

Fortune 51

Fortune Chapter 51

Ye Han took a look at Tang Da Shao's fat body and laughed; "Two of them, can you handle it? You're struggling to walk, won't this fight tire you out?"

"Shit" Tang Da Shao raised a middle finger at Ye Han and said; "My brother's physique is not a problem, not to mention one to two, one to three, why don't we open a room for a match tonight?"

Ye Han had a bad chill in his heart and shook his head repeatedly; "Forget it, I don't have this hobby, I'd better wish you a good night."

The first time I heard this, Tang Da Shao was pleased with himself, but when he saw the fire phoenix beside Ye Han, he was suddenly distracted and patted Ye Han's shoulder and said; "Han Zi, seeing you, I finally know what the highest level of picking up girls is."

Ye Han didn't understand what Young Tang meant by this, so he asked; "What is the highest realm of picking up girls?"

"Holy shit, you don't even know this, I really doubt how you got this superb girl"

Ye Han shrugged his shoulders and said; "Of course she found her way here herself."

"Isn't that right, the highest level of picking up girls is not you picking up girls, but girls picking up you." With that, Young Tang nuzzled his mouth and gave Fire Phoenix a glance, swallowed a glass of wine in a very depressed manner, and then pulled his two female companions around him and started drinking.

Ye Han looked at this guy with some tears and laughter, this woman beside him is not here to pick him up, what exactly is the intention, he himself is still confused.

After leaving the nightclub, Mr. Tang had already taken his two female companions and skipped off, and called it; discussing the origin of mankind together

Ye Han didn't bother to pay attention to this person, and looked at Fire Phoenix who was standing beside him and asked; "Beauty, where are you going? I'll give you a lift."

With a charming smile, Fire Phoenix said; "If you don't mind being too late, I would like to have a date with you."

Upon hearing this, Ye Han was made to cry and laugh at the woman's words, shouldn't this be more appropriately said by a man like him, then Ye Han shrugged his shoulders and laughed; "If I refuse an invitation from a beautiful woman, wouldn't it be a big waste of time, let's go."

At twelve o'clock at midnight, on the banks of the Huangpu River, a man and a woman were roaming like a couple, the bright moonlight spilling down, pulling their shadows long, such a perfect mood that one could not bear to disturb, but Ye Han's words destroyed this mood cleanly.

"That, you wait first, I'll go and drain the water."

Ye Han said and immediately walked towards a dark place Having just sparred with Tang Da Shao in the nightclub, Ye Han had long been internally anxious, and now that he had come to the shores of this Huangpu River and listened to the sound of the rushing water, he just couldn't hold it in anymore.

The bright eyes of Fire Phoenix looked at Ye Han in the darkness and gave him a fierce glare, saying in her heart that Ye Han was not understanding, but this was just as well, she had asked Ye Han out to talk about business, a while later, Ye Han's body finished draining, satisfied with lifting his trousers, walked towards Fire Phoenix and said with a smile; "I say, big beauty, don't get too into the drama, we're not a real couple, we're not a real couple. It's about time, say, what's your name where you come from what do you want from me"

Fire Phoenix covered her mouth with a smile and nudged Ye Han's nose with her jade hand; "You're such a human being, you're really a log, you don't know how to be elegant at all."

Ye Han said indifferently; "What is elegance, I am not well read, I like to be straightforward, let's not beat around the bush, after we finish, we should go home and sleep."

Hearing this, Fire Phoenix also looked straight and said; "First of all, let me introduce myself, my name is Fire Phoenix, I come from the National Security Bureau."

"Security Bureau" This was the first time Ye Han had heard of this organization, he looked at Fire Phoenix and said; "Is it like those MI6, secret agents or something like that in the movies?"

"You can understand it like this." Fire Phoenix looked at Ye Han and said; "As for the reason why I am looking for you, it is actually very simple, you are a talented and extremely intelligent person, the country needs talents like you, so on behalf of the Security Bureau, I invite you to join us and serve the country."

When Ye Han heard this, he instantly smiled and said; "Fire Phoenix, right, sorry, these ambitions you are talking about are too ambitious, I am not interested, all I want to do in my life is to be an ordinary person in peace and quiet, earn some money, pick up girls, give medical treatment and molest virtuous women, so there is no need to say anything more about inviting me to join any Security Bureau, of course, in this late night, in the quiet of the night Let's talk about some other topics, I would be very happy to exchange with you."

After saying that, Ye Han's gaze suddenly glanced at Fire Phoenix's body unscrupulously.

Fire Phoenix gave him a glance and said; "Alright, don't pretend, I know you are not that kind of lustful person, you can consider my proposal just now, you don't need to reply to me right away, in fact, the benefits for you to join the Security Bureau definitely outweigh the disadvantages."

Being seen by this woman in her own little mind Ye Han didn't care and said; "Fine, I will consider it, but don't get your hopes up, I don't like to be bound by people, and likewise don't like to take my life to do something dangerous."

Ye Han would not join the Security Bureau, as long as he had a little bit of brain, he knew that if he joined it, it would be a place full of danger, and he might die one day, compared to this, Ye Han still liked his life.

On hearing this, Fire Phoenix walked up to Ye Han and gazed at him with her affectionate eyes; “If my sister married you and made you a wife, would you agree to join us?”

Upon hearing this, Ye Han looked at Fire Phoenix’s arrogant figure and smiled lustfully; “How about being a lover, it would be a little more exciting.”

“Get lost” Fire Phoenix gave Ye Han a fierce glare, this bastard was really oily, she had used her beauty to seduce him and still managed to keep her sanity and not say yes.

The first thing that I can do is to join the Security Bureau, I’m not that stupid, do you earn a lot of money a year?

The fire phoenix glanced at Ye Han and said; “Are you a little bastard who has fallen into the eyes of money? With your skills, is it difficult to earn money? Although joining the security bureau salary is not as high as you say, but within a certain range will have certain privileges, such as you can use this privilege in Shanghai City to call the police system, or even the army, so that government departments can cooperate with you to do something. Is such a privilege not enough to move you”

“Such a bull” after Fire Phoenix finished speaking, Ye Han was indeed a bit moved, his grandmother, in that case if he agreed to it wouldn’t he immediately become a high official

“Not only that, this privilege can allow you to have the right to act first, of course, the things you do using this privilege must be used in the right way, once you violate the law, you will also be sanctioned by the organization.”

“Shit, in that case wouldn’t it be a license to kill.” Ye Han’s heart skipped a beat, and then he looked at Fire Phoenix’s proud figure and said; “So, you also have this privilege”

“Of course.”

Once he heard such a reply, the corners of Ye Han’s mouth twitched, damn it, fortunately brother didn’t do anything special to her just now, otherwise he would have been killed by this woman, the state didn’t even care, and he would have died for nothing.

Fortune Chapter 52

“How about it, are you changing your mind?” Fire Phoenix looked at Ye Han, there was a bit of expectation in those bright eyes, if the Security Bureau had a genius like Ye Han to join, then it might not take a few years for the strength of the young generation of the Security Bureau to rise a level, then the Security Bureau would be able to hold up their backs in the face of the Ancient Martial Association gang in the future. The first thing that will happen is that the young people of the Security Bureau will be able to stand up to the Ancient Martial Association.

When he came into contact with Fire Phoenix’s expectant eyes, Ye Han smiled sarcastically and said; “This, Fire Phoenix beauty, you let me think about it first.”

“Hmm, okay, I’ll give you time to think about it, and by the way, while you’re thinking about it, I’ll stay at your place, and I’ll leave when you say yes to me.” Fire Phoenix smiled sweetly at Ye Han, but her stunningly beautiful smile made Ye Han feel as cold as if he had fallen into an ice cave at the moment,

holy shit, staying at my place, is there any mistake, living with such a woman who had a license to kill, Ye Han felt a little scared even thinking about it.

“I will help you to live there tomorrow, don’t be unwelcome then, huh?” After that, the woman disappeared without a trace in front of Ye Han like a ghost in the night, without giving Ye Han any chance to refuse, leaving Ye Han standing alone in the cold wind looking up at the night sky

The appearance of the Fire Phoenix made Ye Han realize that there is a group of mysterious beings in this world, they are hidden in the shadows, if you are not actively looking for them, it is very difficult to find them, but to join this mysterious circle, Ye Han had not really thought about it.

Ye Han lit a cigarette and fell into deep contemplation, how should he go about his future path

If he wanted to live in true style and freedom, he could not do so with his current achievements, unless his personal ability was so strong that it was extraordinary, or he had extraordinary energy behind him, only then could he live without restraint, and no one would dare to control you.

The night passed, and when Ye Han got up it was already after eleven in the morning. Last night he only came home at two or three o’clock, and after taking a shower it was already close to four o’clock, so he got up a little late.

Ye Han was a bit puzzled, so he put on his clothes and went downstairs, but just as he reached the stairs he was shocked and almost fell down the stairs at once, only to see that in the living room, all dressed in red, Fire Phoenix was giving Ye Qiao beauty makeup. Ye Han was stunned.

In the past, Ye Qing never wore make-up, her face was naturally plain, like a gentle and virtuous wife, and at that time Ye Han already felt that her sister was very beautiful.

Ye Han’s head was spinning a bit, how could sister let this woman, Fire Phoenix, do her make-up?

“Ah, Xiao Han, you are awake, come and see if the makeup that Sister Fire Phoenix put on me is pretty” Ye Qing saw Ye Han come downstairs and pulled him to sit down on the sofa, then asked with an expectant face, she didn’t care if others said she was pretty or not, she only wanted to know Ye Han’s opinion.

“Beautiful, sister is even more beautiful than all those big stars.” Ye Han said sincerely.

Hearing Ye Han praise herself like this, Ye Qing’s heart was suddenly beautiful, beautiful, beautiful, then she said; “Right, Little Han, this is Sister Fire Phoenix, she is quite poor, she lost her wallet when she first came to Shanghai City, her ID card and bank card, and she has no place to stay, so she wants to stay here with us temporarily, do you think it’s okay”

When he heard these words, Ye Han almost bit his tongue, this woman poor with a murder license running around, may be when the mood is not happy to kill two people, in comparison, Ye Han felt that he was the poor, future living with this woman every day, not only have to be careful about everything, but also have to treat her like an aunt.

But of course Ye Han did not dare to refuse and nodded his head repeatedly, but what made Ye Han wonder was the way this woman, Fire Phoenix, had met her sister and had such a good relationship with her.

Seeing Ye Han agree, Ye Qing turned to look at Fire Phoenix and said; "Sister Fire Phoenix, you can stay with us for the time being, for as long as you want, just so you can be a companion for me, Xiao Han runs outside for three days, I'm bored to death at home alone."

At those words, Ye Han felt a little guilty in his heart, leaving his sister alone in this empty house did make her quite lonely, it was good for this woman, Fire Phoenix, to stay in, as long as she didn't mess around, it was quite good if she was a companion to her sister.

"Oh, sister Ye Qing, thank you then, don't worry, as long as my business is done, I will definitely leave won't disturb you." As she spoke, Fire Phoenix glanced at Ye Han, the meaning of her words was self-evident, and Ye Han certainly knew what she was referring to.

Ye Qing nodded and looked at her phone, then said; "It's not too early, Little Han, you keep Sister Fire Phoenix company and chat, I'll go and cook, it will be ready in a while, Sister Fire Phoenix, I'll let you taste my cooking later."

After saying that, Ye Qing ran to the kitchen and went to work, leaving Ye Han and Fire Phoenix alone in the living room. Seeing Ye Han playing with his mobile phone carelessly, Fire Phoenix suddenly gave a charming smile and said; "What, you don't look like you welcome me too much."

"Where, with you, Fire Phoenix, I don't know how many men will be envious of your presence." Ye Han put down his phone and said; "But I'm curious, how did you and my sister meet?"

Fire Phoenix laughed; "You men have your men's ways of making friends, we women naturally have our women's ways of making friends too, but don't worry, I have no ill will towards you or your sister, you know what I came here for."

Ye Han nodded and said; "It's good, one more person in such a big room is also a bit more lively, but I still say you shouldn't get your hopes up."

"Oh, I think you'll change your mind after you get to know us."

The only thing that depressed Ye Han was that this woman often took advantage of Ye Qing's absence to stir up his desire, and this woman only cared about lighting the fire, not putting it out, she was a demon, making Ye Han happy and miserable. He was a demon, making Ye Han happy and miserable.

"The first time he came to see Fire Phoenix, he even volunteered to call out for his sister-in-law, but he got a good beating from Fire Phoenix in return.

Ye Han put his arm around Tang Da Shao's shoulder and laughed; "Why don't you go ask her yourself."

When he heard this, Tang Da Shao shook his head like a rattle, last time he was beaten up by Fire Phoenix for saying the wrong thing, and when he thought of that woman's fist, Tang Da Shao trembled in his heart.

Fortune Chapter 53

"Look at you, what are you afraid of with a woman," Ye Han said disdainfully to Tang Da Shao. The first thing you need to do is to try it.

“Shit, you kid is sitting and talking, you have the ability to go and try, that bitch’s body is only more powerful than yours.”

This point Ye Han admitted, so he did not dare to easily provoke that woman of Fire Phoenix, but just when Ye Han and Tang Haibin were chatting idly the doorbell rang, Ye Light who was sitting across the table and chatting with Fire Phoenix suddenly got up and went to open the door, then Zhou Yun’er who was in a casual suit and she walked in talking and laughing.

“Sister Yun’er, come and sit down, Xiao Han is home.”

The two walked in, but before Zhou Yun’er could sit down she saw Fire Phoenix who was dressed in a fiery red, her eyes instantly flashed with a flash of doubt, these days she was busy with the jewellery house and rarely came to Ye Han’s home, yet it had only been a few days since she had been here, and there was such an enchanting and beautiful woman inside Ye Han’s home.

Seeing Fire Phoenix, Zhou Yun’er felt some discomfort in her heart for no reason, then she looked at Ye Han who was sitting on the sofa with his legs crossed and asked; “Who is she? I didn’t expect you people to have a hobby of hiding pets in a golden house.”

When Ye Han heard that, he immediately rolled his white eyes, and Tang Da Shao said with some gloating at the side; “Hey, the jealousy has tipped over, your boy’s peach blossom luck is good, but it’s not good to enjoy this voluptuousness.”

Ye Han kicked this guy and said; “Big beauty Zhou, what do you want to see me about?”

Zhou Yun’er removed her gaze from Fire Phoenix’s body and said indifferently; “I’ve come to tell you that we’re going to Yunnan in three days, how are you preparing?”

Upon hearing this, Ye Han then remembered what he had promised Zhou Mingshan last time, that he would make a name for himself on top of the Yunnan Gambling Festival, in a few days it would be the Yunnan Gambling Festival, it seemed that he would also have to go to Yunnan for a walk.

“Shit, why don’t you call me for such a fun thing to go over to Yunnan, Hanzi, when are you going, I’ll join you.” Tang Haibin’s eyes lit up when he heard this, he was a person who couldn’t sit still, he was tired of playing in all these places in Shanghai City.

Ye Han didn’t answer Tang Haibin, he looked at Zhou Yun’er and asked; “Yes, there’s nothing to prepare on my side, when are we leaving”

“In that case, let’s do it tomorrow, I’ve already booked the tickets, that’s it, I’ll leave first.” After saying that, Zhou Yun’er directly left the villa, just came and left, this looked at the two women inside the villa were stunned, Tang Haibin kicked Ye Han and said; “I said you kid why are you standing still, chase ah.”

Ye Han touched his nose, it seems that this Niko is really a bit angry because of the fire phoenix, at the urging of the youngest Tang youngster Ye Han chased out, but Ye Han did not see the momentary gaze of Ye Light behind him that became gloomy.

Outside the villa, Ye Han caught up with Zhou Yun’er, seeing the woman’s face that had become somewhat cold, Ye Han said as he walked; “Beauty, which bastard has made you angry?”

“The charm of the fire phoenix plus the fact that she was already living in Ye Han’s villa made her feel very unhappy. I really have nothing to do with her.”

“Hmph, nothing will live in your villa” Zhou Yun’er snorted coldly, obviously not believing Ye Han’s words.

“Then what do you want?” Ye Han asked, looking at Zhou Yun’er with both hands spread out.

“Unless you let her leave the villa.” Zhou Yun’er said with a puff of anger, she did like Ye Han, and Zhou Mingshan had acquiesced to this matter, but today when she saw Fire Phoenix at Ye Han’s villa, this charming woman made her realize a sense of crisis.

Upon hearing this, Ye Han laughed bitterly; “This, I can’t say.”

“Humph, I think you don’t want to, let go.” When Zhou Yun’er heard this, she became even more furious and was directly about to shake off Ye Han’s hand, which, unbeknownst to her, Ye Han’s grip was too tight, causing her to instantly fall down from the driving position, and coincidentally, Ye Han wanted to hold her, but his hand just happened to grab a certain part, from the side view, it was as if Ye Han was holding Zhou Yun’er with one hand, while the other hand was on her chest that way.

“Rascal.”

“Rascal.”

The two voices sounded at the same time, Zhou Yun’er pushed Ye Han away with a red face, pulled up the car door and sped out, Ye Han looked at Yan Lingjiao who happened to come out from another villa at that time and laughed bitterly; “This, I really didn’t mean to do it”

Yan Lingjiao didn’t care what Ye Han said, she directly pushed Ye Han who was in the way and walked out, in her opinion Ye Han was a hooligan, as she had already learned.

When he saw that these two women had misunderstood him, Ye Han’s heart was as stifled as a dumb man eating a yellow streak, unable to say what he was suffering.

At this moment, on the balcony of the first floor of Ye Han’s villa, Fire Phoenix watched with interest the scene just now; “This little guy seems to be haunted by love debts, the Zhou family’s girl, and his sister Ye Light, well it seems that the Yan family’s girl also has some interest in him ah”

Ye Han returned to the villa, Ye Qing and Fire Phoenix were no longer in the hall, only Tang Haibin was left alone watching the TV in boredom, seeing Ye Han return, Tang Da Shao smiled heatedly and said; “How is it, is sister Yun’er still angry with you? But I’m not saying you, you kid don’t pay attention, you know that sister Yun’er likes you and still bring other women to the house, you’re not asking for trouble! You’re asking for trouble.”

“Fuck off.”

Ye Han laughed and cursed, of course he knew that Zhou Yun’er liked himself, but this matter was actually all misunderstood, where was the other relationship between him and Fire Phoenix ah.

The big young Tang patted Ye Han’s shoulder and said; “But you don’t have to worry too much, I’ve never seen her like someone so much for so long as I’ve known Yun’er’s sister, she’s going to Yunnan

soon, you can take this opportunity to talk to her more, women, coaxing will be fine, it's not possible, when the time comes, brother will help you."

"Okay, don't talk nonsense, just say what you have to say." Ye Han where not aware of what this guy Tang Haibin had in mind, helping him was fake, only that he wanted to go to Yunnan was real.

"Hey, Hanzi, you see you left I am also quite bored in Shanhai City by myself, I have not been to Yunnan, why don't you take me with you," said Tang Da Shao with a flattering look, Ye Han looked at him and said; "Your legs are on your own, if you want to go can I still tie you up. tied up."

Once he heard that, Tang Haibin got excited; "Haha, Hanzi, you're still buddy enough, wait, I'll book a flight now."

Fortune Chapter 54

I'm going to Yunnan tomorrow, and I don't know how many days I will be able to come back. Ye Han felt a little worried about leaving my sister at home alone, so Ye Han came to Ye Qing's door at night and knocked on the door, but he passed away. After a while, there was no movement inside. Ye Han looked at the time and it was almost eleven o'clock. Maybe Ye Qing had fallen asleep.

The fact that the woman is a woman is a woman is a woman is a woman. there would also be other women who would fall in love with him.

Ye Han went back to his room, lay down on his bed and lit a cigarette, thinking about going to Yunnan, where he was unfamiliar with the country and knew nothing about the festival, but since this was a test given to him by Zhou Mingshan, the process would not be easy.

At this time, the door to Ye Han's room was opened, wearing a nightgown, Fire Phoenix walked in, and the moment the woman walked in, she also closed the door.

"The woman who has a license to kill is a woman who wants to, but can't be too naive.

The nightgown she wore only covered her thighs, and when she looked at the snow-white legs, Ye Han's heart was suddenly a little hot.

"I came to see you so late, of course I'm sleeping." Fire Phoenix smiled at Ye Han; "What, are you still not welcome to me"

Hearing this, Ye Han smiled lightly and said; "If it is to sleep I think a man would not refuse you, but I don't think I am so charming that I can attract you, say, you have nothing to do, what do you want from me"

"Oh, you little guy is not charming enough? The little girl from the Zhou family and the little girl from the Yan family are both a bit interested in you, it seems that your sister is too, alas now people want to squeeze in but there is no place for me."

Hearing this, Ye Han rolled his eyes and said; "Don't be ridiculous, I can only be considered an acquaintance with Officer Yan, as for my sister, I think you're thinking too much."

"Is that really the case," Fire Phoenix laughed lightly and said; "Forget it, let's not mention that, I came to tell you that it's not very peaceful over in Yunnan recently, the Yunnan Gambling Festival is about to

open, many original stone merchants are running over there, when the time comes, the competition for original stones must be very fierce, and secretly controlling the original stone So, during the festival, some dangerous things are bound to happen, so be careful when you get there.”

Hearing this, Ye Han was surprised and said; “From what you said, wouldn’t it be dangerous for the gambling festival to open”

“Of course.” Fire Phoenix said; “Our domestic jadeite is basically produced through the Yunnan side, but the perennial mining, production has become less and less, right now all the domestic jadeite merchants are running to Yunnan, the case of more monks and less meat, this fierce competition will often make people use excessive means to solve the competition, and, secretly control the production of the original stone of the several big families only afraid also The price will rise. But all this is nothing in comparison, the most dangerous time of the Festival is in the last section, which, according to the information I have received, has added some conditions to the previous ones.”

“Some new conditions have been added” Ye Han looked at Fire Phoenix, his eyes puzzled.

Fire Phoenix said; “Wait until you get over to Yunnan and you will naturally know what this link is, if you can enter this link and win the championship, then you will be the biggest winner of this session of the gambling festival.”

“Hehe, it seems that this last link is quite tempting.” Ye Han smiled and said; “Right, during the time I’m going to Yunnan, I’ll trouble you to take care of my sister there.”

“This is no problem, well, let’s go to sleep.”

“Sleep” Upon hearing this, Ye Han froze and looked at Fire Phoenix with some incredulity, did this woman really want to sleep here?

Then under Ye Han’s gaze, only to see Fire Phoenix’s jade hand lift up her sleeping skirt, revealing that snow-white thighs, under Ye Han’s expectant gaze her jade hand kept moving upwards, but immediately, Ye Han saw a bright shiny knife light up, Fire Phoenix pulled out the knife and blew on it, placed it in the middle of the two, smiled towards Ye Han and said; “This bed, half for you, half for me Half, of course, I don’t mind if you sleep on my side, just see if you have the guts to do so”

After saying that, this woman lay down with a smile on her face, and closed her eyes comfortably, with a look of being at the mercy of the king.

Seeing this, Ye Han had to laugh bitterly, this woman is too damn good at torturing people, let’s not let people sleep anymore!

In the morning, when he was woken up by the alarm clock, Fire Phoenix had already disappeared, and looking at the place where Fire Phoenix had slept last night, he could only wash up with two panda eyes. When Ye Han came downstairs, Ye Qing, Fire Phoenix and Tang Haibin were all there.

When he saw Ye Han come down, Tang Haibin looked at him and immediately laughed; “Hanzi, what’s wrong with your eyes did you stay up all night last night with the same excitement as me”

Ye Han gave this guy a blank look and didn't bother to pay attention to him, at this time Ye Qing walked over to him and straightened his collar and said gently; "Little Han, be careful when you go over to Yunnan, take good care of yourself, sister is waiting for you at home."

Ye Han nodded and said; "Sister, don't worry, I'll be back in a few days."

"Mm." Ye Light grabbed Ye Han's hand and nodded tenderly.

At this time, Fire Phoenix tossed a small object to Ye Han and said; "This small object is for you, it will help you pass the security check."

Ye Han took it in his hand and looked at it, the object that Fire Phoenix gave him should be some kind of high-tech product that could isolate all metals, he had the Dragon Scale Dagger with him, so he didn't have to worry about the security check level with this object.

After that, Ye Han and Tang Haibin left the door and went straight to Shanghai City Airport, Zhou Yun'er had already called and was waiting for them at Shanghai City Airport.

Fortune Chapter 55

When the two arrived at the airport in Shanghai City, Zhou Yun'er and two stout men were already waiting for them outside. Ye Han saw Zhou Yun'er from a long way away, there was no way, this girl was already pretty, she was also wearing a black professional suit, and she was also wearing a sunglasses, she instantly became the focus of the crowd. .travelfj.

"Hey, sister Yun'er, you guys are here quite early" Tang Haibin greeted Zhou Yun'er from a short distance away.

Zhou Yun'er frowned and said; "Fatty Tang, why are you following me here"

Tang Haibin smiled sarcastically and said; "Sister Yun'er, going to Yunnan is so much fun, you took Hanzi away and left me alone in Shanghai City, how lonely and boring"

"Stop, all right, if you want to go, go ahead." Zhou Yun'er looked at Tang Haibin and said; "But let me tell you first, going to Yunnan is not as fun as you think, I'm not responsible for anything that happens."

"Hey hey, you don't have to be responsible, we have Hanzi to protect us."

Zhou Yun'er didn't bother to pay attention to him, then looked at Ye Han, hummed lightly, shoved the ticket into Ye Han's hand, then walked towards the interior of the airport, the two big burly men also followed her at once, Tang Haibin touched Ye Han and said; "Hanzi, it looks like Yun'er's sister is still angry with you."

Ye Han shrugged his shoulders and said; "I can't help it, maybe it will be fine when we get to Yunnan, let's go."

Not long after, the announcement of boarding sounded, the group passed through the security check and started boarding, about thirty minutes later the flight from Shanghai City to Tengchong in Yunnan Province officially took off, Tengchong City in Yunnan Province was a famous overseas Chinese town, a state of literature and a collection and distribution centre for jade, it was also a provincial historical and cultural city.

And the place Ye Han and the others were going to this time was Tengchong, where the gambling festival was held.

About four hours later, the plane landed at Tengchong airport, and after following Zhou Yun'er out of the airport, a red-faced man in his forties walked towards them, with a smile on his face; "Miss Zhou, welcome to Tengchong"

Zhou Yun'er extended her hand and said; "Uncle Liu, I'm sorry to bother you to pick me up personally."

Liu waved his hand and said; "Where are your words, if it wasn't for Old Mr. Zhou back then I, Liu Zhiming, would still be a small trader now, Miss Zhou, please, I have arranged a place for you to stay there until the end of the gambling festival."

After saying that, the group got into a Hummer driven by Liu Zhiming, some sections of the road in this part of Tengchong were not very good, Hummers like the one Liu drove were very practical here, Tengchong was a multi-democratic and mixed region, located at the western border of Yunnan and bordering Myanmar. It is a famous historical and cultural city, so many places still maintain some of their remaining characteristics, and many places are not yet fully developed.

"Old Liu, are there any interesting places here in Tengchong?" Tang Haibin had good interpersonal skills and soon became acquainted with Liu Zhiming, calling him Old Liu in one breath. Liu Zhiming laughed; "Brother Haibin, if you want to play in a few days, I'll find someone to take you there, talking about our Tengchong place, there are really a lot of fun places, guaranteed not worse than your Shanghai City."

"Hey, that's good, I'm tired of playing in Shanghai City."

Hearing Tang Haibin's words, Zhou Yun'er glanced at him and said; "I say, Fatty Tang, don't think about having fun all the time, it's not very peaceful here in Tengchong now, when something really happens, you'll be waiting to regret it."

Tang Haibin shrank, smiled sarcastically and didn't say anything.

Two hours later, Liu Zhiming had driven the car into a villa, which was his private villa usually not used much, but someone came to clean it from time to time, and many banana and some banana trees were planted around the villa, giving it a strange atmosphere.

Arriving at the villa, Liu said to everyone; "This is my private place, you can stay here with no worries, you can also talk to me if you need anything, Miss Zhou, you guys go up first and take a rest, later I will arrange a dinner for you to receive you."

"Then I'll be grateful to Uncle Liu."

"No trouble, no trouble."

The group then went upstairs to the room arranged for them, Ye Han took a shower before realising he hadn't brought a change of clothes over, he had no choice but to continue wearing them, Ye Han then came to Zhou Yun'er's door and knocked, Zhou Yun'er opened the door wearing a bathrobe, her hair was still wet, like a hibiscus out of water, seeing Ye Han, she said indifferently; "Come in. "

Ye Han touched his nose and walked inside the room, then sat down and said; “Big beauty Zhou, there are two days left before the start of the gambling festival, I’m still not sure about everything in here, shouldn’t you give me a general introduction.”

When Zhou Yun’er, who had wanted to ignore Ye Han, heard this, she said; “The gambling festival is held once every three years, and in the past, every gambling festival was divided into three sessions, the first session would be for the organizer to select some good raw stones for exhibition for the merchants who came to the festival, so that they could judge which supplier provided better raw stone materials. Of course, if there is a raw stone that you like, you can also buy it on the spot. The second one, the competition of financial strength, is also provided by the organizer, whoever buys the largest amount of raw stones will have the opportunity to become the partner of the supplier on the Yunnan side.”

Ye Han interrupted Zhou Yun’er and said; “So it’s impossible not to spend money on this link but in case these raw stones are all scrap, wouldn’t that be a big loss”

“You could say that.” Zhou Yun’er nodded and said; “These raw stones are provided by several big families on this side of Yunnan, even if you know they are scrap this money must be spent, spending money on this is frankly to show sincerity with several big families, and the more money you spend, the more they will value you and have more chances to become partners with them.”

Hearing Zhou Yun’er say this, Ye Han’s white eyes rolled, what’s the fucking difference between this and giving a gift

“Then the third link,” Ye Han looked at Zhou Yun’er and asked.

Zhou Yun’er looked at Ye Han and said; “I heard that this year’s third session has changed a lot from the previous ones. In the past, the third session was a competition between some experts in the gambling world, whoever solved the best stones and sold them for a higher price would have the chance to win a prize of US\$100 million from the organiser. However, this time is different, if you want to participate in the third session, you must pay an entrance fee of fifty million dollars, because this year’s third session has an added benefit, the final winner will not only receive a prize of one hundred million dollars, but also a vein of raw stones presented by the organizer.”

Hearing these words, Ye Han’s heart skipped a beat. 100 million US dollars, this was equivalent to more than 600 million RMB, and a raw stone vein was also included.

But it was not easy to participate in this last session, not only did they have to pay an entrance fee of \$50 million, but the competition was even more fierce, no wonder Fire Phoenix said that the last session of the Festival was the most dangerous time, for this prize, those who came here would become crazy and reckless.

Of course, after hearing Zhou Yun’er introduce these details of the Festival, Ye Han’s mind instantly became active, with the Yin Yang Dharma Eye, he could buy those raw stones here without any fear and profit from them, this Festival would be his chance to make a crazy amount of money, no matter how dangerous it was, he would not miss it.

Fortune Chapter 56

After resting inside the villa for an hour, Liu came to inform the dinner, it was already 4:00 or 5:00 pm, so it was not too early or too late to have dinner, then the crowd followed Liu to a restaurant in Tengchong, this restaurant is very famous in Tengchong, all the famous specialties of Tengchong are made, some tourists who come here will basically come here to try the specialties of Tengchong.

And the environment of this restaurant is also very good, full of ancient flavor, quite a minority of Yunnan flavor, Liu Zhiming with the crowd just came to this restaurant on someone came out to meet.

“Haha, Boss Liu, you are here, received your call I can save the best seat here for you, come, a few people quickly inside please.” The one who spoke was a fat middle-aged man whose weight was comparable to Tang Da Shao.

Liu Zhiming said while walking; “Lao Cai ah, wait to give me a few pots of your best burnt knife here, you know, every time I come to your place not drink this stomach discomfort, ha ha”

“Don’t worry, not less you boss Liu, later all friends also have to drink more, in our here basically drink this, what foreign wine red wine we’re not used to drink.” Lao Cai looked at the crowd a smile, his words are the truth, in Tengchong all kinds of alcohol are basically low-end wine, like foreign wine red wine here is very difficult to sell.

The crowd sat down in front of a round table by the window, but the two stout men did not sit down, see here, Zhou Yun'er said; “Sit down, this is not the army, not so many rules.”

“Miss Zhou, we stand just fine.” One of the hans spared his head so said, that look is quite simple, is a simple character of the hans.

“All right, Yun'er sister let you sit you sit, just eat a meal, make so many rules for what.” Said, Tang Da Shao pulled him a hand to sit down, the other man saw this also did not insist on sitting down together. After the introduction, the appearance of a simple man named Li Shan, another tough-looking called Xu Fei.

Seeing everyone sitting down Liu Zhiming took out the menu ready to give Zhou Yun'er, which was known by Tang Haibin this guy halfway a snatched over; “I come, I come, see what you Tengchong have to eat.”

This guy said, this guy looked for several minutes, from time to time swallowed saliva, that look is close to the drool also gave out, finally this guy ordered a dozen dishes, also do not know what is ordered. Not long, the food and wine on the table, looking at the plate of strange-shaped dishes like children, originally hungry Ye Han instantly feel full; “I say you guys are ordering what ah these can eat?”

Tang Haibin did not say, Liu Zhiming said; “can eat, of course, can eat, Haibin brother point dishes really fit my appetite, come, come, come, everyone try, this is fried ants, quite fragrant, and this ah, is fried bamboo worms, very difficult to get, and this, this is the bee pupa, eat this thing to drink, is really delicious ah come, come, everyone quickly taste. ”

Ye Han looked at the plate full of insects, he felt some discomfort in his stomach, these things he had never heard of before, let alone eat, Zhou Yun'er is also a little uncomfortable eating these things, only a plate of vegetarian dishes. But Ye Han and Zhou Yun'er could not eat, Tang Haibin and Liu Zhiming, as

well as Han Shan and Xu Fei four people but eat with vigor, the hands of chopsticks did not stop, and soon these insect dishes were eliminated by them a large half.

Ye Han and Zhou Yun'er glance at each other, the two can only to the plate of vegetarian dishes, but these dishes Ye Han is not used to eating, but this roasted knife wine is really strong enough, he drank several cups in a row down.

At this time, eaten and drank enough Tang Haibin patted his belly that rose like a ball of satisfaction said; "Damn, can eat these good things, this trip was not in vain, Hanzi, you really do not taste a kid I tell you back to Shanghai City will not have the opportunity to eat such delicious things."

Ye Han white this guy, eat insects he did not have this hobby

"Oh, this is not Yuner sister, I did not expect such a coincidence, you also came here" at this time, a very handsome young man came inside the restaurant, and then towards Ye Han their table came, behind this young man also followed by a woman with sunglasses and two bodyguards.

Hearing this, Ye Han and their table all looked over towards the youth who spoke, Zhou Yun'er saw this person, her brow immediately frowned and said lightly; "So it's Young Master Ning, what a coincidence, you've come to Yunnan too."

Ning Feng walked over and said with a smile; "It is indeed a coincidence, but our two families are peers, although one is in the south and the other is in the north, but how can such a big event as the gambling festival be without our Ning family, what do you think sister Yun'er."

Zhou Yun'er said indifferently; "Since young Ning is involved, it seems that the final winner of this gambling festival, your Ning family, is determined to win."

"That is natural, I think in terms of strength there is no one in the country that can be stronger than our Ning's Jewelry." Ning Feng's face flashed a proud look, then he looked at Zhou Yun'er and said; "Sister Yun'er, meeting each other is fate, we have the fate to meet here, how about I treat you to dinner"

"Thank you for your kindness, I've already eaten."

Ning Feng looked at the dishes on top of the table and immediately said disdainfully; "Sister Yun'er, you just eat these things with these mortals, I know a nice western restaurant here, it just so happens that we haven't seen each other for over a year, we can have a good chat, what do you think"

"No really, I'm already full."

"Oh, sister Yuner, do you still not understand my feelings for you? Moreover, if our two families join forces and cooperate, we can definitely dominate the domestic market of jewelry houses. The company's main business is to provide a wide range of products and services to the market.

Zhou Yun'er frowned, this Ning Feng is notoriously difficult to deal with, now that he has been touched, I am afraid that there will be no clean days in Tengchong.

"I invite, I invite your sister, where the fuck did you come out of the egg, again, believe me to throw you out of here." Long looked at Ning Feng displeased the big young Tang fire up, in his opinion Zhou Yun'er so excellent woman can only belong to Ye Han, so, he directly a slap the table stood up, this voice that

Ning Feng startled, then he looked at the big young Tang with gloomy eyes, said; “you dead fat who is not educated thing, dare to talk to me like this.”

“I fuck, you little white boy enough to say another word” Tang Shao heard, the fire is bigger, immediately lifted up the chair behind him, a dry battle posture, see here, Ning Feng’s bodyguard immediately came over; “young master, this person is too crazy, do you want us to teach him a lesson!”

Ning Feng sneered and looked at Zhou Yun’er and said; “Sister Yun’er, this friend’s mouth is too smelly, it seems he should be made to suffer a little and grow a memory.”

After saying that, Ning Feng gave his two bodyguards a wink, and then these two walked towards Tang Haibin with a cold look on their faces.

Fortune Chapter 57

The two muscular bodyguards were walking towards him, and his hot-tempered appearance just now was suddenly abashed, so he could scare someone like Ning Feng, but if he really wanted to fight these bodyguards, his fat body could not do it, so his gaze went to Ye Han next to him.

In fact, without the need for Tang Da Shao’s eyes to indicate, Ye Han will not let these two bodyguards hurt him, that Ning Feng just left a Yuner sister, right a Yuner sister has long made Ye Han very unhappy. So, when these two bodyguards of Ning Feng just walked beside Ye Han, he stood up and blocked the way of these two bodyguards.

“It’s not too late to back off.” Ye Han looked at the two bodyguards, his eyes calm, that look as if he was talking about a rare thing, when Ning Feng saw this, a cold smile hung on the corner of his mouth, another guy who didn’t know the sky was high, at his gesture, the two bodyguards were about to push Ye Han away, but little did they know, the two of them together, Ye Han stood there and didn’t move at all, as if he was rooted.

“It seems like you guys are listening to your master’s words.” Ye coldly laughed, his eyes suddenly went cold, as those two bodyguards were preparing to strike, he had already struck out, both hands used, the terrifying crashing fist was like two hammers blasting on the bodies of those two bodyguards, bang bang two dull sounds rang out, the bodies of those two bodyguards flew backwards two to three meters like kites with broken strings, smashing some tables and chairs.

Hearing such a commotion, the people who were eating inside the restaurant were all startled and looked over. Ning Feng was also stunned, his two bodyguards were retired from the special forces, one could fight ten without a problem, but they were defeated by Ye Han in one move.

Liu Zhiming, Li Shan and Xu Fei were shocked when they saw that Ye Han had such a formidable body, they only thought that Ye Han was a rich family’s son, they could not have expected that his seemingly soft body contained such a terrifying power!

“Hey,” Tang Da Shao smiled smugly towards Ning Feng and said; “Damn, having two bodyguards is great, you still want to teach me a lesson, believe it or not, I’ll shoot you with a stool right now.”

Hearing this, Ning Feng’s face became even more gloomy, he looked at Zhou Yun’er and said; “I didn’t expect that sister Yun’er had such a powerful expert by her side, today it was Ning Feng who was rude,

but don't be too arrogant in this place of Teng Chong, people who are too arrogant usually don't end up well, they might end up dead on the street tomorrow."

"Are you threatening me with that," Ye Han turned to look at Ning Feng and said; "Don't think you can stink and show off just because you have a good family history, there are plenty of people in this world who can stomp you to death, now, get lost, don't let me make a move to throw you out."

"Hmph, fine, I'll roll, but I'll remember you." Ning Feng smiled icily at Ye Han and turned around.

Ye Han looked at his back and said; "Then thank you for hanging on to young Ning, but don't have nightmares at night, also, the words sister Yun'er are not something you can call, I hope that the next time you meet you can change your tone and address me as Miss Zhou."

At those words, Ning Feng's body stiffened and walked out of the restaurant with an icy aura, his female companion and bodyguard following him likewise.

Hearing Ye Han say this, Zhou Yun'er's heart was sweet, she glanced at Ye Han, this guy was jealous because of Ning Feng, thinking about it, Zhou Yun'er who was still angry with Ye Han was instantly in a better mood, and there was an extra hint of sweet affection in those eyes.

"Miss Zhou, this Ning Feng has strong connections on this side of Tengchong right now, and as far as I know, he's very close to the Ruan family." Liu Zhiming opened his mouth and said, once Zhou Yun'er heard this, her brow furrowed and she said; "The Ruan family, I didn't expect the Ning family to be involved with the Ruan family, it seems that the Ning family has great ambitions for this gambling festival."

"Is the Ruan Family very powerful," Ye Han asked as he looked at the two of them.

"Very powerful indeed." Liu Zhiming said; "There are a total of four big families that control the production of raw stones on this side of Yunnan, which are Yan, Ruan, Kun and Ba, these four families not only control the production of raw stones, but also have a hundred years of history on this side of Yunnan, with deep roots, each family keeps a private army, based on the deep relationship on this side, strong, unless it is someone they approve of, it is very difficult for ordinary people to get along with them to get along with."

Zhou Yun'er said; "The Ning family is involved with the Ruan family, it seems we have to be careful this time at the gambling festival, maybe they will be our biggest opponents."

Several people all nodded and finished their meals, then all left the restaurant, but Ye Han and Zhou Yun'er hadn't eaten much at all and were going to find some more food to fill their stomachs, so they let Liu Zhiming and the others drive home first, Tang Haibin thought it was Ye Han who wanted to go on a date with Zhou Yun'er, and after a heated smile he also followed Liu Zhiming.

Right now it was already six o'clock in the evening, the street was brightly lit, people were coming and going, many young men and women were shopping, it was the time when the nightlife started, Ye Han and Zhou Yun'er walked among them as if they were part of the dating team.

"Hey, were you jealous just now," walking on the street, Zhou Yun'er inclined her head and looked at Ye Han, her fluttering eyes seemed to hold a sweet smile. Ye Han laughed; "I don't like jealousy the most, it's too sour, it doesn't suit my taste at all."

When Zhou Yun'er heard this, she immediately gave a light hum, clearly not satisfied with this answer from Ye Han.

But Ye Han then laughed again; "But whoever makes me jealous, I guarantee to beat up even his own father, just now that Ning Feng was lucky to have two bodyguards to help him block the trouble."

Hearing Ye Han's words, Zhou Yun'er's face only turned better as she looked at him and said; "Count on you to talk."

After saying that, a jade hand naturally grabbed one of Ye Han's big hands, feeling the soft and boneless hand holding his own, Ye Han was stunned for a moment before he tightened his grip, the kind of relationship between the two, perhaps it was time to be sure.

After breaking the divide, Ye Han and Zhou Yun'er strolled around the street like a couple, leaving behind a burst of laughter that made people envious. It is said that women in love have a low IQ, and at the moment Zhou Yun'er is exactly like this. She who usually looks wise, decisive and calm is playing like a little girl at the moment, and when she sees anything she will pick it up and ask Ye Han if it looks good, if she looks pretty wearing it and other topics.

The first time he fell in love, he finally believed the saying that shopping with a woman is a kind of mental and physical torture, he didn't feel anything when he was shopping with his sister Ye Qing, but now he has experienced the feeling.

The two of them came to a barbecue stall in the process of shopping, and when they saw these barbecues, Ye Han's stomach immediately made a protesting sound, in fact, he was already hungry after shopping with Zhou Yun'er for so long. Zhou Yun'er was also a bit hungry, she heard the sound coming from Ye Han's stomach, covered her mouth with a smile and said; "Why are you still standing still, go and order something to eat, do you still want me to go and order it for you?"

Ye Han shrugged his shoulders and ran over to the big lady who was busy ordering a large pile of meat and some vegetarian dishes, these were all foods that could fill their stomachs, then the two of them sat down at an empty table, not many people came to this barbecue, together with Ye Han and their table there were only three tables of people.

On Ye Han's left was a sturdy young man who was naked. The young man was in his twenties, strong and strong-looking, with one foot on a stool, eating the barbecue while sipping a roast knife, that looked very enjoyable, as if to him, this barbecue was the most delicious thing on earth.

On Ye Han's right were a few well-dressed men, at the moment the food they had ordered had not yet been served and they were talking to each other about something, but listening to their conversation, Ye Han frowned slightly, the people at this table were actually Japanese.

Fortune Chapter 58

"What's wrong," seeing Ye Han's frowning face, Zhou Yun'er took his hand and asked.

Ye Han said; "Nothing, it's just a few Japanese people, they should be here for tourism."

The company's main business is to provide a wide range of products and services to the market. "

At these words, Ye Han said; “Surprisingly, even the Japanese consortium is involved, it seems that this year’s gambling festival will become exceptionally exciting.”

Zhou Yun’er rubbed her forehead and said; “It will indeed be exciting, our domestic Ning’s jewellery, Liu’s jewellery, other jewellers big and small, plus Japan’s Fujiwara Group, and I’m afraid Guo’s jewellery over in Xiangjiang will also send someone over to participate in this gambling festival, these family groups are giants in the jewellery industry, it’s not easy for us to fight for maximum benefits. It’s not easy to get the most out of it.”

Ye Han patted the back of Zhou Yun’er’s hand and said; “Don’t worry, I’ve got it.”

“If it wasn’t for Zhou Mingshan’s connections, her jewellery company would have been eaten up by the large domestic jewellers, so how could she compete with these giants with such strength?”

Seeing that Zhou Yun’er had little confidence in herself, Ye Han didn’t mind, he would surprise people in the end with his yin and yang eyes, Ye Han said; “By the way, Grandpa Zhou is considered a titanic figure in the gambling world, why is your Zhou family’s jewellery house not well known in China?”

In Ye Han’s opinion with the existence of Zhou Mingshan, the king of gambling stones in the south, the Zhou family’s jewellery house could definitely squeeze into the first-class domestic jewellery industry, but it was obvious that Zhou Yun’er’s jewellery house was only somewhat famous in Shanghai City.

When he heard Ye Han’s words, Zhou Yun’er laughed bitterly; “In fact, you don’t know, although my grandfather has the status of the southern gambling king, but he himself doesn’t care about this piece of jewellery house, his mind is all on carving, and he is determined to carve the best pieces in the world, and my father and his generation are not keen on this industry, so our Zhou family’s jewellery house was only established in my generation before it was established, and in terms of strength and prestige it was no match for the jewellery houses in China.”

“So that’s how it is.” Ye Han nodded secretly, then asked; “Right, is Ning’s jewellery very powerful in the country? From the tone of that Ning Feng’s voice, it seems that Ning’s jewellery holds a certain position in the country.”

Zhou Yun’er nodded and responded; “Ning’s jewellery was established by the northern gambling king, after three generations of the Ning family, it is already one of the giants of the domestic jewellery line, their strength cannot be ignored, with sales all over the country, as for Liu’s jewellery, they have been around longer than Ning’s jewellery and have a deeper heritage, but it is worth mentioning that they have been poorly run in the past few years, resulting in Liu’s Jewellery has been on a downward spiral for a few years now, and with a crisis in their capital chain, they are not as strong as they once were.”

While the two of them were talking, a large table of barbecue had been served, looking at the golden grilled chicken legs, Ye Han, who was already not full, immediately had a huge appetite and started to wipe out the food on the table, although Zhou Yun’er was also eating, but her eating appearance was much better than Ye Han’s wolfish gulping.

The girl liked to be quiet and elegant, but Ye Han, whose belly was hungry, didn’t care about that, in his opinion filling his stomach was the most important.

“Blah blah blah, what kind of food is this that a human being can eat? Fujiwara-kun, you keep praising the Chinese for their excellent barbecue, but, in my opinion this is pig food, only a pig would eat such food.”

Suddenly, just as Ye Han was gnawing on a chicken leg with relish, a voice that caused him particular egg on his face rang out from the table next to him, only pigs would eat this kind of food I fuck him, so now I’m eating this chicken leg, what does old me count as once he heard this, Ye Han instantly had little appetite.

“Oh, Inoshita-kun, that’s because you’re not used to Chinese food, if you don’t like it, let’s change to another place, I heard there’s a roasted whole lamb over here that tastes good.” Fujiwara Gofu said with a smile.

“Forget it, I’m not going to try the food of the Chinese, it’s all junk food eaten by a bunch of backward people, only the food of our Empire is the most delicious cuisine in this world.”

“Inoshita-kun is right, but Inoshita-kun is not used to Chinese food, I wonder if you have any interest in Chinese women”

I heard my grandfather say that he had comforted a lot of Chinese women when he set foot on this land, and he said that they were very tasty.

“Fuck you, motherfucker, Japanese, if you don’t eat, give me the check and get out, if you say one more word, I’ll smack you to death.” Before that Inoshita Saburo could finish his words, the stout youth behind Ye Han directly threw the chicken bone he had finished chewing over and smashed it in that Inoshita Saburo’s face.

“Baka, Chinaman pig, you drop are trying to find death.”

Inoshita Saburo was hit by the chicken leg thrown at him by the stout youth, and he was instantly fired up, with a scowl on his face.

“Fuck you little Japanese, how dare you push it.” With a slap on the table, the stout youth stood up and threw all the leftover food from his table towards Inoshimasaburo’s table, scaring both Inoshimasaburo and Fujiwara Gofu into a hasty flight, afraid that the greasy food would fall on them.

But while Inoshimasaburo and Fujiwara Gofu ran away in fear, there was still one cold-faced Japanese man who did not leave, and he manipulated the table with one hand and threw it, blocking the food thrown by the finely dressed youth.

“Baka, damned Chinaman, Koda-kun, teach him a hard lesson.”

When he heard these words from Saburo Inoue, the cold man called Kota-kun instantly ran towards the fine young man and also drew a katana from his waist, when the fine young man saw this, he did not know where he took out a Tang sword and immediately fought with that Kota-kun, their weapons clashed and it was a dazzling sight to see, the barbecue lady saw the two fighting and did not persuade them to stop, but scolded the little The Japanese.

Ye Han looked at them and then smiled at Zhou Yun’er; “Are you full? I need to move my arms and legs, my hands are too itchy lately and I can’t help but want to smack someone.”

Once Zhou Yun'er heard that, she nodded and didn't say anything more, just now Inoshita Saburo had verbally insulted the Chinese people and gloatingly brought up that past incident that made the Chinese people grieve, as long as a Chinese person wanted to teach him a lesson.

Ye Han stood up and walked towards Inoshita Saburo, who was standing not far away. When Inoshita Saburo saw an unhappy Ye Han walking towards him, he took two steps back; "Chinaman, what do you want?"

"Fuck you."

These two slaps were delivered with full force, and the two slaps were so hard that Sanjuro Inoshita was directly smacked, unable to find the north or the south, and was finally kicked by Ye Han and sent flying, lying on the ground and wailing.

"A bunch of despicable nationalities, still not honest when you are on our turf, aren't you damn well owed" Ye Han squeezed his wrist, when Fujiwara Gofu saw Inoshita Saburo being beaten, he said grimly; "This gentleman, you are hurting international friends, I am going to complain to your government, we need to apologise."

Upon hearing this, Ye Han kicked out directly; "You're no fucking good either, get lost"

Ye Han's face was indifferent, like this kind of people who talked about their own nationality as high and mighty, trampling on other nationalities at will and also insulting them, as long as a bloodthirsty Chinese would not be able to control his own hands and feet, and Ye Han was like that, he was a standard cynic, for that period of history, was the heart of every Chinese shame.

But just as Ye Han finished lecturing Fujiwara Gofu and Inoshita Saburo, a blinding slash came from behind him, and if this slash had materialised, Ye Han would definitely have had a death sentence.

Fortune Chapter 59

"Ye Han, be careful."

Zhou Yun'er cried out in alarm when she saw this blade chopping towards Ye Han's back.

When he felt the cold wind coming from behind him, Ye Han's body moved a step towards the right, avoiding this slash from Xiaotian, and when the slash missed, the momentum of the slash in Xiaotian's hand suddenly changed, from a vertical chop to a horizontal slash, like a stream of light attacking towards Ye Han's belly.

The dragon scale dagger collided with the katana and sparks flew everywhere, then with a clang, the katana broke off in Little Tian's hand.

Ye Han stood by the side and took a look at the stout youth, although this man did not cultivate internal energy, he had definitely gone through some special training and his body was more powerful than the average special forces soldier.

"Fucking little Japanese, how dare you spill your guts here, don't even look at whose turf this is, next time show your moves a little brighter." The stout young man looked at the two of them, who were helping each other to stand up, and smiled coldly. Fujiwara Gofu looked at Ye Han and the stout youth with a gloomy face; "You are breaking the law, I want to file a complaint with your government."

“Complaint, I’ll complain to your grandma, hurry up and get lost, one more word and I’ll slash you little Japanese to death.”

At these words, Fujiwara Gofu’s face sank, stopped Inoshita Saburo who was about to say something and said; “Young man, you will pay the price for this.”

After saying that, he pulled Sanjuro Inoshita away, Little Tian glanced at Ye Han and the stout young man, a terrifying cold light flashed in his eyes, and then similarly left.

Seeing the group of Japanese leave, the sturdy young man grinned and walked towards Ye Han, smiling broadly and said; “Brother, good sword, good fighter, my name is Kunsang, nice to meet you”

Ye Han arched his hand and smiled; “My name is Ye Han, Brother Kunsang’s skills are not bad either.”

“Alright, let’s not compliment each other, brother Ye Han, I know you like the back of my hand, why don’t we have a drink together and make friends.” Kun Sang looked at Ye Han and said sincerely. Ye Han laughed; “That’s exactly what I want to do.”

“Haha, good, brother Ye Han is really a quick-witted person.” Kun Sang laughed twice and then said to the aunt who was tidying the table; “Aunt Li, bake me some more dishes, I want to have a drink with brother Ye Han, the loss today is on my head Kun Sang.”

Auntie Li answered and said; “Brother Kunsang, you taught those Japanese people a good lesson, what kind of bastards are they talking about?”

After saying that, Auntie Li went to work, Ye Han and Kunsang looked at each other and smiled, then they sat down at a clean table, Kunsang looked at Zhou Yun’er and smiled; “Brother Ye Han, good fortune, you have found such a beautiful wife, are you here for a trip?”

Ye Han smiled and said; “I came here for a bit of business, but Tengchong has a nice scenery, it’s just that we are new to this place and are not familiar with it yet. Brother Kunsang knows where there is something interesting to do here”

Kunsang burst out laughing and said; “Ye Han, you’ve asked the right person, there is no place in Tengchong that I am not familiar with, let’s do it this way, tomorrow, tomorrow I will take you to visit our Wolverine Buddha Temple, this is a thousand year old temple here, there are high people living in it, people who come to visit us basically go to the Wolverine Buddha Temple to worship. ”

“Reclining Buddha Temple, from what Brother Kunsang said this should be a good place.” Ye Han smiled; “Then tomorrow we will go to this place to have a look, then we will trouble big brother Kunsang to be the guide.”

“Ye Han senior brother’s words, I like to make friends like you, like that group of little Japanese just now old man would hate to slash them to death.” Kunsang said fiercely, and then added; “However, senior brother Ye Han, you should be careful when you choose to come to Tengchong at this time, recently this side of Tengchong is a bit unsettled, many people from the three religions and nine streams have come here.”

Hearing this, Ye Han asked without moving his voice; “I wonder what Brother Kunsang is referring to... is Tengchong very chaotic now?”

The key is the people they bring with them, such as Ning's jewellery from the north of the country, these guys have hooked up with the Ruan family somehow, not only that, they have also united with the number one gang in Yunnan. Then there is Guo's jewellery from Xiangjiang, and they have also brought members of Xiangjiang's triad society, in addition to that, the strength of the little Japanese coming here should not be underestimated, I heard that they have brought many experts, as for the other small jewellers, they have also each brought their own men and horses, if these people once fight because of their interests, I am afraid that this side of Tengchong will only be in chaos for some time."

Hearing Kunsang say this, Ye Han and Zhou Yun'er's brows first frowned, it seemed that this time the gambling festival they still thought too simply, these giants of the jewellery industry were too well prepared, in comparison, Ye Han and the others could not take any advantage at all when comparing with these people.

Ye Han pondered and asked Kunsang; "Brother Kunsang, as far as I know, although there was a certain amount of illegal competition at the opening of the gambling festival in the past, it was not to this extent, although some chips were added to the last part of the festival this time, but for that little reward it should not be enough for these people to go to such great lengths, right"

Kunsang shook his head and said; "I didn't expect senior brother Ye Han to know so much about the Festival, but you're wrong to think that although 100 million dollars isn't much to these people, but that vein is something that makes everyone's eyes water, even the four great clans are very keen on it."

Hearing this, Zhou Yun'er said; "If this vein is a hit with everyone, why don't the four clans mine it themselves and offer it as a reward?"

"I'm sorry, I can't tell you the reason for this." Kunsang said; "But I can see that you are not simply here for tourism, you are also here for the Stone Gambling Festival, right?"

Ye Han smiled and said; "I'm not going to hide it from Brother Kunsang, we are indeed here for the Festival, but after hearing Brother Kunsang's words, it seems that the competition for this Festival is very strong."

"The competition is indeed strong, once it gets chaotic the four great clans can't even suppress it." Kunsang nodded approvingly, then he looked at Ye Han and asked; "I basically know some of the domestic jewellery houses, I don't know which domestic jewellery house you are from Ye Han, you look very familiar."

Zhou Yun'er said with a smile; "I won't hide it from big brother Kunsang, our Zhou's Jewelry has only started in China for two years, so naturally our popularity is not as good as those giants of the jewellery industry in China."

"So it is." Kunsang nodded, and not long after, Aunt Li had already grilled a large table of barbecue, and under Kunsang's hospitality, Ye Han drank two cases of beer with him in a row, and only dispersed at ten o'clock, but after the two of them had talked so much, Ye Han knew nothing other than Kunsang's surname.

Of course, the two of them had already made an appointment to visit the Wolverine Temple tomorrow, and for this reason, Ye Han even told Kunsang his address, and Kunsang immediately patted his chest and promised to pick Ye Han up tomorrow.

Fortune Chapter 60

The two of them had been ordered by the commander to protect Zhou Yun'er. At this juncture of impending turmoil in Tengchong, if something happened to Zhou Yun'er, the two of them might have to take off their uniforms and go home to farm.

"Miss Zhou, Brother Ye, you're back." Li Shan said with a smile as he spared his head and looked at the two of them.

Zhou Yun'er nodded and said; "You two go and rest, it's not too early now, by the way, get ready, we might go out for a stroll early tomorrow morning."

"Okay, Miss Zhou, Brother Ye you guys get some rest early too." After saying that, the two of them left.

After Li Shan and Xu Fei left, Ye Han suddenly put his arm around Zhou Yun'er's waist and said with a smile; "They have all gone to bed, do you think we should also rest?"

Hearing this, Zhou Yun'er blushed red and gave him a white look, opened Ye Han's salty hand on her waist in a flash and said; "What, you want to sleep with me?"

"Mm." Ye Han nodded honestly, this was what he really thought in his heart.

"Get lost, think nice, if you want to sleep with me, wait until you've taken care of your future father-in-law someday." Seeing Ye Han's hot eyes, Zhou Yun'er blushed and rejected him, but being gazed at by Ye Han, Zhou Yun'er's heart was pounding and pounding, she had actually thought about this when she was bored and longed for it, but when it really started, she still didn't have the courage to face it.

Looking at Zhou Yun'er's blushing face, Ye Han's heart itched, especially after seeing Zhou Yun'er's body, he wanted to get to know her better, but Zhou Yun'er wouldn't agree, so Ye Han could only hold back the evil fire in his heart and said; "Yun'er, is my future father-in-law difficult to handle? What kind of a person is he?"

Zhou Yun'er gave him a look and said with a smile; "You'll know when you meet him, but first, let me give you a warning, be careful of getting beaten up when you meet him."

Shit! Beaten up? Ye Han's head was spinning a bit, meeting his father-in-law would get him beaten up? What the hell was this? But although he didn't know the specifics, Ye Han also heard from Zhou Yun'er's mouth that this future father-in-law of his seemed to be difficult to handle and was a guy who liked to beat people up.

"Alright, I'll go to bed first, you too get an early rest, let's go for a good stroll tomorrow." After saying that, Zhou Yun'er took the initiative to give Ye Han a kiss on his face, then ran upstairs with a red face. Ye Han touched the place where Zhou Yun'er had just kissed him, and then he grinned, this should be the fucking taste of love! What a treat!

Ye Han then arrived at the door of his room and was about to open the door to go in, but there was a faint sound coming from the room next to his, it was Young Tang's room, Ye Han was a bit strange and went over to knock on Young Tang's door, but the sound was even lower and the panting was heavier, listen carefully, there was a woman's voice coming from it.

Ye Han sweated in his heart, he felt that Mr. Tang was doing his business inside, no wonder the sound was so loud, but Ye Han was a bit strange, this guy just came to Tengchong, where did he find a woman? Ye Han did not have the habit of eavesdropping and was ready to leave, but as he listened he felt something strange, the woman's voice seemed to be a bit off, as if it was played through the stereo.

When he thought about it, Ye Han was a bit curious, what the hell was this guy doing in there?

Immediately, Ye Han opened his Yin Yang Dharma Eyes and looked inside towards the room of Tang Da Shao, but this look almost made Ye Han vomit out what he had just eaten.

"Oh yeah"

Shit, this bastard Tang Da Shao was watching an island art film on his computer!

Ye Han was too lazy to watch it again, lest he see the end and then see the scene where Tang Da Shao rubbed his gun, he was afraid he would really throw up.

After returning to the room, Ye Han took a shower and lay on the bed thinking about the gambling festival. With their current strength, they would undoubtedly have no chance of winning against the jewellery industry giants who came here, unless they looked for outside help, but on this side of Tengchong now, anyone who attended the festival was a rival, and there was no way to unite with others.

Thinking about it, Ye Han felt a headache, this should have been Zhou Yun'er's concern, but now that he had picked up someone else, he had to contribute anyway, and Ye Han had not forgotten what he had promised Zhou Mingshan, to make a name for himself at the Festival.

The next morning Ye Han was woken up by Zhou Yun'er's knock on the door. Originally sleepy, Ye Han opened the door and looked at Zhou Yun'er who was standing in front of him with a new look, a wicked smile appeared in his eyes and he directly pulled Zhou Yun'er inside and then closed the door.

"Ah! What are you doing?" Zhou Yun'er cried out in shock, but the next moment her small mouth was blocked by Ye Han, the two lips facing each other as Ye Han dominantly pried open Zhou Yun'er's shell teeth.

The two kissed as if they had entered the realm of forgetfulness, both were quite into it, but at that moment, Zhou Yun'er felt something against her, that intense heat coming from her, Zhou Yun'er who had just been engrossed in it pushed Ye Han away with one hand.

"Ah, Ye Han you bastard, why aren't you wearing any trousers?"

Ye Han looked at Zhou Yun'er who was a bit frightened and fled, but this made Ye Han suffer, how could he put out such a big fire that was stirred up early in the morning?

He had no choice but to go to the bathroom to cool down the second master!

Ten minutes later, Ye Han came down from upstairs, but in the living room, apart from the people who originally lived here, there was also an extra person. When he saw Ye Han coming down, Kun Sang immediately stood up and said with a bright smile; "Ye Han, you're up a bit late, if it wasn't for my sister-in-law calling you just now, I would have kicked in your door."

Ye Han glanced at Zhou Yun'er, who was still slightly red in the face, and then said embarrassedly; "Big brother Kunsang, I've kept you waiting."

At this time, Tang Da Shao came over and patted Ye Han's shoulder and said; "Han Zi, I should have known that I would have gone with sister Yun'er last night, just now I heard from elder brother Kunsang that the two of you taught a few Japanese a lesson together last night, how could I be missing out on such a good thing?"
