ye Han around, she knew that she was safe no matter where she was.

Li Min looked at Zhou Yun’er and said; “Yun’er, how did you get your hands on this superb man? This body is incredibly powerful, if he wasn’t your man, I’d snatch him up.”

“Fuck you, if you want a man, I’ll introduce you to one that’s guaranteed to be not much weaker than him, do you want one?” Zhou Yun’er gave Li Min a blank look, a proud look flashed across her heart, then said this.

“Forget it, handsome and capable of fighting, I don’t think there’s anyone other than this one of your family.” Li Min shook her head.

“Who the hell are you guys?” Qiao San looked at his men who were lying on the ground, he looked at Ye Han with an ugly face.

“Does it matter to you who we are?” Ye Han picked up a chair from the ground and sat down, his gaze was cold as he looked at Qiao San, this man who dared to lay a deadly hand on his woman, he would not let him live through the night.

Under the gaze of Ye Han’s cold gaze, Qiao San suddenly felt a terrifying pressure descend on him, as if the owner of that gaze was not a human being at all, but an incomparably terrifying beast, with hands that could definitely tear him in half, in Ye Han’s body, Qiao San felt an aura that was even more terrifying than facing Liu Scar, an aura that in just a few seconds made Qiao San feel like he couldn’t breathe. This kind of aura, in just a few seconds, made Qiao San feel like he couldn’t breathe, and the wet sweat had already drenched all of Qiao San’s clothes.

At this moment, Qiao San regretted why he had not investigated before making his move. If this group of people were even more powerful than Liu Scar, then he would be dead tonight.

However, under the pressure of Ye Han’s aura, Qiao San’s tense face suddenly relaxed when a series of wheels scraped outside, at this moment, it should be Liu Scar arriving, as the leader of Nanning underground, let Liu Scar face this young man, his son was beaten half dead by this group of people, he was notorious for protecting his shortcomings, he would definitely not let this group of people go.

The group of men were not like the group of security guards just now, but were ruthless characters who had experienced bloody killings, each of them carrying a murderous aura, especially the scar-faced man walking at the front, with the strongest murderous aura, the cold glint in his eyes gave people a cold and poisonous snake-like look. This was a ruthless and ruthless character.

Fortune Chapter 414

Ye Han's gaze was calmly sizing up the scar-faced man who walked in, this man, should have some status in the underground world of Nanning, the group of people following around him were more powerful than the average special forces soldier.

"Who beat up my son?"

The scar-faced man walked in with his men in a swaggering manner, his grim gaze directly fixed on Ye Han and the others, his murderous intent showing in his grim gaze.

"Master Knife, you've come at last, they were the ones who beat up Young Liu, I've left the men behind for you, I'll leave them to you to deal with next."

Upon seeing the scar-faced man arrive, Qiao San immediately ran over and said with a fawning face.

"If something happened to my son here with you, it was your poor protection, therefore, you have to die too!" What Qiao San had never expected was that the scar-faced man would want to kill him, and as he was shocked and angry, Master Knife's hand had already squeezed his neck in a deadly grip, as if it was a vise, and no matter how much he struggled he could not break free of Master Knife's big hand.

Master Knife squeezed the struggling Qiao San with one hand, his gaze was cold as he looked at Ye Han and the others, and then, only a click was heard as Qiao San's neck was crushed off by him.

This scene immediately made Li Min and Xiong Zi, who had never really killed anyone, a little uncomfortable and their faces turned a little white, on the contrary, Zhou Yun'er behaved much better than them, after all, she had personally seen Ye Han kill someone.

"Give me a reason not to kill you, otherwise, you will die even worse than he did!" Master Knife looked at Ye Han, who was sitting quietly in his chair, and casually threw away Qiao San's corpse, then, a murderous spirit instantly fell on Ye Han's body, and around him, the people who had followed Master Knife here were already taking out their cold and shiny weapons, as soon as Master Knife gave the order, they would rush over and chop the group of young men into pieces.

Threatening me?

Ye Han looked at Master Blade and smiled coldly as he said; "I'm in a bad mood today, so I advise you to take back what you just said, with this number of people you brought with you, it would be easier for me to kill them than a dog, including you, do you believe me?"

"Bastard, Master Blade, let me go and kill him!" After hearing Ye Han's words, the group of men behind Master Blade all tightened their grip on the weapons in their hands, eager to run over and chop Ye Han into pieces right away.

"Young man, I don't care who you are, no one in Nanning has dared to threaten me, today you will pay the price for your actions, no one in Nanning can disobey me, Blade Master." A seeping murderous look flashed across Master Knife's eyes; "Chop them up for me and throw them into the dog pound to be fed to the dogs."

Immediately after hearing Master Knife's words, several men gave a fierce laugh towards Ye Han, then they pounced towards Ye Han as if they were hungry tigers pouncing on him, the mountain-opening knives in their hands fiercely slashed down towards Ye Han's face, as if they wanted to split him in half,

that cold blade fell, Ye Han sat motionless, that indifferent look made Xiong Zi and the others sweat for him.

But just as those few swords were about to fall on Ye Han, I saw Ye Han's fists landing on the bodies of these men as fast as lightning.

They were all dead!

Seeing this, Master Sword's men were shocked in their hearts, this man was so powerful, in a flash, he had killed four men with a single strike.

Master Sword's face also shook, his grim gaze fell on Ye Han's body, his face was hideous, the scar on his face looked even more sharply eerie and terrifying, as if it was a poisonous snake swimming around.

"So it's a practitioner, good, Master Blade I haven't done it for a long time, today I'll let you taste Master Blade's death by a thousand cuts." Master Dagger slowly pulled out a half meter long scimitar from the back, the blade had barbs on it, if touched by this kind of weapon, a piece of flesh would definitely be lost, Master Dagger was also a practitioner and practiced a very poisonous knife technique called the death of a thousand knives, the name sounded very scary.

The name was very scary to hear. Ye Han stood up, he looked at the knife master and said; "In a word of advice, don't play with the knife in front of me, be careful not to lose your old life. It's best to stop here, just teaching your son who doesn't know how to behave, not killing him is already merciful, to say the least, you should thank me."

"You don't know how to behave? Today I want to see who is unaware of the high ground." Master Sword laughed wildly, a very poisonous glint flashed across his face and said; "Even if you are a dragon that has crossed the river, when you come to my territory, you will have to lie down honestly for me."

As he said that, Master Sword's body moved, holding his scimitar like an angry tiger, he slashed down towards Ye Han with a cold light and strength like a bull, facing Master Sword's slash, Ye Han's expression was cold, since this Master Sword was determined to seek death, how could he not make it happen.

Ye Han did not say anything, his right palm suddenly surged with a fierce heat, hot as fire, then a terrifying temperature immediately emanated from Ye Han's body, making his surroundings extremely hot, this heat wave swept out and spread in all directions, causing Xiong Zi and Li Min, who were standing next to Ye Han, to back away in panic, in their eyes, Ye Han at this moment seemed to be in their eyes, Ye Han was like a blazing sun, not to be approached or looked at directly.

The Chi You divine Compulsion's original fire was released, and flames emerged from above Ye Han's palms, and then he looked up at Master Dagger who had already slashed down with a slash, and the coldness on his face intensified.

"You are honoured to be the first person to see this kind of power of mine, remember, the person who killed you is called Ye Han."

Said Ye Han, Ye Han's right hand directly greeted him, holding the sword in Master Blade's hand with that flickering blaze, the next instant, the temperature in the air became even warmer, the sword Master Blade slashed down was melted by this terrifying flame.

“Ye Han, ah don’t!”

The knife master’s heart was terrified, after hearing the name Ye Han he knew he was finished, in addition to feeling that terrifying flame, directly made him lose his fighting spirit and wanted to flee, however, Ye Han had the intention to experiment with the power of the Chi You divine Compulsion’s Intrinsic Fire, how would he let him flee, in an instant, in the case of Ye Han once again urged the Chi You divine Compulsion’s Intrinsic Fire.

Xiong!

A blazing flame ignited from Master Blade’s body, and under the horrified gaze of the surrounding crowd, Master Blade had already become a man of fire, a harsh and miserable scream came out from his mouth, hearing such a sound made the sweat hairs of people’s whole body set up, and their eyes looked at this unbelievable scene in horror.

In less than five seconds, Master Sword’s body was reduced to ashes, and under the extermination of the Chi You divine Compulsion’s original fire, nothing was left of him, as if in this world, there was no such person as him.

Fortune Chapter 415

Inside the Grandview Hotel, all eyes looked at this scene with great shock, and Master Sword’s men were now completely cowed, their fierce aura had turned into a wave of fear and trembling, their legs were weak as they retreated towards the outside of the hotel, they really did not have the courage to face that demon god-like youth.

Even Master Sword had died, how could they be Ye Han’s match?

After killing the Blade Master, Ye Han did not bother about these pawns, his original intention was not to kill the Blade Master, after all, this was South China, the territory of the Heavenly Dignity Society, this Blade Master was the leader of the underground in Nanning, he was a member of the Heavenly Dignity Society, killing the Blade Master would definitely attract the attention of the Heavenly Dignity Society.

But this Master Sword was pressing hard, so he couldn’t be killed without it!

Of course, since he had killed it, Ye Han would not regret it, so what if South China was the territory of the Heavenly Respect Society? With his current strength, even if Huo Tianzun was out of the gate, he would still dare to compete, if Huo Tianzun was not out of the gate, there was no one in the Heavenly Dignity Society who could stop him at all.

“Ye Han, will it be alright?” Watching a big living person disappear right in front of her, Zhou Yun’er still felt some fear, that scene just now was like a science fiction movie.

“Don’t worry, it’s fine.” Ye Han shook his head, there would be people to deal with matters in the underground world, and Master Blade’s people on the Nanning side wouldn’t dare to spread the word.

Xiong Zi also said; “Sister Yun’er, don’t worry, these people are not good people in the first place, if Han Zi doesn’t kill them, they will kill us, if there is really trouble, isn’t there still our military district? We can testify when the time comes.”

“Yun’er, don’t worry too much, this man of your family is not some brainless reckless man, if he dares to do it, he’s not afraid of the consequences.” Li Min walked over and patted Zhou Yun’er’s shoulder and said.

Afterwards, the group left the Jun Yue Hotel and drove the jeep to the military district, it was now after eleven o’clock at night, Ye Han sat on the passenger side, smoking a cigarette and blowing a cold breeze to clear his mind, after killing Master Blade tonight, only after this evening, the Heavenly Dignity Society should know that he had come to South China.

And after that, the Black Widow would inevitably come to Guangnan Province from Dongguang, or, the experts of the Heavenly Dignity Society would come to Nanning and land him completely in this part of South China.

“It seems that we will have to fight alone again!” Looking at the dark night sky in the mountains, the corner of Ye Han’s mouth hung with a bloodthirsty smile, right now, the Heavenly Dragon Guards and Sun Buwei and others were all in Central China, if anything happened in South China, he could only solve it himself, the forces in Central China could not be moved, he had to monitor the Murong family and prevent them from making any moves.

If the Murong family really wanted to make a move, it would be much more difficult to deal with than the Heavenly Dignity Society.

After returning to the military district, no one mentioned what had happened at the Jun Yue Hotel, there was no need to let the family know about these matters for the time being.

Just as Ye Han had thought, at midnight that day, the Black Widow knew that Ye Han had arrived in South China.

In the East Canton Province, the headquarters of the Heavenly Dignity Society, the Black Widow looked at a photo in her hand, her face was flooded with a chilling smile, looking at the handsome, and not unfamiliar face on the photo, the Black Widow’s luxuriant fingers directly ravaged the photo into a ball, the person on that photo was naturally Ye Han, and it was him who was secretly photographed by Master Dagger’s men when he killed Master Dagger at the Jun Yue Hotel, now that Master Dagger had been killed, Nanning Now that Master Dagger had been killed and Nanning was left without a leader, Master Dagger’s men naturally had to ask the Heavenly Dignity Society for help, and incidentally, the photo of Ye Han, Master Dagger’s killer, was also passed to the Heavenly Dignity Society headquarters.

“Madam, since he has sought his own death and come to our territory, we will make him whole.” The only remaining Fourth Heavenly King inside the Heavenly Dignity Society said with a murderous look on his face; “Should we ask the people over in Guangnan Province to take control of him first?”

“What can that group of trash accomplish? If this little beast was that easy to kill, would our Heavenly King have lost so much at his hands?” The Black Widow said with a silent expression; “I originally thought that this little beast was still in Central China, but I didn’t expect him to run to South China, to deal with him, to put him to death in South China, you have to use extraordinary means to do so, this time, I will make sure that he has no return.”

“I don’t know what is Madam’s brilliant plan?” The Fourth Heavenly King asked.

The Black Widow said; “First, you go and find out what exactly is the reason for his visit to South China? I need to know everything about him in South China before I can arrange a plan.”

“Yes, Madam, I’ll have someone check it out.”

“By the way, is Daoist Ci Mei still guarding the Heavenly King in seclusion?”

The Fourth Heavenly King responded; “Cimei Vajra has been guarding Heavenly Dignity outside the secret chamber recently, and it looks like the time for Heavenly Dignity to come out of seclusion is fast approaching.”

“I hope that Heavenly Dignity will come out of seclusion soon, so that we don’t have to bother so much in dealing with that little beast!”

Suddenly, just after the Black Widow finished these words, a wild laughter-like sound was transmitted at the Heavenly Dignity Association headquarters, resounding throughout the night sky and reverberating for a long time, and after hearing such a commotion, everyone at the Heavenly Dignity Association headquarters was startled.

“This is Heavenly Dignity coming out of the gate!”

The Black Widow heard this familiar maniacal laughter, a domineering and magnificent man came to her mind, that Huo Tianzun who had been running through South China back then had finally come out of seclusion, this surprised the Black Widow and at the same time made her feel that the burden on her shoulders was much lighter, Huo Tianzun had come out of seclusion this time, then, the Heavenly Dignity Society would definitely usher in an even more exciting heyday, no one could stop that domineering and magnificent man.

“Congratulations to Heavenly Dignity on his departure!”

In the next moment, at the headquarters of the Heavenly Dignity Society, a figure half-kneeled to the ground and looked at the man who appeared on one of the roofs with an adoring face, that man was the spiritual leader of the Heavenly Dignity Society, the strongest person that the Heavenly Dignity Society worshipped the most, his status in the Heavenly Dignity Society was the same as Ye Han’s status in the hearts of the Heavenly Dragon Guards.

On top of the roof, the man who appeared overbearing had swept past in a flash of black light from one position to the other, and behind him was Cimmerian Vajra.

Finally, the man who appeared overbearing landed in the middle of a courtyard, and inside this courtyard, the Black Widow and the Fourth Heavenly King were already waiting for Huo Tianzun to descend.

“Greetings, Heavenly Sovereign!”

Looking at the appearing Huo Tianzun, the Fourth Heavenly King incomparably revered and half-kneeled on the ground.

“Old Fourth, excuse yourself.”

Huo Tianzun strolled through the air, displaying his overwhelming strength as he slowly landed in front of Black Widow's body, stroking her beautiful face with his hand and said; "Su You, I've worked hard for you during this time of my seclusion, Cimei has already spoken to me about what happened this year, this time out, no one can stop me, whoever stands in my way will die."

The Black Widow, whose original name was Wang Suyu, looked at the man in front of her, who carried an unparalleled domineering and killing aura in his eyes, and her whole being seemed to be captivated by his eyes, and said; "Heavenly Father, I will do anything for you willingly, even if I am not allowed to reincarnate as a result, I have no regrets, but you have come out of seclusion at the right time, because there is someone, who you must kill personally."

Hearing the Black Widow's murderous words, Huo Tianzun's eyes gradually narrowed, no matter who the woman who dared to mess with his Huo Tianzun was, he would make the other party pay the price.

Fortune Chapter 416

"It seems that after a year of seclusion, it is time for that sword in my hand to be stained with blood, originally I thought it would be Jiang Yutang."

Huo Tianzun smiled faintly, his eyes overbearing as he then walked straight inside the council hall of the Heavenly Dignity Society's headquarters; "Go in and talk, I'll see who dares to provoke me at this time."

The news of Huo Tianzun's departure from the gate, however, had not yet come out from inside the Heavenly Dignity Association, so the entire South China underground world did not know that this dominant figure had left the gate, what happened in Nanning had already spread in Guangnan Province, at present, several leaders of the underground world in Guangnan Province were looking cautiously towards Nanning, what exactly was the intention of that now famous master who came to South China at this time? Could it be that he still wants to make a move against the Heavenly Dignity Society?

These thoughts lingered in the minds of several leading figures in Guangnan Province. It seemed that Ye Han was already moving in this direction, and after coming to South China, he had killed Master Blade of Nanning, scaring several leading figures in Guangnan Province into not daring to make a move, fearing that Ye Han's next target would come to them.

In fact, it was because they were overthinking. Ye Han had come to South China simply to meet his future father-in-law and acknowledge his relatives, where did he want to deal with the Heavenly Dignity Society, things had not yet been resolved in Central China, Ye Han did not have that kind of ability to fight on two fronts.

Killing Master Knife, that was entirely because of his son, Liu Zhiwen, which made Ye Han be forced to kill Master Knife.

Of course, although he was alone in South China, Ye Han would not be afraid of the Heavenly Dignity Society, so in the past few days, Ye Han played and drank what he could in Nanning, and had a lot of fun with Xiongzi and the others, basically shopping around all the fun places in Nanning.

When they came out of the shopping mall, Xiongzi and the others were loaded with big bags of things, which were naturally bought by the two women, Zhou Yun'er and Li Min, but of course, it was Ye Han who paid the bill, and Xiongzi and the others were responsible for carrying the things.

“Let’s go, Yun’er, to the next battlefield.”

After walking out of the mall, Li Min waved her hand and started to continue to kill the next battlefield, seeing this, Xiong Zi and the others instantly felt a little weak in both legs, today they had followed Zhou Yun’er and Li Min for seven to eight hours of continuous shopping, and only took a break during lunch, despite their good physical strength, they were all a little too much to bear at this moment.

“Miner, why don’t we come back tomorrow?” Dongzi said with a bitter face.

Li Min gave them a look and said; “Look at you guys, what’s the point? People Ye Han didn’t even cry out of tiredness, are you still men or not?”

Hearing this, Xiongzi and his men’s faces darkened, shit, Ye Han was following behind your asses with empty hands and was being slaughtered by you guys as a tycoon, of course he wouldn’t be tired, a few of them had been walking for seven or eight hours with thirty or so pounds on their shoulders!

“Miner, why don’t we leave it at that for today, I see that Xiongzi and the others are quite tired.” Looking at the bitter faces of Xiongzi and the others, Zhou Yun’er said with some heartfelt discomfort.

At those words, Li Min originally wanted to say something else, but was interrupted by Ye Han; “I think that’s all we can do for today, some people don’t seem to let us shop in peace and quiet.”

As he spoke, Ye Han looked towards a small alleyway in the street, where a Daoist wearing a Daoist robe had appeared, this old man was very amiable looking, with an immortal style, giving people a sense of closeness, but Ye Han did not think that this Daoist was really amiable, in his body Ye Han felt a terrifying power that was internalized to the extreme, in South China, apart from Huo Tianzun, the only person who could have this kind of power was the two One of the Great Vajra, Ci Mei Vajra.

Under Ye Han’s gaze, Ci Mei Vajra walked straight towards Ye Han, not caring about the strange gazes he attracted because of his outfit.

“Daoist Cimei.” Ye Han looked at the Daoist standing in front of him looking peaceful and kind, his eyes calm as he said.

“Hehe, Duke Ye has a good eye.” Daoist Cimei smiled lightly at Ye Han, even if Ye Han was his enemy, his eyes did not show half a bit of hostility, and said; “Duke Ye is so cheerful, he can still be so disposed and calm when he arrived in South China, Cimei admires him, I wonder if Duke Ye has time now? My madam has an invitation.”

At these words, Ye Han laughed; “I thought the Black Widow had forgotten about me, Ye, but it turns out that she still remembers me all the time, it’s really rare!”

“In that case, does Lord Ye agree to go and see my madam?” Daoist Ci Mei asked with a smile.

“Sorry, no time, if the Black Widow is too lonely and misses me alone, she can ask him to come find me himself.” Ye Han smiled faintly and said this way, but his words were the cause of a blank stare from Zhou Yun’er, if it wasn’t for the fact that other people were also present, she would have grabbed Ye Han’s ears and done a 360 degree spin.

“Hehe, I’m only afraid that it’s up to Duke Ye not to agree.” Daoist Ci Mei likewise smiled faintly, hearing these words, Ye Han suddenly felt the aura of several more martial artists around him, his gaze looked

towards the surroundings, in the crowd, there were at least four or five people watching Ye Han, their gazes were indifferent, among them, the person leading the group was the Fourth Heavenly King.

“Ci Mei, you’re threatening me!” Ye Han’s eyes narrowed, emitting a danger signal, Xiong Zi and the others also felt that something was not right, their eyes looked closely at this strangely dressed old man, anyone who could strike up a conversation with Ye Han, a fierce man, was definitely a raw master in their eyes as well.

Daoist Ci Mei said; “Ye Gongzi, why might you want to walk with the old Dao for a while now? If you really don’t want to, the old Dao can only resort to this, perhaps, facing the old Dao, you have a chance to retreat, but, this group of your friends will only be in a bad way.”

“Old man, don’t bluff at your age, believe it or not I can dry you up with one punch?” Seeing that Daoist Cimei had threatened several people on his side, Dongzi immediately said with an unhappy expression on his face.

Daoist Ci Mei was not angry either as he laughed; “Young man, wait until I am almost in the ground before you say that, not now.”

After saying that, Daoist Ci Mei looked at Ye Han again and said; “Mr. Ye, I wonder how you have considered it? Old Daoist I am a believer in Buddhism and actually don’t like to kill people.”

Ye Han laughed, if this Daoist Cimei believed in Buddhism and did not kill people, then there were no good people in this world, this person in front of him looked kind, but he was a real killer who did not blink.

“Good, since the black widow has invited me so ‘sincerely’, if I don’t go, wouldn’t it be too cold for the beauty.” Ye Han looked around, although with his strength he could take out Ci Mei or even the Fourth Heavenly King and the others, however there was absolutely no way he could do that in an instant, and then in case these people made a move on Zhou Yun’er and the others, it would be a problem, so he had to go to this appointment.

“Hehe, Duke Ye is truly an extraordinary person, everyone, please.” Daoist Ci Mei made a gesture of invitation to Ye Han.

“Wait, it’s enough for me to go alone, let them go.” Seeing that Daoist Ci Mei was actually going to bring all of them over, how could Ye Han agree to that?

When Daoist Ci Mei heard this, he frowned.

Seeing this, Ye Han laughed; “Ci Mei, I advise you- don’t force me, otherwise, you won’t go back to see the Black Widow alive today, don’t think I’m joking, killing you Ci Mei is actually not difficult, I dare to say this, even in front of Huo Tianzun.”

Huo Tianzun!

Hearing Ye Han’s words, Xiong Zi and his men’s faces changed, in Southern China, as long as one was somewhat capable, there was no one who didn’t know about Huo Tianzun, the overlord figure!

Fortune Chapter 417

The three words Huo Tianzun caused Xiong Zi's face to change, in South China, they had naturally heard of the name Huo Tianzun, that was the hegemon of the underground world in South China, a super powerful and terrifying figure.

Xiong Zi and the others did not expect that the Daoist they had found was related to Huo Tianzun, now things were a bit troubling, who dared to confront Huo Tianzun in the South China region? Even if Ye Han was a fierce man with a formidable body, but if he went to collide with Huo Tianzun, he was only afraid that he would not be able to get an advantage.

"Good, I believe that the king of the underground world in Eastern China is definitely not a person who is not true to his word, please do so, Lord Ye." After a moment of silence from Daoist Ci Mei, he said indifferently.

Ye Han said to Zhou Yun'er and the others; "Yun'er, you guys go back inside the military area first, remember, before I come back, you can't run around, just wait for me to come back in the military area in peace and quiet, got it?"

When Zhou Yun'er heard this, there was a strong look of worry in her eyes, but having experienced hardships with Ye Han, she knew that at certain times she could not hold Ye Han back, let alone be petty, she nodded and said; "Ye Han, then you take care of yourself, I will wait for you in the military area, if you don't come back, I will ask my father to send troops to destroy them."

After saying this, Zhou Yun'er indifferently glanced at Daoist Ci Mei before pulling Li Min and walking away.

"Hanzi, do you really not need us to accompany you?" Xiong Zi said with the same worried look on their faces.

"No need, don't worry, I haven't taught you the Form of Yi Fist yet, you won't die so soon." Ye Han smiled, waved his hand at Xiong Zi and the others, and followed Daoist Ci Mei.

Following behind Daoist Cimei, Ye Han thought in his mind whether he should take the opportunity to finish off Daoist Cimei, after all, Daoist Cimei was the number one expert under Huo Tianzun, but this thought was finally dismissed by Ye Han, although with his strength he could finish off Daoist Cimei now, but after finishing off Daoist Cimei, he would not be able to know where the Black Widow was.

If he wanted to finish off Cimei, he had to meet the Black Widow first, and then he would take the opportunity to get rid of the group all together, so that only Huo Tianzun would be left as the bare commander of the Heavenly Dignity Society.

"Duke Ye, there is a killing aura on your body." Up ahead, Daoist Cimei held a duster in his hand and suddenly said this.

"Naturally, after killing you Cimei, the Heavenly Dignity Society will not be far from its demise." Ye Han said indifferently.

"Hehe, Duke Ye is so ambitious." Daoist Ci Mei smiled lightly, and after the two of them had walked for almost half an hour, Daoist Ci Mei led Ye Han to an ordinary bungalow, and once he entered it, Ye Han saw that Black Widow was currently standing by the side pouring tea for a man whose eyes were filled with a lookout-like aura, and it was obvious that he was not the main character here.

Moreover, apart from the Black Widow and the man with the domineering eyes, the Fourth Heavenly King and some experts from the Heavenly Dignity Society were also standing quietly around the courtyard.

Seeing this, Ye Han laughed lightly and said; "Widow, there's no need to use such a big formation if you want me to, one phone call over, even if it's a mountain of swords and fire, I'll definitely go forward to spend the night with you."

Hearing Ye Han's frivolous words, a complete coldness flashed across the Black Widow's face and said; "Little brute, keep your mouth clean."

"Isn't it?" Ye Han smiled indifferently.

At that moment, only to see the man with domineering eyes look up, he looked at Ye Han and said with a playful smile; "Daring to molest my woman in front of me, young man, although I've only met you for the first time, but I have to admire your courage."

"I wonder who Your Excellency is?" Ye Han narrowed his eyes and sat down opposite the man, this man gave him a dangerous feeling, an expert, and a very powerful one at that, only more powerful than him.

"Could it be that you still can't guess who I am?" Huo Tianzun smiled faintly and lifted his teacup to gesture for Ye Han to drink his tea.

"Huo Tianzun" Ye Han's hand that picked up the teacup suddenly paused, then he drank the tea in the cup in one go, after putting down the cup, his gaze was calmly sizing up the man, for Huo Tianzun's name, when Ye Han had not yet entered the underground world, he had already heard of it from Fire Phoenix's mouth, it was an overlord who was revered as the South China Heavenly Father.

It was only the first time they met, and Ye Han had not expected that it would be under such an occasion between him and Huo Tianzun.

Huo Tianzun's eyes were still playfully measuring Ye Han as he said; "Courageous, aren't you afraid that I will poison this tea?"

Ye Han said; "If you, Huo Tianzun, wanted to kill me, you shouldn't be able to use such underhanded means as poisoning, right?"

"That's a good point." Huo Tianzun nodded, his gaze looked straight at Ye Han and said, "I heard that in just less than a year, you have dominated the underground world in Eastern China, killed three of my Heavenly Dignity Society's Heavenly Kings and a large King Kong expert in succession, and finally even destroyed the Blood Hand Hall and killed Jiang Yutang, the kingpin. Compared to you, Jiang Yutang and I are far worse. However, being an enemy of my Huo Tianzun never ends well, do you think you should pay the price for this?"

As he spoke, a faint killing intent landed on Ye Han's body from Huo Tianzun's body, enveloping him, Ye Han felt this seemingly bland but actually terrifying killing intent, he laughed lightly; "Huo Tianzun, this kind of lineup today is indeed powerful enough, Ci Mei Vajra, the Fourth Heavenly King, plus a terrifyingly powerful you, I'm afraid even you yourself wouldn't dare to face these experts and say that you can retreat in one piece. If you want to kill me, just try your hand and see if you can leave me behind."

“Courageous.” Huo Tianzun suddenly changed his bland look from earlier, his eyes became incomparably domineering as he said; “It seems that you dare to come to the appointment today, you have the strength to back you up, so today I, Huo Tianzun, will come to meet you, a rising star, Su You, Ci Mei, Lao Si, you all go out, no one can come in and interfere until there is a result.”

Hearing these words from Huo Tianzun, Black Widow, Ci Mei Vajra and Fourth Heavenly King all silently withdrew from the courtyard, Huo Tianzun alone was enough to clean up Ye Han, they didn’t need to intervene at all, after today, there would be no more Ye Han in Huaxia.

Inside the courtyard, Ye Han and Huo Tianzun sat facing each other, one was the old overlord of Southern China, the other was the new young overlord of Eastern China, both of them were that excellent, with outstanding skills, facing Huo Tianzun alone, Ye Han’s fist slowly clenched up, one on one, he really wanted to compete with this overlord of Southern China, to see how powerful the South China Tianzun, who everyone feared, really was?

Fortune Chapter 418

Huo Tianzun slowly put down the cup of tea in his hand, his gaze was calm as he gazed at the new king of the underground world of East China, the young man who dared to go against the Tianzun Society and killed many of his experts in succession, today, he was bound to wipe him out.

The young Ye Han could give him such a feeling, if a few more years passed, would he still be able to suppress Ye Han?

Inside the courtyard, the whole atmosphere became very delicate, as if a bomb was being released gradually, as soon as the fuse was lit, a shocking explosion would erupt.

After the two of them watched calmly for a moment, almost at the same time, Ye Han and Huo Tianzun struck out at each other at the same time, both of their fists blasted towards each other, as fast as lightning, two banging sounds vibrated from their bodies, at this moment, both Huo Tianzun and Ye Han were hit by each other’s fist.

Both Huo Tianzun and Ye Han grunted at the same time, but the next moment, they both struck out at each other again, both of them as fast as lightning, and in an instant, they had already clashed more than ten strokes, their fists clashing and blossoming into an endless aura.

Outside the room, the Black Widow and the others could hear the sound of physical clashes that exploded to the extreme, like explosive thunder.

Under this extreme exchange of blows, Huo Tianzun’s domineering eyes slowly became calm and steady, killing strokes coming out in an endless stream, the terrifying killing power enveloping heaven and earth, at this moment, only experts who had just broken through to the Little Rendu realm would be chilled beyond belief when they entered this terrifying aura.

Ye Han and Huo Tianzun stood up at the same time, their fists and feet blasting towards each other like terrifying weapons. Although Huo Tianzun did not get any benefit either, Ye Han was still no match for Huo Tianzun in terms of attack intensity.

However, Huo Tianzun’s quiet eyes were bursting with brilliant light, and if one looked closely at Ye Han’s eyes, one would find that there was a deep look of shock and astonishment in them, because at

this moment, after Huo Tianzun had come out of seclusion, he was already an expert of the middle Rendu realm, the same realm as Hatakongzhi. There are not many such experts to be found among casual practitioners.

However, with such strength, Huo Tianzun was unable to take Ye Han within a short period of time, so one could imagine how shocked Huo Tianzun was under his calm mask.

“Ye Han, your strength has probably reached the peak of the Little Ren Du realm, such talent is the only one I have seen in Huo Tianzun’s life, it seems that I really can’t take you without using real power!”

Looking at that excessively young face, a bloodthirsty smile flashed across Huo Tianzun’s face, and in the next moment, only a terrifying weapon appeared in Huo Tianzun’s hand.

The Hegemonic Weapon Yellow Spring!

This was a famous divine weapon, an existence on par with the Dragon Scale Dagger in Ye Han’s hand.

Facing Huo Tianzun who had offered his weapon, Ye Han naturally did not dare to hide, and the Dragon Scale Dagger appeared in his hand at the first moment, slashing at the Overbearing Armament Yellow Spring that Huo Tianzun swung over.

Ding!

The ear-piercing sound of metal clashing seemed to shatter his eardrums, dazzling sparks shot out in all directions, and after the clash, Ye Han felt his arm go numb, causing the Dragon Scale Dagger in his hand to be dislodged.

Poof!

A mouthful of blood shot out from Ye Han’s mouth, under the strike of Huo Tianzun’s terrifyingly domineering sabre technique, Ye Han vomited blood for the first time since the two of them had fought, his entire body was forced backwards, his palms scraping two terrifying marks on the ground in the courtyard.

Huo Tianzun stood with his sword in his hand, his domineering eyes gazing at Ye Han, this young expert made his eyes both admiring and murderous, Ye Han, could not be kept, if he had not broken through to the middle Rendu realm after a year of seclusion, then he would never have been Ye Han’s opponent today.

“Formidable, worthy of being the Heavenly Father of South China!”

Ye Han reached out to wipe off the blood above the corner of his mouth as he slowly raised his head, his calm eyes gradually becoming as cold and indifferent as a sharp edge, a matchless aura was also released continuously from his body at this time.

“Ye Han, today, you must die!” Huo Tianzun’s eyes were cold and indifferent as he strolled out, an intimidating cold light flickering above the hegemonic soldier Yellow Spring, like a demon soldier that wanted to drink blood, cold, terrifying and powerful.

The corners of Ye Han’s mouth cracked, those bloodied teeth in conjunction with that smile gave a demonic feeling, only to see Ye Han slowly put the Dragon Scale Dagger away, the next moment, a

burning heat erupted from his body, that situation, as if his body had turned into a furnace at the moment, was gradually releasing its temperature.

After sensing this scene, Huo Tianzun's eyes flashed with surprise, Ye Han, did he still have some powerful means?

Just as Huo Tianzun thought, against him, if Ye Han did not use the Chi You divine Compulsion's natal fire, he would not be able to defeat Huo Tianzun today, this was his last card, and also his most powerful card, whether he could leave alive today would depend on how much damage the Chi You divine Compulsion's natal fire would inflict on Huo Tianzun.

Gradually, above Ye Han's hands, blood-red demonic flames spread out, two flames flickered in his palms, and just that aura alone gave people a heart-stopping feeling.

"Huo Tianzun, do you dare to take one of my moves and try?" Ye Han's gaze looked over towards Huo Tianzun, his eyes blazing with battle intent.

"Fulfil you." Huo Tianzun stepped forward, his face cold, and then, the Hegemonic Armament Yellow Spring in his hand slashed horizontally towards Ye Han in a flash, turning into a stunning blade mane, as terrifying as if it was going to open up the heavens. Ye Han likewise stepped forward towards Huo Tianzun, and in the face of this terrifying slash from Huo Tianzun, Ye Han's next move directly caused even Huo Tianzun's heart to be stunned.

Only to see that, as the stunning blade mane cut down, Ye Han's hands came out in unison, and his two hands with terrifying flames actually clamped Huo Tianzun's Hegemon Yellow Spring to death. Although clamping Huo Tianzun's Hegemon Yellow Spring, Ye Han spat out blood from his mouth, but the terrifying flames above his palms also spread to Huo Tianzun's body at that moment.

Fortune Chapter 419

Snort!

When the Intrinsic Fire above Ye Han's palm spread to Huo Tianzun's hand, a terrifying scorching damage immediately spread above his palm, the flames blazing, breaking the surface with a point, Huo Tianzun's palm had a fleshy scent emanating from the air.

Seeing this scene and feeling the terrifying damage, Huo Tianzun withdrew his Hegemon Yellow Spring and frantically retreated, releasing the true qi in his body, and it took him several seconds to extinguish the demonic flames on his palms. It was impossible to recover from such injuries in the short term.

Looking at his own hands, Huo Tianzun's face was extremely hard to see, and the murderous intent in his eyes was overwhelming towards Ye Han, gloomy and terrifying.

That kind of flame just now, fortunately the place it hurt was his palm, if it was anywhere else, or if a large area was surrounded by this kind of flame touch, then even with his strong strength he would be seriously injured, or even in danger of death.

"Huo Tianzun, how about this move of mine?" Above Ye Han's two hands, terrifying flames flickered as he looked at Huo Tianzun who withdrew with a gloomy face and said; "Huo Tianzun, today, you can't

keep me, even if you add in Cimei outside, you're still not sure, if you really want to be bent on keeping me here, then, is that price you're sure you can afford?"

"Ye Han, I've really underestimated you." Huo Tianzun's palms trembled as he looked at Ye Han with a gloomy face and said.

"So, do you still want to continue to keep me around now?" Ye Han said.

At those words, Huo Tianzun's face fell silent, his palm tightly gripping the Hegemonic Soldier Yellow Spring, and he just didn't speak.

Seeing this, Ye Han continued; "In that case, then I will take my leave, Heavenly Venerable, we will meet again later."

"Wait."

Seeing that Ye Han was about to leave like this, Huo Tianzun's cold voice came through, causing Ye Han to turn around and look at him, saying; "Heavenly Venerable, is there still something else?"

Huo Tianzun said coldly; "Ye Han, today I will let you off for now, but next time, you won't have such good luck."

"It seems that I have to thank Heavenly Venerable for his high hand." Ye Han smiled lightly as he turned and walked out of the courtyard, outside the courtyard, when the Black Widow, Ci Mei and the Fourth Heavenly King saw Ye Han come out, their faces instantly became incomparably surprised and shocked, Ye Han, how could he have walked out of there alive?

"Stand still." The Fourth Heavenly King and Daoist Ci Mei both stood in front of Ye Han at the same time, their eyes gazing at him indifferently, although they did not know what had happened inside, they absolutely could not let Ye Han leave here alive today, coming to Nanning, they had come to kill Ye Han, how could they just let Ye Han leave so easily.

"Let him go." Inside the courtyard, Huo Tianzun's low voice came out.

Hearing these words, the Fourth Heavenly King and Daoist Ci Mei both reluctantly moved out of the way to let Ye Han leave.

Ye Han looked at the equally furious Black Widow with a grin and said; "Widow, next time you miss me, there is no need to make it so grand, get a room at the hotel and I will naturally come to keep you company."

After saying that, Ye Han left with an evil smile on his face, behind him were three pairs of eyes containing killing intent watching his back.

"Heavenly Father, why did you let him go? Today is the best opportunity to kill him." The three Black Widows walked inside the courtyard and looked at Huo Tianzun, who had his back to them, and the Black Widows' faces were quite unpleasant. However, Ci Mei, who had a careful observation ability, spotted Huo Tianzun's charred palm at that moment, a burn of such magnitude that you could see the bones.

"Tianzun, could it be that the boy" Daoist Ci Mei's face had a look of shock on it.

Huo Tianzun nodded and said; “This kid is very powerful, Ci Mei, you are no match for him, moreover, in his body, there is something that I scorn, otherwise, do you think I would really let him go so easily? A fish death is no good to me, nor to him, and to kill him, we will have to find another opportunity.”

Hearing these words from Huo Tianzun, the shock on Daoist Ci Mei’s face intensified, he was actually not Ye Han’s opponent? Why didn’t he feel that aura in Ye Han’s body that was even stronger than his anymore?

If Ye Han was even stronger than him, then wouldn’t that mean that Ye Han’s realm had already reached the peak of Little Ren Du, not yet twenty years old at the peak of Little Ren Du, Daoist Ci Mei couldn’t help but tighten his grip on the duster in his hand with a murderous look on his face, that young man was too terrifying and had progressed so fast, only a while ago it was rumoured that he had opened up the Governor’s Vein and advanced to the level of a Little Ren Du expert.

But how long had passed since then, and Ye Han had bounced up to the peak of Little Ren Du, this situation was nothing short of a miracle!

“This is the end of the matter, go back to headquarters, I want to get to know this Ye Han again, he is not as simple as you guys seem to understand, in his body, there must be secrets that outsiders do not know.” Huo Tianzun said with a sullen face.

.....

The reason why he pretended to be fine was because he didn’t want Huo Tianzun to see what was going on, if Huo Tianzun knew he was dying, he wouldn’t let him leave today. If he knew that he was dying, he would not let him leave today.

Of course, if the net was to be broken, Huo Tianzun would not necessarily be able to win against Ye Han who was at full blast, but that kind of result, whether it was Ye Han or Huo Tianzun, they did not want to see, and neither of them would benefit from a loss.

“Huo Tianzun, what a formidable enemy!” Ye Han took a deep puff of his cigarette, his eyes looked somewhat grave, if he wanted to kill Huo Tianzun, with his strength at the moment, unless the Dragon Spring Sword was in his hand and he fully exploded the Chi You Divine Compulsion’s original fire, he would have a certain chance of finishing off Huo Tianzun.

The difference between a Middle Governor and the peak of a Small Governor may seem to be only one step, but the combat power between the two cannot be compared. A Middle Governor expert can kill a person at the peak of a Small Governor within ten moves, and for Ye Han to fight and injure Huo Tianzun and still leave is actually an act against the heavens.

If word of their battle spread, the entire ancient martial arts world would be shaken by it. Of course, apart from the few people present today, no one was destined to know that in that inconspicuous courtyard, the overlord of the South China Underworld and the new king of the East China Underworld had already exchanged blows.

Fortune Chapter 420

On the way to the military area, Ye Han was already walking as if nothing had happened. Just now, in a forest, he had already taken care of his injuries, and when he arrived at the entrance of the military

area, Ye Han found a delicate figure waiting for him at the heavily guarded gate, with a pair of beautiful eyes frequently looking at the main road leading to the military area.

However, after seeing that the man who had made her tug at her heart appeared unharmed, Zhou Yun'er's face blossomed into a charming smile, and the worried look on her pretty face disappeared without a trace, then she trotted over and hugged that sturdy body, tightly not letting go.

"Well, I'm fine, aren't I? Someone is watching." Ye Han covered Zhou Yun'er's small face with both hands and then kissed her on the forehead.

Seeing the eyes of the soldiers guarding the entrance peeking at the place, Zhou Yun'er said with a slightly red face; "Next time, don't do that again, it makes people worry to death, if something happens to you, what should we who are following you do?"

Ye Han's finger scraped the tip of Zhou Yun'er's nose and said; "Don't worry, your husband's life is hard, he specializes in restraining those demons and monsters."

"Look at you getting cocky." Zhou Yun'er gave Ye Han a white glance, then said; "Ye Han, since we are in South China, I want to go to Nanhai Province for a walk, we have never been out alone before, this is the perfect opportunity, moreover, Liu's Jewellery is in Nanhai Province, since we are here this time, we should talk to Liu's Jewellery and see if we can acquire them, as long as we acquire Liu's Jewellery, then if we acquire Liu's Jewellery, then we will be the number one jewellery company in the South."

Ye Han nodded and said with a smile; "Okay, why not tomorrow, I will accompany you to see the scenery of the South China Sea, this time as a honeymoon for us as a couple."

"Good for you, who's a couple with you, my dad hasn't officially agreed yet."

"Hehehe, that's only a matter of time, my future old man can't get me off this hurdle." Ye Han grinned.

The two then entered inside the military district hand in hand, and when they returned home, Xu Huiru was busy inside the kitchen, and Zhou Qiguo was also sitting inside the living room looking at a newspaper, sometimes frowning, sometimes angry.

"Dad."

"Well, you're back, your mother is cooking, it will be ready in a moment." Zhou Qiguo raised his head and looked at the two of them, Zhou Yun'er said to Ye Han; "I'll go and help mum cook, you and dad sit for a while."

Ye Han nodded and then sat down opposite Zhou Qiguo again.

"Look at this newspaper, what do you think?" Zhou Qiguo handed the newspaper in his hand to Ye Han.

Ye Han took a look at the newspaper, it was a military newspaper, there was a report on it that the small island country was eyeing an island in the country's sea and was fighting for the sovereignty of a certain territory, Ye Han said after reading it; "It seems that lowly nation is very restless, trying to make something happen in the international arena, but looking at the implicit meaning on it, behind their back that western world Our country wants to deter this group of people who are harbouring evil intentions, so if we don't do something to open their eyes, they will really think that they are afraid of them."

“It’s not that simple.” Zhou Qiguo said; “Although that small island is rich in resources, and the small island country has tried to make trouble not only once but twice, but this time they are aggressive and have no intention of backing down, and the supporters behind them are also very tough, I’m afraid it’s not just a fight for sovereignty, there must be other premeditations behind this, maybe this matter is also related to your security bureau.”

“Related to the Security Bureau?” Ye Han looked surprised after hearing this, how did this matter get involved with the Security Bureau?

Zhou Qiguo said; “As far as I know, the people from your Security Bureau have been making a lot of trouble internationally recently, it seems that they have driven certain ambitious guys to anger and want to give us some pain in our territory.”

Ye Han asked; “What’s the commotion on our side now?”

“It’s a political war and a war to show military power, after a while the country will have a drill in the sea, they won’t know how sharp the claws and teeth of the dragon are until they sharpen their swords and take a look.” Zhou Qiguo’s face was cold as he said.

Ye Han sat across from Zhou Qiguo in silence, the words of this incident and the Security Bureau, it reminded Ye Han of Fire Phoenix, this woman had been out on a mission for months and had not been seen back, moreover, for this mission, the Security Bureau had sent out several groups, it was clear how important this mission was to the country, to the Security Bureau.

“I am ready to leave Nanning tomorrow.”

Upon hearing this, Zhou Qiguo nodded and said; “A man should focus on his career and protect the country for the people, let’s have a few more drinks tonight, I hope that next time you come you can address me instead.”

Ye Han smiled; “That’s natural.”

After spending another night in the military district, early the next morning, Ye Han and Zhou Yun’er took a flight to Nanhai Province, which was one of the famous tourist regions in China, with unique scenery and pleasant climate, and the scenery of Sanya in Nanhai was even known as the Hawaii of the East, ranking at the top of the four top tier cities in China, ‘Sanwei Hangxia’, every day There are countless tourists who go here for holiday travel.

After arriving in Nanhai Province, Ye Han and Zhou Yun’er did not rush to go to Liu’s Jewellery, the scenery in Nanhai was pleasant, it was a pity that they did not go for a stroll here. islands with good scenery, and the beaches all left their footprints on the two of them.

“Ye Han, do you think it would be great if we put everything aside and spend every day together like this?” On top of the beach lounge, Zhou Yun’er was wearing a conservative swimming outfit, wearing sunglasses and stretching her back, enjoying this rare opportunity to relax.

Ye Han wore a pair of beach trousers, naked with a perfect body that could definitely compare most ambitious animals, said; “Yun’er, this will not take long, give me a few years, when I have the ability to gain a foothold in this world, I will accompany you every day like now, accompany you to grow old

together, accompany you to see this tide rise and fall, accompany you to see this picturesque rivers and mountains!”

This animal’s words, directly moved Zhou Yun’er a mess, ran over from the recliner to lie in Ye Han’s arms, that pungent look as if eating intoxicating honey bar, love words, at all times for women, is a deadly poison, so they can not resist, but Ye Han’s love words for Zhou Yun’er is opium, let her addicted, sinking into it can not be extricated.

Ye Han wrapped his arm around Zhou Yun’er and looked at the coastline in front of the beach, his thoughts wandered, when would he be able to accompany her like this? A few years, can everything really settle down?

In Ye Han’s quiet distant look, suddenly, a familiar figure entered Ye Han’s line of sight, seeing this person, Ye Han all just remembered the scene at the beginning.
