

Fortune 491

Fortune Chapter 491

When he heard Ye Han's words, a smile pulled out of Sha Kun's face and he said; "Mr. Ye, I have been following Tado for more than ten years, and I naturally have my own team in the dark.

At these words, Ye Han looked at Sha Kun with some surprise, this guy seemed to be quite ambitious, he even dared to train his own people under the nose of General Tado, it seemed that he had been salivating over the position of General Tado for a long time.

He not only slept with his master's women when he followed him, but also thought about how to get what belonged to his master all day long, so naturally Ye Han would not really cooperate with him.

After settling General Tado, this villain should report to Yellow Springs, keeping him would only be detrimental to even Kunsang in the Golden Triangle in the future.

If General Tado could not give them a satisfactory answer after one day, they were afraid that General Tado would be in big trouble. The two of them had travelled all the way to the Golden Triangle and had not gained anything, so naturally they would not go back so easily, and General Tado must give them a satisfactory explanation on this matter.

However, Ye Han knew that with the tactics of this old fox, Tado, even without the God Plate fragment, he would definitely think of other ways to save his own life, even if he had to pay a huge price for this he would not hesitate.

"General Tado, a day has passed, I wonder if you have found that piece?"

At this moment, in the middle of General Tado's residence, both Jin Wu Xu and Xelt were looking at General Tado who looked extremely unnatural with an indifferent face. Hearing this, General Tado's face was quite ugly, originally he wanted to make a fortune with that item, but by now he had not only made nothing, but also offended Xelt and Jin Wu Xu as a result, if these two really wanted to make a move against him, they could definitely destroy him.

"Both of you, I really haven't found that item, and I'm sorry for this matter."

Hearing these words from General Tado, Jin Wu Xu's face became even colder and said; "It seems that General Tado is deliberately playing a trick on us, exterminating you with these words could it be that you really think that we are joking?"

"General Tado, to use a Chinese saying; you are digging your own grave."

The two killing machines were locked dead on General Tado, a terrifying pressure spread through the air, making even Machete look as if he was on the brink of an enemy, his face was very grave.

Sensing the killing intent in Jin Wu Xu and Xelt's hearts towards themselves, General Tado gritted his teeth and said; "Both of you, for this matter, this general can compensate you, I wonder what you think?"

"Compensation, I don't know what you want to compensate our loss with, General Tado?" Jin Wu Xu looked at General Tado with a cold smile on his face and said.

“Five hundred million US dollars.” General Tado let out a deep breath and said; “But I have one condition, that is you must help me destroy Ye Han, as long as he is in the Golden Triangle, this general cannot even sleep peacefully.”

“Five hundred million dollars!”

Hearing these words from General Tado, Jin Wuxu and Xelt fell silent, the silence meant that they were moved, General Tado continued; “Both of you, although you didn’t get that item, but when you think about it from the perspective of personal interest, you actually don’t lose.”

“Good, since General Tado is so sincere, then I will leave this matter alone, Shelter, your opinion now?” After Jin Wu Xu spoke to General Tado, he looked at Shelter and asked, the two of them belonged to different countries, they were originally rivals for the sake of the divine disc fragment, now that the divine disc fragment was gone, it was time to think about their own interests, not for the sake of the country, five hundred million dollars, after the equal division none of them could still get two point five hundred million dollars, this was a considerable amount of wealth, their ten years of allowance inside their respective departments This is a lot of money, and their allowances in their respective departments for more than ten years are not that much.

The old Maoist and the stick countries are also rivals in international politics and often have some spats and skirmishes, but at the moment, these two rival countries seem to be coming together because of their interests.

As expected, in the face of Jin Wu Xu’s gaze, Xelt’s eyes flickered, then smiled; “There is an old Chinese saying; it is called people die for money, birds die for food, since General Tado is so sincere I naturally accept, but I want to see the money first.”

“No problem, I can make the transfer to the two of you right now.” General Tado smiled lightly, although it cost him half a billion dollars he was in pain, but at the moment he had no other choice but to make Jin Wu Xu and Xelt not hold a grudge against him because of the matter of the divine disc fragment with a significant benefit.

Of course, General Tado still thought of lending others’ hands to help him finish off Ye Han, because he had already gotten the news that Ye Han’s power hidden in the shadows had surfaced, and in one battle, he had exterminated Yamamoto Wuxu and the Second Righteous Son, making the ghost servant flee without a fight. Faced with such great power possessed by Ye Han, General Tado naturally could not sleep at night even more, and was thinking of exterminating Ye Han every moment.

After General Tado’s side had discussed the matter, Ye Han’s side had likewise received the news, which was delivered by Sha Kun’s people. Right now, Old Maozi and the experts of the Stick Kingdom were united to strike at him, which was a very tricky matter for Ye Han.

The strength of the Old Maozi and the Bangzi Kingdom this time to the Golden Triangle could not be underestimated, with Ye Han’s side there was no way to fight one against two, there was a bit of a disparity in strength, once the war started, Ye Han’s situation would become very dangerous, moreover, right now, Silly Ben followed Shadowless to the other three major warlords’ quarters and was not at all by Ye Han’s side, this left Ye Han with only twelve Heavenly Dragon Guards besides himself.

“It seems that we can only fight with our backs to the wall!”

Ye Han sighed, his eyes became somewhat grave, this tricky situation was likewise beyond Ye Han's expectation, the Old Maozi and the Stick Nation experts were coming together, right now, he could only face the battle head on to get through this.

"Hanzi, do you want me to go and call Silly Ben back?" Kunsang stood beside Ye Han, his face was also very grave.

Ye Han shook his head and said; "I'm afraid it's already too late, this matter is beyond my control, both Jin Wu Xu and Xelt are very powerful, at least more powerful than Yamamoto Wufu, the two of them join forces, I can only do my best to fight, I hope the Heavenly Dragon Guard won't let me down and can hold off Old Maozi and the other experts of the Stick Kingdom."

Fortune Chapter 492

Jin Wuxu and Xelt came quickly, after getting the five hundred million dollars from General Tado, the two of them came directly towards Ye Han, and, just like that, they pushed open the gate and swaggered in with a group of experts, without consulting Ye Han, the master, at all.

Inside the courtyard, the twelve Heavenly Dragon Guards were already standing brazenly, their eyes fiercely staring at them, their terrifying fierce aura spreading unchecked through the courtyard, their fists clenched.

"No wonder Tado is so afraid of him, it turns out that he has such a powerful force on his hands."

Jin Wuxu's eyes were cold as he looked at the twelve Heavenly Dragon Guards, a stern aura on his face, if the people on his side alone were to deal with Ye Han, he was afraid that he would not really have much chance of winning.

Sheilt was smiling at the side, his eyes narrowed so that people did not know what he was thinking.

The experts of the Old Maozi and the Stick Nation had spread out in the courtyard by now, their bodies were also releasing a terrifying aura, the way the experts of the Stick Nation cultivated was somewhat similar to the meditation in Buddhism, enhancing their power through meditation, while the Old Maozi were different, they were a group of powerful genetic warriors, fusing human and animal genes, the stronger the animal genes they bore, the more powerful they were.

"You two, etiquette is very important in our Chinese country, isn't it a bit out of order for you to barge into my home uninvited like this?"

At this time, Ye Han slowly walked out from inside the house, his eyes indifferent as he looked at both Jin Wu Xu and Xelt.

Upon hearing this, Jin Wuxu said coldly; "Is it necessary to be polite to come and kill you? After today, there will be no more of you in this world, if you want to talk about manners, go to hell and talk to the King of Hell."

"It seems that the two of you have become General Tado's lackeys." Ye coldly laughed; "You can kill me if you want to, just see if that price is affordable for you."

"Cut the crap." Jin Wuxu snorted coldly and said; "Xelt, do it, kill him so that you can leave this hellhole earlier."

Xelt nodded indifferently, and then, Jin Wuxu slowly unbuttoned his suit, and after a loud shout, his entire body burst towards Ye Han like a terrifying hurricane, his fist glowing with a faint golden light above it, full of power.

Shelter was a genetic warrior, and the power he possessed was even more overbearing, and the two fierce flavours enveloped Ye Han in an instant.

On the other side, there was no need to go to order, the twelve Heavenly Dragon Guards had already engaged with the Old Maozi and the experts from the Stick Nation, the terrifying sound of battle clashes resembling dull thunder resounding out inside the courtyard.

Facing the two experts, Ye Han's eyes were grave as the Dragon Scale Dagger in his hand turned into a dazzling silver aura, cutting through the sky and fiercely slashing towards Jin Wuxu. As the Dragon Scale Dagger slashed at Jin Wu Xu, the Chi You Divine Compulsion's native fire attacked at Xelt under Ye Han's control.

Ding, ding, ding, ding!

The Dragon Scale Dagger and Jin Wu Xu's fist collided, surprisingly a burst of ear-piercing sounds of gold and iron erupted, the golden light on Jin Wu Xu's hand was a powerful Qi Gang, extremely strong in defense and attack, after this brief exchange of blows in a split second, Ye Han was forced back a few steps, on the other side, Xelt retreated after seeing Ye Han release the Chi You God Compulsion's Intrinsic Fire, standing with narrowed eyes, without any movement.

"What a powerful attack!"

Feeling the power of Ye Han's attack, Jin Wuxu's heart also flashed a look of shock, with his power he was ranked among the top ten experts in the Stick Kingdom, yet the power possessed by this young man in front of him was already close to matching his.

"Shelter, don't delay, you and I will join forces and kill him."

Jin Wuxu shouted angrily, his palms stamped on the ground fiercely, and he appeared in front of Ye Han like a bolt of lightning, his golden fist was infinitely powerful, wrapped in terrifying might, and blasted at Ye Han's Dragon Scale Dagger. Half of the courtyard was destroyed by this battle between them.

However, at this moment, Xelt has not yet made a move, the battle Jin Wu Xu alone, Ye Han's pressure is much less, and Jin Wu Xu fierce collision, Chi You divine compulsion of the native fire was also summoned by Ye Han, non-stop attack against Jin Wu Xu, in the dragon scale dagger and Chi You divine compulsion of the native fire of these two ferocious weapons attack, although Jin Wu Xu is more powerful than Ye Han, a moment home can not pose a threat to Ye Han.

Of course, if Xelt once joined in, Ye Han would have little advantage, he could only fight for his life, so while he was fighting with Jin Wu Xu, Ye Han was also always on guard against Xelt, this old hairy man was as powerful as Jin Wu Xu.

"Damn it, Xelt, what are you waiting for?" After exchanging dozens of moves with Ye Han, he still could not take him down, which made Jin Wu Xu's heart furious.

"Hehe, naturally, my humble self is waiting for an opportunity."

After hearing these words from Jin Wu Xu, Xelt smiled lightly, and then, a blazing light flashed among his eyes, his arms grew violently large, like the arms of an ape man, bursting his pricey clothes, a fierce wind gathered, a human shadow like lightning, Xelt struck, his terrifying arms breaking through the air, as if tearing through the air, emitting a snorting and scraping sound.

Ye Han's eyes were grave, and he frantically retreated after clashing with Jin Wu Xu, now that Xelt, the old Maoist, had made a real move, Ye Han naturally had to be more careful and cautious.

Weng!

A terrifying and frightening fist blasted out, wrapped in endless crazy power. Seeing Xelt strike, Jin Wu Xu sneered and followed Xelt's side to kill Ye Han.

However, at this moment, a strange change occurred.

The terrifying punch was so terrifying that Jin Wuxu, who was defenceless against Xelt, was blown away on the spot, and blood shot out from Jin Wuxu's mouth as the dull and incomparable force landed on him.

This lightning-like scene made Ye Han a little dumbfounded, how could this old hairy man, Xelt, suddenly turn against Jin Wuxu?

"Bastard, Xelt, are you crazy?"

Having taken this punch from Shelter hard, Jin Wuxu's lungs were about to explode with anger.

"Mr. Kim, given the relationship between our two countries, do you think I would join forces with the real you?" Xelt sneered, promising General Tado to deal with Ye Han, in fact he was waiting for this opportunity, if he could take this chance to destroy these people brought by Jin Wuxu, there would be one less group of experts on the stick country side.

As for Ye Han, a Chinese, Old Maozi and China are allies, and in the absence of a dispute over interests, naturally they cannot turn their guns on their allies, and if they cannot turn their guns on their allies, they can only turn them on Jin Wu Xu, a man from a rival country.

Fortune Chapter 493

Hearing this from Xelt, Jin Wu Xu's face was ironic, a horrible murderous look rolling in his eyes, he had actually been set upon by Xelt.

At this time, the old Maozi experts who were originally fighting with the Heavenly Dragon Guards also suddenly turned against them and began to attack the experts of the Stick Nation, the enemy turned against the enemy, the Heavenly Dragon Guards were naturally happy to see this, both sides had a tacit understanding and began to attack the Stick Nation experts.

"Shelter, you bastard!"

Jin Wuxu's face turned green with anger, the situation at hand was completely unfavourable to him, he should have known that he would not have agreed to General Tado to deal with Ye Han, and now he had actually set himself up.

“Hmph, there is no need to talk about credit to you guys at all.” Shelter sneered as he looked at Ye Han and said; “Mr. Ye, now we are allies.”

Upon hearing this, Ye Han laughed; “That’s right, since we are allies, we should naturally fight the enemy together.”

Saying that, Ye Han strolled away and surrounded Jin Wu Xu with both Xelt left and right.

“Damn it!”

Jin Wuxu’s face looked ugly, these two people were united, he was in a bad luck today, but at this time, Ye Han had already made his move, swept towards Jin Wuxu’s position as fast as lightning, the Dragon Scale Dagger in his hand transformed into a burst of terrifying silver aura, covering the sky towards Jin Wuxu, Xelt did not stay idle either, the fist full of great power was like a beast, ferocious and terrifying!

Under the combined attack of the two, Jin Wu Xu was completely beaten and could not even fight back, Sheilt and Jin Wu Xu’s power was equal, and now with Ye Han, a difficult character whose power was not much weaker than his, Jin Wu Xu had no hope of victory.

In the courtyard, while Jin Wu Xu was being beaten by Ye Han and Xie Te, the Heavenly Dragon Guard and the Old Maoist experts had already killed three or four experts from the Stick Kingdom, and the scene had been turned upside down compared to earlier.

Boom!

Terrifying power poured out on Jin Wu Xu’s body, causing him to vomit blood repeatedly.

Snort!

Ye Han’s Dragon Scale Dagger multiplied his attacks, and a silver aura similarly left marks on Jin Wu Xu’s body.

At this moment, Jin Wuxu was completely overwhelmed by Ye Han and Xie Te, and under the two of them attacking in such a frenzied manner, wave after wave, Jin Wuxu’s heart was horrified and at the same time, he also thought of escaping, but since Ye Han and Xie Te had already joined forces, they naturally would not let Jin Wuxu have the chance to escape.

Soon, only Jin Wuxu was left on the side of the Stick Nation, and all the Stick Nation experts he had brought with him were exterminated by the Heavenly Dragon Guards and Old Maoist experts, leaving no one left.

“Mr. Kim, it’s time to finish.”

At this time, Xelt said indifferently, his beast-like body suddenly appeared behind Jin Wu Xu and threw a punch that hit him squarely, sending his body flying backwards like a kite with a broken string.

Seeing this opportunity, Ye Han appeared beside Jin Wu Xu in a flash, the Dragon Scale Dagger turned into a silver light and cut across his neck, after landing on the ground with a bang, Jin Wu Xu, a top 10 ranked expert of the Stick Kingdom, was no longer alive.

This battle, this ending, was completely beyond Ye Han's expectations, originally he thought that today would be a bitter battle, but he didn't know that it would be resolved so easily.

Of course, this was also thanks to the sudden revolt of this old Maoist, Xelt, otherwise, today Ye Han would have faced a battle of life and death.

Ye Han looked over towards Shelter, the two of them looked at each other and casually shook hands with each other, Ye Han smiled; "Mr. Shelter, happy cooperation!"

"Oh, happy cooperation!" Shelter had a smile on his face, not at all like the villain who had suddenly turned against him just now, instead he looked like a gentleman with grace and elegance.

After finishing Jin Wu Xu, Xelt took a group of Old Maoist experts and left, his main objective was to exterminate Jin Wu Xu, since it was already done, naturally there was no need to stay on, what was left for Ye Han and General Tado to do was not his business.

After seeing Shelter, the old Maoist, leave, the Heavenly Dragon Guards began to clean up the battlefield, Kunsang also walked out from inside the house and said to Ye Han; "Hanzi, that group of old Maoists just now turned against us too promptly, otherwise, we would be facing a bitter battle today, this group of old Maoists, are actually quite cute."

"Don't bother discussing them, Brother Kunsang, help me contact Shakun, I'm going to chop off General Tado's head tonight." Ye Han said with a terrifying cold intent radiating from his eyes, for General Tado, he had to be gotten rid of tonight, otherwise next time, there was no telling what other underhanded tricks this dark fellow would come up with to deal with him.

The first thing you need to do to deal with General Tado is to get rid of the heavy weapons he possesses.

.....

Night soon came, darkness covered the land and the night sky was dark all around, but the mansion belonging to General Tado was brightly lit.

"Machete, is everything ready?" Inside General Tado's mansion, he asked with a sinister face, the plan to get Old Mao and Stick to kill Ye Han had failed, and General Tado knew that next, Ye Han would come to kill him.

"General, in addition to the military strength of a battalion around the mansion, the heavy weapons over at the barracks are also aimed at this place, as long as Ye Han dares to come, he can definitely be blown to pieces, moreover, dozens of assassins under my hand are also ambushed around, they can definitely ensure your safety, General."

Hearing these words from Machete, General Tado's gloomy face was going to look much better, if Ye Han wanted to kill him, he would also kill Ye Han, having set up such a powerful formation, then he would see who killed who in the end?

At this time, outside General Tado's residence, Ye Han had already appeared with the Heavenly Dragon Guards, looking at the residence which was even more heavily guarded than usual, Ye coldly smiled, and then waved his hand, immediately, twelve Heavenly Dragon Guards burst towards the inside of General Tado's residence like killers in the darkness of the night.

“There are enemies, fire

Seeing the appearance of the Heavenly Dragon Guards, a tongue of fire erupted from the surroundings of General Tado’s residence, as dense as rain, all of them were enveloped towards the twelve Heavenly Dragon Guards, but ordinary thermal weapons naturally had no threat to the Heavenly Dragon Guards who were already at the Little Rendu realm, unless they were the heavy weapons that General Tado had, but at this moment, General Tado’s heavy weapons were completely unresponsive, completely dumbed down, the ammunition stuffed in The ammunition stuffed into them could not be fired at all.

In a matter of moments, twelve Dragon Guards appeared in the crowd at the residence and went on a killing spree, killing at close quarters.

In a matter of minutes, hundreds of lives were lost. Faced with the ferocious Heavenly Dragon Guards, these soldiers, even those who had been baptized by war, were only to be slaughtered.

Gradually, Ye Han appeared at the gate with his Dragon Scale Dagger in his hand and Kunsang, looking at the chaos of the massacre, Ye coldly smiled, and then his body was like the wind, like a black light swept towards General Tado’s hall. A river of blood flowed as corpses lay on the ground.

Fortune Chapter 494

When Ye Han killed all the way to General Tado’s hall, behind him, there were already corpses lying all over the ground, blood, like small streams of water slowly flowing on the ground, which was shocking to see.

After seeing Ye Han’s methods, he, who had stepped on corpses step by step from the bottom to the top, felt his heart was in turmoil, that kind of cold-heartedness that treats human lives like grass, too cold-blooded!

Would he still be able to live tonight?

Slowly, as Ye Han stepped one foot into the hall, a group of cold-eyed assassins appeared, all of them belonged to the Machete assassin organisation, there were more than fifty of them in total.

“Machete, destroy from today!”

Ye Han had no more words, he had already rushed into the group of killers, the Dragon Scale Dagger was mercilessly harvesting lives, the Machete might be the most powerful force under General Tado, but to Ye Han at this moment, the Machete was simply not enough, in a single glance, Ye Han’s merciless knife swung out, a human figure flew backwards and fell to the ground without a breath.

In two minutes’ time, all the fifty assassins had turned into cold corpses and were lying in front of General Tado, the smell of blood was so thick that it made people want to vomit.

When General Tado saw this, his heart was in turmoil, even his body was trembling, he hadn’t been able to go and destroy Ye Han, but now, Ye Han was definitely capable of destroying him.

“If you want to kill the general, you have to pass me first.”

Looking at Ye Han, who was standing among the corpses, Machete slowly walked out and pulled out a short knife pinned to his back waist, his eyes coldly gazing at Ye Han.

Ye Han said; "Machete, last time in Shanghai City it was your luck that you only broke an arm and were not finished off, but tonight, your head will be chopped off by me."

"Then you can give it a try." Machete said indifferently.

Ye coldly laughed as his blood-soaked feet walked towards Machete one step at a time, leaving a blood-red footprint in a series underneath him with each step he took. Machete slowly moved his steps away, holding his sword in one hand and looking at Ye Han very calmly.

At that moment, their bodies moved at the same time, colliding fiercely like two black lights. After the clash of weapons sounded, a spark erupted in the middle of the two, the clash of metal, the non-stop movement of their bodies, the kind of speed that transcended the limits, dazzling people's eyes.

However, Machete was ultimately no match for Ye Han, and after ten moves, his head was successfully chopped off by the Dragon Scale Dagger in Ye Han's hand.

Machete might be loyal to the Lord, but Ye Han would not show him mercy, those who should be killed, must be killed without mercy.

As he watched even Machete fall to the ground, General Tado closed his eyes somewhat helplessly and leaned back in his chair, Machete was his last hope, now that Machete was dead, next, it was his turn.

Ye Han took out a tissue and wiped the Dragon Scale Dagger, then slowly sat down in front of General Tado, and also took out a cigarette and lit it, taking a deep puff to lighten the pungent smell of blood in the air.

"This kind of ending, I wonder if you ever predicted it?" Ye Han looked at General Tado and said indifferently, outside, the sounds of battle were still going on, shouting and killing.

Kunsang was also walking in with a murderous look on his face at this moment, holding a blood-dripping Tang sword, standing behind Ye Han and looking at General Tado indifferently.

"It never occurred to me that I would fall at your hands after decades of straddling the Golden Triangle." General Tado opened his eyes and said indifferently.

Ye Han said; "You are a majestic master with a heart and talent, but unfortunately your heart is too big and too black, the feud between you and me if you can let go early, perhaps, tomorrow you will still be the General Tado of the Golden Triangle, but, there is no if, tonight is the end of your life."

At those words, General Tado's face twitched, to have climbed to such a high position, in fact, General Tado was not a person who was afraid of death, but he was unwilling and could not let go of what he had now.

"Ye Han, let me go and I can give you half of my family fortune."

Hearing this, Ye Han smiled as he said; "Although this is your request before you die, I'm sorry, I can't grant it to you, you are a vengeful person, if I let you go today, in other days, you will still make a comeback."

"No, if you let me go, I promise not to deal with you again." General Tado said with an expectant face.

Ye coldly laughed; "It seems you have forgotten what I said to you, your character is very cheap with me, for you, I have no trust to speak of."

At those words, General Tado trembled his lips and closed his eyes deeply once more, he knew that he was finished, completely finished!

"Brother Kunsang, give him a ride." Ye Han said, then, with a bloodthirsty smile, Kunsang walked behind General Tado, the Tang knife in his hand pierced through General Tado's neck and with a gentle swipe, this majestic master who had roamed the Golden Triangle for decades was dead!

"The bastard is finally dead!"

After killing General Tado, Kunsang exhaled a deep breath, the purpose of coming to the Golden Triangle was to kill him, although there were several twists and turns in between, they also experienced some dangers, but in a good way, they accomplished their ultimate goal, once General Tado was dead, the people outside naturally had no desire to fight, those who died, those who fled, the whole battle was soon over, the inside of General Tado's mansion turned into a smoky battlefield.

At this time, Shakun came in, and when he looked at General Tado, who was sitting in his chair, he laughed loudly and said indifferently; "Tado, you didn't think you would come to this day, did you? Now that you are dead, everything here belongs to me, Sha Kun, and I am the king in the Golden Triangle from now on, hahahahaha"

Ye Han and Kunsang looked at Sha Kun who was standing there laughing wildly, they both laughed coldly, Ye Han said; "Mr. Sha Kun, who told you that everything here belongs to you?"

Upon hearing that, Sha Kun stopped laughing as he looked at Ye Han and said; "Sorry Mr. Ye, I forgot that you brought this place down, but please don't worry Mr. Ye, after I take over everything in Tado, I will definitely thank Mr. Ye heavily and will definitely not forget your kindness Mr. Ye."

Ye Han was a bit speechless, this guy seemed to have not yet figured out the situation, would he give up this place he had fought for himself?

Ye Han was too lazy to bother with this villain like Sha Kun, he directly gave a wink to Kun Sang, then Kun Sang jumped up and slashed down from behind Sha Kun, leaving Sha Kun in joy, his life went to the Yellow Springs, he could not even imagine that Ye Han would kill him.

In Sha Kun's vision, after Ye Han had destroyed General Tado, he would definitely leave the Golden Triangle and would not stay here for a long time, and by then, everything of General Tado would be his, and he would further dominate the Golden Triangle after controlling everything that General Tado had.

However, Sha Kun was wrong, because Ye Han already had his eyes on the Golden Triangle, and he would not give it to anyone.

Fortune Chapter 495

The death of the Golden Triangle's dominant leader, Tado, overnight has sent shockwaves throughout the Golden Triangle.

Once Tado is dead, there will be no leader in this part of the Golden Triangle, and for a while, many people are foolishly hoping that they can become the next Tado, but these people are only thinking about it, they do not have the ability to do so.

The man who destroyed General Tado is still in the Golden Triangle, who dares to make a move at this time?

Last night's battle had turned General Tado's residence into a battlefield, but after the night had passed, apart from the traces on the ground and the walls, there was no trace of blood left, only the faint smell of blood in the air to let people know that a bloody battle had been fought here last night, and that all of General Tado's men had died, except for a few who had escaped.

In General Tado's hall, at this moment, laid out in front of Ye Han were General Tado's private collection, jadeite and jade, antiques and gold and other good things, all of which were carried up from General Tado's underground chamber, of which Ye Han took out part of it to send off those women of General Tado and left part of it as military material for Kunsang to use again in the Golden Triangle in the future.

"Take whatever you see for yourself." Seeing the Tian Long guards gaze at these gold jewels, Ye Han lightly laughed, for those who followed him born into death, he would not be petty, hearing this from Ye Han, the twelve Tian Long guards looked a little embarrassed to lay their hands on them, in fact these things were not very tempting to them, what they longed for was great strength, just seeing so many treasures for the first time, it was inevitable that they were a little hot.

"Brothers, if Han Zi asks you to take it, you can take it, he is not that kind of stingy person, if you don't take it, these things will be cheaper for outsiders later." Kunsang said with a smile from the side.

Hearing Kun Sang's words, the twelve Heavenly Dragon Guards however had a firm face, there was no longer that kind of fire in their eyes, in front of Young Ye, they could not be looked down upon, if they could not resist this temptation, how could they still follow Young Ye?

Seeing this, Ye Han secretly nodded his head, the actions of the Heavenly Dragon Guards made him very pleased, although he really didn't mind sharing these things with the Heavenly Dragon Guards, but if the Heavenly Dragon Guards really did take them, from another aspect it also reflected that they were not calm enough in heart and could not withstand temptation.

Just at this time, Shadowless and Silly Ben returned, the two of them came from outside, and behind them were followed by six leaders who were under the hands of the three warlords at the beginning.

Seeing this, Ye Han stood up and smiled at Shadowless; "How is it, everything is still going well, right?"

Shadowless laughed; "With this silly big guy as a fighter on the side, everything is still going well."

Hearing Shadowless' words, Silly Ben giggled and spared his head, although this matter of moving his head was not his strong point, but hands-on, there was no one in this part of the Golden Triangle who was his opponent.

Ye Han nodded, and then he looked at the six people brought back by Shadowless and said; "Everyone, my name is Ye Han, the reason why I gathered you today is because General Tado and the other three warlords are dead, the Golden Triangle cannot be left without a leader, and I happen to have a

candidate on my side, I wonder if you all are willing to follow him? If you are willing, you can take as many of these gold and silver treasures around me as you like.”

Hearing Ye Han’s words, the six men that Shadowless had brought back were somewhat moved, in this part of the Golden Triangle, what they were after besides status was money, and then beauty, these gold and silver treasures on the ground were only something they could not earn even if they struggled for a lifetime.

Powerful benefits are often the place that can move people the most, seeing the faces of these people, Ye Han continued; “You don’t need to doubt my words, you can take as much of these things as you want, as much as you can, provided that you obey this General Kunsang beside me.”

Saying that, Ye Han let Kunsang appear in the sight of those six people.

At that moment, only one person could be heard saying; “We live a life of licking blood at the Golden Triangle for money, since you can give us what we want, we will naturally obey.”

After saying this, this man was the first to make a move on those gold and silver treasures, and when the other five saw this, they didn’t bother and started to divide those things.

Ye Han said; “In that case, I also hope that you will do what you say, the Golden Triangle will only get better in the future, you want more money, better status and more beautiful women, then General Kunsang is the best person for you to follow.”

“If anyone takes what is here today but goes against what he has said, then what happens to General Tado is what happens to him, gentlemen, I say this and wonder if you can understand?”

“We understand, and we vow to follow General Kunsang to the death in the future.” The six nodded solemnly, for their first meeting, Ye Han had made such a generous offer, wouldn’t they be able to get even more by following him in the future, by following the right master and being as generous as well, they would not have to worry about their future, for a better life, they were naturally willing to offer their loyalty.

“Good, I will give you three days to go and integrate the power of your respective quarters, in three days, there will be only one king in the Golden Triangle, his name is Kunsang, go, in three days, I want to see the results.”

The six men nodded and left holding piles of gold and silver.

“Follow them, if anyone takes something from me but does something yang and submissive, kill them directly.” After those six people left, Ye Han said to the Heavenly Dragon Guards, this was a test for them by Ye Han, if these people could still return here after three days, it proved that these people could be used.

The Heavenly Dragon Guard nodded and quietly followed out.

“Hanzi, what should I do now?” Kunsang looked at Ye Han and asked, just like that he had become General Kunsang of the Golden Triangle, it gave him a dreamy feeling.

Ye Han smiled; “Brother Kunsang, you don’t have to do anything now, if these people come back in three days you just take over the power in their hands, you can see for yourself how to do it, after this

matter is taken care of, I will let Silly Ben stay with you over here for a while to deter some curmudgeons, there is another point you have to remember, this drug stuff cannot be sold to the country, if someone in the country comes over and sends them straight away, if it doesn't work, you're on your own."

Kun Sang nodded, as the successor of the Kun family, he was not an amateur in dealing with these matters, at certain times, it was necessary to use iron-blooded methods to calm some people down.

Three days passed in a flash.

Only five of the six people who left holding gold and silver treasures returned, one of them tried to escape the Golden Triangle and was killed by the Heavenly Dragon Guards.

"Very well, you have successfully passed my test, unfortunately there was one person who tried to escape with what I gave him, and now he has gone to keep company with General Tado." Ye Han looked at the five men with lingering looks on their faces and said; "Since you have made the right choice, I will not ask about what happens next, as long as you are dedicated to assisting General Kunsang, you will have no shortage of benefits in the future."

After saying this, Ye Han nodded at Kunsang, then Kunsang led this five men out, they came here with the men under their hands, now Kunsang was going to receive these men, disrupt their establishment and fuse them into one force.

I believe that at this time, the whole Golden Triangle knew that after the death of General Tado, a General Kunsang had re-emerged, and in future, he would be the real king of the Golden Triangle.

Fortune Chapter 497

The woman who came down from the building was Yan Zihan, this woman had actually run from Yanjing City to Shanghai City, and she had even run to his house, the two of them were facing each other with their four eyes, a scarlet colour vaguely appeared on Yan Zihan's face, in fact, she did not know why she came to Shanghai City to look for Ye Han.

It was just that after listening to Yan Qingmu's words, she had ghosted to Shanghai City and then mustered up the courage to come here again, only that Ye Han was not here when she came.

But coming over, Yan Zihan was not going to leave for the time being.

"If you like it, do it, don't give up even if there are mountains of sword and fire ahead, if you miss it, then you really miss it!" These words were said by Yan Qing Mu to Yan Zi Han, perhaps, it was after hearing these words from Yan Qing Mu that Yan Zi Han came to Shanghai City by a ghost.

"Back."

"Well, you're here."

The two of them asked and answered, and when they saw this, the people around them all looked at them with strange gazes, women's intuition was innate and accurate, so at this moment, Ye Qing, Zhao You You, and even Shadowless felt that Ye Han and Yan Zi Han's relationship was somewhat uncomplicated.

When Yan Zihan came here, she only said she was looking for Ye Han, and she came here as Ye Han's friend. Since she was Ye Han's friend, Ye Qing naturally had no reason to blow her out of the room, treating her as a guest, but after time, Ye Qing didn't really think so anymore. What exactly they talked about, Ye Qing and the girls did not know.

However, Zhou Yun'er's words, "Sister Ye Qing, let her stay until that bastard Ye Han comes back." These words made Ye Qing know that the relationship between the woman in front of her and Ye Han was not just that of friends.

"Little Han, Miss Yan, you both don't stand, let's sit down and talk about what's going on." Looking at the two of them, Ye Han and Yan Zihan, standing with their eyes facing each other without continuing to talk, Ye Qing had to speak up.

Subsequently, Ye Han and Yan Zihan sat down, they didn't need to talk about anything, their eyes could tell everything to each other.

"Hey, I can't see that you have an affair with Miss Yan too, humph, men are really none good." Shadowless spoke softly beside Ye Han, being in Yanjing City, Shadowless naturally knew Yan Zihan's identity, these words, caused Ye Han to roll his eyes, this didn't seem to have much to do with her, right? How come it made it seem like she was the one who was at a disadvantage.

"Sister, I'm a bit hungry." Seeing that the atmosphere was a bit awkward, Ye Han could only glance over to the kitchen.

At that, Ye Han lightly smiled and said; "Okay, you guys wait first, I'll go make you lunch, Yoyo, come over and give a hand."

"Oh, okay." Zhao Youyou stood up somewhat reluctantly, she originally wanted to see what Ye Han and Yan Zihan would say, but now she could only go to the kitchen to give a hand, it was now the time of noon.

"Zihan, what made you want to get up to Shanghai City?" After Ye Qing and the girls had left, Ye Han looked at Yan Zihan and asked.

Upon hearing this, Yan Zihan stroked her hair and looked at Ye Han and said; "Can't I revisit my hometown?"

This was said with some sorrow and some resentment in it, as they each understood the meaning of the words, and Ye Han's face was a little embarrassed, when he had gotten drunk inside that nightclub in Shanghai City and ended up taking Yan Zihan's first time in a confused manner.

"Hanzi, you guys talk, I'm going out for a smoke." Seeing this scene, Tang Da Shao found an excuse to slip out, and Wu Ying also stood up and said; "I'll go help in the kitchen, you guys take your time to chat."

Soon, only Ye Han and Yan Zihan were left inside the living room.

"Are you alright." Yan Zihan hesitated, but still opened her mouth first, when Ye Han was forced to kneel inside the Zhang family compound, in fact, this matter in her heart has been worried about Ye

Han, afraid of Ye Han from then on, only she had no way to contact Ye Han, can only put this worry in her heart.

Ye Han knew what Yan Zihan was referring to with these words, he shook his head and said; "It's just a small setback in life, anyone will encounter it, I'm no exception, do you still hate me?"

At these words, Yan Zihan's face flashed a gloomy look, no matter which woman's first time in that situation, and still taken away by a stranger whom she had known for less than half a day, would go to hate, Yan Zihan naturally hated Ye Han, if not, she would have forgiven him in Yanjing City at the beginning.

It was only that this hatred, unconsciously, had subconsciously turned into a liking, and perhaps, in the course of the subsequent thoughts and worries, the liking had turned into love, which had led to the two of them facing each other now.

"What's the point of hating? What's wrong with not hating?" Yan Zihan looked gloomy, she sighed and said; "Perhaps, like you said, the little setbacks in life, anyone will encounter them, and I am no exception, just that, when it comes to hating you, I might have stopped hating you when you left the Zhang family compound."

"Thanks." Ye Han said; "I meant what I said back at the Zhang family compound, in the future, you Yan Zihan is my woman, no one can change that."

Yan Zihan said indifferently; "I believe you in that now, but I didn't come to Shanghai City to ask you to promise anything, by the way, I have already met your woman, she is very good, at least, she is more generous than me and can tolerate other women around you."

"Yun'er." Ye Han's eyebrows lifted.

Yan Zihan glanced at him and said; "Didn't you already talk to her about what happened between us?"

Ye Han nodded, he had indeed told Zhou Yun'er about what happened between him and Yan Zihan, and had even told Zhou Yun'er about his relationship with Yan Lingjiao and Huang Nishang.

Yan Zihan said; "You were able to talk about me to her, so it seems that although you are not dedicated to your feelings, you are not a thin-skinned person either, for this level, you passed with me."

At that, Ye Han smiled; "So, what would it take to achieve a perfect score?"

"That will depend on your own performance in the future, if the score drops, I don't mind going to bring a green hat back for you." After saying that, Yan Zihan also got up and walked inside the kitchen, hearing this, directly made Ye Han have an urge to press Yan Zihan on the bed and toss her around.

The woman who belonged to him could only belong to him in this life, and in this regard, Ye Han was extremely possessive and could be said to be domineering.

Of course, Ye Han also knew that with Yan Zihan's arrogance, she would not let other men touch her body so easily, if so, Yan Zihan would not have remained a virgin at the age of 28.

However, when Yan Zihan came to Shanghai City this time, Ye Han obviously felt that she had changed a lot, not only did she not hate him, but she also had the intention of staying here with him permanently.

Fortune Chapter 498

“O silly woman! I owe you!”

Ye Han unknowingly smoked a cigarette, since Yan Zihan and Zhou Yun'er had already met, they should have already talked to each other, this, Ye Han was able to think of, thinking of the way that woman talked to Yan Zihan, I'm only afraid that she must have had a lot of pain and bitterness in her heart!

For Zhou Yun'er, Ye Han owed her a perfect relationship, for herself, that woman could tolerate other women around him, how many women could do that?

Of course, Ye Han knew even more, for the women around him, he didn't just owe Zhou Yun'er, Yan Lingjiao, Yan Zihan, Huang Nishang, all these women, he owed them all, in this life, Ye Han couldn't give a complete affection to the women who liked him, he could only make up for this by loving them more.

He could only make up for it by loving them more. No one could touch the women around him, and whoever did, would have to die.

While Ye Han was thinking about Zhou Yun'er inside his mind, Zhou Yun'er came and walked into the house together with Tang Da Shao, talking and laughing, but when she saw Ye Han sitting on the sofa, a touch of gnashing indignation also surfaced in her thoughtful eyes.

“Yun'er, come, hubby give you a hug.” Seeing this look on Zhou Yun'er, Ye Han immediately licked his face and pasted it over.

“Dead face, get lost, can't you see there are still people around?” Zhou Yun'er's face was red as she slapped away Ye Han's hand, and Big Brother Tang grinned beside her; “This, I can pretend I didn't see it.”

“Fatty Tang, gouge out this eye of yours and you'll be invisible.” Zhou Yun'er glared at Tang Da Shao.

Upon hearing this, Tang Da Shao's face darkened and said; “Sister Yun'er, brother is not fat now, even my family Mo Shu said that he praised me for looking like a Mr. Bodybuilding now, can you stop calling me fat.”

“Hmph, only that girl Moshu looks up to you, if I had known you were here, I should have called her over with me.” Zhou Yun'er hummed lightly and sat down, after Ye Qing saw Zhou Yun'er coming inside the kitchen, she greeted her directly; “Yun'er, you sit down for a while, talk to Han Zi, lunch will be ready soon.”

“Sister Ye Qing, let me help you.”

“No need, there are enough people here, you won't be able to fit in this small place if you come again.” Ye Qiao responded with a smile from inside the kitchen, and indeed it was true, inside the small kitchen of a few square meters, there were four big beauties, Ye Qiao, Zhao Youyou, Wu Ying and Yan Zihan, who were busy cooking at the moment.

Zhou Yun'er's gaze glanced over and immediately saw Shadowless, a new face, which caused her face to immediately collapse and she directly glared at Ye Han and said; “Come up here and tell me clearly.”

After saying that, Zhou Yun'er huffed and puffed and went upstairs, seeing this, Ye Han could only follow Zhou Yun'er in a faint amidst the gloating expression of Tang Da Shao.

The two of them went, that is three hours without seeing down the movement.

At this time, Ye Qing and the girls had already sat down their meal and had been waiting for Ye Han and the two of them for half an hour, and the scruffy old dao would appear as soon as it was time to eat, so at this moment he was also waiting for Ye Han and Zhou Yun'er.

"This little bastard, you think youth is capital, right? He doesn't know how to take care of his body." The scruffy old dao looked at this table of sumptuous meals, his gaze glanced at the stairway from time to time, it had been several times, but he just couldn't see Ye Han and Zhou Yun'er coming down.

"I say a few girls, one of you should go up and call out, we're waiting for the food to get cold like this."

Go and call Ye Han and Zhou Yun'er? No one here dared to do that. Ye Han and Zhou Yun'er had been upstairs for so long, and everyone knew what they were doing. Even Yan Zihan, who had a skin-to-skin relationship with Ye Han, didn't dare to go.

The only man in the room, Tang Da Shao, didn't dare to go, jokingly, if he did, if Ye Han and Zhou Yun'er got mad later, he would end up in a miserable situation.

However, at this point, Ye Han and Zhou Yun'er came downstairs, one after the other, several pairs of eyes were staring at them, Ye Han was a man with thick skin but did not feel any embarrassment, but Zhou Yun'er's face was already as red as a ripe apple, and her jade hand fiercely squeezed on Ye Han's waist.

Originally, Zhou Yun'er asked Ye Han to go up to talk about business, but talking about this bastard is not serious, so, she also half-push

"Oh, sorry for keeping everyone waiting, let's eat, it's getting cold if we don't eat again." Ye Han sat down on the stool with a butt and smilingly rounded up the situation, breaking the awkward atmosphere, the scruffy old dao picked up his chopsticks and grunted; "Little bastard, you brat take it easy, when you reach my age, there will be time for you to cry."

"Old man, don't worry, when I reach your age, I'll be better than you too." Ye Han said in a slurred voice with something stuffed inside his mouth, instantly making several women laugh, the scruffy old dao's face darkened, Tang Da Shao hurriedly poured him a glass of wine and said; "Master Dao, come, let's both have a drink."

"Hmph, you kid are no good either." The scruffy old Daoist glared at the attentive Tang Da Shao, and then stifled himself to eat.

This meal was quite happy, when Ye Han came back, there was always laughter inside the house, when Ye Han was not there, it was a bit dead.

After eating and chatting with the few women in the house for two hours, after Ye Han told them about Shadowless wanting to stay here temporarily, Ye Han was ready to go with Tang Da Shao to meet Lin Bo Mo and get together later in the evening, however, Dirt Old Dao kept him behind.

“Kid, it’s almost the end of the year, so Old Dao is going to leave for a while to meet an old friend, so be careful yourself during this time.”

On the roof of the building, after Ye Han heard these words from Dirt Old Dao, he was stunned, this old fellow was leaving, to be honest, having lived with Dirt Old Dao for a long time, if he left, Ye Han was really a bit uncomfortable, moreover, this side of Shanghai City was a bit uneasy without him.

He said; “Old man, although I didn’t say it out loud, but I really respect you in my heart, this time I let you help me look after my family, thanks in advance.”

“Hmph, count on you kid to have some conscience.” The scruffy old Taoist hummed lightly and said; “I have already done the math for you, there will be no big trouble for you this year, even if you encounter danger you will be able to survive on your own, by the way, that disciple of mine you have to watch out for me, her future achievements will definitely not be below yours.”

“That, I will put my heart into it even if you don’t say so.” Ye Han said; “Old man, when are you leaving?”

“Tonight, it happens to be a northwest wind, so we can travel downwind.”

Fortune Chapter 499

This night, Ye Han did not accompany Tang Da Shao to go out and dazzle, the scruffy old man was leaving, Ye Han had to keep him company, talk to him more, drink, this old man sometimes said things are actually quite reasonable, so Ye Han can also understand a lot of truth in talking with him.

In life, it is always good to have a famous teacher to teach you, so that you can take the wrong path less often.

At the end of the night, the scruffy old dao left in style, walking the world as if he were a debauched beggar.

With this departure, there was no telling when this old man would return?

Ye Han stood on the roof of the building and watched the back of the scruffy old dao as he left, drinking a cup of mulled wine alone and feeling melancholy for a while.

There is always a time in life when we meet and part, and it goes back and forth.

After standing alone on the roof for a while, Ye Han returned downstairs. At this time, Ye Qing and the girls were still sitting and chatting in the living room, and the atmosphere was cordial.

“Sister, what are you guys chatting about, so happy?” Ye Han sat down on his butt next to Zhou Yun’er, it was already after nine o’clock, Zhou Yun’er hadn’t gone back at this time, it seemed that she was ready to stay all night.

“Brother, sister Ye Qing was talking about you bathing naked in the river when you were little, she said you had a mole on your butt.” Little Qingcheng was sitting right next to Ye Qing with her little tiger in her arms, and when she heard Ye Han’s words, she heartlessly betrayed Ye Qing.

Hearing this, Zhou Yun’er and the girls burst out laughing, Ye Han’s face darkened, this room was filled with a group of women except for him, why were they talking about this topic!

“Qingcheng, what are you talking nonsense about?” Ye light red face glared at this little girl who betrayed her sister for the sake of her brother, angry teeth clenched, little Qingcheng suddenly said aggrievedly; “But Ye light sister, just now you were talking about brother having a mole on his buttocks ah, I did not nonsense OK!”

Hearing this from her, a room of people were convinced of her, this girl usually looks quirky, now is she really pure or is she deliberately betraying Ye Qing?

“Alright, alright, sis, I think it’s getting late, let’s all go and rest.” Ye Han hurriedly stood out and said, he was afraid that if these women continued to chat, they wouldn’t expose anything else private about him.

“It’s time to rest.” Ye Light looked at the time, then said; “Right, Little Han, a few of us have discussed it, tomorrow we have you to accompany us to go out for a stroll, you can’t refuse, you rarely stay home this year round, it’s time to accompany us.”

Ye Han nodded silently as he said; “Okay, sis, I’ll accompany you tomorrow, for the time being I’ll probably stay in Shanghai City to spend more time with you.”

Ye Han had already decided that if things were still stable in Central China, he would stay in Shanghai City for a few more days to keep Ye Qing and the girls company, as he was always away from his family.

After chatting for a while in the house, they went upstairs, and Shadowless’s room had been arranged.

However, after Ye Han made a phone call, what made him laugh and cry was that Zhou Yun’er had gone to Yan Zihan’s room.

“Tonight with me Zihan, be honest with me.”

Ye Han listened to the busy tone coming from inside the phone and burst into tears and laughter, this woman ran to Yan Zihan’s side, she was afraid that he would sneak over to Yan Zihan at night, right? Ye Han felt that this possibility was very high.

Although Zhou Yun’er had already tacitly allowed Ye Han to have other women around him, she would still be angry if Ye Han was flirting with other women under her own nose, and this move completely eliminated the possibility of Ye Han sneaking over to Yan Zihan at night.

After taking a shower, Ye Han lay on his bed and thought about calling Situ Zhentian. Although it was already late, Ye Han knew that Situ Zhentian, the busy man, must not have gone to bed yet.

What exactly was the divine disc fragment? Although Ye Han appeared to be unconcerned on the surface, in fact, in his heart he was quite curious about that item.

“Haha, Ye Han, I was thinking about when I would give you kid a call over, and you surprisingly called, you have done a very good job on this mission, right now, no one knows that the item has already arrived in our hands.” On the other side of the phone, Situ Zhentian said with a happy face.

Ye Han said; “Boss Situ, then are you going to give me a little reward for the sake of my excellent completion of the mission?”

“Fine, what kind of reward do you kid want?”

“How about, you just tell me what that divine disc fragment is? To be honest, I’m quite curious about it.”

Hearing this, Situ Zhentian fell silent, and after a moment said; “Ye Han, the God Disc Fragment is a matter of secrecy, I can only tell you that the country was tracing its whereabouts back in your grandfather’s generation, it holds a heavenly secret, if this secret is ever discovered, it can completely overturn the current technologized knowledge and trace back to an unknown civilization. ”

“So powerful!” Ye Han was a little shocked.

Situ Zhentian said; “That’s all I can tell you, if you want to know all of it, I can introduce you to someone if you have the chance, after joining them, you will have the chance to know more.”

“Forget it, I’m just afraid there will be a bunch of troublesome things to deal with again then.” Ye Han rejected this offer from Situ Zhentian, and the people who were interested in this divine plate were all big shots, stirring into it wasn’t necessarily a good thing, curiosity could sometimes kill people.

“By the way, you brat took control of the Golden Triangle this move went well, there are big brothers up there who have praised you brat.”

“Big brothers!” Ye Han’s eyebrows lifted, such a figure was only a big figure between Niu A and Niu C.

“There is one more thing I need to remind you kid, over in the Golden Triangle did you exterminate the experts of the Stick Nation?” Situ Zhentian suddenly said, Ye Han nodded and said; “Yes there was such a thing, those guys wanted to exterminate me, but unfortunately in the end, Old Maozi turned against me and exterminated them together.”

“I don’t blame you for this, it’s just that that Jin Xuwu is a member of the hidden family of the Stick Kingdom, if you exterminate him, I’m only afraid that the people of the Jin family might find you in trouble, so you need to be careful in this matter.” Situ Zhentian reminded.

“A hidden family.” Ye Han frowned, a family such as this was generally very powerful, to exterminate a Jin Wu Xu would actually pull out such a powerful family.

“Okay, I will be careful in this matter.” Ye Han hung up the phone, the Stick Kingdom and Shanghai City were on different sides of the sky, if these people really wanted to find trouble for a short time they shouldn’t have come here, however, one had to be on guard against them, and it wasn’t just the Stick Kingdom, the Black Dragon Society’s Yamamoto Takeo had also died in his hands.

Fortune Chapter 500

In the boundless night sky, on top of a mountain, an old man hovered on top of the mountain with a solemn expression, and around the old man were placed several bagua placed in the four directions of the southeast and northwest. Suddenly, a mouthful of blood spurted out from the old man, and then, the eight trigrams in the four directions of the southeast and northwest lit up at the same time, forming a dazzling blood-red eight trigrams diagram that lit up the night sky like a blood-red lightning bolt.

“A great omen of evil, or a great omen of evil, what in the world is going to befall this kid?” This old man was no other than the scruffy old dao who had left, in fact, he had already done Ye Han’s calculations before this, the year was coming to an end and a great evil was coming, every time he did the calculations, that was why he had lied to Ye Han about leaving for a while.

"It seems I really have to go and ask an old friend to come out and help this kid before I can do so, such a great evil trigram is seen once in a hundred years, I can no longer cope with it alone!" With that said, the scruffy old dao once again went far away.

One night passed quickly.

The next day when Ye Han got up, Wu Ying was already up, exercising her body inside the courtyard, Wu Ying practiced what should be some kind of yoga technique, her hands and feet were connected, her entire body was bent to an incredible degree, bringing out her shapely figure completely.

"Good morning." Ye Han greeted Shadowless, and took the opportunity to look at Shadowless' hot body two more times, before starting to move her muscles, Shadowless gave Ye Han a look and said; "I can't see you're quite capable, having two boats on your feet, and your woman is still willing, if it were me, I would have kicked you away long ago."

Ye Han said; "I have to correct your wording, this is not called stepping on two boats, I am truly in love with them, I love them and they love me, why can't we be together? Just because of moral bondage?"

"Hmph, can one person's feelings be divided between two people?" Shadowless grunted lightly.

"Naturally, you can't." Ye Han said; "But compared to those guys who secretly keep lovers and have second wives in secret, at least I did it openly and honestly, I didn't hide it from them."

"Hmph, full of sophistry, I think you are just looking for excuses and justifications for your philandering, there is no cat in this world that doesn't cheat, men are all of the same virtue."

Ye Han looked at her and said; "You have such a strong opinion about men, is it possible that you won't marry someone in the future?"

"Marry someone and not find a philandering man like you." Shadowless glanced at Ye Han and continued to exercise her body, Ye Han also didn't bother to pay attention to her and started boxing inside the courtyard, sending Little Qingcheng to school at eight o'clock, and by nine o'clock, several women who had already dressed up were lining up to go downstairs.

Ye Han was sitting bored in the living room, and when he saw the women coming down from upstairs, his eyes lit up.

Seeing that Ye Han's eyes were wide, the women were still very satisfied in their hearts, which proved that their dressing had successfully attracted Ye Han. Zhou Yun'er walked over and waved it in front of Ye Han, saying; "Look how you've been hooked, your soul is gone, right?"

Ye Han grinned and said; "Yun'er, if you guys are going out together like this, that could definitely cause a traffic jam, I don't know how many people are going to point at my spine and scold me later, no, I'll have to call my Tang Da Shao together, I'll have to let that guy take it on for me."

"Alright, no need for you to inform, I've already told Mo Shu, the two of them are on their way here." Zhou Yun'er gave Ye Han a blank look, Yan Zihan sat down opposite Ye Han at this moment and said; "With so many big beauties like us accompanying you, are you still afraid? This kind of blessing, others can't even beg for it."

“This, the yin flourishes and the yang declines, the pressure is more intense.” Ye Han smiled sarcastically.

At this time, Tang Da Shao and Mo Shu came, the two walked inside the house, looking at several women, their eyes also lit up, Tang Da Shao came over and laughed; “Han Zi, you’ve gotten your brat’s light, I’ll make people envy you too when we go out later.”

“Envy you what? It’s not like it’s yours.” When Mo Shu heard this from him, he instantly gave him a vicious glare.

“Alright, let’s set off, don’t bother with them.”

Afterwards, two cars, six women and two men began to travel towards the centre of downtown Shanghai, to the city centre of the big shopping malls, Ye Han and Tang Da Shao basically belong to the labor force that kind of people, six women buy what, they in addition to pay the bill is to carry bags, a morning shopping down, Ye Han and Tang Da Shao’s body hung with more than twenty large bags and small bags.

Even Ye Qing, who always cared for Ye Han, was too engrossed in the madness of shopping to care about Ye Han.

“Holy shit, these women are crazy!” Tang Da Shao was tired and sat down on a chair like a dog, Ye Han didn’t feel tired, but the gazes around them made him a bit unbearable, all the way here, they had basically become the focus of the crowd’s attention.

“Alright, don’t sit down, hurry up and keep up.” Seeing Zhou Yun’er and the girls walking into the next shop, Ye Han could only follow them with quick steps, and Tang Da Shao wailed and could only get up and follow, today he was destined to be screwed by these women.

A morning in Tang Shao incessantly complained in the past, noon to eat when the guy had no regard for the image of the seven or eight bowls of rice, the belly is as round as a burst squirrel, shopping after the morning, the six women’s crazy shopping is not over, directly to kill the famous amusement park in Shanghai City, ride the roller coaster, play a little carousel, on the Ferris wheel to watch the scenery of Shanghai City.

In short, how to have fun, six women how to play.

In this way, Ye Han accompanied the women inside the family to finish shopping in Shanghai City for three days, the famous shopping malls, beauty salons and amusement parks in Shanghai City were basically patronized by them, so it was not easy to accompany them, Ye Han did not go to complain about anything, no matter what he was asked to do was a look of willingness to work.

Three days could not make up for what he owed them, for Ye Qing, the time he spent with her was too little, for Zhou Yun’er and Yan Zihan, he owed them too much, so Ye Han was doing his best to meet all their demands.

But after three days of madness, these women were probably also tired and quiet, Zhou Yun’er went back to the company to deal with things, Ye Qing and the girls rested at home, and Ye Han had some independent time for himself.

Therefore, this day at noon Ye Han arrived at the headquarters of the Tianlong Group and made his way unhindered to the main door of Yin Yifei's office.

"Chairman." The little secretary at the reception desk next to Yin Yifei's office immediately stood up and called out when she saw Ye Han, it was not the first time she had seen Ye Han and she knew that this young man who looked younger than him was the big boss behind the scenes of the Tianlong Group.

Ye Han nodded and asked; "Is your president inside?"

"Back to the chairman, the president is resting inside, I'll go and inform him for you."

"No need to go to such trouble, you go about your business, I'll go in myself." Ye Han waved his hand and pushed open the door of Yin Yifei's office, however, the scene he saw after entering immediately made Ye Han a little embarrassed, because Yin Yifei was currently leaning back in her chair and squinting her eyes, her white shirt buttons were unbuttoned by three or four, and most of the spring light inside was exposed in the air.

"Ah, Ye Han, when did you come? Quickly close the door." Probably because she heard the sound of the door opening, Yin Yifei, who was leaning back in her chair and squinting to rest, was startled, because she herself had a habit that she liked to unclasp her bra when she was resting, the strangulation was too tight and would make her uncomfortable.

But usually if someone came in, the little secretary at the front desk would knock on the door beforehand or call her to inform her, where would she be like Ye Han who rushed in in such a stifling manner.

Looking at Yin Yifei, who was in a hurry to button her buttons, Ye Han closed the door and said awkwardly; "That, actually I didn't see anything."

Didn't see anything?

Yin Yifei gave Ye Han a blank look in her heart, this guy was talking nonsense with his eyes open, and he didn't even blush.
